## Eagles Crack Wall, But Wall Prevails

by Ed Wandling

The Eagles came away empty-handed in their quest for a victory over the Wall Hawks last Friday night. The final score was 31-12, but the score did not accurately reflect how closely the game was contested until half way through the fourth quarter when Wall began to pull away.

The Eagles received the opening kickoff returning it to the fifty-yard line but eventually were forced to punt. Punting proved to be an Eagle highlight as McGinnes consistently punted well. The punt was downed on the Hawk 11. Wall

was held and attempted to punt, but the Eagles blocked and covered the punt for an Eagle Touchdown - the first time Wall had been scored on in the first half this year. The point after attempt failed as the Hawks blocked the kick.

On the following kickoff the Hawks moved the ball from the Hawk 36 to score in less than three minutes. The point after attempt failed leaving the score at 6-6.

Eldorado returned the Hawks kick to the Eagle 44. After being stopped in their drive the Eagles attempted a

fake punt that included a pass play. The attempt failed though when the pass was incomplete.

Wall took possession of the ball on their own 39 and again scored. However, the Eagle defense stood their ground and stopped an attempted two-point conversion. The Hawks were ahead 12 - 6.

On the following Kick-Off the Eagles took possession of the ball on their own 29-yard line and moved it to the Eagle 41 where they were forced to punt. The Hawks returned the ball to their 17 where the offense turned the ball over. Eldorado took possession of the ball on the Hawk 8 and two plays later scored. The point after attempt failed with 4:18 remaining in the first half - score 12 - 12.

When the Hawks got possession of the ball after the kickoff, they quickly scored with a 62-yard touchdown run, but again the PAT failed.

The Eagles took possession of the ball on their own 33 and moved the ball to their 45-yard line where they turned it over on an intercepted pitch-out. The Hawks moved the ball from the Eagle 45 to the 2-yard line where they were stopped from scoring as time ran out and the Eagle defense stood their ground. The half time score was Hawks 18, Eagles 12.

The third quarter was scoreless. The Hawks opening drive began from the Hawk 6 with a completed pass to their own 46 - the completion was controversial as it appeared the receiver never had control of the ball. However, the drive was stopped when Eldorado intercepted a pass on their own 40. When the Eagle offense took the field the Hawk defense stiffened forcing the Eagles into a 3rd & 21 situation. On third down the Eagles attempted a pass which was intercepted by the Hawks on their own 24-yard line. The Eagle defense

answered by holding the Hawks and forcing them to punt. The ball was downed on Eagle 47. The Eagles then moved the ball to the Hawk 27 where they were held on a fourth and three attempt.

Later in the fourth quarter Wall began a drive from their own 45 and was helped along by yet another controversial pass reception that appeared to be trapped against the ground. On a fourth and short yardage attempt from the Eldorado 15 yard line, the Eldorado almost held Wall as they gained their first down by mere inches. Wall eventually scored on the drive making the score 24-12 with 4:37 left in the game. Again the point after attempt failed. When the Eagles took possession of the ball on their own 20, they were dropped for a fifteen-yard loss. On 2nd and 25 the Hawks intercepted a pass and returned it for their final score. With the only successful PAT of the game the final score was Wall 31, Eldorado 12.

While everyone in Eldorado would have preferred the Eagles to win Friday night, the Eagles still have nothing to hang their heads about. They scored twelve points against a defense that had given up only 18 points all season. With Wall being ranked fourth in the state, the Eagles proved they could challenge any 2-A team in the state. We're proud of our Eagles!

## "Autumn On Old Main Street" Deemed Successful

submitted by the Chamber  
Pride Committee

"Autumn On Old Main Street" was a true fall festival with over 500 people attending and participating in the fun, food and fellowship.

A Parade opened the festivities with music, sirens, balloons, fire trucks, golf carts, a children's train and a caged gorilla float (by Leon Stricklan) that won the \$25.00 cash prize.

With over 50 booths and displays, there was something for everyone, including paintings, Indian

artifacts, 100% mohair Oriental rugs, arrowhead making, leather tooling, horseshoeing, needlework, jewelry, clothing, crafts and Christmas decorations. There was no shortage of culinary skills with homemade sweet rolls, cakes, pies, sack lunches, Tater Twists, popcorn, Lemon Chill, cokes and more.

Decorations of scarecrows, pumpkins, hay bales and corn stalks transformed the entire town into an Autumn Harvest. We're

### TOP OF THE DIVIDE

by Thomas Giovannitti

Careening through the night sky, lightning flashing, the plane rocking side to side, and a mighty dip or rise in elevation every so often (just to make me realize how fragile that little commuter plane really is against the hostile elements), I gripped the arm rests tightly, silently praying that the pilot had learned how to fly . . . in bad weather . . . at night. Well, he had, I guess, because we did land safely at San Angelo.

The flight from Dallas to San Angelo, starting at eleven Sunday night, was one of the more exciting plane rides I've taken and, I dare say, more exciting than any of the passengers had ever taken either. I have no great faith in those little commuter planes, although they do not necessarily have any worse safety records than the large planes. The jets just give me a little more confidence whereas those thirty two seater turbo™ props just don't instill confidence.

I wonder about the crews also. If the pilot is so good, why isn't he flying the big jets making the big bucks? The stewardess on these local flights seems a little less enthusiastic about serving drinks and handing out pretzels. Is this as high as the crew aspired to fly? Or does your class ranking in flight training determine what size plane and how remote a market you'll have to serve?

Sunday night's return flight to Mathis Field was right out of some "Bogart Movie." As we hurtled through the ink black sky, flashes of lightning would reveal the rain drops on the portholes. We were bounced and tossed and pushed from side

to side. The plane yawed and felt as if it was flying almost sideways at times. A few passengers lost their lunches and dinners, and others merely looked straight ahead. They say there are no atheists in fox holes and there may not be any in small aircraft flying in thunderstorms, either. I am just glad that I had specifically asked for seats not in the rear of the plane. The rear seats always feel the turbulence more. I know that may not make sense since the plane is merely one flying tube stuffed with thirty-something people.

As I looked toward the front of the cabin I could see heads bobbing, a few passengers trying to pretend to read and the stewardess bravely trying to serve beverages of our choice. She didn't get past row three before the pilot called her on their intercom, and out of our hearing, and told her to put up the drink cart and strap herself into her seat. Although I could not hear exactly what he told her, and she did not repeat it, she sat down and strapped herself in her seat. Stewardess do not strap themselves in except for the moment of take off and the moment of landing. Mere turbulence does not keep them from handing out those bags of peanuts or pretzels and serving me my beverage of choice. Anyway, looking toward the front of the pane it looked like a scene out of some forties movie. The only thing missing was that none of the men had fedoras and none of the women had their hair in pompadours.

Maxine slept through most of the flight. How, I do not know!

To tell the truth I was mighty relieved when we finally deplaned after midnight in San Angelo but I was a little disappointed that I didn't get to see Ingrid coming out of the fog!

## "Autumn On Old Main Street"

Continued from Page 1

grateful to all merchants and homes creativity in these decorations.

Music was everywhere from the Eldorado High school Band to our local Stone Creek band, a free stage featuring Wendy Dunagan, Scottie Killam, Rick Y Leon Stricklan, Clive Johnson and others.

A dream was fulfilled with the dedication of an Official Texas Historical Marker for the 1907 First National Bank Building. The first "Day on Old Main Street," three years ago, was to recognize the treasure of old structures on Main Street and the importance of historical restoration and preservation. Eldorado celebrates its Centennial in 1995 and it is the

goal of the Chamber Pride committee and the Historical Restoration Committee to "renew" as many of these old buildings as possible by that time.

"Autumn on Old Main Street" would not have been successful without the efforts of Eldorado's wonderful citizens. The Chamber Pride Committee would like to thank everyone who had a part in making this special day possible, including: Schleicher County Chamber of Commerce, Ronnie Sauer, Sherry Lux, David Lloyd, Bill Sudduth and the FFA, Eldorado Feed Store, City of Eldorado, Pave Paws, The Wild Bunch from Sonora, Eldorado Volunteer Fire Department, Sheriff's Department, Bill Dakan, Holly Brame, Ross

### J.V. Mounts Winning Season

by Ed Wandling

The Junior Varsity is quietly putting together a winning season with a four & two record. Following a 26-0 win over Rankin, the Eldorado JV ran into some difficulty with a tough Wall opponent, losing 14 - 7. Eldorado's only score came on a five yard run by J. B. Barker. Shy Lowe Middleton followed with a successful kick for the point after. All 14 of the Hawks points were scored in the first half. Eldorado played a super second half. Late in the game the Eagles were driving for a score that would have given them the chance to tie or win the game, however a fumble ended the drive close to the goal line. The JV's next game is in Stanton on Thursday, October 21 at 6:30.

## SCCSC Board Seeks Input

submitted by Ilse Williams

Necessity was the mother of invention for the Schleicher County Community Services Council, which seeks to secure private grant money for community projects as an alternative to an ever-increasing local tax burden. The council is a cooperative effort by County, City, Hospital, School, and Water District officials, as well as other concerned members of the community.

SCCSC, with support from the community, wants to develop ideas and attract outside funding for community related projects. Such projects may include, but are not limited to, services or facilities for: the Community Resource Center, the school, the hospital, the city, the county, emergency services, local economic development, and cultural activities.

The group is now beginning an active drive to gather ideas for worthwhile projects. Anyone may offer

ideas to the group for projects that would benefit the community. (Submit to Lorain Hamilton at the Courthouse.) From the suggestions submitted, the SCCSC Board of Directors will then select the projects the group will write grant proposals for. Current Board Directors are Johnny Griffin, Scott Barton, Jim Blum, Cindy Cawley, John Nikolauk, Hawley Wolfe, and Lorain Hamilton.

In the next few days, you, the citizens of Schleicher County, should be receiving a questionnaire which asks about community preferences for various projects. Please take the time to fill out and return these papers, so SCCSC has a clearer idea which projects might be most welcome to you. With your active, solid support, this new effort of creative financing should become another Schleicher County success story.

## Child Protective Services Board Formed

submitted by Shari Wink

Schleicher County has recently joined other small communities across Texas in activating a county Child Protective Services Board. Uniting together to provide assistance to children and to increase public awareness about the presence of child abuse within small communities is a common cause shared by members of local boards.

According to a recent survey, child abuse in Texas has doubled from 1981 to 1991. With this thought in mind, we ask you to please support your local board. We sincerely care about children and their rights.

Remember, it shouldn't hurt to be a child!

The members of the Schleicher County Child Protective Services Board are as follows: Glen Nix - President,

Ed Wandling - Vice-President, Becky Lux - Co-Secretary/Treasurer, Lorraine Hamilton - Co-Secretary/Treasurer, Sylvia Belman - Regional Officer, Sharilyn Wink - Regional Officer, Maureen Hodges - Member, Diego Gonzales - Member, Luz Valero - Member, Johnny Griffin - Member, Javan Vosburg - Member CPS Supervisor, Phylliss Valez - Member CPS Caseworker, Marla Robinson - Member CPS Administrative Coordinator

Please feel free to direct any concerns or questions to the board. You may make inquiries through the Community Resource Center at 853-2574.

The board will have an open meeting on the 3rd Monday of each month at 4:00 p.m. at the Community Resource Center.

## ATTENTION!!!

There will be NO COMMODITIES for the month of October until further notice. The dates for the next distribution of commodities will be posted and printed in The Eldorado Success.

## BSP Fall Festival

submitted by Linda Lindsey

The Eldorado Fall Festival is set for this Saturday, October 23rd, from 5-8 p.m. at the Ag Barn. This event, sponsored by Beta Sigma Phi Sorority, will benefit the Eldorado Emergency Medical Service.

We have a great time planned for all with carnival booths and games, food, a silent auction, and lots and lots of door prizes. These prizes include compact discs, cassettes, bean bag chairs, numerous gift certificates to area restaurants, puzzles, baseball caps, T-shirts, dolls, etc. **YOU MUST BE PRESENT TO WIN THE DOOR PRIZES.** Admission to the festival grounds is free, and entitles you to one chance to win these door prizes, which were donated by merchants in Eldorado, San Angelo and Sonora. Booths will be manned by many different organizations in town, including Beta Sigma Phi.

We will also be selling raffle tickets for our Deer Rifle Raffle to be held on November 5th.

Come have a great time this Saturday and help BSP support the Emergency Medical Service.

Beta Sigma Phi would like to take this opportunity to thank the citizens of Eldorado for your support in the past, and encourage you to continue to support our events in the future. Beta Sigma Phi is a nonprofit community organization, and all moneys raised at our events are returned to the community.

We are proud of our activities, which have included, "Adopt a Highway," the Academic Excellence Fund donations, children's games at Schleicher County Days, and financially helping numerous families hit with serious illnesses and disasters.

With your support, we will be able to continue to help Eldorado in the future!

## Community-Wide Thanksgiving Service Planned

submitted by Hawley Wolfe

The annual community-wide Thanksgiving Service, sponsored by the Eldorado Ministerial Alliance, is coming up soon on Sunday, November 21, 1993, at 7:00 p.m. in the Memorial Building. This Thanksgiving service is a colorful and inspiring time in the life of our community as we join together to praise God, "from Whom all blessings flow."

A massed inter-church choir, open to everyone, will sing, and handbells, brass, and contemporary Christian folk music with guitars will round out the musical portion of the service. Representatives of different civic groups will lead us in a litany of Thanksgiving, for the blessings we share in our life together her in our community.

An offering in two kinds will be taken: an offering of canned goods (which will be distributed to the needy through the Community Resource Center and Our Lady of Guadalupe Catholic Church); and a cash offering for the help of stranded travelers and those

needing help in our town. Together we can do so much to help!

There have been many demands on our Ministerial Alliance fund in the last several months: lost jobs and hard times have forced many to seek help for the first time in their lives. You may give by making a deposit directly into the account of the Eldorado ministerial Alliance at the First National Bank of Eldorado. Or, you may also give your check or gift to your minister, or you may mail it to: Eldorado Ministerial Alliance, c/o D. Lipsett, P.O. Box 271, Eldorado, TX 76936.
