

# THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXII

Eldorado, Schleicher County, Texas. Friday, January 15, 1932.

No. 3

## Theodore Roosevelt Named Filipino Governor

President Hoover has named Theodore Roosevelt as Governor General of the Philippines.

The Texas friends of Dr. Butte were hoping that Dr. Butte would succeed Davis. He was acting Governor while Davis was in America, but Theodore Roosevelt, son of President Roosevelt, has been named by Hoover to fill the place.

## MRS. W. D. GREGORY IS BRIDGE HOSTESS

Mrs. W. D. Gregory was hostess to the Eldorado Bridge Club, Thursday, January 7, at her home in Glendale Addition.

Several games of contract bridge was played and prizes were awarded Mrs. M. H. Crabb high club, and Mrs. R. T. Crain high guest. Delicious refreshments were served to the following: Mesdames M. H. Crabb, Ben Hext, Van McCormick, L. T. Barber, Lewis Ballew, H. T. Finley, J. C. Crosby, Luke Thompson, J. W. Lawhon, Tom Henderson, all club members, and guests were Mrs. R. T. Crain and Miss Francis Crain.

## ELDORADO HAS NEW BEAUTY SHOPPE

A new beauty shoppe has been opened at the Garnett Hotel and is operated by Miss Madeline Sewell. She is prepared to do all work of this kind and solicits your patronage.

## CARD OF THANKS

We wish to express our appreciation and gratitude to those who helped us so much and gave such beautiful floral offerings during our dear father and husbands sickness and death.

Mrs. Brice Dabney  
and Cleone Dabney

## NOTICE

Ladies of the Christian Church will serve cake, coffee, pie and milk in Keele building, near Post Office, each Saturday, beginning this week.

## Break With Japan Presents Program Of China's Head

(Dallas News)  
SHANGHAI, China, Jan. 11.—The Chinese Government Monday night completed its program for severance of diplomatic relations with Japan and a possible appeal to the United States and other powers for action against Japan under the nine-power Pacific treaty.

Shortly after the arrival of Foreign Minister Eugene Chen from Nanking, a Government spokesman outlined the program as follows:

1. A formal resignation by Chen, who will declare that the policies he formulated have not been put into effect. The resignation will be rejected.

2. Relations with Japan will be severed, leaving Chinese affairs in the hands of the German and American Embassies at Tokio.

3. The Government will concentrate on consolidating its strength in China proper.

4. The Government expects United States Secretary of State Henry L. Stimson to call a conference of the signatories of the nine-power treaty to deal with the Manchurian situation.

## TEXAS LARGEST BUFFALO HERD WITHOUT A HOME

The 200 head of Buffalo that have been sheltered on the Good night ranch, are left without a home. The old Goodnight ranch was sold at auction last week and the herd of buffalo are left to the mercy of Texas.

Just what will become of the herd has not yet been determined but are being offered to ransmen who will give them a home.

## JIM WILLOUGHBY SHIPS SHEEP TO BRADY

J. O. Willoughby shipped about 5 car load of sheep to the Willoughby ranch at Brady, Monday.

Ovid Wade was a business visitor in the city Tuesday.

## Diphtheria Toxoid To Be Given Again Wednesday, Jan. 20

On Wednesday afternoon, January 20th, after 2:30 o'clock, at the school building the Diphtheria Toxoid will be given to any one who has not had the chance thus far. Also a check test will be given for those who took the toxoid last September.

## Nolan - Kiser

A. L. Nolan and Miss Marie Kiser were married in San Angelo Monday by J. E. Long, Justice of the Peace. They secured their marriage license here and then motored to San Angelo to have the matrimonial knot tied. The Success joins the many friends in wishing them a long and prosperous wedded life.

## Marion Milton Owens

A gloom of sadness fell over Eldorado Monday when the news of the death of Marion Milton Owens was spread about.

Milton was born March 29, 1929, was a son of Mr. and Mrs. Marion Owens, and grandson of Mr. and Mrs. Pete Owens, old time settlers of Eldorado, and who reside on a farm four and one-half miles southwest of town. Little Milton was only sick a few hours dying from membranous croup and diphtheria. The funeral service was held at the Church of Christ where the family has worshipped for years. The Elder F. R. Keele conducting the service, with Johnson's Funeral Home directing.

Milton is survived by a baby sister, Rosa Mae; his parents and grand parents. The little form was laid to rest in the Eldorado Cemetery where his great-grand-parents lie to await the will of the heavenly father.

## SPECIAL CHURCH NOTICE

**First Christian Church**  
The Christian Church is moving its place of worship from the Theatre, to the Court House Auditorium, and will meet there next Sunday.

Bible School at 10:00 a. m.  
Morning Worship at 11 a. m.  
Christian Endeavor 6:30 p. m.  
Evening Service 7:15 p. m.  
A cordial welcome to all is extended to attend each and all of these services.

Sol Kelley, who has had a lot of sheep on feed at the J. H. Booth farm, shipped them out Saturday. They numbered about 2,500 head.

## Building In Texas Bright During 1932

DALLAS, Jan. 13.—The brightest streak showing on the Texas business horizon just now is the fact that public and private construction projects already planned for 1932 will amount to approximately \$70,000,000.

Of that amount, funds for most of the projects already either available, contracts awarded, or plans are being drawn and financing is practically accomplished. The survey touches most of the larger cities of the state.

Public and private building projects already in definite form will total from \$8,000,000 to \$11,000,000 at Houston; probably \$10,000,000 at Fort Worth, \$7,500,000 at Dallas, \$7,000,000 at San Antonio, \$4,000,000 at Austin, \$750,000 at Beaumont, \$500,000 at Galveston, and in Panhandle-Plains communities, approximately \$6,000,000. In addition to these the state highway department contemplates the expenditure of about \$32,000,000 on highway projects in 1932.

## PRESBYTERIAN CHURCH SERVICES

Sunday morning at 11 o'clock Dr. Gray will preach on the subject: "Casting Away Bread."

At the evening service the subject will be: "Thrills in Christianity."

The Sunday morning Bible School at 10.

Young Peoples Endeavor at 6:00 P. M.

## "OVER THE HILL"

## ONE FILM EVERY PERSON SHOULD SEE

Persistent rumors filtering in from Hollywood prepared us somewhat for "Over The Hill," Fox special, which will be at the Ritz Theatre soon. But no rumor could possibly have prepared us for the stupendous human greatness that has been captured for the screen.

"Over The Hill" is, beyond doubt, far and away the finest human drama since the advent of talkies.

A complete modernized version of a classic of American poetry, it runs like music across the heartstrings. A cross-section of a growing family, it is overflowing with the full flavor of life—drama, comedy and pathos in a perfect harmony of the human heart.

James Dunn and Sally Eilers, who, we had thought, hit the top in "Bad Girl," give a performance as the young lovers in this picture that will stand as a goal for a long time to come. Dunn has something close to genius in his ability to make us feel what a young man is up against in life today. And Miss Eilers is a team-mate worthy of him in every respect.

Perhaps most astounding of all, however, is the unbelievable performance given by Mae Marsh. Returning to the screen, which she left twelve years ago for motherhood, Miss Marsh opens the true depths of a mother's heart for all to see. She lives the throbbing heart of motherhood on the screen.

Henry King, one of the great directors of the screen, has given us a perfect blend of the comedy of his "Twenty-Three and a Half Hours' Leave" and the pathos of his "Stella Dallas." Especially deserving of credit also James Kirkwood, Olin Howland, Claire Maynard, Edward Crandall, Eula Guy, Joan Peers and William Pawley.

"Over The Hill" is a picture for everyone, a picture of your own heart and family—a picture that will be stored in memory for years to come.

## W. R. Nicks No. 1 Resumes Drilling Monday

J. D. Wesner No. 1 W. R. Nicks, resumed drilling Monday night at 5,440 feet, in sand formation. This well had only drilled about 40 feet since Christmas, have been having engine trouble. As we go to press they are still in sand formation.

Total depth Thursday is about 4,480 feet.

## Oil News

The Stanolind Oil Co. No. 1 W. H. Williams has cleaned out to 6,430 feet, which is still 365 feet off of bottom. Just when they will be making new hole is not known, but should be soon.

## HOT BEDS FOR EARLY GARDENS

COLLEGE STATION, Tex., Jan. 11.—The rapid increase in number of year 'round gardens on Texas farms the last few years has been made possible by hot beds which permit a small supply of winter vegetables and very early spring gardens, according to J. F. Rosborough, horticulturist in the Extension Service of Texas A. and M. College and the United States Department of Agriculture. Practically every home demonstration agent in the state has a few "year 'round garden demonstrations" which have served as examples of what can be accomplished in this line, and which have invariably included hot beds.

These hot beds usually consist of a shallow layer of earth enclosed in a low glass-covered frame heated by fermenting manure placed 18 inches deep directly under a 2-to-4-inch top soil layer. A properly managed hot bed of 6 x 12 foot size is large enough for an average farm garden. Mr. Rosborough says. By starting slow-maturing plants, such as tomatoes, cabbage, pepper, and lettuce, in these shelters while the weather is still cold, and transplanting into the garden when warm weather comes, 30 to 50 days may be added to the bearing season.

The hot bed should be located in a sheltered place, he says, preferably on the south side of some building, and the soil removed from the pit piled up about the wooden frame. Pieces of 2 x 2 or 2 x 4, three feet long, should be used as braces onto which is nailed shiplap or other lumber to give a tight wall for the frame. The wall is made 18 inches high on the north and 12 inches on the south, and all walls lined with building paper or newspapers. The sash coverings are made in 6 x 3 foot sizes with glass, cellophane or muslin cloth used for coverings, and fitted snugly into the frame to prevent air leaks.

Fresh horse manure with one-third straw is recommended for heating, and it should be made to heat in piles before placing in the pit where it is thoroughly tramped down as a foundation for a thin layer of equal parts of well rotted manure and loam soil for a seed bed. Seed may be planted broadcast or in rows. Watering should be done mornings and a temperature of 60 to 70 degree F. maintained by raising or lowering the sashes. A small amount of ventilation is always needed except on very cold or very windy days. In extremely cold weather a protective layer of straw should be placed at night on top of the sashes.

## METHODIST CHURCH SERVICE

Sunday School at 10:00 a. m.  
A. J. Atkins, Supt.  
No preaching Sunday morning as pastor will be at Rudd.  
Service Sunday night at 7:15  
Study of Revelation Tuesday night at 8:00, Rev. F. G. Clark, leading.  
Singing Wednesday night at 8:00 o'clock.  
Everyone invited to attend any are all of these services.

## Fat Stock Show At San Angelo, Feb. 29

SAN ANGELO, Texas, Jan. 13.—The scope of the San Angelo Fat Stock Show, which will be held at the San Angelo fairgrounds February 29th-March 1 and 2, was considerably widened with the announcement of the executive committee last Saturday that a Hereford Show and Sale will be held at the same time, and also that premiums will be offered to Vocational Agriculture students in livestock judging. The prizes offered the student judging teams are \$15, \$10 and \$5. A total of \$3,285 will be awarded in premiums at the show which was already attracted exhibitors from 20 West Texas counties. Applications to exhibit have been received from 321 boys and 16 girls, who will show 324 calves, 635 lambs, 151 pigs, 24 goats, and 39 registered breeding sheep.

The closing date for entries in the boys and girls classes of the Show is February 21st. Judging in these classes will be done on the first day and the auction sale will follow on the second day. The closing date for entries in the Hereford Show and Sale is January 25th. The Hereford auction will be held on the third day of the show.

J. C. Dykes of A. & M. College will be superintendent of the judging contest, while Wallace Dameron of the Ranch Experiment Station and Sterling Evans of A. & M. will judge the team.

Committees for the various departments were announced by the executive committee as follows: D. T. Jones, superintendent of registered breeding classes of Sheep and Goats; W. I. Marshall, superintendent of baby heaves and fat lambs; E. E. Young, superintendent of pigs; John P. Lee, superintendent of Hereford show and sales.

The grounds committee is composed of T. R. Logan, D. T. Jones, John P. Lee, and W. I. Marshall. A committee to contact hotels, railroads, packers and other prospective buyers throughout the State is an effort to insure top prices for the fat livestock is composed of Culberson Deal, J. W. Johnson, Jr., John P. Lee, and C. A. Broomer.

Catalogs for the Fat Stock Show and for the Hereford Show and Sale will be available the latter part of January and anyone desiring premium lists, entry blanks or any information regarding the show may secure same by writing J. Culberson Deal, Box 318, San Angelo.

## Lecture Crowds Increasing

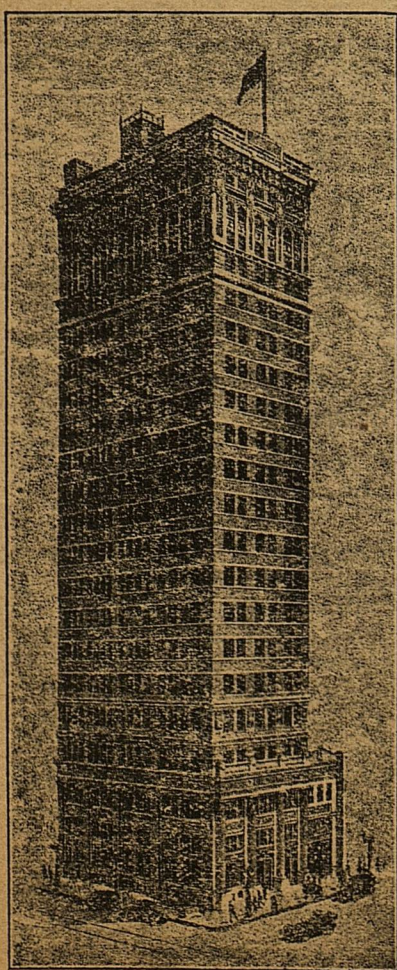

The second lesson on Revelation by Rev. F. G. Clark was held at the Methodist Church last Tuesday night with an increased crowd and much interest. The Book of Revelation is the past, present and the future revealed a very interesting book for Christian people to study. The Rev. Clark is one of the best and deepest thinkers we have had the pleasure to listen too. After his hour of study, he opens the meeting to any one who might want to ask questions or express their personal views.

The lessons for next Tuesday night is the 4th and 5th chapter.

The hour for beginning the lecture is 8 o'clock, and every one is invited to come to this study.

## FOR DISTRICT AND COUNTY CLERK

W. N. Ramsay announces in this issue of The Success as a candidate for District and County Clerk, subject to the action of the Democratic Primary in July. Mr. Ramsay is well known to most of the people of this county as he has lived here for many years and served as postmaster for 8 years in our midst and now operates the Texico Station in our midst. He is qualified to fill the office if elected, and earnestly solicits the vote and influence of all.

Home Office Building  
Waco, Texas.

## Life Insurance A Good Asset

The year 1931 has taught a great many persons a lot of new ideas, and among others, that some of the old ones were "not so good."

One important thing that 1931 demonstrated is that the guaranteed values in Life Insurance policies are not affected by economic irregularities.

In the hands of beneficiaries, these contracts are a guaranty of perfect protection. In the hands of the assured, they have a property value worth at all times, and in all circumstances, just exactly one hundred cents on every dollar of the guaranteed values, and they remain secure, non-fluctuating, and definite, unaffected and unimpaired by business conditions.

To be fully prepared for the future, never allow a Life Insurance policy to lapse. Lapsation may not only defeat an excellent plan, but it is dangerous, expensive, and destructive.

Leslie L. Baker  
Representative

Amicable Life Insurance Company

WACO, TEXAS.

### The Eldorado Success

A. T. Wright Editor  
 Agnes Wright Associate Editor  
 Subscription, per year \$1.50  
 We appreciate any item of news you might know. Call 77 and we will do the broadcasting.

JANUARY 15, 1932

Eldorado was treated to a little winter weather Monday, but up-to-date this winter has been a tame affair.

If the people of the United States would get up at Sunrise and go to bed at Sundown, enough money could be saved in 12 months to pay off all our debts.

George Washington will be 200 years old the 22nd of February 1932. A good deal of preparation is being planned for the celebration of his birthday. In George's place it is a man living beyond death. The good book teaches that our good works will follow us and do good even after we have parted this life.

The Editor and wife and daughter, Beatrice, went to Brady Saturday to visit A. D. Wright and wife and eat a birth day dinner with A. D.

Albert still swears he is younger than the editor, but looks like he might be our father, but Albert has resided at Brady some 32 years and that might account for his aged appearance. Of course Harry Schwinker will not agree, but he has never acknowledged that the San Saba women can make better pecan pies than the Brady women, but if he had been present Saturday he would have had to acknowledge that Albert looked several years older, and through that admission admit that Eldorado would preserve and maintain youth better than Brady.

Several good and worthy men have been mentioned as presidential timber for the Democratic party. Among them are Melvin Traylor, John Garner, Gebb McAdoo and Bill Murray.

Either of the four men could

### CARD OF THANKS

be elected if nominated, but all that were mentioned at the Democratic convention the other day were Cox, Roosevelt, Ritchey and Baker. Just why they did not mention those that had a chance to win, we do not know, unless it is because the Republican chairman of the Democratic party thought the first mentioned men were too dry for use.

The Jap Government is entitled to one good credit, and that is the severity of punishment given the three soldiers that beat up the American representative, Chamberlain, not only the three but the offices of the regiment to which they belong was given punishment.

Since he began mixing limestone flour in his lamb rations two years ago Craig M. Logan of Valley Mills, Bosque county, has had no lambs "cut out" at market. Two shipments last fall topped the market, the county agent reports.

Dear friends and neighbors words cannot express our thanks and gratitude to you for the many kind deeds that were so lovingly rendered and words of sympathy spoken at the death of our little darling Milton. Each little kind deed will have its place in our hearts and if such sorrow should come your way we pray that we may be as much help to you as you have been to us.

May God bless each of you in our prayer.

#### SELF MASTERY

The clear thinking right intentioned person, desiring to make the most out of life, begins with one dimension plan. 1st. He plans to do good work. 2nd. He desires to accomplish a greater quantity of work. 3rd. He desires his work to become of an ever enriching quality.

Now, to accomplish this, he must have complete control of his passions, and this control can only be gained by self-mastery. To achieve this, he must find himself. Every human being, when he comes to himself, finds that he is a central authority, in the center of a multitude of sensations or passions. His first task is to master this chaotic multitude and reduce it to order and obedience. Failing in this, he will live a life of selfishness and pleasure and, as a matter of course, his life will end in nothingness. These passions, left uncontrolled, will fight among themselves for precedence. One among them will gain the mastery and will lay a tax upon all the others, for the purpose of increasing its own pleasure and power.

If this ruling passion should happen to be the miserly one, then the other powers of the body are compelled to forego their own rights and all the powers of such a one are concentrated on the passion for gain. The brain must turn away from culture and give its whole power to formulating financial plans. The eye must no longer waste its power by searching for the beautiful, but for the gainful. The hands must be wrenched from the piano keys, the sculptor's chisel, the painter's brush, and trained to perform some work for gain. All the bodily powers must be consumed in the powers of this one passion.

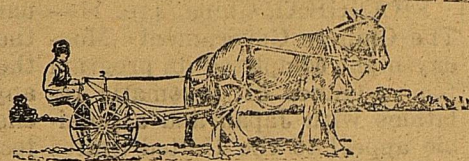

If this ruling passion happens to be one of more direct dissipation, such as an appetite for strong drink or narcotic drugs, then the effect is more speedily apparent. It tames the luster from the eye, clearness from the brain, steadiness from the hands and health from the whole body. This means that the true master has failed of his office. Let him awake and put his house in order and compel each bodily power to submit and take its rightful place as a servant, rendering obedient service to its rightful master. Then and not till then, can the person hope to accomplish real results in life. He can begin to do good work, enlarge his sphere of action, turn out a greater quantity and at last do better and richer work.

As it is with persons, so it is with states. Individuals in the state are the same as passions in the individuals. In an ill-governed state, an individual with an overmastering passion for money and great financial ability for acquiring it, will gain vastly more than his share, to the impoverishment of other members of the common-wealth whom he has overborne, so the state suffers and no meritorious work can be done.

The state must have a ruler of supreme power and unsullied righteousness, to put each servant in his place and see that

## What's New in the New Chevrolet Six

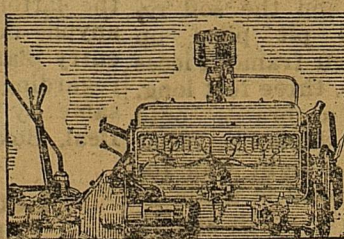

When you read what's new in the new Chevrolet Six, you, too, will agree it's the Great American Value for 1932. Syncro-Mesh and Free Wheeling combined for the first time in a low-priced car! Engine and chassis improvements that raise performance to new heights of power, speed and smoothness! The finest

Fisher bodies Chevrolet has ever introduced. And the same qualities of reliability and economy that have won the approval of millions of Chevrolet owners. All these you will find in the new Chevrolet Six at one of the lowest prices in the market! That's why the new Chevrolet Six is called the Great American Value for 1932!

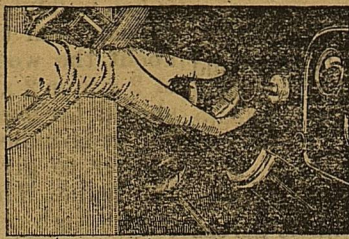

#### Syncro-Mesh Transmission

Syncro-Mesh permits you to shift gears with marvelous quickness, quietness and ease. It even enables you to shift rapidly from high back into second, any time you want to use the braking force of the engine.

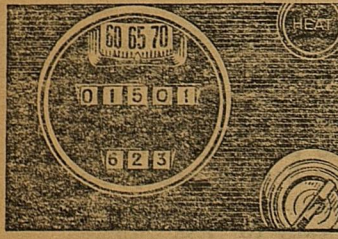

#### A Smoother, Improved Six-Cylinder Engine

Chevrolet now has down-draft carburetion, new cylinder-head, manifold, counter-balanced crankshaft and rubber mounting, increasing power 20 per cent to 60 horsepower.

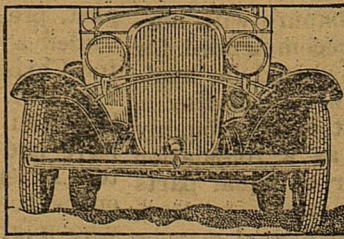

#### Simplified Free Wheeling

To take advantage of Chevrolet's Free Wheeling simply press a button on the dash. Until you pull it out again, you "Free Wheel." You coast when your foot is off the accelerator. You shift with magical ease.

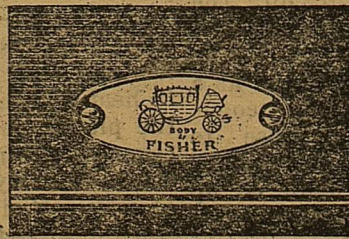

#### 65 to 70 Miles an Hour with Faster Acceleration

Vital new features in Chevrolet's six-cylinder engine enable it to develop 65 to 70 miles an hour. Stopwatch tests show an acceleration from 0 to 35 miles in 6.7 seconds.

#### Stabilized Front-End Mounting

Chevrolet's exclusive method of mounting front fenders, lamps, double tie-bar and radiator securely to the frame stabilizes the front-end and insures steadiness when traveling over rough roads.

#### Smart New Fisher Bodies

Chevrolet's new Fisher bodies are the smartest ever to appear in the low-price field. Furthermore, Fisher craftsmen have added new elements of strength, quietness and solidity to the wood-and-steel construction.

Smoother Operation . . . Distinctive New Front-End Appearance . . . An Improved Clutch . . . Down-Draft Carburetion . . . Counterbalanced Crankshaft . . . Finger-Touch Front Seat

#### GUSTA V. GRAVES

Hollis McCormick  
 Our next Senior in line is **Gusta V. Graves**. She was born at Menard, Texas on February 14, 1915 better known as Valentine Day. She says she has the ill-fated luck to bear Valentine as a middle name all during her life. Gusta V. lived on the Thomson Brothers' Ranch, the well-known crooked F. Ranch, before her school career was begun and continued living there until she was in the sixth grade. Her first three school years were spent in the Eldorado Public School. **Gusta V.** says she has been shifted about quite a bit. After she had completed three years at Eldorado, **Gusta V.** went to school at the Sonora Public School. After completing the fifth grade at Sonora **Gusta V.** moved to Mertzon with her family. She attended school at Mertzon only one year when our school had the "pull" on her and lured her back here. She again entered our school as a seventh grade student. Now she is a Senior of our class of 1932.

—E.—H.—S.—  
**MR. JARVIS, REPRESENTATIVE OF THE LION'S CLUB TALK TO THE HIGH SCHOOL MONDAY**

By Anna Ruth Spurgers  
 Mr. Jarvis, a representative of the Lion's Club, talked to the high school students Monday, January, 11. He talked of a contest that would be tried here in the Eldorado School. The contest is essay writing, the subject being "What can a Civic Service Luncheon Club Do For My Community, That Is Not Being Done?" He said that it was a big subject to cover and something to think about. Mr. Jarvis told us what the Lions' Club was trying to do now. They are going to make a sidewalk from town to school for the small children. All of the school students will surely appreciate this and can hardly wait until they start it and get it completed.

Mr. Holt told us that this would be talked about more after our mid-term exams for which we all are studying now. They begin Wednesday, 13, and last until Friday, 15, of January.

#### THE DRAMATIC AIR!

By Lola Davis  
 Do we have it? I'll say we do. All our period last Tuesday was spent in practicing our play. I am sure this is one of the best plays ever given here and we are planning to give it in about three weeks. We are all very sorry to lose one of our leading members, Isabella Isaacs. She was our secretary and a good one at that. **Fae Keeney** was elected to take her place.

There are a few questions the CAR Dramatic Club can not solve. We have thought and pondered over them, but they are too deep for us to think out. Pardon me, I really did not mean to rave about it so much but here are a group of questions I want an answer to when we give our play "Jazz and Minuet". Here goes: Do we just know how to act or: Is Pauline Rape a natural born unreasonable modern

flapper? Will Hollys and Aris learn to use a sword? Will **Dahlia Fae** "Get" that metherly air? Can **Edith** be flattered over the telephone? Why does everyone urst into a fit of laughter at **Aris'** and **Lola's** love making? Now, when we give this play we want someone to answer these questions.

We are so interested we have decided forty-five minutes a week is not enough for dramatic practice so we are going to start meeting after school on Friday afternoons.

#### TUNE IN ON STATION KGKL, FOLKS

Thelma Taylor  
 Our Choral Club Teacher, **Miss Grace Karr**, is going to sing over the San Angelo Broadcasting station Saturday, Jan. 9 and she will be accompanied by our esteemed assistant editor of this newspaper, **Miss Lucile Oglesby**. **Miss Karr** is to sing "Moonlight and Roses." She broadcasted at San Angelo last Saturday singing and playing the accordion. She will sing every Saturday and intends to take the Choral Club to Broadcast early in February. Don't miss this if you want to hear something really good!

#### NEW CLASS IN TYPING TO BE OPENED SECOND SEMESTER

Richard Jones  
 The second semester typing is for the benefit of those who want to take undue work. Some students do not take typing, because they think that they have enough work to do. Typing does not require any studying. It takes only one period.

The ones who want to take typing this next semester may do so and also take the first semester next year and get credit. One can not get credit for typ-

ing in one semester.

Some students want typing for its practical value, and can get enough in one semester. If students want to take typing to get the fundamentals he can take enough typing in one semester to teach him how to type.

The typing fee has been reduced from \$1.00 to 50c. This reduction should enable more students to enroll for typing.

#### HIKIN' DOWN THE HIGHWAY

By Lolete and Thelma Taylor  
 This is a very appropriate title for the actions of the members of the Tee Woa Hiss Hiking Club. We hiked to the Red Top Filling Station and back. You should have been there when we ate. You would not have minded the little walk at all. Our menu consisted of fried chicken, olives, pickles, potato chips, fruit salad, and cream. Of all choicy people **Inex Cobb** is the worse. She would not eat any piece of the chicken but the liver. We had two visitors who looked awfully hungry but we didn't give them anything to eat because they scared us so when they arrived. Very uncomeniously these young gentlemen came galloping down the broad mountain side on their gallant steeds with a kid. They were **Billie** and **Carl Kerr**. We also had a real visitor, **Miss Grace Karr**.

A meeting was called just before we started back to town. An assistant reporter was elected (**Thelma**) to help **Lolete** write up the activities of the Club. The social committee for the next hike consists of **Dorothy Lee King**, **Margaret Bradley** and **Dixie Faught**.

On the way back we played a Truth game in which everyone told off on himself. Don't ever think bed looked bad too us because we were only too glad to (Continued on last page)

## ATHLETICS

### EAGLES SPLIT DOUBLE-HEADER WITH SHERWOOD

Jack Ratliff  
 The Eldorado Hi School Eagles were defeated by Sherwood and defeated Sherwood, Friday, January 8, 1931. The boys were defeated 19-10. The girls won 22-10. A good game was played by both the boys and girls. Spectacular playing was done by every member of the girl's team. Spectacular playing was done by **Billie Kerr** and **Junior Isaacs** of the boys. This is **Billie's** first year. He lettered in football. He is only a runt, but how that runt can play basketball! A good crowd saw the game. The Eagles will return the game later in the season.

### CHRISTOVAL SWAMPS EAGLES 28 - 19

Jack Ratliff  
 The Christoval Hi School defeated the Eldorado Hi School, January 9, at Eldorado. Eldorado was leading at the half 12-10. The Christoval boys began to loop too many goals in the last quarter. There was hardly any difference in the score for three quarters. **Billie Kerr** cut loose again and **Lefty Smith** found his eye for the goal. **Hale** of Christoval starred. This was Christoval's seventh game and Eldorado's second. Eldorado will be better prepared to meet them in the next game.

### INTERCLASS BASKETBALL

Jack Ratliff  
 The interclass basketball is still under way. The contest is getting hotter and hotter. The seniors still seem to be the favorites. The seniors and juniors played two ties this week. They played 2-2, Thursday, Friday

they were to play the tie off but it ended up in another tie, 1-1. They are running a marathon race. They will play it off later in the contest. Below is last weeks games, and standing.

Wednesday, Jan. 6, Rain.  
 Thursday, Jan. 7—Seniors 9, Fish 4.

Friday, Jan. 8, — Juniors 1, Sophs 2.

Monday, Jan. 9. — Seniors 2, Juniors 2.

Tuesday, Jan. 10 — Seniors 1, Juniors 1.

Games were not played the remainder of the week because of exams.

#### STANDING

	Won	Lost	Pct.
Seniors	3	0	1.000
Sophs	2	1	.667
Juniors	1	2	.333
Fish	0	3	.000

### EAGLES TROMP BAILEY RANCH, 34 - 3

Jack Ratliff  
 The Hi School Eagles tromped the Bailey Ranch Cardinals, Tuesday on the Eagles' court. Bailey Ranch put up a good fight but they were no match for the Eagles. **Luther Parker** was the ace of the Bailey Ranch team. **Jack Meador** also did some good playing. **Junior Isaacs** scored 12 points for scoring honors. Several others scored six points. The Hi School boys should have scored more but they got reckless with their passing. Every member of the team played including the "mighty Raymond Smith." This was the Eagles' third game and was their first victory.

### CHRISTOVAL TRIMS ELDORADO, 24 - 11

Jack Ratliff  
 The Christoval Independents trimmed the Eldorado Independents, Tuesday night, at Christoval. This was the Eldoradoans first game and they have not had time to work out plays or practice. Christoval has been playing for some time. The Eldoradoans will be in better shape for the next game.

#### WOOL NOTES

United States consumption of wool, exclusive of carpet wool, for the first eleven months of 1931 totaled 386,990,000 pounds, or 67,380,000 pounds more than for the first eleven months of 1930, according to figures compiled by the National Wool Marketing corporation. Consumption for November, 1931, totaled 29,354,000 pounds of wool, exclusive of carpet wool or 4,570,000 pounds more than for the same month a year ago. December reports have not been compiled to allow final figures on total 1931 consumption.

Optimism in the future for better wool prices is viewed in the opinion of Textile Apparel Analysis, which declares that "wool prices will, the bureau believes, average somewhat higher in 1932 than in 1931. While an advance of more than fifteen cents per pound is not expected a rise of five cents to ten cents per pound, before the end of 1932, is probable, despite the indications of a record world production."

The Southwest Texas Wool and Mohair Marketing corporation of Del Rio wished a Merry Christmas to its friends with wool neckties for the holiday season, and reminded recipients of a new fashion creation that "the next tie you buy should be made of wool" in its attached greeting card. "This is a brand new article made from the commodity upon which all of us largely depend for our livelihood," the card read. "Use by each of us of commodities of this character can be of material encouragement and assistance, not only to ourselves, but to the manufacturers and distributors whose welfare is inseparably tied up with ours."

V. G. Suddeth was in from Bailey Ranch, Monday, on business.

#### ON TEXAS FARMS

By W. H. Darrow,  
 Extension Service Editor

Planning to make over furniture with material on hand, 81 4-H club girls in Rusk county have entered the State-wide bed room improvement contest.

Garden stuff worth \$34,890 was raised by 223 garden demonstrators, cooperators and 4-H club girls in Mason county in

1931. More than two-thirds of the vegetables raised were used fresh, a small amount sold and the rest canned.

Because she had a fall garden Mrs. H. C. Whitley, 4-H pantry demonstrator of Hodges Community, Hockley county, was able to use canned stuff to feed cotton pickers last fall and to re-fill her pantry from the late vegetables.

On his diversified farm, near

Canadian, **George Locke** produced butterfat ast fall from his 16-cow demonstration herd for 10 1-3 cents per pound feed cost, on a ration composed of 100 pounds each of wheat, barley, bran and cottonseed meal and 200 pounds oats.

Titus county farmers put up 2700 pounds of pork in December by the Extension Service dry cure method, and will use more than 300 percent more home cured pork this winter than in 1931, according to the county agent.

## Poor Home Lighting Will Affect Your Boy's School Standing

The kind of home-work your boy is able to do is, to a certain extent, governed by the efficiency of your home-lighting—and largely determines his progress in school. Are you giving him the benefit of the good light he needs? If not, his education will suffer.

If he finds concentration difficult . . . if he becomes drowsy quickly . . . if he complains of headaches, or if his eyes become bloodshot easily—it is entirely possible that poor lighting is the cause.

Lamps must be of sufficient wattage to give plenty of light, and fixtures must be so arranged as to produce no glare—either direct or indirect. Check your lamps and your lighting arrangements. . . . Are you giving your boy a fair chance?

Lamps, fixtures and electricity cost but little—and they may mean the difference between success or failure. Check yours today—or ask one of our Trained Employees to inspect your home. There's no obligation, of course.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

## THIS AND THAT

By Jimminy

Taking his cue from Napoleon's famous line, "An army travels on its belly," W. H. ("Big Bill") Thompson, former Mayor of Chicago, observes that "American voters think more clearly on an empty stomach than on an overloaded one."

He predicts that because there have been so many empty stomachs in the past year or two, Americans will do some real thinking this year and, irrespective of party, go to the polls and "cast their ballots for some one who will improve conditions and manage the affairs of this nation in the interest of the American people."

So there you have it, the "real reason" for the depression, all wrapped up in a nice little "dinner pail" and presented to you by the one and only "Big Bill" Thompson of Chicago, a Republican by choice and a politician by trade.

According to this man's view, the Republicans are to blame for the depression for two reasons: incompetency in office and inappropriate campaign slogans. The "full dinner pail" slogan, of the Republican party, if we are

to believe Mr. Thompson, so confused the minds of the voters that the didn't think straight and voted for four years of adversity instead of four years of prosperity.

"Big Bill" has made quite a few observations in his time, most of which have been taken with a grain of salt—or better still, not taken at all. But he is a politician, and as such is given that right. One of the chief duties of a politician is to feel the public pulse and determine, not what they really want, but how little they will take and still "vote right." He once observed that King George was decidedly too pro-British to be suitable to American welfare and progress. He became highly incensed at the king's attitude and, it is believed in some quarters, would have started another Boston Tea Party had it not been that Al Capone was at that time throwing so many "interesting" liquor parties in Mr. Thompson's own bailiwick, which kept the then mayor of Chicago on the defense.

But for all of that Mr. Thompson may be right on this occasion. Perhaps the voters are tired of voting for parties instead of individuals; perhaps this year they will vote for candidates for what they can do

see it. Next time we hike we are going to have a theatre party after the hike.

—E.—H.—S.—

ALUMNI AND SOCIETY

Thelma Taylor

Helen Craddock is to attend school at Junction for the remainder of the year. We will all miss Helen as she is a very sweet, ovable girl.

Fred Williams student of '31, made a straight A and B card for the Fall term of college at Texas Tech. Hooray for Fred.

Clyde Mills, one of our esteemed Juniors, has quit school. We were sorry to lose him, but we have Francis back with us which makes up for the loss.

Alton Williams, former student of E. H. S. is working on his dad's ranch, what time he is not with Roberta.

Miss Bill Parker, physical education teacher, went to San Angelo last Friday night, Jan. 8, to see the performance of the S. A. H. S. Physical Education classes.

Roberta Milligan spent last

rather than for their party convictions. At any rate, there are some mighty good public offices to be filled, and the position of the man with a poll tax receipt won't be nearly as embarrassing as the man without one. Get yours today.

R. P. Hinyard and W. H. Williams were in Eldorado Tuesday attending a Directors meeting of the First National Bank.

C. C. West was taken to San Angelo Monday with an infection on his head near the ear, and it developed into erysipelas, and as we go to press he is still in San Angelo under care of physicians.

Over in Coke County they are digging for gold. Who knows but what the days of '49" might be restored, while Schleicher digs for the liquid gold, Coke digs for gold, platinum.

The large bridge at Christoval and one at Pecan, to be erected by the State highway, will be included in the work to be let at the February sitting. Plans are being made at Austin, the two will cost about \$75,000.00

D. E. DeLong and family visited Mr. DeLong's mother at the old homestead on the South Concho Sunday afternoon. Mrs. DeLong has been living at the same place for over 50 years, and still enjoys visits from her children.

Mr. and Mrs. W. H. McClatchey were in from the ranch Saturday.

## ANNOUNCEMENT

County and District Offices \$10.  
Precinct Offices \$5.  
Cash to accompany announcement.

The following announcements are made subject to the Democratic Primary in July.

For District and County Clerk

RUTH ESPY

W. N. RAMSAY

week end with Mary Dell Williams at the Sam Williams ranch at Radd.

We had a few ex-students of E. H. S. as visitors during the Xmas Holidays. These were Fred Williams, Eli McAngus, and Joe Reame Moore. The rest were afraid to come for fear they would show their ignorance

William McAngus, class of '30 who is working for C. C. West, has been transferred to Rock Station No. 1. I guess Jim was too strict a boss for Bill.

—E.—H.—S.—  
WHY I LIKE HIGH SCHOOL BETTER THAN THE GRADES

Thomas R. Jones  
High School is easier because one does not have to take more than four subjects. There are four subjects that one is required to take. One may take typing or some 1-2 credit subject other than the four required if he does choose to do so.

In High School one has more interesting books to study. If a book is interesting it is naturally going to be easier than a book which is not so interesting.

One has his choice of some subjects. The four subjects that a freshman is required to take are, History I, General Science, English I and Algebra I. One may take other subjects if he wishes to do so. Other subjects are typing and Economics.

There is a good library here containing good interesting books. One can check out books almost anytime of the day. He is not allowed to read these books during school hours. At the front of the Study Hall there is a reference shelf. One is allowed to get these books when they are needed.

There are more study periods in High School than in the grade. One has a study period for almost every subject.

A person has more advantages in High School than he does in the Grades. One has more time to study and also has reference books from which to get help on his studies.

—E.—H.—S.—  
A VISITOR HERE

Raymond Smith  
Mr. R. S. Covey, superintendent of the schools of Sonora, Texas, stopped by the Eldorado school January 7. He was on his way to San Angelo on some business.

While Mr. Covey was here he saw part of the Senior and Freshman interclass basketball game. He reported that Sonora had a boys basket ball team. He also said that they wished to play a game with the Eldorado boys some time in the near future.

We were very glad to have Mr. Covey stop for this few minutes and wished that he could have stayed longer.

—E.—H.—S.—  
MID-TERMS ARE

HERE AGAIN

By Bob Evans

Group I Jan. 13, A. M.

English II, Bookkeeping, Spanish II A, Home Economics A, General Science.

Group II, Jan. 13, P. M.

English III, Solid Geometry, History I, Commercial Law.

Group III Jan. 14, A. M.

English IV, Algebra II and Spanish II B.

Group IV Jan. 14, P. M.

Algebra I, Spanish I, Home Economics B and Physics.

Group V Jan. 15, A. M.

English I, History III and Public Speaking.

Group VI Jan. 15, P. M.

Plane Geometry, Spanish III, and Biology.

Mid-term exams have slipped upon us again. I wonder just how many are prepared for them? We, the freshmen, have been studying hard enough this year to make good grades on these exams. Although no exemptions are being given, we hope to carry off a few next semester in May.

# SELF-SERVE GROCERY

WHOLESALE AND RETAIL

We will have a car of salt on track latter part of next week, get it off the car and save 2c on each sack or 2c on block.

No bill too large for us to fill, none too small to be appreciated.

You will find our every day prices cheaper than the average merchant's specials. We make special concessions every day in the week on large bills.
