Mills - Shoemaker

On Wednesday, January 13, 1932, Mr. Clyde Mills of Longworth, Texas and Miss Lorane Shoemaker, of Eldorado, Texas, were united in the Holy bonds of wedlock at Robert Lee, Texas, at the home of a brother of the groom. Mr. Mills is a son of Mr. and Mrs. D. C. Mills, who reside at Huldale, a Santa Ft. Station, between Eldorado and Christoval, and the son holds a likewise position at Longworth.

The bride is the youngest daughter of Mr. and Mrs. G. B. Shoemaker, and a graduate from the Eldorado High School last year. It a talented young woman with many friends here.

The happy young couple have gone to their home at Longworth and their many friends here wish them a long and happy wedded life.

REV. E. P. NEAL TO PREACH HERE

Organized Farmers To Meet In Dallas

Fifteen hundred organized farmers will meet in Dallas, January 27, 28 and 29, for the purpose of helping the farmer to help himself.

Many out of state speakers will be present at the meeting. E. S. Mayer, San Angelo, President Lone Star Wool & Mohair Co-operative Association, is scheduled as one of the speakers. This is to be Texas' biggest farmers convention.

"THE CHAMP" WITH TWO STARS HEADS PROGRAM AT ...

Wallace Berry and Jackie Cooper as a team!

Such is the unique combination heading the cast of "The Champ," Metro-Goldwyn-Mayer vived drama of life on the Mexican border, which will open Friday at the Ritz Theatre.

Berry plays a broken-down fight champion, and the hero of "Skippy" is seen as his son in a poignant heart-interest tale in which much comedy and a few thrills are intermingled. King Vidor directed the production, from a original story by Frances Marion.

Filmed In Mexico

Life on the Mexican border is vividly shown, many of the scenes in the picture having been filmed on Mexican locales, through courtesy of the Lower California government. The "inside" of the "fight racket," the Caliente races, actually filmed at the Mexican track, the great gambling halls of the "American Monte Carlo" and other straining intimate details give unique interest to the picture, most of this having never before been shown on the screen.

Among the dramatic highlights are the race, the sensational prize fight in which Berry essays his "comeback", the dramatic sacrifice for the sake of the boy, and the battle with the Mexican police.

Lions Club To Offer Prizes In Essay Contest

The local Lions Club working in cooperation with the school board has completed plans for the students of the Eldorado High school to participate in the essay contest being conducted by the International Association of Lions Clubs. According to Mr. J. H. Jarvis, who is in charge of the local committee on contest arrangements, the competition is open to all students doing high school work or the equivalent of high school work in accredited schools. The essay is to be written on the subject, "What Can A Civic Service Luncheon Club Do For My Community That Has Not Been Done."

This essay of five-hundred words must be entirely of the student's own creation and must be in the hands of the Lions Committee On Awards not later than February 15, 1932. Students will commence work on the essays at once.

The winner of the local contest in addition to receiving the award to be given by the Lions Club in this community in the form of a medal, and which will be automatically entered in the International competition and will have an opportunity to win a district and international award to be given to the winner of the Lions International Essay Contest.

The International award to the winner of the Essay Contest is a roundtrip ticket to the International Convention of Lions Clubs to be held in Los Angeles (California), July 19-22, with all expenses paid, including pullman, hotel, meals, and entertainment.

REVELATION STUDY CONTINUES MORE INTERESTING

The crowd that is attending the Study of Revelation at the Methodist church, is becoming more interested as the teacher F. G. Clark gets deeper into the things being revealed by the book. Our next lesson is the opening of the seals, beginning with the 6th chapter. The first to be revealed from the seal is the white horse and its rider; 2nd, is the red horse and its rider; 3rd, is the black horse and its rider; 4th, is the pale horse and its rider. The first represents the devil; 2nd, represents war; 3rd, represents famine and 4th, death. Only 6 of the seals are opened in the 6th chapter. The 7th is opened in the 8th chapter. The things revealed in the opening of the seals are yet to come to pass. Come and enter the study of these great truths. Any one will be allowed to ask questions of the instructor.

Hoover Gets Applauses From Anti-Saloon League

The Anti-Saloon League met at Washington, and President Hoover was lauded as sincere dry by the Rev. John M. Phillips of Hartford, Conn.

Other speakers included Gov. William H. Murray of Oklahoma who addressed the convention on "The Law's Relation to Temperance and Morals."

An attempt to legalize 4 percent beer by Congress is in progress and the leaders of prohibition are meeting the situation and planning its defeat. If the law passes, the United States would be the Saloon and the officers its bartenders.

Luncheon Of Lions Club

The Lions Club held its regular luncheon Wednesday at the Presbyterian Church, and some encouraging reports were made. The committee on street lights reported that the street lights of the City from the first of the year on.

The Lions voted the prize for the High School Essay, should be a gold medal.

The prize for the Good Citizenship contest for both men and women, would be a certificate.

The committee, on the sidewalk from the school building to town, reported favorable progress. Mr. Holt has been in touch with the State Highway Department and it is believed the state will furnish half of the cost of the sidewalk, in order to keep school children from the highway, and it looks now like as if a sidewalk is assured.

THEY'RE GOOD

Gusta V. Graves

The little folks certainly have the best of us when it comes to entertaining. They certainly can keep you in good spirits. The little folks entertained us Wednesday, January 20, 1932. The first number they gave was a song entitled "The Mumps." Even though they had the mumps, they certainly could sing. Then next we saw a meeting of all the flies in town. They wanted to form a union in order to keep alive. You see our town is getting so sanitary that the flies are having a hard time making a living. Then Dr. Wise came in and gave advice as how to cure angertitis, selfishitis and some kind of "itis" that in short was telling lies. The last number on program arrived too soon. Several boys recited "On-ly a Chicken." Unless you were up here you would not understand anything about this last number.

Appropriation For Bitter Weed Fight Denied

Congressman Ewing Thomason, of this district, who asked for a Federal appropriation for the purpose of fighting the bitter weed in West Texas, which is so destructive to sheep, has lost in getting the appropriation at this time, as Congress has cut it from the appropriation bill for the present.

Congressman Thomason is just recovering from an attack of influenza. He has been confined to the Naval Hospital for several days.

TOMB OF MEXICAN FEUDAL LORDS YIELDS RICHES

(San Angelo Standard)
MEXICO CITY, Jan. 18.—A princely fortune in gold and precious stones, overlooked by Hernando Cortes and his Conquistadores 400 years ago and said to rival the treasure found buried with King Tutankhamen in Egypt, lies today in the vaults of the Bank of Mexico.

It was found in the tomb of an ancient Mixtecan Caciques, or feudal lords, in the fortified city of Monte Alban, high above Oaxaca, by Mexican archaeologists. The announcement caused a great buzz of prediction that the long-sought gold of the "Lost Cities" may at last await excavators' picks and shovels.

The treasure already uncovered consists of more than 100 specimens of all kinds, ranging from heavy and finely-wrought gold crowns to pearls described as large as pigeon's eggs. A half dozen gold necklaces, said to be an extremely minor part of the treasure, were evaluated at \$500 each on their gold content alone.

Monte Alban, from which government archaeologists secretly removed the grand collection, is a fortified mountain top and the excavators said they believed they had only scratched the surface of the ancient and magnificent ruins.

Alfonso Caso, chief government archaeologist in charge of the mission, said it was the richest and most important discovery made in the new world and that it will compare with, or excel in value and importance the discovery of King Tut's tomb several years ago.

Caso said the cache was contained in a tomb about 24 feet long, 5 feet high and 7 feet wide, in which the mummies of the ancient Mixtecan Caciques were entirely covered with precious relics.

A move already is under way to keep the discovery intact and house it in a museum which will be opened here in April on the four hundredth anniversary of the founding of the city of Oaxaca.

Life Insurance A Good Asset

Beneficiaries Received \$950,000,000 In 1931
In 1931, the life insurance companies of the United States paid to beneficiaries of deceased policyholders, the total sum of \$950,000,000, most of which went to the relief of homes and families in a time of unusual stress. This money was mainly the only substitute for "the still hand and brain of the provider."

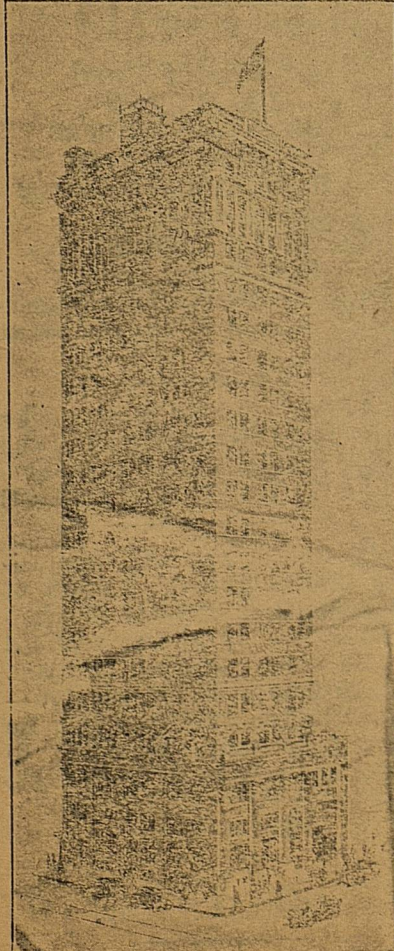

To living policyholders in 1931, the institution paid, by way of endowments, annuities, and dividends, the sum of \$800,000,000, and for surrendered policies, approximately \$850,000,000.

This makes a grand total disbursement to citizen policyholders and beneficiaries of \$2,600,000,000, which sum exceeds like payments in 1930 by over \$353,000,000, and those of 1929 by more than \$638,000,000.

It also represents an amount twenty-eight times greater than that which President Hoover's committee on unemployment estimates will be required to alleviate unemployment hardships this winter.

JANUARY, 22, 1932

Raskob held a mortgage against the Democratic party, and took the party over for the debt. Last election most of the Democrats refused to play when Simon said thumbs down. Despite all the odds against him last election and one of the most overwhelming defeats ever administered the Democratic party, Our Republican chairman says it takes a wet to win.

The prohibition question is just what the people want. The wets say there is more liquor sold today than ever before. That is what they want. The dries say there is less sold now than ever before, that is what they want. So why keep for ever bringing up the question when both sides have what they want.

This week puts us along toward the last of January and if you have not paid that poll tax, don't delay any longer, as this is general election year, and a man or woman without a poll tax, is not a full pledged citizen.

Yes, you can pay your poll tax without paying your property tax, so pay that much, anyway, for it will be worth something to vote this year. We elect from our precinct officers to our president, and what a joy it will be to vote this year.

The Republican chairman of the Democratic party says we must have beer back. We want Ira McDonald and A. J. Atkins to get this gentleman back into the Republican party.

J. T. Williams was in from the ranch Saturday, wearing smiles and spreading good cheer. Lester Henderson was in the city Saturday on business.

A. K. Bailey, a retired ranchman of this county, celebrated his 82nd birthday last Sunday. Mr. Bailey came to Eldorado in 1900 and for the past 32 years has been active in ranching and farming, still owning a ranch north of Eldorado, but has had it leased out for the past two years.

Sam Williams pays his Success subscription to 1935. He takes advantage of our 5 year offer for \$5.00. We need 50 more to take advantage of this offer. Pay or send \$5.00 between now and January 30, and we will advance your subscription five years, and by doing so you save 33 1/3 per cent.

This offer expires with January 30.

B. J. Bruton and wife and County Judge Grimes, of Williamson County, were visitors in Eldorado Sunday night. Mr. Bruton was Superintendent of the Eldorado School four years and made many warm friends here. He is now County Superintendent of schools in Williamson county.

POWER OF UNITY

"There is no great loss without some small gain," as an ancient proverb has it and we might add another: "It's an ill wind that blows nobody good." The financial troubles, thru which we are passing, have drawn the nation together in ties of brotherhood, which in times of prosperity, would not have been possible. For the time being, at least, Congressmen have buried their party differences and have united in a common effort to redeem the country from impending ruin.

This scribe knows that it is the policy of publicists to maintain an attitude of optimism, but problems are never solved by ignoring the facts. All the factors must be honestly represented in the problem before we can hope for a true solution.

The nation, as a whole, has accumulated a deficit of more than a billion dollars and the end is not yet. Great cities, like New York, Chicago and Philadelphia are on the verge of bankruptcy, millions of property owners, because of a small mortgage, are in danger of losing the savings of a life time, while millions of toilers are feeling the pinch of hunger. Our task is to climb out of this depression, and our only hope is to present a united front to the difficulties that beset us.

This our present Congress is doing. Following the leadership of the President, the membership are forgetting partisan politics and are passing measures calculated to relieve our distress. Ten measures are now being rapidly passed thru Congress by a nonpartisan vote, each one a masterpiece of statesmanship. Relief is provided for every department of business. The mortgaged farmer is given another chance. The threatened home owner will be enabled to save his equity and the local bank have its frozen assets released.

Even better than all this, the light of hope, yea, the rainbow of promise is brightening an otherwise gloomy and forbidden sky. Each dollar, of the two billions these acts of Congress are releasing, ought to release twenty more that are now tied up in strong boxes or frozen up in banks.

Another good sign is, that Congress is thinking of America's needs rather than those of Europe. We want to help our fellow man, of course, but we can best do this by conserving our own resources. Philanthropy can take a wrong course as well as any other human endeavor. No man should be foolish enough to burn down his house in order to warm the fingers, even of widows and orphans. This is about what we have been doing to relieve the hardships of Europe. The best aid we can offer the world is to return our own country to prosperity and then we shall be able to help others. Let us be thankful that our national leaders have finally discovered America

THANKFUL FRESHMAN

Aletha Faught
The Freshmen surely are thankful that Mid-Term Exams are over. But we wonder if it is only the Freshmen that are thankful? I imagine even the Seniors are glad. But anyway we all intend to be exempt next semester.

We have been studying Literature in English this first semester, but we are now taking up grammar. We hope it will not be any harder than Literature. So fall in Freshmen and let us get busy!

Eldorado High School is of-

fering a new subject this semester. Mr. Holt is going to teach Texas History, that is if he can get as many as ten to take it. So far only seven have signed up for the extra half credit.

—E.—H.—S.— CERTIFICATE RECEIVED BY E. H. S.

Lucile Oglesby
Perhaps you, or some of you, remember reading about Eldorado having been placed on the Southern Association list. There are only twenty schools on this list and the requirements are somewhat rigid for a school of this size. We have now received the certificate that reads something like this: ACCREDITED SECONDARY SCHOOLS.

"This certifies that Eldorado High School for the Scholastic year 1931-1932 is accredited by the Association of Colleges and Secondary Schools of the Southern States and is entitled to all the privileges and scholastic recognition resulting there from."

Everyone in the school and town should be proud of the honors our school has received in being allowed membership in this association.

PAULINE KENT

Hollis McCormick
Carolyn Pauline Kent was born March 28, 1914, at Eldorado, Texas. Her parents lived in the county for the first seven years of her life. She came to school at first with her brothers and sisters in buggy and horse. At the age of five her father died of pneumonia. Since this time she entered school here and is still going at the same old place. Pauline is among the eighteen seniors that expect to graduate this year.

SENIOR NEWS

Hollis McCormick
At the beginning of the second semester the Seniors in English are to begin the study of English Literature. The first semester we had grammar.

A Senior meeting was called yesterday afternoon, Monday, January 18, 1932, to decide the color of the diplomas, and discuss some other business. The covers for the diplomas are to be dark blue with a silver lining tied with silver ribbon. The diplomas are to be in book form. The Seniors are to have a play about the last of April or the first of May. The proceeds of this play will go to the school.

—E.—H.—S.— ALUMNI AND SOCIETY

Thelma Taylor
Helen Craddock, one of our Junior-Seniors, who quit school here last week and intended to go to school at Junction, is back in Eldorado staying with Mrs. Roach and says she is having a grand time.

There are two new pupils in Eldorado for this semester. They are Jack Shugart, and Lois Wintley. We are very glad to have them and hope they enjoy their stay.

Miss Sammie Leudecke is back at school after being out for the first semester but she is doing fine in her work. She is more than welcome for we all love Sammie for her sweet ways.

Inez Cobb had two visitors from Winters over the weekend Opal Jennings and Ruth Akins came to see how Eldorado was getting along without them. Two boys also came with them J. B. Jennings and Rag Doll. They kind of tore up Jess Ella's

and Loleete's playhouses.

Eli is just taking his mid-term exams and we all sure feel sorry for him. I imagine Joe Muller is thanking his lucky stars that he is going to Texas Tech where he has already taken his exams and passed them.

Clyde Mills and Lorene Shoemaker were married last week and are living near Sweetwater where Clyde is working.

Hassel has resigned his job as joke editor because he said the work was too hard on him and he couldn't get enough jokes to interest the honored readers of this newspaper.

—E.—H.—S.— "TEE WOO HISS HIKERS" MAKE THIRD HIKE OF SEASON

Dahlia Fae Johnson
The members of the hiking club made their third hike Saturday, January 16. We left the school building at two o'clock and hiked out the highway to the Johnson ranch south of Eldorado. When we arrived there a business meeting was called by Miss Parker. Dahlia Fae Johnson was elected Hiking Manager of the Club.

We hiked across the country on the way back to town, coming back by the Cheek farm. We went to the Duncan Cafe when we reached town. Here we were joined by Ruth Nix and Loleete Andrews, who were unable to make the hike. After having eaten we went to a theatre party at the Ritz. After "Flying High" the members of the club called it a day and went to their homes for an "alcoholic Rub."

—E.—H.—S.— A GOOD SPORTSMAN

Dear Lord, in the battle that goes through life, I ask but a field that is fair, A chance that is equal with in the strife,
A courage to strove and to and to dare;
And if I should win, let it be by the code,
With my faith and my honor held high;
And if I should lose, let me stand by the road,
And cheer as the winners go by.

And, Lord, may my shouts be ungrudging and clear,
A tribute that comes from the heart,
And let me not cherish a scarl or a sneer,
Or play any snivelling part;
Let me say, "There they ride, on whom are laurels bestowed,
Since they played better than I."

Let me stand with a smile by the side of the road,
And cheer as the winners go by.
So grant me to conquer, if conquer I can,
By proving my worth in the fray,
But teach me to lose like a regular man,
And not like a craven, I pray;
Let me take off my hat to the warriors who strode,
To victory splendid and high,
Yes, teach me to stand by the side of the road
And cheer as the winners go by.

ELECTRIC COOKERY

frees you from your kitchen!

From 1,500 to 2,000 hours annually, approximately one-fourth of the average home-manager's time, are spent in the kitchen—cooking, preparing meals, washing dishes and tidying up.

An amazing figure? Yes, but there's an easy and modern way to transform many of these working hours into leisure hours!

Electric Cookery is the magic wand with which to effect this transformation, for with Electric Cookery you can prepare your meals at any convenient time, place them in the oven, set the automatic Time and Temperature Controls, and forget them! The cooking is done automatically, far better than by old-fashioned methods, and your meals are ready to serve, perfectly and deliciously cooked, at just the proper time! And because electric heat is clean, time spent in washing and scouring blackened pots and pans is eliminated. Save a large number of those wasted hours—install a modern Electric Range!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

School Notes

A new term has begun, and I wonder how many of us are making resolutions. Around over the campus about this time of the year one can hear conversations running about like this:

"Well, I failed that Algebra, but that's O. K. by me. I have plenty of time to make it up."

"I failed history and I think I'll try another subject. I don't believe I'm getting a square deal."

"Well, I failed, but I guess I'm just naturally dumb."

Now you find very few who admit their failing to be their own fault. It is always the teacher's or somebody else's fault, but never one's own. All that is nonsense. If you fail, you've failed and the best you can do is to do your best to make it up this next term. Now is a perfect time to show of what kind of stuff you are made because a new term is beginning. Why don't you begin with it and make up for lost time?

Everyone knows to fail is a sad story, but a continuance to do so is a still sadder one.

It is good to make a "mid-term" resolution, but it not good not to carry it out. Some people make resolutions, but after a few weeks they let go, and what good has it done them to even make their resolution if they did not carry it out? Just a lot of wasted time and that's all.

Suppose we all make a resolution to bring our grades up this next term and carry it out, above all!!!

THINGS TO BE REMEMBERED BY THE HIKERS

Inez wondering if she will be a Cobb always.

Dixie's chewing gum. (Where did she get it?)

Grace's complaining of the heat.

Dahlia Fae's attempt at sitting on the trunk of a tree that was perpendicular to the ground.

Miss Parker's attempt to slow the leaders down.

The pie at the cafe.

"Flying High" at the theatre.

Believe it or not, while we were resting Saturday at Johnson's, the members of the club caught Inez Cobb trying to play a "Leap Year's Trick" on little J. C. Johnson, Jr. It seems rather difficult for Inez to get a kiss from the little boy even if this is Leap Year.

JOKES

Thomas Richard Jones
Dear Teacher:

If you keep Johnnie in again you sure air ooin' see a little of my temperature. He has been varrigating from four o'clock to five o'clock in the evening getting home all week.

He ain't learnt a thing all winter 'ceptin what I've learnt him about geography sech as the earth is square and the sun goes chasing around it.

Now I'se jest gettin over a bad case of the intntional flu and I'se don't want to haft to come down there unless it's posituley necessary.

So you'd better deform, your ways and send Johnnie home on time.

Mr. Holt: "What's the most common impediment in the speech of American people?"

Ruth Nix: "Chewing-gum."

J. L. Harris was among the armers that transacted business in the city Saturday.

Now is the time to pant trees and rose bushes. Prune up your trees and roses, make them the pride of the home. Everyone loves trees and roses and trees and roses takes less water than does flowers.
