Eldorado, Schleicher County, Texas. Friday, Texas. Friday, April 22, 1932.

No. 17

## Local Funeral Service Changes Hands

F. J. Wood, who recently opened up a funeral service in Eldorado, has sold the business to J. L. Ratliff, and the firm will be known as Eldorado Funeral Service. Mr. A. C. Browning, who was with Mr. Wood for a while, has been employed as director and manager. Mr. Browning made many friends while here, and it was general talk on the streets that there was much regret when he went away. We are sure his friends and the public will welcome him back into our midst. Mr. Browning is a licensed embalmer and has had many years in the undertaking and funeral business. We understand by our having this establishment here in our city that embalming service will be reduced fifty per cent, and also that funeral car service will be reduced likewise. In talking with the new management we learn that ambulance service here in town will be as low as five dollars, and to San Angelo and to other points will be equally as reasonable. It occurs to the editor that in view of the foregoing facts that our people should support this new enterprise for the good of the general public, especially since the service is as good as can be had. We are also told that if a death should occur in San Angelo, that all that is necessary, is for our local firm to be notified and all matters in San Angelo will be taken care of in a most satisfactory way, and at no additional cost to customer. If you have not inspected this new place, go in and Mr. Browning will be only too glad to show you through.

## We Want To Handle Your Wool And Mohair

The Sonora Wool & Mohair Company solicits the Wool and Mohair business of Schleicher County. We keep in touch with the market at all times and closely connected with all Eastern buyers. Wool and Mohair shipped to Sonora has the same rate to Boston as from San Angelo. We will sell directly or will place with Co-ops, as producer wishes. We handle Wool Bags, Fleece Twine, Sewing Twine, Marking Liquids and Fly Repellant. Officers are Ed C. Mayfield, President; W. A. Miers, 1st Vice-president; J. N. Ross, 2nd Vice-pres.; R. A. Halbert, 3rd Vice-pres.; A. C. Elliott, Sec't and Treas.; J. H. Evans, Manager.

The Success 14 months for \$1.00

## S. M. N. Marrs, State School Head, Dead

S. M. N. Marrs, 70 years of age, died at College Station Monday night, after about 7 hours of illness in the hospital there, from a heart attack. He was attending the annual Smith-Hughes Judging contest at the time and in company with his brother was entering the administration building at the A. & M. College when he suffered a heart attack. He had been State Superintendent of Public Instruction for 10 years. He was born in West Virginia. His body was returned to Austin for burial.

## To Run Off Tie Tomorrow

At the regular election of trustees on April 2, a tie occurred between Doc Kerr and J. H. Luedecke, and the board of trustees at their regular meeting called another election for Saturday, April 23, at which time a vote will tell which of these men will be trustee.

## Lions Club Hold Luncheon

The Lions Club met in regular luncheon Wednesday, and transacted their business as usual. Several committees reported that their work was completed and were excused. The following new committees was appointed by the president, J. Campbell, L. M. Hoover and A. T. Wright, to nominate officers for the coming term. The officers will be elected in May, and installed in June. They voted to have a banquet at night and invite the wives of the Lions to be with them at the installation of officers. The side walk building project from school house to town came up for further discussion, and will probably take some form of action in the near future. H. W. Smith was present and reports that he was trying to secure a rural route west of town to serve 125 families or more and asked the co-operation of the Lions Club in securing it. Miss Karr announced that 13 had entered the essay contest and that the contestants would speak at the school auditorium next Monday night, and that the public was invited. The Lions Club is offering a gold medal to the winner. Miss Minnie Martin was in from the ranch Friday visiting her mother, Mrs. S. C. Martin.

The Success 14 months for \$1.00

## Juniors To Stage Invitation Track Meet

The Juniors of the Eldorado High School are going to stage a track meet at the high school track Saturday. The juniors have won two cups and are expected to cop this one. The juniors have a very strong team this year. It is the strongest that they have ever had here. Several teams have been invited. The ones that have been invited are Ozona, Sonora, Christoval, Sherwood, Mertzon, Barnhart, Menard, Bailey Ranch, Junction and Eldorado. Come up to the high school and see the juniors win the meet. There will be no admission.

## Harold Bevans Wins Law Suit

H. Bevans was given a verdict of \$5,810.00 damages in Federal Court at San Angelo against the Shell Pipe Line Co. He had previously won a judgement of \$3,500.00, but it was reversed by the appellate courts at New Orleans.

## Garner Club Organized

A meeting was held at the Court House Tuesday afternoon for the purpose of organizing a Garner for President Club. Job Campbell acted as temporary chairman, Judge J. A. Whitten was elected Chairman of the club and the following were elected precinct chairmen. Precinct 1, J. E. Hill; Precinct 2, G. C. Crosby; Precinct 3, Sam Williams; Precinct 4, Ed Finigan; Precinct 5, T. W. Talbot; Precinct 6, D. E. DeLong; Precinct 7, J. F. Oglesby; Precinct 8, W. H. McClatchey. F. M. Bradley was elected Secretary of the organization. The purpose of the organization is to assist in getting Congressman Garner, nominated by the Democratic Convention for President, and to get the Schleicher County Delegation instructed to that end at the State Convention.

## SERVICE AT METHODIST CHURCH

Sunday School at 10 a. m. No preaching service Sunday morning as pastor will be at Rudd. Service at 3:15 p. m. Sunday. Tuesday night study, beginning with creation of Man in Genesis, by Rev. F. G. Clark. Singing Wednesday night. Every one welcome to any of these services.

Mr. W. B. Cobb called at The Success office Monday and renewed his subscription for another for the home paper.

## Some Sections Of West Texas Receive Rain

Sunday night lightning and thunder could be seen and heard but Schleicher County received no rain, but the section of country between San Angelo and Abilene received from 1-4 inch to 2 inches with some hail. Bronte and Maryneal report two inches with hail. The weather has been most favorable for the past few days for rain and is it badly needed on range and farm planting.

## Ballew - Bradley

Saturday night, Lyonelle Ballew and Miss Elizabeth Bradley motored to Christoval in company of a few friends, and were united in the holy bonds of wedlock, by Judge Ford.

Mr. Ballew is one of Eldorado's popular young men and employe of the Royster-Whitten Drug Store; a former graduate of our Eldorado High School; has been in our midst some 15 years and has a host of friends in our city.

The bride is the oldest daughter of Mr. and Mrs. F. M. Bradley, for many years citizens of our city. Mr. Bradley now being County Judge. She, like the groom, graduated from our High School, and for the past year has been working in the County Clerk's office. She is popular with the young people and makes friends easily.

The Success joins the many friends in wishing them a long and prosperous wedded life.

The license for the young folks were secured in Sherwood and several of their friends assisted them in getting on the matrimonial boat in secrecy. They will make their home in Eldorado.

## JUANITA THOMPSON SERIOUSLY ILL AT SAN ANGELO

Juanita Thompson, 11 year-old daughter of Mr. and Mrs. Jess L. Thompson, was operated on at San Angelo Tuesday night for appendicitis. The appendix had burst. Juanita took ill Thursday and Dr. Patton was called Sunday evening, and Tuesday morning advised Mrs. Thompson to take the child to San Angelo for an operation. Mr. Thompson being away at Rankin shearing sheep and did not reach her until after the child was taken to San Angelo. The child was not doing very well Wednesday evening.

## Brown Cracker Co. A Texas Organization

### Cracker and Candy Company Does \$6,000,000 Business Annually

The \$6,000,000 a year business built up by the Brown Cracker and Candy Company of Texas since its organization in 1903 was cited as "an excellent example of what can be done by a Texas factory organized by Texans," in an article by C. M. Hammond, which appeared in a recent issue of the Texas Weekly.

In the article, Mr. Hammond traced the growth of the company organized by J. L. Brown, and told how its aggressive sales and merchandising methods enabled it to capture over 60 percent of the cracker and wafer business in Texas with its Saltine Flakes brand of soda crackers and its cakes and candies. He showed how its physical properties grew from a small three-story building to a seven-story and basement plant covering an entire city block-an investment of \$750,000.

Mr. Hammonds' article follows in part:

### Much Flour Consumed

Almost two carloads of flour are used every working day. Besides the flour, the factory annually consumes, 4,870,000 pounds of sugar, 1,858,505 pounds of shortening and large amounts of peanuts, pecans and other nuts. All of the raw materials used except a small percentage of flour which must be of a different gluten content from any that can be had in the state, and a few ingredients like chocolate, are bought in Texas from other Texas manufacturers.

The annual production of the plan amounts to 17,719,155 pounds, or 22,950,855 packages of crackers and cakes, and 3,280,622 pounds of candies. The total wholesale value of this production is more than \$6,000,000. The plant gives employment to 1,200 men and women, and the annual pay roll is more than \$1,000,000. But the 1200 men and women employed in the Dallas Plant and the \$1,000,000 paid to them do not by any means constitute the total number of workers deriving employment from this Texas factory nor the total amount of money paid out in wages. When it is considered that the company uses something like 30,000,000 boxes and cartons for containers of crackers, cakes, and candies, all of which are made in Texas factories, and also that practically all of the flour, sugar, shortening and the like are produced in Texas, it can be seen that a great many other Texas workers are indirectly on the company's payroll.

### Ten Branch Houses

For the distribution of its products the company maintains ten distributing houses out of which travel 125 salesmen who cover the Texas territory and a part of New Mexico closely. These branches are located at Fort Worth, Waco, San Antonio, Houston, Austin, El Paso, Harlingen, Amarillo, Beaumont and Wichita Falls. No attempt has been made to cover any other than the Texas territory, but orders are frequently received from dealers over the Southwest.

Besides the Saltine brand crackers, the company also makes and sells three other other brands, one of which, a low-priced cracker to meet strictly price competition, has just been put on the market. Among the other products are twenty-six varieties of package wafers, thirty-two numbers of hard candies and low-priced machine-dipped candies, and thirty-one numbers of high-grade chocolates.

The Success is glad to give the above facts to the citizens of this community, as practically all of our merchants handle the products of the Brown Cracker and Candy Company. During our 11 years connection

## Mohair Pool Stays Intact Indefinitely

(San Angelo Morning-Times) SAN ANTONIO, April 18.—

The Texas Wool and Mohair Warehouse Association meeting here today and with every member of the mohair pool present voted to hold the mohair pool together indefinitely and vested in its sales committee, L. A. Schreiner of Kerrville, C. C. Belcher of Del Rio and Fred J. Horner of Uvalde, the exclusive right to sell all or any part of the pool.

Among those in attendance were J. Willis Johnson, S. W. March Sr., J. M. Lea, Abe Mayer Jr. from San Angelo. The purpose of the meeting, held at the Gunter Hotel, was to hear the report of the sales committee which had been in Boston seeking to dispose of the pool, conferring there with dealers, mills, some members of the farm board and the National Wool Marketing Corporation.

### Details Held Secret

The pool was formed last fall when the National Wool Marketing Corporation took over the fall clip of mohair in the state at advances of 35 cents for kid hair and 20 cents for grown hair. It was reaffirmed when the group met again in Junction in March and appointed the committee to go to Boston.

The details of the plan the committee is working on now are not to be made public at present. All the members of the board seemed very much encouraged by the report made by the committee. Every one is satisfied now with the results thus far under the adverse conditions, those at the meeting said.

There are 4,190,000 pounds of mohair in the warehouses at present, and it is expected there will be 5,200,000 pounds in the entire mohair pool when all the hair is delivered to the warehouses.

### 750,000 Pounds Not In Pool

There are about 750,000 pounds of mohair not in this pool which is still in country or has been disposed of to date, making a total of less than 6,000,000 pounds against over 8,000,000 pounds a year ago, or 25 per cent decrease in production.

It is estimated now that the entire mohair production for the United States will not exceed 14,000,000 for the year 1932 against almost 19,000,000 pounds in 1931, or a decrease of over 25 per cent. In some quarters it is estimated that the decrease will be nearer 40 per cent than 25 per cent when the final deliveries are made this fall.

### ELDORADO CLUBS REPRESENTED AT FEDERATED CLUBS CONVENTION

The Convention of the sixth district of Texas Federated Womens' Clubs met the first of this week in San Angelo. Two prominent speakers on the program were Pat M. Neff, former governor of the state, and Phoebe K. Warner, Texas writer and who is in the race for Congress.

Those representing the Womens Club from Eldorado were Mrs. D. C. Hill, Mrs. E. C. Hill, Mrs. Carl McWhorter, Mrs. W. N. Ramsay, Mrs. W. T. Whitten, Mrs. W. O. Alexander, Mrs. A. J. Atkins and Mrs. J. H. Jarvis. Those representing the Self Culture Club of Eldorado were Mrs. Sam Loyd, Mrs. H. G. Parker and Mrs. Leslie Baker.

## A Necessity Not A Luxury.

The minimum amount of life insurance a man should own is a necessity and not a luxury.

Even though it is 1932, we are not dropping the necessities; those things which we must have we keep buying, hard times and good times alike.

Waiting until good times comes will not give a man a better rate. Will not make him a better risk. Will not give him a better policy in a better company. Will not give him a single advantage in buying life insurance.

Hard times in which to live are harder times in which to die.

APRIL 22, 1932

Remember you have until July 1st, this year to get your check in on the bargain rates, and still get the \$1.00 rate for a year. We are thankful for the splendid response, and hope to add many new names to our evergrowing subscription.

"Hamburger Bill" says, that Sam Ashburn, the guy that stays on top of the windmill in the San Angelo Morning-Times, was caught hoarding last week. He had a buffalo nickel saved up; his wife found it last week and put it back in circulation by giving it to the rubbish man, to haul off the trash. Bill Word says it was the "damndest" thing he ever heard of.

The 26th anniversary bargain rates are meeting the approval of our readers, as most of us are looking for bargains. We have several names on the list that have been reading The Success for the full 26 years. Of course our imperfections has been over looked by these good people, and we certainly appreciate their loyalty to us. There is no money to be made out of a subscription list, but a good subscription list is the life of the paper. No one could run a paper 26 years without offending some one by something that has appeared in the columns of his paper, especially if he tries to do anything worth while. But so far we have managed to keep out of jail, and have not been shot. Every once-in-a-while someone tries to stop the publication by stopping his paper, because he becomes offended, we have never lost them all at one time and have always enjoyed the friendship of most of our readers.

So if you can and want to take advantage of this reduction of 14 months or one year for one dollar, and have the dollar, we will guarantee you to receive The Success for the time paid for. We do not know whether we will be here 26 years longer, but we are confident if you pay for 26 years in advance that some good Editor will fill our contract for the time paid for.

If you don't have the cash we will take meat, chickens, eggs, maize or corn, at market price.

Don't forget the trustee election tomorrow, Saturday, April 23, to elect one of two men who tied in the regular election, April 2. Doc Kerr and J. H. Luedcke received the same number of votes and consequently have to run it off. It takes a vote to decide this matter.

Farm Loans under the Reconstruction Finance Corporation can be obtained through the local board until May 1. So if any of the Schleicher County farmers are contemplating a loan, they had better get their application in before the last of this month. J. E. Hill, V. H. Humphrey and B. E. Moore are the local committee.

Soviet Russia has put about 70,000 men on the Manchurian front, and evidently expect an attack from Japan.

The Chinese seem to be getting ready for a scrap between themselves since the Japs have quit pushing them.

J. W. Lawhon was in from the ranch Monday and while here made The Success office an appreciated visit.

## Garden Of Experience

F. G. CLARK.

### NATIONAL LIFE

A nation's life consists of three strata: There is foam at the top, dregs at the bottom, and the great middle class, which is the bulwark of the nation's life, between the two. When this middle class ceases to exist, the nation is doomed. Historic examples of this fact are found in the experience of France before the famous Revolution and Russia in 1917. The great middle class had been eliminated and when the pressure came on the nation, it collapsed like an empty egg shell.

The writer passed through an experience similar to the present one in the early nineties of the last century. The bulk of the farming and ranching country was comparatively new. Youthful men and women had migrated from the east some years before, settled upon the raw land, and while enduring the extreme hardships, managed to build homes, subdue the soil, and create a wholesome social life. The good people had invested the prime years of their lives in this work. Then when they began to feel the infirmities of age creeping on them, the money pinch came just as it has come now. The majority of them were slightly in debt for needed improvements and money to pay these mortgages was out of the question. The products of their industry were well nigh worthless when they tried to turn them into dollars in order to meet their obligations. Corn brought 12 to 14 cents, wheat 40 to 50 cents, potatoes 15 cents, hogs 3 cents etc. The result? Hundred of these farmers were foreclosed and turned out from the homes they had built with such strenuous toil just when they should have been enjoying the fruits of their honest labor. And the same accusation was brought against these unfortunates that is being hurled at them today: You have been extravagant and lazy. The farmers, thus accused, looked at his toilworn hands and patched clothes, his overworked wife and ragged children and realized that insult had been added to injury.

What did the despairing farmer, need then? Why, a fair price for the products of his labor. He had done his part. He had produced the necessities of life in abundance. There was just one commodity he was not permitted to produce and that was money. The circulating medium was down to sixteen dollars per capita, when the crying need was for sixty dollars per capita. The products from farm, factory and mine had increased tremendously, while the volume of money had actually decreased. The cry, then, as now, was for an increase in the circulating medium, and when we got it, a few years later, prosperity returned. But, in the meantime, what had become of the pioneer? The returning prosperity

### ALUMNI AND SOCIETY

Thelma Taylor  
Miss Ruth Nix, one of our dignified and frivolous Freshmen, is at home suffering broken bones in her left foot and leg. We hope to be able to see her in school soon but Ruth says that she it through with school for this year.

Miss Mary Dell Williams and her brother, Alton Williams, were in San Angelo last Friday shopping. They had a slight wreck near Christoval when the steering gear on the car locked while they were going around a curve.

Mr. Smith says that he enjoyed looking at the antiques in the Old Fort Concho Museum but he did not mention the debating and so forth as being so enjoyable.

Dixie Faught spent last week end in Lampassas with her family. It has been rumored that she has a good looking young man hidden a way down there also.

Miss Turney and Miss Bradshaw were week-end visitors in San Angelo during the track meet.

Our Coach says he is wearing the red badge of courage on his forehead this week because he did not wear a hat to the track meet last Saturday.

Hollis Alexander won second place in Extemporaneous Speaking at San Angelo. He says that he would have been proud of it even if it had been first place.

### HIGH SCHOOL STUDENTS WINNING HONOR CARDS

Fourteen high school students received honor cards at the end of the fifth six-weeks term. In order to receive these cards, the student must have a grade of "A" in one or more of the regular subjects with a grade in department of "B" or higher. This is a high standard, and makes the receipt of one of these cards an honor which few attain.

Those receiving the cards and the subjects in which an "A" grade was made are:

Bernice Bricker, Texas History, English IV, Spanish III, and Public Speaking.  
Edith Bricker, Algebra II, and Spanish I.  
Gustav V. Graves, Spanish III, Glen Green, Algebra II.

### "HERE COMES THE POOR NUT"

Would you like to know who is orchidaceous or what kind of a flower is a campanulaceous flower or better still whether you have libido? If so, come to the Senior Play entitled "Poor Nut" April 29 in high school auditorium. Who do you suppose is the poor nut? It's Albert McGinty and you must come to see why his family hasn't said "Grace" since he was born!

If you don't believe this is different from any play you've ever seen just take a bite and see how it affects your digestive system.

The Seniors are working hard and intend to put on a better play than has ever been presented in this school before.

### BAILEY RANCH IN BASEBALL

Inez Bruton  
The grammar school girls baseball team was challenged to a ball game with Bailey Ranch Monday.

The Bailey Ranch team did good work and although they were defeated they say they are not willing to give it up that they can not beat us. They wanted the Eldorado team to return the game, which we hope will be possible.

The line-ups were as follows:

**Bailey Ranch**  
Catcher, Mabel Whitey; Pitcher, Marge Parks; First Base, Margaret Falls; 2nd base, Morene Parks; 3rd base, Alice Mund; R. short stop, Earleen Tate; L. short stop, Bonnie Mund; Right fielder, Loleete Copple; Left fielder, Florene Parks.

**Eldorado**  
Catcher, Margaret Powers; Pitcher, Ollie Ruth Newlin; 1st base, Naomi Ruth Underwood; 2nd base, Inez Bruton; 3rd base, Marguerite Chick; R. short stop, June Gafford; Left short stop, Louise Halbert; Right fielder, Louise Boyer and Neva Wade; Left fielder, Maxine; Center fielder, Johnnie F. Isaacs and Wilma Bruton.

The Bailey Ranch team was defeated by a score of 23 to 11.

### BAYER ASPIRIN is always SAFE

### Beware of Imitations

**GENUINE** Bayer Aspirin, the kind doctors prescribe and millions of users have proven safe for more than thirty years, can easily be identified by the name Bayer and the word genuine as above.

Genuine Bayer Aspirin is safe and sure; always the same. It has the unqualified endorsement of physicians and druggists everywhere. It doesn't depress the heart. No harmful after-effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds.

Headaches Neuritis  
Colds Neuralgia  
Sore Throat Lumbago  
Rheumatism Toothache

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylic acid.

**FRANCES BALLEW WINS MEDAL**

The Lions Club has been sponsoring an essay contest on this subject "What Civic Luncheon Clubs Could Do for Our City That Is Not Being Done." Frances Ballew, Lola Davis and Thelma Taylor participated in this contest. Frances Ballew's essay won her the medal. Dr. Gray, representative of the Lions Club came up to present it. He gave a short speech on the honor in winning this prize. We are glad to have one in our midst who can do so well. We hope some day to see her become famous in the literary field.

**RESULTS OF SAN ANGELO DISTRICT TENNIS MEET**

The boys and girls tennis squads that attended the San Angelo meet did not fair so well. The boys drew a bye in the first round but in the second round they drew San Angelo. San Angelo beat Albert McGinty and Joe Turner Hext 6-0 and 6-3. Junior Isaacs was defeated by a Midland boy 6-4 and 6-4. The girls were defeated by Miles and Robert Lee. Elnora Andrews, Lucile Oglesby, and Margaret Bradley. Although the girls and boys did not win anything, they got some good practice and learned a lot of tennis.

### SPORT SLANTS

The Juniors are to stage a track and field meet tomorrow at the high school track. A cup and ribbons are going to be given. Coach Terry is in charge of the meet and will be the main show. Several of the senior track squad will assist him.

Coach Williamson has announced that there will be spring football practice. Several of the boys will be out getting in shape for the team next fall. The team will work on the fundamentals more than anything else. There will be three weeks of football practice.

The tennis squad has hung up their suits for another year. They are eligible for the state meet but they will not attend the meet. The boys that lettered in track are Captain Raymond Smith, Bill Smith, Hollis McCormick, Junior Isaacs, Jack Ratliff, W. C. Spurgers, and J. R. Conner. These boys will be eligible to buy sweaters with the "E" on it.

The tennis equad has also hung up their rackets for another year. The boys that lettered in tennis are Albert McGinty Junior Isaacs and Joe Turner Hext.

**WEST TEXAS MUSEUM VISITED BY HIGH SCHOOL STUDENTS**

Raymond Smith  
Friday April 15, a number of the high school students and some of the teachers visited the old museum once known as old Fort Concho Museum. The students who were there are Vance Morgan, Lawrence Morgan, Roberta Milligan, Hollis Alexander, Joe T. Hext, Auta Mae Reynolds, Albert McGinty, Raymond Smith, Bernard Carr, John Alexander, Alicia Burk, Lucile Oglesby, Elnora Andrews and the teachers present were Mr. Holt, Mr. Smith and Mr. Williamson.

There were many interesting things exhibited. Those most interesting were all adopted to West Texas. Most of the collection of relics were real old and had some historical story attached to them. This is the largest museum in West Texas and it is growing day by day. It is located in the southern part of town in an old Fort building. There are a number of rooms and all of these are filled with relics or some kind of mounted animals which were found in Texas.

Many of the weapons used in the old fort are still there. These are swords, guns and Indian spears and arrows.

The League of Nations have told the Japs to get out of China but just when the move will begin is not known.

### CONSISTENT COOKERY with a Modern Electric Range

YOU CAN eliminate the disappointment of cooking "failures" ... can be assured always of perfectly cooked, attractive and appetizing foods ... can feel secure in the knowledge that your every meal will please the most particular—by entrusting your cooking responsibilities to the never-failing Electric Range!

Results obtained this modern way are ever the same, because Electric Cookery is scientifically accurate and controlled. Thus, perfect results always can be duplicated. You merely set the controls at the proper point each time—and uniformly, delicious meals are produced automatically.

And you will find that when meals are cooked electrically foods won't bake dry, flavors are not lost, sauces do not dry up, breads and cakes bake evenly, and roasts are done to juicy perfection. And because of controlled electric heat and the use of a minimum amount of water, your foods will contain all the vital mineral salts, soda ash and vitamins necessary to proper body tone.

Call in at the Merchandise Showroom and ask to see the new Hotpoint Ranges. They are moderately priced, and a convenient payment plan simplifies immediate purchase. Profit by Electric Cookery advantages, benefits and economies without delay. Call a salesman today.

Call us for an individual investigation of your use of electric service to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.
