Come to see us, will appreciate a share of your trade.

The kings and queens of olden days

With present comforts, easy ways

That common folks now share;

They had their robes and jewels

They lived on gourds and gruels,

Had nothing to compare

Yet had but little more,

Had no Stewardson Store.

SANITARY MEAT MARKET INSTALLS ICE COUNTER

Harris Rounds, proprietor of the Sanitary Meat Market, has installed a new Sherer Gillett to his business, and gives him a beautiful display of his goods. Mr. Rounds is to be congratu-

SCHOOL CENSUS

lated for the new improvement.

Mr. John H. Rodgers has been taking the census for the Eldorado School district and must finish by April 1st, so if your child or children have not been enum erated before April 1st, get in touch with Mr. Rodgers or F have it all installed by April 1st M. Bradley at Bush Motor Co so ail children may be properly enrolled. Every child that is missed means a financial loss to the district, the school needs the money.

This same thing will apply to all schools in the County, have your children enumerated with the trustees of the school to which they are going.

EAST AND WEST TO MEET AT JERUSALEM

In the spring of 1928, beginning March 24, and continuing through Easter Day, April 8, two hundred men and women, representing Christians of every nation and race, will assemble on the Mount of Olives, outside Jerusalem for an enlarged meeting of the International Missionary Council. This Council is the direct successor of the Continuation Committee of the World Missionary Conference held in Edinburg in 1910. Its membership has been enlarged for this third meeting by increasing the representatives from socalled mission fields, two-thirds of whom are to be nationals of the countries from which they come.

No mere Western program to evangelize the world brings these leaders together. Christian leaders around the world have sensed a peculiar need at this time for international counsel The declared purpose of this meeting is 'to gain help in regard to those needs which are felt to be deepest and most pressing in the hearts, lives, and work" of articulate Christian groups around the world In other words, the Jerusalem meeting promises to coine afresh in terms acceptable to this generation and consistent with conditions and demands in every great mission area the aim character, and scope of our foreign

missionary enterprise. Five subjects have been listed

Jerusalem delegates. They are: (1) The Christian Life and Message in Relation to Non-Christina Systems, (2) Religious Education, (3) The Relation between the Younger and Older Churches, (4) The Christian Mis sion in the Light of Race Conflict, Industrial Developments and Rural Needs; and (5) International Co-operation.

Lesson for March 25

REVIEW-JESUS PROCLAIMS THE KINGDOM OF GOD

GOLDEN TEXT-And Jesus went about all the cities and villages, teaching in their synagogues and preaching the gospel of the Kingdom, and heal-

JUNIOR TOPIC - Mark's Stories About Jesus.
INTERMEDIATE AND SENIOR TOP-IC—How Jesus Began His Work.
YOUNG PEOPLE AND ADULT TOP-IC—The Early Ministry of Jesus.

The method of review must always be determined by the genius of the eacher, the grade of the school, and the aptitude of the pupil. For the senior and adult classes perhaps the most profitable method will be to summarize the facts of each lesson and to study the main teaching thereof. Since the great personality around which all the facts and teachings of the quarter gather is Jesus Christ, it ought not to be difficult to plan a review. Whatever plan is used, the teacher should have the matter thought out and assignment made to the different scholars a week ahead of time. The following suggestions are made:

Lesson for January 1. John the Baptist came in fulfillment of Isaiah's prophecy announcing the advent of the Messiah. The leading lesson is that Jesus is the Messiah, the Son of God, as witnessed by John the Baptist and the Voice from the open

Lesson for January 8. Jesus taught with authority and demonstrated it by conquering demons, healing a fever, and cleansing a leper. Jesus Christ is able to save unto the uttermost, to deliver from all kinds of sickness and

Lesson for January 15. Jesus freely gave Himself to the task of heating the diseases of the people and forgiving their sins, and the leading lesson is that Jesus has not only power to heal the diseases of the body but to forgive sin, which is the cause of dis-

Lesson for January 22. Jesus lived His life in conformity with God's law. Conflict with the Jews over the matter of Christ's disregard of their laws of fasting and the Sabbath was due either to their failure to understand God's law or to its perversion. Human welfare can be realized only through conformity to God's law.

Lesson for January 29. With the increase of the fame of Jesus came increase of opposition. In spite of the opposition by His enemies He continued His mighty works in casting out demons and ministering to those

Lesson for February 5. Jesus was misunderstood by His friends, His family and fellow townsmen, and violently opposed by the scribes and Pharisees. A spiritual nature is necessary in order to understand

Lesson for February 12. Jesus showed Himself the master teacher in picturing truth concerning His kingdom so as to conceal the truth from those who were not in sympathy with Him and by interpretation to he understood by His disciples.

Lesson for February 19. Jesus' deity was manifested in calming the storm-tossed sea and in healing the demoniac. Because of what Jesus is we should confide in Him.

Lesson for February 26. Jesus raised from the dead Jairus' daughter and healed the woman who had been afflicted for twelve years. Only a divine being could raise the dead. Lesson for March 4. Jesus called twelve men and sent them forth to

preach the gospel of the kingdom. Those sent forth were furnished with Lesson for March 11. Christ had compassion upon the multitudes and created food to supply their hunger.

Our small gifts and possessions, when placed at the Lord's disposal, are sufficient for any need. Lesson for March 18. Christ denounced the empty forms and tradi

tions of the Pharisees and showed that defilement can only come from the heart.

Eternal Thoughts

The thoughts of God are eternal thoughts. They are independent of time, independent of worlds. You set your life today into the doing of the will of God. After you have set your life into that life, it need never be changed. Let change come, let death come, we pass on still doing God's business for ever and for ever .- Alexander MacKenzie.

The Lord's Aid

I tried to build without the Lord. and lo! a tumbled pile of bricks upon the ground! I turned, and built with the Lord, and lo! the walls rise fair and firm, and the sky is their roof. and eternity is their foundation.—

Finding the Sunny Side He who climbs above the cares of his world and turns his face to his and has found the sunny side of life. -C. H. Spurgeon.

"I suffered with severe bilious attacks which came on me two or

three times every month," says Mr. Ollie Miller, of Murray, Ky.
"I would become dizzy. My
head would ache terribly, feeling as if it would almost burst. It felt exactly like a tight band was being drawn closer and closer around my temples.

"My stomach would be so upset I could not retain any kind of nourishment for hours. I would have to quit work and go to bed.
"My color was awful. I was

yellow and my skin was drawn and dry. I did not have any energy—no ambition to work. I was just about half sick most of

was just about half sick most of the time because of these spells.

"One day one of my neighbors, who has used Thedford's Black-Draught for years, said he had noticed how bad my color was and thought it would help me.

"I got some Black-Draught immediately and began to take it regularly until I got my system clear of the poison I had been absorbing. I soon began to feel better and developed a fine appetite. I had no more bad headaches or bilious spells."

Asbestos as Insulator

According to the E. M. F. Electrical Year Book, asbestos in its pure state, free from metallic oxides, is a good electrical insulator. It is very difficult to find asbestos free from iron or other impurities and for this reason it is a better thermal insulator than electrical. Frequently it is mixed with other fibers or binding materials to increase its mechanical strength and to improve the insulation properties, and it is then fabricated into paper or sheets, boards, tape, cloth, etc. It is used as an insulation for wires and cables exposed to high temperatures,

firmament, just announced by an astronomer, is not recognized offhand as that of any of the more popular film players.

A Swedish engineer claims to have produced a wall board which is absolutely sound-proof. Is this material, by any chance, adapted to the manufacture of ear muffs?

Scientists profess to see the time when humans will have no legs, because they do so little walking. But Fashion is making the most of its opportunity before legs pass out en-
