CORPORATION ABOLISHED IN ELDORADO 13 TO 27

At Saturday's election Eldorado by a vote of 13-27 voted to do away with the incorporation, the vote itself show the indifference of the people, just why people do not interest themselves in a local government is unknown. But 40 votes is a small representation of the people.

SIXTH GRADE WINS CONTEST

The sixth grade won the good citizenship contest this month. This class succeeds in paying best attention in class, in keeping their books and room cleanest, in keeping quietest during class and in whispering less than either of the other classes. The work put forth to win this contest was well spent. It is often said that if students are good in school they will be good U. S. citizens. The sixth grade will be rewarded with a Christmas tree.

The third grade presented a very interesting assembly program Wednesday.

"WHAT'S IN A NAME."

Frances Evans was mixing high school colors and she found two shades of Green, Clemmie and Kenneth. She also found two Ballews, (blues), Lyonalle and J. T. She started journeying to the near-by village to get the brush. On the way she encountered a Taylor who told her the way was rough and to take a left-hand road. Frances thought this way too far and continued the rough but shorter way. Soon she found out that the Taylor was Wright. She saw a strange man and found it to be Henry who decided to Joiner in the travel. Frances saw flashing sets in gold rings on Henry's finger. She examined and found them to be the most costly of Jyms, a Ruby and a Garnett. A feeling of sadness came upon them when they saw fresh Graves. The way was so rough and tiresome they became thirsty.

A house appeared and Frances tried to stop the Ford. Roscoe said he would Parker and give Frances a drink, and in trying to do so he ran over a Chick and now we see more Graves. Roscoe took her to the well for a drink and here they watched Very Wade in the water. He also asked her if they had heard the news. Frances replied "No"

TWO BANKERS DEAD THREE OTHERS WOUNDED.

A sad tragedy occurred in San Angelo Friday about noon when Karl Word, cashier of the Guaranty State Bank, drew a pistol and began shooting, his first aim was at, assistant Cashier Ira Swope, who was shot twice, he then turned his gun on William Schneemann, president of the bank, shooting him four times, then Mrs Selma Walling a bystander was shot in the leg above the knee, and Earl Gibson a customer was shot in the ankle, Word then turned the gun on himself and shot himself twice. Schneemann and Word died of their wounds.

Word had been removed from the cashiers position to be effective January, first, and Swope was to have taken his place.

At an inquest into the shooting it has developed, a question as to whether Word shot himself or not, the verdict was that he did. But he told relatives and friends that he was shot by another, he had six separate wounds.

Our friend Sam Oglesby has had hard luck this season in getting his deer, he has gone three times, found his buck each time but his marksmanship has been bad, just 'cain't hit the game, but he hopes yet to get one before the season is gone.

Employ Curve in Shrubbery

In a shrub border, even on the small property, the irregular curved line is more pleasing than the straight one. In this way more interesting detail of material can be appreciated. Oftentimes we secure a monotonous line by the use of shrubs of nearly the same height; this can be changed by the introduction of small flowering trees which are pleasing in foliage, fruit and flower, such as the dogwood, magnolia, flowering apple or cherry. The front edges may be "edged down," that is, made to meet the grass or lawn, by planting perennials along the front of the shrubs or lily bulbs and such things.

First Whites in Hawaii

Early Hawaii legends indicate that the first white men visited Hawaii 400 years ago. Many historians and scientists maintain that no white men were there before Capt. James Cook arrived in 1778, but the Hawaiian legends tell of the wrecking of a strange vessel and landing of several white men in 1527. It is pointed out that no white people except the Spaniards were cruising in the Pacific at that early period, and some historians think it entirely possible that the strange vessel was one of three sent out by Cortez from Mexico in an attempt to reach California.

It was worth while to fly across if it makes France come across.

Dreaded Aches, PAINS Disappeared

"My health had been poor for ten years, before I took Cardui," says Mrs. Anna Cronin, of Rockport, Ind. "I was lifeless and 'no account'. I dragged around day after day, every move an effort, and never feeling the joy of being well."

"At times, I had a dreadful ache across my back, and my sides hurt me. I worried along, sometimes hardly able to leave my bed, but the demands of a growing family had to be attended to; so I would get up, do what was absolutely necessary, and then lie down again."

"One day, someone suggested Cardui to me. I took it for several months, and all the time I was growing stronger, and less nervous. My aches and pains finally disappeared."

"That was two years ago. My improvement has been permanent. The good health, which followed the taking of Cardui, is still with me, so I do not hesitate to recommend it to my friends."

REVIEW: THE EARLY PROPHETS
OF ISRAEL

GOLDEN TEXT—God, who at sundry times and in divers manners spake in times past to the fathers by the prophets, hath in these last days spoken by His Son.

PRIMARY TOPIC—What We Have Learned This Quarter.

JUNIOR TOPIC—Great Men and Great Teachings of the Quarter's Lesson.

INTERMEDIATE AND SENIOR TOPIC—Lessons from the Early Prophets YOUNG PEOPLE AND ADULT TOPIC—The Mission of the Prophets.

The method of review must always be determined by the genius of the teacher, the aptitude of the pupils and the particular grade in the school. For the adult classes three methods are suggested.

I. Biographical.

During the quarter six great prophets have been under review, namely, Elijah, Elisha, Amos, Hosea, Haggai and Isaiah. Assignments of these characters to representative members of the class should be made the week before so that they may come prepared to present the vital characteristics of these men.

II. Application of the Prophetic Messages to Modern Life.

Assignments should be made the preceding Sunday so that the members of the class may come prepared to make application of the vital messages of the prophets to the affairs of modern life. The following questions may be considered as representative:

What application can be made of the prophets' teachings as to: (1) The land question in the United States, (2) the problem of pauperism, (3) the problem of capital and labor, (4) light on the theological controversies of the present time, (5) a message for the modern woman, (6) the cause of prohibition, (7) modern amusements, (8) modern church life.

III. A Summary of Facts and Teachings.

Lesson for October 2.

The basis of decision as between Baal and Jehovah was that the true God should answer by fire. The leading lesson is that accepted service is the supreme test, enabling men to choose between Christ and heathen gods.

Lesson for October 9.

Elijah, who was brave before Baal's prophets, was frightened by Jezebel's threat and ran away. He failed at what had been his strong point.

Lesson for October 16.

Ahab coveted Naboth's vineyard. Jezebel schemed to destroy Naboth so that Ahab's petulant desire might be gratified. Judgment fell upon both Ahab and Jezebel.

Lesson for October 23.

A prophet is one who speaks forth God's message. When Isaiah had a vision of the Lord and was cleansed from sin, he was ready to go at the divine bidding.

Lesson for October 30.

Amos was called from the humble occupation of a shepherd and tradesman to fill the prophetic office. God is not dependent upon any school or system of training for the supply of His workers.

Lesson for November 6.

Though the nation had grievously sinned by worshipping idols, oppressing their fellow men and persecuting the prophets who spake against them, God invited them to return to Him.

Lesson for November 13.

Israel's apostasy was illustrated by Hosea's unfaithful wife. In spite of their wickedness God loved them and pled with them to return unto Him.

Lesson for November 20.

Isaiah pointed out the moral state of the people, exposing their ingratitude, stupidity, and habits of evil, and showed them that although God had severely chastised them, their case was not hopeless.

Lesson for December 4.

Isaiah reminded Israel of God's peculiar favor under the figure of a favorite vineyard. He pointed out the sins which brought their ruin. The outstanding sins were oppression of the poor, drunkenness, proud self-conceit and perversion of justice.

Lesson for December 11.

Through Isaiah's long ministry he was privileged to give counsel to several kings. Sometimes it was counsel of encouragement, sometimes of rebuke. To Ahaz he gave counsel of assurance, pointing to a day of deliverance and blessing through Immanuel. When Hezekiah faced the crisis of invasion by the Assyrians, he resorted to the house of the Lord and sent for Isaiah.
