

# THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXII

Eldorado, Schleicher County, Texas. Friday, July 15, 1932.

No. 29

## Special Notice To Parties Giving Goats To Veterans Dinner

The committee consisting of Don McCormick, F. M. Bradley and J. B. Sammons, who are soliciting meats and funds for the Old Soldiers Reunion at Christoval for Eldorado Day and for the Eldorado part of the entertainment, request that all Goats donated for the occasion be brought to the pen of Don McCormick on Tuesday July 26. Please see that this is done promptly so the committee will have no trouble in transferring them to Christoval in time for their use at the reunion. Don't only do this for your part but assist the committee in every way possible to see that Schleicher County and Eldorado's part of the program is well put on.

## VETS DEMAND PAY

GALVESTON, July 6.—Immediate legislation for the payment in full of all adjusted service certificates was demanded in a resolution adopted by the Texas department, Veterans of Foreign Wars, in session here today. The veterans also went on record as opposing the activities of Communists and all other "un-American groups." The bonus resolution pointed out that "the government has paid great sums in cash for the equalization of alleged property losses" and declared that the Veterans of Foreign Wars consider the lives and services of individuals at least of equal importance.

In writing up the opening of the new Gulf Station last week, The Success stated that R. J. Page was interested in the business, when he is only working, Elton Ellis, being the sole owner.

Miss Ruby Dee Shugart and aunt, Miss Hampton, of Dallas are here this week visiting. Ruby Dee is visiting her mother and Miss Hampton is visiting her sisters Mesdames Ben Isaacs and J. L. Shugart. They attended the Brady celebration last week.

John I. King was in from the ranch Tuesday and brought The Success Editor a sack of wild plums and traded them for a years subscription to The Success. Such hustlers as John I. will never starve and he won't let the Editor starve.

Miss Cora Lee West of Ft. Sam Houston, Texas is visiting her parents, Mr. and Mrs. C. C. West, of our city, at present.

## Notice

Casey has installed a new all electric storming machine and can bore any make of motor, without removing the motor from the chassis and guarantee you from 20 to 30 thousand of actual running miles of service, and will not use any oil. We do all kind of battery work. Oh, yes, if you are broke see me. Acetylene Welding at

CRAIN MOTOR CO.

## Hoover Vetoes Relief Measure

President Hoover made good his threat to the house and vetoed the relief bill that congress passed and it is now back to the house and senate for further consideration. Anyway the Congressmen and Senators will have another few days work in remodeling the bill so as to suit the president and also the Congressmen.

## W. H. WILLIAMS TO DRILL BY TOOLS

The Standolin Oil and Gas Co. No. 1, W. H. Williams, have cemented around drill stem and will drill past the lost tools that were in the well in February when the rig burned. The W. R. Nicks No. 1 has been idle for several weeks, but is supposed to begin work shortly.

The Joe Tisdale well has been broken down but is about ready for active deepening. They have been cleaning out and have had trouble getting back to the old bottom.

## A RESPONSIBLE PEOPLE

It is amazing how little wild talk there has been during the depression on the part of labor and the political parties of dissent. There have been no strikes, no threats of reprisals. Labor, speaking generally, has shown a disposition to bear its share of the burdens that have fallen on all alike. Widespread unemployment and an unavoidable drop in the average wage scale—a drop which has largely been compensated by lower commodity prices—have not shaken the faith of an overwhelming percentage of workers in the stability of the government and the of industry to work its way out of its troubles.

J. F. Oglesby was in from the ranch Wednesday, shaking hands with friends. He reports that he believes that the grass on the Oglesby ranch is the best and finest ever seen there before. He has had rain all the year. The grass has been green ever since early spring and still green and ankle high. Stock fat and actually going up in price, and Ford said a ranchman might see another bright day in the not distant future.

## EOLA RANCHMAN SUCCESSFUL WITH CREEPS

Results from creep-feeding 72 lambs this year were so satisfactory that Ruggle Benton, rancher of the Eola community, Tom Green county, plans to use the same method next year. He has also arranged to increase the number of ewes and will breed for an earlier lamb crop, says County Agent W. L. Marschall.

Although they went through a 5-day rain, and were on poor range for about a month of the feeding period, feedlot weights at the end of the 42-day period this spring showed a gain of 25 pounds per lamb. During that time they consumed 1,583 pounds shelled milo, 1,352 pounds shelled oats, and 340 pounds of cottonseed meal, valued at \$19.25. They sold for \$3.75 per head, making a profit above feed cost of \$270 on the lot.

## Baptist Meet Is Called Off

### Christoval Encampment Directors Vote For Holiday This Year

Directors of the Christoval Baptist Encampment voted yesterday not to hold the annual encampment this year. Previously they had voted to reduce the time from ten days to one week. The final move was taken to avoid increasing the financial burden of church support this year.

Plans will be made to make the 1933 event greater than ever. This year would have been the encampment's 22nd.

Dr. Marshall Craig of Dallas had been secured for encampment speaker this year, and pamphlets announcing the event had been published.—San Angelo Standard.

## "ROSETIME" TO BE PRESENTED FRIDAY AND SATURDAY NIGHTS AT RITZ THEATRE

The Presbyterian Auxiliary announces that the cast and everything is in complete readiness for the Musical Comedy "Rosetime" that is to be presented at the Ritz Theatre Friday and Saturday nights, July 15th and 16th at eight fifteen.

"Rosetime" is a story of a little country girl who aspires to be a movie star and as lady luck would have it a movie troop looking for location selects the Perkins old fashioned garden for an ideal location—and Rose steps out right in the nick of time and plays right into the picture and the results being that she is immediately signed up with the Hi-Art Film Co. and as most stories go—there is a sweetheart that is left behind. But you will have to see "Rosetime" to really appreciate it.

Twelve beautifully costumed choruses will be introduced through out the play, by Eldorado's most charming and attractive girls. The boys chorus will be seen in 4 numbers. One of the prettiest features of "Rosetime" is the Miniture Wedding, where 16 little tots will take part.

"Rosetime" promises to give you an evening of fun, one you can't afford to miss, one in which you will forget your troubles and laugh—and you will never forget being there. Tickets can be secured from any member of the Presbyterian Auxiliary or at the door both nights of the play.

## Mohair Totaling 15,000,000 Pounds Sold

The National Wool Marketing Corporation announces that they have sold their entire holdings of 15,000,000 pounds of Monair, but did not give out the price that it brought.

At any rate this was the first sale that has been made of any consequent in a long time and ranchmen will undoubtedly be relieved to know that it has sold.

## Livestock Shipment And Sales This Week

Aubrey Baugh and Joe Tisdale, two prominent ranchmen, Sold Wednesday, to Drumm Standish, L. S. Commission Co., of Kansas City, two cars of calves weighing from 375 to 435 and bringing five and five and one half cents. These calves will go to Missouri feed pens and clover patches.

Tom R. Henderson shipped two cars of calves to Drumm Standish L. S. Commission Co. These weighed 325 pounds each and sold for five cents per pound.

## TEXAS INDUSTRIAL ACTIVITIES

American Bottling Co., Corpus Christi, is a new \$48,000 incorporation for the manufacturing of non-intoxicating drinks.

Electric Gin, Inc., is a new 15,000 incorporation, at Haskell to build a cotton gin and warehouse.

For mineral, oil gas, salt brine and other solutions the San Diego Oil Corporation with 30,000 shares of nonpar value has been organized.

The Max Hahn Packing Co. of Dallas, one of the oldest meat packing institutions in North Texas, has been reorganized and changed its name to Neuhoft Brothers, Packers.

Tentative plans for the establishment of a paper mill in East Texas continue to be laid. Experiments have proven that cotton linters and wood pulp from young pine trees in the proportions of 10 and 90 per cent make a very satisfactory book paper. Young pine alone produces a good newsprint and old pine and rice and wheat straw make a good kraft paper. A lot of Texans believe paper mills will be one of the major industrial developments of Texas within the

## Opening His Theatre He Bows To Eternity

(Hobbs News)

Hobbs today counts itself stricken, certainly is stunned, by the sudden demise of the owner of its very newest business enterprise, almost immediately following the opening of its doors to the public. In the limelight of the launching of a new community institution farthest from thought of all is that which comes like a thief in the night to take away—to remove so suddenly after the manner of an eclipse the central figure especially when it is one well known and liked by former associations, about to be renewed.

George S. Gafford, prominent Hobbs citizen, died at a local hospital at 3:45 Thursday morning, from a ruptured gangreen appendix.

Mr. Gafford, who was proprietor of the Ritz theatre, was taken sick Tuesday evening and moved to the hospital Wednesday morning. As quickly as possible he was operated upon about 7 o'clock. He never rallied; his passing was a matter of hours, due to the advanced stage of the affliction.

The body was prepared for shipment in Hobbs, and was taken by hearse to Meadows, Terry County, Texas, where the funeral was held and interment made Thursday afternoon.

Mr. Gafford, who was 36 years old, was born in Sulphur Springs, Texas. He is survived by Mrs. Gafford, a son, Gerald, 16, two daughter, June, 12, and Joyce, 6, his parents, Mr. and Mrs. John R. Gafford, of Trent, Texas, and four sisters, Mrs. Walter Steadman, Miss Mamie Gafford and Mrs. Tom Harding, of Trent, and Mrs. Keltz, of Vernon.

Mr. Gafford came to Hobbs in the early days of 1930, and put in the first picture show with talking pictures. For some time he was associated in business with R. M. Morehead.

The Gaffords left Hobbs in the spring of 1931 and went to Eldorado, Texas, where they lived until about four weeks ago, when they returned to reopen the Ritz theater in Hobbs.

At all times during his residence here Mr Gafford had been respected as one of the leaders in promoting clean community spirit and always favoring what was right. His death should be considered a severe loss to the community.

The Success regrets to learn of the untimely death of our friend and former townsman, George S. Gafford, who recently moved back to Hobbs, New Mexico. The above account of his death came as a surprise to his many friends here. Mr. Gafford and family were proprietors of the Ritz Theater here for over a year and made many warm friends while here.

next decade.

An 80,000-barrel welded tank costing \$18,000 is being erected at Corpus Christi serving the oil fields northwest of that city.

New elevator units to be erected at Amarillo for the Wodley Grain Co. will give them a total capacity of 250,000 bushels of grain. Sanger Milling Co. is building a new elevator on the site of the old roller mill at Pilot Point.

A new lumber mill in Comel County will handle cedar, walnut and cypress timber and make a specialty of the cedar. Aromatic Red Cedar Co. is the name and Gruene Station is the location of the plant.

Universal Mills, Fort Worth, has secured permit for the construction of eight new elevator tanks with capacity of 272,000 bushels of grain. The new units will give that city a total elevator capacity of 15,272,000 bushels, claimed to be the largest of any city in the Southwest.

## Congressman Thomason Visits Eldorado Friends

Congressman R. E. Thomason, has returned from Washington for a few days in the district and was in Eldorado Friday afternoon shaking hands with his many friends here. Mr. Thomason has been on the job working for his District ever since he went to Washington, eight months ago. He is serving his first term and has been a real representative of this people. Mr. Thomason will have no trouble in getting the votes of his district and especially in Schleicher County, as he has always carried a good vote in this county. We do not know Mr. Thomason's opponent, but we do know that Mr. Thomason is a real man, one that can be depended on has met with the approval of the voter of his home town El Paso, is held in the highest esteem by his home people and has made friends all over Texas. The Success voted for him when he ran for Governor of Texas, we like his firmness, we like his politics, and we like the way he votes all public questions.

He said while in Eldorado that the Democratic party had the best chance in its history to win and was bound to win with the two nominees. He believed that many republicans would be drawn into the party this fall. Mr. Thomason did not speak here as he had not previously announced that he would but spent the afternoon in our city meeting old friends and meeting new faces.

Mr. Thomason represents the largest congressional district in the United States, and he is big enough to fill it well, or at least has done a good job so far, and we are willing to return him for the position, and as far as The Success knows there is no opposition to him in this county.

Mr. and Mrs. A. D. Richey of the Self-Serve Grocery, are enjoying a vacation in New Mexico and probably in Old Mexico, this week, leaving Sunday.

Mr. and Mrs. T. W. Johnson were in from the ranch Saturday shopping and visiting.

Mr and Mrs. L. B. Kerr were in from the farm Saturday trading.

R. P. Hinyard was out from San Angelo Tuesday, attending a director's meeting of The First National Bank of Eldorado.

Miss Louise Hinyard, of San Angelo, visited in the DeLong home Tuesday of this week.

BORN—Saturday July 9th, 1932, to Mr. and Mrs. Robert Isaacs, a daughter.

Hugh McAngus was in from the farm Saturday joking with friends and enjoying life. The depression has never gotten his smile.

Vote for Judge William Pierson of Hunt County, for reelection, Associate Justice of The Supreme Court. He is a conscientious and able judge of our highest court and worthy of your support.—Adv.

BORN—June 27th in the Shannon Hospital in San Angelo, to Mr. and Mrs. Clyde Graves, a son.

Don McCormick, who takes care of the Schleicher County Fair horses, has taken them to the Mertzon Rodeo today, helping that city put on a celebration.

Mrs. Carl Runge and Mrs. Otto Schmidt of Mason, Texas, were the guests of Mr. and Mrs. G. C. Crosby, on the ranch, this week.

 We appreciate any item of news you might know. Call 77 and we will do the broadcasting.

JULY 15, 1932

Cattle and sheep also hogs seem to be on the upward climb, and this is the beginning of prosperity coming back, when the value of our stock comes back where it will sell for a profit then will we return to prosperity in this section.

West Texas has enjoyed a flood of water in lots of places, and are now enjoying a flood of prospects for a bumper crop, have a bundance of everything we need except money, and when the Democrats get elected we will have a flood of money, maybe.

We note that our old friend Sam Chaney was one of the people that was in the flood waters at the Cowboy Station last week when two lives were lost. Sam making the trip through the railroad drain and came out below grappling with the Johnson grass. He used to grapple with it on the farm north of town here but he will always hereafter have a kindly feeling for a Johnson grass patch even on the railroad right-of-way. We understand that Mr. Chaney was trying to render aid when he was washed away.

It seems as if, from reading the press dispatches in regard to this big money shortage, that Ferguson referred to under the Ross Sterling administration, was back under the Ferguson administration instead.

The Committee for the entertainment of the old veterans at Christoval the last of this month is out soliciting funds and meats for Eldorado's and Schleicher County's part, and when they call on you, give them a goat or quarter and a smile.

The summer months are here and one night's sleep in Eldorado will be a pleasure you will always remember. The cool nights in dreamland can and will remain with you if you only spend a few on the plateau.

H. M. Freund was in from the ranch Saturday looking after business and enjoying joshing the Editor about his appearance in the gulf of Mexico in a one piece bathing suit. Harry doesn't know it all and will have a hard time finding out just how we did perform in the briny deep.

Mr. and Mrs. W. T. Conner and Mrs. J. L. Neill returned the first of this week from a visit to Leander in Williamson County, where they visited a sister of Mrs. Conners, Mrs. A. E. Woolsey. They also visited Mr. and Mrs. John McLeod of Field Creek on their return home. Mrs. McLeod being a daughter of Mr. and Mrs. Conner.

## Garden Of Experience

F. G. CLARK.  
 DEPRESSION

Every department of life and nature is subject to depression. In the year 1848 Niagra Falls went dry. This was due to a historic drouth that spread over all the drainage region contributory to the great lakes. The crying need of the year was water. If the clouds would only gather in the heavens and discharge their moisture, the depression would be ended at once. But man has no control over the movement of the clouds and so he was obliged to await God's own time to end the drouth. We humans have but little control over the forces of nature.

About all we can do is discover the direction in which their energies are moving, and by putting his machinery in the way of its persistence, sits back and let it do his work. These forces of nature are steady and reliable so long as they are obeyed, and by obedience to them we can secure their services. Obedience to the laws of nature is the secret of applied power. We cannot change the laws but we can, to a certain degree obey them and thus secure their services. God, who is behind the forces of nature, never fails. But God does not manage human government. That is left to us humans and we seem always to make a mess of it. The drouth that dried up Niagra Falls was a mere nothing as compared to the financial drouth that has dried up the prosperity of the whole world. But since man controls his own political affairs, it follows that it is within his power to remedy the evils resulting from his own actions. All he needs to do is to find the trouble and then apply the remedy.

When crops are suffering from drouth, any child can tell you what is needed. When a nation's business is suffering from a financial drouth, it ought to be just as easy to discover the need and apply the remedy. God has sent an abundance of rain, and the fields are growing under a burden of crops. Now if the government will send us a good substantial shower of money, to move these crops we shall do well. The government has plenty of money. All it needs to do is release it. But this seems to be the very thing the government is determined not to do.

If you had a crop burning up for the lack of moisture, and I, alone, could pull a string and release the rain in the cloud above it, what would you think of me if I refused to do it?

Well, the God has hold of the string, and the money is ready to fall. Why isn't it pulled?

Mr. and Mrs. Byran Brown, of Tulsa, Oklahoma, visited in Eldorado last week. They were accompanied by Mr. and Mrs. G. C. Crosby to Villa Acuna Saturday, where they spent the week end with relatives. Mr. and Mrs. Brown returned to Oklahoma the first of this week. Mr. Brown is a nephew of Mrs. Crosby.

L. A. Crooks was in from the farm Saturday looking after business and meeting friends.

Mr. and Mrs. A. B. White were in from the ranch Saturday visiting friends and trading. A. B. has been in the world long enough to see other depressions but has never learned just how to like one. He has a fine crop but just what he will use it for, he does not know.

## Use This Laxative made from plants

Theodore's BLACK-DRAUGHT is made from plants that come up from seeds and grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act—just as Nature put the materials that sustain your body into the vegetable foods you eat. In Black-Draught you have a natural laxative, free from synthetic drugs. Its proper use does not make you have to depend on cathartic chemical drugs to get the bowels to act daily. Find out by trying Black-Draught what a good medicine it is for constipation troubles. In 25¢ paks. (dry). P.S.—For Children, get the new, pleasant tasting SYRUP of Theodore's Black-Draught. 25¢ & 50¢ bottles.

## THIS AND THAT

By Jimminy  
 The air is filled with politician and politics. At every turn one is greeted with, "I will appreciate your vote and support, subject to the action of the Democratic primaries," etcetera. The depression has proved one thing, if nothing else—a lot of people have found out that a public office is not the worst thing in the world to have when times are dull. Nothing proves this more than the number of candidates who have thrown their past lives open to criticism by jumping into the political pot.

The only bad feature in this year's races, from a printer's standpoint, is the parsimony or some of the candidates. They talk freely enough, all right, advertising solicitors say, but when you've said that you have said it all.

The only big money this year lies in the Allard-Calhoun tussle. And believe me, Mister, "thars gold in them thar woods." As one drug store wag puts it, the attorney general's race is a contest of "money versus brains." And the Calhoun crowd has the money, don't forget that. You'd think the boy was a Republican the way money is being used to put him over. If the filthy lucre will win, Clem is a cinch. You can lay your bets accordingly.

In Houston, where the Calhoun organization is active, writers are feeling more prosperous than ever before. Instead of hamburgers, some of the boys are eating fried chicken now. One old boy, who used to smoke more of my tobacco than I did and who hasn't had a dime he could call his own in years, is strutting around town telling about the "big money" he is drawing for writing nice things about Clem and derogatory things about Jimmie. There are some mighty fine writers on Calhoun's side of the fence, including such headliners as the editor and associate editor of two well known Texas weekly magazines.

A well known reporter, who worked one of the Houston papers for years but who was caught in an economy move, is reported to have turned down an offer of \$10 0 a week to write for Clem's organization rather than go against his principles. He says he wouldn't write for anyone whom he could not support, and although he hasn't earned a dime in six weeks, he would rather go hungry than go against his friend Allard. Which doesn't mean a thing, except that with some people money isn't everything.

## THANK YOUR CONGRESSMAN

(Editorial Digest)

The next time you drive into a filling station and buy gasoline, thank your congressman that you do not have to pay more for your "gas." By an innocent mistake he has saved you from paying the one-cent federal tax on gasoline—temporarily at least.

Through an oversight, Congress passed a gasoline-tax bill that was not foolproof. And the President had hardly signed the bill making it a law before big oil men were in Washington with a "loophole." Here's how it works: The law provides that after June 21 the "producers" and "manufacturers" of oil and gasoline must pay a tax. It doesn't say anything about "distributors." That's the loophole. Gasoline bought before June 21 is tax free. A treasury ruling upheld this construction of the law.

So, having got their construction of the law, the oil companies started in to buy enormous quantities of gasoline. It did not have to be moved, all that was necessary was possession of title. Experts estimate that a nine months supply was bought up in this way before June 21. The reasury officially estimates this oversight on the part of Congress has cost the government \$32,000,000.

The question now is: Who will get the benefit of the error, the oil companies or the consumer? If gasoline goes down the consumer will benefit. If it goes up the oil companies will benefit. The retail price remains the same the oil companies will still have the advantage—the retail price per gallon has advanced several times in the past few months, which should take care of any tax they may have to pay.

**WANTED: Reliable man** between ages of 25 and 50 to supply old established demand for Rawleigh Products in Schleicher County. Other good Localities available. Surety Contract required. ## TEXANS AT CHICAGO

(Texas Opinion)

Some people never will be convinced that his fellow Texans did not sacrifice John Garner upon the altar of Franklin D. Roosevelt's ambition for the presidency.

With naught save the newspapers and radio to connect us with the Chicago convention, it did appear that a staunch stand through two or three more ballots might have turned the tide toward Garner. Upon the other hand we were not permitted to see what happened in the "smoke-filled" rooms where the political master minds really determined who should be the standard bearer. The stampele from Roosevelt, had it come, might have been to Ritchie, Byrd, Baker or Traylor. By trading as and when they did, the Texas delegates may have named a vice-president instead or nothing at all.

Since we do not have the facts, and probably never will have them, it is not fitting that we be too critical of the men and women who represented Texas democracy at Chicago. They may have opened doors which some day shall lead John Garner to the higher place and larger responsibility for which he is so eminently fitted.

Mrs. Velma Calcote was among the out of town shoppers and visitors that were in the city Saturday.

Mr. and Mrs. S. D. Harper were in from the ranch Saturday visiting friends and trading.

L. E. Clement was in Eldorado Tuesday from Station A.

Instead of bothering with trick guarantees, phony inducements and special deals, smart car owners ask themselves:

Why buy any SECOND-CHOICE Tire when FIRST-CHOICE costs no more?

**Right now** you car-owners are "sitting pretty" . . . You can buy more safe, comfortable, trouble-free mileage for a dollar than in any previous summer . . . You don't have to put up with second-choice tires for reasons of economy, because first-choice tires cost you no more! . . . Goodyear Tires—the kind we sell—are first-choice here, throughout the state, throughout the nation, by more than 2 to 1! . . . They outsell all others not because of any trick guarantees, or phony inducements, or special deals, but simply because they give people the biggest money's worth, and people know it! . . . Don't be argued out of the benefits to be had from the leading tires and our service.

We Have All Helped  
to Make **ELECTRICITY**  
your most inexpensive servant

The West Texas Utilities Company strives constantly to provide electric service more economically. That's one reason why your electricity is so inexpensive today.

There is another reason. With the rate schedule arranged so that the unit price is less with each additional use, our customers have reduced their own average rates by applying electricity to more and more of their household tasks.

This working arrangement between customer and company makes electric service constantly more useful and constantly lower in cost. As you make fuller use of the service, your rate is always going down.

**West Texas Utilities Company**

**VECK FLORIST**  
San Angelo, Texas  
Mrs. J. D. McWhorter representative, benefit of the Methodist Church.

Mr. and Mrs. Ervin Mund were in from the ranch Saturday shopping and visiting friends.

Our customers' interests are our interests.

**First National Bank**  
Eldorado, Texas.

**THE FOUNDATION OF PROSPERITY**

When national publications are appearing at from one-half to one-third of their inflated, post-war size, the Bryon Times, published by Harry Hammond, at Byron, California, comes out with its 166-page 1932-1933 deluxe development edition showing the record of progress that is being made in Central California.

It would pay anyone to read this edition just to see that the future of the United States does not depend on the stock market or the politicians—its destiny lies in the hands of the producers of the products which provides necessities for our 125,000,000 population as well as a large part of the rest of the world.

This special edition pictures in minutest detail the activities that maintain the payrolls, provide the food and clothing and furnish the taxes to maintain government. Anyone reading it can see what a wonderful work a live publisher in a farming and manufacturing community can do to build pride in local institutions and industries.

California owes a debt of gratitude to Editor Hammond and his able co-workers who have brought to the front such a record of assets upon which the future and prosperity of this nation rest and will go forward.

**AN EASY CHOICE**

The future of agriculture is dependent on the choice the individual farmer makes today—whether he cooperates with his fellows, for the common good, or whether he continues to do business as a separate entity in a world in which cooperation, in all lines, grows steadily more necessary.

The latter course means continued low prices, a declining market, general demoralization of his business. The former course means eventual prosperity and a sound and progressive agricultural structure.

The choice should be an easy one. The line is sharply drawn—between cooperation and bankruptcy.

Milton Baugh was in from the ranch Wednesday bringing in some fine calves for sale and shipment.

B. F. Jones of the Rudd neighborhood was among the ranchmen that transacted business in the city Saturday.

**Take a Pinch of BLACK-DRAUGHT For Distress After Meals**

He had suffered distress after meals, but by taking Theford's Black-Draught he was relieved of this trouble, writes Mr. Jess Higgins, of Dawsonville, Ga.

"I had sour stomach and gas," Mr. Higgins explains, "and often I would have bilious spells. I read about Theford's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

**POLITICAL "GUESSES" COST PUBLIC DEARLY**

According to L. A. Downs, President, Illinois Central System, some bad guessing in 1913 has cost the people of the United States approximately \$185,000,000. The guessing was embodied in the Railway Valuation Act.

The proponents of the Act guessed that the railroads could be valued in two years; that the total cost would be less than \$3,000,000; that the railroads would be shown to be greatly overcapitalized; that the government would be able to regulate rates so as to yield the railroads a fair return; that the users of transportation would save around \$1,000,000 a day.

Still quoting Mr. Downs, the corresponding facts, produced in the past 18 years, are: The valuation has not been completed; cost to taxpayers has been more than \$40,000,000 and to railroads \$145,000,000—a cost which has necessarily been reflected in railroad rates; the value of the lines has been determined as substantially greater than their capitalization; the railroads have not earned a fair return, and are now one of the most depressed of all businesses; no public saving has resulted.

Political "guesses" are expensive for the taxpayers, not the "guessers." One wonders if those who are now guessing at the cost of new governmental activities are as uniformed on costs as the advocates of the Valuation Act in 1913.

Mr. and Mrs. W. H. McClatchey and daughter, Miss Mable, were shopping and visiting in the city Saturday from the ranch 8 miles northeast.

Felix Susen was among the ranchmen that transacted business in the city Saturday afternoon.

Mrs. Otis Smith and daughter Miss Corinne Smith, of Brownwood, are visiting in Eldorado this week. Mrs. Smith is a daughter of Mrs. S. W. Holland and a sister of Mrs. Sam Oglesby Jr. of our city.

**It Pays You**

To be a regular customer of West Texas Lumber Co.

We are here to serve you and we appreciate the opportunity to do so.

**West Texas Lumber Co.**

Quality and Service

**Telephone Service**

When your Telephone Service is not what you think it should be, Telephone us at once. We deem it a favor, as we are prepared to render GOOD SERVICE.

And anxious for you to have good service.

**SAN ANGELO TELEPHONE CO.**

Mr. and Mrs. A. B. Crosby were in from the ranch Saturday visiting and meeting friends.

Hop Cheatham was croqueting in the city Saturday, and it is being whispered around town that he went home Saturday night and forgot his groceries.

Perry Johnson was among the stock farmers that were in the city Saturday. Mr. Johnson is always having a good time and one of the enjoyments he pursued while in the city was to renew his subscription to The Success thereby making it a pleasure for two.

**TEXAS RAILROADS PAY SUBSTANTIAL PART OF STATE'S TAX BURDEN**

● Taxes is one of the large fixed charges connected with the operation of Texas railroads. From the standpoint of the welfare of state, counties and communities, railroad taxes are of much importance. This annual obligation must be met from the earning capacity of the rail carriers.

In 1931 the railroads of Texas paid a total of \$8,303,108.47 in federal, state, county, municipal and miscellaneous taxes. The distribution of this amount to the various tax funds is shown below:

	Amount Paid	Per Cent of Total Tax Paid
U. S. Government.....	\$ 61,270.13	.74
State .....	1,954,435.47	23.54
County .....	1,146,669.97	13.81
Roads .....	1,699,764.15	20.47
Improvement Districts.....	175,606.87	2.12
Schools .....	1,437,152.74	17.31
Cities .....	1,792,994.61	21.59
Miscellaneous .....	35,214.59	.42
<b>Total .....</b>	<b>\$8,303,108.47</b>	<b>100.00</b>

It can thus be seen that railroad taxes represent an important and indispensable factor in the economic life of our state. They help in a large measure to pay the expense of our state, county and municipal government, build and maintain highways, pay the cost of drainage and other improvements, and support our schools and educational institutions.

It is the desire of Texas railroads to extend this helpfulness to Texas counties and communities in carrying this heavy burden. However, their ability to meet these obligations as they become due depends upon their ability to earn sufficient revenue with which to pay this and other heavy expenses connected with their operation.

● RAILROADS HAVE ALWAYS SHOULDERED THEIR SHARE OF RESPONSIBILITIES TO THE NATION, THE STATE, AND THE CITIES AND COMMUNITIES THEY SERVE, AND WILL CONTINUE TO DO SO TO THE EXTENT OF THEIR ABILITY.

**THE TEXAS RAILROADS**

## SLOGANS

(Texas Opinion)

In the slogans of Texas cities can be read quite an interesting story of a very interesting state. For instance: Mission—Home of the Grapefruit; McAllen—City of Palms; Mineral Wells—South's Greatest Health Resort; San Antonio—Where the Sunshine Spends the Winter; Fort Worth—Where the West Begins; Houston—Where Seventeen Railroads Meet the Sea; Palestine—The City Beautiful; Amarillo—The Helium City; Waxahachie—Queen City of the Cotton Belt; Lubbock—Hub of the Plains; Sulphur Springs—Where the Fruit Belt Begins; Borger—Carbon Black Center of the World; Galveston—Treasure Island; Clarendon—In the Green Belt of the Parhandle.

Almost as interesting are some of the newspaper slogans. For instance: Dallas News—Texas' Oldest Business Institution; Alamo News—Independent but Not Neutral; Lubbock Avalanche—Starts the Day on the South Plains; Abilene News—West Texas' Newspaper; Denison Herald—Tells the World About Red River Valley, Tells Red River Valley About the World; Brownsville Herald—The Valley First, First in the Valley; Three Rivers News—Each Issue a Boost for Live Oak County.

Bill Booth sold this week the 16 head of cattle that he has had on feed since early spring, receiving 5 1-2 cents per pound in Fort Worth. He also shipped 21 head of hogs which weighed 250 pounds each. These he has also fat tened on feed that he raised on his farm.

## We Want To Handle Your Wool And Mohair

The Sonora Wool & Mohair Company solicits the Wool and Mohair business of Schleicher County.

We keep in touch with the market at all times and closely connected with all Eastern buyers.

Wool and Mohair shipped to Sonora has the same rate to Boston as from San Angelo.

We will sell directly or will place with Co-ops, as producer wishes.

We handle Wool Bags, Fleece Twine, Sewing Twine, Marking Liquids and Fly Repellent.

Officers are  
Ed C. Mayfield, President  
W. A. Miers, 1st Vice-president  
J. N. Ross, 2nd Vice-pres.  
R. A. Halbert, 3rd Vice-pres.  
A. C. Elliott, Sec't and Treas.  
J. H. Evans, Manager.

Mrs. Sallie Murchison, formerly of Eldorado, but now living on a ranch near Fr. Stockton with her son, Bob, visited in Eldorado last week. While here she was guest of Mrs. G. A. Neill and Mrs. C. C. West.

Reuben Neill Dickens celebrated his 1st birthday this week, Wednesday July 13th, in Eldorado. He had a birthday cake with one candle on it, and had as his guests, Jean and Jack Neill and Viola Bule.

THERE WAS A REASON  
Now comes our friend H. G. Parker, one of our prominent merchants, and reports that in his travels last week he went into Old Mexico and did not drink, not even a bottle of beer. Upon close questioning we found he was accompanied by his wife. There was a reason.
