

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXII

Eldorado, Schleicher County, Texas. Friday, July 29 1932.

No. 31

Huge Sale Of Mohair Cheers Local Growers

Good news for mohair producers in Schleicher County is seen in the announcement by Sanford Mills and the Goodall Worsted Company of Sanford, Maine, world's largest mohair weavers, of the purchase from the government of 14,500,000 pounds of mohair. This is the largest single sale of mohair in history. The amount is equal to the average annual clip for the United States.

The encouraging point for local growers is the fact that both of the mills concerned have recently gone on record in behalf of quality mohair fabrics as opposed to the disastrously low grade materials which have hurt the entire mohair industry from the misused product to the raw neeces.

The "quality platform" established by the mills has won wide endorsement in the furniture, automobile and other industries and the pledge to keep mohair products from further quality debasement is regarded as a constructive step greatly beneficial to growers.

"The purchase is in harmony with our announced decision to produce more products of high quality and thereby give the industry a constructive boost," read a joint statement given out by W. H. Mariani, president of Sanford Mills, and James Campbell, president of the Goodall Worsted Company. "It is the largest single sale of mohair in history and gives evidence of our confidence in the future of the industry. It gives promise to the mohair grower of a continued market for his raw product and it gives notice to the upholstery industry that better quality velmo and mohair plush are going to be produced henceforth. Since a large part of this mohair will be consumed by the Goodall Worsted Company, this purchase is also significant to the Palm Beach suiting industry and allied lines."

It was at Sanford Mills, fifty years ago, that the world's first power wire loom for weaving mohair velvets was invented. This development laid the foundation for the present extensive mohair industry in this country as mohair velvet, because of the slow and costly hand methods of weaving previously in vogue was too expensive for the average man. In the early days of the mohair industry, Sanford Mills encouraged growers in the section to produce better fleeces, bought single fleeces as well as larger quantities and in other ways constructively fostered the industry throughout the state.

Notice To Sheepmen

I am representative for the Dr. Roundtree Stomach & Tape Worm Sleep Drench, priced 2c per head, guaranteed.

E. N. EDMISTON,
Eldorado, Texas.

TO THE VOTERS OF SCHLEICHER COUNTY

I hereby wish to acknowledge my thanks to the ones supporting me in the last primary election, and I have no malice toward any who were unable to support me.

RUTH ESPY

Mr. and Mrs. S. D. Harper were visiting in the city Saturday.

Christoval Suffers \$15,000.00 Fire Loss

Fire of unknown origin destroyed the Williams Hotel early Sunday morning at Christoval and the adjoining building, a drug store owned and operated by C. S. McMillian. The fire was discovered by a cook that came down early to build a fire, when the fire was discovered it was burning in the upper story and was thought to have started in a room occupied by the contractor who is building the bridge at Christoval.

Mr. and Mrs. George Williams carries some fire insurance and Mr. McMillian carried some on his fixtures, but had none on his building. The loss was estimated around \$15,000.00.

T. W. Clark Makes Bond

T. W. Clark, who was arrested last week in the Leaman's Store robbery, made bond in the sum of \$500.00. Wallace Bailey of Miles, remains in jail.

We understand since our last publication that Lum Davis was the man that discovered the men in their attempt robbery and reported same to Mr. Graves, who followed the men north accompanied by Lum Davis and made the arrest. Mr. Conner being out of town at the time.

TO THE VOTERS OF SCHLEICHER COUNTY

I wish to express my thanks for the large vote given me in the July 23rd primary, and I solicit the vote and influence of all in the next primary of August 27, on my past record. Assuring you I am very grateful for the trust bestowed upon me.

Respectfully,
DON McCORMICK

A WORD OF APPRECIATION

I wish to express my sincere thanks for the support I received at the polls in the July Primary, and in case I am still a candidate after the official count Saturday, I will appreciate your vote and influence in the August Run-off Primary.

CARROLL G. GREEN

TO THE VOTERS

I want to thank the voters for the vote and confidence extended me in the Saturday's primary. I sure appreciate it, and I want you to know that I am sincere. To those who did not vote for me I had no ill will whatever. Again thanking you, one and all,

Sincerely,
MRS. ELLEN E. CLOUD

THANK YOU

I wish to express my deepest appreciation for your support in the re-election to the office of County Treasurer.

Yours to serve
MRS. A. E. KENT

W. T. GREEN EXTENDS THANKS

I take this means of expressing my thanks to the voters of Schleicher County for their support tendered me in the recent primary. And to those who did not support me, I congratulate you in your victory.

Miriam A. Ferguson Leads R. S. Sterling

The latest election returns given out by the State Election board gives Mrs. Miriam A. Ferguson a lead of 100,000 votes over her nearest opponent R. S. Sterling, and the vote is not yet complete. The total vote cast this year that has been accounted for exceeds any other election ever held in the State, and the count shows 864,908, cast as follows:

Ferguson 364,625
Sterling 264,954
Hunter 198,545

Scattering votes for other candidates for Governor runs around 40,000 votes. Which makes a run-off between the Fergusons and Ross Sterling as it was two years ago, with about the same lead according to the votes cast, probably a little larger for Mr.

C. N. Snaver continues to lead L. A. Woods for State Superintendent, Shaver 371,602 and Woods 362,968. There will be no run-off in this office.

Many other State offices will have a run-off in the August Primary.

The above returns are not complete but show the vote from the election bureau from 251 counties out of 254 and shows only 181 complete. But it is conceded that there will not be any material change in the remaining counts.

King's Comedians Coming Saturday Night

The R. A. King Jr., Comedians of San Angelo, will be here Saturday night to give a play, "Sainly Hypocrites and Honest Sinners" at the local Theatre, under the auspices of the Eldorado Cemetery Association. Mr. King is well known here and always gives a good play. The Cemetery Association will receive a portion of the proceeds from this play.

A. B. (Buck) Bailey, who has been visiting his father here for the past several weeks, left Monday for California to attend the Olympic Games there. Then he will return to his work at Pullman Washington, where he is coach in the Washington State University. Mr. Bailey is a lover of sports and enjoys actually playing in the games himself, and always helps the local baseball team each summer while he is at home. He understands the game so well himself that it always pains him to see an error in the game, and has something to say when they occur, such as "He got Billious waving for the ball to fall in his hands". Anyway, his home coming each summer is always looked forward to by many of the local fans, as well as his aged father.

Crowd Throngs Election Board At The Success Office

Beginning at the closing of the polls Saturday The Success began to furnish the anxiously awaiting crowds the election news, from the various county precincts, the Eldorado box furnishing the first sensation of the evening when they announced the returns that were counted up to seven o'clock. The Success had gathered all the boxes by 10:00 o'clock except the Eldorado box, which finished its counting at 3:15 A. M. Sunday morning, but The Success remained on the job and placed the returns on the bulletin board just as soon as the count was finished, and quite a few were still on the ground awaiting the final returns.

The State news was broadcast on Main Street in front of The Success office from our radio from The San Antonio Express and The Star-Telegram and Dallas News every 15 minutes, just as the returns were given by those stations. The early returns indicated that Mrs. Ferguson still controlled a large vote and she led the ticket from the first counting.

The local election was very quiet and polled the largest vote ever cast in this county.

Eldorado Defeats Rowena Sunday

The Rowena ball team met a hard nine Sunday when they played the Eldorado Team on the local field. Eldorado swamped them 7 to 1. This makes the Eldorado team standing almost at the top.

The Eldorado Team will play Lake View at San Angelo Sunday.

GRANDMOTHER DIES

Mrs. H. G. Parker returned Saturday from Robert Lee, where she had been with her sick grandmother, who died Thursday of last week and was buried Friday. Mrs. B. F. Tubbs was 85 years old, and was the mother of eight children, six of whom are living.

Mrs. Parker's friends here extend sympathy to her in her bereavement.

STERLING CHOOSES HUNTER'S HOME TOWN FOR OPENING SPEECH

Governor R. S. Sterling has announced that he will make his opening address at Wichita Falls, the home of Tom F. Hunter, his address will be made tonight (Friday).

Mr. Sterling says it will be a repetition of the same fight two years ago and that he will win again. He has the utmost confidence that his will be an easy victory.

Schleicher County Polls Heavy Vote

The Democratic Primary last Saturday brought out the largest number of votes ever polled in Schleicher County. All races in the county where three or more candidates for the same office will have a run off.

Sheriff Conner had no opposition. H. W. Finley and F. M. Bradley will be in the second primary for the run off for County Judge. W. N. Ramsay and Leah Belle Davis Muller will contest for the County Clerks office. Carroll G. Green and Don McCormick will be in the run off for Tax-Assessor. A. P. Bailey and Ovid Wade will finish the run off for Commissioner of Precinct One, and W. T. Whitten and T. C. Meador will continue in the run off for Commissioner in Precinct Four. Saturday was an ideal day for voting and although the interest was not any too lively, the voters took advantage of the beautiful day and went to the polls.

The Submission question was not submitted to the people of this county and there was no vote on same.

H. C. Barnston won over his opponent T. W. Talbot, in Precinct Two for Commissioner, nosing out ahead by two votes.

Forrest Runge of Precinct 3, had no opposition for Commissioner in his precinct. He was returned also as precinct Committeeman of his precinct; G. C. Crosby was re-elected Committeeman from Precinct two, and E. C. Hill was elected County Chairman.

The Democratic executive Committee will meet Saturday and canvass the returns and make official announcements of the results, but The Success for the past 25 years has been gathering the election returns and our results have always been correct and we believe they will be found correct this year.

OIL WELL NEWS

Eastland and others No. 1 Joe Tisdale, is broken down and waiting on repairs Thursday. This well has been in trouble almost constantly since February, and has made no new hole, has been fishing and cementing and trying to remove lost tools.

The Stanland Oil Co. No. 1, W. H. Williams, cemented last week and are drilling out cement this week trying to get by lost tools and drill stem lost when the rig burned late in the winter. They have made no new hole but are at active work trying to pass the old tools.

The W. R. Nicks near Eldorado is still inactive, but preparations are expected to be completed in a short while to finish the well to 6,200 feet or perhaps deeper.

All three of these tests have been promising for producers and if ever completed might bring the Schleicher County a great oil boom. All three have had lots of trouble in drilling and one has been in financial trouble almost from the beginning, but we hope a brighter day awaits all three projects.

SAM HARKEY WINS IN IRON COUNTY

Sam Harkey, who has served Iron County for two terms, was re-elected in Saturday's Primary for another term.

T. A. KINCAID RESIGNS

The Executive Committee of the Sheep and Goat Raisers Association met in Sonora Thursday to consider the resignation of T. A. Kincaid, who has served as President of that organization for several years, and has placed his resignation before the organization, which will be acted upon at the Sonora meeting.

Mr. and Mrs. L. T. Wilson were in from the ranch Saturday buying supplies and picking out the winners in the primary election.

Tom Hunter Carries Schleicher In Governors Race

Tom Hunter an unknown quantity in the governors race came to the front in Schleicher County by leading the ticket over Sterling and Ferguson. Mrs. Ferguson trailing the ticket in this county. The total vote received by each candidate was as follows:

Tom F. Hunter 258
R. S. Sterling 235
Miriam Ferguson 212

Alfred had the lead over Calhoun by a big majority in this county.

Congressman Thomason, present incumbent, received 405, and Dan M. Jackson, his opponent, received 58 votes. As this is written there is two small boxes missing in this race, that is The Success failed to get them.

Miss Lucile Clement Wins Honors In Swimming

Miss Lucile Clement, daughter of Mr. and Mrs. L. E. Clement, of Station A, went to San Angelo Sunday and contested in the West Texas swimming association inaugural meet at Ben Ficklin.

Miss Lucile won first in three events, and it being her first appearance in a public swimming contest. Station A has a nice pool at the station for swimming but it was Miss Lucile's first time in deep waters like the swimming place at Ben Ficklin.

The Success congratulates Miss Lucile. Her time was 45.5 in 50 yard dash. She won in the 100 yard dash and made the 50-yard backstroke in 1.1.

TO THE VOTERS OF SCHLEICHER COUNTY, TEX.

I am taking this method of expressing my hearty appreciation to those of you who gave me your support (in the recent Primary) in my candidacy for the office of County and District Clerk. That Loyalty to me has engraved a picture on my heart, and will always be cherished as one of the most delightful experiences of my life. It represents true friendship, which I value more than anything else.

Toward those who voted for my opponents I have not the slightest ill feeling. The great thing about our American Democracy is that each individual has the free right to do as he thinks best.

I made a clean race; I conducted myself and my campaign as any gentleman should. I worked very hard trying to see all of you, and I am glad to have made the acquaintance of so many good people. I hope that acquaintance will grow into a pleasant friendship as we know each other better. All of my opponents were my friends before they became my opponents, and as far as I know, the same good feeling exists.

According to the count of the votes I shall not be in the run-off. But Eldorado is my home, where I shall continue to live. I shall be glad to see any voters in the County at any time; and if I can serve you in any way, it will be a real pleasure to me to do so.

Very truly yours,
D. C. ROYSTER

Stock Sales

Williams & Evans bought this week 19 head of steer yearlings from George Sofgee at \$22.50 per head.

R. A. Evans reports the sale of 430 head of ewes, for C. M. Reynolds at \$1.00 per head, with the sprung mouth ones going at 50 cents per head. These sheep were sold to Mr. M. T. Cole of Denton, but will be shipped to his ranch near Glade-water, Texas.

Miss Dorothy Clift, of Robert Lee, is visiting her friend Miss Inez Cobb this week.

JULY 29, 1932

This year has been an exceptionally hard year on office holders, and especially among the state and national officials. People are demanding of them things which they have no control of. The Governors race in Texas is a good example, two years ago when the present governor was elected the state of Texas was about \$11,000,000 behind, if the state auditor's report is true today the State only owes about \$400,000. Yet the people saw fit to rise up in large numbers and oppose this man who has almost whipped out the deficit, and put the state on a cash basis. Two years ago, we years ago we our selves did not support Sterling but we confess at this time that he has made a good governor and why we should not return him for another two years is beyond our imagination. The Success supported Sterling in his run off campaign two years ago and will be found for him this year.

We have no criticism to offer for the Fergusons. They have both held the Governors office, one was impeached, the other was defeated for the acts performed while Governor, and has been running ever since. This however, is their perfect privilege to continue to run. The office belongs to the people and who ever they see fit to elect can serve as long as they are not impeached and forbidden by the law.

R. E. Thomason, our present Congressman from this District, was returned to his post with an overwhelming majority. The reward for the faithful has given evidence in his case. But his service in Congress is in keeping with his service in Texas, while he served in public life in our State. He has lived a clean private life and his public life has been just as clean. Such men as Mr. Thomason are needed in law making body of our nation and the handling of our National affairs and we trust that the voters of this county will never regret the nice vote extended Mr. Thomason in the primary election Saturday.

Some beneficial rains have fallen this week in Schleicher County. Last Friday morning the region west of town some six to ten miles received a good rain. Sunday afternoon, the country north of Elorado thru the old Vermont ranch running east and west for several miles. Just north of Eldorado at the A. K. Bailey ranch the water ran over the highway in several places.

Two years ago in the run off campaign between Sterling and the Fergusons, Schleicher County gave Sterling 413 and Ferguson 255. Small carried the county in the first primary by a big majority.

Tuesday was cleanup day at the Eldorado cemetery and quite a few people went out and worked all day in the cemetery, and had a few Mexicans to do some street and alley cleaning out there. Lunch was carried and the entire day was spent in work and beautifying.

PROSPERITY

The present slow rise of stocks is an especially good sign since the stock market is usually depressed during the summer months, even in times of prosperity. Starting on the upward climb in July ought to encourage business and markets for all kinds of produce.

Two panics always follow a great war. We had the first in '21. That was the short one. This one beginning in '29 is the long one.

Our last long war panic followed the civil war. The short one in '66 and the long one began in '73 and lasted six years.

But things moved slower 50 years ago and we can expect this one to break sooner. In those days people traveled by wagon and mule team at four miles an hour, and now by auto at 40 miles an hour and everything else moves with like increased celerity.

The machine that aids the compositor to set this article in type and the press that prints it are good examples of increased speed.

But do not expect prosperity to come back at express train speed. The depression we are in is far more serious than any in the past. Other depressions usually effected a single country, while this one is world wide and the drag back burdened with such a load, will necessarily be slow.

In the mean time watch the stock market, for it is the best business barometer we have. Is there a financial storm brewing?

The stock market is the first to sense its coming and hunts its hole accordingly. This power to foretell coming changes in business conditions is difficult to understand how the hog in your pen senses the coming storm 24 hours ahead and prepares his warm nest against its power, and the farmer is wise who notices the sign and governs himself accordingly. If the business world had read the signs aright, in the fall of '29, much of the hardships we have endured might have been avoided.

Now, if we read the signs aright we may easily benefit by returning prosperity. Put away your mourning and get out your gala attire, for the time of business redemption is at hand.

Infertile Eggs wanted. If you have strictly fresh gathered infertile eggs, see me before you sell.

Mr. and Mrs. Blane Sammons had as their guest, Miss Ouita Mosley, of Brady, on Thursday and Friday of last week. Miss Mosely was enroute to the Olympic Games to be held in California the last of this month. She will visit in Omaha and Lincoln Nebraska before returning.

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Theodor's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Theodor's Black-Draught is one of the TONIC laxatives, tending, as it does, to establish a regular habit of evacuation.

ON TEXAS FARMS

By W. H. Darrow
 Extension Service Editor

A grocery bill not exceeding \$2.50 per month for the last three months is the way Mrs. J. A. Hamilton of Nueces county describes the benefit of her work as a 4-H pantry demonstrator which has resulted in 727 cans of food of 30 different varieties.

Vegetables for a family of 11, and \$30 in cash used for supplying her sister with needed medical attention have been made from a garden by Hazel Clements, 4-H club girl in Bowie county.

A woman may dress appropriately for small cost, eight wardrobe demonstrators in Mason county home demonstration clubs have proven. One year's clothing ranged in cost from \$2.60 to \$40.97, with an average of \$17.89. All demonstrators made budgets, kept records, used foundation patterns in making their own clothes and improved their clothes closets.

Clyde Carruth, Gray county dairy herd demonstrator, doesn't see how he could run his dairy without a silo. Last year he dug a trench silo and filled it with 85 tons of sorghum and hegar. He averted a drop of 25 per cent to 50 per cent in production last winter by feeding ensilage while wet weather kept his 15 cows off wheat pasture 2-1-2 months.

Six months extra graxing more than repaid N. P. Pace of Denton county for the labor and investment in clearing and planting a piece of bottom land to a clover and grass mixture last winter. He has asked further help from the county agent in improving more pastures with the view of turning his 400-acre farm into a profitable stock farm.

A. B. Crosby was in from the Crosby ranch at Mayer Monday.

STATE FAIR

A television show is planned as part of the State Fair of Texas Radio Show for 1932, it has been announced here by Holmes Green, director in charge. The radio show will feature a broadcasting studio, short wave broadcasting, the television show, and all late model radios for the home.

Practically every line of manufactured goods will be on display in the Texas Manufacturers Exhibit which is now being arranged for the 1932 State Fair of Texas, it has been announced by Col. W. E. Talbot, managing director of the Southwest Development Bureau, under whose auspices the show will be held. The Texas Manufacturers Exhibit will be in the Main Exhibit Building and has been limited to only those goods which are actually made in Texas. Two hundred exhibits are expected.

A new entrance to the Poultry Building at the State Fair of Texas will house an aquarium and display tanks for water fowls, it has been announced by Walter Burton, superintendent of the department. In addition

RED CHAIN Egg Mash

PUTS IN THE EGG BASKET

WHAT OTHERS PUT ON PAPER

A fair feeding test of RED CHAIN is the best way to clear up conflicting claims about egg mash... Talk is cheap--and anyone can find nice words in the dictionary. On paper most feeds claim "more eggs at less cost"--but RED CHAIN actually does what others claim to do! Don't buy your egg mash for what it does on paper--buy it for what it puts in the egg basket... Feed RED CHAIN to your own hens and see the difference between claims and results. It is the unequalled quality of RED CHAIN Egg Mash that makes it the cheapest egg producer--regardless of price.

SELF-SERVE

Grocery

TWO MONTHS' WORK FOR NOTHING

How would the average citizen like to work 61 days without any pay whatever.

The answer is that he wouldn't like it at all. But that, in effect, is what he is doing. Sixty-one days' work out of each year is required to pay the cost of government. In 1924 it was 46 days, and in 1913 about 25 days.

The ratio is constantly rising. Carried to the inevitable conclusion, it means that in the not too distant future, the taxpayers will be working for the tax-eaters all the time, and for them

selves not at all. Every time a new bureau is created, every time a new department comes into existence, a little more of the money we earn finds its way into the Treasury.

As President Hoover has said, to continue on the tax road we are traveling is to impoverish the nation. In the last 16 years the cost of government has increased nearly 150 per cent. The results are found in hoarding of capital, industrial retrenchment, unemployment. The tax issue, in all its phases, is one of the most important problems the American people have ever faced.

Mrs. Dobbs Locklin and daughter of Sheffield are visiting in Eldorado this week, guests of Mrs. Locklin's parents Mr. and Mrs. J. T. Jackson.

Modern Electric Refrigeration Will Help You Cut Expenses

Acclaimed for its convenience, its value as an essential health safeguard and for the delicious desserts and salads available through its use, modern Electric Refrigeration is a household necessity for yet another important reason . . . the substantial cash savings it will bring you.

With Electric Refrigeration, "left-overs" are not wasted . . . but safely and conveniently preserved for future use in novel and tasty dishes. And in addition to the economies realized in this manner (statistics show that over 10 cents a day is lost by throwing out usable "left-overs"), further savings can be made through the safe refrigeration of "bargain day" quantity purchases . . . through buying larger sizes of canned goods—at a much lower cost per ounce . . . and through the elimination of food-spoilage.

These important savings are possible with Electric Refrigeration because the constant low temperature necessary for the safe preservation of perishable foodstuffs is maintained automatically.

Let Electric Refrigeration help you cut expenses. Ask a salesman to show you our new models . . . or see your nearest electrical dealer . . . Today!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

West Texas Utilities Company

COOPERATIVES GROW

Cooperative marketing continues to grow steadily, thus making possible the orderly distribution of agricultural products, strengthening the farmer's position in the terminal market and developing a credit system which will make the farmer more independent.

During the 1930-1931 season cooperatives handled nearly \$2,500,000,000 of farm products, according to the Federal Farm Board. More than 1,250,000 farmers of the nation's total of 6,000,000 are members of cooperative associations. Some 12,000 separate cooperatives are in existence. California ranks first in the volume of cooperatives business, with Minnesota, Illinois, Iowa and New York following in the order named.

The entire success of the cooperative movement depends on the individual producer—on his loyalty, faith and support of the movement. He must make certain concessions and sacrifices for the sake of the common welfare. He must stand solidly behind his organization and bring his neighbors into the fold. He must not allow himself to be swayed by unthinking or prejudiced criticisms of the cooperative idea.

Strong cooperatives mean prosperous farmers. Weak cooperatives mean continued agricultural distress. The growth and development of the movement during the past year or two is one of the brightest spots in the economic and social picture.

WORKING ON THE HIGHWAYS

Without raising their road budgets, many states are greatly increasing the number of men employed on road projects. This is done, not by reducing rates of pay, but by shortening the working day and giving part-time work.

During April, 1931, 10,102 men were given work in Pennsylvania, as against 26,780 this year; Illinois provided employment for 8,866 last year, as against 14,155 this April; Oregon employed 3,537, as against 11,821. Other states show a similar condition.

Further, it is estimated that there are two employes behind the job to furnish the materials, for each man actually engaged in road work.

Road work is easily the best available means of employment "relief". More of the road dollar goes to labor than any other construction dollar we spend. Most important, money expended for roads is not to be confused with funds simply appropriated to give temporary aid to distressed families. There is not a state in the country which is adequately supplied with good roads and the money spent is a definite, profit-making investment for the future.

Good, weatherproof, bituminous surfaced roads, suitable for modern traffic, can now be built for less than one thousand dollars a mile. At present prices, roads are on the bargain table, and when we build them we are doing much to solve the most important of all our problems—that of unemployment.

Kill-Ko Kills Flies. For sale at WRIGHT'S CASH STORE

Well is is over. Did it go like you thought it would?

Edgar Spencer was in from the ranch Saturday looking after business and trading.

Marion McDonald was in from the ranch Saturday looking after business and trading.

Mr. and Mrs. H. Matthews were in from the ranch Saturday visiting and buying supplies.

Now the first primary is past and we can devote more time to the second primary, and the candidate who did not get in the second primary is beat one already.

J. Tom Williams was in the city Monday from his ranch and reports that his wheat crop this year was only bringing about 26 cents per bushel. Schleicher has the past two years produced two good small grain crops and two cars of wheat was sold here last week.

WANTED: Reliable man between ages of 25 and 50 to supply old established demand for Rawleigh Products in Schleicher County. Other good localities available. Surety Contract required. Company furnishes everything but the car. Good profits for hustlers. Write the W. T. Rawleigh Company, Memphis, Tenn. Dept. M5-76. —Adv.

5¢ PER PKG.

EVERYTHING you wash looks nicer starched with Faultless Starch. Easier to use—no cooking—it's the perfect starch. Your grocer has this big package of Faultless Starch for only five cents.

FAITH — PATIENCE — FORTITUDE — COURAGE

In an article on the severity and extent of the depression in this country, the Manchester, England, Guardian says: "Under all these trials the American people have behaved with admirable fortitude and patience." That is a fine testimonial to the temper of our people. They have, perhaps better than any other people in the world, borne inescapable burdens without losing either faith or courage. They have realized that drastic, thoughtless action is not necessary—that, in the normal course of events, our problems will be solved. They have put shoulders to the wheel and have bent every resource to meeting the exigencies of depression.

A people who can do as our people have done in a time of unprecedented stress, need have no fear for the nation's future.

Thousands of Women Have Taken Cardul on Their Mothers' Advice

It is an impressive fact that many women have said they learned of the value of Cardul from their mothers.

What stronger evidence of her confidence in a medicine could a mother have than that she advises her daughter to take it!

Cardul is given the credit for relieving so many cases of womanly suffering that it is widely and favorably known. Druggists, everywhere, sell it.

If you are weak, run-down, suffering monthly, take Cardul. Take it for a reasonable length of time and try it thoroughly. As your health improves, you will share the enthusiasm of thousands of women who have written to say: "Cardul helped me."

We print letter heads, statements, envelopes, all kind of small pads, checks, visiting cards, in fact you name it and we will print it, if it can be done in our shop, and we think it can.

The Eldorado Success

Mr. and Mrs. Bo Clark were in the city Saturday visiting and trading.

Mrs. R. T. Crain is visiting in San Antonio this week with friends.

Mrs. Van McCormick and son Garner, visited in San Angelo the first of the week.

Dr. Patton reports the birth of a son to Mr. and Mrs. T. S. Redford, on Saturday July 23, 1932.

Mrs. J. H. Booth and son, Gene, were in from the farm Saturday voting and meeting friends.

Link C. Partin of Station A was in the city Saturday trading.

Marion Nolen was in from the ranch Saturday mingling with friends. He reports the arrival of a son in his home about three weeks ago and that the mother and babe are doing nicely, and he himself is the best cook and dishwasher in Schleicher county.

L. L. Tisdale was in from the ranch Monday bringing in the election returns from Precinct Five.

Bill Sweatt was in from the ranch Saturday visiting his mother, Mrs. E. P. Sweatt.

THE "BEST FRIEND"

In commenting on some of our present-day problems, the Portland Oregonian says editorially that life insurance is something no man or woman can afford to be without and that the harder the times, the more important it is to scrimp and save to meet one's premium payments which are necessary to keep protection in force. It says:

"People pressed by present-day conditions are giving up life insurance. Others, through fear, are failing to take advantage of what their 'best friend' offers them. I pressed too hard a policyholder is able to borrow on his policy—a thing which should not be done unless dire necessity demands it. But this borrowing privilege may provide the means out of a difficult situation.

"Life insurance offers opportunities nothing else does. It gives the insured a feeling of safety and makes the family happy to know they have protection—and protection, in what ever form, is a mighty big thing. Instead of allowing premiums to lapse, people should put forth every possible effort to meet them."

Notice

Casey has installed a new all electric stormizing machine and can bore any make of motor, without removing the motor from the chasis and guarantee you from 20 to 30 thousand of actual running miles of service, and will not use any oil. We do all kind of battery work. Oh, yes, if you are broke see me. Acetylene Welding at

CRAIN MOTOR CO.

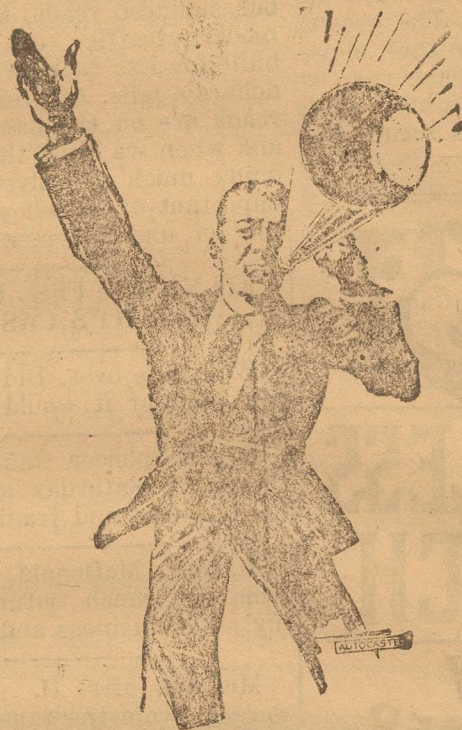

WALL PAPER

I am now in position to save you money on your wall paper, from 6c per roll up. Will also figure with you on the work. Satisfaction guaranteed. See my new line at office of Eldorado Funeral Service.

J. L. RATLIFF

Rev. J. L. Ratliff and family are enjoying a visit this week from two of their sons and a daughter-in-law. They are Mr. and Mrs. Tom Ratliff and wife of Shreveport, Louisiana, and Carroll Ratliff of Greenville, Texas.

E. W. Maddox was in from Station A Saturday buying supplies and meeting friends.

There will be a meeting at the Court House Saturday at 2:30 P. M. to discuss the plans for a barbecue about August 19, at the Eldorado Fair Park, and to appoint Committees to complete the arrangements for same. There is nothing on for this month that The Success knows of an and entertainment with a 25c admission would furnish a day of sports and no doubt would draw a large crowd from various towns of West Texas. The admission would include the barbecue dinner and all afternoon sports. If you are interested come to the meeting Saturday afternoon.

TEXAS STRAW VOTE REGISTERED WET

Some Counties in Texas put on the ballot the submission question, and some people in Texas had an opportunity to vote on the question, but only a small vote was registered. The question was not submitted to the people of this county and The Success sees no reason why it should have been. As such question should not be a party issue. It is an individual issue and all people should have an opportunity to vote on it when it is submitted. Put it on the ticket at the general election and let all parties have a say, and the small interest taken in the Democratic primary is evidence that it was not given much thought and amounts only to a straw vote.

Born to Mr. and Mrs. E. V. Gibson on the Wood's farm south of Eldorado Wednesday, July 27, a baby girl. Dr. Patton reports them doing nicely.

Dr. Newsom reports the birth of an eight pound baby girl to Mr. and Mrs. Sam Calhoun, at the home of Mrs. Calhoun's parents, Mr. and Mrs. Geo. Dickens on Tuesday July 26, 1932.

FERGUSONS VOTES ABOUT THE SAME

Two years ago the Fergusons polled in second primary 384,402 with a total vote of 857,773, which gave her 44.80 percent of the votes. This time she has 362,578 out of a total vote of 860,798, which is 42.12 percent of the votes. Which leaves about 498,220 votes not cast for the Fergusons, so there is nothing to be alarmed about. Ma is not yet elected.

Miss Margaret Sheen is spending this week in San Angelo with her brother and sister in-law, Mr. and Mrs. Tom Sheen.

Con Cunningham of San Angelo was in Eldorado Thursday meeting old friends and looking after business matters.

Mr. and Mrs. Sam Jones and son, S. E. Jr., Mr. and Mrs. H. T. Finley and family and Mr. and Mrs. John Williams and family are enjoying an outing this week on the Perdanales River. They left Sunday and were to join other friends and relatives in Brady, who would enjoy the fishing trip with them. They are expected home today.
