

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXII

Eldorado, Schleicher County, Texas. Friday September 23, 1932.

No. 39

The Gins Are Busy And The Cotton Is Moving

The Gins began their fall work in earnest Monday, and the busy buzz of the gins will make music for several weeks from now on until wet weather stops them. There will be something like 6,500 bales ginned here this fall and it will take several weeks to get it all out. The staple is extra fine. A Brownwood buyer was here Monday and said it was the best staple that he had found anywhere, and he has spent a lifetime in the cotton business. The large cotton crop, we mean the yield per acre, will bring lots of money to Schleicher County. The writer predicts that the crop will make as good as three quarters per acre and in some instances it will make a bale. Our guess is that we will have a larger crop than last season.

Pat Craig was here Monday visiting his grandparents, Mr. and Mrs. J. N. Craig. He is now located at Eden where he will work for the Highway Department. Pat is a fine young man and has been in the Girvin country for the past three years, while in Eldorado made The Success office a visit.

Moved

The Eldorado National Farm Loan Association has moved its office into the Eldo Hotel Building, where we solicit your business.

W. F. MEADOR, Sec.

J. A. WHITTEN MOVES BACK TO ELDORADO

J. A. Whitten, chairman of the State Livestock Commission, has moved his office back to Eldorado from San Angelo, where he has had his headquarters for the past year. He is now located in the Frank Meador office at the Hotel.

INSURANCE

Life—Fire—Windstorm—Hail Or any other kind. We represent only the best old line companies.

JESSE MERCER STATION AND RESTAURANT

Is now open for business at the intersection of the Ozona Road. We handle HUMBLED Products and will appreciate your trade either at our pumps or lunch counter.

JESSE MERCER

Joe Muller Christian left Wednesday for Lubbock where he will take up school work in The Texas Tech College.

Red Roosters Vs. Eldorado, Sunday

The San Angelo Red Roosters will cross bats with the Eldorado Baseball club Sunday at 2:30 at the Eldorado Fair Park. Two games will be played which will be the third and fourth games of a series of five games. Last Sunday a double header was played at the Ft. Concho Ball Park in San Angelo, in which each team won a game. The Eldorado boys are expecting to win both games here Sunday.

The admission for the two games Sunday will be 35 cents for men and 25 cents for women and children. The two games will be played one right after the other. A large crowd is anticipated. We understand that the same boys that played in the game last Sunday will be eligible for the game Sunday afternoon. If this be true some of Eldorado's best players will be barred.

Upholstery Work

When you are caught out in a hard cold rain in that old car with the leaky top, think of Churchill.

When you are nosing about the house and see what used to be the most comfortable rocker but out of use now for the need of some repairing, think of Churchill.

In fact when in need of any kind of upholstery work or top repairing come and see Churchill Upholstery Works at Eldorado Auto Laundry, Eldorado.

We are making as close prices as possible on this kind of work that is consistent with good material and labor.

W. M. S. PROGRAM

For Wednesday Sept. 28 at 3 P. M.

Topics:

1. "M. E. Church South and China's Forward Movement": Mrs. A. T. Wright
2. "The McTyre School and Its Work for China": Mrs. Ruben Dickens

Worship Service:

Mrs. J. D. McWhorter, leader
Hymn: Duet
Scripture Reading: Leader
Closing Hymn: "Let Me Walk With Thee"

Hostess: Mrs. J. F. Isaacs, assisted by Mrs. Ben Isaacs and Mrs. J. L. Shugart.

Mr. and Mrs. H. T. Finley and daughter, Ebba Ann, accompanied by Mrs. Bill McCravy and Miss Annie Pearl Finley, attended the funeral of a relative in Ft. Worth, Saturday, September 17. Miss Annie Pearl and Mrs. McCravy remained over for a visit with relatives.

Orville Bullington Speaks At Waco

Republican Nominee for Governor of Texas Spoke Tuesday, September 20, 1932, at Waco

MY FELLOW TEXANS:

We have met here today to begin a battle. Regardless of party affiliation, the people of Texas who desire good government have enlisted in a united effort to forever destroy and rid Texas of a common enemy.

"The Eyes of Texas are upon us." Not only are the eyes of Texas upon us, but the eyes of the whole Nation are upon Texas. This battle which we begin tonight is a battle between right on our side, and wrong on the other. We have enlisted for the duration of this war, standing for fundamental and eternal principles about which honest men and women do not differ.

In this contest political affiliations and the political parties are utterly immaterial, because no political party has any monopoly on integrity. The question to be decided by the people of Texas on the first Tuesday in November is whether or not the principles which we have been taught from our youth up, in the church, the school, and the home, shall prevail here in Texas; or whether the principles for which the opposition stand, with all their cankering and corrupting influences, shall be set up as the standard to be adopted by present and future generations of Texans.

The issues before the people of Texas are not complex. They are simple. They are so plain and uninvolved that no man or woman in Texas need misunderstand or misconstrue them. They involve direct and practical applications of the eternal principles which we learned at the knees of our mothers.

I did not originate or even phrase a single one of the principles upon which the issues of this campaign are based. They were written upon tablets of stone by the omnipotent hand of the Almighty, and delivered to Moses, on Mount Sinai, and the paramount issue of this campaign can be stated in four words, and it is, "Thou shalt not steal."

Those who are put in places of leadership in this fight thoroughly understand that they will be libeled and slandered throughout the confines of this State by every sort of charge that can be conceived by a malicious heart or uttered by a lying tongue. For myself, let me say that I will neither be intimidated nor turned aside from the task before me. I will spend none of my time answering slanderous charges. My integrity is not a debatable question. If any citizen of Texas desires to know the truth about me let him write the Democratic County Judge and District Judge at Wichita Falls. Some of these gentlemen have known me for nearly thirty years. I am sure they will be willing to give you the truth concerning any charges made against me. What the people are most interested to know is what I propose to do when I am Governor.

The tax burden upon most of the citizens of Texas is unbearable. It cannot and will not be longer endured. There is a tax payers' strike on now throughout the length and breadth of this great State and if something is not done, and done quickly, the whole of our governmental activities will collapse for want of revenue to sustain them.

Real Estate has long been our principal source of taxes, but taxes have increased upon real estate and the income from it has so diminished until in most cases it is no longer possible to pay the taxes upon real estate with the income received from it. The fact that exorbitant taxes have been levied and collected upon real estate in the past is the principal reason why we have more tenant farmers than any other State in the Union.

Most of our citizens would

Grand Jury Indicts Four; Recesses Until Thursday

Four indictments were returned by the Grand Jury Monday and the jury took a recess until Thursday. Those indicted were W. T. Altiser and Eric Tipton, of Menard county, for burglary. They entered the Santa Fe Depot at Eldorado. The other two were Wallace Bailey and T. W. Clark of San Angelo. They entered the Leamans Department Store here, and were caught eight miles north of town with the goods. They will probably be tried this term of court, which met Thursday morning to finish the term.

now own their own homes were it not for the unjust, unfair and outrageous system which we have had in the past and still have of placing practically the whole of the tax burden upon real estate. During the last few years, thousands of people in Texas have lost their homes because of exorbitant taxes. Still many more thousands, who have spent years of toil in trying to pay for homes, are now threatened with having them confiscated because of our unjust tax system.

I favor the adoption of the Constitutional Amendment exempting from ad valorem taxes homes up to the value of \$3,000.00. I go further than this. I favor abolishing the State ad valorem taxes all together. There is no way by which we can fairly and uniformly equalize and distribute taxes in this State so long as we have the present State ad valorem tax system. There are only two alternatives; one is a State Equalization Board, which results in centralized and bureaucratic Government, and the other remedy is to abolish the State ad valorem tax altogether.

It will not be difficult to supply the revenue needed by the State from other sources. A large percentage of property is escaping its proper share of taxes in this State or paying nothing what ever toward the support of the Government. To illustrate, there are citizens of this State who own millions of dollars worth of bonds, notes and other negotiable securities who pay nothing whatever toward the support of any of our expenses are to be reduced; where the taxes are to be governmental institutions, while others who own nothing more than a small equity in a home are heavily tax burdened.

There are only two ways by which our tax burdens can be lightened. One is by reducing the expenses and the other is by fairly distributing the tax burden among all property owners and among all classes of property, as our Constitution requires.

It is easy enough to advocate reduction of taxes or the reduction of expenses. You never heard a candidate in your life who was not in favor of both propositions but the people have a right to know where the tax burden is to be diminished; and no person is worthy of your attention if he simply criticises conditions, says taxes and expenses ought to be reduced but it is unable to tell how and where they can be reduced. I know very well that it is disagreeable for an audience to listen to details concerning the fiscal affairs of our State. I do not like

Credit Bank Opens In San Angelo

The San Angelo branch of Agricultural Credit Corp. opened its doors for business Monday morning at San Angelo in the Western Reserve Building. Just what it will take to get any money from this institution is not known here but it is supposed to help the distressed ranchmen to refinance their business, if we understand its purpose. Duwain E. Hughes is head of the institution and knows the value of his securities.

to burden you with such details but it is much more disagreeable to pay the high taxes that we are now paying and will have to pay, because those who seek to be placed in charge of the public's business have failed to discuss these problems with the people. You have a right to demand that I shall give you some of the plans I have in mind, which I shall do as briefly as possible.

To reduce our County expenses, I propose to consolidate all such offices as the Tax Assessor and Tax Collector and County and District Clerks. I would abolish the office of County Treasurer and require the County Depository to perform the duties of that office without compensation, just as is now done in the case of many cities. The offices of Constable and Justice of the Peace should be abolished and the duties performed by the Sheriff and County Judge. By electing County Commissioners from the County at large instead of by precincts, the salaries could be abolished altogether or reduced to a minimum, and at the same time the services of the most competent business men in the county could be secured for advice in the county's fiscal affairs, just as is now the case in most cities where the salaries of the City Commissioners have been abolished.

Our Constitution should be so amended as to give to counties the privilege of home rule, as is now enjoyed by most of our cities. The principle of local self government should be enjoyed by our counties as far as practicable. Each county's affairs should be audited at stated intervals by the State Auditor or his deputies, chosen to do their work not because of political affiliations but because of their integrity and thorough knowledge of accounting.

The salaries of our county officers and county employes should be reduced to an amount equal to what they would receive for similar work in civil life. There is no reason on earth why the tax payers of our county should pay exorbitant salaries for the purpose of stimulating good hand-shakers to seek public office. We should pay what the work is worth and what is usually paid for such work, and no more.

The archaic and inefficient administration of our Courts is one of the heaviest burdens borne by our tax payers. Judges must interpret the law as it is written and, while they are not altogether free from blame, the greatest fault lies with the system which they are called upon to administer. State and National Bar Associations have for years recommended changes which would result in great savings to the tax payers and so far few of these recommendations

District Court Met Monday

The District Court met Monday and the grand jury was empaneled and the petit jury was excused until Thursday morning. There was very little for the court to do this session, but there is a few cases for the jury that was set for Thursday. The Grand Jury had some work to do and began its work Monday.

HONORING OUR TEACHERS

The Parent Teacher's Association will give a reception at the home of Mr. and Mrs. W. O. Alexander Friday evening from 7:30 to 10:30 o'clock. The teachers of the schools, their wives and husbands will be guests of honor.

There will be an informal program of music and readings during the evening and "42" will be played by those who care to participate.

When you see this, consider yourself invited if you are in this group, also parents of school.

Sam Oglesby, prominent sheepman of this county, made The Success office an appreciated visit Monday. He is very optimistic over the outlook for the sheepman and said he had information that wool would soon be selling from 18 to 20 cents, in fact it is already selling for that in some places. He had us send The Success to his daughter, Miss Lucile, at Daniel Baker College.

A. T. Wright Jr. and Joe Bourland, of the Naval Academy Annapolis, Md., who visited homefolks in Eldorado for the past two weeks left Friday for the Academy. This will finish the fourth year for each of the boys in the Naval Academy. They had a rather wet stay in our city for the first half of their visit as it rained practically all the time. Mr. Bourland is a Texas student, his home being at Clarendon, Texas.

Miss Lucile Oglesby, one of Schleicher County's bright graduates from the Eldorado High School in 1932, is attending the Daniel Baker College, at Brownwood. Daniel Baker is one of the States' oldest Colleges and among its best. She is staying with her aunt, Mrs. Otis Smith, who also has a daughter entering the College this year.

Miss Lucile writes that she is doing nicely and getting off to a good start.

have been followed in Texas.

The expense of grand juries could be almost eliminated by permitting crimes of the grade of felony to be presented by information. This would eliminate the expense of feeding prisoners who desire to plead guilty but who can not do so until the grand jury meets and indicts them. The expense of out of county witnesses in criminal cases should be eliminated by providing that depositions of these witnesses could be taken before the District Judge in the County where the witness resides. . . .

The law provides that one-fourth of all the monies derived from the gasoline tax shall be (Continued on page 2)

SEPTEMBER 23, 1932

Just why the Eldorado ball boys went to San Angelo and won one game 9 to 2 and lost one, 9 to 1, is beyond us, unless they were wanting to stir up interest in the future three games. We seem not to be any farther along for the championship than we were before the Sunday games. Anyway we are expecting our home boys to do a better job on the games here next Sunday. They should do better at home than on a visiting field.

Elsewhere in this issue of the Success will be found a report on auto accidents and what causes them. Read it and if you do not want to be classed with some of them named, pay some attention to the traffic laws and avoid accidents. When two cars collide, there is a reason for same. Some one is at fault in most cases, and especially if the accident is of a serious nature. Let us keep down the auto death list by observing the traffic laws of our State and nation.

And now comes Jim Ferguson with his scarecrow plan of impeaching Governor Sterling if he carries out his recount court proceedings, just another Ferguson bluff trying to keep down a recount. The Success does not charge any crookedness on any county election officials, but we do charge there is nothing wrong in the recount. If everything is straight no one will be hurt, if some crookedness has been pulled, it should be known. Therefore no honest person should feel hurt if they want to recount his vote. Had I held an election I would welcome a recount of all ballots in case of the slightest objection to my conduct as an officer and in case I should object I would expect the people to think I had done something wrong.

Why should the Fergusons object to a recount unless they have been advised that something was done wrong. The Success believes in honest government and in case of a ballot steal by some crooked election officer, he should get the limit of the law regardless who he stole the election for, from constable to president.

On the other hand if Jim Ferguson has any impeachment evidence against Ross Sterling he should come out with it regardless whether a recount is coming or not. He will not be worthy of his office if he keeps it to himself.

J. Tom Williams was in the city Monday from the ranch west of town attending District Court.

We Want To Handle Your Wool And Mohair

The Sonora Wool & Mohair Company solicits the Wool and Mohair business of Schleicher County.

We keep in touch with the market at all times and closely connected with all Eastern buyers.

Wool and Mohair shipped to Sonora has the same rate to Boston as from San Angelo.

We will sell directly or will place with Co-ops, as producer wishes.

We handle Wool Bags, Fleece Twine, Sewing Twine, Marking Liquids and Fly Repellant.

Officers are
 Ed C. Mayfield, President
 W. A. Miers, 1st Vice-president
 J. N. Ross, 2nd Vice-pres.
 L. A. Halbert, 3rd Vice-pres.
 A. C. Elliott, Sec't and Treas.
 J. H. Evans, Manager.

Garden Of Experience

F. G. CLARK.

CHURCH

The true church has but one objective, the exposition of the word of God, to the end that souls may be saved. All churches start out with this end in view, but gradually deteriorate, as is the cast of all human institutions.

It requires spiritual power to rightly interpret God's Word, and apply its meaning to the salvation of souls. But the influence of the world gradually robs the church of this power. The temptation then is to substitute money power for spiritual power and to change our spiritual Master God, for the world's Master Mammon. This is evidenced by the church turning from its efforts to save individual souls to the endeavor to uplift and purify society. This effort is made thru the organization of institutions that requires money for their support. These usually take the form of schools, hospitals, etc. Now these are good things, of course, but they they are properly the work of the state in individual enterprise. When ever the church takes them up, it is a sign that it is substituting money power, for spiritual power, and trying to save society, instead of the individual soul.

We can do nothing as a church, that is, do the proper work of the church, except God be with, and the way to have God with us is explained in His Word.

Now, according to his word, God has no plan for the purifying human society during the Christian Era. That is left for Christ to accomplish at His Second Coming.

We read in the 24th chapter of the Gospel according to Matthew, in Christ's own words, that human society will grow more corrupt to the very end of this era, and that it will be His job to clean it when He comes again. It is not the church's task to perfect human society, and prepare Christ's Kingdom, so that when he comes He will have nothing to do except mount His throne and rule over a prepared kingdom. The business of the church is to save individual souls, who are to constitute the citizenship of His kingdom, and He has promised to cleanse the earth of the wicked who refuse to accept His proffered mercy.

My prayer is that the church turn back to the task for which it organized. When it does, we will see the old time revival restored, with penitent sinners crowding our alters, seeking that pardon God alone can give.

FOR SALE

Nortex Red Rust Proof Seed Oats, clear of Johnson grass and other seeds, no wheat or Barley mixed in.
 W. E. BAKER

F. B. Gunn, of Ardmore Oklahoma, was here last week and the first of this week looking after his farm and ranch here. He has taken his place back from Mr. Kelly and will move back to our city in the near future, which is gratifying news to his many friends here.

Mr. and Mrs. C. E. Knight and Mr. and Mrs. J. H. Jarvis attended the Lions Carnival at Sonora Monday night. They report lots of fun and a large crowd at the entertainment. The carnival was a success from every standpoint.

ORVILLE BULLINGTON

(Continued from page 1)
 used and applied toward supplementing the public school funds of this State. A large number of our public schools are without funds to pay their teachers, and keep open for the usual term. We have a serious problem in properly financing and caring for our public schools but I believe the funds necessary can be provided from other sources without diverting from the highway fund any greater percentage than is now used in the support of our public school. Those of us who have voted road bonds in our home counties have by a recent act of the Legislature had this bonded indebtedness assumed by the state and a portion of the gasoline tax set aside to retire this indebtedness. There is a large proportion of our counties which have no hard surfaced or gravel highways. There has been little if any money spent toward improving their roads and they have received little if any benefit from the gasoline tax which they have paid. I don't believe it is either fair or just to divert any funds from highway construction when there are so many counties which have not received any benefit from the gasoline tax which they have been paying for years. Let's give this money to these counties which have been without improved roads for so long.

We should build them some roads for the gasoline tax which they pay.

If there is anything wrong going on in the Highway Department, I can and will find it and stop it and I will not need the assistance of Jim Ferguson nor any of his henchmen. I don't want to catch any of that bunch even casting sheep's eyes in the direction of any Highway Commission I appoint.

The most abominable and unmitigated piece of gall ever exhibited to the people of this State in its history, to my knowledge, happened during the recent campaign when certain persons went over this State mouthing about graft in the Highway Commission and promising to stop it. Do they think the people of Texas are natural born fools or do they think they have merely achieved foolhardiness. Let me tell you something. We may go hiring wolves to herd our sheep and crows to plant our corn. We may even go to raising boll weevils to look after our cotton but it is going to be a cold day in August before we ever again allow that old crowd to get their clutches on the Highway Department.

Before I leave the subject of highways let me tell you that too little attention is paid to our lateral roads, the feeders to the Federal and State Highways System. I know very well that we do not have the funds with which to do much work on these roads and that it is more important to use the major portion of these funds to complete our highway system but let me suggest a method of not only improving these lateral roads but at the same time of reducing the expenses of each county in this State. We now have thousands of prisoners in our county jails, laying out fines in misdemeanor cases and being fed at the expense of the tax payers, amounting to millions of dollars annually. Let's turn these prisoners over to the Highway Department and put them to work on our lateral roads. We can make them pay for their upkeep and pay their fines in labor. These fines are now a total loss to us. This can be accomplished without laying off any of the highway labor we now employ and without placing these petty criminals in compe-

dition with free labor. We can simply do work that is not now being done and, that cannot be done because we do not have money with which to do it. At the same time we will give to those who are not fortunate enough to live on our State and Federal highways something for the gasoline tax which they pay.

Everybody knows that this state is overwhelmingly Democratic and they also know that I would not have the remotest chance of being elected Governor if Ferguson was not the Democratic nominee. But I am a citizen of Texas first and a party man afterward and I doubt if there is a patriotic Republican in Texas who does not regret that the Democratic party nominated Ferguson for Governor. I sincerely regret the situation which confronts the people of Texas and I would not want my worst enemy to sustain such a misfortune as have befallen the Democratic party because of its nominee for Governor. I have never engaged in party controversies except those of my own party but when fraud is charged in a public election it ceases to be a party matter because it is a violation of our criminal law. It is a matter of such serious concern that every citizen of the state becomes interested. The purity of our elections must be guaranteed and I hope that the resolution passed by the Democratic State Convention at Lubbock is acted upon and the matter of fraud in the recent primary election is thoroughly investigated. If there has been fraud every citizen of this state is entitled to know it no matter what his political affiliation may be and if there has been no fraud we want the people of the other states in the Union to know it. Constitutional government cannot survive unless our elections are untainted by fraud.

Those who oppose Ferguson in Texas, however, cannot await the outcome of this investigation. We must become aroused to the danger we face by inaction and lack of organization. We are up against a foe that is active and alert. Jim Ferguson is surrounded by and receiving counsel from a thousand satellites who are ready to pounce upon every industry in this state and take tribute from it, if this effort to again enthronate Fergusonism in Texas succeeds. This is a time when

Wright's Cash Store

Here you will find real Bargains. We sell strictly for CASH and therefore can save you a few pennies on every purchase. Not week end bargains but you will find them every day.

Our Fruits consist of ORANGES, BANANAS, TOKAY GRAPES, and APPLES.

Number One SPUDS, and YAMS that the price will make a long story short.

SALMON, Chums, Pink and Sockeye, at moving out prices. Try a bucket of that good WAMBA COFFEE.

We solicit a portion of your business and offer you the best Merchandise for the least money. If you need to save money it will pay you to get our prices. Most of our stock is new and bought at the lowest prices the market has yet seen.

"A BARGAIN IN EVERY PURCHASE"

Every right thinking man and woman in Texas should stand and be counted. If honesty and responsibility in government is to endure in Texas her citizens must dare to take a stand for the right. They must not fail to show their colors.

Let me for a moment take you back to the time when Texans were not afraid to take a stand for the welfare of their state. When Colonel Travis drew a line with his sword across the floor of the Alamo and asked all who were willing to die to step across it, not a single one of those Texas heroes failed to cross the line. The outcome of a battle which we begin tonight

will have just as far reaching effect upon the future of Texas as did the action of those heroic Texans when they crossed over the line drawn by the sword of the Immortal Travis. If they were not afraid to die for Texas we should not be afraid to live for Texas. If we have the courage to make the effort we can make Texas the land of promise which its founders desired it to be. We can prevent the money changers from taking charge of our state. We can drive them from the presence of honest men. We can perpetuate in Texas that cardinal principle of a Democracy, "A Public office is a Public Trust."

Take a Pinch of BLACK-DRAUGHT For Distress After Meals

He had suffered distress after meals, but by taking Theford's Black-Draught he was relieved of this trouble, writes Mr. Jess Higgins, of Dawsonville, Ga.

"I had sour stomach and gas," Mr. Higgins explains, "and often I would have bilious spells. I read about Theford's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

PRODUCE EGGS at LOW COST!

--and make good profits regardless of egg prices

WHEN egg prices are low, that is no time to cut down on feed; what you need is BETTER feed, to produce more eggs and larger profits.

RED CHAIN EGG NUGGETS produce plenty of low-cost eggs. The superior quality ingredients are compressed into NUGGET form -- and every NUGGET is a balanced ration. This new and efficient feed insures more laying hens, more eggs per pound of feed, reduced labor (feed once-a-day), no feed wasted or lost.

SELF-SERVE Grocery

W. E. Baker was in from his ranch Saturday meeting friends and buying supplies. Mr. and Mrs. W. A. Hampton were in from Station A Saturday visiting friends and trading.

Notice Farmers & Ranchmen

You can protect your feed against loss by fire at a surprisingly low cost. Cost for six months will not be over \$7.35 for \$500.00 worth of protection. Can you afford to do without it? I will be glad to explain it to you without obligation.

HIGH SCHOOL NOTES

"LIVE TO MAKE A LIFE"

The other day I heard a certain high school student say wistfully that he wished it were possible for him to live his high school days again. When asked why, he replied, "I have wasted so much time, and now I am beginning to realize that I do not know my work and that I am not prepared for the life I should like to live."

We are all making lives and how important it is that we put the right value on things! Play and good times seem most valuable to some of us. In their places they are valuable, but they are after all not the goals of prime importance. To build an enduring life, one of service to humanity we must learn to "put first things first." Let us, then, think seriously about what we shall put first in our lives, so that we may not need to regret wasted time.

Earnest work is necessary to the attainment of a fuller, nobler life. Some of us work diligently for a few weeks at the beginning of school while "our father's lectures are still fresh in mind," as one student remarked recently. Then we forget our high resolves to do better and become slack and lazy. A life can not be so built. We must work harder and harder, ever struggling onward. Now our school is our building toward a Life. Let us not cease working. The poet says:

Build your life with care and patience,
As the sculptor hews the stone,

With the Master as your model,
And your eyes upon the throne.

Noble lives have been the beacon
Lightning mankind's upward way;

They who serve are the immortals,
Fathers of a Better Day.

Let your life shine our in service,
Noble living—noble deeds,

And until time's course is ended
Good will blossom from the seeds.

—E.—H.—S.—
NEW ARRIVALS

By Thelma Taylor
E. H. S. has been in quite a bustle and confusion but now that we have settled down in the rut, we'll attempt to tell you about ourselves.

Here and there is seen an unfamiliar face which we are going to have to become acquainted with. In the Senior section (of course Seniors come first always) a little red-headed girl sits serenely working. She is a very sweet, friendly little girl whose name is Lillie Barrows.

Sonora contributed her to us and we're proud of the contribution. A black-headed boy from San Saba sits in the Freshman section. His name is Guy Moore. We will tell you more about him later as we don't know him very well yet.

Malcolm Whitley is Menard's gift to the Sophomore Class. He is another we will have to introduce ourselves to. Iola Haines is the Special Student this year. If you see a pretty, curly-headed, slightly freckled faced girl in our fair city, you'll know it is Iola. She is taking shorthand and Home Economics, as she graduated from Miles High School last year.

There are a few pupils who have gone to E. H. S. at other times and moved off, then enrolled here again. Those in High School this year who did not go here last year are Alton Page, Wenona Enochs, Fae Belle Enochs, Alvis Enochs, Buddy Henderson, and Gordon Williamson.

Side Quit Hurting, Got Stronger, Well; CARDUI Helped Her

WOMEN! Get rid of the handicaps of a weak, debilitated condition with the assistance of Cardui. Mrs. R. L. West, of Huntsville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition—this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well."

Cardui is sold at drug stores here.

Williamson.
—E.—H.—S.—

HIGH SCHOOL HAS ONLY ONE NEW TEACHER

Eldorado has only one new teacher this year, Mr. J. H. Kelley of Alvarado.

Mr. Kelley is filling the position of mathematics instructor, thus taking the place of Miss Dorothy Bradshaw. We all hate to lose Miss Bradshaw, but are very glad to get a teacher like Mr. Kelley to take her place.

Mr. Kelley holds a B. BA degree from the University of Texas, has taught four years, and is married and the father of a three-year old girl. He attended Texas Tech at Lubbock last summer.

Mr. and Mrs. Kelley both say they like Eldorado very much. Let's do all we can to make them feel at home while they are in our midst.

—E.—H.—S.—
AGRICULTURE CLASS

By Dee DeLong
The Agriculture class is composed of seven students: J.R. Conner, Dee DeLong, Buddy Henderson, Jack Kerr, Luther Kent, Alvis Enochs, and Raymond Reynolds. In this course the students will collect different kinds of grain and will learn how to feed and care for farm and ranch animals. They have to have a project, such as feeding a calf or a lamb.

This class already has taken two field trips out into the country gathering heads and ears of corn and maize. They will also, during this winter, weigh the calves and lambs to see how much they gain each month. They will work out different rations and feeds for their projects.

This is the first year this course has been offered in Eldorado High School.

—E.—H.—S.—
THE TUCKLE BOX

Mr. Kelly: "Can anyone tell me what the two-thirds rule is?"
Eck Moore: "Yes, we have it in our house. My mother and grandmother against my father

Jack Kerr: Coach, that red-skinned man and that white-skinned man came from the same race.

Jack Kerr: Sure, they both ran in the Marathon.

"I thought you said the depression was over."

"It is. All over the country."
If you can't laugh at the jokes of this age, you can at least laugh at the age of these jokes.

Jim West: Do you believe in kindness to animals?

Tommy Smith: Why, certainly.

Jim West: Then why don't you take that fare and give it back to the poor little monkey?

The admiral, who was conducting an examination for the Navy, was addressing one of the candidates.

"Who in your opinion, are the three greatest sailors in British history?" he said.

"I'm sorry, sir, I didn't catch your name when I entered the room," replied the student, "but the other two are Nelson and Drake."

—E.—H.—S.—
PERSONALS

Thelma Taylor
Miss Lucille Oglesby left for Daniel Baker at Brownwood last Monday, September 12. We all wish her a successful college life.

Albert Williams has gone to Texas Tech for his first year of college and we are satisfied that he will make a success in all that he undertakes.

Carl Kerr is a little country boy this year although he stays in town loafing most of the time. He said he was sorry that he was out of High School but as he would just help his dad with the ranch.

Bernice Bricker is attending Junior College at San Angelo. She received a scholarship last year which we know she will use to a good advantage.

Morris Bricker is helping Mr.

With Modern Electric Refrigeration You Know Your Foods Are Safe

Proper food preservation, doctors say, is a vital prerequisite to health. Devised by these authorities, the proper preservation of foods means keeping perishables at a constant temperature of less than fifty degrees.

Modern Electric Refrigeration will give you this necessary low temperature . . . automatically. It has been tried and tested over a period of years, in actual, everyday use . . . its assurance of food safety for your family is a proven fact. Isn't this security against the dire effects of food-spillage worth the small cost of a dependable Electric Refrigerator?

—But Electric Refrigeration is not an expense at all! Actually, Electric Refrigeration pays for itself! In food savings . . . in time savings . . . in labor savings . . . in permitting you to purchase in quantities at bargain prices—safely . . . and in exceptionally low operating cost!

Ask a Trained Representative to tell you the interesting story of Electric Refrigeration. There's no obligation, of course . . . and you are sure to enjoy the demonstration. Call in at our Merchandise Showroom, or see your Electrical Dealer . . . TODAY!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

West Texas Utilities Company

Bricker batch while Mrs. Bricker stays in San Angelo and takes care of the other children.

Grace Ratliff is taking a little vacation the first semester and is going to go to Denton the second semester.

Gust V. Graves, our ex-editor, is in San Angelo recovering from paralysis in her lower limbs. She is very hopeful that she will be able to walk very soon and we are just as hopeful as she is in the matter.

Clyda Pruitt has gone to Baylor Belton at Belton Texas. That is another young lady that will bring home the bacon or else.

Lawrence Morgan is working for Lee Duncan in his cafe. May be a little work will make him grow a few inches. He is planning to attend the San Antonio Business College about the first of January.

Pauline Rape is helping mother at home and in all being a good little girl. But of course Polly always was a good little girl.

Pauline Kent is working anywhere she can help. Most of the time she works for her brother, Tommy Kent.

We have not heard from Dixie Faught but are satisfied that she will be busy wherever she is.

—E.—H.—S.—
SENIORS ORDER RINGS

Roberta Milligan
The Senior Class of Eldorado High School met in the Home Economics room with Mr. Holt last Tuesday and organized. The officers elected were as follows: Willie Ruth Johnson, president; Jim West, Vice-president; Roberta Milligan, Secretary and Treasurer.

After all offices were filled Mr. W. E. Ezzell of Big Spring, Texas, was introduced to the Seniors. Mr. Ezzell was a representative of the Herff Jones Jewelry Co. of Indianapolis, Indiana.

After a slight discussion over the many rings Mr. Ezzell showed the Seniors, they decided upon a large ring with two eagles engraved on the shanks. The face of the ring is slightly higher than the shanks. Eldorado is engraved across the face near the top. The Seniors had their choice of heavy or light weight and green and yellow gold. Every Senior ordered a ring and some ordered pins and guards to match their rings.

This was the first time in the history of the Eldorado High School that the Seniors all readily agreed upon the same ring. This date was about the earliest the Seniors have ordered their rings in several years.

The Seniors present at the meeting were as follows: Hollys Alexander, John Alexander, Evelyn Anderson, Lillie Barrows, Margaret Bradley, Alicia Burk, Nell Campbell, Edward Cox, Willie Ruth Johnson, Donnell Jones, Fay Keeney, Lillie

HIGH SCHOOL NOTES

(Continued from page 3)
Belle Kent, Luther Kent, Jack Kerr, Roberta Milligan, Frances Mills, Jack Ratliff, Hassell Ratliff, Auta Mae Reynolds, Bell Samples, Margaret Sheen, Aubrey Smith, Raymond Smith, Thelma Taylor, Jim West and Mary Dell Williams.

J. N. Davis, who has been at home for several weeks, was carried back to San Antonio last week, after he had another hemorrhage. His friends trust that he will recover in a short while. He spent most of the year at Corpus and did nicely while there, but wanted to be back at his business and ventured a stay at home. Just how long he will be at San Antonio is not known now.

Clyde Meador left Sunday for San Antonio where he is to go on to New York to ride in a Rodeo for about two months. Mr. Meador is one of West Texas' noted ropers.

The Editor and tribe are under obligations to Rev. McWhorter for a nice lot of fresh butter beans Monday. They were delivered to our door off the vines that Morning.

Miss Jeanette Henflerson left Wednesday for San Angelo, where she will enter the San Angelo Junior College.

C. I. Dabney, G. A. Neill, C. C. West, A. K. Bailey and Jeff Johnson are looking for a cotton picking job if some one will furnish the sacks.

SALE
