

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXII

Eldorado, Schleicher County, Texas. Friday October 7, 1932.

No. 41

BAILEY RANCH

SCHOOL NEWS

The people in this part of the county are very glad to see the sun come out again after some two weeks of cloudy weather. Cotton picking will start now as soon as the ground is dry enough. The Bailey Ranch gin has ginned several bales of cotton already and it will probably be busy day and night now for awhile if the weather stays clear. Most of the farmers have cotton pickers ready to go into the field as soon as weather will permit.

Bailey Ranch will soon have their choice of the good county roads to travel into town. One road that goes by the way of church house has been completed. The other one that goes north from the school house and by the gin is still incomplete. It is hoped the road crew will soon start work again and finish this road.

—B.—R.—S.—N.— CARDINALS VS OILERS

Last Wednesday afternoon Mr. Redford took the Bailey Ranch Basketball squad to Station A for the first game of school year, and defeated Arthur Pruitts Oilers to score of 14-17.

Although most of the game was played during a slow falling rain, it was a good game, and those on the side lines were interested enough to take the rain. During the first half the Bailey Ranch boys took some two thirds of their points, while in the third quarter the oilers showed a good comeback and rang up eight points during that quarter. At one time during the fourth quarter the oilers threatened to take the lead, when they came within 1 point of the cardinals. Redford rang another two point tho and this gave them three points lead, which they kept.

—B.—R.—S.—N.— CARDINALS MAKE FARMERS ASHAMED OF SELVES

Yes, you should have been here Tuesday afternoon late when the tired and defeated Farmers crawled in their cars and started home.

In a basketball game Tuesday October 3, the Bailey Ranch Cardinals set a defeat over the Bailey Ranch Farmers probably unequalled in the history of the various basketball teams of Bailey Ranch. The astounding score was 42 and 19,

Crain Motor Company Sells To Brady Man

R. E. Meers of Brady has purchased the Crain Motor Company business of this city and has taken possession. This business includes the Ford Agency of this county. Mr. Lawrence Hughes, also Brady, has moved here with Mr. Meers and will be associated with him in the business.

Mr. Meers has been associated with the Ford Business in Brady for several years and is familiar with the business. He comes highly recommended and The Success wishes him a long and prosperous business in our midst.

Mr. Crain, who is now in the hospital at Temple, will devote all of his time to the gin business, he being manager of the Eldorado Gin Company of this county.

Berry - Porter

Last week Mr. Daniel Webster Berry and Mrs. Frances Lee Porter, motored to San Angelo, where they secured a marriage license and were united in the holy bonds of wedlock.

Mr. Berry has been reared in Schleicher county, his father and uncles ranched in this county many years ago and Mr. Berry has many warm friends in our midst.

Mrs. Porter is quite well known here and has been residing in our city for several months, where she too has made many new friends.

The will make their home in our midst and The Success joins the many friends in wishing them many happy returns.

favor of the cardinals.

Some of the farmers in this game met their greatest defeat. Ervin Mund, captain of the Farmers team, seemed fairly disgusted with his team, which he had been so proud of, when they placed a score of 19 to 16 over us.

The lineup on the teams were as follows:

Cardinals	
Faull, A.	R. Forward
Faull, W.	L. Forward
Redford	L. Forward, Sub.
Faull, H.	Center
Parks	R. Guard
Kerr, J.	R. Guard, Sub.
Meador	L. Guard
Kerr, L.	L. Guard, Sub.

Shuler, Independent; McAdoo, Democrat; Tubbs, Republican

Out in California there is an interesting race for United States Senator. Bob Shuler, a former Methodist preacher, of Texas, well known throughout the United States as "Fighting Bob," is making the race on the Independent ticket. He has a lead over his nearest opponent, McAdoo, of 40,000 votes, and over Tubbs, 80,000. This lead was obtained in the Primary of August 30th. Mr. Shuler is a hard campaigner and is up against one of Americans old-time politicians, a dry, but has come out in favor of repeal, Mr. McAdoo. Many of McAdoo's old-time supporters learn with regret that he has gone wet. The opponent is a dripping wet, Mr. Tubbs, running on the Republican ticket. He has the endorsement of Mr. Shouse, who has up until recently been chairman of the National Democratic party. He is a Democrat in one State and a Republican in another. In other words he is all wet and supports the wet ticket.

Bob Shuler polled 300,000 votes in the August Primary. He was running on the driest of dry platforms. He is a brilliant speaker and never gets whipped on the stump. They just won't meet Bob in joint discussion. If he should be elected there will be another good Senator in the United States Senate. He is a friend of the common herd.

METHODIST CHURCH GETTING NEW COAT OF PAINT

The Methodist Church building is being treated to a new coat of paint this week. It was badly in need of same and will help the looks of the building. This was the first church building built in our city.

\$1,260 - \$3,000 YEAR. Government Life Jobs. Many Post-depression vacancies. Men - Women, 18-50. Steady work. List positions; sample coaching and full particulars - FREE. Write immediately - today sure.

THE SUCCESS

Farmers	
Ashmore	R. Forward
Pruitt	R. Forward, Sub.
Spencer	L. Forward
Mund, W.	Center
Stanford	Center, Sub.
Mund, E.	R. Guard
McSwane	L. Guard
Kent	L. Guard, Sub.

Tommy Redford, left forward for the cardinals, was high-point man for the cardinals with 20 points. Buck Kent, left guard for the farmers, was high-point man with 6 points.

Although at the present time it looks hopeless that the farmers will make a worthwhile basketball team, by continuing to try they may yet succeed.

—B.—R.—S.—N.— PLANS TO PLAY STATION A OCTOBER 5, AND FARMERS AGAIN OCTOBER 6

Though the cardinals have played one game this week, they are scheduled to play Station A Wednesday, October 5 and the Farmers again Thursday, October 6.

These games are being played as practice games for the Cardinals and to get them in shape for the main season.

—B.—R.—S.—N.— NATURAL HISTORY

The foremost among animals (Continued on page 2)

Lytton Report Condemns Japan Action In Manchuria

The investigating committee appointed by the League of Nations, to look into the differences between Japan and China, have finally made their finding public and the report condemns Japan for the armed force in Manchuria, and recognizes China's Sovereign rights over Manchuria. Saying that Japan has violated the League Covenant and also that of the 9 power treaties, to all of which Japan says she will not abide by, and that she will not give up her gains in Manchuria. The League will on Nov. 14th, take the matter up for final advisement.

CARD OF THANKS

We wish to express our heartfelt thanks to the many friends for their kindness and sympathy in our bereavement.

Especially do we thank our friends for the beautiful floral offering and the tenderness with which they administered to our loving husband and father. May God's richest blessing rest upon each of you.

Mrs. C. C. West and family.

JUDGE ROBERTSON RULED HE HAD NO JURISDICTION

Judge Robertson ruled Wednesday at Austin that his court had no jurisdiction to try the Ferguson contest suit of illegal voting in Texas, and the case was immediately carried to higher courts.

It has developed now that probably all the ballots in Tom Green were cast illegal as Clyde Venson the Democrat Chairman of that county failed to have the Democratic pledge placed on the ballot. Just what effect it will have on the contest when it goes into court is yet to be seen. At any rate the voters of Tom Green county are not pledged to vote for any one and it might develop in a free for all in that county.

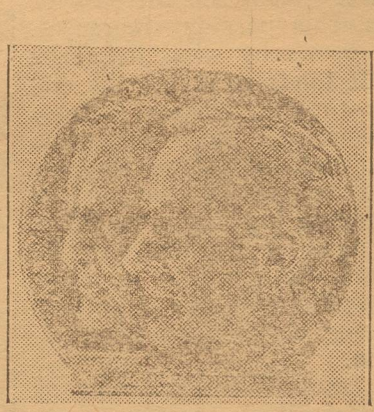

COPPER AND PROSPERITY

In 1929 there were 180 producing copper mines in the United States. They gave employment to 48,043 persons, which means that they were the source of support for at least 120,000. They paid over \$73,000,000 in wages and \$10,000,000 in salaries. Their expenditure for fuel, supplies, etc., came to around \$57,000,000—much of which found its way into the pockets of labor, giving employment to tens of thousands more.

Copper products in that year were valued at \$283,000,000. There is hardly a phase of our industrial life in which copper plays no part—hardly a manufacturing business in which it is not used.

This gives some idea of the importance of the copper industry, and mining in general, to the United States—and shows why the revival of mining must be a necessary factor in the work of recovery.

The Success is in receipt of a letter from our old friend Herman West, oldest son of C. C. West deceased. He wants us to convey his thanks and appreciations to the people here for the kindness they showed in the recent death of his father. He said there was quite a few he did not meet personally while here.

Roosevelt-Garner Medallion, this emblem is being distributed to contributors to National Democratic campaign.

Funeral Of C. C. West Held Friday From The Baptist Church

The Funeral of C. C. West was held Friday afternoon from the First Baptist Church with Elder Black of the Church of Christ, assisted by Rev. J. L. Ratliff, conducting the service. The house was filled to overflowing with the numerous friends, many of them of 40 years standing. The body was laid to rest in the Eldorado Cemetery in the family lot, in which a daughter is buried. All the family was present at the funeral except Mrs. J. H. Bowder, who resides at Providence Rhode Island.

The largeness and beauty of the floral offering typifies the largeness and sincerity of the true friendship in which this noble westerner was held by his fellowman. Mr. West was an enthusiastic in the care and up-keep of the Eldorado Cemetery, and the West lot has always been one of the best kept lots in our cemetery, of course Mrs. West shares largely in this work and Father Time will soon call for her to rest beneath the beauty and fruits of her labor.

BELTON, Oct. 6.—Miss Mildred Smith of Eldorado has been selected as a member of the College Chorus at Baylor College for Women and will appear in many entertainments and programs this year.

This organization, which is directed by Miss Ethelyne Morgan, acting head of the department of voice, will give its first program just before the Christmas holidays. The climax of the year's activities will come in the spring when a Spring Festival will be given.

Miss Smith, who is a freshman, is active in social and class activities on the campus.

Albert Shoemaker, of Waco, Texas was here Wednesday night guest of his parents, Mr. and Mrs. G. B. Shoemaker.

J. A. Ruff, who ranches in the east end of the county, was in Eldorado Wednesday looking after business.

Red Brown of Mason visited in Eldorado this week. He was guest of Mr. and Mrs. G. C. Crosby, on the ranch.

Mr. and Mrs. Jack Elder and daughter, of San Angelo, were here the past week end, visiting Mr. and Mrs. J. B. Christian.

Upholstery Work

When you are caught out in a hard cold rain in that old car with the leaky top, think of Churchill.

When you are nosing about the house and see what used to be the most comfortable rocker but out of use now for the need of some repairing, think of Churchill.

In fact when in need of any kind of upholstery work or top repairing come and see Churchill Upholstery Works at Eldorado Auto Laundry, Eldorado. We are making as close prices as possible on this kind of work that is consistent with good material and labor.

Eldorado Makes Best Showing In Sunday's Games

The Eldorado Base Ball Club won one game Sunday from the Red Roosters of San Angelo, played on the Eldorado diamond. The first game went nine innings and the Eldorado Club ran up a total of eight scores and held the Red Roosters scoreless for the entire nine innings. In fact they only reached second base twice and died there, as they reached it, did not get to warm it up any. Lefty Hannah was the pitcher that did the work with ease, L. T. Barber catching behind the bat.

The second game, of seven innings, went to the Red Roosters by a score of 5 to 4. T. J. Bailey starting on the mound and left in the third with San Angelo having 4 scores and two men on bases. Hannah went in and one of the men scored but he held them scoreless the rest of the game. Eldorado threatened to score but some of the best batters fanned at the bat, which left the Red Roosters with one to the advantage of the count. The fifth game of the series will be played here next Sunday with Hannah and Barber pitching and catching. This should be a real interesting game with the odds in favor of the Eldorado Club.

FIRST NATIONAL BANK IMPROVING INTERIOR

The First National Bank is having some work and changes made on the interior of the building this week and when the work is finished it will enhance the looks of the building on the inside three folds.

FIRE DESTROYS EATON OFFICE

Fire of unknown origin destroyed the office of W. E. Eaton, manager of the Eldorado Water Works, Wednesday morning. The loss was between \$400.00 and \$500.00. The building belonged to John Eaton of Sonora, and his brother here said he did not know whether he had any insurance or not.

THE COST OF MOTOR ACCIDENTS

According to B. G. Willis, Vice-president of the Fireman's Fund Indemnity Company, the annual economic loss due to automobile accidents is about \$2,500,000,000. Some realization of the magnitude of the waste can be obtained by the knowledge that public school education in the entire country costs only \$2,200,000,000 annually.

Practically all of the two-and-a-half billion loss is due to three factors—ignorance, carelessness or incompetence. There is no other major cause of automobile accidents. The unavoidable accident is rare indeed. The percentage of accidents due to mechanical failure of the car in small—and in the bulk of these the fault lies with the owner who has not kept his machine in proper condition. The human factor is present in every conceivable mishap.

Most of us have insufficient understanding of the destructive force of a moving automobile. A car going 50 miles an hour has the same potential force as if it were dropped from a height of 101 feet. At 40 miles an hour the car will travel 29 feet before the average driver is able to react to danger and it then takes 80 feet, with four-wheel brakes, to stop, or a total of 109 feet.

Last year ignorance, carelessness or incompetence at the wheel killed 34,400 people and injured almost 1,000,000. During 1932 these factors will be responsible for another 35,000 deaths—unless every motorist awakens to his responsibility and does his part to reduce the ghastly toll.

OCTOBER 7, 1932

The Success wishes to compliment the High School Football team for the nice work done in their first game. The boys played a good game and at no time were they in danger of losing the game. They have a good squad out this year and have started out to be the district champions again this year.

The school will likely give an account of the game in their notes.

When we were young and began to study the ten plagues of the Bible we often wondered how the frogs, locusts and other pests could come upon a land and people all in one night as short space of time. But since our experience with crickets last week and the frogs this week, we can understand and believe such things could have happened. We thought last week that Eldorado was the only town affected with these hopping creatures that filled your homes, business houses and even the farm lands of our county, but we have talked with those that have been as far as Houston last week, and traveled a great deal at night and they report that other sections of the state were just as badly affected with the chirping crickets as we were. This week we find millions of small frogs hopping about the land, brought about from the continued wet weather. It looks as though we are going to have over again the ten plagues.

The Fergusonites curse Tom Love for the same thing they praise Jim for. Tom belongs to the good government crowd and has never been charged with crime. Jim has been impeached and is not even allowed by law to hold office, yet his crowd says law or no law we want Jim, and it is charged that thousands of men from other states and even negroes were brought into Texas and the Democratic party to vote for Jim, and now protesting because honest people want to recount and throw out those illegal votes. They should not have been cast in the first place.

Damaging rain fell throughout most of last week, causing much damage to feed and cotton. Lots of the feed is entirely ruined and the cotton crop has been cut short considerably, not only in this county but other portions of the State.

The Fergusonites are making strong pleas now for all the people to support Jim and Ma especially those that belong to the Democratic party, saying it is a crime to vote against Jim and Ma. Jim is the biggest curse the Democratic party has ever had and when he is not nominated he organizes a new party and says "to hell with the Democrats" but now he thinks its hell to even think of voting for another besides a Ferguson. No true Democrat is bound to support the Fergusonites, and when they tell you, yoh can't vote for all Democrats except the Ferguson, and vote a Democratic ticket, they are misleading you, have sense enough to know your own ideas and vote them. Jim is just a Democrat when being a democrat suits him. You can vote for Bullington for Governor, and the rest of the Democratic ticket, for National, State and County offices. And many democrats will do it.

We have never thought that the Fergusonites are even the choice of the Democratic party. It appears that he got his

Garden Of Experience

F. G. CLARK.

ENTERTAINMENT

The second sign of approaching national decay is an overmastering passion for physical pleasure. With the increase of wealth, this passion increases, for it grows by what it feeds upon. It tends to divide the citizenry into two classes: those who work and those who play. Money enables those who acquire it to gratify this passion with increasing abandon. The great mass of working people are sunk deeper into hopeless poverty; the idle rich may have increasing means of self gratification.

The result is the widening of the gulf between the two classes. The logical outcome of this condition caused the French Revolution, followed by the Napoleonic wars which laid Europe prostrate. It was, also the cause of the Russian collapse during the great war. It brings a nation to this pass: Foam at the top, that is the idle spendthrift rich, and dregs at the bottom, the oppressed ignorant poor, and there is nothing between. The great middle class, that, when it exists, is the bulwark of national life, has disappeared, leaving the nation like an empty egg shell, ready to collapse with the first strain put upon it. But the fault is not entirely with the rich. Their money simply enables them to gratify a passion that nearly all would gratify, if they had the means. There is no passion active in the rich but what lies dormant in the poor, signs of this are about us everywhere.

People, even in this depression are using money for physical pleasure that is sorely needed for debt paying, living expenses, and the maintaining of church and school. The church is empty, while the places of amusement are crowded to the doors. People neglect the places where their brains would be instructed, and their souls strengthened, and crowd to the places where their nerves are thrilled. And it is out of this class which come the idle rich, and the result is death to all virtue. Here is a quiet hard working, church going community, made up of happy homes, where children grow up in a wholesome atmosphere. Now let this community grow suddenly rich thru the discovery of oil or such means, and the result is morally disastrous. Homes are broken up; children are scattered; and men go to ruin thru debauchery. The sleeping serpent, that poverty has kept dormant, has awakened to life with disastrous results.

FOR SALE

815 acre farm and ranch, 12 miles from Eldorado on public road. 100 acres in cultivation. 3 pastures, good well and windmill. Plenty of storage, a few fruit trees. Fair buildings; a desirable place. Good terms.

QUICKER, BETTER RELIEF from use of Black-Draught

"I have taken Black-Draught, off and on when needed, for twenty-five years, for it is easy to take," writes Mr. George T. Wharton, of Petersburg, Va. "I take it for constipation and when I have that dull, tired feeling. I take it for colds and other complaints where a good laxative is needed, and I believe it gives me quicker and better relief than any other medicine I know. It certainly has been a help to me."

P.S.—If you have children, give them the new, pleasant-tasting SYRUP of Theodor's Black-Draught.

BAILEY RANCH NEWS

(Continued from page 1) stands the man except when under the influence of whiskey.

Man possesses five organs, organ of speech which is denied to all other animals, other than humans. Monkeys are usually supplied with a fifth organ and a man to play it. Of all different races the horse race leads them all.

The other domestic animals are cats and dogs. Dogs need no notice because they are so common. There are two kinds of cats the cat of nine tails and the cat of nine lives (lies).

Some fowls thrive best in foul water. The beaver is the most profane animals of them all because they dam the very river which provides food for them. The principal fish is the whale but the Prince of Wales is not a fish.

The best known species of the bug family is the bed bug and the "humbug."

W. C. Parks says all of these are the "honest truths." He believes all such things.

PRIMARY ROOM

The Primary Grades entertained Wednesday morning in chapel. The program consisted of the following: A play, "A New Man" by Fern Parks and Nable McSwain. Two pantomimes, "Stolen Sweets" by Calvin Henderson. Pantomimes "It Can't Be Best" by Nora Mund. Leslie Christian and Alton Copple. A play "Hard to Please" by Quita Cheatham and Alton Copple. Song by entire room.

Miss Ashmore says her pupils are doing nicely this year in school.

Marjorie Parks JOKES

Claude: Lester, does your wife ever miss you when you come in at 2 o'clock in the morning.

Lester: Yes, sometimes but usually her aim is perfectly straight.

Clifton: Daddy were you out to sea last night?

Lester: No, why?

Clifton: Well, I heard you tell Claude you could hardly navigate home.

First Tramp: Why do you hang to whiskey so, don't you know its your worst enemy.

S. T.: Lats what the Bible say, love your worst enemy.

Mr. Redford: Waldine name some parts of speech that show action.

Waldine: Verbs, adverbs, and —and proverbs.

STATEMENT OF OWNERSHIP

Statement of the ownership, management, circulation, etc., required by the act of Congress of August 24, 1912, of The Eldorado Success, published weekly at Eldorado, Texas for October 1932.

State of Texas
 County of Schleicher:

Before me, a County Judge in and for the State and county aforesaid, personally appeared A. T. Wright, who, having been duly sworn according to law, deposes and says that he is the Editor of the Eldorado Success and that the following is, to the best of his knowledge and belief a true statement of the ownership, management of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That A. T. Wright, Eldorado, Texas is Publisher, Editor, Managing Editor and Business Manager.

2. That the owner is: A. T. Wright, Eldorado, Texas.

3. That the known bondholders, mortgages, and other security holders owning 1 per cent or more of total amount of bonds, mortgages, or other securities are: Mergenthaler Linotype Co., Brooklyn, N. Y.

PUBLIC SCHOOL FINANCING

Frances Mills
 (Fort Worth Star-Telegram)

In time of depression Commerce and Industry seek to decrease the demand for commodities while the school system seeks to decrease the demand for service. This is a difficult economy and is possibly a hardship.

All educators urge young people to remain in school. If they stop school to seek employment they are only becoming one of the many who are now struggling for a living. If boys and girls stop school now there is danger of a "hoto generation," or more criminals. The schools and colleges can save many young people from the criminal world.

If the people do not pay their taxes and keep up these institutions, they will regret it later and probably pay a higher price in the end.

The enrollment in school this last year was greatly increased and the demand on service in school branches has increased greatly. For these reasons every community should do everything possible to keep the schools going.

—E.—H.—S.—

SENIORS TO WEAR CAPS AND GOWNS IN MAY

Roberta Milligan

The Senior Class met in the Spanish room with Mr. Holt last Tuesday afternoon. The purpose of the meeting was to consider ordering the senior invitations for the graduating class of '33.

After considerable debating,

the invitations were selected and ordered from Mr. Brown, who is representing the T. G. Belfour Co., of Tittlesbourough, Mass.

The invitations are about eight by five inches and a large eagle is on the top of the invitations. The class colors, which are lavender and gold, are near the bottom with E. H. S. in the center.

After the invitations were ordered the question arose as to whether or not the seniors would graduate in caps and gowns. The question was voted on and the Seniors will appear in caps and gowns at the baccalaureate and at commencement.

When the Seniors are ready for their invitations and costumes they will write to the Belfour Company and give the number desired and other necessary information.

Twenty-five members of the class were present at the meeting.

—E.—H.—S.—

CHORAL CLUB ELECTS OFFICERS

Roberta Milligan
 The Choral Club met in the auditorium with Miss Karr as director last Tuesday afternoon at four o'clock.

A few songs were sung, after which the club organized. The officers elected are as follows: Elnora Andrews, president; Margaret Bradley, secretary-treasurer; Roberta Milligan, reporter.

Two new songs were practiced. Frances Mills, Alicia Burk, Loleete Andrews, Inez Cobb, Elnora Andrews, Anna Ruth Spurgers, Jess Ella Johnson, and Roberta Milligan are the altos for the first semester.

The Club is planning an opening program for the year to be given within three or four weeks.

Tuesday evening is being considered as the date for the regular meeting.

There were 24 members present.

ent at the meeting. They were as follows: Elnora Andrews, Margaret Bradley, Jess Ella Johnson, Alicia Burk, Inez Cobb, Frances Mills, Louise O'Harrow, Ollie Ruth Newlin, Artie Mae Woods, Mary Lee Davis, Aurora Willis, Loleete Andrews, Anna Ruth Spurgers, Sammie Luedecke, Islagayle Childress, Roberta Milligan, Lillie Barrows, Mary Doyle, Minnie Logan, Celeste Tisdale, Mildred Willis, Nell Campbell and Cleone Morgan.

—E.—H.—S.—

PERSONALS

Thelma Taylor

Miss Margaret Bradley appeared at the football game in a pair of brand spanking new riding boots which we all admired very much. I suppose riding boots will be the rage now.

Miss Ollie Ruth Newlin motored to the city of San Angelo Saturday where she reported a very enjoyable trip.

Gordon Williamson, one of our esteemed Fish, remained in Eldorado this week end where he could be found near the Hooker Hotel most of the time.

J. R. Conner attended the football game at San Angelo Saturday afternoon where everyone alluded to him as "one of those Eldorado Eagles."

Our Sardines As We See Them

Getty Grace DeLong is learning to sew and she says that it is the hardest job she ever tried to do, but she keeps on trying, and that is something.

Wenona Enochs gets her letter each day at noon from E. J. at Bronte and Fae Bele gets hers from Christoval so don't be surprised to see a letter sticking out of their pockets every day.

Charles Ratliff who is very much like his brother Jack,

whom we all know, seems to be reconciling himself to the fact that he will be a Fish for one year at least.

Happy Andrews says that her studies are just as hard as they were last year. We wonder why?

EAGLES ROMP ON KITTENS

Hollys Alexander

Eldorado prevailed over the Angelo Kittens in a football game that could have used members of the swimming team. The Kittens did not furnish as much opposition as expected, lacking cooperation both on offense and defense, and allowing the Eagles to do about as they pleased. Eldorado had no star playing and no special play worked best, unless it was the passes. Eldorado intercepted two passes for touch downs.

Because of their weakness we were able to try out a bunch of our subs, some of whom showed up very well. Our next game with Menard this Saturday will be no set-up as this last one was. The first downs were 12 to 1 in favor of the Eagles. The starting line-up for the Eagles was:

Jim West, Left end, Raymond Smith, Left Tackle; Hollys Alexander, Left guard; Jack Ratliff, Center; John I. Jones, right guard; Bill Smith, right tackle; Billie Kerr, right end; Joe Turner Hext, Quarter back; Junior Isaacs, left half; Aubrey Smith right half; Jack Kerr, Captain, full back.

Substitutes for the game were: J. R. Conner, guard; W. C. Spurgers, guard; Dee DeLong, tackle; Alton Page, tackle; Guy Moore, tackle; Hassell Ratliff, end; Aris Carr, end.

FOOTBALL SCHEDULE

Sept. 30, Kittens (here), 32-0.
 Oct. 8, Menard (there).
 Oct. 15, Ozona, (there).
 Oct. 22, Sonora (here).
 Oct. 29, Sherwood (here).
 Nov. 5, Rocksprings (there).

Nov. 11, Junction (here)
 Nov. 14, Angelo (there).
 Nov. 19, open.

Nov. 23 Sonora (there).

BOYS GLEE CLUB

Edward Cox

The Boys Glee Club was organized on Monday afternoon of the 26th. Under the direction of Miss Karr. We elected officers as follows: Jack Ratliff, president; Hollys Alexander, vice-president; Aubrey Smith, secretary and reporter. The other members included: Lawson Edmiston, Edward Cox, Samuel Smith, Charles Ratliff, Milton Spurgers, J. R. Conner, Eugene Koy, Hollys Alexander, Elton Page, Bell Sample, Junior Isaacs, Hassell Ratliff, James Page, R. L. Sample.

Miss Karr told us we had good harmony in our first song. The Club must have fifteen members to get credit, but I think we have that number assured. We meet every Monday evening at 3:20. All the boys are getting right into the work in a big way and we are hoping to make this club stand out as new entertainment in the Eldorado High School.

—E.—H.—S.—

ELDORADO HIGH HAS ANOTHER NEW COURSE

Harold Isaacs

Chemistry is being taught this year for the first time in several years, by Coach Williamson. The pupils seem to be interested and there are a large number in the class. There are twenty-two taking this course.

The study of Chemistry is a science which deals with chemicals. The class has been studying the fundamentals of chemistry this month. They have been learning how to use burners and how to cut and bend glass and the principal things in setting up an experiment. They have been experimenting some with oxygen and hydrogen.

Jack Kerr and John Alexander started the fire works off Thursday with a small explosion caused by lighting a match to some hydrogen which they were making.

This course is going to be very valuable to those going to college because many degrees require chemistry and this will give the students foundation.

OUR TROPHY CASE

Charles Ratliff

In front of the study hall we have a valuable trophy case. It contains 4 trophies won by the Junior Track team, and a large eagle.

Two cups that were given by Barnhart and Ozona were won by the team last year. These were given for winning the most points in the track meet.

Several Statuettes were also won by the Junior Track team and these were given by Merton and our own school. These were also given for having the most points in the track meet.

These are three year trophies. We have a good prospect for a track team this year. We lost a few valuable men but have others to take the place of them.

NEW SEATING ARRANGEMENT IN AUDITORIUM

Gordon Williamson

The seating arrangement in the auditorium has been changed by Mr. Holt and worked out in a different way.

The purpose of this plan is to give each group of pupils an equal chance to be in a position in order that they may hear the programs well.

This is arranged by changing each group weekly, allowing them to rotate. This gives each pupil an equal advantage in hearing the programs, as the acoustics of the auditorium make it difficult for a person to hear in the back part of the room.

CAMPUS GROWING IN BEAUTY

Cecil Moore

The shrubbery as set out in the fall of 1931. It was bought and put here by the Parent-Teachers Association. It makes the school building look better

to the people passing by. Without this shrubbery the school building looked very bare indeed. There are about one hundred plants and trees. Everyone that came back this year noticed the rapid growth and how much more attractive it makes the school campus.

—E.—H.—S.—

NEWSPAPER CLUB ORGANIZES

Milton Spurgers

The Newspaper Club of the Eldorado High School is just getting started. This year is the time for Eldorado High School to get a club that will be the best we have ever had.

The club organized this year has fourteen members. It has elected officers and has already started work. The officers are as follows: Junior Isaacs, Editor; Jack Ratliff, Associate Editor; Thelma Taylor, Assistant Editor; J. R. Conner, Joke Editor; Hollys Alexander, Sports Editor; and Elnora Andrews, Copy Editor.

—E.—H.—S.—

SPORT SLANTS

Eldorado goes to Menard tomorrow. They will give the Eagles more competition than the Kittens did.

—E.—H.—S.—

London beat Menard 13 to 12 last Saturday. London is playing an outlaw team this year so Menard will not be so easy after all.

—E.—H.—S.—

The Sonora Broncos tromped on the Tivy Reserves for a score of 20-0.

—E.—H.—S.—

The Big Lake Owls mashed the Sherwood line down for a score of 20-0.

—E.—H.—S.—

The Eagles play Sherwood later on this season.

—E.—H.—S.—

JOKES

J. R. Conner
 Thelma: Mr. Holt, wouldn't you like to by a ticket for the football game?

Mr. Holt: I am very sorry but I have no money.

Thelma: Oh, that's all right. I don't have the ticket either!

Alton Page: Coach, I have got to have something to rub my leg with.

Coach: Get a bottle of Absorbine Jr. It is only \$1.50 per bottle.

Alton: Ah, man, I am sure gland it's not Absorbine Senior.

Mother: Now, Johnnie, I know just thousands of little boys and girls who would be glad to eat that spinach.

Harold: Name me three of them!

Hassell: Is that clock running Mr. Smith: No, it's just standing there wagging its tail.

Yes, there's a terrible surplus of wheat in the country but it could be worse. It might be spinach.

One of the Health students was taking a test:

Miss Karr: What is Hygiene?
 Student: Hygiene is a gas.

Mr. Williamson: What is the formula for water, W. B.?

W. B.: HJKLMNO
 Coach: Rotten.

W. B.: Why, you said it was H to O!

WANTED—Field Pastorage for 1,000 Muttons, will divide flock, will buy additional good yearling muttons.

Begin Taking Cardui Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardui," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well."

"After I was married, I was in bad health. I began taking Cardui again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 90 pounds when I began taking Cardui. I improved rapidly. Before long I weighed 126 pounds. I felt fine. I was able to do a good day's work."

Cardui is sold by druggists here.

**THINK TWICE,
YOUNG PEOPLE !!!**

In a recent radio address, W. E. Mallalieu, General Manager of the National Board of Fire Underwriters, observed that the encroachment of government competition into industry was narrowing chances of young people to go into business for themselves.

Criticizing Mr. Mallalieu's viewpoint, a leading socialist newspaper said: "He might better have deplored the fact that the government is so little in business that it cannot guarantee employment to those worthy young people, but must turn them loose in a chaotic world of industry in which they cannot find jobs."

Here we have two schools of thought represented: The first upholds our American theory of individualism; the second, that of paternalism.

Our country reached world leadership through the freedom of individual initiative. So far our socialist friends have been unable to show the same advancement for the individual through their experiments. Under their theory that the government should guarantee employment to worthy young people, the government would have to take over all business, including land ownership. It could then, in theory at least, regulate production and income.

Every citizen would virtually be a ward or an employee of the government and depend upon the public treasury for his "keep." As all government industries are tax-exempt, they would have to make a profit as does private industry, which, in turn, would be handed to the public treasury to be redistributed, with the citizens drawing their living from the public pay rolls or charitable institutions.

The fundamental reason for all past failures of government in the field of business, is simply this: Government does not have to make a profit. It can always demand additional sums from the taxpayers to cover inefficiency, carelessness or mediocrity on the part of the public

servants who are in no way responsible for losses. This condition breeds lack of initiative in the rank and file of public employes for, in the vast majority of cases, they can reap no reward for superior ability. Once we eliminate individual incentive, we have gone a long way toward eliminating progress.

Private enterprise, on the other hand, must be self supporting and make a profit in order to exist and pay taxes to maintain all functions of government. Each business and each individual must strive for efficiency. Every individual has an opportunity to progress according to his ability and talent genius is thereby developed. The record of this nation shows that the achievement of its citizens have benefited the world and given our own people more conveniences, more luxuries, higher wages, more leisure time and more independence than are enjoyed by the citizens of any other country.

Who will claim that if our young people had been "guaranteed employment by the government," we could have shown any such record of progress? We have proof that in other nations which have extended paternalism to the limit, there has been lack of advancement because of restriction of real opportunity and incentive for the individual.

We have been drifting away from the old principle of independence on which our government was founded. We have already allowed too much paternalism to creep in. We have allowed the bureaucracy to gain more and more power over our lives and our businesses. We have allowed our government to become adulterated with a thousand alien theories. In our own laziness about solving our individual problems, we have tried to clothe it with superhuman and supernatural powers to do for us what we should be doing for ourselves.

We are today paying an exorbitant cost in taxation, for loading the government with hundreds of duties outside the legitimate function of govern-

ON TEXAS FARMS

By W. H. Darrow
Extension Service Editor

Wheat on terraced land made four bushels more per acre than on unterraced land on the farm of Allie Walling in Cottle county.

Sixteen silos, mostly of the trench type, have been built by Kleberg county dairymen this year, says the county agent, bringing the total in the county, exclusive of King Ranch, to 56.

Summer fallowed wheat on 640 acres harvested by Herman Broth in Sherman county averaged 21 bushels per acre compared to averages of 5 to 8 bushels per acre on unfallowed wheat on adjoining land.

Al Kuntz increased his income \$4.20 per acre by producing.

If we obligated our government to "guarantee employment to worthy young people when they leave school," we would assume a burden of paternalism and taxation that would be the ones who would eventually pay this cost either through destructive taxation, or destroyed opportunities, or loss in self respect which would result when government, unable to collect sufficient taxes to meet its exorbitant demands, would confiscate property in lieu thereof and redistribute it in the shape of jobs or doles to its "dependent," rather than "independent" people.

Yes, indeed, young people, think twice before you ask government to guarantee you a living and make you a ward. Once it does that, the age of individualism is over and the future will hold little hope for human progress.

Mr. Mallalieu is to be commended for setting forth some fundamental ideas which there is a tendency to lose sight of when political curricula for temporarily disturbed economic conditions, are being hurled at the people from every side.

ing 37 bushels of wheat to the acre on old sweet clover land. He lives in Wolfe Ridge community in Cooke county and as told by the county agent, wheat on old corn land near by made slightly less than 25 bushels to the acre.

Mr. and Mrs. Silas Burk were in from the ranch Friday attending the funeral of C. C. West.

FOR SALE: Two Cast Iron Heaters, burn coal. One Batchelor Heater and one large heater, in good condition and will sell cheap.
