Eldorado Wins From Red Roosters In Sunday's Game

The Eldorado Independent Baseball Club, in a real ball game Sunday afternoon on the Eldorado Base Ball diamond, won a deciding victory of the Red Roosters of San Angelo, for the District League Championship, with Lefty Hannah in the box and Barber behind the bat receiving the hard pitching from Hannah. This is the third game that Hannah pitched to victory. Another star player in Sunday's game was none other than Conn Isaacs who whammed one that proved to be a homer, and another hit ater on that brought in the deciding score. The entire team did excellent work and threatened in several innings to score additional scores. The Red Roosters only made a showing in one inning which was the time they scored one run, outside of that inning they never got to first base but one time.

Brosig of the Red Roosters pitched an excellent game and held the locals down to only a few hits.

The final score at the end of the ninth inning was one to two in favor of the local club, with a half inning coming.

Hannah only allowed three hits during the game while the locals got five hits off of Brosig.

Lions Club Holds Luncheon Wednesday

The Lions Club held their weekly luncheon Wednesday, meeting a half hour late on account of the funeral of Grandpa McDonald.

The Parent Teachers Association are planning for a play, to be assisted by the Lions Club in the near future, and the public should be prepared to attend for the fun is promised to be excellent. Then too, the Parent Teachers always spend their money wisely, and have been a great asset to the school.

E. C. Hill made a report on the Sonora Group meeting to the local club.

BORN—Friday to Mr. and Mrs. Francis J. Wood, a son, named Francis Jr. Mrs. Wood and son doing nicely and the father is recovering from his son stroke.

SPECIAL PROGRAM

B. Y. P. U. will render program at Baptist Church Sunday evening at 7:30. Preaching by Rev. McGuire of San Angelo. Everybody invited.

Sonora Entertains Group No. 23 Monday

C. E. Knight, president, E. C. Hill, ex-president, J. H. Jarvis and A. T. Wright, all went to Sonora Monday to attend a meeting of group No. 23, of the Lions Clubs, which was held in the basement of the Sonora Methodist Church. The Group is made up of San Angelo, Sterling City, Eldorado, Ozona and Sonora. Some 50 Lions met at the luncheon hour, the most of whom were from the Sonora club.

The Eldorado Club and San Angelo Club being the only outside towns sending visitors. Harmon Neill is president of Group No. 23. The program opened in regular form of Lions meetings, followed by a spicy program. The first was music by Miss Watkins, Messers Rodgers and Glascock. The Sonora president of the Lions Club took charge, with the exception when John Eaton the Tail Twister was notoperating. After the regular meeting business was dispensed with, Lion Neill taking charge, and W. E. James was elected Secretary for group No. 23, and the group meeting proceeded with their business. Reports from the different Clubs were heard and the Lions Clubs have been active in pushing the needed things for the town in which they are located. The report from the Eldorado Club that will be of interest to our folks at home included the achievement of the street being widened from Eldorado School House to the business part of town and the sponsoring or helping to sponsor a new bath house for the school building.

The next Group meeting will be held at Ozona, which will be about 90 days hence.

Emmit Cox, the live wire of San Angelo, announced that the Fat Stock Show for San Angelo was set to meet March 7, 8, and 9th, 1933.

Duck Season Opens November First

While at Sonora Monday we learned from the Game Warden for this county that the season for shooting or hunting ducks would not open until November first. This is a federal law. The state law says October 16, and if some of our local sportsmen are not informed they may violate this law unknowingly.

BORN—Thursday at the San Angelo Hospital to Mr. and Mrs. George Crawford, a daughter, named Betty Lindsey. Mother and babe doing nicely, and George is wearing a new smile.

W. J. McDonald Drops Dead

W. J. McDonald, aged 76, long time resident of our county, dropped dead while picking okra in the garden at his home in Eldorado, early Tuesday morning.

Mr. McDonald was an active Baptist preacher for many years, and moved to this county from the Harper country some 20 years ago. He at one time owned a ranch about 20 miles west of Eldorado, and at that time preached for the people of the Kaffir community.

His long and useful life came to a sudden end without warning, and proved true the scripture he often preached, while warning the unsaved that to be prepared for that great day that must come to one and all, and they could not know the hour.

The funeral services were conducted from the First Baptist Church Wednesday morning, the Rev. Parker, pastor of the Sonora Baptist church conducting the service, with the Ratliff Funeral Service, of our city in charge, the Rev. Paul Ray of San Angelo, the district Missionary, was here to assist in the service, he being the pastor of the Bailey Ranch Church, where the membership of the deceased was held.

He was the father of nine children and with these he leaves an aged companion to mourn his sudden demise.

The following were active pall bearers: Sam Oglesby, W. T. Whitten, C. E. Knight, L. L. Baker, W. F. Meador and Leslie Galbreath.

The body was laid to rest Wednesday morning at 11 o'clock in the Eldorado Cemetery, following the services at the church, to await the coming of his loved ones.

Death has no sting when you can lie down at the end of your three score years and ten, and perhaps more, and fall asleep, leaving behind a tribe of christian people, the fruits of a righteous life. No lingering, no suffering, not even a though of going. In a moment, just wafted away in the Heavenly breezes to that mansion not builded by hands. Thus ended the sojourn of our friend and neighbor.

The following are the children: Mrs. A. L. Nixon, Jdnetion Mrs. P. W. Hazlewood, Mrs. Roy Andrews, Mrs. Henry Mund Mrs. Frank Spencer, Mrs. Walter Taylor, Mrs. Clyde Galbreath, Marvin McDonald and Nolan McDonald all of Eldorado. He had 22 grand children and 11 great grand children.

WHOLESALE GRADUATION OF THREE IN ONE FAMILY MAKES HISTORY ON S. C. W. CAMPUS

From "The Laso" It is not and has never been an uncommon thing for S. C. W. to graduate two sisters, twins or otherwise, in the same class. That happens in numerous instances and will happen again this year when the Matlock twins, Phyllis and Clifford, receive their degrees.

But the 1933 graduating class has something new and different to offer—a rare case for this institution of higher learning. The same thing will likely happen again in the years to come, for they say that "History repeats itself," but the present group of seniors hold the distinction of starting it.

For the first time in the 29 years' history of the Texas State College for Women, there are three sisters enrolled in the senior class who have made application for degrees to be conferred in June. The trio, Ena, Oma and Una Ford, have lived

Schleicher County Tax Rate Lowest In Fourteen Years

The Commissioners Court met Monday and set the County Tax Rate at 50 cents on the One hundred dollar valuation, which was the lowest since 1918 County rate for 1931 was 65 cents. This years rate is as follows: General Fund 25 cents; Road and Bridge Fund 15 cents; Court House Interest and Sinking Fund 5 cents; Permanent Improvement Fund 3 cents; Jury Fund 2 cents.

The 1932 valuations are \$4,336,940, which is a reduction of over 21 per cent from the 1931 Rools.

The State & County taxes for 1931 were \$76,546.46.

The State & County taxes for 1932 will be \$51,609.58.

Saving the tax payers for 1932 will be 32 per cent or \$24,936.88.

All real estate was reduced 15 per cent this year and live stock was assessed at the following prices: Cattle \$10.00, Sheep \$1.00, Goats, \$0.50 and horses at \$10.00 to \$15.00.

The Road Bonds that were assumed by the State Highway Department will save the Schleicher County tax payers \$6,505.41 for 1932.

PRESBYTERIAN CHURCH

There will be a special service of unusual interest at the Presbyterian Church next Sunday morning at eleven o'clock. Four Elders of the First Presbyterian Church of San Angelo will have charge of the service.

These visiting laymen will speak from the viewpoint of the layman.

Special music will be provided. A cordial invitation is extended to every body to attend this service.

J. F. Sutton, District Judge and Glenn R. Lewis, district attorney, were here Wednesday, empaneled a special grand jury, for the purpose of indicting some saddle thief. The work was done and Sheriff Conner reports the boys are in the jail house now.

Frank Bradley and Melvin Crabb are having about as big dispute over our ball game, as Jim and Ross did over the governor race, and we doubt if either is right.

in Denton since 1929 when they came here with their mother, Mrs. W. F. Ford, and entered this school.

Each Has Different Major — Ena Ford is majoring in business administration. She finished Eldorado high school, where they lived prior to moving to Denton, in 1929.

Oma Ford, who graduated from Eldorado high school in 1929, is majoring in English, and Una Ford, who is majoring in vocational home economics, also graduated from high school in 1929.

Older Sister Waited — Ard perhaps another unusual angle in the Ford case is that an older sister waited two years after completing high school work in order to climb the four steps to higher education with her two sisters.

Since the founding of S. C. W. in 1903, records show that there have been several instances in which hthere were two sisters in the same graduation class, but this is the first time that three in a family have applied for degrees to be given at the same time.

Mrs. Ford and her daughters live at 714 Schmitz street.

Ferguson's Name Goes On Ticket

The Supreme court held Saturday that the District Judge Robertson had jurisdiction to try the contest case, but ordered that Ferguson's name go on the ticket because there could not be time to try the case before the general election. Therefore Sterling in case he won in his contest could not get his name on the ticket.

The name of Mrs. Ferguson was certified Saturday night by wire by Mrs. Jane Y. McCallum, at the expense of the Ferguson's.

Eagles Battle Yellow Jackets, 13-6

Hollys Alexander

The Eldorado Eagles went to Menard Saturday Oct. 8 to see what the Yellow Jackets would do if stirred up. This was the first conference game of the season for both teams. The Eagles started off with a "bang" from the first kick off.

The Yellow Jackets were seemingly taken by surprises at the pep, fight, and hard playing of the Eagles. They played a defensive game from the very beginning.

A little argument took place after the first play. Eldorado kicked off. Instead of Menard running with the ball they returned a punt. Menard players blocked after they had kicked. Hext was blocked, came up to receive the punt, but missed and Menard recovered the ball. They claimed the boll where it was covered, on Eldorado's twenty yard line. This was a play that does not happen often and was hard to decide upon, but Coach Williamson was over ruled and it was Menard's boll by counting it a down.

The Yellow Jackets rallied in the last quarter. The rally started when Eldorado failed to make yordage and the ball went over. They made one touchdown and failed to kick a goal for the extra point. They staged a grand come-back but it was too late and it is doubtful if they would have lasted had the game been longer.

The Eagles made 19 first downs while the Yellow Jackets made only 11. The Eagles made 222 yards by scrimmage of which 155 yards was made by running line plays and 67 yards by passes. Eldorado completed five paseses and three were incomplete.

Elton Spencer, who has been at home for the past few weeks, on a furlough, has been granted a parole. He served the most of his nine months sentence. We trust that his stay at Huntsville has been beneficial and that he will hence forth live up to the expectation and prayer of his noble father and his christian mother. Let's give him a helping hand.

John Rae was in from the ranch Wednesday looking after business and shaking hands with friends.

Bailey Ranch School News

CARDINALS SLASH STATION A

Jack Meador

On Wednesday, October 5, the Bailey Ranch Cardinals slashed their way through the Station A team to another overwhelming and decisive victory. When both teams left the field, the score stood at 36 and 2. Just another victory for the Cardinals. Station A was supported by two outside players, who were past basketball stars, Buck Kent and Elton Spencer. Buck Kent is an ex-basketball star of the Eldorado High School, and Elton Spencer has played enough to know the game anyway. "Dutch" Olenburg and Arthur Pruitt also well known

(Continued on last page)

Sheriff O. E. Conner Gets Saddle Thieves

After several months of constant work and many miles of travel, Sheriff O. E. Conner has finally traced down and had arrested, Bennie Crawford, who is now in jail at Wichita Falls, and C. L. Batton, in jail at Austin, for the theft of Hensel and Fred Matthews' saddles, and the saddle of H. C. Williams, several months ago. He has also recovered the saddles. Judge Sutton and District Attorney Glenn R. Lewis came out Wednesday and empaneled a special Grand Jury that billed the two men, so they could be held in jail until they could be tried. Sheriff Conner never quits a trail until the victim is caught or dies, or gets in the pen for some other cause. He keeps after them until they are brought to justice.

Schleicher Wool Brings 15 Cents

The last of 1932 Spring wools stored at Eldorado moved early in the week when the First National Bank Warehouse loaded out to A. W. Hilliard & Sons of Boston, Mass., approximately 40,000 pounds. The movement consisted chiefly of the Thomson Bros. & Lawhon clip of choice 12 month's wool which brought 15 cents per pound, bought by Jackson Hughes, representing the above firm. Other lots in the shipment were small clips of fall shorn wools brought 10 cents per pound.

Fall Mohair Sold

The First National Bank Warehouse sold this week to Jackson Hughes, representing Tom Ritchey of the firm of A. W. Hilliard & Sons, the local accumulation of fall mohair at 8 cents per pound for adult hair, and 25 cents for kid hair. Shipment and delivery will be made about the 15th.

High School Boys To Stage Negro Minstrel, October 28 & 29 To Pay For New Bath House

The boys of the high school football team, assisted by members of the Lions Club and others from the outside, are planning a big Negro Minstrel for the evenings of October 28 and 29th. The proceeds are to be given entirely to pay for the new bath house which is now under construction at the school building. Miss Grace Karr will direct the work on the negro minstrel and it is guaranteed that a full evening of entertainment awaits all who come to the school building on the above dates. The program consists of one act plays that are a scream; of dialogues and monologues that are certain to get a laugh from any audience; and finally the program consists of songs and songs-solos, duets and choruses. One hour and thirty minutes will be required to give the entertainment and about forty characters will appear on the stage. Remember the date—OCTOBER 28th and 29th.

Perry Johnson was among the cotton growers that transacted business in the city Wednesday.

Mrs. Lewis Ballew was shopping in the city Tuesday from the Tisdale Ranch.

Charley Yancy was in from the farm Wednesday ginning out some cotton.

Joe Williams visited Mrs. Williams at Carlsbad Tuesday.

Heaters, burn coal. One Batchelor Heater and one large heater, in good condition and will sell cheap.

OCTOBER 14, 1932

The cotton ginned up to this week runs around 1,000 bales in the three gins. The week up to press day has been dry except for early morning dews. The opening has been a little slow on account of the recent rains. The price has been below seven cents, which is extremely low for the grade of cotton here and the shortness of the annual yield.

In this issue of The Success will be found the two main tickets that will appear on the general election ticket to be voted Nov. 8th. We do not have room for the other six tickets that will also appear on the voting ticket. Some of which has no candidates on them. The tickets will be ready for distribution the first of next week.

IS TEXAS SPENDING TOO MUCH FOR EDUCATION

Every person who is a native Texan is proud of that fact. No state in the Union has had a more eventful history that the state of Texas and all Texans are justly proud of the achievements of the grand old state. As a part of the United States, Texas stands out as one of the foremost states in the industrial and economic phases of the life of the country. Does Texas ever stop and consider the educational situation within its own boundaries in the light that it should be considered?

In these so-called times of "depression" much is heard about the slashing of different expenditures in governmental affairs, particularly that of education. Let us consider some very pertinent facts and then decide if we should slash our educational expenditures and thereby lower our standards back to where they were a quarter of a century ago. According to a compilation of statistics by the Research Division or the National Education Association the average expenditures per pupil enrolled in the public elementary and secondary schools in continental United States was \$90.38, while this same expenditure in Texas was \$59.88. Only twelve states of this great nation of forty-eight states of ours spent less money per pupil than did Texas while New York spent \$168.81 per pupil. This amount is almost three times as much as what Texas spent. Do the children of the people of New York mean more to them than the children of Texas mean to this state? With the compilation of statistics which was referred to above again used as a basis, the average cost of education per child for one day is slightly above forty-one cents. Not all of this forty-one cents goes to the teacher. This amount includes all the school costs. Should Texans not bear in mind the fact that Texas schools are run so economically that they will give its children books, classrooms, equipment, playgrounds, and a day's instruction under a well trained teacher for less than the price of a good golf ball or a box of candy?

Do parents of the younger Texans owe it to their children to consider very carefully the many proposed methods of saving in school expenditures? The coming years will bring forth many more serious problems and a false step here can ruin the schools. Children improperly trained cannot solve them as they should be.

May the people, not only of Texas but of all America as well, wake up and see the crisis that education is now facing and take steps as the type of citizen that America demands.

F. B. Gunn left Tuesday for Oklahoma to make arrangements to move back to his farm near Eldorado. Mr. Gunn has been here for several weeks on the ranch and will be back in about a month with his wife and house hold goods. His many friends are glad to see him moving back.

Garden Of Experience

F. G. CLARK.

INITIATIVE

This is a machine age. The machine predominates in the industrial world, the political world, the ecclesiastical world and the social world. All modern factories turn out products according to pattern and one article is so near like another that they must have distinguishing marks put upon them in order to establish ownership.

There was a time when the doctor concocted his own medicine. He even went to the woods and scraped his own bark or gathered his own herbs, and reduced them to medical form. But now they are readymade in the shape of pills, capsules, etc. He no longer initiates, he conforms to the pattern.

The blacksmith, immortalized in Longfellow's poem, has ceased to exist. His shop once stood on the village street corner, where he beat out every thing the farmer used, from a horse shoe nail to a wagon. Now the farmer gets everything from the distant factory, ready made and the blacksmith has passed out.

But the machine is not satisfied to turn out material products. It is also trademarking men. The average politician is machine made, and his thinking power. He is indistinguishable from his fellow. He simply does what the machine dictates.

If you want to shine in society, you must have no ideas of your own, but conformity to type is required. You are governed by the two slogans: This is done, or that is not done.

The same is true in the school where the text book must be adhered to, and the curriculum respected.

The modern church is no better case. Everything is machine made, and in some churches, the pastor not allowed to write his own sermons, but they are handed down from the sermon factory. Orthodoxy is the machine pattern, and all that must be modeled upon it.

Now, machine production has its merits, to be sure, but it also has its drawbacks. It discourages initiative, when that is killed the most valuable asset of humanity is gone.

There can be no invention without initiative. The inventor must think for himself, or else, no improvement results. The politician must graduate to the degree of statesman, else there will be no improvement in economic conditions. We must have more Borah's, who refuse to be melted down and run into a machine mould such as he, are the hope of the nation, political. Such as he, insist upon going back to fundamental principles of democratic government, and from there recover what course they should steer. It is the independent thinker, alone, who has a chance of becoming a Moses, capable of leading us out of the wilderness.

He is needed in all phases of human society today, and this is especially true of church and state.

The tax question must be tackled and solved by individuals who are actuated by individual thought.

It was the machine that got us into this depression mess, and it is individual thinkers, who are not afraid of the machine who must lead us out. Pray that the good Lord will hasten their coming.

Grandma Eaker Dies At Eden

Mrs. S. A. Eaker, aged 95, died at the home in Eden Sunday. She was living with her son, A. A. Eaker, and cared for by her daughter, Mrs. J. P. Rodgers. She had been an invalid for several years. She is the grandmother of Aviator Eaker who has won many honors in aviation.

Grandmother Eaker was well known in Eldorado, having lived here with Mr. and Mrs. J. P. Rodgers of this city for two years and then they accompanied her to Eden to take care of her through her long suffering. Mr. and Mrs. John Rodgers and Mrs. Charlie Yancy went to Eden for the funeral Sunday afternoon.

COOPERATIVE MOVEMENT HELPS FARMERS

The Southern cotton producers, like the New York dairy farmers, have had the benefit of a strong, aggressive, well-supported cooperative movement.

That movement has done a remarkably efficient job—as the Shannon Committee Inquiry, which investigated the cotton co-ops, showed—even though the inquiry was started by distributors in an effort to destroy the cooperatives. The cooperative influence has been to increase farm efficiency and to bring farmers a more equitable share of the final selling price of their crop. Where, before the days of the cooperative, there was very little classifying of cotton and all staples were bought at one price, the co-op maintains an office in which an expert classer gives the grower a written statement of the grade and staple and the market value. The merchant must then meet the co-op price or lose the cotton.

Before the co-op classing offices were opened farmers in small towns near Memphis were getting \$2.50 to \$3.75 a bale less than the Memphis price. Now they are getting within \$0.75 to \$1.25 of the Memphis price—a gain to the farmer of between \$1.25 and \$3.00 a bale. Through the united efforts of the co-op and southern bankers 7,000,000 bales were held off the market last fall, as a principal result of which the market immediately rallied better than \$5.00 a bale.

This is what Southern cooperatives have done. It is also what other strong cooperatives, in other parts of the country, dealing in other farm produce, have done. It is no wonder that the cooperative movement is generally considered the farmers' brightest hope for future prosperity.

WOMEN DRIVERS SAFER THAN MEN

If you want to start something in any kind of a gathering ask this question: "Are women safe motor car drivers?"

The statisticians point out that there are at least 3 operators to every two cars in the United States, and there were 22,347,800 passenger automobiles registered in the United States in 1931. That means that there are something like 33,500,000 operators. Surveys made in many cities indicate that women constitute approximately 25 per cent of the total number of these drivers.

The National Bureau of Casualty and Surety Underwriters, which strives constantly to persuade motorists to reduce driving accidents as one of the means of reducing automobile insurance rates, conducted a survey on the subject. Their results were checked with similar investigations made by other agencies. Figures thus obtained show that of the 1,281,400 drivers involved in accidents in 1931, women numbered 97,800 or 7.63 per cent. There were 2,460 women in fatal and 95,340 in non-fatal accidents.

In observance of traffic rules and regulations women also stand out. Full statistics are unavailable but reports from a dozen large cities show that women constitute only about 2.53 per cent of those who have to "tell it to the judge."

The other side insists that soft-hearted traffic officers give her the benefit of every doubt and show mercy where there is no doubt at all. Admitting that feminine wiles do count in some instances, it still leaves a margin in favor of the woman.

Traffic officers, inspectors, insurance commissioners, police chiefs, magistrates, and others in a position to know, were circled on the question, "Are women safe drivers?" In replies received 77.8 per cent considered the woman a more careful driver than the man; 11.1 thought she exercised at least as much driving care as a man, and 11.1 considered the woman as careless in handling a car.

Men still prefer to think of women as the helpless sex. They like to dismiss them with: "Well, what can you expect of a woman driver?" But in face of the annual automobile accident records, many believe that

Sterling Not To Support Ferguson

The Governor said he is unwilling to cast a vote to turn the State over to Mrs. Ferguson and her husband, former Gov. James E. Ferguson.

"Knowing Jim Ferguson's record, and having declared it to the people of Texas, I would consider it an act of positive dishonor to cast my vote to put the government of Texas in his hands," the Governor said.

"It is my understanding that it is generally conceded and frankly admitted that if Mrs. Ferguson is elected Governor her husband will dominate the affairs of the office, and act as Governor in fact. In two campaigns for Governor... I discussed the record of James E. Ferguson and made serious charges against him. Not only did I make the charges, but I believe I submitted proof to sustain them to the satisfaction of a half million fairminded voters of Texas."

Governor Sterling was asked if he intended to support Bullington.

"The statement speaks for itself," he replied. "I have nothing more to say right now."

A group of the Governor's supporters in Dallas announced Saturday they would throw their support to Bullington in the general election.

"Will Not Be Intimidated"

"I shall not be intimidated by any cry of 'bolter' or reference to party pledges," the Governor said. "First, it is universally recognized that fraud vitiated all contracts and I have charged and am prepared to prove that fraud existed in the primaries this summer and changed what would otherwise have been the result. Even the answer of the Fergusons to my petition charged wholesale fraud."

The Fergusons had made countercharges of fraud and illegal voting in the Governor's behalf in the primary election.

"Fraud in the procuring of the nomination has relieved me and all other Democrats, of any obligation to support the one declared to be the nominee of the party," he continued.

"Finally, neither Jim Ferguson nor any of the Fergusons can crack the party whip over my back, nor influence my conception of my duty to my country and my party. In 1920 Ferguson spoke of Wilson as a memory and the Democratic nominee, Cox, as a joke, and denounced the Democratic party in bitter terms than any Republican. Again, in 1922, he bolted the party."

Says Not Party Issue

"I am a Democrat and I think the greatest service I can render to my party and to my State is to do all within my power to prevent the Fergusons from gaining control of the State Government, my position being that the people of Texas can not be divided into two parties on the moral issue of common honesty in the administration of public affairs."

The Governor said he would support Franklin D. Roosevelt, the Democratic nominee for President, with all his power.

Governor Sterling said he was not without precedent in his attitude and that he had the "example of eminent and illustrious Democrats to justify me in the course I take." Grover Cleveland, while President, declined in 1896 to support the Democratic nominee, and in the same campaign Woodrow Wilson, af-

terward elected Governor of New Jersey and twice elected President, also refused to support the nominee, taking the position that as a citizen of the United States he felt it his duty to put his country above his party, Governor Sterling said.

MOST for your MONEY in a good laxative

Thedford's BLACK-DRAUGHT has been highly regarded for a long, long time, but it is better appreciated now than ever before. People are buying everything more carefully today. They count every penny of the cost. In buying Black-Draught, they get the most for their money, in a good, effective, easy-to-take laxative, made of approved medicinal plants, dependable for the relief of ordinary constipation troubles.

25 or more doses of Thedford's Black-Draught in a 25-cent package For Children, get pleasant-tasting SYRUP of Thedford's Black-Draught.

tion of the court as final authority, and make no criticism whatever of its ruling or its opinion. I do, however, assert that the law should be changed so that if, at any future time, a nomination for Governor is obtained by improper means there will be a court in which the wrong may be righted.

"I am in possession of evidence which would have clearly established that I was the one legally nominated for Governor. However, because the element of time and the condition of the law, I am denied opportunity to assert my rights and establish these facts."

"I did not file this contest to gratify any personal ambition, for I have sacrificed enough in the public service. I filed it to preserve Texas, the State for whose liberty my forefathers fought at San Jacinto, from the evils of Ferguson and what he represents in public life."

The Governor said the decision of the Supreme Court denied him access to the courts to establish his allegations. "The court did not pass on my case," he said, "but, as I understand held that there was not sufficient time to try the case between now and the date of the election, and therefore that the courts were closed to the contest."

"The result is that there can be no contest of a primary nomination for Governor regardless of whether that nomination was brought about by fraud in voting or the casting of illegal ballots."

"Of course, I accept the deci-

We Want To Handle

Your Wool And Mohair

The Sonora Wool & Mohair Company solicits the Wool and Mohair business of Schleicher County.

We keep in touch with the market at all times and closely connected with all Eastern buyers.

Wool and Mohair shipped to Sonora has the same rate to Boston as from San Angelo.

We will sell directly or will place with Co-ops, as producer wishes.

We handle Wool Bags, Fleece Twine, Sewing Twine, Marking Liquids and Fly Repellant.

Officers are

Ed C. Mayfield, President
V. A. Miers, 1st Vice-president
J. N. Ross, 2nd Vice-pres.
L. A. Halbert, 3rd Vice-pres.
A. C. Elliott, Sec't and Treas.
H. Evans, Manager.

THE RESULT WILL AFFECT US ALL

An editorial in a recent issue of the Dairymen's League News said that there are two main reasons for low milk prices in the New York Milk Shed: (1). Low commodity prices generally, brought on by economic depression; (2) Price cutting by independent dealers obtaining their milk supplies from unorganized sources.

That situation is not pertinent to New York alone. It is found, in one phase or another, in every section of the country. All producers of farm products have suffered from low prices resulting from the town factors of depression and lack of farmer-organization.

Hardtimes will pass-indeed, the end seems in sight now. But the other—and more important—price bogie can be eliminated only by the producers themselves. Cooperatives, with every farmer in the territory working loyally, is the solution.

Organized dairymen are the best guarantee we can have of a soundly-priced, abundant supply of first quality pure milk. It should be emphasized that a fair price to the producer does not mean an excessive price to the consumer. It means only that a fair share of the selling price will go to the farmer. In addition, prosperity for agriculture is reflected in the lives and businesses of us all.

The farmers of the nation have their eyes on the New York milk shed where the Dairymen's League is working for a fairdeal for the farmer. The result will mean much, not only to the future of agriculture, but the future of the nation at large.

FOR SALE: Two Cast Iron Heaters, burn coal. One Batchelor Heater and one large heater, in good condition and will sell cheap.

The Success Office

Mr. and Mrs. W. A. Hampton were in the city Saturday from Station A mingling with friends and trading.

OCTOBER 14, 1932

Some of the Ferguson supporters here want to condemn The Success Editor for his stand against their candidate for Governor. The Fergusons, and nearly every mother's son of them voted for Puddy against my friend Mayfield, even to Jim himself. They have a right to bolt but think the opposition has no right. We claim Jim has no right to expect the Democratic vote unless they are naturally for him. He, himself, would not stand hooked, or rather he did not, then why should any one else be obligated to support him.

Saturday was a real busy day for the Eldorado Merchants. It followed a week of sunshine, the first this fall, and the cotton pickers had a week pay for the first time since the picking began. The next several weeks should be better and the picking has just begun in earnest.

A GUTLESS WONDER

There are many freaks and wonders in the world, but the greatest of these is the "Gutless Wonder."
The Editor received the following through the mail Monday, just why they picked on the Editor to express their indignation is not known unless they think he is all powerful and the big cheese of the land. They wrote on one of the circulars that the Baseball Club had printed, placed a three cent stamp on it and dropped it in the post office when a one cent stamp would have brought it, and they would have two cents left for their charity work.

"Build up your country with this stuff
EXTRA
BASE BALL GAME
League Championship
ELDORADO
vs.
RED ROOSTERS
SUNDAY 2:30
Fair Park
Admission 25c
Bee shore and bee thar,
Hoovercrats and Hypocrats
Get-in-Free."

Well, we saw while there, Hoovercrats and Hypocrats that paid to see the game. The only one that we know that received a free ticket was the Editor. We have received pay for the printing of the ball game circulars. We have never advocated Sunday Baseball; we do attend, and have no apology to make to any one except our own conscience and our maker. We have no condemnation for those that played in the game Sunday they are all local citizens; get no remuneration for playing and are working people; are not professional ball players; just play for entertainment for themselves and others.

If the one mailing the above had had guts enough to sign their name to their missive to the Editor, they would not be classed with the hypocrits.

FOR SALE

815 acre farm and ranch, 12 miles from Eldorado on public road. 100 acres in cultivation. 3 pastures, good well and windmill. Plenty of storage, a few fruit trees. Fair buildings; a desirable place. Good terms.
W. E. Baker

Canning and preserving of foodstuffs in Texas is done by forty-six establishments with 698 salaried officials and wage-earners who received (1930 census) \$496,312 in salaries and wages. Total production was valued at \$3,292,225, of which \$1,237,799 was "value added by manufacture." Commercial canning takes care of only a negligible part of the States' tremendous production of fruits and vegetables, but home canneries during the past two years have been very active with more than 100,000,000 cans of foodstuffs accredited to them during each of those two years.

ON TEXAS FARMS

By W. H. Darrow
Extension Service Editor

Sales of "Chuck Wagon Beans" amounting to 3,000 cans since early March, have brought a monthly income of \$45 to \$65 to Mrs. P. H. Gilliland, home demonstration club member of Westway Club in Deaf Smith county. She also sells canned black-eyed peas under the "Better 4-H Products" label of the home demonstration clubs.

A profit of \$114.06 from a quarter-acre garden is reported by Gene Harwell, member of the Blalock 4-H Club in Cass county. Fresh vegetables used at home weighed out 1,276 pounds and 167 quarts of products were canned.

"Canned goods are worth more to me than money," declared R. D. Burnside of Alief Community, Harris county, as he gave a cash donation to a storm relief committee calling on him for canned stuff from the family pantry.

Fifteen farmers in Dickens county successfully killed and cured 25 hogs last July under refrigeration in a county agent demonstration. Many of the bacons were attractively wrapped for sale under a distinctive "Cap Rock Country Cured" label.

At 12 weeks of age, 10 pigs belonging to R. J. Marshall in Taylor county weighed 994 pounds, having made average gains of 43.7 pounds in 30 days on self feeders. The ration consisted of equal parts of wheat, milo and corn with a protein supplement of equal parts cottonseed meal and tankage, and 10 pounds of bone meal, three pounds of salt, and plenty of clean water and shade.

In Bowie county 66 farmers have agreed to build home sweet potato curing houses by county agent plans. Ten of these were completed early in the summer.

Feed crops may be successfully and profitably harvested with sheep, according to reports made by M. J. Wade of Schleicher county to County Agent L. L. Sumner. A fence was run through the middle of a 50-acre oat field and a flock of yearling muttons turned in on half while he threshed the other half. The half threshed and sold returned \$60 net, while that which was pastured returned \$165 and left enough grazing to start another flock on.

THE SUCCESS

Fayette Murray and Robert Shepperd of Christoval passed through Eldorado Monday on their way south, going down in the Valley country, on a prospecting tour, via way of Villa Acuna, and prospects will look good to the boys after the first day.

How Cardui Helps Women

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat. Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected. Take Cardui to give you a better appetite, to give you more strength from the food you eat—to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardui.

OCTOBER TIME TO START PASTURE IMPROVEMENT

College Station—The brilliant success of hundreds of East and Central Texas farmers with improved permanent pastures the last few years leads to the prediction by R. H. Bush, special agent in the A. and M. College Extension Service, that the number of farmers beginning pasture improvement this fall will break all records. Returns as high as \$50 per acre have been made on pastures in the East Texas Permanent Pasture Contest this year, from rich grazing furnished dairy and beef cattle, work stock, sheep and hogs, he says. County agent records show that 45,000 acres of permanent pastures yielded 3,040 farmers an average of more than \$5 per acre in 1931, and this value is expected to show an increase of 1932. Some of the best pastures are carrying two to three head of mature stock per acre with little additional feed required.

"October is the best month to begin improvements," says Mr. Bush. "Waste creek lands make a good spot to begin, although there are many cases of good upland pastures. Improvements may include clearing away underbrush, fencing, mowing weeds, terracing, draining, and always sowing a variety of fine pasture grasses and clovers. Dallis grass has been found good throughout the entire East South and Central Texas territory as a supplement to Bermuda grass. Rescue grass is commonly sowed and often Italian rye grass. Carpet grass is succeeding in many places. Among the legumes most commonly sown are the yellow and white sweet clovers, lespedeza and black medic. County agents are ready to help farmers get started on pasture improvement."

AGGRAVATING THE TAX BURDEN

In the town of San Jose, California, a move has been started to have the city acquire and operate the local water utility. The laws of the state permit this with any or all utilities—exercising the right being purely a matter of choice.

In commenting on the proposed move, the San Jose Mercury Herald points out several "economic illusions" that confuse popular thinking about utilities. "One is that the public does not pay for the reduction in rates effected by withdrawal of the utility property from taxation through public ownership. Every penny of the taxes a private utility pays is added to the burden of other taxpayers when it is taken over by the city or state."

"Another illusion . . . is that the profits of a business which . . . appears to be monopolistic represent a corresponding loss to the people." On this, the Mercury Herald says: "The basis of general prosperity is profit and any industry that makes a profit contributes to it. In the case of utilities, the state limits the earnings on capital to a reasonable return because competition is not permitted."

Still another illusion is that reduction of electric rates is a major economic problem. As the Mercury Herald observes: "Utility bills are so small in their relation to the total cost of living . . . that the benefit realized from a rate based on actual cost would be unimportant."

Other and similar illusions will come to mind, but these will serve. Voices such as that of the Mercury Herald are needed at this time, if American communities are to keep from making costly experiments which will aggravate an already intolerable tax burden.

One of the largest shippers of Panhandle, on the Santa Fe, is the Carson County Creamery, growth of whose business has been almost phenomenal. The creamery recently had its largest single day's production, shipping 4,000 pounds of products.

What is said to be the largest export grain shipment ever made from the South Plains comprised eighty carloads of maize and kaffis-corn consigned to Germany.

"A Bargain In Every Purchase"

KEEP 'EM GROWING

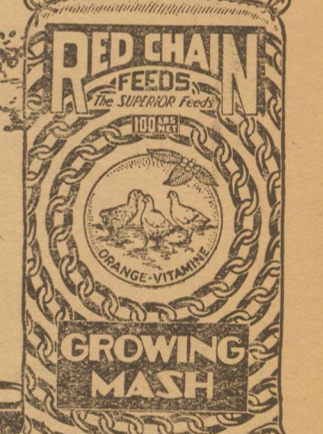

Chicks are an expense—until they are grown. How fast they grow—and the profit they pay you after they reach maturity—depend upon how well you feed them during the growing period.

RED CHAIN Feeds are SUPERIOR Feeds

RED CHAIN GROWING MASH is growth insurance, for the present—and profit insurance, for the future. No other feed develops young chicks so surely into such husky, sturdy pullets and cockerels.

Of course it costs a few pennies more than makeshift home mixtures and cheap commercial feeds; but SUPERIOR results will convince you that it pays to keep 'em growing—with RED CHAIN.

Development of the woolen manufacturing industry in Texas, heretofore notable chiefly for its non-existence, received new impetus when the charter recently was issued to the Texas Mohair and Wool Mills, Inc., at New Braunfels. Capital stock is authorized at \$104,000 and plans are rapidly proceeding to the point of actual manufacture of woolen goods in Texas. A new industrial incorporation is the United States Iron Works of Tyler, recently organized for manufacturing purposes. Capital stock is \$3,000. New Texas industrial charters include: Skee-Ette Manufacturing Co., Fort Worth and Belew Gin Co., Plainview.

W. O. W. MEMORIAL HOSPITAL SERVES LUNCHEON WITH PRODUCTS RAISED ON ITS OWN TEXAS FARM

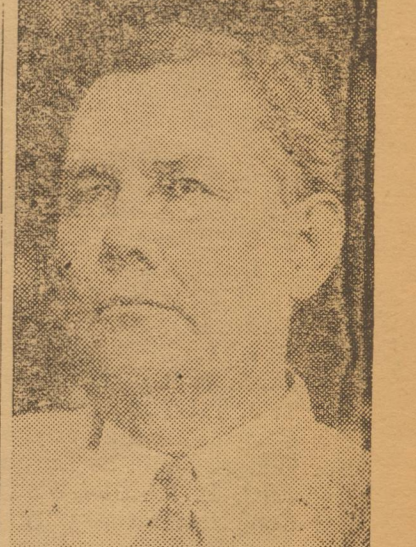

Judge E. D. Henry Complimented by President Fraser for Fine Work.

The nationally known Woodmen of the World War Memorial Hospital at San Antonio has one of the finest farms in the state and is doing much to bring about a greater interest in farming and dairying, according to President W. A. Fraser.

Judge E. D. Henry, prominent San Antonio Citizen, is agricultural director of the hospital farm. Judge Henry is also a member of the agricultural committee of the Chamber of Commerce.

Each month the agricultural committee discusses some phase of farming, and recently dairying was stressed. Those interested in dairying in Southwest Texas were invited to a meeting and luncheon at the W. O. W. Hospital. They visited the hospital and farm and the new, beautiful William Alexander Fraser chapel and bird sanctuary.

The luncheon consisted of stewed and fried rabbit, roast beef, tomatoes, potatoes, sweet peppers, beans, cottage cheese, bread, ice cream and milk, all products from the farm.

Judge E. D. Henry

doing to promote its industry. He also paid tribute to the fine work of Dr. J. F. Koerth, medical director of the hospital, for the splendid results achieved in the treatment of tubercular patients.

Woodmen of the World has a fine record throughout the country. In its statement of June 1, 1932, it declares its assets to be \$107,516,196.65, an increase of more than five million dollars over the previous year. Woodmen of the World wrote more than \$41,000,000 insurance in 1931 and paid benefits during that year of more than \$10,000,000.

Sports Editor, Hollis Alexander
Copy Editor, Elnora Andrews

this year should be popular because of the scarcity of jobs. There should be fewer pupils dropping out and more "dropping in."

Let's have economy in education costs, but let's not stint here as we do in other places. This would have too vital an effect on the citizenship.

THE GREATST FACTORY IN THE WORLD

Thelma Taylor
Did you know that one fourth of the nation's population is composed of school children and teachers? And did you know that the greatest factory in the world is continually turning out citizens into this old world of ours? Yes, the system of schools is the greatest and most important factory in the whole world.

President Hoover recently said: "The very first obligation upon the nation's resources is the undiminished financial support of the public schools. We cannot afford to lose either economy or good government."

Wibbur, secretary of the Interior said: "What we do in our public schools with our children determines what our nation shall be. In spite of temporary economic difficulties, it is no time for back tracking in education. It is more vital for us to have better education and more of it to protect us from our own ignorance and follies. Men are children but once and during that period the grown-ups can at least afford opportunity to the child."

FOOTBALL BOYS TO GET NEW BATHHOUSE

Jack Ratliff
The football boys are about to see a dream come true. A new bathhouse will be in the place of the old ater tank very soon. The boys have already started wrecking the old frame. Two or three boys will be at work aall of the time. J. L. Ratliff will have charge of the construction. The bathhouse will have lockers and four showers, and will be a modern building in every way. The main thing that the boys want is somewhere to have dry clothes and a warm place to dress. The new building will be able to easily acomodate all of the boys.

This new bath house is being built through the cooperation of the Lions Club, The P. T. A., The Eldorado School Board, The Pep Squad and the Football boys. The football boys are going to put on a pay in order to help pay for the building. Do your part in building the bathhouse in anyway that you can.

PEP SQUAD SELLING XMAS CARDS TO HELP PAY FOR BATHHOUSE

Fae Belle Enochs
The Pep Squad is trying to sell some Christmas Cards in order to buy a banner and help pay for the boy's bathhouse. The banner will very likely cost around ten dollars and what is left over will go for the construction of the bathhouse. For each box of cards sold we get thirty three and a third percent commission.

The Squad is divided into four groups with a leader at the head

Public high school education of each group. The leaders are: Thelma Taylor, Elnora Andrews, Fae Keeney and Anna Ruth Spurgers. The group that sells the most boxes will get a arge two dollar box of cards or etchings to be divided among the girls in that group.

Buy your Xmas cards now and help out a good cause.

FOOTBALL SCHEDULE

- Oct. 1. San Angelo 32-0
Oct. 8. Menard 13-6
Oct. 15. Ozona, (there)
Oct. 22. Sonora, (here)
Oct. 29. Sherwood, (here)
Nov. 5. Ricksprings, (there)
Nov. 11. Junction, (here)
Nov. 14. San Angelo, (there)
Nov. 19. Open
Nov. 23. Sonora, (there)

CHANGED FOOTBALL RULES

- 1. A player withdrawn from the game may be returned to the game at any time, instead of waiting until next half.
2. The ball is dead when any part of the ball carrier's body except the hands and feet touch the ground.
3. Flying tackles are prohibited.
4. Flying blocks are prohibited.
5. The flying wedge formation at the kick-off may not be used.
6. No substitution may be made unless time is out for some reason, such as after an incomplete pass, ball goes out of bounds, etc.
7. Hand, Knee, or elbow pads may no longer be used.
8. Defensive linemen may no longer strike with hands or fore arms.

STATE INSPECTOR VISITS SCHOOL MONDAY

Mary Del Williams
Miss Ella Lunday, who is supervisor of the high school division of the State Depart-

ment of Education, visited the school October 10 and spent the entire day. She visited classes and examined records and pupils work such as note-books and theme books. None of the criticisms which made were very severe.

In talking with Mr. Holt, some of the questions she asked were concerning the number of pupils in each class, the experience, degrees, and certificates of teachers in the school, number of books in the library, and number of magazines taken by the school.

The State inspector makes an annual visit to the school. As this year is the rst since Eldorado High School was placed on the Southern Association list, the standard that we have to meet is much higher and requirements much stricter than before.

Miss Lunday gave a number of helpful suggestions to teachers and different departments. One suggestion was that a reading room be provided for the high school library. Other suggestions were that more books be added to both grammar grad and high school libraries, more attention be paid to the use of good English by all high school pupils, especially Seniors in both written and oral work.

We hope Miss Lunday will make a favorable report concerning the school in Eldorado when she returns to Austin.

JOKES

J. R. Conner
This Week's Scratches
Seven year itch
Athlete's foot
Swedish Match
Bon Ami

Jack Kerr: You say anything to me, big boy, and I'll make you eat your words.

Jack Shugart: Chicken Dimples, hot biscuits, and watermelon.

Mr. Kelly: Gordon, what is

one sixth of ninteen thirty seconds?

Gordon Williamson: I don't know but it's not enough to bother about.

"Is Tom's dog a setter or a pointer," asked Mr. Holt.

"He is neither," replied Pancho Bradley. "He's an upsetter and disappointment."

Tommie: (mushily) Thinking of me, my darling?

Anna Ruth: Oh, was I laughing? I'm sorry!

Joe Hext: Why are you wearing that old sweater? Don't you have any shirts?

Gene Key: Why sure, I have lots of them but they are both in the wash!

Miss Turney: (To one of the football players with his head in bandages) Were you wounded in the head?

Jack Ratliff: (Tired of answering questions) No mam, in the leg and the bandage has slipped up!

NEW ARRANGEMENT OF LIBRARY

Nell Campbell
This year the library is open at every period during the day from eight thirty until four.

Many of the reference books which were on the shelf at the front of the study hall are now in the library and may be checked out for one period or over night. Other books may be checked out for a week instead of two weeks as they were last year. For each day the book is kept out over time a fine of five cents is charged if a book is checked out for one period and is not renewed or turned back in at the end of that period.

PHYSICAL EDUCATION FOR THE GRAMMAR SCHOOL

Charles Ratliff
Every day at noon the Grammar School pupils are very busy playing football and baseball.

The fifth grade boys play football each day and have a special game each Friday with the fourth grade. Mr. Kelly is the Manager.

The fifth grade girls play baseball each day. They are directed by Miss Howell.

The Sixth and Seventh grade boys play football each day. They have a game every Friday with the High School Eagles. Mr. Terry is the manager of this group. The sixth and seventh grade girls play baseball each day. Last year they played Bailey Ranch two games and won both times. We are looking forward to their having luck this year.

TOPPING THE EAGLES

Jack Ratliff
The Menard Yellow Jackets were finally conquered on their own field by the Eagles. The game was evenly matched but the Eagles were too strong.

Menard played the cleanest game they have ever played with Eldorado. There was no spectacular playing. It was all team work.

The Eagles only punted once. Menard made their touch down on passes alone. The Eagles were never in danger except on the touchdown and it was made rapidly.

The Eagles should have had three touchdowns because they had the ball on the ten yard line just before the half.

The Eagles go to Ozona tomorrow. The Ozona team is inexperienced but remember that Coach White is still there. That makes a lot of difference. We shall stick with the Eagles this time. Scratch out the Lions but scratch easy!

Sonora vs. Ricksprings. Sonora has an ideal team. They have a line of 174 pounds and a fast backfield. Ricksprings will be about the same as last year. Scratch out Ricksprings's name with a heavy pencil.

Junction vs. Menard. Menard has got off on the wrong foot. They have lost both of their

games, but we will still to them. Three ballots for Menard and two for Junction.

SO THEY SAY

Francis Mills
Roberta Milligan: "Hoochie". Mr. Smith: "Pardon Me, but do you have you typing fee?" Miss Allen: "We must have order."

Thelma Taylor: "Now, J. R." Elnora Andrews: "All right come on, Thelma, you and Harold."

Coach: "You were supposed to have learned that in the fourth grade."

Francis: "We must know the dictionary in order not to be green."

Miss Meyer: "No hablo ingles Evelyn Anderson: "Ah-ker-chooooooo!"

Miss Turney: "Come on girls, let's play baseball."

Raymond Smith: "Ee—Ya—Ya—Rancho Grande."

Gordon Williamson: "O Dear, O, dear, O dear."

HIGH SCHOOL AND GRAMMAR SCHOOL FOOTBALL TEAMS HAVE REGULATION GAME LAST FRIDAY

Milton Spurgers
The High School and Grammar school football teams had their first regulation game Friday afternoon, Oct. 7, after school. The heavier and more experienced high school team won by a score of 6-0. but the game was close and hard-fought all the way through.

In the first quarter, the high school team made their only touchdown and failed to score the extra point. In the second quarter, the playing was close and neither team managed to get in scoring position. The high school kicked off at the beginning of the second half. The third quarter was a little dull, nothing happening except many penalties on both sides. The fourth quarter was equally uneventful.

Below are listed the lineups of the two teams:

Grammar School
Jack Hext, End; Jim Sample, Tackle; George Williams, Guard

Jack Jones, Center; B. Wade, guard; Jim Roach, tackle; G. Parker, end; Galen Casey, half-back; Paul Davis, quarter; B. Anderson, half back; Vernie Logan, fullback.

Substitues: Tisdale, Bodine, Freiss, McAngus, Enochs, Rasmussen, Ballew.

High School
Harold Isaacs, end; Marshall Davis, tackle; Jack Shugart, guard; Richard Jones, center; William McWhorter, guard; Eugene Key, tackle; R. L. Sample, end; Frank Bradley, half-back; Gordon Williamson, half-back; James Page, quarter; Milton Spurgers, fullback.

Subs: Ratliff, Luedecke, Moore, Green, Smith, Evans.

TEXAS INDUSTRIAL ACTIVITIES

Industrial development was to be a feature of the Wichita Falls golden jubilee celebration Sept. 26, 27 and 28, showing how that city has grown industrially as well as in all other ways.

A new undergarment factory has been started at Denison by W. R. Russell to manufacture underclothing for men, women and children. Five electrically driven machines are the opening installment.

SUBSCRIPTION BARGAIN DAY RATES

The time of the year has come when all papers are offering bargain day rates. The Success is glad to join in the push. You may renew your paper at the rate of \$1.00 per year anytime between now and January 1st. We have some special bargains with the Semi-Weekly Dallas News and other periodicals that will be money saving to you.

The San Angelo Standard-Times \$3.95; The Success \$1.00; both for \$4.50.

The Semi-Weekly News \$1.00 The Success \$1.00, both for \$1.75.

THE SUCCESS OFFICE

The Spread of Power Is the Spread of Industry
What does it mean when electric power is distributed widely over the countryside to small towns and farms? Such is the task that has been accomplished by the building of far-flung power lines in the past twenty years. What is its effect?
It means that industry can operate as efficiently in small communities as in the large cities. It means a better distribution of industrial activity, with an improvement of working conditions and a reduction in manufacturing costs.
Industry is following the power line to the small community... and here in West Texas, the "Land of Opportunity," the West Texas Utilities Company is leading industries to the 125 progressive cities and towns dependably served from its 2,500-mile transmission line network.
Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?
West Texas Utilities Company

GARNER THINKS CHANCES GOOD FOR BEER BILL

NEW YORK, Oct. 11.—Speaker John N. Garner, Democratic vice presidential candidate, said Thesday he believes "there is a distinct possibility that there will be some form of modification of the Volstead act to bring about the return of beer before March 4."

"My guess," the speaker said "is that there will be some legislation for modification of the Volstead act when Congress meets for the short session in December.

"I believe this will happen because of the demands of the Democratic platform and the statements by Democratic Congressmen, many of whom are now up for re-election. It is practically certain that such legislation will be acted on in the House." The speaker added, "of course I can't speak for the Senate." "If beer is brought back by

the present Congress," Garner said, "it will have to be before March 4, because this Congress dies on March 4."

Presbyterery Meets In Eldorado Monday And Tuesday

The Presbytery of this district met with the Eldorado Presbyterian Church Monday and Tuesday of this week. Quite a number of out of town visitors were present from over the district, which was presided over by the Rev. Guy Davis.

Harry Jackson was in from his ranch in the Rudd neighborhood Tuesday shaking hands with friends and looking after business.

Pat Martin was in from the ranch Monday looking after business and trading. B. E. Moore was in from the farm Tuesday trading.

BAILEY RANCH SCHOOL NEWS

(Continued from page 1)

basketball players were on the team.

FARMERS AGAIN MEET DEFEAT

Thursday, October 6, the Farmers basketball team, suffered another shameful defeat. The score was 53 and 16, Cardinals favor.

Captain Ervin Mund, in spite of his hopeless efforts to bring his team to victory, has every reason to be sadly disappointed that an athletic captian might have.

The first half of the game was smoothe with little excitement, but the last half began to tell up on the Farmers and the game became faster and rougher, but it was all in vain—for the farmers.

In most games it is a thrill to see the ball pass through a ring, but so many goals were made by the Cardinals last Thursday, that it finally became where Cardinals goals were paid small attention to by that team.

FALCONS DEFEAT SECOND STATION TEAM

Wednesday October 5, the Bailey Ranch Falcons, Bailey Ranch second team, defeated the second team of the Station by a score of 8 to 2. Although it was very much of a rough and tumble game the small boys thoroughly enjoyed it.

THE EQUATOR

J. T. Kerr
For the past month there has been much commotion among the astronimers of the world.

From all reports something very strange has happened to this old earth. From the observatory comes the news that during the eclipse, which occurred last month, the equator of the earth in some unknown way slipped down around the South Pole.

This fact was almost un-

known to the inhabitants of North America and most other places, except for fact that the weather in most places was cold and extremely rainy.

The reason for this is explained as follows:

When the equator slipped, the warm atmosphere of the tropics was moved down around the South Pole. This in turn lowered the temperature of our country, which had been fairly warm. When the colder air comes in contact with the warm air of our country it was condensed, as we learned in science and falls in the form of rain. Therefore the rainy season we have been enjoying was made. The scientists and astronimers have been working very hard to return the equator to its normal position.

We sincerely hope that it has been replaced by now and that our rainfall will be normal for awhile.

COTTON FARMERS

Lewis Kerr
Farmers in Bailey Ranch community are working all day and part of night now. Most all of them have cotton pickers in their fields.

Bailey Ranch Gin has ginned about 225 bales.

NEW ROADS

People need not be afraid of coming to Bailey Ranch now at night for fear of taking the wrong road and becoming lost. Two graded roads now lead to the Bailey Ranch School house. Those who enjoy Sunday evening rides, drive out into a good community sometime.

INTERMEDIATE GRADES

L. D. Mund
Miss Earline Tate was ill last Monday and Tuesday. We were all very glad to have her back at school with us.

The children in Miss Herbert's room got their report cards last week and they seem to be very well pleased with them.

The small girls in that room play indoor baseball and they are making pretty good players.

BIRTHDAY PARTY

Florene Nixon
L. D. Mund had a birthday party last Friday night. As soon as the children came they played games a while, then they went into the dining room. On the table was a large nice cake with thirteen burning candles on it. L. D. blew eleven of them out, and his friend Miss Earline Tate blew the other two out.

All of the children cut a piece of the birthday cake and made a wish. After the children ate the refreshments that were served, they went back into the living room and played games.

There was a large crowd and every one enjoyed the evening.

NOTICE

On Friday night before Halloween, Bailey Ranch School will have a school carnival, and box supper combined.

The proceeds from this entertainment will be used in buying basketball and track equipment for boys and girls. Girls, bring a box and watch it sell! Boys, save a few quarters to spend for a good time on this occasion! Coffee will be served free!

JOKES

Andrew Nixon
Louis: What makes you pucker up your lip when you start to throw?
Bill: Well you see, it gives me good aim.

(Sterling, from long speech):
"And in conclusion, remember, that a man is known by his work."
(Voice from audience): "Well yours must be of gas works."

Jack: You know, I'm related to the Boones.
Mr. Redford: Yes, I remember your grandfather's name was "Bab."

Miss Ashmore: Calvin, name

the five oceans.
Calvin: Eldorado, Bailey R., San Angelo, Austin and Pacific Ocean.

L. D. Well, dad I fooled them at school.

Charley: How was that?
L. D. We had some visitors and the teacher asked me to give Lincoln's Gettysburg Address and I said he never lived there.

Mr. Redford: Who were the four horsemen?
Louis: Paul Revere, Jesse James, Buffalo Bill and Barney Google.

Louis and Andrew were talking of ghosts. Andrew claimed to have seen a ghost, while passing the cemetery, the night before.
Louis: What was this ghost doing when you last saw him?
Andrew: Just falling behind. Falling behind—rapidly.

The children are doing better in their school work, especially in Geigraphy and Arithmetic.

Betty Sue Ashmore has her name on the honor roll with an average of 90.

BAILEY RANCH GIRLS VS. STATION A GIRLS

In a baseball game Wednesday October 5, the Bailey Ranch School girls won over the Station A School girls. The scores were 17 and 15.

Three Bailey Ranch girls played on the Station A side so as to make a team.

CHAPEL PROGRAM

High School gave a good program in Chapel Wednesday October 12. It consisted of the following: A Spanish song, entitled "Nita Juanita" given by the First and Second year Spanish classes. A play "The Salesmans Radio," by Florence Nixon and Jack Meador. A "Silent Song" by High School girls. Three pantomines were also given.

SELF-SERVE GROCERY

WHOLESALE AND RETAIL

We kindly ask that you please bear with us during the Saturday cotton picking rush. For those who desire to trade and avoid the crowd, we will remain open Friday night until 10 O'clock and Saturday night until 11 O'clock. Thank you.
