STAR Running-in-oil

You will find in the new running-in-oil STAR the many features you have always wanted in a windmill—one oiling a year—your choice of Timken Tapered Roller Bearings or "NO-OIL-EM" Bearings—two gears, two pinions and two pitmans—direct center lift to pump rod—crosshead, guides and pitmans bearings flooded with oil—a scientifically designed wheel with angle steel arms and braces and ball-bearing turn table.

The fans of this new STAR are curved to give great efficiency in an 8 to 10 mile an hour wind. Plunger pump in crank case floods crosshead, guides and pitman bearings with oil, and tight cover keeps out dirt, rain or snow.

One filling of crank case with oil each year will save many trips up the tower. May be fitted on any tower.

The new STAR is the last word in Windmill construction. Come in and let us show you this mill. You will want to know about it whether you are needing a new mill right now, and we want you to know what a really fine windmill we have in this new Star.

EL DORADO VS. STERLING.

The El Dorado Basket Ball girls left Saturday morning for Sterling City accompanied by sixteen representatives from the home town. Upon arriving in Sterling it was immediately announced that dinner would be served at the State Hotel. After dinner every one dashed for the school grounds where we found the crowd gathering. Much to our surprise we found Prof. J. C. Helm in the Sterling High School. Mr. Helm was Superintendent in our school a few years ago.

The game began at 3:00 p. m., those playing the first half were, West, Jones, center; Chick, Hinyard, guards.

All players put their hearts into the game from the first. The Ball was passed from player to player until at last Sterling possessed it and by quick passed it to their forward and scored. The crowd was on their feet and nothing could have held them. The ball was put center and Watson seized it and passed it to Jones, who carefully put it through the goal. The Pep Squad was THERE and all El Dorado visitors went wild. After the first quarter all players were congratulated and yells were given to encourage them.

Second quarter: The ball is up in center and through careful guiding it was passed to the forward and West scores. Sterling fouls and a free throw is made but the ball failed to pass through the ring that means so much. The ball is passed until Sterling scores twice in succession. At the end of the first half the score stands 4-6 in Sterling's favor.

Those playing the last half were Jones, Smith, forward; Watson, Wright, centers; Evans, Hinyard, guards. New enthusiasm took hold of our girls. The ball was passed and repassed, Sterling scores, El Dorado fouls and Sterling makes free goal. Every one will admit that the last quarter was the most interesting part of the game.

Fourth quarter: Smith scores. The ball is put to center immediately passed to forward and Jones makes the goal. Again the ball is up in the center and passed to our forward who is making straight for the goal when the whistle blows and time is called. The score standing 8-9 in Sterling's favor. It was a clean, square game and good team work was shown by both teams. The pep squad was well represented and each person filled his place. Let us compliment our players, as well as Sterling's, on their playing. Let us also thank those who furnished cars. Sterling City will return the game in the near future, attend the game and show them our appreciation of their kindness shown to all while in their city. Reporter.

Texas News

A bronze service medal soon will be available for approximately 8000 men who composed the First and Second brigades, Texas cavalry, organized in 1918, but never federalized because of the signing of the armistice.

Thirteen children, inmates of the state orphan home at Corsicana, and one teacher, all bitten by rabies-infested dog, were brought to the Pasteur institute at Austin Saturday to begin the 21-day treatment.

Gross production taxes of \$48,356 or 214,784 tons of sulphur mined in Matagorda county was Saturday paid to Comptroller S. H. Terrell by the Texas Gulf Sulphur Company.

The Citizens State bank of Ranger has been granted authority to do business by the state banking board. The capital stock is \$75,000.

A conference of rural Presbyterian churches of Texas is to be held in Dallas January 18 and 19.

Assisting of public school teachers in their old age and in other cases of distress or loss is the purpose of the Teachers Aid Society of Texas, charter for which was recently granted. Headquarters is at Athens.

A new red snapper fishing ground has been located near the gulf coast off Red Fish bay. No red snapper schools previously had been known closer than about 30 miles off Point Isabel.

Suitable clays for the manufacture of bricks, tiles and pottery are found all over the state in ample abundance and some kaolins, porcelain clays are also known. The value of the clay products of the state for 1924 amounted to \$5,000,000.

George B. Terrell, state commissioner of agriculture, has gone to the Rio Grande Valley to reorganize the force of inspectors in charge of citrus canker inspection work since state funds were cut off by veto and the counties have raised money for this work.

One and one-fifth fare for the round trip has been granted to the annual convention of the Texas State Teachers Association. This is the lowest railroad rate ever accorded the association. The convention will be held in Dallas, November 26, 27 and 28.

Shipments of lumber originating on the Angelina and Neches River railway may be stopped in transit for reworking at Beaumont, Orange and Houston, with like shipments on the Texas Southeastern stopping at Houston, the commission has just ordered.

The Texas Midland railway was eliminated from the carriers authorized to give a 50 per cent reduction in freight rates on feedstuff in the broad area of Texas, by the railroad commission on application of the International-Great Northern.

A deposit of rock asphalt discovered while drilling for oil six miles south of San Antonio on the Somerset road will be developed and put on the market, possibly within the near future according to Claude McCauley, owner of the farm on which the deposit has been found.

Contracts were signed last week between the state highway commission and Travis county for \$291,000, for work of completing the Austin-Manor Houston highway to the Travis county line. The county supplies \$97,000 of the funds out of its bond issue, and state and federal funds make up the balance.

Magnetic iron ores are found in Llano County in deposits of some magnitude. The quality is good, but the size of the deposits is unknown, but the deposits of limonite ores in Eastern and Central Texas constitute the iron deposits worthy of exploitation. These deposits, carrying from 40 to 50 per cent of metallic iron, occurring in beds of from two to five feet in thickness, have already excited the attention of prospectors. They resemble the iron deposits of the famous Ruhr region and are close to extensive deposits of bituminous and brown coals.

Three kinds of coal are found in Texas—bituminous, lignite and brown coal. The bituminous and lignite fields are worked for local consumption mainly and very little is shipped outside of the state, while much coal is brought into the state. Present production amounts to about 300,000 tons of bituminous coal and more than 8 million tons of lignite. Bituminous coals occur in northeastern and southern western counties and the beds run from three feet to more than fifteen feet in thickness.

A sale of 350,000 pounds of mohair at \$2 and 77 cents per pound was announced in San Antonio last week this price breaking all Texas records this year. With returns in from all the big Texas mohair producing points, sales this year are shown to have averaged about \$7 to 70 cents. The market is now climbing to higher levels, according to commission men Kerrville sold more than 1,000,000 pounds this year at prices not announced, but said to be generally in line with prevailing early prices of \$5 to 70 cents.

FOOTBALL TEAM PLAYS TWO GAMES.

The Football team, accompanied by Coach Prof. Willingham and Rev. W. P. Ray, went to Ballinger Friday Oct 16, where they played the winters High School team on the Ballinger Fair Grounds before an audience of 2,500 people. Our boys were out classed in weight by about 30 pounds to each player, and the El Dorado team played 11 players while the Winters team played 19 players, the games score, as counted by the referee, was 14 to 0 in Winters favor. Those who witnessed the game were out spoken in that the game should have been 7 to 7, as our boys made a touchdown they were not given, and Winters was given one they were not entitled to.

The "Pep Squad" from Winters was strong but Ballinger came out strong with a crowd of rooters for El Dorado.

The following day the boy returned via Eden where the engaged the Eden High School, and here they were about evenly matched and had a real clean game, at the close of the first half the game was 0 to 0, but during the last half the Eden boys kicked two field goals, our boys were fatigued during the last half, being the 3rd game for the week, failed to score, no touchdown was made on either side.

**DON M. ESTES BURIED
 HERE SATURDAY.**

The four year old son of M. M. Estes, of Eola, that was operated on last week, was buried in the El Dorado Cemetery Saturday October 17th, on it's fourth birthday, besides the remains of his mother who died in his early infancy. Don M. was the youngest of four children, being survived by one brother and two sisters. He was a grandson of Mr. and Mrs. T. G. Chaney, who with Mr. Estes has the sympathy of the entire Community in their bereavement.
