EL DORADO SPLITS

EVEN WITH LOHN.

Visitors Win First But Are Shut Out In Second Game.

(By T. J. Bailey.)

Inability to hit when hits were needed spelled defeat for El Dorado last Thursday, and Lohn took the first of a two games series 4-1. The Eagles went on the field apparently over-confident and before they found out what it was all about Lohn had made four runs, which proved to be more than enough.

In this game Vogel outpitched Rankin, the latter seeming to have no control from the beginning. He was relieved in the first of the 7th inning by T. J. Bailey but, despite the fact that he did not permit another batter to reach 1st base, the game was already in the lost column. Lohn scored one run in the 2nd, 4th, 5th and 6th innings. El Dorado's lone run resulted from a walk to Frank White, T. J. Bailey's sacrifice, and overthrow at 2nd and Sweatt's single to right field.

Maddox gave one of the prettiest exhibitions of pitching ever seen in El Dorado in the second game when he set Lohn down with two hits, one a Texas Leaguer to right and the other a scratch single over second base. Not one Lohn baserunner got past 1st base during the nine innings. In only one inning did the El Dorado hurler fail to strike out at least one batsman, a total of eleven batters going out via this route.

John Vogel's single to right field in the first half of the 6th inning was the first hit off Maddox, and incidentally, was the first ball that Lohn had been able to get out of the infield.

Five hits and one error produced four runs for El Dorado in the 2nd inning. Another run was added in the 7th on Barder's triplet to right, which fell into an automobile, and T. J. Bailey's sacrifice fly to left field.

Williams' hitting and fielding

featured for El Dorado in the 2nd game.

The Robert Lee base ball team are here to play two games of ball, one Thursday and one Friday, August 14th and 15th.

Robert Lee has a strong team and you will see some good ball playing, let's have the games free from wrangling and error on our part, and the victory will be sweet.

A. T. Wright, Editor and Proprietor.

SUBSCRIPTION RATE, ONE YEAR..... \$1.25.

*Entered as Second Class matter July 9th, 1906, at the Post office at El Dorado, Texas, under, Act of Congress of March 3rd 1879.

Friday, Aug. 14.

All local advertisements will be charged at rate of 5c per line each insertion, Display ads 20c per column inch for one insertion contract prices furnished upon application: special obituaries and resolutions charged at rate of one cent per word.

It pays to advertise, last week we let the people know that we wanted house for our Superintendent, we had several to respond to the ad, mostly with rooms, but we secured the Stanford home for him.

There is a new law going into effect about September first, in regard to auto lights, you will probably violate this law after September 1st, if you haven't had your lights examined, the Bush Motor Co., have qualified as one of four stations allowed in this County. Do not abuse this law, its purpose is to keep down the glaring headlights, if you travel much at night you will appreciate this law.

The machine that adds up our happiness, also has a subtracting attachment on the darn thing.

The auto never makes too much noise forusto hear mother say dinner is ready — Agnes and Fenna.

You don't like to get your name in the paper any better than the paper likes to get its name in front of you.

Quite a number of El Dorado people attended the Barbecue at Mertzon Wednesdas.

A losing battle is where you stay to fight it out,

A salesman is a fellow who makes you think he thinks you'er right.

Fundamentalism is a pretty good word to apply to El Dorado. Let's try it. Let us name some of the fundamentals that have made El Dorado what it is.

It is fundamental to pioneer. It was fundamental to build El Dorado and develop the rich territory that surrounds it. The open wastes inspired rather than caused despair.

It is fundamental to be loyal to El Dorado, which is the rich heritage that is passed down to us.

It is fundamental to be neighborly, to be godly, to be moral. People of El Dorado cherish this privilege and regard this duty.

It is fundamental to practice civic charity, and to enter one's self on the roll of community boosters—to be proud of what you helped to do for El Dorado.

It is fundamental to patronize home institutions, local merchants and business houses and local press. It is economically fundamental to do this.

It is fundamental to obey local laws and regulations as well as state and national laws provided for the guidance of a great nation. If respect for law begin's at home it ends in a national conscience which, boiled down, is patriotism.

These are fundamentals paraphrased into community spirit, better homes, progress and prosperity. Are YOU a home-town fundamentalist?

Saturday was a busy day in El Dorado and a large crowd spent the afternoon in the city.

J. D. SUGG DEAD.

J. D. Sugg, one of Texas richest men rated at \$10,000,000.00, died at Chickasha, Ok., Tuesday morning, he was 74 years old. He leaves six heirs among 25 or 30 nieces.

THREE SISTERS SELL CAFE.

Bruce Duncan has purchased the Three Sisters Cafe and is now in possession of same and is placing an ad in these columns soliciting your patronage.

The Editor went to Christoval Thursday afternoon to attend the Old Soldiers re-union, and our friend Tom Bradley of Fife though we left because our ball team was badly defeated in the Thursday's game, but we returned for the second game Friday with more pep and a full team and Oh My! how Tom did dodge us the rest of the evening. Tom said Thursday in our absence that we had been advertizing for a team that could beat El Dorado and he had furnished the goods. At any rate the Lohn team are bully good players and were extra nice, but we just couldn't let them off a head so we had to play them a shut out game the last day to say we beat them, the Thursday's game was 4 to 1 in favor of Lohn, so we had to beat them we had to make Friday 5 to 0, only allowing the victors to get to first base twice. We call that Pourn'ng it on.

I will be in El Dorado September 1st, to repair my house and also will want to sell it at that time. If interested see me when I come, or write me at Uvalde, Texas. W. B. Roberts.

Phone us the news

OASIS CAFE

Where Quality and Service Counts.

SAN ANGELO BOOSTERS HERE TUESDAY.

The San Angelo Boosters reached El Dorado Tuesday at 12:30 where they spent an hour or two in speechmaking and distributing advertising matter, telling about the big All West Texas Fair, that San Angelo is going to have October 26 to 31.

The Boosters were accompanied by a band which furnished some beautiful music while here. After spending sometime here the jolly boosters went on to the Experiment Station below Sonora to gain some new knowledge from experience.

OH! BOYS.

Come and get a pair of the latest long Trousers for boys, little men, of all ages, from five years up. Williams Tailoring Co.

CONDENSED AUSTIN NEWS

Reports have been filed with the Comptroller in the matter of the estate of J. L. Nicholson of Karnes County, appraised at \$270,491, and the inheritance tax will be \$3,532.

The Oklahoma penitentiary was second in the bidding to supply more than \$100,000 of automobile number plates to the State of Texas. The successful bid was 10.2c per pair. The Texas penitentiary does not make number plates.

Fred R. Harris has been appointed chief of the workmen's compensation division of the State Fire Insurance Commission, effective Aug 17. Harris succeeds W. B. Shoe, who resigned because he was not in harmony with the administration.

W. Gregory Hatcher, State Treasurer, returned from Lampasas, where he made the first of a series of visits planned in the drought-stricken area of Central Texas, and reported that crop and financial conditions there are not as bad as reported.

Even bats are falling victims to the extreme drought which has prevailed in Austin and this section of Texas for the last fifteen months. Hundreds of these insectivorous mammals have died in Austin the last week, and to find a dozen or so dead bats in yards of private residences or on the streets every morning is becoming common.

The State Board of Water Engineers granted a permit to the State Game, Fish and Oyster Department to take 400 acre feet of water annually from a creek tributary of the Johnson Fork of the Guadalupe for fish hatchery purposes. The hatchery is to be located near Mountain Home about twenty miles above Kerrville, and is to be the largest fresh water fish hatchery in the country.

Gov. Miriam A. Ferguson has been issued certificate No. 1 under the new anti-glaring automobile head light law of Texas. The Governor had the lights of her car tested at one of the Travis County stations, the test being conducted by Read Granberry, chief headlight engineer of the State Highway Commission and framer of the law now being put into operation.

With the view of establishing a State and Federal fish hatchery at one or more points on the Texas Coast, Turner Hubby, State Game, Fish and Oyster Commissioner, together with two Government inspectors have inspected the waters of Corpus Christi Bay. Properties of the water, as affecting fish culture, are being given particular attention.

R. L. Robinson of Gober, Fannin County, has tendered his resignation as Deputy Labor Commissioner after having served about five years in the State Department of Labor. The resignation is effective at once. Announcement was made by Mr. Robinson that his action was on account of illness of his family. Labor Commissioner E. J. Crocker has not yet announced appointment to fill the vacancy.

Fish are dying by the thousands in the famous Ship Lake, near Smithville, according to Judge S. L. Staples, former holder of several State offices, who has returned to Austin from a business trip to his old home at Smithville. The continued intense hot weather has caused the water in the lake to become of such condition as to result in the death of carp and buffalo, particularly and Judge Smith said that dead fish are being carried away by the wagon load.

Texas prison farms may furnish farmers in the drought-stricken area with cottonseed at mill cost, according to Shirley Gregg, president of the Travis County Farm Bureau. Mr. Gregg said he suggested the plan because fair crops have been reported on all prison farms. He explained that the prison farms would not be able to supply all the demand for cottonseed, but if the plan was carried out, it would help to relieve the situation.

The rural aid law which offers a premium of \$1,000 to any consolidated school district where the consolidation has been effected during the last two years is creating considerable interest throughout the State. A report recently received by the State Department of Education shows that two districts in Parker County consolidated by election, and the proposition was carried in each district by unanimous vote. This resulted in a consolidated school of 130.

Governor Miriam A. Ferguson and personal staff reviewed the soldiers of the Seventy-Second Infantry Brigade in camp at Camp Mabry. It was the second time that Texas' first woman Governor took part in such an event, she having first appeared in the reviewing stand during the recent encampment of the Seventy-First Infantry Brigade. The soldiers marched with snappy step and handled their guns in perfect cadence and received high praise from the Texas Governor, the commander in chief of the State's military force.

FAMILY RE-UNION AT CHAINEY RANCH

Mr. and Mrs. T. G. Chaney held a family reunion at their ranch Monday and had a barbecue dinner, inviting many of the neighbors and friends in to help enjoy the occasion, many attended and a pleasant day was observed.

We understand that Mr. and Mrs. T. G. Chaney had about 80 relatives at the re-union.

Personal attention given all work at El Dorado Garage.

A. C. ANDERSON SELLS 640 ACRE STOCKFARM.

A. C. Anderson who ranches five miles north of Eldorado has sold his 640 acre stockfarm to H. T. Wilton who owns an adjoining ranch for \$19.00 per acre. Mr. Anderson then bought the land in the pocket opposite the home place and will build a home over on the road. Mr. Wilton already has a ranch that joins the one he has purchased.

EL DORADO WINS OVER MERTZON.

The El Dorado Base Ball team went to Mertzon Wednesday and crossed bats with the Mertzon team and help entertain the big crowd that attended the big barbecue. The game was hard one full of thrills for both sides but ended in favor of the El Dorado team by a score of 8 to 4. P. P. Robinson umpiring the game.

Contains no calomel or habit forming drugs. Satisfactorily guaranteed or money refunded. Get a bottle at
HOOVER'S DRUG STORE.
Price 60 cents.

If you attended the Old Soldiers Re-union at Christoval you must have enjoyed it for it is a real pleasure to see the Boys of the Gray enjoy themselves. El Dorado contributed more this year to their entertainment than ever before and The Success is glad to know this. Mr. Spencer took up a collection and helped Christoval entertain, this is right, we have no place of our own to entertain these Old Veterans and Christoval is the ideal place and should not be allowed to do all the financing, so some time during this year lay by in store for the next year entertainment, and when the time is announced come in and pay something for their enjoyment.

Texas Items

The pecan crop in the section of Gonzales will be a complete failure this season. Other fruits have been practically a failure too.

Forty thousand dollars of Bloomington Independent School District bonds, Victoria County, were approved by the attorney general's department several days ago.

Amendment to the charter of the Standard Insurance Company of Dallas was granted recently by Judge John M. Scott, state insurance commissioner, increasing the capital stock from \$100,000 to \$200,000.

Fitness of the soil along the Nueces River in the Sabinal area for irrigation will be tested by John A. Norris, chairman of the state board of water engineers, and W. L. Rockwell, soil specialist of the board.

The great benefits which tide-water developments at Houston and other Texas ports have brought to commercial interests of inland Southwestern cities are becoming more apparent every year to commercial interests of these cities.

The City of Dallas will purchase a new 500 watt radio broadcasting telephone from the Western Electric Company and install it on the tower of the new auditorium at Fair Park in time for the opening of the fair, it was announced a few days ago.

At the annual meeting of the Shelby County boys' and girls' clubs, it was decided, by unanimous vote, to visit Beaumont fair in November. The club members numbering approximately 500 will make the trip in automobiles, forming a caravan similar to the famous 1000-mile trip made last year, when they went overland to San Antonio.

Officials of the state game department have made an inspection of a site offered by the citizens of Palestine for locating a fish hatchery in Anderson County. The offer includes a water supply and the establishment of artificial lakes. No action toward accepting this site as one of the group of state fish hatcheries has yet been taken.

Petition for readjustment of rates on carload shipments of roofing and paving material was filed several days ago with the railroad commission by the Dallas Chamber of Commerce. Hearing was set by the commission for October 6. The petitioners are asking for the adoption of a mileage scale of rates reaching 52 cents a hundred pounds for distances over 800 miles.

A counterfeit \$5 gold piece was unearthed in the San Antonio River community near Victoria a few days ago. This is something rare in the annals of counterfeiting, and the United States mint at New Orleans has the coin for examination. It was badly corroded and there was difficulty in determining its denomination.

Galveston was exceeded only by New York in foreign traffic during the first 11 months of the fiscal year, figures compiled by the bureau of customs statistics indicated. New York leads with a total of \$3,247,372,000; Galveston is second with \$738,043,000, and New Orleans, third, with \$625,152,000.

Plans for building of a 60-mile levee along the Rio Grande in Hidalgo County, involving the expenditure of \$1,620,000, and said to be the biggest flood control project in the history of the state, were approved recently by B. F. Williams, State reclamation engineer. Mr. Williams said the \$1,620,000 is in the bank and that work will start on the levee within 20 days.

A special rate of \$10 per car was granted recently by the railroad commission for moving empty box cars, gondole, flat and refrigerator cars, from Houston to Beaumont or Orange. The rate began July 1, and ends December 31, 1925. It was granted on petition of roads, and contains the provision that for the movement of empties under this special rate, no per diem charge for the cars is to be collected.

The method of selecting names from poll tax lists for jury service in Dallas County, employed for five years or more, was declared illegal a few days ago by Judge Royall R. Watkins. Judge Watkins interrupted county officers in the task of selecting 30,000 names from the current poll tax lists to read to them the law which requires that names for jury services must be drawn from the tax list in the county tax assessor's office.

Ground has been broken for the new building at the Central-East Texas Fair Park, at Marshall, Texas, on the west side of town, when Jesse Ford and his force graded the ground preparatory to starting the foundation.

Thirty building permits, or an average of more than one a day, Sundays excepted, were issued by the city secretary of Lufkin during July. The permits total \$52,559. In July, 1924, the permits amounted to \$27,524, which shows almost 100 per cent increase in the value of new building operations for this month of 1925 over the corresponding month a year ago.

CHRISTIAN MEETING.
C. C. West announces that W. G. Cypret will be here the fifth Sunday in August to hold a meeting at the Christian Church and extends an invitation to everybody to be present.

Mr. and Mrs. T. W. Wilson, are guest of Mr. and Mrs. W. T. Conner this week, they are from Williamson County and reports that the county like many other was hit hard by the drouth.

Health and Home

PROPER FOOD FOR SCHOOL CHILDREN

The age during which children are attending school may aptly be called "The Dangerous Age." It is the period of rapid growth and every care should be taken to insure the child of a normal and healthy body. The idea of eating only fit and wholesome foods should be early impressed on the younger members of every family in order to protect them against later ill health and its accompanying unhappiness. If the utmost care is not taken in the diet that is used by children, cases of food poisoning, indigestion and kindred ailments may result.

And milk, being the chief item in the diets of most children, should be carefully guarded. It is, because of its nature, prone to infection if exposed to germs and may soon become unfit for use. Wherever there is the slightest reason for doubt as to its purity and food value, steps should be taken to insure the sterility and the fitness of milk intended for consumption by children. Many mothers have adopted the excellent practice of using milk that is absolutely pure and sterile and free from any germs or bacteria. The most satisfactory, as well as the safest milk used in preparing food for the growing child is evaporated milk. It is sterile, and therefore safe. It is more digestible than market milk. Its uniformity, convenience and cost are qualities that recommend it.

The following dishes are well suited to the needs of the growing child; they are easily digested and very nourishing:

- Caramel Custard.**
- | | |
|-------------------------------|---------------------------|
| 1 cup evaporated milk diluted | ¼ cup sugar (caramelized) |
| 1 cup water | 2 tsp. sugar |
| 3 eggs | ¼ tsp. salt |
| | ½ tsp. vanilla |
- Scald the diluted milk. Caramelize the sugar and add to milk to dissolve. Beat eggs slightly, add sugar, salt, and flavoring and combine with scalded milk. Pour into custard cups and set in a pan of hot water and cook in a moderate oven. When done, a knife blade run in the center will come out clean.
- Fish Chowder.**
- | | |
|------------------------------------|---|
| 1 pint raw fish cut in 1-inch dice | 3 cups boiling water |
| 3 small potatoes, sliced | 1 cup evaporated milk diluted with salt |
| 2 onions chopped fine | 1 cup water |
| ¼ pound fat salt pork, sliced | 6 crackers |
- Fry out the salt pork. When brown, remove pieces of pork and put fish, potatoes, and onions in kettle. Cover with boiling water. Simmer until potatoes are tender. Add the milk and cook 5 minutes longer. Season with salt and pepper. Just before serving add the crackers.

SUTTON COUNTY RANCH— MAN DIES FROM WOUND.

W. F. Crothers, ranchman of Sutton County, was shot in the legs, while seated in an automobile on Joe Wyatt ranch South of Sonora, last Thursday by Lee Aldwell and died early Saturday morning at a San Angelo Hospital, after one leg had been amputated in an effort to save his life. The shooting is said to be accidental by those present although such pranks were frequently indulged in by the parties involved and others.

Mr. Aldwell was prostrate from grief and was taken to Dallas for treatment, is a son of Mr. and Mrs. W. L. Aldwell, bankers of Sonora, and single.

Mr. Crothers was married and 32 years old, is a son of Mr. and Mrs. W. D. Crothers, bankers of Brady, and his body was taken to Brady for burial.

Mr. Crothers was delivering some sheep to Mr. Aldwell when the accident occurred.

O. K. Enochs was in the city Tuesday from his stockfarm shaking hands and looking like a man living in the Garden of Eden.

Pains Very Severe

"I suffered from womanly troubles which grew worse and worse as the months went by," says Mrs. L. H. Cantrell, of R. F. D. 9, Gainesville, Georgia.

"I frequently had very severe pains. These were so bad that I was forced to go to bed and stay there. It seemed to me my back would come in two.

CARDUI

For Female Troubles

"I taught school for a while, but my health was so bad I would have to stay out sometimes. This went on till I got so bad I didn't know what to do.

"One day I read about the merits of Cardui, and as I had some friends who had been helped by it, I thought I would try it. I began to get better after I had taken half a bottle. I decided to keep on and give it a thorough trial and I did. I took in all about 12 bottles and now I am perfectly well. I do not suffer any pain and can do all my housework."

At All Druggists'

Heal Those Sore Gums

If you suffer from Sore Gums, Bleeding Gums, Loose Teeth, Foul Breath, or from Pyorrhea in even its worst form, we will sell you a bottle of Leto's Pyorrhea Remedy and guarantee it to please you or return money. This is different from any other treatment, and results are certain.
