## FORD'S BIG STEEL MILL NOW IN OPERATION.

Rolling of steel has just begun in the big new mill of the Ford Motor Company at the River Rouge plant, Detroit, indicating another long stride toward the company's control of its primary necessities.

The start of production in the new mill, where steel billets are rolled into bar stock suitable for use in Ford car production opens one of the most dramatic chapters of the Ford industries. The building itself is unusual. Measuring more than a quarter of a mile in length and 460 feet in width, it is one of the largest structures of the River Rouge Plant.

When the new steel plant gets into operation as a whole, with everything running from open hearth furnaces to rolling mill, it will present in reality a mammoth monument to Ford economy methods.

## JOE TISDALE LOSES FINE BILLY GOAT.

Joe Tisdale, prominent ranchman, reports the loss of his fine Billy goat. He Sheared the goat a short while before he died and got \$31.00 worth of mohair.

## EL DORADO BOYS MAKING GOOD AT SCHRINER.

Special to The Success;  
Kerrville, Texas.

Jim Hinyard and Bill Stewardson of El Dorado, who are attending Schriener Institute, were awarded letters as members of this year's High school football squad. Jim made a regular berth in the backfield, playing both half and quarterback, while Stewardson played in a majority of the games. Both of these men with the experience they have gained this year will make good material for Varsity of '26.

Considering the fact that the High school squad was not organized until late in the season, its record is remarkable, winning three out of the six games scheduled for a percentage of 500. They also gave valuable assistance to the Varsity squad by scrimmaging with them twice a week.

## SCHLEICHER COUNTY COTTON CROP LARGEST IN HISTORY.

According to information received from the El Dorado Gin and Bailey Ranch Gin, the cotton crop that is now being harvested has already gone beyond the 4,200 mark, this surpasses all others by from 700 to 800 bales and the crop is not all gathered yet it is expected to go beyond the 4,500 mark for this season. Within ten years from late Schleicher County will be leading most of the West Texas Counties in the production of cotton, Tom Green, Runnels and McCulloch had better step on it for we are coming in high.

This marvelous speaker is uncanny in its accurate reproduction of all tones. Highest notes are sweet and clear. Lowest bass is resonant and true.

It amazes. Compare it with any other speaker at any price. Thousands have; which gives the reason for the passing of so many old type horns.

No adjustments or batteries needed. Its capacity for volume is greater than any demand you will ever put upon it.

It is a thing of beauty in appearance. Superior in its service to the car. It pleases the eye no less.

Try a cup of that good Canova coffee next Saturday at Brook's Store.

Dr. Looks, the Sanitary Dentist who has been making El Dorado on Friday and Saturday of each week will likely cut his time here to one day unless his business justifies, he received a nice contract from Sonora last week. We need a good dentist here and the way to keep him is to let him do the dental work that is to be done in our midst.

Dr. Look comes highly recommended and deserves the patronage of our people.

**STAR Running-in-oil**

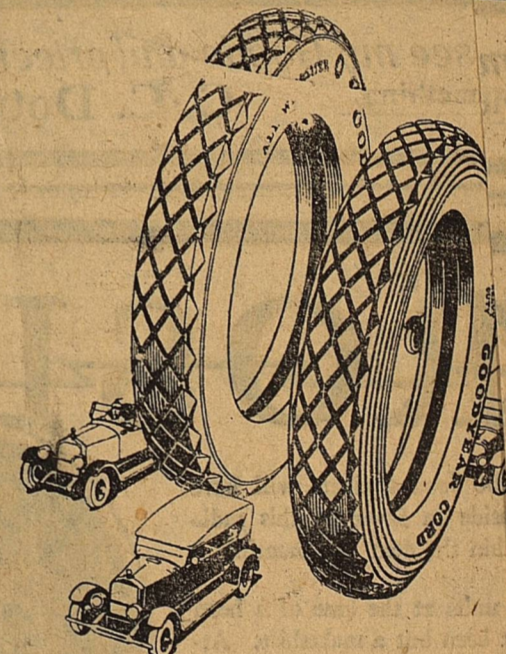

You will find in the new running-in-oil STAR many features you have always wanted in a windmill—one oiling a year—your choice of Timken Tapered Roller Bearings or "NO-OIL-EM" Bearings—two gears, two pinions and two pitmans—direct center lift to pump rod—crosshead, guides and pitmans bearings flooded with oil—a scientifically designed wheel with angle steel arms and braces and ball-bearing turn table.

The fans of this new Star are curved to give great efficiency in an 8 to 10 mile an hour wind. Plunger pump in crank case floods crosshead, guides and pitman bearings with oil, and tight cover keeps out dirt, rain or snow.

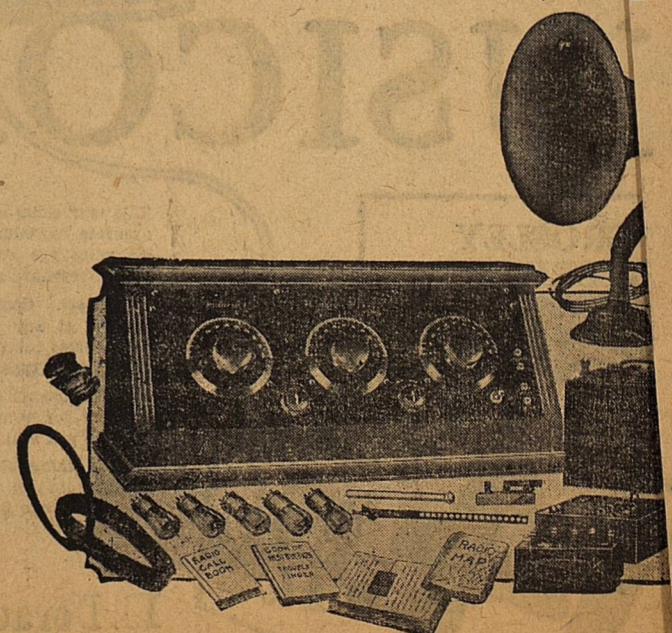

One filling of crank case with oil each year will save many trips up the tower. May be fitted on any tower.

The new STAR is the last word in Windmill construction. Come in and let us show you this mill. You will want to know about it whether you are needing a new mill right now, and we want you to know what a really fine windmill we have in this new Star.

The Texas Road Maintenance Association that met in San Angelo last week, elected Joe Birkett president and endorsed the Ferguson administration. We presume they were well pleased with the economy of the Ferguson administration, especially on Road building.

If you want to stand high in State politics, grab all you can cuss the people who stand for good Government, Churches, schools and law enforcement and you can get into office. How much longer will the people who profess to know God, vote with the evil inclined in politics.

The present unraveling of willful waste, with state officials and their appointees, should cause those who voted the Ferguson into office, hang their heads in shame.
