BRADY BOOSTERS VISIT

EL DORADO FRIDAY.

Friday morning the Brady Boosters came in to El Dorado from the South bringing some good cheer along with them, stopped for a few minutes in El Dorado and told us their mission, they were wanting the outside world to know that Brady was going to entertain the Sheep and Goat Raisers Association July 28-29 and 30, and wanted everybody east of the Rio Grande to come and partake of their generous hospitality. This was the last of a four days run they had been on, and were somewhat wearied of their long journey, but had come through two border towns on the trip here and found refreshments a long the route, therefore were full of good spirits when they reached this great Divide Land, the best they had seen in all their journey's traveling on their excursions, and they just couldn't keep from telling it just like it was.

Some new talk of the Orient building to Del Rio has found its way to the Press again.

After reading Sun-of-a-gun's reply to "Tax Payer" in last week San Saba News, we really believe that the Press Association of Texas has a big "sun of a gun" for its president, if the tax payer wasn't satisfied with the reply he's hard to satisfy.

The people of El Dorado voted to incorporate their town, the vote was almost two to one, this is real encouraging to those who wanted to incorporate, the big majority should have a tendency to make the proposition go better, where a big majority wants it those who oppose it should willingly abide by the decisive majority, therefore incorporation is desired by our people.

The next step is to elect officers to manage and mould the foundation on which to build, these city dads will make a success or failure, as the case may be, and these should be carefully selected.

The building of a community is not done in a day, month or even a year, but this community has taken a great step forward and if the foundation is built right, why can't we reap the benefit of incorporation. Other towns and communities enjoy incorporation, the fruits therefrom and so can we.

It is one thing to have fine public buildings, community house, auditoriums, park systems, and quite another to have adequate programs to fill them. Nothing is really beautiful unless it is useful or serves some good purpose. The people here have been moving forward slowly, and up-to-date with the smallest possible waste of public funds, therefore this writer sees no reason why the incorporation movement will be a channel in which public funds will be wasted. We believe that El Dorado has just as good people as any other town, if we do not like the town and people we could easily move, but we like

to live here where progress is gradually moving forward.

Governor Ferguson seems to have two reasons for pardoning convicts. Some she pardons because friends of the convict ask or recommend it, and others she pardons because they have no friends, and that get them all. They are reasons she assigns Jim may his reasons too—the people think, and God knows.

HOW TRUE!

Commenting on the reported number of deaths from the recent heat wave in the middle-west and east, a Y. M. C. A secretary ventures that "at least three-fourths of these deaths were due rather to the failure of the victims to fulfill the ordinary requirements of normal living, so that the sudden heat merely furnished an excuse for their death."

There is a great deal of truth in the assertion of this secretary, which leads one to surmise as to whether most ailments are produced or invited by conditions of improper living and depleted vitality. It is easy, of course, to wind ourselves up in logic by carrying a proposition too far. Just like the doctor who asserts that there is only one immediate cause of death, heart failure, simply because the heart stops beating and that ends it. However, the futher statement of the Y. M. C. A. officials worth quoting:

"Lack of exercise, improper habits of eating carelessness in observing health habits, excessive smoking, insufficient sleep, and such ordinary causes were undoubtedly back of most of these fatalities; or, in other words, most of those who died from the heat might have kept on living if they had taken the trouble to keep themselves moderately fit."

A new railroad to span the gap between Kerrville and Brady is to be built in the near future, according to announcement made by Senator Robert A. Stuart of Fort Worth. This distance is 85 miles and will connect the Frisco system with the S. A. & A. P. now owned by the Southern Pacific.

CONDENSED AUSTIN NEWS

The shortest pecan crop in years is predicted in Texas this fall by F. J. Willmann, assistant nut specialist of the State Department of Agriculture, who has returned from a statewide tour. Drouth is the cause for poor prospects.

S. H. Terrell, State Comptroller, has received an order from Judge F. H. Alexander of Dallas County fixing the inheritance tax in the J. B. Adoue estate at \$5,355.91. The net estate was valued at \$227,649 and the gross estate at \$450,298.

Buck Simpson of Bee Cave, near Austin, World War hero, who captured fifty German in a machine gun nest, has received a distinguished service medal from the Government. Simpson was decorated by several of the allied nations for his act. He is an applicant for a place on the Texas ranger force.

Intangible assets of Texas railroads for 1925 amount to \$75,181,116, an increase of \$250,192, Edward Edwards, State Tax Commissioner, has announced. The slight increase, according to Mr. Edwards, is due to the great slump in passenger traffic, since so many travelers use motor busses instead of trains.

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff or any Constable of Schleicher County—Greeting:

You are Hereby Comanded to summon Walter Oliver, whose residence is unknown, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 51st Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 51st Judicial District, to appear at the next regular term of the District Court of Schleicher County, to be holden at the Court House thereof, in Eldorado, Texas, on the third Monday in November A. D. 1925, the same being the 16th day of November A. D. 1925.

And there to answer a petition filed in said Court on the 6th day of July A. D. 1925 in a suit, numbered on the docket of said Court No. 329, wherein W. L. McWhorter is Plaintiff, and Walter Oliver, A. Oliver, E. Oliver, W. C. Douglas, Lucile Gibbs, Farmers & Mechanics' National Bank of Fort Worth, Texas, and First National Bank of Eldorado, Texas, are Defendants, and said petition alleging the execution and delivery by Walter Oliver of his note for \$6,208.70, dated November 18, 1920, payable to the order of J. S. Pelt one year after date with interest from late at the rate of ten per cent per annum, and containing the usual ten per cent attorney's fee clause; that said note before its maturity and for a valuable consideration was endorsed and delivered by said J. S. Pelt to plaintiff who is now the owner and holder of same; that Walter Oliver has failed and refused to pay said note, or any part of same; that on November 18, 1920, in order to secure payment of said note said Walter Oliver executed and delivered to said plaintiff as trustee a deed of trust on all of Survey 23, Block A, Certificate 4-1248, G. C. & F. R. Ry. Co., Abstract 94, containing 640 acres more or less, in Schleicher County, Texas, which trust deed was filed for record with county clerk of Schleicher County, Texas, November 19, 1920, and recorded in Vol. 6, page 341, Deed of Trust Records of Schleicher County; that whatever claims, liens or titles defendants have to said land are inferior and subordinate to plaintiff's lien and he is entitled to have the same foreclosed against all defendants herein.

Plaintiff prays judgment against Walter Oliver for his debt, interest, and attorney's fees, for foreclosure of his deed of trust, lien against all defendants, for costs against defendants, and for general relief.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under my Hand and the seal of said Court, at office in Eldorado, Texas, this, the 6th day of July A. D. 1925.

John P. Isaacs Clerk,
District Court, Schleicher County.

Application from the Tarrant County water improvement district No. 1 for the right to continue for six months its investigation of reservoir sites near Fort Worth has been received by the Texas Board of Water Engineers, and will be acted on July 13. A. H. Dunlap, member of the board, said the application was virtually certain to be granted.

Permit has been granted by the blue sky division of the Secretary of State's office to Captain M. L. Howard to sell stock of the East Texas Light and Water Company, which is being organized with a capital stock of \$15,000. The company proposes to construct and operate a water and light plant at Jasper.
