ELDORADO LOSES TWO GAMES TO DEL RIO.

The Del Rio ball team came up Friday for a double header game playing one Friday, it being a 10 inning game and was won by Del Rio, the score being 3 to 4, at the ninth El Dorado was one score ahead, but Del Rio contesting one score. Mr. Bradley the umpire called the players back for another inning, in which Del Rio scored, Fort Worth was wired for an opinion on the contested score and gave it to Del Rio. The contested score was made when El Dorado had two out, a runner on first and 3rd, batter hits fly to center field, who drops the ball, third baseman scores, batter is safe, first baseman was out on 2nd.

The Saturday's game was a hard fought game but Del Rio won this game three to nothing, thome team failing to get a score but they played good ball, two of our players were out of the game on account of mumps, this was against them, however the boys played good ball.

This was the first game lost by the home team this year, and defeated the Del Rio team at Del Rio two weeks ago when they had their full team at work.

YOUNG MEN WANTED FOR SUMMER TRAINING.

The United States Government wants young men between the ages of 18 and 30 to enter the Summer Training Camp this year for 30 days. you get your expenses paid. If interested see Blane Salmon for further information and application blanks.

Mr. Salmon always attends and will go again this year, it is a good 30 days training at the expense of the Government, the training is worth something to the young said Mr. Salmon and El Dorado should have several in the training for the summer.

CLOSING HOURS SHOULD BE UP HELD

Most of the business houses have agreed to close their place of business at 6:30 p. m., except on Friday and Saturday, this may not appeal to you at first but it will be all OK when adapt ourselves to the change.

Those who work in the various places of business are entitled to get off duty at 6:30, more especially if they are wage earners, from 7 a. m. to 6:30 p. m. is good hours for a day's work, so be as easy as possible with those who close, they are entitle to your most liberal consideration.

Those who have Panama Hat s left over from last year and seem to be unfit to wear send them to us and we will have them made new for \$2.35.

JOE JACKSON RETURNS FROM TRIAL AT DEL RIO.

Deputy Sheriff, Joe Jackson, returned from Del Rio this week where he had been on trial for shooting De la Houssaye of New Orleans last December, when he went to arrest De la Houssaye for trespassing on railroad property, the jury who heard the evidence gave a verdict against Jackson, giving a fine of \$100.00 and 60 days in jail. Mr Jackson will ask for a new trial, if this is denied he will appeal the case. He was released on bond of \$500.

ANNOUNCES FOR COMMISSIONER.

Tom W. Talbot, prominent ranchman and farmer of the East side of the County, announces this week for Commissioner in precinct two, he is making the race subject to the action of the Democratic Primary.

Mr. Talbot has resided in this County some seven or eight years and is qualified to fill the office should the voters of his precinct see fit to elect him

TESTING COTTON VARIETIES.

Messers. George Williams and L. T. Wilson are making preparation to carry on a variety test with cotton this year. The object of this demonstration, or test is to determine as near as possible just the kind of cotton that will be the most profitable to grow in this section of the state. Of course, such a test to be of the greatest possible benefit should be carried on more than one year, but a one year test will go a long way toward finding the most profitable type.

So far, good seed have been secured to plant four or five acres of each: Kasch, Meban, Russell, Bennett, and Thoroughbred. Possibly a few other well known varieties will be selected. All of these varieties are to be planted on the same kind of land and worked in the same manner just as far as it is possible to do so.

When the crops are harvested records will be obtained which will show the length, strength, and quality of lint and total production per acre.

CAPTIAN FRINK DEAD

Captain John O'Neill Frink, of San Angelo, died Monday morning at the age of 82, he was a member of the immortal 600 Confederates placed by the Union Army, which had taken them prisoner, and placed them for 42 days on Morris Island. He was commander of the Schuyler Sutton Camp of the Mountain Remnant Brigade of the United Confederates Veterans, and was a familiar figure at the Re-union which holds its annual meetings at Christoval.

sembly, is under direct control of the Ford Motor Company.

The finest steels available are used in the manufacture of Ford cars. The plate glass for windshields and windows is as perfect as can be made. Upholstery material contains a larger percentage of wool than is ordinarily specified—even for much higher priced cars. The basic features of Ford design have never been improved upon by any manufacturer.

No other car offers greater dependability. The Ford car has won the favor of millions of users under every conceivable motoring condition. Its convenience is known and appreciated the world over; its performance is taken for granted.

Such quality is possible at Ford prices because every operation, from mining of ore to final as-

Iron is taken from Ford mines in Michigan; coal from the Company's mines in Kentucky and West Virginia. Glass comes from Ford glass plants; wood from the Ford timber tracts in the North. Raw materials and finished products are carried over the Company's own transportation routes; coke ovens, blast furnaces, a steel mill, foundries and saw mills—all are part of this complete organization. There are even salvage plants, paper mill, cement plant, etc., to transform waste materials into useful by-products.

In this way every possible economy is effected. Under no other circumstances could Ford quality be had at Ford prices.

STAR

Running-in-oil

You will find in the new running-in-oil STAR the many features you have always wanted in a windmill—one oiling a year—your choice of Timken Tapered Roller Bearings or "NO-OIL-EM" Bearings—two gears, two pinions and two pitmans—direct center lift to pump rod—crosshead, guides and pitmans bearings flooded with oil—a scientifically designed wheel with angle steel arms and braces and ball-bearing turn table.

The fans of this new Star are curved to give great efficiency in an 8 to 10 mile an hour wind. Plunger pump in crank case floods crosshead, guides and pitman bearings with oil, and tight cover keeps out dirt, rain or snow.

One filling of crank case with oil each year will save many trips up the tower. May be fitted on any tower.

The new STAR is the last word in Windmill construction. Come in and let us show you this mill. You will want to know about it whether you are needing a new mill right now, and we want you to know what a really fine windmill we have in this new Star.

She sends best regards to all friends.

White Collie Is Cal's Closest Companion
Washington.—One of President Coolidge's closest companions is a dog—Rob Roy, the snow-white collie which has supplanted the Harding Liddle Boy as canine boss of the White House.
During the two years he has had the run of the executive mansion Rob Roy has worked himself into the affections of the president. Frequently when his master returns to his office after luncheon he trots along to take a snooze in front of the fireplace, a curl-up in a leather chair at the President's elbow, or look out of the window, yearning probably for a run around the yard or out into the street with dogs that don't have to observe White House etiquette.

GOOD RAIN WEDNESDAY
A good rain amounting from a half inch to an inch fell at El Dorado and surrounding community, Wednesday morning. All Schleicher County needs now is some warm sunshine.

SON OF PEARY TO TAKE TRIP NORTH

May Follow in Footsteps of His Father.

New York.—Robert Peary, son of the North pole discoverer, is following in the footsteps of his father and hopes some day to become a great explorer.

Scientific studies now are claiming his attention at Lehigh university, but when June and vacation time roll around he will take his first trip northward with the Putnam-Williams expedition to Greenland to gather material for the newly completed Hall of Ocean Life of the American Museum of Natural History.

Young Peary is not taking the trip as a pleasure jaunt. Instead, he will be a full-fledged member and will have to do the work mapped out for him just as all others of the party.

The same man who was skipper of the vessel used by Peary on his successful North pole expedition will command the Morrissey on the Greenland trip—Capt. Bob Bartlett. The navigator, who has known of young Peary's plans, long has wanted him to make his first trip on the Morrissey.

H. C. Raven, assistant curator of comparative and human anatomy at the museum, is leading the expedition, which was organized by George Palmer Putnam, the publisher, and provided for through a gift by Harrison Williams.

The white whale, sharks, seal and walrus are some of the specimens the party will bring back. Attempts will be made to take movies of the white whale in action, as there are no such photographs on record.

Frederick Limekiller and Van Campden Hellner will accompany the party as taxidermist and ichthyologist, respectively.

Knud Rasmussen, Danish explorer, also is expected to join the expedition. The youngest member will be Putnam's 12-year-old son, David.

Innocent Indian Freed

After Serving 5 Years

Oklahoma City, Okla.—Edward Fluke, thirty, whose Indian stoicism caused him to serve five years in the Oklahoma penitentiary for a murder he did not commit, was pardoned by Gov. M. E. Trapp. Fluke, a quarter-blood Indian, was charged with the murder at Vinita of Harold Fry, a mail carrier, whose charred body was found in a partly burned haystack ten days after he disappeared in 1921.

Fry's motor car was located in possession of Fluke. The latter was arrested, but refused to talk. At his trial Fluke played the part of a silent observer, declined to testify and was convicted. He entered the penitentiary under life sentence.

Two years later Fluke made a statement accusing Levi Jenkins, Indian youth, of the killing. According to Fluke, he was in a motor party which included Fry and Jenkins. Fry resented a remark Jenkins made about a young woman. A quarrel followed, in which Fry was killed.

Jenkins was arrested and convicted of the slaying. He went to the penitentiary in 1923, but Fluke stayed on, too.

The attorney general reported to the governor that Fluke's only crime apparently was in aiding Jenkins to escape. In pardoning him the governor said he believed he had been punished sufficiently for the lesser offense.

Without Food 44 Days, Quits Cage a Wreck

Berlin.—Herr Jolly, professional faster, established a record of 44 days of abstinence from food and was helped out of his glass cage, a physical wreck. He had beaten the world's record, held by Signor Mulatti of Italy, by one day. The new champion was eagerly received by a large crowd, including numerous physicians who have been interested in his case. Though unable to walk and speaking in a feeble voice, Jolly's mind seemed alert.

The floor of his cage was carpeted with cigarette butts and strewn with mineral water bottles. Jolly said that during the last three days he had been able to smoke only ten cigarettes a day since they affected his stomach.

The doctors on superficial examination found the faster's digestive organs entirely dormant and took him to a hospital, where he will be fed a liquid diet.

Jolly, who is twenty-five years old, did his first fasting when he was imprisoned during the French occupation of his Rhenish homeland. He went on a hunger strike and held out for 18 days.

On the present occasion when he entered his cage he weighed 130 pounds, and his weight after his fast was around 103.

The gross receipts of this exhibition amounted to \$45,000.

Brilliant Student

New Haven, Conn.—Dana Yung Kwai, whose father is connected with the Chinese legation, Washington, is the most brilliant senior at Sheffield scientific school, Yale, by vote of the class. He has made his Y in swimming and won prizes for history, chemistry, drawing, engineering, mathematics and physics.

Unique Job

Washington.—A unique job has been created by senate Republicans—seeing that senators file a report with every bill they report from a committee.

Headache dizziness

"I HAVE headache once in a while, usually coming from constipation or torpid liver," says Mr. L. A. Morphis, of Pottsville, Ark., "and the very best remedy I have found to correct this condition is Thedford's Black-Draught. It acts quickly and easily, and it just can't be beat.

"Black-Draught is the very best laxative I have found. I always feel so much better after taking it. My wife takes Black-Draught, too. For dizziness, costiveness and any little stomach disorder, we find it most satisfactory, and consider Black-Draught a family medicine."

Constipation, with an inactive liver, locks up poisons in the body and allows them to do their dangerous work.

Being purely vegetable and containing no harmful drugs, Black-Draught acts gently, helping the system get rid of impurities and preventing serious sickness. Get a package today. Sold everywhere. 25 cents.
