SCHLEICHER COUNTY TO HAVE FARM DEMONSTRATOR

The Commissioners Court in session last week set a side \$1,000.00, to supplement a like amount from the U. S. Department of Agriculture and A. & M. College, for the purpose of securing a County Agent, for this County. This work is needed here and should be of much benefit to the stockfarmers of this section. The Success is glad to see the movement coming and trust that all will co operate in making the work a success.

A. B. BAILEY GOES TO WASHINGTON STATE COL.

A B (Buck) Bailey has been elected to a position in the Washington State College at Pullman, Washington, he has to be there April 1, for the Spring Training in Football.

Mr. Bailey applied for the position jointly with another coach in December, with about 150 others, he was recently notified of his election, he at once notified the parties that he had accepted a position at Simmons, he was then called by phone and told of his joint application, and his failing to accept would also affect the applicant, jointly with him. So this causes him to resign his position at Simmons.

Mr. Bailey will receive \$1,500.00 more at Washing State College than he was to have receive at Simmons. He is to be in San Francisco March 24th.

OZONA SUFFERS \$50,000 FIRE LOSS FRIDAY.

Ozona was aroused Friday in the stillness of the early morning hours by the alarm of fire which destroyed the business houses owned by Mrs. Mary Perner on the west side of the square which housed four business concerns. The estimated loss is \$50,000.00, with some insurance. The business that occupied the burned building were Joe Oberkamp's furniture and hardware, the Ozona post office, the Reed Confectionery and the Ozona Meat Market.

Mrs. Perner will probably rebuild soon.

C. A. Graves was in the city Wednesday and while here made The Success office an appreciative visit.

Joe Tisdale was in from the ranch Tuesday he reports that he and his wife had just returned from the Fat Stock Show at Fort Worth. they returned via San Marcos and visited their son Albert who is attending the San Marcos College. Joe says it rained all the way to Fort Worth and back as far as Fredericksburg. the clover, or Texas Bluebonnet, was in full bloom around New Braunfeld, they had about five inches of rain there Monday, and they came around by San Antonio the rain was good all the way to Fredericksburg. Joe says Texas was putting on her Sunday Clothes, oat and wheat crops were good, they made the trip by auto and could see the country.

ELDORADO HIGH'S TAKE GAME FROM SONORA.

The El Dorado High's went to Sonora Saturday and crossed bats with the Sonora High's in a game of two to three in favor of the home team, this was the second game of the season and is the second won by the home boys which indicates that they will have a strong school team this year. We are anxious to see them in a matched game on the home field.

Allen Bailey the official score keeper reports that Cicero Swift led in the hitting.

REVIVAL MEETING CLOSED MONDAY NIGHT.

A REASON FOR THE WIND.

G. B. Shoemaker was down from his Schleicher county ranch last week. Said he came back to attend to a little business, but the News reporter believes he has a sweetheart that he came to see (Mrs. Shoemaker hasn't moved there yet, and will not until school is out.)

Mr. Shoemaker reports plenty of good rains in that section and the cattle men coming thru the winter in fine shape. Being goaded a little about the high winds of that parts he remarked that the "Saturdays out there are always wind, It's the day the San Saba News gets there."

When a man leaves this wonder valley empire and wanders off the range a copy of the News is most likely to make him feel like there is a gentle zephyr blowing towards the old home, sweet home.—San Saba News.

Youth of Nation Tops Death List in U. S. Auto Fatalities

AUTO DEATH RATE HIGHEST AMONG YOUTH

YOUTH pays the heaviest toll in annual automobile fatalities. From five to fifteen years is the period when the greatest number of fatal accidents occur, for both sexes. The chart shows the age distribution of automobile deaths for men and women as given in the latest mortality figures prepared by the government. These figures, says the Stewart-Warner Safety Council for the prevention of automobile accidents, emphasize the need for more playgrounds and increased safety education among school children.

Complete statistics are not possible, as only 85 per cent of the United States keeps mortality records. About 22,000 a year is generally conceded to be the annual number of automobile fatalities. For 8,621 males known to have been killed in one year there were only a third as many women, or 2,845, in spite of the fact that the male population is only 4 per cent greater than the female.

This chart does not take into consideration the 660,000 Americans who are injured annually by automobiles. Such figures are not available except in certain states, but that boys and girls again make up the bulk of such casualties is indicated by the records of New York state kept for the first nine months of 1925. Here 11,768, or practically one-third of the 35,392 injured, were under fifteen years of age.

Ford Costs More to Build—Is Worth More—Yet Sells for Less

If any other manufacturer endeavored to produce a car similar to the Ford according to the high standards of the Ford Motor Company, it would be impossible to offer it at anything like the present low Ford prices.

If the Ford Motor Company would substitute ordinary design for the basic Ford features, Ford cars could be produced and sold for less than the present Ford prices. Yet by so doing, Ford simplicity, durability and reliability would fall below the standard insisted upon by the Ford Motor Company.

Just think! 13,000,000 model T Ford cars have been produced since 1908—almost as many automobiles as were built by all other manufacturers combined. In 1925, almost 2,000,000 Ford cars and trucks were built and sold—and plans for 1926 call for the production of even more than 2,000,000.

It was the superiority of Ford design in 1908 that established Ford leadership. It is this same Ford design, improved but basically unchanged, that is continuing to make the Ford car the outstanding leader among all automobiles.

STAR

Running-in-oil

You will find in the new running-in-oil STAR the many features you have always wanted in a windmill—one oiling a year—your choice of Timken Tapered Roller Bearings or "NO-OIL-EM" Bearings—two gears, two pinions and two pitmans—direct center lift to pump rod—crosshead, guides and pitmans bearings flooded with oil—a scientifically designed wheel with angle steel arms and braces and ball-bearing turn table.

The fans of this new Star are curved to give great efficiency in an 8 to 10 mile an hour wind. Plunger pump in crank case floods crosshead, guides and pitman bearings with oil, and tight cover keeps out dirt, rain or snow.

One filling of crank case with oil each year will save many trips up the tower. May be fitted on any tower.

The new STAR is the last word in Windmill construction. Come in and let us show you this mill. You will want to know about it whether you are needing a new mill right now, and we want you to know what a really fine windmill we have in this new Star.

SUCCESS IN AMERICA AN OPEN HIGHWAY

How Four Boys of Humble Origin Have Become Chiefs of the Greatest Financial Organization in the World.

Broad highways of achievement are wide open to all in America no matter how humble their beginning. It is brought out by a writer in Forbes Magazine, telling of the successive elevation of poor boys to the chiefship of the most powerful association of financial power in the world.

"Nowhere is opportunity so democratic as in caste-free America, nowhere is recognition for faithful service so little conditioned by inherited position and wealth," the article says. "The bounty of America in bestowing her rewards of great success upon those of modest origin is again notably manifest in the rise of Oscar Wells to the presidency of the American Bankers Association.

"The son of a tanner, John H. Puellcher, was elected to this eminence in 1922. Circumstances ended his public schooling in the seventh year and he went to work in a carpet store in Milwaukee. At sixteen he entered a bank as a clerk, rising step by step until he became president. Recognition of his abilities as a banker and civic service through public education in sound economic understanding brought him the highest reward from his profession.

"A former country school teacher, Walter W. Head, born in a farm hamlet in Western Illinois, was elected president of the association in 1923. He gave up teaching and a salary of \$75 to enter banking at \$40 a month in a small Missouri town. He subsequently became president of a bank in Omaha, the largest in Nebraska and a dozen neighboring states. The position he occupied in advancing agricultural welfare during the period of depression led to his being called the 'Granger President of the American Bankers Association.'

"From Irish immigrant lad to supreme head of banking in America epitomizes the career of William E. Knox, president of one of the largest savings banks of the country in New York. His business career began as an office boy in a publishing house, and he later entered the bank as a clerk. Experience with humble people in their problems of personal finance and his inculcation of economy in all matters attracted country-wide attention.

"Oscar Wells, who rises in 1925 as successor of these men, was born in an old weather-boarded log cabin house in the Missouri River bottoms of Platte County, Missouri. He became an orphan when three years of age, losing his parents in an epidemic that ravaged the countryside. He passed under the care of an uncle, head of a small country bank in Platte City, a town of a few hundred inhabitants, growing up on a farm and receiving his early education in a rural school. He later entered Bethany College, West Virginia, but at the end of his junior year he had to quit college and go to work in the bank."

"His subsequent career was one of steady progress, first to higher positions among small country banks, then to larger city banks in Texas, where he rose to the top. In 1914 he was chosen first governor of the Dallas Federal Reserve Bank and served through the opening period of the establishment of that institution. He resigned to become president of a bank in Birmingham, Alabama, which has grown under his administration to be one of the largest and most successful institutions in the South.

HUGE GROWTH IN SCHOOL SAVINGS

New York.—School savings in the United States for the year 1924-1925 increased in aggregate bank balances by \$5,500,000, with a growth of 630,000 in the total number of pupils participating. It is shown in reports made to the American Bankers Association, which declares that the returns encourage belief in the permanence of school savings as a part of the educational program in the public schools.

During the year the number of reporting school savings systems increased from 633 in 742 districts to 760 in 1,557 districts, the number of schools from 9,080 to 10,163, the number of pupils participating from 2,236,328 to 2,569,497, the deposits from \$14,991,535.40 to \$16,961,560.72 and the bank balances from \$29,435,144.64 to \$25,915,431.15, says W. E. Abbig, in charge of the Association's savings activities.

Since 1920, the first year for which comprehensive statistics are available, the number of schools having school savings banking has increased 271.4 per cent, the enrollment in school savings districts 278.9 per cent, participants 520.2 per cent, deposits 506.1 per cent and bank balances 518.8 per cent.

So Weak Couldn't Stand

"My wife's health broke down and for years she was just a physical wreck," says Mr. Thomas Glynn, of Gibson, La. "We did everything we knew, yet she seemed to get worse and worse. She was so weak till she couldn't stand, and had to be carried like a baby. It looked like nothing would save her that had been done."

CARDUI

For Female Troubles

"I began looking around. I knew that Cardui was for women. I decided to try it for her as all else had failed. She couldn't eat, she couldn't sleep, and I was desperate. "After taking a few doses of Cardui, we were so glad to note that she wanted something to eat, and with each bit of nourishment, and each day's doses of Cardui, she grew stronger and got up out of bed. She is now able to cook, and stronger than in a long time."

Cardui has been in successful use for nearly 50 years in the treatment of many common female troubles.

The State of Texas,
To the Sheriff or any Constable of Schleicher, County—Greeting:
You Are Hereby Commanded to summon T. J. Blackburn, by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 51st Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 51st Judicial District, to appear at the next regular term of the District Court of Schleicher County, to be holden at the Court House thereof, in Eldorado Texas, on the fifth Monday in March A. D. 1926, the same being the 29th day of March A. D. 1926, then and there to answer a petition filed in said Court on the 15 day of February A. D. 1926 in a suit, numbered on the docket of said Court No. 343, wherein Zelma C. Blackburn, is Plaintiff, and T. J. Blackburn, is Defendant.

Being a suit for divorce, said petition alleging that plaintiff and defendant were legally married on, or about the 6th day of March 1919, and lived together as husband and wife, until on, or about the 9th day of April A. D. 1925 when on account of the cruel, harsh, unkind and tyrannical treatment by defendant towards plaintiff, together with his accusations of infidelity and want of chastity, and his threats to take the life of both plaintiff and her child, she was forced to abandon the defendant, since which time they have not lived together as husband and wife, alleging that a girl was born to said marriage, and praying for judgment dissolving said marriage relations, for the care and custody of said child, and for cost of suit.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Eldorado this the 19th day of February A. D. 1926.

John F. Isaacs Clerk, District Court, Schleicher County.
