Schleicher County Contributes To His Cause. Luedecke Re-elected Sheriff, G. D. Hines Judge and Durham District Attorney.

Schleicher County voted her largest vote in Saturday's election when 640 ballots were cast, Dan Moody leads for Governor, with Ma Ferguson second, Durham leads for district Attorney in the county and is elected in the district. A. F. Luedecke is re-elected Sheriff, leading all opponents in the race. G. D. Hines has easy victory in the Judges race, and J. Tom Green only liking two votes defeating both of his opponents for Public Weigher.

The election Saturday was about the quietest one that Schleicher County has ever witnessed, as well as being her largest one, yet she did not poll her voting strength as she has more than 800 voters.

The returns for county by precincts will be found elsewhere in this issue.

J. F. Isaacs, Don McCormick, and Mrs. A. E. Kent were re-elected without opposition, F. M. Bradley, was re-elected County chairman

For Public Weigher, Prec. 1.  
 J. Tom Green, 224  
 E. A. Penn, 101  
 John H. Rodgers, 125

W. D. Swift was elected commissioner in Precinct 4 over his opponent, Cecil Meador by a large majority, Cecil Meador 24 Dean Swift 56 Other county officers had no opponents, but T. W. Talbot was elected Commissioner of Precinct 2, and C. E. Springstun, Precinct 3, and J. W. Hill was re-elected in precinct 1.

From the face of the returns in both County and State it looks like there will be no need for a second primary and especially in Schleicher County.

She, he, or they were defeated.

### NEXT BROTHERS BUY STOCK AND LEASE RANCH.

Ben Hext and brother have purchased the sheep, goats and cows on the A. L. Stewardson ranch and leased the ranch from Mr. Stewardson. Mr. Stewardson will build a home in El Dorado and move in as soon as he can give possession of the ranch.

We did not learn the exact price that was paid for the stock, but it was around \$40.00 for cows, \$4.50 for the goats and \$8.00 for the sheep. The lease brought 75c per acre.

### MRS. WETHERLY HAS PAINFUL ACCIDENT.

While riding horse back on the H. W. Finley ranch Sunday Mrs. Maurine Wetherly had the misfortune of breaking her leg. She jumped down from off the horse breaking her leg as she landed.

Mr. and Mrs. Wetherly recently moved here from Wichita Falls and their ranch joins the Finley ranch.

Mrs. L. E. Forrest of Dallas, Texas, is here this week guest of Mrs. Geo. Williams, they will attend the Sheep and Goat Raisers Association at Del Rio, that is in session now. Mrs. Forrest is better known as Miss Lottie Keeney.

Some fellow wanted to tease us on the big vote that our friend Zimmerman got in Schleicher County, but we wouldn't tease. We did not expect him to get any more than he did. We just didn't want to vote for Dan or Lynch either and Jim was most to strong for us, so we decided the best thing to do was to throw it away.

Sam Galhoun was in from the ranch Monday mugging with friends and buying supplies.

Quite a number of Schleicher County citizens are enjoying an outing at the Sheep and Goat Raisers Association at Del Rio this week.

The election is over and Zim couldn't win, so lets bury the hatchet until next time and then come out with all our might against the wrong that may appear between now and then in any of our officials and when they need laying on the shelf don't hesitate to put them there.

After reviewing the returns of the election Saturday we are thoroughly convinced that Dan was the man says the Klan.

After watching the present political campaign come to a close we wonder where we are. Mr. Moody and Mr. Colquitt has won a successful victory, and that with a large percentage of the Klan vote, of course Mr. Colquitt will expect Moody's support two years from now in his campaign against Mr. Mayfield will his friend back him up or will he stay with the vote that gave him his office for attorney General and then Governor, a man doesn't have to be a Klansman to see that he carried all Klan strongholds, and that with an overwhelming majority. Some folks say that the Klan is dead, but we note that Rev. Floyd Bloodworth, the head of the Klan in Texas says it is better organized now than ever, and we are prone to believe that the preacher knows what he is talking about, whether Dan is a Klansman or not he should send the Klan a special card of thanks for their liberal support.

For several weeks The Success has been crowded for space on account of a heavy run of advertisements, we like that part but yet we want to make The Success the news of the community so help us by giving us a news item for the columns.

Those who have the El Dorado Day at Christoval in charge, on Tuesday night and outlined a partial program for the day, and have appointed chairmen of each committee to see that each committee gets up its part, and it will take the co-operation of all to make the day a success. We do not mean that El Dorado Day means just for the town of El Dorado, as we expect all of Schleicher County to be at Christoval on this day, so go that day and help entertain the Old Soldiers and enjoy the outing as well. The program will consist of singing, readings and speaking. The entertainment committee is ready for any suggestion that you might have that will help to make the program enjoyable and snappy.

Over in Crockett county Tom Nolan for 20 years county clerk was defeated in Saturday's primary, by Bright Baggett by seven votes. Twenty years ago Mr. Nolan and Mr. Baggett ran for the nomination of the same office and Mr. Nolan was the winner, but in Saturday's election Mr. Baggett came back after 20 years of silence and won from Mr. Nolan. Such is politics.

Some of our Ma Ferguson men will have to get some nipples now they have lost their Ma.

## TO THE VOTER OF SCHLEICHER COUNTY.

I take this method of thanking those who gave me their votes and influence in my race for the office of County Judge, for without their splendid support, it would have been impossible for me to have made the race that I did.

To those who voted against me I will say that I do not feel the slightest ill will as they had the same right to vote for opponent that my friends exercised in my behalf, and I especially thank Mr. Campbell for the clean and courteous manner in which he conducted his campaign throughout.

G. D. Hines.

## TO THE VOTERS OF SCHLEICHER COUNTY

I wish to express my thanks to the voters of this county for the vote I received at the ballot box Saturday. Your vote is most certainly an endorsement for the way I have conducted the office and I feel grateful for the unanimous endorsement you gave. I will strive harder to make you a better and more efficient servant in the future but need the co-operation of all, even though you opposed me for any reason in the election just past you will get the same courteous treatment as anyone and I want you to feel like we must work together for the betterment of conditions in general.

I again thank each you through out Schleicher County for your expression, by ballot, of my work.

A. F. Lueddecke.

## WHY GOVERNMENT PRICE FIXING WON'T WORK

One of the most persistent fallacies is government price-fixing on competitive commodities. There is already government price-fixing in commodities and services where competition plays no part in price determination. These are railway transportation, electricity, gas, telephone and telegraph, and so on. Here government price-fixing is solely to protect the consumer. There are two fatal objections to government price-fixing for agricultural products, which represent the most competitive business in the world. These are, first, that it will not work; second, that it is always done for the consumer as against the producer.

Government price-fixing for agricultural products would work if at the same time the government regulated wages, profits, middlemen's margins, the production of all commodities and the rationing of all consumers. In short, if the population were enlisted in one vast army, directed and rationed, price-fixing would work, but otherwise not. If the price is fixed on the wheat the farmer sells, then he cannot keep on producing wheat if wages or the cost of harvesting machinery rise, or if the cost of other material he buys rises. So the next step would be the fixation of other prices, and yet other prices.

The United States government fixed the price of wheat but once in our history, and then it was to benefit consumers, not producers. The government might, in an emergency, fix some agricultural prices for the purpose of elevating such prices. Such action would inevitably and speedily lead to outcry from city consumers and a consequent reversal of policy. Indeed, the consumers, not the producers, are most likely to demand and secure food price regulation by government authorities. The farmer, therefore, who favors any form of governmental price-fixing is working against his own interests. He is putting his head into a noose.—James E. Boyle, Professor of Rural Economics, Cornell University, in the *Banker-Farmer*.

## STRAIGHT TALKS WITH AUNT EMMY

On Fifteen Per Cent Bonds

Mrs. Norris beamed as she greeted Aunt Emmy and exclaimed, "Now I know all my financial worries are over! I wanted to tell you right away—"

"What have you bought this time?" Aunt Emmy demanded suspiciously.

"Well, I haven't paid the money over yet, but I have found the loveliest investment where my money will be perfectly safe and will earn a nice income for me right away." Mrs. Norris said. "I'm going to buy bonds, good safe bonds, that will pay me fifteen per cent interest—"

"Wait a minute, you'll have to go some, Maud Norris, to tell me about 'good safe bonds' that pay fifteen per cent!" Aunt Emmy broke in.

"They are safe,—the man said so and this booklet says so too!"

"Do you know what a bond is?" asked Aunt Emmy.

"No, but it's awfully safe. I'm sure of that," Mrs. Norris said. "Everybody knows that bonds are safe—"

"My dear, some bonds are safe and some are not. When you buy a bond you simply lend your money to the company putting out the bonds. Bond issues are secured generally by the company mortgaging or pledging some of its property. In other words, it offers a certain asset as security that it will return your money to you on the date the bond matures. It agrees to pay you a certain sum each year for the use of your money, usually something between five and eight per cent. No company can afford to pay too much for its money—and as to fifteen per cent bonds—why it would be very unusual for a company to be able to earn enough to enable it to pay fifteen per cent for the privilege of using other people's money,—moreover, if it is good enough to borrow money at all it can borrow it more cheaply than that!"

"Oh dear!" wailed Mrs. Norris, "then a bond isn't a good safe investment—"

"Don't jump at conclusions so fast!" said Aunt Emmy. "I did not say that a bond is as safe as a church if the company that issues it is financially sound, has a high credit rating and is making money. Before you buy bonds assure yourself that the company behind them is above reproach."

"But the man who told me about these fifteen per cent bonds was so earnest—I felt sure I could believe him."

"Don't turn over any money to him until you have some advice on the bonds from your bank," admonished Aunt Emmy. "Then, if you find out that the bonds are questionable you will escape another bad investment."

—A. B. Aymes.

Mason County, Michigan, bankers are pushing hard to replace scrub stock with pure-bred cattle. The plan as outlined by the county agent is to purchase young pure-bred sires and place them wherever a farmer is found who is willing to co-operate in the proposition. The bankers will advance the purchase price and take a note for one year without interest. The idea is to make it as easy as possible for the farmers to procure thoroughbreds.

## Saffron Skin from Sour Bile

**South Georgian Drives Out Enormous Quantity Sour Bile with Dodson's Liver Tone**

After a long period of the worst form of weakness and the terrible feeling of sickness that comes from a system loaded with sour bile, Mr. Sam Puckett says: "When I kept getting those bilious attacks reckon I took enough calomel to kill a mule. Got worse all the time. Finally I turned saffron color all over. My wife happened to read about Dodson's Liver Tone in the Weekly Constitution, so we drove to town and got a bottle. It was like magic. It drove quarts of sour bile out of me as black as ink. From that day I have felt as if I had a new liver, and whenever I begin to feel weary and bilious, with no appetite, a dose of Dodson's Liver Tone puts me to rights."

This wonderful, quick-action, liver starter ought to be in every household, if for no other reason than to stop the use of dangerous calomel. Dodson's Liver Tone is pleasant to take, even for children, and never makes you sick.  
Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

**DELIVERANCE AT THE RED SEA**

LESSON TEXT—Exodus 14:1-31.  
 GOLDEN TEXT—The Lord is my strength and song and he is become my salvation.  
 PRIMARY TOPIC—God Takes Care of the Children of Israel.  
 JUNIOR TOPIC—Israel Saved at the Red Sea.  
 INTERMEDIATE AND SENIOR TOPIC—How a Nation of Slaves Was Set Free.  
 YOUNG PEOPLE AND ADULT TOPIC—Divine and Human Leadership.

I. Israel in Straitened Circumstances (vv. 1-12).  
 1. Going out of the land of Egypt (13:18).

The tenth stroke from the strong hand of the Almighty made Pharaoh willing to let Israel go. The Israelites went out from Egypt on their way to the promised land with a high hand. Through the land of the Philistines the journey would have been comparatively short, but God commanded them to turn from that way lest going through the land of the Philistines they would see war and desire to turn back to Egypt. The way of the wilderness was a longer route, but it had many valuable lessons for them. By this way they escaped the experiences of war which would have come to them at the hand of the Philistines, but they learned the crookedness and perverseness of their own hearts (Deut. 8:12).

2. Hemmed in (vv. 1-3).  
 At the Lord's direction they turned from their first course and were made to face a great difficulty. The Red sea was before them and mountains on either side. However, they should have been encouraged because the Lord went before them by day in a pillar of cloud to lead them the way and by night in a pillar of fire to give them light. He took not away the pillar of cloud by day, nor the pillar of fire by night (13:21, 22).

3. Pursued by Pharaoh (vv. 4-12).  
 The stricken Egyptians had now recovered from their sorrow, and perceiving the straitened circumstances of the Israelites they interpreted this to mean that Moses was unable to lead them out of their difficulty. Therefore they went in pursuit, hoping yet to prevent them from leaving the country.

II. The Miraculous Escape of the Israelites (vv. 13-22).  
 Though they were in a straitened condition they had no reason to fear, for the Lord had led them there. There seems to have been a twofold object in leading them into this particular place.

1. To strengthen the faith of the people. To be delivered from such circumstances would impress upon them anew the reality of the love and power of God. The people, as usual, displayed their unbelief and even censured Moses for leading them out of Egypt. Moses replied, "Fear ye not, stand still and see the salvation of the Lord." Standing still in such a trial is faith taking hold on God's promises. God said, "Wherefore criest thou unto Me? Speak unto the children of Israel that they go forward." The lifting up of the rod simply served as something tangible upon which their faith could act. They were to go forward a step at a time without raising any question as to the outcome, for from the source from which came the command, came the power to obey.

2. To lay a snare for the overthrow of the Egyptians.  
 Those who will not heed the warning judgments of God may be allowed to go to their destruction under the presumption that the Almighty is helping them.

III. The Overthrow of the Egyptians (vv. 23-27).  
 Having seen the Israelites go across the sea dry shod, Pharaoh and his people madly pursued them. They insanely thought that they in their unbelief could follow in the wake of God's children. The Lord looked forth from the cloud and wrought confusion among the Egyptians. He not only looked upon them but took off their chariot wheels, which caused them to realize that God was fighting against them. He then directed Moses to stretch forth his rod and bring destruction upon the Egyptians.

IV. The Song of Triumph (15:1-21).  
 Standing on the other shore of the Red sea they could fittingly sing the song of triumph because of their miraculous deliverance and the overwhelming defeat of the Egyptians. They attributed it all to God. All self-consciousness and importance were left out. In a glad coming day, a similar but much larger company will sing the same song with an important addition, namely, the "Song of the Lamb." (Rev. 15:3).

**Bad Color**  
 (liver trouble)

"OCCASIONALLY I am troubled with spells of constipation and inactive liver," says Mrs. John L. Pence, Broadway, Va. "I always use Thedford's Black-Draught when I feel a spell of this kind coming on, for it saves me a bad headache. My color gets sallow at times. I get real yellow, showing that the trouble comes from the liver."  
 "I have found Black-Draught to be the finest kind of a remedy for this. I take Black-Draught and make a tea out of it, and take it, along in small doses for several days. I have never found anything that served me so well."  
 "Since I have known about Black-Draught, I have not suffered nearly so much with headache, caused from indigestion. If I find my tongue is coated, and I wake up with a bad taste in my mouth, I know I have been eating indiscreetly, and I immediately resort to Black-Draught to straighten me out."
