COUNTRY WOMEN'S HOME DEMONSTRATION CLUB

"Put the concrete tiling from 9 to 12 inches in the ground in straight rows," said Miss Mabel Howell, Schleicher County Home Demonstration Agent, to the country Woman's Home Demonstration Club at the home of Mrs. Bill McSwain on April 11. Each tile is one foot long and was placed in the bottom of the ditch of which was made smooth and level, end to end and heavy paper put over each joint so as to keep the dirt from getting into the tile. The end of the tile was closed with gravel. The ditch was then covered and Mrs. McSwain is going to set out tomato plants on this plot. Miss Emma Nixon was elected as Reporter. There were 13 members present and Mrs. Myrtle Winters was a guest.

Good Rains Tuesday And Wednesday

Tuesday afternoon a good rain fell in Eldorado and north of Eldorado accompanied by hail.

Wednesday morning about 4:30 the windows of heaven were opened again and one of the best rains of the year fell for an hour. Farmers have been busy planting and have some of their crops up. Grass is green and the old time range conditions are coming back.

The rain was light in the western part of the county, but was heavier in the eastern part of the county. Bailey Ranch received a good rain, some damage done by hail.

OILERS WIN FROM OZONA

The Oilers, Station A, under the management of W. A. Hamilton, defeated the Ozona Giants, local entry in the West Texas League, 5 to 4, at Ozona Sunday afternoon.

Frank Russell was the star of the day with the bat, having collected three hits while Ratliff Smith and Bishop, of the Oilers, each garnered two hits.

The two clubs meet again next Sunday at Ozona.

A report from Station A this week of the ball game Sunday with Ozona says it was a hard fought game and the winning run was made in the last inning with 2 outs and a man on first base and Ed Ratliff came through with a three base hit.

They also say they expect to bring some good ball games to Eldorado this season.

ENTERTAINS BRIDGE CLUB

Mrs. A. P. Bailey was hostess of her bridge club April 12, at 2:30 o'clock.

Mrs. Armior Heffley was high score for the club and Mrs. K. J. Gary was high guest for the afternoon.

Other club members present were Messdames L. Ballew, J. W. Hoover, Luke Thompson, J. C. Crosby, J. W. Lawhon, Oscar Martin and other guests were Messdames Van McCormick, Ben Hest, and G. C. Crosby.

A petition asking the Commissioners court to order an election to permit the sale of beer in precinct one of Schleicher County was passed around Monday, and was signed by a sufficient number of voters to require the election if the Commissioners see fit to order it. The petition will probably be presented at the next regular meeting of the court, if granted should be set for July 28, so all the fun could get off together.

E. E. (Pat) Murphy

Mr. Murphy, prominent attorney and former County Attorney of San Angelo, formerly announced his candidacy for Congress from the 21st District this week. He promised to wage an intensive campaign in every part of the district between now and the July primary.

Mr. Murphy was former County Attorney at San Angelo, being twice elected without opposition and resigning during his second term to enter Georgetown University at Washington, D. C. completing his legal education. He returned to San Angelo in June 1929 and resumed the practice of law. In 1930 Murphy made the race for Congress in the 16th District against R. E. Thomason, then Mayor of El Paso and a popular campaigner. The local man was unable to overcome the Thomason vote at El Paso but outside of that county Murphy polled 17,746 votes to 14,271 for Thomason.

Murphy plans an active campaign in all parts of the district commencing immediately and stated that he would predicate his race on his training and experience in Washington, D. C. and his knowledge of the needs and desires of the people of this section. The central theme of his platform, yet to be announced, is that, "President Roosevelt is entitled to and shall receive my unqualified support in all Recovery Measures."

Murphy is a native of West Texas and a Veteran of the World War, having served throughout the conflict with the 36th (Texas) Division in America and France. He enlisted here in the San Angelo Company, later receiving a commission in a Machine Gun Battalion and served over eleven months overseas.

Born in Weatherford, Texas in 1895, Mr. Murphy moved with his parents to Knox County where as a young man he lived on a ranch and graduated from high school at Munday, Texas in 1911. The same year he came to San Angelo, obtaining a position in the shoe department of Baker-Humphill Company. At the same time he attended San Angelo High School. For the next two years he read law at night, retaining his job as shoe clerk. In 1915 he attended Cumberland University at Lebanon, Tenn. passed the bar examination and started practice of law in San Angelo July 4, 1916.

At the outbreak of the World War Mr. Murphy assisted in the organization of the San Angelo Infantry Company of the Texas National Guard and enlisted therein in June 1917 as a private and was successively sergeant, first sergeant and lieutenant, being transferred then to a Machine Gun Battalion. He helped organize and was first Commander of the American Legion Post at San Angelo. He resigned last week as 16th District Commander of the Legion. His popularity among the ex-service men is shown by the fact that he was elected Commander for Texas at the last Legion convention.

While at Washington, D. C. he practiced law by day, attending school by night, studying at Berlitz School of Languages, at George Washington University, also obtained a Bachelor of Foreign Service Degree from

Show Saturday Draws Large Crowd

The free show given Saturday on the streets of Eldorado by the "Iron Man" and sponsored by the business men, drew a large crowd to witness the event. Mr. Jack Kern shows that this body can be developed and trained to stand severe pulls and not be injured.

Several visitors were introduced; Tom Barnes from the Shell Pipeline Station, Mr. L. C. Gallaway of Pleasanton, Texas, Mr. J. A. McClurg and D. J. Mathews of Austin, Texas and Sheriff W. B. Hutchison of Sonora.

A fine report was made from the Group meeting at Ozona by J. A. Whitten and others. The chair appointed an extension Committee composed of W. O. Alexander, F. M. Bradley and J. H. Jarvis.

The Nominating Committee reported their nominees and the following Lions were elected to offices: L. M. Hoover, President; G. B. Hamilton, Vice-president; Glenn Ratliff, Secretary-Treasurer; Buck Morgan, Lion Tamer; R. L. Sample, Tail Twister; R. D. Holt, C. Snell and Leslie Baker, directors.

SHERIFF CONNER RECEIVED MACHINE GUN

Sheriff O. E. Conner has received a machine gun, the modern piece of Fire arms came in Wednesday. The time has come that an officer is not safe hunting criminals with small fire arms.

Sheriff Conner will have to do some practicing and learn how to use the gun as he has never had any experience in using one, the gun cost \$240.00. We trust he will never have to use it as we do not want the kind of Criminals it was bought for to come our way but they drive hard and fast when they get

Wool Men Meet

A meeting of wool and mohair producers, Merchants, Warehousemen, wool dealers and bankers was held in Sonora last Friday for the purpose of considering the tariff bill now pending in Congress and the code of fair practices to govern the National Wool Trade Association.

The meeting adopted a resolution requesting the President to confirm his former statement that no tariff revisions would be made on agricultural commodities produced in the U. S. should the bill be passed giving him power to make tariff treaties with foreign countries.

An amendment which has been offered to the code of the National Wool Trade Association seemed to be the center of discussion. This amendment, if attached to the wool code, would not permit any firm or wool dealer who buys wool to receive, handle, or sell any other wool or mohair on consignment basis, and reverses the wool marketing plan of former years.

Press reports indicate that the meeting was unanimous in the opinion that such a code would be contrary to the best interest of the grower and that the final analysis of such a program would be that practically all the wool of the country would have to be consigned to the East for sale, rather than the grower who owns his wool having choice of selling it himself in such manner as he may elect.

A resolution was adopted protesting this amendment to the wool code, and petitions are being circulated over West Texas which growers are signing rapidly asserting their collective and individual opposition to such a plan.

Feed and cotton planting is the order of the day. The farmers are busy getting their seed in the ground while they have sufficient moisture to get the feed and cotton up.

The Success wishes to congratulate W. B. Gibson and James Page, the boys' debating team who were successful at the District meet in San Angelo last Friday and Saturday, with ability to win over competitor and go on to the regional meet at Abilene this week end. Congratulations boys may your laurels be increased.

ONEY JUNE CORN BEING PLANTED

Nine packages of Honey June Corn have been received by Mabel Howell, Schleicher County Home Demonstration Agent from the Extension Department of A & M College. The corn has been developed by converting Mexican June and Surcropper, two of the best field-corn varieties in Texas, to sweet corn.

The corn has been distributed to each community in the county and the pantry demonstrators are to plant it. When produced they in turn are to give a supply of seeds to each member of the home demonstration club. Those planting it this year are: Mrs. Will Montgomery, Adams Club; Mrs. Will Steward, Alexander Club; Mrs. Otto Munt, Bailey Ranch Club; Mrs. Paul Nixon, Country Womans Club; Mrs. W. H. McClatchey, Cliff Club; Mrs. Gib Ballew, Eldorado Club; Mrs. R. G. Nance, Mayer Club; Mrs. Green Farrington, Vermont Club; and Mrs. Otto Sauer, Reynolds club.

RAISING STANDARDS OF HIGH SCHOOL TEACHERS

The new requirement of higher standards for teachers in four-year high school systems is approved by superintendents throughout the state, according to a report released by Dr. Lewis B. Cooper, Director of Research of the Texas State Teachers Association at Fort Worth this week.

The data show that 91 out of every 100 superintendents approve the December action of the Committee on Classified and Accredited High Schools in requiring higher standards of teachers. Dr. Cooper said that one-fourth of the 7,786 teachers included in the study were affected by the ruling.

Teachers who do not meet the new requirements now will have periods of three years in which to make a minimum of eighteen semester hours credit in some standard college. No teacher will have to be eliminated from any school system on account of this ruling, provided, progress is made toward the objectives set up by the Committee.

The new regulations which require higher qualifications of teachers are reported by many superintendents from every section of the state to be the most advanced step the profession has ever taken a step which will be beneficial both to the teacher and to the children of Texas.

IN OURSELVES OUR FUTURE LIES

Jack Meador

By all means, we make ourselves what we are. Anyone can be somebody, that is, obtain a respectable place in the eyes of his fellowmen. Our future lies before us. We are at will to make of ourselves what we wish in our future. A person of the lowest family may come to the front and make his future amount to something and obtain a respectable position in the eyes of mankind. And also the person from the highest family may make himself a respectable future, or he may ruin his future, by lowering his standards and debasing his morals. And so it is. It is not in the family or class that a person is born into that his future lies. It is in that person himself that his future lies. Every person has a future. They have the power to do with their future as they like, so we can safely say "In Ourselves Our Future Lies."

This was the motto selected by the Senior Class of 1934.

RED CHAIN Egg Mash

PUTS IN THE EGG BASKET

WHAT OTHERS PUT ON PAPER

A fair feeding test of RED CHAIN is the best way to clear up conflicting claims about egg mash. Talk is cheap—and anyone can find nice words in the dictionary. On paper most feeds claim "more eggs at less cost"—but RED CHAIN actually does what others claim to do! Don't buy your egg mash for what it does on paper—buy it for what it puts in the egg basket... Feed RED CHAIN to your own hens and see the difference between claims and results. It is the unequalled quality of RED CHAIN Egg Mash that makes it the cheapest egg producer—regardless of price.

Mr. Smith: Oh, no, I don't eat them. You see our salaries have been cut so much lately that I sell them to the students.

YOUNG DEMOCRATS FORM JEFFERSON SOCIETY

In homage to the memory of Thomas Jefferson, Democrats of Texas celebrated achievements of the past year on the April 13 birthday of the father of the party. The initial annual Jefferson Day dinner was held in Houston, under sponsorship of Young Democrats of Texas, and at this dinner a Thomas Jefferson Society was formed, to arrange annually for a statewide celebration, to be held in a different city each year.

The keynoter among a motley array of speakers was John Henry Kirby of Houston, outstanding liberal and states right Democrat. After Mr. Kirby had extolled the tenets of Democracy, Lieutenant Governor Edgar Witt, aspirant to the Governor's office, reconciled the Roosevelt program of Government to Jeffersonian principles as he explained that "today's great strides are toward the eventual end of equal opportunity to all; and that is the real Democracy of Thomas Jefferson."

Other speakers were Mrs. Rue O'Neill and Mrs. Harold Abrams of Dallas, active leaders in the ranks of women voters, and Marshall R. Diggs, subcommittee member from Texas serving as assistant comptroller of the treasury. Numerous seekers of state office took advantage of the assemblage of Democratic leaders to speak of their candidacies.

Life memberships in the Thomas Jefferson Society of Texas were awarded to the following outstanding Democrats: Jed C. Adams, Dallas, formerly national committeeman for Texas; Congressman Joseph W. Bailey Jr.; R. Boyle, San Antonio; J. K. Brim, chairman of the state Democratic executive committee; Albert Sidney Burleson, Austin, Postmaster General under President Woodrow Wilson; Amn G. Carter, Fort Worth; Senators Morris Sheppard and Tom Connally; Silliman Evans; Vice President John N. Garner; former Governor W. P. Hobby; Houston; Senator W. K. Hopkins, Gonzales; Federal Circuit Judge J. C. Hutcheson Jr., Houston; Jessie H. Jones, Houston; R. A. Josey, Houston; John Henry Kirby, Houston; McDonald

E. E. (Pat) MURPHY

Georgetown University at Washington in 1926 and LLB from National University in Washington in June 1929. He is at present instructor of Public Speaking for the American Bankers Institute of San Angelo.

Mr. Murphy married Lou Phillips here in 1923. They reside in Glenmore Place and have two children "Pat" Jr. 6 years old and Mary Lou 1 year old. Mr. Murphy's father and mother, Mr. and Mrs. R. W. Murphy and a sister, Mrs. Roberta Parks, have lived here since 1920. He is one of the three brothers who served in the American Army during the world war. He is a 32nd Degree Mason, a Shriner and is a member of the First Christian Church and a member of the Board of Deacons of that Church, a member of the Lions Club and is on the Executive Committee and is Attorney for the Merchants Board of Trade.

Murphy this week issued the following statement:

In 1930 I made the race for Congress in the old 16th Congressional District against Hon. R. E. Thomason, then Mayor of El Paso and one of the most popular campaigners ever on a was not able to overcome the tremendous vote in Mr. Thomason's home County of El Paso, the popular response to my campaign platform and speeches was shown by the fact that outside of El Paso County, I received 17,746 votes to 14, 271 votes recorded for Mr. Thomason. When it was evident that I had been defeated, I did what I thought was the decent thing for a good Democrat to do, namely, I wired Mr. Thomason that I would support him as the Democratic Nominee in the General Election, which I did actively.

In the new alignment, El Paso and the counties west of Irion have been placed in a new district. There are 27 counties in the new 21st Congressional District. Of these, there are 15 counties in the 21st District which were in the old 16th. Of these I carried 14 counties by large majorities, some, like Mason by over 3 to 1. In some voting precincts, like those in Kimball County I carried the box by a vote of 33 to 2. These 14 counties extend through the center of the new 21st District from San Angelo to Bandera. This should show any reasonable voter that my candidacy is not a local one but my acquaintance and candidacy is as far flung as the District itself. These people who voted for me are from every walk of life, from millionaire to the humblest citizen of the land. During the past three years I have kept in constant touch with these people, visited with them, aided them when I could and discussed with them the common problems that confront our section of the nation. Not a single political boss wrote a line of my platform or my 125 campaign addresses, nor paid a dime of my campaign expenses.

In entering this campaign for the Democratic Nomination for the great office of Congressman from the 21st District of Texas, I again appeal to no class, faction, organization, bloc group, political boss, or special interest. A representative in the National Congress should be free to represent every man, woman and child in the district alike. The C. W. A. worker is entitled to as much consideration as the most powerful group. My appeal is made for the support to all Democrats of the 21st District, as citizens and lovers of free Government. I renew my pledge that, "if elected, I shall be the servant of all the people, and my country and the people of the 21st District of Texas shall be my only masters."

Jeoch, Corpus Christi, president of the Young Democrats of Texas; Roy Miler, Houston and Corpus Christi; R. W. Morrison, San Antonio; Senator Margie Neal, Carthage; Judge Nelson Phillips, Dallas; Clara Driscoll Sevier, former national committee-woman for Texas; Stuart Smith, Beaumont; Judge James C. Wilson, Dallas and A. J. Wirtz, Se-guin.
