

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIV

Eldorado, Schleicher County, Texas, Friday March 16, 1934.

No. 11

SCHLEICHER COUNTY LAMBS WIN FIRST AT FORT WORTH SHOW

T. H. Alexander Takes First, Stanford Second

KINCAID LAND HOLDINGS ARE PARTITIONED

Partition of the vast land holdings of T. A. Kincaid, one of the largest landowners in West Texas lying in Crockett and Val Verde counties, was accomplished with the filing of deeds to designated acreage to children of Mr. and Mrs. Kincaid, in the county clerk's office here this week.

In the deeds filed here Mr. Kincaid disposed of approximately 63,000 acres of land, or around 95 sections to six of his children and Mrs. Kincaid. The huge ranch land holdings lay in two blocks, one east and south of Ozona and the other approximately 70 sections lying in the southeast corner of Crockett County and extending a few miles into Val Verde county.

While disposing of his land holdings in this county, Mr. Kincaid retains in his own name a 12 section ranch in Upton County, near Rankin. In addition to the land he owns in fee in Upton county he has several thousand additional acres under lease all stocked and in operation.

In the partition recorded in the deed records of this county, Mrs. Marbury Morrison was given 9,917 acres lying in a block in the southeast corner of Crockett County and extending into Val Verde. Adjoining this tract on the east T. A. Kincaid, Jr. gets 9,443 acres also partly in Val Verde County. A block lying next to this tract, containing 9,471 acres goes by deed to Bud Kincaid.

A tract containing 9,471 acres lying just north of that deeded to Bud Kincaid, goes to Mrs. Strick Marwick, and another lying north and east of this, containing 9,246 acres goes to Mrs. Lee Childress.

Mrs. Kincaid was deeded the tract of land lying just south of Ozona, known as the McCollum place, containing 8,707 acres. Mrs. W. E. Friend, Jr., youngest daughter, gets the ranch adjoining the town of Ozona on the east, where Mr. and Mrs. Friend are now ranching. It contains approximately 6,688 acres.

FIRST CHRISTIAN CHURCH

Bible School 10:00 A. M.
Communion Service 10:45 A. M.
Preaching Service First and third Sundays.
Meeting in School Auditorium.

Seen nut Coal at Shoemakers \$14.00 per ton.

T. H. Alexander, who exhibited sheep here and at San Angelo took his lambs to the Fat Stock Show in Ft. Worth. He won first place here and first place at Ft. Worth, in carload lot of lambs over 6 months old. Mr. Alexander and Sons took in prizes \$135.00.

Truett Stanford was second both here and at Ft. Worth.

The lambs were sold Thursday but we did not get the returns of the sale.

County Agent Snell is still with the lambs for the sale Thursday.

Mr. Alexander and Sons have won good prizes each year they go to Ft. Worth.

WOOL STOLEN FROM WAREHOUSE

Saturday morning when the warehouse of The Eldorado Wool Company was opened by L. T. Barber, it was discovered that there had been prowlers there. About 150 pounds of wool was missing in small bags. Sheriff O. E. Conner was soon on the job getting clues and information which will probably lead to the arrest of those guilty.

The dead wool business is getting to be a paying proposition these days even to the extent of stealing it.

FORMER ELDORADOAN DIES AT HEXT

The Menard Messenger of Thursday March 8, reports that Mrs. A. A. Williamson died at Hext that day.

Mrs. Williamson made her home in Eldorado for several years when they ranged in this county.

Miss Georgia Springston was shopping and visiting in the city Saturday from the ranch 12 miles northeast of Eldorado.

FIRST METHODIST CHURCH

Sunday School 10:00 A. M.
C. Snell Superintendent.
Morning Worship 11:00 A. M.
Evening Worship 7:30 P. M.

Mr. Caldwell of Sonora will speak at the morning hour at Methodist Church concerning the great needs of our Missionary program throughout the entire church.

Mr. Caldwell is a member of the board of stewards of the Sonora M. E. Church and is loved and honored by all who know him because of his interest in kingdom work.
W. H. Marshall.

Saturday March 17 is Saint Patrick day, many of the Irish decent will be wearing green. Saint Patrick (396-469) the apostle of Ireland, born in the British-Roman province of Valentia, probably at Nemthur on the Clyde where Dumbarton now is. After being ordained a bishop and receiving the papal benediction from Celestine I, he went over to Ireland about the

year 432. Here he is said to have founded over three sixty churches, baptised with his own hand more than twelve thousand persons and obtained a great number of priests. "He found no Christians and left no heathen." Among the many marvelous legends which have clung to his name is that which declares that he drove the snakes from Ireland.

LIONS PROCEEDINGS

The Lions had three visitors at their Wednesday Luncheon. Lon W. Workson, with the West Texas Utilities, and Misses Mary Jess Koy and Imogene Evans, who entertained with a reading and Musical numbers.

Lion Jarvis announced that the Committee on the Easter Egg hunt had made plans for the hunt to be in Eldorado, and that they were inviting all the schools and communities in the county to come. Had made plans for several thousand eggs. Each Lion is to furnish two dozen painted hen eggs, and each church is being asked to furnish 20 dozen each, then the Lions will have something like 1000 candy eggs. Children up to the age of 15 are invited to take part in the hunt, which will be divided into three groups of ages. The hunt will be held Sunday afternoon, Easter Sunday.

MCMURRAY COLLEGE PRESIDENT DEAD

The Tuesday Morning papers brought forth the announcement of the death of Dr. J. W. Hunt, president of McMurray College of Abilene, Texas. He died at his home in Abilene of Apoplexy. J. W. Hunt was a pioneer Methodist preacher, coming from the cowboy ranks, he was also a former Editor and professor.

He was not an old man, born in the Indian Territory in 1878 on an Indian reservation, his father being a physician.

Many young students from McMurray College will learn of the death of this good man with sorrowing hearts. He founded the College and became its president and was one of the most forceable speakers in the west for righteousness.

Texas loses a good citizen in the passing of J. W. Hunt, of Abilene, President of McMurray College. Dr. Hunt was among the few that spoke over Texas in the defense of the 18th amendment, in fact you could always find him on the right side of all moral questions. His life has been a blessing to man kind and his good works will live after him. The citizenship of Texas has been blessed from his stay in our midst. His departure into that mystic region is the culmination of his well spent life and the crowning of his greatest victory.

Mr. and Mrs. G. C. Crosby were in the city Saturday visiting and trading.

Cecil Moore Wins First At Fort Worth

REYNOLDS TO GET VOTING BOX

At the meeting of the Commissioners Court Monday the Court ordered to create a voting place at the Reynolds School House. This will make nine voting precincts for the county, to care for the almost 1,000 votes for the county and will make three voting places in Prec. 4.

MCCUTCHEON - ISSACS

On March 3rd, 1934 Mr. William Bryant McCutcheon, Jr. and Miss Isabelle Isaacs, motored to Sonora, and were united in the holy bonds of wedlock by the Rev. E. P. Neal, pastor of The First Methodist Church at the Methodist parsonage. They had previously secured the license at Coleman, Texas. They intended to keep the marriage a secret, but when the license were returned to Coleman for record the Coleman paper published the secret probably not knowing their intent, so the news spread to Eldorado and Fife where the young man is teaching.

Mr. McCutcheon is a son of Mr. and Mrs. William Bryant McCutcheon Sr. of Algerita, San Saba County, but at present is teaching in the Fife School, where many of his brides people live. He has been to our city in conquest of his desires and is to be congratulated on his achievements.

Miss Isabelle Isaacs, the bride is a daughter of Mr. and Mrs. W. L. Isaacs, prominent ranch people of this county. Has been reared in our midst and is at present owner of the Isabelle Beauty Parlor at the City Barber Shop. She is jovial full of life and makes friends with those whom she contacts.

Plans for the future are not known at this time, the groom returned to his school and the bride is still with her Beauty Parlor and will remain this way until school closes and other plans develop.

The bride joins the many friends of the bride and groom in extending congratulations and best wishes.

T. H. ALEXANDER HAS GOVERNMENT STALLION

Mr. T. H. Alexander reports that he has a fine thoroughbred Stallion Baalbec at his ranch. He is offering his services to the farmers and ranchmen of this county at a small cost.

WOMAN'S CLUB ENTERTAIN WITH LUNCHEON

The Woman's Club of Eldorado entertained Tuesday March 13, with a covered dish luncheon at the Presbyterian Church.

Each member invited a guest and each person brought a book which was donated to the Rural School Library, that is being started by the Woman's Club.

An interesting program was rendered in the afternoon.

E. M. Roberts was in from his ranch Saturday trading and looking after business.

Government Registered Stallion "Baalbec", Thoroughbred will make the season at my ranch 4 miles West of Eldorado Register No. 103973. For further information see T. H. Alexander.

Cecil Moore with his prize winning lamb here, but loser in San Angelo, again took first place in Class of Fine Wool Lamb fed by 4-H Club Boys. He also took third and ninth places. A group of five he took first place and with his calf he took fifth place in open class. He received \$100.50 in prize money.

Forrest Runge Ranch.

W. A. W. in the Club class were; R. J. Alexander took fifth place in the fine wool lambs. Eugene Koy won eight and fourteenth places, Manning Wade, tenth and Eagar Sauer, twelfth.

Three lambs, Moore first and Wade, third.

We did not get the entire winning for Schleicher County in prize money, but Schleicher County people are well pleased with the showings that the 4-H Club and other exhibitors have made at the Ft. Worth Show.

WILL RODGERS AT LONE STAR THEATER

The friends and admirers of Will Rodgers, will be glad to learn that he will appear at The Lone Star Theater tonight in Mr. Skitch.

The Missionary Society of the Methodist church are sponsoring the picture. The ladies advertise the picture and receive a percent of the proceeds. Mr. Morgan has been doing this for other clubs and societies of our city and has the thanks and appreciation of the people for the Lone Star Theater appears in another column of The Success. He informs us that the show for next Bargain Nite is an extra good one and should have a much higher admission price.

Mrs. J. G. Mathews of Houston, is here visiting her father and mother Mr. and Mrs. D. E. DeLong. She intends spending most of her time on the ranch helping her dad through the busy season.

Mrs. J. R. Conner who has been visiting her parents in San Angelo returned home the last of the week.

Word received from Dutch Clenburn form Station A, who is suffering from pneumonia, in a San Angelo hospital. Thursday was that he was a very sick man.

McDonald was in the city Saturday shaking hands and buying supplies.

JURY LIST FOR DISTRICT COURT

The following are the Grand Jurors summoned to meet March 20th, 1934.

L. Bricker, T. H. Alexander, Otto Sauer, T. H. Wilton, P. Robinson, Silas Burk, T. J. Jacoby, W. H. O'Harrow, L. Tisdale, E. W. Mund, J. F. Callisby, J. C. Johnson, Geo. Williams, E. F. Ramsel, A. L. Baults and L. M. Hoover.

The Petit Jurors to Meet March 28th, 1934.

C. A. Graves, W. D. Gregory, F. B. Gunn, T. K. Jones, J. V. Davis, Perry Johnson, Marvin McDonald, E. T. Davis, Chas. Pinson, Luke Robinson, A. R. Miller, J. A. Griffin, Lester Henderson, W. R. Lewis, S. H. Ochsatham, J. H. Tuedcke, B. Moore, Joe B. Edens, W. E. Hill, E. E. Newlin, C. S. Chumey, C. Stanford, Joe Tisdale, A. J. Halbert, R. T. Crain, R. J. Paule, Cecil McClatchey, W. C. Davis, E. M. Reynolds, M. J. Wade, Pete Owens, Palmer West, A. R. Stevens, Jas. B. Sammons, Er. Ratlik and G. C. Crosby.

You will note that the Petit Jury is summoned to meet two days later than the Grand Jury.

All Church and Lodge Notices are free except when admission is charged.

March 16, 1934

We note from several exchanges that Otis Woodall, with his pride winning lamb at San Angelo sold the lamb for a world record price, it bringing \$1.54 per pound but to keep the record straight we here state again state that Schleicher still claims the world record price for show lamb selling the Cecil Moore lamb three years ago sold for \$2.50 per pound. We just mention this so our neighbors can get the true record if they want it.

The Mertzon Star, quotes Sheriff Sam Harkey as saying the drouth is over.

It almost makes us laugh out loud to hear Sam prophesying for West Texas weather, and to know just how long we have known Sam to have resided in the Golden West. So we domino without further comments.

PRESERVING A HUSBAND

Since the ladies, these days, are learning to preserve everything, we clip the following recipe on how to preserve a husband. We would be glad to have a report from any lady who tries the recipe:

Be careful in your selection. Do not choose too young. When once selected give your entire thought to preparation for domestic use. Some insist on keeping them in hot water. This may make them sour hard and some times bitter. Even poor varieties may be made sweet tender and good by garnishing them with patience, well sweetened with love and kisses. Wrap them in the mantle of charity. Keep warm with a fire of domestic devotion and serve with peaches and cream. Thus prepared they will keep for years.

AS WE SEE IT

President Roosevelt, in his recent order for an extensive drive on bootleggers, recognizes that this gentry, scheduled by the repealists to go out of business with repeal of national prohibition, is still marketing its wares in the same old way and on the same old scale. Yea, bootlegging, hijacking, kidnaping, bank robbery, murder, drunkenness—all the evils blamed upon prohibition by those seeking its repeal are still with us, and if the temperance promotion promised by repealists is in working order there is no outward evidence of the same. Nor is the drive above referred to ordered in the interest of temperance. Regretfully it must be admitted that the inspiration for this belated administration interest in suppression of bootlegging must be looked for in an entirely different direction. As long as no question of governmental revenue was involved the bootlegging industry was encouraged to believe that no government arm was long enough to reach it, and that its supremacy over the laws of this country must be universally acknowledged. This was when nothing more than public morality, public welfare and public safety were endangered. But it is different now when a threat to governmental revenue is the spur that sends the government into action against an alleged invincible foe; and regardless of the motive may the contemplated war upon the illicit traffic succeed in keeping it down to a minimum. Bootlegging is a furtive, evil calling that merits severe punishment, and the public may well feel gratified at the evidenced inclination of the President to check its growth. To this gratification could be added pride if the impelling motive was of a higher order.

—Florence Vidette.

Bill Booth and L. L. Harris of Littlefield, Texas were here the past week end visiting friends and relatives.

Lynch Davidson has come out for Lieutenant Governor Witt for Governor, Lynch has run several times himself, would have made a good officer could he have been elected. We have several in the race that would make good Governors if they could be elected, just who will be in the runoff is hard to tell, but our prediction at this time, is that Jimmy Allred will top the list. But we have no stones to throw at Witt, Hunter, or Clint Small, but it will be an impossibility to elect all four of them. We have always been an admirer of Lynch Davidson and have supported him in the past and will admit now that he is supporting a good man.

ALEXANDER NEWS

Mr. and Mrs. Will McAngus were in San Angelo Wednesday on business and while there visited Bro. F. R. Keele, who had been in the hospital several days.

Mr. and Mrs. D. C. Hill Mr. and Mrs. W. R. Bearce and Mrs. McAngus visited Mr. and Mrs. W. E. Baker last week.

A. N. Shipp is visiting with relatives at Crystal City this week.

We are rejoicing over the points our school won in the county meet. The winners are deserving of praise and to those who tried but did not win, "try, try, again." It took some untiring effort on the part of Miss Newman to achieve this.

M. H. Casey and family, Miss Newman and W. J. Steward and family were attending the county meet in Eldorado Friday and Saturday.

Mr. and Mrs. A. H. Belk were attending the county meet and trading in Eldorado Saturday.

E. F. Ramsel was transacting business in Eldorado Saturday.

Marvin McAngus visited in Eldorado Saturday night and Sunday with Dan McWhorter.

Mr. and Mrs. Thomas Baker visited Mr. and Mrs. R. C. Spurgers in Eldorado Sunday.

We wonder why Aaron Steward has so much unfinished business around Eldorado on week ends.

Amigo.

Mr. and Mrs. Otto Williams were shopping and visiting in the city Saturday from the ranch east of Eldorado, 20 miles.

The Success has been requested to notify the public that it is a fineable offense to move plants from the Cemetery Allies and streets and private lots without consent from Cemetery authorities or owners of lots.

J. F. Runge Commissioner of precinct three, was in the city Monday, attending Commissioners Court. Mr. Runge is the breeder of the 4-H club law fed by C. J. Moore this year and which were awarded first place at the county exhibit.

Overcome Pains this better way

WOMEN who get into a weak, run-down condition can hardly expect to be free from troublesome "small ailments."

Where the trouble is due to weakness, Cardul helps women to get their strength and makes it easier for them to take the ordinary course of life. Painful, nagging symptoms disappear as nourishment of the body is improved with the assistance of Cardul.

Instead of depending on temporary pain pills during the time of suffering, take Cardul to build up your resistance to womanly ailments.

Thousands of women have found relief by taking CARDUL. Sold at the drug store.

RESOLUTIONS OF SYMPATHY

The Self Culture Club of Eldorado, Texas offers these resolutions of respect and sympathy, in memory of Mrs. J. W. Hill, Sr., mother and grandmother of two of our most devoted members, Mrs. O. E. Conner and Mrs. J. E. Hill.

Our heavenly Father has removed from this earth of suffering, to a heavenly home. A precious mother, a faithful wife, a devoted christian and a much loved friend and neighbor.

Therefore be it resolved: that we submit to the will of him who doeth all things well, and may his richest blessings rest upon all her loved ones who can truthfully say of her. She hath fought a good fight, she has finished her course she has kept the faith and henceforth is laid up for her a crown of righteousness.

Resolved that we the Self Culture Club extend to them our love and deepest sympathy in their great loss.

Be it further resolved that a copy of these resolutions be handed Mrs. Conner and a copy be handed Mrs. Ed Hill, and a copy be spread upon the minutes of this club,

Respectfully submitted
Mrs. Joab Campbell
Miss Johnnie Alexander,
Mrs. L. M. Hoover.

DRINK WATER WITH MEALS GOOD FOR STOMACH

Water with meals help stomach juices, aids digestion. If bloated with gas add a spoonful of Adierika. One dose cleans out poisons and washes BOTH upper and lower bowels.

Learn About MODERN ELECTRIC

Ranges and Water Heaters

Here is Good News for all who said, "I'll Cook Electrically when it is Faster and Cheaper."

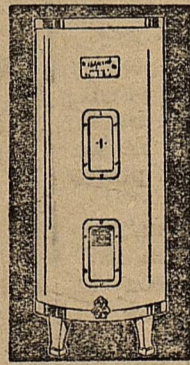

Progress has been made in Electric Ranges and the new type brings into the home more than just a new "cook stove." It introduces new economy, new cleanliness, new hours of freedom to women... because modern electric cookery is fast.

And before you buy any water heating equipment, see our new low-priced Automatic Electric Water Heater.

The Electric Water Heater operates on a special low rate schedule and gives you dependable, economical service without the disadvantage of flame, noise, fumes, soot or odors. Don't judge modern water heaters by the old-fashioned standards... for progress has been made in water heaters, just as in electric cookery.

Investigate the cost of cooking and heating water electrically. You may be surprised at the low rate schedule for these appliances.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

Mrs. Hugh Richardson was shopping and visiting in the city Monday.

Cecil Meador was in the city Monday attending Commissioners Court.

Miss Hazel Bruton who is majoring in History at Sdl Ross, was chosen one among five from Sul Ross to attend the State meeting held at Canyon last Thursday and represented Sul Ross. Miss Bruton is one of our former graduates and a daughter of Mr. and Mrs. Alf Bruton of our city.

Clyde Galbreath was in from the ranch Saturday on business.

The Hi-School Tatter

March 16, 1934

MARCH 23 PROGRAM BY SCHOOL PUPILS

By Inez Cobb

Agan, the Fourth grade have decided to produce a play. They chose "The King's Great Toe" by Alice C. D. Riley. It is, of course, a comedy. The central idea revolves about the King's big toe which happens to be affected; he even goes so far as to cheat the King of Beggars out of his meager meals by secretly exchanging places with him. There are twenty four characters in the play. Strange to say, the play has only boys' parts, all parts however are not taken by boys. Everyone, no doubt, will enjoy this rollicking comedy. Really, now wouldn't you like to see the King, J. J. Juckett, suffering with the gout and the King of Beggars, Wilson Page, disapproving of exchanging places with the King of the Kingdom?

The other play the grade school is producing is entitled "The Patchwork People" by Alice C. D. Riley. This play includes a cast of four different grades. Wanda E. Rape takes the part of Dame Fauch, while her little sister Mary Jo, takes the part of the founding child, Ann. Gardner McCormack takes the part of the policeman—he really enjoys swinging his policeman's club. Then, too, little Potty Jones takes the part of Bob-tail, the monkey. Lou Ellen Parrent takes the part of Rag-tag, the gypsy boy. In addition, there are a band of gypsies.

I really believe you will enjoy these two plays, for they are different and rather refreshing. They are to be produced the latter part of March.

Another reason for enjoying these plays is that they are un-Miss Zimmerman, Public Speaking and grade school teacher.

Adults tickets15c
Children's tickets10c
Choral singing by the fourth and fifth grades. There will be two numbers by the choral club.

E.—H.—S.

1934 SENIORS IN 1935

By Aurora Willis

John I. Jones, one of the dignified seniors who was asked if planned on going to college replied, "I don't care anything about going to college but my folks say that I am going. If I go I will probably end up at Texas Tech." Of course we all know he will go but he just wants us to think he ponders long over an important question before giving his decision.

Junior Isaacs, the captain of the football team, has not quite decided whether to go to Simmons University or go to work in a gas station. However, he thinks Simmons would be rather interesting so that's where he probably be next fall.

Glenn Green, another dignified senior plans to wait a year before entering college. Meanwhile he expects to work a little and have a good time.

W. B. Gibson, president of the senior class is very ambitious. He plans to go to Washington State College in Pullman, Washington. Gee! Power to "the boy who made good." We know he will.

David DeLong says, "I'm going to college but he is going to the ranch. We can look into the future and see James, a wealthy rancher, living a life of ease. Goodness knows he should be wealthy if he continues to argue as well as he does in Eldorado High.

Asara Ruth Spurgers, one of the two Senior girls says, "I don't know what I'll do yet. I haven't made my mind up." Wonder what she's up to?

R. L. Sample is going to Texas University. R. L. didn't say what he intended to major in but we do know that he was an awfully good declaimer in school. Maybe he will be a great orator.

Jack Meador, another very popular young senior plans to go to Texas Agricultural and Mechanical College at College Station. Jack is another ambitious student.

Aris Carr is not planning to go to college either next year, but will probably go later. Next year he plans to work some and

enjoy his freedom. He says, "I'm going to sleep."

Arnold Farrington seems to have been rather impressed by the president of Howard Payne who was out here this week, for he is planning to attend college there. He hasn't decided what to major in but we're sure he will do well.

Aurora Willis, the other senior girl, is planning on attending Sul Ross.

E.—H.—S.

WE WONDER WHY

By Mozell Lueddecke

Louise Boyer and Helen Stanford have so many letters to read and discuss.

The Freshmen are such good typists.

Miss Allen gives the Junior so many pop-quizzes.

The Spanish 1 students have been complaining about hard lessons recently.

None of the eight period typing students have made the typing team.

Lois Whitley says she had a "nervous breakdown."

Celeste and Joe Turner have so much to say in Spanish 2.

Inez Marshall always borrows certain student's Spanish papers.

Inez Bruton gets a letter every day.

The study hall was so unusually quiet the fourth period.

E.—H.—S.

RELATIONS BETWEEN "THE RANCH AND THE SCHOOL"

By David DeLong

There is one main relation between the school and the ranch, the 4-H club. Members of the 4-H club go to school and have received the cooperation of the school in their work. Every other year, a course in agriculture is taught which helps all who intend to feed or become ranchers later on in life for the members of the 4-H club are our future ranchers and farmers.

The school has also backed the 4-H club by their allowing the members to have special meetings during school time and I think the school will back the 4-H club all they can.

E.—H.—S.

WILL THE LACK OF PHYSICAL EDUCATIONAL FACILITIES CAUSE SERIOUS CONSEQUENCES TO THE YOUNG PEOPLE OF ELDORADO

Would you rather have a well trained mind or a strong healthy body or a combination of both? If you are a normal person you will desire both. What is the use any way of children coming to school to have their minds trained and not having their bodies built up and trained? There is no use of having an education and not having a body to benefit by it. A great many youths have been well educated and highly trained mentally, only to lose this hard won knowledge by an early death or a physical break down because the physical training of their bodies had been neglected.

The children of Eldorado, the future citizens, are being educated but are not being prepared physically for the future, Eldorado not having the facilities needed for physical education, in other words a gymnasium, is the needless reason for this.

Do not think of a gymnasium as just a place to play basketball because that is only one of the minor phases. It is a place to train young bodies to make them healthy and strong. In our school right now the children needing phy. ed. are not the ones who are getting it. Only the strongest and biggest boys play foot ball and basket ball and the few that take part in track are only out about four weeks in the year. The citizens of Eldorado are to blame when graduates of our school turn out to be weaklings and continually sick and perhaps die in their youth. Many bodies have been made strong, many serious ailments have been corrected and many years of life have been added to young people because of a gymnasium.

It is a foolish and a serious mistake not to have facilities for physical education. Many schools smaller than Eldorado are awakening to this and correcting it but Eldorado lags far

behind. Your children can not get the proper exercise with out trained guidance. Attend one gym. class and the next day you will find a dozen muscles that you didn't know you had.

Gyms. are essential, soon the State Dept. of Education will require that all schools have them, they recommend it now, and have already recognized the importance of phy. ed. enough to require a certain amount of it in the schools each week. A gym is bound to be built in Eldorado sooner or later, lets be progressive and build one now.

Right now there is not a single form of phy. ed. for the girls of Eldorado to take part in. Something should be done about this at once. A gym will be an adequate place for the tired business men to take needed exercise in. They would have access to all facilities and be able to play competitive games that are gaining great favor with men all over the world, and these games may be played by all, regardless of age. There is volleyball, indoor tennis and baseball, hand ball and many others.

Eldorado is far behind such towns as Christoval, Mertzon, Big Lake, Ozona, and others in this matter. Lets wake up and do our best to get this much needed phy. ed. facilities that the state dept. now recognizes as so important.

With a gymnasium physical education will be specially prepared for just like regular classes in English or Math. Students will be given certain studies, forms of exercise and phy. training and the building up of their bodies will be cared for. In gym classes they will wear gym clothes and be given time for a shower after each phy. ed. class. Just a few of the advantages of a gym have been mentioned here. There are many more—Let's build a gym. in Eldorado.

WHAT I CALL FUN

Editorial by Glenn Parker

The games most children get more fun from are the games like base ball, basket ball, foot ball and track. You will always get more fun from any game if you will go by the rules. When you play rough or try to hurt some one on purpose it goes against your school and yourself. Even if you are working on some thing in school you will feel better if you will work it yourself instead of borrowing some one elses paper and copying it. Always remember that when you are doing something not to cheat because you are hurting no one but yourself.

Begin Taking Cardui Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardui," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well."

"After I was married, I was in bad health. I began taking Cardui again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 90 pounds when I began taking Cardui. I improved rapidly. Before long I weighed 126 pounds. I felt fine. I was able to do a good day's work."

Cardui is sold by druggists here.

ELDERADO EX MAKES GOOD IN COLLEGE

A recent report from North Texas State Teachers College at Denton shows that a former student of E. H. S. and a graduate in 1929, J. Carleton Kincaid, who formerly lived in Eldorado for a period of time, has made good grades in his semester's work there. His grades were as follows: Chemistry, Education B, English, C, History B.

ELECTRICITY

By Clemens Sauer

What is electricity? It is not yet known what electricity really is. But men have learned to control it and how to use it. The discovery of electricity was one of the most important discoveries of the modern world, because without it the electric light, the radio, the telephone and thousands of other things

which electricity is used for would not be possible.

Franklin discovered that lightning was a form of electricity when he flew a kite in the air during a thunder storm. After this men became interested in finding out about it.

Edison was a man who was especially interested in the study of electricity and he spent most of his life in trying to find out new things about it. Edison probably received more patents on electric inventions than any other man. Some of the more important things which he invented were: the dynamo, the electric light, and the battery. The telephone was invented by Bell.

At the present day nearly everything is depended upon electricity. Everywhere you go you see some use made of it.

Here are a few facts about electricity.

Electricity travels 186,000 miles per second.

Current equals volts, resistance.

Currents for the city lighting use 2,200 volts.

110 volts leads into each home. Street cars operate on 600 volts.

Long distance transmission lines use from 10,000 to 100,000 volts.

Electricity from batteries is more expensive than from dynamos.

Electricity and magnetism are the same.

Like poles repel and unlike poles attract.

THE COUNTRY WOMENS CLUB

The Country Womens Club met Wednesday March 7, at the home of Mrs. Gordie Alexander.

The program was the "Scholarship Fund." Mrs. Ira Hudson gave the history of the scholarship fund. Mrs. Marion Wade, "How we obtain the scholarship fund and Mrs. Bill McSwain, "The story of a scholarship girl."

Refreshments of pie and whipped cream and coffee were served to the following members: Mesdames Marion Wade, Hugh McAngus, Ovid Wade, H. Z. Pennington, T. H. Alexander, B. I. McSwain, Ira Hudson, Claude Alexander, Ward Parks, and the hostess. One new member, Mrs. W. A. Archer. Guests were Mrs. Ray Alexander, Misses Vera Wade, Opal Lueddecke and Dollie Archer.

The next meeting will be March 14, at the home of Mrs. Bill McSwain. The making of the war will be demonstrated.

PRODUCE EGGS at LOW COST!

—and make good profits regardless of egg prices

WHEN egg prices are low, that is no time to cut down on feed; what you need is BETTER feed, to produce more eggs and larger profits. RED CHAIN EGG NUGGETS produce plenty of low-cost eggs. The superior quality ingredients are compressed into NUGGET form -- and every NUGGET is a balanced ration. This new and efficient feed insures more laying hens, more eggs per pound of feed, reduced labor (feed once-a-day), no feed wasted or lost.

DEATH CLAIMS T. M. HUNT, 78, IN MINERAL WELLS

Heart Attack Proved Fatal The Day He Expected To Return Home

The sudden death of T. M. Hunt, 78, Sunday morning at 10:15 o'clock, removed another of the few remaining pioneers of the Texas cattle country and ended a career of frugal perseverance which had its reward in happy declining years and financial independence from the open range lands of the frontier which he was warned against in the early 80s. He was stricken with a heart attack in a room in the Crazy Hotel in Mineral Wells. Seemingly in high spirits, Mr. Hunt was conversing with his wife and old friends of Mineral Wells the moment of his departure. He had been receiving treatment at the Crazy the past five weeks, and had planned to return home here Monday.

Sanders Undertaking Parlor brought the body here and funeral services were held from the Presbyterian Church Monday afternoon at three o'clock with the pastor, the Rev. James Wood, officiating. Interment was made in the New Cemetery. Mr. Hunt was a native Texan. He was born in Denton county, March 22, 1856, moving to Stephens county when a young man where he engaged in the cattle business around Breckenridge until 1886. It was there he met Miss Adelia Feris who he married in 1888 after having settled on a small place in the southwest

part of Concho county. During the two years prior to that he ran cattle on the open range in that section.

In 1894 Mr. and Mrs. Hunt moved to land they bought in the edge of Schleicher county 27 miles from Menard where they continued to live until his health forced him to retire 14 years ago. They established their home in Mineral Wells for six years, returning to Menard in 1926 and have since resided here.

A man of keen foresight which brought for him financial independence in his declining years, Mr. Hunt got much out of life. He prized his friends highly and it may truly be said that he had many of them.

Starting with little of this world's goods he gradually acquired the nine section ranch in Schleicher county and accumulated other wealth. Active until his retirement, Mr. Hunt found pleasure in hard work and close attention to his occupation. He was a believer in good cattle and prided himself in having good horses and mules. He also raised goats on the ranch but never entered the sheep business.

His death came as a great shock to his many Menard county friends. He was stricken lightly with paralysis about three years ago but recovered to his normal health within a few weeks. He fell, breaking his hip last fall and was bedfast for weeks. He was able to walk about the hotel on crutches the morning of his death. He gained 16 pounds during his last stay in Mineral Wells.

R. T. Crain and J. W. Lawhon Jr. returned Tuesday night from the Fat Stock Show at Ft. Worth.

Otis Bule is in a San Angelo hospital suffering from an infection of his thumb, which has been removed, after almost being jerked off with a ripe leading horse.

Mr. and Mrs. W. D. Gregory and Mrs. Ben Hext visited Mr. Hext at Ft. Stockton over the week end.

Truett Stanford attended the Fat Stock Show at Ft. Worth, the first of the week. Mrs. Stanford spent the time with her sisters children near Waco.

Mrs. J. W. Hoover and Mrs. Van McCormick spent Monday in San Angelo shopping.

W. C. Parks, ranchman and cotton grower, west of Eldorado, was buying supplies and meeting friends in the city Saturday.

Mr. and Mrs. E. W. Mund were visiting and trading in the city Saturday and attending the county meet.

Mr. and Mrs. H. T. Finley made a business trip to San Angelo, Thursday.

ed 16 pounds during his last stay in Mineral Wells.

Besides his wife, a daughter, Mrs. Irene Ruff, survives.

Pall bearers at the funeral were W. R. Tomlinson, R. M. Heyman, A. B. Levinson, H. L. McDonald, J. O. Whaley, William Carter, M. H. Leverett and Frank Shearer. The list of honorary pall bearers includes the pioneer ranchmen of this section.

—Menard Messenger.

ELDORADO HOME DEMONSTRATION CLUB

The Eldorado Home Demonstration club met at Mrs. Gib Ballews Friday March 9, at which time a demonstration was given by Mabel Howell, Schleicher County Home Demonstration Agent on making concrete tiling for sub-irrigation.

"Tiling may be made at a cost of 1 cent per foot and it certainly will save the water bill," said Miss Howell in discussing the advantages of the tiling.

Mrs. Barney Curry joined the club as a new member and more are urged to join. The club will meet at Mrs. Ballews, March 23, at 2:30 P. M. at which time a demonstration in laying the tiling will be given.

Eldorado Wins County Meet.

In the Schleicher County Interscholastic League Meet held March 9 and 10 Eldorado won all-round championship with 115 points, Bailey Ranch second with 90 points, Alexander third with 30 points and Adams fourth with 15 points.

In the Junior Boys Track and Field which Eldorado Grammar School did not enter, Bailey Ranch won first with a total of 40 points, Adams second with 18 points, and Reynolds third with 3 points.

In the Literary Events Eldorado took first place with 75 points, Bailey Ranch second with 50 points, Alexander third with 30 points, and Mayer No. 2 and Reynolds tied for fourth place with 20 points each. Adams received 15 points and Eldorado Mexican School 10 points.

GARDEN DEMONSTRATOR

Mrs. Paul Nixon, Pantry Demonstrator of the country Women's Club is planning to make use of part of the land loaned to the government for cotton reduction by planting her garden on this land.

To feed her family the required amount of vegetables, Mrs. Nixon is planning to plant approximately 1,450 feet each of leafy, starchy, and other type vegetables. Part of these are to be planted in the field such as corn, beans, peas, pumpkins, cushaw, turnips, and other greens, as they are drought resistant.

A sub-irrigated garden is to be made closer to the house for a tomato patch and the remainder of her garden to be planted in a lake bottom.

SONORA, TEXAS.

Word that Saturday March 17 has been appointed as the last sign-up day in Texas for the corn-hog campaign has been received by C. Snell county agent for this county, from E. M. Regenbrecht, Extension Swine Specialist. Ten thousand nine hundred and fifty signed contracts were already in the offices of the county agents of Texas on February 24 according to incomplete reports from 121 counties. Contract signing has been going on as fast as it could be taken care of by the agents who have been more free to accept contracts since the heaviest of the cotton work is now out of the way. Mr. Regenbrecht stated in his letter to Mr. Snell, but unless a good many farmers get in ahead of the last sign-up day, March 17 is likely to be a rush day in county agents' offices all over the State.

Reports from Washington indicate that 450,000 contracts have been signed in the Corn Belt alone where great interest is being taken in this effort of the government to reduce production and raise prices for the farmers main cash crops. Iowa holds the lead with 140,000 contracts.

No particular effort has been made to push the signing of the corn-hog contracts in Schleicher county, the county agent said, but the fact that this is one of the most liberal contracts that has ever been offered the farmer has acted as an incentive and farmers alive to their own interest as well as eager to cooperate with the Secretary's program for the benefit of agricul-

ture as a whole have come in on their own initiative and signed up.

SIMMONS BAND
COMING MARCH 27

The world famous Cowboy Band of Simmons University, Abilene, will present a program of concert music and novelty entertainment at the school auditorium here on March 27, appearing under the auspices of the school. Their concert here is one of a number in West and Southwest Texas where they are to conduct an extensive tour.

Having appeared in a majority of West Texas towns before, the Cowboys are bringing along a brand new program of music and cowboy acts. Stirring marches, popular tunes, cowboy songs, will be interspersed with novelty and solo performers.

Johnny Regan, English-Australian Cowboy who learned while a cowhand in Australia to twirl the rope, crack the bull-whip and throw the boomerang, is a featured performer with the band. He will present his varied bag of tricks here.

Mrs. T. W. Johnson received a letter from her son Edwin, who was transferred from Texas to Montana recently. He said he made the trip in three days and sent his address so The Success could follow him to his new field.

Mr. and Mrs. R. P. Hinyard were here from San Angelo, Tuesday guest of Mr. and Mrs. Ben L. Isaacs.

Live Stock Review

By ROY K. SANSOM

A Review of the Eleven Central Markets show prices on the great bulk of fed cattle to be string and active, rather than a quotably higher market over the slump two weeks ago. The good heavy thick-fat steers are the exception, however, for they have shown some appreciable advance, as evidence of a growing scarcity of these kinds and are gradually closing the considerable price gap that has for six months existed between the good light beef and these heavies. The Sheep Men continue to bask in the smiles of the favored few—but the scrap over the \$2.25 tax of the hog process plan, between the Packers and the Powers that be, set hog prices back 50 to 75 ct. per cwt. and has continued into a stagnation with little of this loss regained. All the hog talent insist, and a good many cattlemen say, that unless hog prices show an advance of \$1.50 to \$2. per cwt. we can expect no very material improvement over existing cattle prices—because of the fact that dressed beef is now competitively sandwiched in between cheap pork, poultry, etc. and the higher prices of mutton.—Who know?

Ft. Worth holds the eye of the whole South-west with our Fat Stock Show and what a show it is this year. The Folks are here from all over and its the biggest crowd for many years. The Exhibits are well beyond those of recent years. The Rodeo is wild enough for anybody from anybody's country. The Horse Show has the class and distinction that can only come from representation of the genuine aristocracy of the whole middle west. The carnival alone is worth the trip—the new Rainbow leg-show is hitting the high spots and the hot-dog men say they never saw so many \$ bills in their lives—Yes, its some Show.

Fed steers were in prominence and packers tried to shave prices at the opening, but didn't get very much done. They sometimes try this account of Fat Show cattle and the club calves hat naturally gravitate to them at the close of the show. The practical top on bulk of yearling stuff is around \$3. with bulk of sales on good kinds of ALL weights in a range of \$5. to \$5.75. Good South Texas grass steers \$3.75 to \$4. with the common kinds around \$3. A spirited demand for ALL good stocker cattle and more country stocker sales in Texas in the past 30 days than for 3 months previous.

Cow prices on the cutter kind have been rather a sad affair since Uncle Sam quit buying

them—they are 50 to 75 ct. lower and now selling in the notch value above canners, instead of right up against fat cows as they were. No news yet in regard to a new Government order but if they don't get into another jawing match we should know something definite in the right near future. Fat cows fully steady at \$3. to \$3.50 good cows \$2.50 to \$2.75 fair cows \$2. to \$2.25—cutters \$1.50 to

\$1.75, and canners \$1. to \$1.25. An exceptional demand for HEIFERS at active prices, regulated by their competitive value between the stocker demand and the beef values. BULLS steady at \$2. to \$2.35 for good heavy weights. CALVES active on kinds more desirable for killers and selling generally at \$4.50 to \$5.50 for choicy milk-fed of attractive weights. All good stock calves in active demand. Real thin light jerseys are dead dull at nothing up to \$2.00 per cwt.

MONTHLY REPORT

Jan 22 to Feb. 15
Routh Jones C W A Nurse, Lectures — 6 Health lectures on serums, foods and diets. Newspaper articles — 4 Articles on typhoid, smallpox, and clinic notices weekly.
