## Local Men Added To Credit Association

T. P. Metcalf, district man of The San Angelo Productive Credit Association, was here Friday meeting friends in this county and while here made The Success office an appreciated visit. He informs us that our local man, W. F. Meador has been made a director of the Association, and that T. P. Robinson has been appointed to take application in this county for loans. The district is composed of seven counties, so if you want to borrow any money from the Association Mr. Robinson will see that your application gets to the proper authorities and if possible the loan will be made.

## THE LIVING DEAD MAN

Was the title of a play given at the Lone Star Theater Friday night by Rev. Marshall and Mr. Heideman, the proceeds of the play went to the Knights of Zoka, that is 60 per cent.

The Knights of Zokas are thankful to the management of the Lone Star Theatre for the percentage given them and also to Mr. Heideman and Marshall for their time in putting on the play.

## ELDORADOAN IS HONORED WITH DINNER PARTY

Honoring her husband on his birthday anniversary, Mrs. Tom K. Jones entertained Friday night with a dinner party at their ranch home three miles north of Eldorado. A Valentine motif was carried out with the color scheme of red and white predominating throughout the entire party. The house was decorated with carnations and jonquills further emphasizing the color scheme. Much amusement for the occasion was furnished when the men guests "modeled" the women's coats. Each woman's escort for dinner was the man who had previously worn her coat.

The dining table was laid with a Venetian lace cloth. Standing upright in the center of the table was the outline of a large red heart made of crushed crepe paper and tied with a double marine bow. Tiny hearts showered the base of the large heart. Red tapers burned in silver candelabra. A turkey dinner with all its accompaniments was served to about 30 guests. Following dinner the evening was spent in playing forty-two.

Those present other than the hostess and honored guest were: Mr. and Mrs. J. H. Jarvis, Mr. and Mrs. F. M. Bradley, Mr. and Mrs. W. O. Alexander, Mr. and Mrs. Leslie Baker, Mr. and Mrs. J. A. Griffin, Mr. and Mrs. D. Kerr, Mr. and Mrs. J. S. Loye, Mr. and Mrs. Tom Wilton, Mr. and Mrs. O. E. Conner, Miss Chris Enoch, Mrs. James B. Sammons, Mrs. R. A. King and Mrs. Billie Cooper, all of Eldorado, and John I. King of Sonora. The hostess was assisted during the evening by her two daughters, Mrs. James B. Sammons and Miss Victoria Jones.

Lewis Ballew and Roy Howland were business visitors in San Angelo Friday.

## Eldorado In New Football District Next Season

By Milton Spurgers  
Mr. S. G. Boynton, Deputy State Superintendent who made a visit to the local school on February 6th, has made his report to the school authorities. His report in full is given below:

"1. The school buildings and campus are well-kept.

2. The organization and administration of the school system are excellent.

3. The state courses of study are followed satisfactorily.

4. It is the recommendation of the visiting supervisor that the superintendent and science teacher scrutinize closely the results obtained from the use of the fill-in type of science notebook. No doubt this type of notebook is excellent for drill purposes, but we hardly think that it can take the place of the looseleaf science notebook.

5. As soon as economic conditions will permit, more library books should be purchased for the elementary grades.

6. Too many periods per day are given to the teaching of typewriting, a half-unit course. As many students want to take typewriting, additional machines should be purchased to meet their needs.

7. The superintendent and the school board are commended for keeping good teachers in the school system over a period of years. This insures teaching efficiency and standard work.

8. The faculty and the students have the thanks of the supervisor for the courtesies shown him while he was in their school."

The plan of supervision has been changed this year by the State Department of Education. Now a supervisor is located in each section of the state and makes numerous visits to each school. Mr. Boynton has visited in the local school before his official visit on the 6th, and it is thought that the present plan is of much greater value to the schools. Mr. Boynton recommended also while on his visit here that more attention be given to the grammar school and that some of the courses in high school which have only five or six pupils in them be dropped entirely as they are costly. The other recommendations and suggestions made to the teachers were along the line of teaching various subjects and such suggestions were helpful.

## RELIEF BONDS

### PASS SENATE

The Texas Senate passed the \$4,500,000 relief bond bill Wednesday, the Governors plea for more money was denied and the senate refused to give the Governor control of the handling of the funds. The House had voted \$4,000,000.

## HATCHERY OPENING SATURDAY, FEB. 24

J. W. Owens has purchased a 4,600 Egg Buckeye Incubator to be placed in the Shoemaker feed store for custom hatching and Baby Chicks. Call 41 or write Box 16 Eldorado, Texas.

Place your orders early for Chicks as all setting eggs will be shipped from Dallas county from blood tested flocks. Mr. Owens spent last week in Dallas looking the flocks over that will furnish his setting eggs. Most any breed can be had by placing your order in advance at prices from \$6.30 per hundred UP. (adv.)

Mr. and Mrs. Roy Howland returned last week from a business trip out to Odessa and other western points.

Mr. and Mrs. V. G. Tisdale were in from the ranch Saturday.

## State Supervisor Makes Report On Visit To Local School

Interscholastic League football districts have been changed for the next year so that Eldorado is no longer in District 14, as formerly but is now in new District, Number 17. The other schools in the new district are the schools which have been in the western half of number 14. The schools are Eldorado Junction, Ozona, Menard, Rocksprings and Sonora. The schools in the eastern half of the district last year have been grouped into a new district also, number 18, and to this district has been added Lampasas.

The schools in the western part of the old district have been working for this plan for some years and are rejoicing over the new grouping. Committee members have traveled all the distance to Mason, or at least to Junction, in order the local school might be represented at the District executive meetings. All these trips have been at the expense of the individual making the trips. Under the new plan, Sonora will be the logical center of the district and is hoped that the meetings will be held there. Superintendent R. S. Covey of Sonora has been appointed temporary chairman of the new district.

## Schleicher Co. Stock Show

### HENRY SPECK FOR COMMISSIONER

Henry Speck, ranchman, from west of Eldorado, announces this week for Commissioner of Precinct one of this County, subject to the action of the Democratic Primary in July. Mr. Speck has resided here some ten years or more and is well qualified to fill the place should the voters see fit to elect him.

This office is one of the most important in the county and Mr. Speck announces with that in view, he said he would appreciate the vote of all in this precinct, and if elected will strive to make them a good public official.

### CARD OF THANKS

I wish to thank the Citizens and Commissioners Court of Schleicher County for their interest in my appointment as health officer.

Dr. W. D. Patten.

Perry Johnson was in from Reynolds Saturday meeting friends and looking after business.

### R. A. EVANS HAVING BUILDING REPAIRED

R. A. Evans who owns the building which has been occupied by the Busy Bee Grocery, is having the damage done to the building by the recent fire replaced and says he will soon have the building ready for rent. Mr. and Mrs. Barnes have gone.

### J. H. JARVIS GETS MASTER KEY

At the Lions Luncheon Wednesday J. H. Jarvis was presented with a Master Key Plaque, sent to the Club from the National Headquarters. It was also announced that C. E. Knight had become a Master Key member and the secretary was instructed to send in his name to the National Office. This is two Master Key members for the Eldorado Lions Club.

The Lions Club voted and appointed a committee to see if they could in some way send or assist in sending Miss Gustaf Graves to Warm Springs, Ga. for treatment.

## March 3rd,

Preparation is being made for the Schleicher County 4-H Club Fat Stock Show to be held at the Fair Park on Saturday March 3rd. The local business men through the Lions Club have raised some prize money to be given to the boys who get first and second places.

The prizes will not be large but will be of some encouragement to the boys and girls who have entered the contest. The stock will be carried from here to San Angelo and from there they will go to Ft. Worth for exhibition. Schleicher County for the last several years has been capturing most of the State Prizes.

## ALAMO PARK TO BE BEAUTIFIED

An appropriation of \$18,000. from the CWA project has been appropriated for use in beautifying the Alamo State Park, news items from San Antonio say that work is to begin at once in removing two old buildings on ground right up against the Alamo, and make the park a beauty spot of Texas. All of us will rejoice and feel like we are least interested in preserving this heroic old land mark and making it a beautiful sight seeing place for the coming generation.

## W. M. BEARCE HOME DESTROYED BY FIRE

Saturday night about midnight the home of Mr. and Mrs. W. M. Bearce was burned to the ground and most of their household goods went with it.

The fire was thought to have originated in the bathroom and was discovered by Mr. Bearce, himself. He had several fire extinguishers in his house but did not find the large one without lights and they were out almost immediately.

The house was a large one and was used for an apartment and rooming house. At the present Mr. and Mrs. A. D. Richey, Mr. and Mrs. Orville Berry and Mr. and Mrs. Conn Isaacs were living in apartments. Mr. and Mrs. Berry and Mr. and Mrs. Isaacs were not at home on the night of the fire and as no lights were available everything of value was a total loss. Mr. and Mrs. Isaacs have only been married a few weeks and lost all their gifts from a nice wedding shower. Most everything was saved from the Richey Apartment.

Mother Gunter, Horace Richey, and Joe Finley were also rooming with Mr. and Mrs. Bearce and suffered a loss in clothing and personal belongings.

We understand Mr. Bearce had \$3,000.00 insurance which will partially cover his loss. They have resided at this place for some 20 years and have added to the house several times.

## A. G. CRABB DEAD

A. G. Crabb, age 66, died Monday night at San Angelo, after a ten day illness.

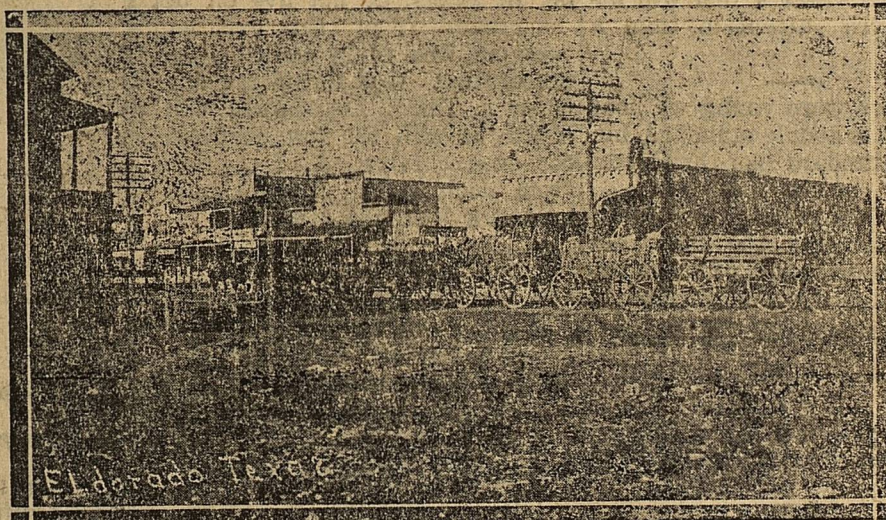

He was the father of Melvin Crabb who formerly lived here. Mr. Crabb owns some land west of Eldorado.

His funeral was held Wednesday afternoon in San Angelo. Quite a few friends attended from here.

He was a member of the Odd Fellows, Knights of Pythias, Masons and Maccabees.

Sam Calhoun came in Thursday from the ranch near Van Horn for a visit with his Mother Mrs. W. L. McWhorter.

Clothing accounts are being kept by 200 Navarro county 4-H club girls this year.

The above picture was taken while the team was in Eldorado back in the wagon and team days. Something that will probably never appear on our streets again. The picture

was taken while the team was standing on Main Street, and in early days this county was the mode of transportation freight from the railroad to our county.

The railroad is with us now and the automobile and truck take our freight passengers in and out of town.

## COUNTY WIDE CLINIC

There will be a county wide clinic for school and pre-school children Saturday, Feb. 24, at Eldorado school house. Diphtheria Toxoid and Typhoid Serum will be given. Parents wishing their children to have either of these serums have children at the Clinic at the hour family doctor is officiating. Saturday will be last day Diphtheria Toxoid will be given.

## BRIDGE CLUB MEETS

Mrs. Oscar Martin entertained her bridge club, Thursday, Feb. 14, at the home of Mrs. A. P. Bailey.

Club members present for the afternoon were; Mesdames, Bailey, Sam Roberts, Lewis Ballew, J. C. Crosby, J. W. Hoover, L. E. Whitten, J. W. Lawhorn, Luke Thompson, Roy Howland. Guests were Mesdames G. C. Crosby, Van McCormick, Ruth Hext, R. T. Crain and Misses Annice Putman and Ruth Espy were guests for tea.

High score for the Club was won by Mrs. J. C. Crosby and high guest by Mrs. Van McCormick, while the high cut went to Mrs. Lewis Ballew.

Miss Jym Newsom, who is teaching school on the Hudspeth ranch near Sonora spent the week end in Eldorado visiting her father and friends.

## GOVERNOR MURRAY DISMISSED STATE WORKERS

Governor "Alfalfa" Bill Murray, has fallen out with the National Relief worker and the Washington Administration and has dismissed all the state relief workers, he said the National Government was out of money.

## S. I. NICKS CELEBRATES 77th BIRTHDAY

Thursday February 22nd, was George Washington's birthday, and also our old friend S. I. Nicks birthday. He is 77 year old and spent the day rustling sheep, a trade he has followed many years.

The Success congratulates him on his many years of usefulness.

Mr. and Mrs. Francis Chriesman were shopping in the city, Thursday.

Judge Milton Heath of San Angelo was here Wednesday meeting the people of Eldorado. His announcement for District attorney will appear in next weeks Success. Mr. Heath was out here when the local American Legion was organized and helped in the organization.

And here we are living in a land of over-production, yet there is starvation, need of clothing and actual want everywhere.

We would not be bothered with over production if we had plenty of consumption. The surplus of every item could be consumed if the people could have their needs.

And now comes the Parris Morning News, telling of the virtues of Senator Connolly, and said it would be a shame to elevate Bailey to that place, Bailey boasting of the fact that he supported the repeal of the 18th amendment. Connolly failed to do anything to retain the 18th amendment. Just how he will make his prohibition friends stick to him is yet to be seen.

In spite of all things to the contrary prohibition is still a

live political issue.

If the Bankhead cotton bill passes and becomes a law, a Texas farmer will be told what to plant and what he can sell it for. Yet some people actually believe we are living under a democratic form of government. Several editors over the state oppose the bill regardless of it being sponsored by government officials. It seems like there are a few editors yet that do not swallow all the government pills.

Memory will sometimes bring back some funny things, just think of the old horse and buggy days, when the horse became frightened and turned over the carriage, after kicking the dashboard out. Those days are gone forever.

The reason that we say that the battle if Armageddon has never been fought, is that the world is still preparing for it. Every Nation is building war equipments and the great conflict is still in the future.

quor question to a vote of the Texas people. He labors under the opinion that it would be repealed and a great amount of Revenue could be obtained from the tax on liquor. He also favors a tax on racing to help pay the interest on the bonds that are about to be issued.

The Success does not believe in creating evil for tax purposes, if you want liquor and racing in Texas, do not live off on the cream from this evil, let everyone and every industry be taxed alike. God forbid the day when a Texas Legislature will create an evil for tax purposes or even survive off of the tax from such evils. They should be taxed just like others.

Denco yellow dent corn, a product of the Denton Experiment Sub-Station which was introduced a few years ago by 4-H club boys into Comanche county, and which has been found especially well adapted there, yielded 10 bushels to the acre under bad conditions last year on the farm of E. S. Glover near DeLeon. Ordinary corn made 5 bushels to the acre on the same farm.

Of the 1460 farm families in Knox county, 1268 or 87% were helped in some way in 1933 by Extension work, the county home demonstration council reports.

Forty gallons more of sorghum-syrup was made per acre from terraced land than from unterraced by W. M. Hawkins of Somervell county, who cooperated in a demonstration with the county agent.

Eight thousand pounds of paper shell pecans sold from native trees improved in county agent demonstrations by three Gillespie county farmers sold at an average price of 14 cents per pound while native pecans were selling at 5 cents per pound.

What? No gardens in West Texas? Mrs. W. M. Whitefield, a food demonstrator in the Mereta Home Demonstration Club in Tom Green county, had 15 varieties of vegetables growing in her garden on December 13th.

December demands for terracing from farmers in Red River county broke all records for that month, says the county agent.

gent. Six men trained by the county agent to run lines spent 60% of their time helping out, and the agent conducted 25 demonstrations. The cost of terracing using county grading machinery is running from 30 cents to \$1 per acre.

A total of 1019 wheat benefit checks, amounting to 97% of all such checks due on the first payment, have been received by Carson county farmers. The checks received total \$257,718.46.

Six steam pressure canners owned by Stephens county were used by 28 families in January for canning meat. A total of 450 beeves have been canned on farms this year, the home demonstration agent says.

The Government reduction program is resulting in more legumes in Hays county. Of six new pasture demonstrations started by the county agent in January, five are in alfalfa.

To use land retired from cotton to good advantage, 2,000 berry vines have been supplied 30 home demonstration club women in 16 Matagorda county communities. These women are to demonstrate how a fruit supply may be produced at home.

Poultry flocks in good houses paid two Bastrop county poultry flock demonstrators \$33.90 more in November than three flocks not well housed, county agent records show.

W. P. Allen, prominent Terrell banker, says the cotton program of the Government is the greatest thing to help farmers' prices since he has been banking. "More debts paid, more money in the bank, more taxes paid - - I'm 100% for the program", he declares.

Point Rented Acres to the Future.

Texas will have about 7 million acres retired from cotton, wheat and corn production on us before this year. That is

roughly one-fifth the total cultivated acres in the State. For what shall this land be used? Wisely and legitimately used these acres may mean much to the farmer's welfare this year. Indifferently or illegally cropped these fields may bring losses. If handled with an eye to the future it is possible that the re-adjustment in farming brought about the problem of these retired acres may lead to better balanced long-time farm systems.

That is about the way in which the Extension Service of Texas A and M College views the retired acre question. The first point to get in mind, Extension workers point out, is that land is rented in these contracts for the purpose of getting it out of competitive production. A mere shift to other crops or other livestock production is against the interests of farmers as a whole and is just as illegal as it is possible for contract-writing lawyers to make it.

On the other hand there are perfectly sound and legitimate uses to which this land may be put. The chief of these in case of cotton and wheat land, but not of cirt land, is to use the land for making the home living and feeding the farm work stock. This can be done under two conditions, either that the farmer has not produced his own food and feed, or that he has produced only part of it and needs more land to complete the job. He cannot, if already producing food and feed enough, merely shift that production to retired acres and use the land for

year to establish living at home firmly in every contracting farm the foundation if a good permanent Texas farm system will be greatly strengthened. If in addition many of these acres are made into good permanent pasture lands and otherwise used as a feedstuff balance to cotton and other cash crops, Texas farms will be shifting to a sounder base. While all this is going on here is many an acre that can be terraced and cover-cropped to it to complete again when international trade permits.

## Overcome Pains this better way

WOMEN who get into a weak, run-down condition can hardly expect to be free from troublesome "small symptoms."

Where the trouble is due to weakness, Cardui helps women to get stronger and thus makes it easier for nature to take its orderly course. Painful, nagging symptoms disappear as nourishment of the body is improved with the assistance of Cardui.

Instead of depending on temporary pain pills during the time of suffering, take Cardui to build up your resistance to womanly ailments.

Thousands of women have found relief by taking CARDUI. Sold at the drug store.

The production of feedstuffs on reired acres, especially pastures, is certainly encouraged in the national program, provided this feed is not sold nor used directly or indirectly as the basis of increased livestock production. The spirit back of the contracts is to prevent the creation of additional surpluses.

If rented acres are taken this year to establish living at home firmly in every contracting farm the foundation if a good permanent Texas farm system will be greatly strengthened. If in addition many of these acres are made into good permanent pasture lands and otherwise used as a feedstuff balance to cotton and other cash crops, Texas farms will be shifting to a sounder base. While all this is going on here is many an acre that can be terraced and cover-cropped to it to complete again when international trade permits.

## PRODUCE EGGS at LOW COST!

—and make good profits regardless of egg prices

WHEN egg prices are low, that is no time to cut down on feed; what you need is BETTER feed, to produce more eggs and larger profits.

RED CHAIN EGG NUGGETS produce plenty of low-cost eggs. The superior quality ingredients are compressed into NUGGET form — and every NUGGET is a balanced ration. This new and efficient feed insures more laying hens, more eggs per pound of feed, reduced labor (feed once-a-day), no feed wasted or lost.

### IN OTHER SCHOOLS

According to the Iraan High School newspaper, Broadcaster, there is a rule passed by the students' council of that school which should be beneficial. The rule is that any student automatically disqualifies himself for participation in track, field and literary work by remaining a way from home, or being out on the streets, after nine o'clock and Thursday nights without good reasons. "No student" the Iraan High School council declares, "is fit for good work, who spends the night out."

### ANGELO JUNIOR HIGH DEFEATS E. H. S.

As to making a report of the game between the Eldorado High School basket ball team and the San Angelo Jr. High team, there is little to say. The game ended with a score of 28 and 14 with Jr. High of San Angelo having the big score. This game was Friday night, Feb. 16th.

The boys here have played some "sorry" games this year but that was the "sorriest." They took the ball to their basket but could not make a goal. They allowed San Angelo to get the ball several times when they shouldn't have.

Although the boys did have pretty good competition, they should have won the game instead of being beaten so bad. After such a game as this the boys are going to play harder and expect to go a long way in the district cage meet at San Angelo, February, 23 and 24.

The drawings for the district games are to begin at noon on Friday, February 23rd.

### NEW TEXT BOOKS FOR NEXT YEAR

The pupils of Eldorado High School will be pleased to know that they are to receive some new text books next year. They are: The first year Algebra, by Stone; Second year course in Algebra, by Edgerton and Carpenter; Physics for secondary schools, by Stewart, Cushing, and Towne; Chemistry for today, by McPherson, Henderson, and Fowler; and the Foundations of American Government, by Spindt and Ryan. Each book was selected with care from a group of about five text books.

### MATH PUPILS GIVE PROGRAM

The Assembly program was put on by some of the Mathematics students of the High School, supervised by Mr. Cooper.

The play was very well acted and the play was the questioning to change Pi to equal 3 instead of Pi equaling 3.1416.

The characters of the play were Junior Isaacs, W. B. Gibson, Aris Carr, Gussie Nolen, Janette Wakefield, Ruth Currie, Pancho Bradley, Jack Hext, John Luedicke and Charles Ratliff.

### SCHOOL MUSEUM NEEDS MORE ROOM

The Eldorado School Museum was started by the History classes of 1929. The students collected old guns, kitchen utensils, knives, Indian clubs and other old instruments. The guns are very interesting to notice. They are different from the present guns in the way of loading and the material they are made of. The Indian clubs that are in the museum were found in this county. They look very much like a cow horn and are about eight inches long. The museum is growing from time to time and is demanding more room and a better place where it can be shown. (In the future we hope to enlarge it and reserve a better place where it can be shown without any trouble.) There are now hundreds of articles in the museum but few of these can be displayed, due to lack of room.

### GIRLS PLAY BASKETBALL

Louise Boyer

The basketball girls went to Bailey Ranch two weeks ago to play the girls there. This was only a practice game. The Bailey Ranch girls being small, the Eldorado girls defeated them 37 to 8.

The girls enjoy playing games with anyone even if they do get beat. Their motto is "try, try, again." The girls went to Ozona several weeks ago and got beat two games in succession.

Each day at noon the girls practice. The girls that practice regularly every day are: Zona Clara Koy, Captain, Anna Ruth Spurgers, Gussie Nolen, Wenona Enochs, Louise Boyer, Inez Bruton, Marguerite Chick, Naomi Underwood, Ollie Ruth Newlin, Ruth Currie, Janet Wakefield, Wilma Bruton, Jennie Louise Page, Marjorie Parks, Maurine Parks, Jetty Grace DeLong, Margaret Powers, June Hooker, and Mary Jess Koy. There are more that do not come out for regular practice.

### DRUM AND BUGLE CORPS GO TO SONORA

The Drum and Bugle Corps paid a visit to the Sonora High School Thursday morning, February 10. This is their third time to appear in public but everytime they appear they do better. They left here about nine o'clock and got back about eleven o'clock. The school seemed enthusiastic about it and talked about putting one of their own. Mr. Hollis says he will have them in shape to play fire rodeos and football games next summer and fall.

# Live Stock Review

By ROY K. SANSOM

With National Livestock Com. Co., Fort Worth, Texas.

Many moons and much water since so many things have indilated an undertone on all classes of livestock that is at once healthy and appreciably higher on every open market in the Nation. Last week the East showed a strong, active market on ALL dressed meats. Chicago contributed \$7.35 for a fat cattle top. St. Louis sets a new top of \$4.75 on hogs. Kansas City shows \$9.75 top on lambs. Ft. Worth paid 75c higher for hogs at \$4.75, with all classes of desirable cattle, from tops to tails, showing an advance ranging from 25 to 50 cts. This week's opening brought considerably heavier receipts all thru the North and a weaker tendency in spots, showing declines of 10 to 25 ct. but prices bounced right back Tuesday. This quick reaction alone is fully indicative of a much more healthy condition than we had just a short time ago.

Fort Worth receipts continue so light that Packers are afforded scarcely any opportunity except to make their buy at steady to stronger prices. Choice to prime fed cattle are noticeably scarce and the right kind of finished yearlings would bring \$6. to \$6.25. The bulk of the best yearlings received are selling in a \$5.50 to \$5.75 range, with a right good kind either way from \$5.00 according to class, fair kinds around \$4.00. Best heavy fed steers sell in a range of \$4.50 to \$4.75, with the handy weights \$4.75 to \$5.25. South Texas has contributed very few grass steers selling around \$3.75, but the right kinds weighing under 1050 lb could easily bring 4 something. Stocker Steers are 50 ct. higher on the more desirable qualified kinds of all ages and weights.

COWS are the outstanding feature of our market. The Government has temporary orders here for around 350 cutter cows per day for the first 5 days of each week. Reported that the total of this order here is 6,000 head. Cutter cows jumped 50c to 75c per cwt. and any kind with a pick on them are selling at \$1.75 to \$2.00, with a strong fleshed cutter at \$2.25 to \$2.50. This cutter advance forced good butcher cows to move up a notch

out of their way, and packers are paying \$2.75 to \$3. for them, with the choicer cows at \$3.25. Average canners sell at \$1. to \$1.25 and old jersey pelts at 75c to \$1.00. Butcher heifers and cheap warmed up jersey and brindle yearlings are 50c. higher than three weeks ago at \$3.25 to \$3.75. CALVES are 50 ct. higher to both packer and stocker trade. BULLS strong lights around \$1.75 and heavy bolognas \$2.00 to \$2.25.

Cattle a basic commodity? The Pros and the Cons they had it hammer and tong. The Cons contended 200,000,000 dollars do a powerful plenty for the cattle situation. The Pros pointed to the Hog man, and said he was like the fellow who agreed to work for his board and then lost his appetite.

Anyway, with or without the aucton of a counted majority the cattiemans now finds himself the producer of one of the nation's sixteen principal basic commodities. No longer the independent baron of the ballies, the producer is just about as independent as the proverbial pig on a cake of ice, and his vast production is now placed in a comparative impotence to other commodity commodities as sugar, coffee, cocoa, as well as the very sink for many's tinaniums, if you please.

Seriously tho - -the idea of the processing tax is absolutely sound. Unquestionably, its promoters have in mind an immediate relief for the cattiemans, and are imbued with an honored principle and a good intent. His fear tho, that men is paved with good intentions, and if the usual long-time red tape and lumber are not dispensed with, so that there can be an immediate application of this \$200,000,000. when it will have been only another case of the worn stop act. ing when we reach the central point.

The advance has been gradual but prices today on practically every class of cattle will average about \$1.00 per cwt. higher than the zero time last fall and who can deny that better times are coming to the Cattiemans from Roy K.

## YARD IMPROVEMENT

Mrs. A. J. Roach member of Eldorado Home/Demi. Club has removed lilies and cannas from the side of her front walk and has made a border planting of them around her side and back fences. A rose garden is being made in the back yard and more shrubs are being planted around the house as to tie the house to the ground. Two Arbouitaeas that were at the front steps and had grown too large in size have been moved to each side of the house making a clear frontage. Mrs. Roach is also planning to put approximately 200 ft. of concrete tiling in her garden this year.

## SECOND QUARTERLY CONFERENCE HELD

Sunday night the Rev. S. L. Batecator, Presiding Elder of the San Angelo District, was here and held the second quarterly conference.

The Secretary made the following financial report since the new conference year began.

Paid Pastor	\$295.50
Paid Presiding Elder	\$29.00
Orphan Home	\$18.00
Incidentals and Literature	\$91.57
Total	\$444.07

The report was a very good one considering that it covers the past three and one half months. The above report does not include anything paid on conference claims which probably amount to \$30 or \$40 more.

## Use This Laxative made from plants

Theford's BLACK-DRAUGHT is made from plants that come up from seeds and grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act—just as Nature put the materials that sustain your body into the vegetable foods you eat.

In Black-Draught you have a natural laxative, free from synthetic drugs. Its proper use does not make you have to depend on cathartic chemical drugs to get the bowels to act daily.

Find out by trying Black-Draught what a good medicine it is for constipation troubles. In 25¢ pkgs. (dry). P.S.—For Children, get the new, pleasant tasting SYRUP of Theford's Black-Draught. 25¢ & 50¢ bottles.

Mrs. Cecil Johnson was home from the University of Texas over the week end.

Miss Francis Ballew who is attending the San Angelo Junior College is at home for the week end.

R. T. Crain who has been feeding sheep near Lubbock has returned home.

Chester Wheeler made a business trip to San Angelo Thursday morning.

## SHOWER FOR RECENT BRIDE AND GROOM

On Saturday afternoon, Feb. 7th in the Sunday school rooms of the Presbyterian church, a shower was given for Mr. and Mrs. Lum Davis. Mrs. Davis has been one of the local telephone girls for a period of time, during which much stress has been placed upon the service rendered, and she has proven herself equal at all times to the responsibility, hence the community holds her in the highest esteem for her true worth both as a woman of sterling character and service to her community.

Too much cannot be said of the groom also, who has proven himself honest in every transaction with his fellowman.

The shower of valuable and useful gifts presented to them on this occasion is proof to them of the number and quality of friendship shown by the courtesy.

The program rendered was unusual since we were fortunate in having Mr. Hideman a musician of talent who favored us with both sentimental and humorous selections both on his guitar and accordion, a reading by Miss Zimmerman and a portrayal of switchblade experiences which was humorous and entertaining was given by Mrs. Baker and Mrs. Williams.

Then came the shower of gifts very conceivable thing for the home. Little Rebecca Muller at the head of the line drawing a wagon decorated in the Valentine colors and motif, which was also carried out in the decorations and refreshments. She was followed by friends bearing arm loads of gifts, a speech from the timid bride, a few words of thanks from the unpretentious groom, followed by congratulations from friends concluded the program.

## THE ADAMS HOME DEMONSTRATION CLUB

The Adams Home Demonstration Club met at Mrs. B. W. Montgomery's home on Feb. 8. There were eight members present.

On account of the illness and absence of the county home demonstrator the program on schedule could not be carried out.

Business was attended to and it was decided to make a new roll of all who wished to belong to the club this year.

Parliamentary law was studied. General discussion about the Club Teas was held. Council report was given by the club president and the council representative.
