

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIV

Eldorado, Schleicher County, Texas, Friday, May 18, 1934.

No. 20

Murphy Busy In Campaigning

E. E. (Pat) Murphy, candidate for Congress in the 21st district, will campaign the latter part of this week (May 14-20) in Edwards County and in the cities surrounding San Angelo. The early part of the week he remained in San Angelo during the West Texas Chamber of Commerce Convention.

Mr. Murphy celebrated his 39th birthday Saturday by campaigning in Kimble and Menard counties. During the last week he visited in Brown, Mills, Lampasas, Gillespie, Kern, Bandera, Kendall and Kimble counties, speaking before several high schools. He was at Fredericksburg where he addressed a banquet of the Future Farmers and their fathers.

Mothers Day Services Held Sunday Night

A special Mothers Day Service was held at the Baptist church, Sunday night, with Bro. Marshall pastor of the Methodist Church delivering the address, building his message around the mother of Moses. A well filled auditorium heard the message.

Annual Average

Cost Per Pupil
In U. S. \$1.00
In Texas 59.88
In Eldorado, 1933-34 ... 45.96

This is less than the cost per pupil in the Eldorado District ten years ago (\$2.29), yet we are informed by those who do not know that school costs have been steadily mounting.

Merry Makers "42" Club Meets

Mrs. F. M. Bradley was hostess to the "Merry Makers 42 Club" on Tuesday, May 15, with three tables of members and one table of guests present.

Refreshments of Coffee and sandwiches were served to the following members: Mesdames J. F. Isaacs, Ben Isaacs, Bertha Shugart, W. B. Cobb, Doc Kerr, John Williams, Betty Tubbs, O. E. Conner, Dottie Edmiston, and Miss Chris Enoch. Guests included Mesdames T. J. Jones, Tom Wilton, Geo. Williams, A. T. Wright, and J. L. Ratliff.

Eldorado High School Closes Years Work

The Eldorado High School closed a successful years work this week, having thirteen, eleven boys and two girls to receive diplomas Thursday night.

The Baccalaureate Services were held last Sunday Morning at the First Baptist Church, the auditorium being decorated with class colors.

The program began with a song by the High School Choral Club, followed by a Hymn by the choir.

Rev. W. H. Marshall read the Scripture lesson and the Choral Club sang "My Brothers Call To Thee". Prayer followed by Br. Marshall.

Rev. Leon Frazier then delivered the sermon from the text "The Last Great Achievement", pointing the way to still higher ideals and better education urging the class to keep God uppermost in their minds and achievements through life.

Lions Luncheon

The Lions met at noon Wednesday in regular Luncheon with a large attendance, including three visitors, Miss Mary Erskin, Ollie B. Page and W. B. Gibson.

W. B. Gibson won the plaque offered by the Lions Club for the best all around Athlete and leading scholar in the Eldorado High School the past term.

The Eldorado Band under the supervision of Mrs. Elton Smith furnished the program. Glenn Ratliff, Secretary of the Club was presented with a key and became the 4th Key member of the club.

The Committee that went to District AA meeting at Corpus Christi made a good report of the trip. Those attending this meeting were: Glenn Ratliff, L. M. Hoover, W. C. Doyle, and E. C. Hill.

The week of June 3rd will find troops in camp from Menard, Eden, Sonora, Melvin, Texon and San Angelo.

Troops from Junction, McCamey, Big Lake, Iraan, San Angelo, and Mertzton are expected to attend the camp last week beginning June 10th.

The next meeting of the West Texas Chamber of Commerce will be held at Plainview.

The American Air men who were forced down in Ireland, say they will fly back to the United States.

Officers of England barred all rough stuff by American Rodeo performers.

The large dirigible "Macon" is on its way back to California passing through West Texas Thursday morning.

Judge J. F. Sutton granted 22 divorces in San Angelo, Wednesday morning.

James Suter, Denver; Arthur Mings, Paris, Ark. and J. M. McElory, Etna, Ark., evangelists, arrived in Eldorado, Wednesday from Christoval, and are holding meetings each afternoon at 4 o'clock on the street and at 7:30 in the court house. All are welcome to these meetings.

When making flagstone walks, be sure that the sides are straight and parallel and that the top of the rocks are smooth said Miss Mabel Howell, Schleicher county Home Demonstration agent to the Eldorado Demonstration club at the home of Mrs. D. C. Hill on May 11, 1934.

Native stones were used in making the walk and were placed even with the surface of the ground. Walks should be made for use instead of decoration, said Miss Howell in the discussion of walks.

After the business session refreshments were served to eleven members.

Reporter.

L. E. Clements was in from Stratton Monday trading and meeting friends.

Rev. W. H. Marshall left Wednesday for Temple, where Mrs. Marshall is recovering from an operation. He expects to bring her home Saturday.

Miss Mabel Howell was retained by the court for another weeks work in our county.

Seniors Have Closing Exercises May 17

How Much Money Is Really Spent For Schools?

Only \$1 out of every \$20 of the national income is spent for schools. The average cost per child per day from kindergarten thru high school is only 49 cents.

SUMMER SCHOOL
will begin June 4 and last six weeks. All pupils wishing to take work please see Mrs. F. G. CLARK.
Charge \$2.00 per week.

The Strength Behind Silver

There is great significance in the growing strength of the "silver bloc" in the Senate and the House. Not many months ago a proposal that would have stabilized the metal and increased its worth was overwhelmingly defeated. Today it is believed that there is a majority in both houses for similar legislation.

There is unquestionably a vital need for the jobs, the investments, the purchasing power, the taxes, that stimulated mining activities would create. And the slowness with which farm prices have risen, in spite of aggressive work on the part of the government and private farm groups, has led to the belief by many that a change in monetary policy is essential.

"X", the unknown factor in the case, is the President. He is seeking a middle road between the friends and enemies of more valuable silver a road that will escape the danger of uncontrolled inflation.

J. E. Hill, Active Vice-president of the First National Bank, is attending the Bankers Convention at Dallas this week. Mr. Hill is also head of the Eldorado Wool Co., which handles the larger portion of the Schleicher county wool and mohair.

Rev. W. H. Marshall left Wednesday for Temple, where Mrs. Marshall is recovering from an operation. He expects to bring her home Saturday.

Education & Gasoline

In 1932-33 the nation spent approx. \$1,900,000 for her public schools. At the same time our annual expenditures for Gasoline was approximately \$1,982,000,000. We spent as much to propel our automobiles as we did to educate our children. (N. E. A. Journal Oct. 1933, pp. 171).

In 1928, Texas spent only 13.1 per cent for all public education as she did for the purchase and operation of automobiles. (N. E. A. Research) In 1930 the nation spent \$3.35 out of each \$100 income for schools and spent 15.15 out of each \$100 for passenger automobiles.

NOTICE

Evangelist Able will begin for the Christian Church, a two weeks Meeting at school house, Friday night, May, 18. Everyone cordially invited.

J. C. Carr.

Home Demonstration Club Meets

When making flagstone walks, be sure that the sides are straight and parallel and that the top of the rocks are smooth said Miss Mabel Howell, Schleicher county Home Demonstration agent to the Eldorado Demonstration club at the home of Mrs. D. C. Hill on May 11, 1934.

Native stones were used in making the walk and were placed even with the surface of the ground. Walks should be made for use instead of decoration, said Miss Howell in the discussion of walks.

After the business session refreshments were served to eleven members.

Boy Scouts To Encamp At Mertzton

Local Boy Scouts are making preparations to attend Camp Louis Farr near Mertzton as soon as school is out, according to Local Scout officials. The camp opens Sunday afternoon, May 27th. Yates Hall, recently completed, will be ready for use with a new equipped kitchen and mess hall.

The entire schedule of the summer camp will be built around the troop program. Mr. Mart Findlater, chairman of the Oncho Valley Council camping committee, stated. Some adult leader will accompany the troop to camp. The troop will set up its own camp, cook one meal a day, make rustic camp furniture and kinks carry on its own advancement program, some campfire programs and participate in the camp activity through inter-troop contests, activities, adventure trails, water games and campfire stunts.

Swimming, life saving, handicraft and many other scout crafts will be taught the Scouts while in camp, he said. Every precaution is being taken to insure the health and safety of Scouts with a cleaning out of the swimming pool, test of the swimming and drinking water, examinations of all Scouts and leaders and the use of pasteurized milk and standard foodstuffs. A complete chest of first aid equipment and materials will be on hand with an expert first aider in camp at all times.

Visitors day will be on Thursday afternoons. The district committees of Ballinger and McCamey have voted to hold their next meeting at Camp Louis Farr while the Scouts are in camp.

Troops from Ballinger, Eldorado, Bailey Ranch, Crane, Brady, Sherwood, Rankin and Sterling City are expected to attend Camp Louis Farr the week of May 27th.

The week of June 3rd will find troops in camp from Menard, Eden, Sonora, Melvin, Texon and San Angelo.

Troops from Junction, McCamey, Big Lake, Iraan, San Angelo, and Mertzton are expected to attend the camp last week beginning June 10th.

News In Brief

The next meeting of the West Texas Chamber of Commerce will be held at Plainview.

The American Air men who were forced down in Ireland, say they will fly back to the United States.

Officers of England barred all rough stuff by American Rodeo performers.

The large dirigible "Macon" is on its way back to California passing through West Texas Thursday morning.

Judge J. F. Sutton granted 22 divorces in San Angelo, Wednesday morning.

James Suter, Denver; Arthur Mings, Paris, Ark. and J. M. McElory, Etna, Ark., evangelists, arrived in Eldorado, Wednesday from Christoval, and are holding meetings each afternoon at 4 o'clock on the street and at 7:30 in the court house. All are welcome to these meetings.

When making flagstone walks, be sure that the sides are straight and parallel and that the top of the rocks are smooth said Miss Mabel Howell, Schleicher county Home Demonstration agent to the Eldorado Demonstration club at the home of Mrs. D. C. Hill on May 11, 1934.

Native stones were used in making the walk and were placed even with the surface of the ground. Walks should be made for use instead of decoration, said Miss Howell in the discussion of walks.

After the business session refreshments were served to eleven members.

Edgar Witt To Speak At Belton Tonight

Belton, Texas, May 14. The boys in the famous old Whitehorse band of Belton are shining up their horns. Next Friday they will welcome a great Central Texas crowd and salute a native son, Edgar Witt, who has accepted an invitation to come back to formally open his campaign for Governor.

Friday night Witt will speak in the park a block west of the Bell County courthouse. This husting on the bank man of the Oncho Valley Council camping committee, stated. Some adult leader will accompany the troop to camp. The troop will set up its own camp, cook one meal a day, make rustic camp furniture and kinks carry on its own advancement program, some campfire programs and participate in the camp activity through inter-troop contests, activities, adventure trails, water games and campfire stunts.

Swimming, life saving, handicraft and many other scout crafts will be taught the Scouts while in camp, he said. Every precaution is being taken to insure the health and safety of Scouts with a cleaning out of the swimming pool, test of the swimming and drinking water, examinations of all Scouts and leaders and the use of pasteurized milk and standard foodstuffs. A complete chest of first aid equipment and materials will be on hand with an expert first aider in camp at all times.

Visitors day will be on Thursday afternoons. The district committees of Ballinger and McCamey have voted to hold their next meeting at Camp Louis Farr while the Scouts are in camp.

Troops from Ballinger, Eldorado, Bailey Ranch, Crane, Brady, Sherwood, Rankin and Sterling City are expected to attend Camp Louis Farr the week of May 27th.

The week of June 3rd will find troops in camp from Menard, Eden, Sonora, Melvin, Texon and San Angelo.

Troops from Junction, McCamey, Big Lake, Iraan, San Angelo, and Mertzton are expected to attend the camp last week beginning June 10th.

Roosevelt Not To Cut Tariff on Wool

Senator Tom Conally said that the tariff on wool would not be cut by President Roosevelt. The sheep men have been waiting with patience to know just what the president would do, and the uncertainty of the situation has caused the wool market to lag to some extent.

Grammar School Perfect Attendance Records

First Grade: Birdie Louise Jeffrey
Second Grade: None.
Third Grade: Ray Doyle, Earl Jeffrey, Billie Oglesby, Pauline Jones, Frances Richmond Robinson.
Fourth Grade, Section B: Imogene Laird.
Fourth Grade, Section A: Mary Jo Rape, Venita Davis.
Fifth Grade: S. E. Jones, Jr., Bob McWhorter, Hazel Doyle, Rosalyn Jones
Sixth Grade: Wanda B. Rape
Seventh Grade: Robert Lee Anderson.

McCulloch County Man Out For Governor

Harry Mills of Brady, Texas, has announced his candidacy for Governor of Texas. He claims had the present administration carried out the party platform, good times would have come back. He promises if elected he will remove the Government from all fields of enterprise. He also says every promise made agriculture has been broken.

All Church and Lodge Notices are free except when admission is charged.

Friday May 18, 1934

School days are over and vacation times are here.

The Success is changing back to 8 point type this week. We trust to get a better print.

Many of our farmers are getting up their crops, but some are reporting the black bugs eating up much of the young maize and other feed crops, and a few jumbo grasshoppers are appearing in the lake fields.

Our next holiday is May 30, Memorial or decoration day.

Another thing you can do in May besides shear sheep and plant cotton, is to steal away to the river with a hook and line and enjoy the ripple of the water and the rustle of the leaves, besides the nice fish you can have to eat provided you can catch them.

Bishop Cannon won as great a victory at the Annual Methodist Conference at Memphis the other day, as he did over Al Smith, in 1928. He came out with colors flying, not withstanding a few of the wet press had blasphemy his good name. He won in the court and he won in his church row. Yet some critics still howl he is a worthless hound. But then they Crucified Christ. Bishop Cannon's name will live in the memory of man while those of his critics will be forgotten.

The Bishop was transferred to California where his warm friends Bob Shuler holds forth.

Just about 60 more days to go in politics. The campaign is growing warmer and each candidate is trying to get before the people his cause and himself, and the reason he should go in office, we would like to see Jimmie Alfred and Lieutenant Governor Witt in the run off but the field is large and the winner is hard to guess.

The wool Warehouse boys have been busy this week taking care of the wool that is being shored. They will probably have several busy days during the next three weeks.

The American School

The next time you pass a school pause a moment to think what that school means to humanity. Recall the long dark centuries when the masses were kept in ignorance — when greed and oppression ruled the world with an iron hand. From the very beginning of man's struggle for knowledge, self-respect, and the recognition of his inalienable rights, the school has been his greatest ally. We refer to the school as "common" because it belongs to us all; it is ourselves working together in the education of our children. But it is a most uncommon institution. It is relatively new. It is democracy's greatest gift to civilization. Throughout the world, among upward struggling peoples, whenever parents share in the aspirations of their children, the American common school is being copied. Let us cherish and improve our schools.

Cultivating Character

Personality reflects the refinement with which it is surrounded. The investment made in artistic buildings is returned many fold in human dividends. The school attempts to lift the level of mankind's ideals. It does this through the wholesome physical environment it provides as well as through its rich intellectual and spiritual life. Children whose childhood homes are beautiful will build homes for their families. Fortunate is the child who can have daily contact with good taste in his school home. The beauty of the modern school is not achieved by extravagant ornamentation. Careful planning may produce architectural balance, grace and symmetry in outline, harmony of color, strength and dignity of material, with an economy that is consistent with the ideals of thrift and simplicity of living which it is the purpose of education to instill. —National Education Association, Washington, D. C.

Alexander News

Billie Bob and Neva Joe Steward were on the program of the musical recital given in Eldorado last Thursday night.

Mrs. W. J. Steward had a surprise visit from her mother Mrs. Perry and her sister, Mrs. Perry and sister, Mrs. Caton of Santa Anna last week.

Mr. and Mrs. Will McAngus and Christelle were shopping in San Angelo Saturday.

Mrs. C. S. Chick of Eldorado spent a few days visiting Mrs. W. L. Baker last week.

J. G. Rushing and family attended church services at the Reynolds school, house Sunday.

T. E. Parson is on the sick list this week, we hope he will soon be feeling much better.

Little Miss Joan Bearce had several guests to visit her Sunday. She was celebrating her third birthday.

Will McAngus and family spent Sunday with Mr. and Mrs. Charlie Suddeth of Bailey Ranch.

Mrs. Thomas Baker and Doris returned from Sabinal Sunday. Tom says his "cook" got back before he got all the dishes dirty.

Mr. and Mrs. J. C. Carr visited W. E. Baker Sunday afternoon.

A. N. Shipp returned the last of the week from a business trip to South Texas.

Improvements Being Made This Week

Jones Bros. Garage is beginning to look like a building this week. They hope to have it ready for occupancy by June 1st. Wm. Cameron Lumber Co. have put the finishing touch of paint to their building and office this week.

Joe Luekett has decorated the interior of his bakery this week.

Wright's Cash Store has finished the new shelving and other inside improvements this week.

Several new signs have been painted for our business men all of which adds to the looks of our city.

Gasoline Law Brings in More Revenue

Austin, Texas, May 14: The new Texas gasoline tax enforcement law rounded out its first full year of operation with smashing 20 per cent increase in revenue to the state during the first quarter of 1934, the Texas Good Roads Association announced today from quarterly figures of Comptroller George H. Sheppard.

Combined gasoline tax collections for the months of January, February and March exceeded the total for the same period last year by \$1,269,872, the comptroller reported. This brought the full 12 months' recoveries to more than \$4,250,000 above the previous period.

It was on March 21, 1933 that the potent law was written onto the statute books as an emergency measure. Scores of remote refineries were humming day and night, turning out motor fuel of which the taxing authorities had no knowledge. Thousands of tank trucks were radiating out on the very highways whose income they were stealing, carrying bootleg, tax-free gasoline to every corner of Texas.

Every gallon of it which was sold deprived the common school fund of one cent, the bond-refunding fund of one cent and the highway fund of two cents.

A new law was proposed making bootlegging a felony and giving the comptroller adequate funds for enforcement. The Texas Good Roads Association and the Texas Gasoline Tax Committee, which backed it, voiced the belief that this lawless traffic was robbing the taxpayers of at least \$4,000,000 yearly. Actual recoveries have exceeded this figure. During the nine months it operated in 1933, the law "picked up" more than \$3,000,000.

Birthday Supper

Mr. J. C. Doyle received a great surprise Friday Night, May 11th, when a crowd of relatives and friends flocked out to the V. G. Tisdale ranch, where he is employed and surprised him with a birthday supper.

The supper consisting of waffles, sandwiches, pickles, cake and iced tea was spread in an old fashion way on the ground at the "divide mill" about a mile from Mr. and Mrs. Tisdale's ranch home.

After supper the crowd played several party games which was enjoyed by all present.

Those who enjoyed the delightful affair were Mr and Mrs. Will Doyle, Mr. and Mrs. Gillis Davis, Mr. and Mrs. Edwin Childress, Mr. and Mrs. Dee Roach, Mrs. Cramer Sofgee, Mrs. Hattie Dubanks, Misses Eula and Bessie Yarbrough, Ruth and Geneva Duncan, Neva Wade, Clemmie Green, Martha Nixon, Jane Davis, "Little Irene Childress, Hazel Doyle, Miss Simms, Messers Jack Dameron, Curtis Duncan, Leo and Claude Jeffery, Ray and Kenneth Doyle, Bill Davis, Jack Moddax, "Little Roger Holt Sofgee," and the honoree Mr. J. C. Doyle.

L. A. Crooks was in from the stockfarm Saturday looking after business and shaking hands with friends.

Mr. and Mrs. W. E. Bruton were in from the Reynolds neighborhood Saturday visiting and trading.

Mayer School Has Closing Program

Judge F. M. Bradley attended the closing of the Mayer School last Friday evening, and reports that a real interesting program was rendered. The school has been under the supervision of Miss Robbie Morris. Judge Walker was also there and made a fine talk.

Commissioner's Court

May 14, 1934

The Commissioners Court met Monday May 14, 1934, with Commissioners R. C. Edmiston, J. F. Runge and T. C. Meador present. Judge Bradley and Sheriff Corner and W. N. Ramsay were also present.

The regular routine of Bills were allowed. The court approved the quarterly report of the County Treasurer and county clerk. The court agreed to furnish supervision for Public garden project, also to furnish water up to \$50.00 for said project, and pay \$12.00 for rent of land. John Rodgers is named Supervisor of project.

J. L. McElroy was in from the ranch Saturday mingling with friends.

W. C. Parks made a business trip to San Angelo Tuesday and reports a large crowd attending the meeting of the West Texas Chamber of Commerce.

Constipation Symptoms Soon Go Away After Use of Black-Draught

Mrs. S. G. Ramey, of Henryetta, Okla., writes that she has taken Theford's Black-Draught about twenty-five years, when needed, and has "found it very good." "When I have a sour stomach and my mouth tastes bitter, and I feel bilious, sluggish and tired, I will very soon have a severe headache if I don't take something. I have learned to keep off these spells by taking Theford's Black-Draught. Very soon I am feeling fine. I feel that Black-Draught can't be beaten as a family medicine." Get a package of Black-Draught today. Sold in 25¢ packages.

Ten Reasons Why School Room Is Needed In Eldorado

1. The crowded conditions in the elementary grades of the school make more room a necessity, if each child is given the opportunity he deserves in preparation for life. The enrollment by grades for 1933-'34 is as follows:
Grade—Total Enroll—Av Mem. ship
1st 47 34
2nd 36 27
3rd 41 34
4th A 34 30
4th B 34 26
5th 51 39
6th 37 30
7th 41 32

The total enrollment in grades 1 to 7 is exactly 70 more than in 1932-'33. Only ten pupils were transferred into the elementary grades of this school from other districts while four were transferred out. Thus practically all the pupils in the elementary grades live in the district.

2. Before practical courses in home economics and vocational agriculture can be added in high school more room is necessary. Also library, class room, laboratory, and storage room is needed in high school. A new building will provide for both the high school and elementary grades needs, by use of the present building for a high school and the new building for a grammar school.

3. Adequate school buildings are a necessity of high standards are to be maintained in school. The buildings are for the children not for the teachers.

4. Clean, sanitary, artistic school homes for the children of a community will mean higher ideals for the youth of the community and for the men and women of tomorrow.

5. The construction work on a new building would provide labor for men who need the work.

6. Eldorado is the only school of its class in this section which does not have a separate building for the smaller children. It is also practically the only high school in this section which does not have a gymnasium.

7. Your school district is in good financial condition. Economy has been used. The cost per pupil is not as great as it was ten years ago. The district can afford to furnish adequate school room to its children without working a hardship anywhere.

8. A new building would not call for any great increase in the total amount paid as teachers' salaries. Vocational work would be substituted for some work now offered in high school and one-half the salary of vocational

Is Education Too Costly?

In a democracy the education of the children constitute the first mortgage on the wealth of the community and the state.—Joseph Rosier, Pres N. E. A. 1932-1933.

teachers is paid by the State. This would save one teacher's salary and could be applied on salaries in the elementary grades.

9. Good schools in a community add to the value of and the income from the property located in that community.

10. "Constantly the public needs to be reminded of the 'debt-eternal' of maturity to childhood." Its payment cannot be postponed without loss to the child and to the state of tomorrow. If the school is closed or made inefficient, we shall be dimming the hope of our republic as well as falling in our moral duty to pass on the best that has come to us through the sacrifices of those who have gone before." (Recent editorial in New York Times.)

Can we afford to neglect the greatest asset of this community, the children? Can we afford not to furnish the best educational advantages to them? Let those who have the welfare of the children at heart use their influence to get more school room facilities in Eldorado.

Sincerely Yours,
R. D. Holt, Superintendent.

Build Better Buildings For School Homes

The Little Red Schoolhouse was a temporary makeshift, a promise waiting upon more prosperous days for fulfillment. The fulfillment of this promise has come to thousands of prosperous American communities, where the school buildings reflect the prosperity the schools have helped to create. The school building are as definitely a part of an inspiring city plan as are wide avenues, parks, museums, beautiful residences, shrubbery and flowers. Beautiful schools proclaim not only the prosperity of the present, but assert that the community provides for its welfare in the future. Order, quiet, beauty, good equipment, play space, work rooms, gardens, safety, fresh air, abundant light and cleanliness are as important or the school home as for the parental home. Good homes, good schools, well ordered cities are the most important contributions of American civilization to the health and character of man.

Italian Fliers Could Not Reach Rome

The Italian fliers who attempted a none stop flight from America to Rome, landed in Ireland after being in the air 30 hours. They developed engine trouble and were forced to land, had the trouble came 10 minutes earlier they would have landed on water.

The School Home Of Your Child

The school is an extension of the home. The child's school home shows what the community has planned for his welfare. Let us build for our children school homes that are clean and safe, symbols of our hopes for them and our faith in the future of the community.

Why Squeeze The Penny?

Recently a metropolitan paper making an appeal to conserve the school budget, furnished statistical data which divided the dollar as follows:

Living costs	\$.24
Luxuries	.22
Waste	.14
Investment	.13
Miscellany	.15
Crime	.09
Government	.05
Religion	.01
Education	.01

Why all the cry for cutting the cost of education? On a comparative basis there is little left to cut.

Cost of Education & The Cost Of Crime

The 25,000,000 public school pupils cost the public on the average about \$100 each per year. It costs an average of \$300 annually for each person kept in prison. Schools are said to cost too much but shall we spend more for our jails and court houses than we do for our school houses and equipment to educate our children? Money spent for education is better in punishing criminals. Can we afford to spend more for crime costs than for school costs?

The Child or the Dollar?

Education costs more now than it did in pioneer days because schools are better and more children attend them for longer periods. A majority of parents now desire their children to have the advantages of high school. And yet American schools are run so economically that they give your child playground, and a day's instruction books, a classroom equipment, a under a well-prepared teacher, for the price of a golf ball or the cost of a box of candy. The average cost for a day's instruction for an American child is only forty-nine cents. Of the forty-nine cents the teacher receives about twenty-eight cents. Suppose you had to engage a tutor to teach your child in your home. Such service often costs \$1 to \$2 per hour. In proportion to the magnitude of its helpfulness — the number of children, the number of hours, the variety of activities, the care for each individual child, the preparation necessary for teaching, the high responsibility — the school is relatively inexpensive. Let us all join hands to give to our young people the best possible preparation for life. Let us keep the children first.

Feels a Lot Better When Black-Draught Relieves Constipation

From many states come reports like the following from Mr. W. M. Henderson, of Jasper, Fla.: "I have been taking Theodor's Black-Draught twenty years. I take it for constipation that gives me a dull, tired, aching feeling, and I have headache, too. Black-Draught relieves me of this trouble. After a few doses, I feel as good as new. I keep it in my home. I have a big family. When one of us is ailing (from constipation), we take Black-Draught and almost always feel a lot better. It has been worth its weight in gold to my family." ... Sold in 25¢ packages. "Children like the Syrup."

J. C. Johnson was in the city Wednesday and said the cut worms were damaging his cotton badly, some of it he would have to plant again.

House of the People

The American common school is the expression of a mighty faith. It has grown up out of need and aspiration. It is the bulwark of those democratic ideals and rights for which mankind has sacrificed and suffered through the ages. It is the home of light and of reason. It is the hope of a better tomorrow. The common school is the house of the people.

Have You Seen the Frigidaire '34?

End your refrigeration worries the modern electrical way! The safe preservation of foods, according to food chemists and medical authorities, require a temperature below 50 degrees ... constantly maintained.

Modern Electrical Refrigeration assures this necessary low temperature ... automatically. When the temperature in your Electric Refrigerator rises to 50 degrees, the freezing unit is automatically turned on ... when it has been brought down to the correct level, the unit automatically switches off.

Moderate first cost and low operating expense are added considerations suggesting the immediate purchase of a new model Frigidaire.

The Frigidaire '34 operates quietly and with amazingly small amount of current, has automatic defrosting, automatic defrosting and many other important features.

This is the "Electrical Age." A Frigidaire will be another step to your All-Electric Kitchen.

Your increased use of electric service is billed on a surprisingly low rate schedule and adds only a small amount to your total bill.

A Vote For The School Bonds

Shall those who have no real interest in the children and their education dictate the policy of our community in order that they may save themselves a few dollars? Shall who, by snap judgement, have jumped to the conclusion that school taxes are unreasonably high, be allowed to withhold school facilities which are absolutely necessities, if the children of this community are its greatest and most important asset. Education is the best insurance policy you can buy. A vote for the school bond is a vote for the boy and girl of today so that he may be better prepared and more useful tomorrow.

Little June Rodgers Found Alive

Little June Robles of Tucson, Arizona, who was kidnapped and held a prisoner some 18 days in a small dungeon 9 miles from her home was found, after a letter of instructions had been sent the Governor of Arizona from Chicago. The instructions were exact and the child has been returned home without ransom being paid.

Power And Cigarettes

Which is more important to the industries and homes of the nation—tobacco or electric power? Which is the greatest civilizing influence? Which does the most to make the life of the average person pleasant and comfortable, and to increase the amount of leisure time he has?

If that questionnaire were sent out to a representative group of citizens, electricity would win by an overwhelming

vote. Yet—based on statistics for 1932—the nation's tobacco bill. We spent close to \$800,000,000 in that year for cigarettes and cigars—and we spent but \$7,000,000 for the current that provided us with light, operated stoves and refrigerators and washing machines, and performed—cheaply, efficiently, swiftly a thousand and one other necessary household tasks.

That little comparison serves to indicate what a big money's worth electric power is. No dollar the average family spends brings more that is genuinely worth while—none buys so much convenience and efficiency and freedom from drudgery. It is always a bargain and the work of the private electric utilities, in lowering the cost to the consumer in the face of rising operating expense, has made it so.

The electric bill per day of the average home runs around the price of a pack of cigarettes or a glass of beer, or a magazine. Think of that the next time it is proposed to spend some more of the taxpayers money—

Education Cost & Tobacco Cost

Expenditures for tobacco have no doubt fallen off greatly during the depression, but in 1932 the people of the United States spent \$1,212,000,000 for tobacco products. The combined public school system in 38 out of 48 states were operated for less than the amount spent for tobacco. N. E. A Journal, Oct. 1933, p. 171.

In 1928, Texas spent only 40.3 per cent as much for education as she did for certain luxuries including tobacco, soft drinks, confections, admissions to theaters, jewelry, perfumes, and cosmetics and sporting goods. (N. E. A. Journal Oct. 1933, p. 171)

The annual income of one chewing gum company in 1930 was larger than the income for public schools in any one of the 26 states.

Graduation Exercise Of Seventh Grade

The Seventh grade class of our school gave their Graduation exercises Wednesday night at the School Auditorium.

There were 25 in the class to receive certificates to enter High school.

The program consisted of a Two Act play, "Have You Seen Red?" After the play Miss Ruth Howell presented certificates. The class song "There is only one school for us" concluded the program.

Firestone To Show Rubber Plantation At "A Century Of Progress"

Realistic rubber plantations with latex flowing from the trees and a background of African jungle will help give "A Century of Progress" of 1934 a world-wide aspect. It will be in a new portion of the Firestone Factory and Exhibition Building and will be representative of Firestone's plantation development in Liberia on the west coast of Africa.

The plantation and scientific exhibits will be arranged in duplicate so visitors coming either entrance can see it without retracing steps.

The spectators will then view the factory production line which will be larger and more spectacular to show the complete manufacture of the new Firestone Air Balloons at the rate of 70 tires per day. Beyond this are interesting exhibitions dealing with other Firestone products.

The building will be changed throughout... made much larger... and the Singing Color Fountains in the Firestone Garden will be more spectacular.

H. W. Freund was in the city Saturday buying supplies.

By W. H. Darrow
Extension Service Editor

Fort Bend county sheep raisers have organized to grade, classify and pool their wool for market this season. The county agent says 18 men have pledged more than 15,000 pounds to the pool.

Texas dairymen will be glad to know that the Lassiter tradition in Jersey breeding is to be carried on by the son of the late Ed Lassiter, Garland Lassiter, who recently exhibited his herd of 56 heifers in Fairfurnas. These heifers represent the pick of the calves retained when the famous Lassiter herd was disbanded two years ago.

Relief is on the way to 219 farmers in Hartley county in the form of \$64,000 worth of corn-hog benefit payments during the year.

Cooperators in 8 girls' 4-H clubs in Harris county report having leveled 45 farm lawns and having set out 988 yard shrubs in their home beautification work this spring.

At least 70 per cent of Burnet county farmers repaired their terraces last winter, and many of them are building pasture terraces. The county agent believes pasture contouring and terracing are going to show a big increase there this year.

Bit by bit the evidence mounts that alfalfa thrives in Texas. Some day folks will wonder why they ever doubted this great crop. Latest item, a demonstration field on the Everett Plantation in Colorado county recently cut one ton of beautiful alfalfa hay to the acre, at the first cutting, second year.

Joe Reynolds was n from the ranch Saturday trading.

In The Public Interest

"When we control business in the public interests we are also bound to encourage it in the public interest or it will be a bad thing for everybody and worst of all for those on whose behalf the control is nominally exercised."

That was said a good many years ago—by President Theodore Roosevelt. And the doctrine it embraces needs reaffirming now. It is especially applicable to one of our most stringently regulated industries the light and power utilities.

The people have set up, in the state, commissions whose duties it is to see that the utilities provide good service at a fair cost, that they make such additions and extensions to their equipment as the public interest may require, that they pursue honest and efficient financing and accounting methods. And it has long been the supposition that, under the law, the utilities, in return, were entitled to fair treatment in behalf of their employees, their security holders and their managements.

Now that principal is being thrown overboard. The federal government has done the unprecedented and imposed a heavy tax that, according to the wording of the law, cannot be passed on to consumers, as all taxes fall by all businesses are. A state or two has adopted similar legislation. Government—federal, state and municipal is spending millions of taxpayers' money to build tax-free, subsidized, competing plants—in spite of the fact that the country's electric power supply, in existing systems, is around 25 per cent more than it can use.

When industry is not encouraged in the public interest, we deprive the nation of jobs, of capital investment, of taxes, of purchasing power. That is a grave situation in normal times. It is economic and social tragedy in a time of depression.

your money—to put government, whether federal, state, or local, into the electric business.

Word was received in Eldorado Wednesday that Mrs. J. D. McWhorter, wife of Rev. J. D. McWhorter of Liberty Hill and former pastor of the First Methodist Church here was to be operated on in Temple, Friday. Her many friends here wish for her a speedy recovery.

Are You A Safe Driver?

Summer isn't far away when the streets and highways of the nation will be crowded with traffic. Fine dry weather will bring out thousands of motorists—and roads will resound again to the roar of motors.

Now is the time to ask yourself if you are as safe driver—and don't answer too hurriedly. You can give yourself a little quiz that will help. Are you thoroughly conversant with the driving laws of your state? Do you adapt the speed at which you drive, to local conditions—in other words, are you aware that 20 miles an hour is dangerously fast at times, and slow at others? Do you stick to your side of the road, and make certain that you can stop, under any circumstances, in the assured clear distance ahead? Are you careful not to pass on hills and curves?

Others questions of that kind will suggest themselves to you. But even if such a test, honestly answered puts you in the safe driving status, you aren't through. How about your car? When were the tires, the brakes, the steering lights, last inspected by a good mechanic? A substantial percentage of motorists put off repairs till tomorrow and sometimes that tomorrow never comes.

Last year one of the worst in the history of the automobile so far as needless sacrifice of life and property as concerned. Every motorist should give himself a safe driving test now and if he is uncertain as to how to do it, traffic departments and safety organizations exist to help him. Being accidents down in 1934!

Mr. and Mrs. W. E. Bruton were in from the Reynolds neighborhood Saturday visiting and trading.

"Now I'm the Picture of Health," Says Lady After Taking CARDUI

Here is how Cardui helped an Alabama lady. . . . "I suffered from pains in my back and sides," writes Mrs. A. G. Gray, of Cusseta, Ala. "I was so thin and weak, I read of Cardui and decided to take it. I noticed at once it was helping me. I kept taking Cardui until I had finished five bottles. I gained. My health was much better. Now I am the picture of health. My color is good and my weight increased." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.
