

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIV

Eldorado, Schleicher County, Texas, Friday May 11, 1934.

No. 19

Basketball And A Gymnasium.

GYMNASIUM NEEDED IN ELDORADO

The first equipment recommended by the State Department as essential to the carrying out of the physical education course is a gymnasium. The original physical education program as set forth practically required such for all accredited schools but this requirement has been waived temporarily at least. Thus a gymnasium is not absolutely required by the State Department of Education but it is required if the Eldorado school meets the state requirements fully.

A gymnasium is recommended by the State Department of Education for the following reasons: (See Bulletin No. 322, p. 22)

A gymnasium or indoor playground is considered necessary in order that: (1) The whole program may be centralized; (2) The Physical Education classes may be conducted without interruption during inclement weather and the health of both the pupil and the teacher may be properly protected; (3) Elements of a good physical education program that cannot be offered outdoors may be given the pupils, thus allowing a much broader and richer program to be offered.

1934 FOOTBALL SCHEDULE COMPLETED

At a meeting of the member schools last Tuesday, May 8th, at Sonora the football schedules of the schools in the new district No. 17 were completed. Six schools are members of the new district, which is the western half of the former district No. 14. R. S. Covey, superintendent of the Sonora schools, was elected permanent chairman of the District and Coach Griffin, of Sonora, was elected secretary. The superintendents of the other five schools in the District were elected to be executive committee. The member schools are Eldorado, Junction, Menard, Oza, Rock Springs, and Sonora.

The football schedule for Eldorado for 1934 is as follows:

- October 13th --- Sonora at Eldorado (Conference)
- October 27th --- Junction at Eldorado (Conference)
- November 10th --- Eldorado at Rock Springs (Conference)
- November 17th --- Eldorado at Menard (Conference)
- November 24th --- Eldorado at Oza (Conference)
- November 29th, Thanksgiving --- Sonora at Eldorado.

These games are a continuation of the plan used last year in that each school must play every other school in the district. Eldorado returns games that were played here on the regular schedule last year.

Basketball is one of the main games in the schools which now have indoor courts. It is begun after the football season in December and is played until about the first of March. It is one of the most interesting of all the games played in America and is a game which develops the players mentally and physically. However, it is regretted that basketball is rapidly passing into the discard as a school game in this section among the smaller schools, just as the game of baseball has already done. The principal reason for this is that the smaller schools cannot compete with those schools which have a gymnasium for their players to practice and play upon.

A school without an indoor court cannot hope to compete with the school which has a gymnasium. The players cannot go on a floor and hope to do much good in the game unless they are already accustomed to playing on a floor. Teams which have a floor to play upon refuse to play games with schools on an outdoor court.

The Eldorado team did not play a single home game this past season, either for the boys or girls teams, although they did play several games away from home and made creditable showings. The reason that they did not play home games was that other teams would not play them on a dirt court. Sonora, the nearest high school of the same class did not even attempt to play basketball, as they had no gymnasium. Eldorado and Sonora are about the only high schools in this section which do not at this time have a gymnasium. Practically every other school in this section of the state has a gymnasium. Can we not have one in Eldorado?

C. M. Reynolds was in from the ranch Tuesday looking after business.

F. B. Gunn and daughter Miss Hazel were in the city Wednesday. Mr. Gunn was making arrangements to get his mutton lambs sheared.

Mrs. J. D. Christian was operated on Monday at the St. John's Hospital in San Angelo.

Schleicher County Ranchman To England

Harold Jackson, ranchman of this county, will leave this week end for England to rope in a rodeo. He will take his pony to Ft. Worth in a trailer and from there they will go by rail to Montreal, from which they will sail on May 18th for London.

Mr. Jackson has entered many contests and his many friends here trust that he will get the \$9000 purse in England.

MOTHER'S DAY SERVICE SUNDAY NIGHT

There will be a union Mother's Day Service at the Baptist Church Sunday Evening with the Rev. W. H. Marshall delivering the message. All are invited to attend his service. The Service is changed to the evening hour on account of the Baccalaureate service Sunday morning.

REV. NOEL P. WILKINSON PRESBYTERIAN PASTOR

Rev. Noel P. Wilkinson, formerly of Brownwood, but now of Crystal City has accepted the pastorate of the local Presbyterian Church and will be here for the last Sunday in May.

Eldorado will welcome Rev. Wilkinson and wife to our city and people.

ENTERTAINS WITH BRIDGE

Mrs. H. T. Finley was hostess to her Bridge club and other guests on Thursday May 3 at 2:30 o'clock.

Mrs. Annor Heffley was high score for the club, Mrs. Van McCormick was high guest and Mrs. J. W. Hoover won the high cut.

Those present were Mesdames J. W. Hoover, Oscar Martin, L. Ballew, Ben Hext, L. Thompson, Seth Ramsey, J. W. Lawhon, L. Whitten, Ed Reynolds, C. E. Knight, A. Heffley, Elton Smith, A. P. Bailey, Bernice Sammons, A. G. Morgan, R. T. Crain and R. D. Holt.

Dr. H. Z. Pennington attended a medical Association at San Angelo the first of the week.

Lions Hold Installation Services

The Eldorado Lions Club enjoyed an evening of Entertainment at their Installation service Tuesday evening in the Dining room of the First Baptist Church, the Ladies of the Baptist Church furnishing the refreshments. Those installed as officers and who have been previously mentioned G. B. Hamilton Jr., Vice-president, Glenn Ratliff, Secretary and Treasurer, A. G. Morgan, Lion Tamer, R. L. Sample, Tall Twister. All officers were present and were installed by Clarence Knight past President of the organization.

A varied program was rendered throughout the evening which was enjoyed by all Lions and their guest. Four new Cubbs were given full fellowship into the organization in a most interesting manner and they themselves enjoyed the jokes and performances.

The Lions Club has been very useful organization in our city and has accomplished much good by a united effort and furnishing a head for most every worthy project that comes to the small town; they have enjoyed a full cooperation from the Citizenship of our city in most every instance and there good work will continue on and the new officers elected will find other projects and much new work for the membership to do.

R. A. EVANS COMMISSION COMPANY SALES

Sold by R. A. Evans Commission Company for Sam E. Jones 675 head of yearling muttons. For F. J. Reynolds and Son, 1000 head of yearling muttons. The above listed sales to Russell Menzie for 5 1/2 cents per pound for May 20th delivery.

Sold to Graton Edmiston for John I. Smith 300 head of yearling ewes at \$5.00 per head out of wool.

OFF TO CORPUS CHRISTI

Thursday morning, Glenn Ratliff, W. C. Doyle, E. C. Hill and L. M. Hoover got off to Corpus Christi to attend a District meeting of the Lions Club.

Francis Chrisman and Tom Springston were among the ranchmen that transacted business in the city Monday.

SENIORS TO HAVE COMMENCEMENT PROGRAM ON MAY 17th

The Senior Class of the Eldorado High School have their annual commencement program on the night of May 17th at the high school auditorium, beginning at 8:30 p. m. Dr. Guy Davis, President of Daniel Baker College, Brownwood, Texas, will deliver the commencement address. W. B. Gibson, highest ranking student in the class will deliver the valedictory and James Page, second ranking student in the class, will deliver the salutatory.

School work will be completed on Friday, May 18th, when reports will be issued and the year's work closed.

Miss George Springston was shopping and visiting in Eldorado Saturday.

WOMAN'S CLUB TO SUPPORT SCHOOL BONDS

The Eldorado Woman's Club met at the ranch home of Mrs. F. B. Gunn on Tuesday May 8, with 20 members present and 4 guests.

The club voted to endorse the bond movement for the new school building and will work toward that end in trying to get the bond issue before the people.

A real interesting program with delightful refreshments were had.

Why Moore Room Is Needed For High School Work.

COMPARATIVE COSTS

Can Your School District Afford School Buildings and Equipment?

It costs less than 1/2 cent per hour per pupil to furnish necessary instructional supplies and equipment for classroom use.

It costs 15 cents per hour to entertain children at the movies.

It costs 50 cents per hour to entertain the fans at the baseball game.

It costs \$2.50 per hour to entertain college alumni at the football game.

It costs, all factors considered about \$4.00 per hour to run your automobile.

It costs the (kicking) taxpayer \$5 to \$10 per hour and up to play golf.

The American people paid at the approximate rate of \$2,000,000 per hour gross to witness a ten-round bout to settle the prize fight championship in 1926.

LOCAL SCHOOLS ENTER WEST TEXAS CHAMBER COMMERCE POSTER CONTEST

The pupils in the elementary grades of the local school have recently made posters for submission in a contest to choose the best poster to send to the West Texas Chamber of Commerce Convention at San Angelo next week. Pupils in the fourth, fifth, sixth and seventh grades entered the contest. All the posters showed some phase of the economic life of the town or county. The winning poster depicted the feeding of lambs in which Schleicher County has shown to such superior advantage during the last several years.

Joydeyn Pruitt, fourth grade pupil, submitted the winning poster which will be sent to San Angelo to be entered in the contest there. The posters were judged by a committee of the Lions Club. The teachers in charge of the contest were Mrs. Buie and Miss Howell.

SENIORS GIVEN BARBECUE

Last Sunday evening, May 6, at 4:00 o'clock, the Seniors were invited out to a barbecue supper at the Baugh Ranch.

Every one went early and went swimming before supper. The supper consisted of barbecued goat, red beans, salad, beans, iced tea, and cake.

The barbecue was given by Miss Hayden Baugh, Mrs. D. E. DeLong, Mrs. Claude Meador and Mrs. S. D. Harper.

The seniors were each allowed to invite a friend. Those present were Misses Judy Grace DeLong, Mary Jean Koy, Inez Marshall, Celeste Tisdale, Juliette Loker, and Aurora Willis, Mesdames Arriet Farrington, Dee De Long, Glen Green, R. L. Sample, Jack Meador, John I. Jones, W. B. Gibson, and James Page.

Everyone spent a most enjoyable evening and returned to Eldorado about 6:30 p. m.

SENIOR CLASS HAS REFRESHMENTS

On Tuesday May 8, the Senior English Class, was interrupted when Miss Willie Allen, High School English Teacher, had refreshments consisting of cold drinks, delicious ham sandwiches and potato chips brought in and served to all members of the class. Everyone left at the end of the class hoping that Miss Allen would be as kind hearted and thoughtful of them on the following day when the final examination was given in English.

Year by year the high school work in Eldorado High School is becoming more crowded. Each year the need for additional space becomes more urgent and necessary than it was the past year. There are scarcely enough class-rooms, practically no storage space, no reading rooms for library work, crowded library, and no place in which to carry on extra-curricula work.

For a number of years the State Inspector making the annual visit to our high school, has made recommendation that there be a reading room for the library. The present library is barely large enough to hold the books and magazines now on hand, with no allowance for those to be accumulated in future years. There is room for only a very small table with one or two chairs, which is wholly inadequate to even pretend to meet the State recommendations that we have a library reading room for high school students. As it now is, the study hall must serve both as a reading room and a study hall, which causes some confusion due to students checking out books and magazines.

Then there is the problem of storage space. There are only two or three small closets and one small storage room on the second floor of the building. Two of the small closets are filled with books for class use, and more space is needed for this purpose. The one small storage room serves as a storage place for football suits, drum and bugle instruments, sewing machines, home economics materials, the school museum, and other miscellaneous articles. As a result, this room is not a satisfactory storing place for anything.

One of the greatest needs is for more rooms in which to carry on extra-curricula and outside work of all kinds. At present the auditorium is practically the only place in the school in which this work may be carried on. Especially during the interscholastic League work season, and near the close of school is there a demand for rooms in which to practice on debating, declamation, grammar school plays, assembly programs, high school plays, club work, and other activities. At present there are many conflicts between two or more of these activities, with the result that one or more of them must wait their turn for use of the auditorium or the class room which is vacant even a part of the time. This condition brings about a loss of valuable practice time, which detracts from the value of the work in general.

A few additional rooms to permit the expansion which is growing school needs, would remedy the problem of lack of space both in high school and the grammar school. The school as a whole has had a steadily growing enrollment in both grammar and high school grades and it is a matter of only a very short time until more space will be absolutely a necessity.

W. B. GIBSON WINS "MY HOME TOWN" CONTEST

The elimination contest was held last Tuesday morning in the school auditorium to determine the winner in the local "My Home Town" speaking contest. Only two high school pupils entered the contest. W. B. Gibson was given first place over his opponent Wendell Entochs. He will represent the town in the contest of the West Texas Chamber of Commerce at San Angelo in the "My Home Town" Speaking contest next week.

May 11, 1934

Schleicher County is witnessing some busy times again. Planting fields and shearing sheep is the order of the day.

Next Sunday will be observed as Mother's Day, most churches will have a Mother's day service. If they do you should attend the service. If your mother still lives it would do her good to know you was at the old family altar. Go with her if she is here and if not go and write her that you were there thinking of her. If your mother has passed on, honor her sweet Christian life by attending a Mother's Day Service.

Mother is one of your best friends. She brought you into the world through pain and suffering, and she shares with you throughout this life all your pain and suffering. Your sins cannot be so ugly but that mother can always forgive. Let mother be among your first affections especially in your early life and remain true and thoughtful of her even in older life when you have a home and loved ones of your own.

In another column you will find a news item of the Graduation and achievements of a son of Rev. Robert Paine former pastor of the Eldorado Methodist Church. The item was sent us by Prof. J. E. Conner from the Texas College of Arts and

Ward Parks was among the stockfarmers that visited in Eldorado Saturday.

Industrious. The Success appreciates these items and believe many here will be glad to learn of young Paines success.

WHY A GYMNASIUM FOR ELDORADO?

At the present time Physical Education is a part of the regular school work in Texas. The forty first Legislature passed an Act which went into effect September 1, 1930, which reads as follows:

"An Act prescribing that physical education courses approved by the State Department of Education shall be taught in the public schools of Texas; and declaring an emergency.

Section 1. That instruction in physical education shall be established and made part of the course of instruction and training in the public elementary and secondary schools of the State by September first, 1930.

Section 2. The State Superintendent of Public Instruction shall prepare courses of instruction for the public schools of the state for the purpose of carrying out this act. . . ."

When this law was passed for Texas, thirty-five other states had laws requiring the teaching of physical education in the public schools. During the past few decades the schools have moved away from the 3 R's and now young citizens are trained in the schools along the three phases of the mental, moral and physical. "A sound mind can dwell only in a sound body", is the understanding now.

Due to physical unfitness, the nation does not have its maximum efficiency. More than one-third of the approximately six million young men were candidates for military services in the World War were unfit either mentally or physically. Deaths and sickness, due to preventable causes, cost the nation annually millions of dollars. Physical education is needed. It is no passing fad. The course is not merely the playing of games but it is education in health and it is intended to develop boys and girls into healthy men and women.

CLEAN-UP NOTICE

The Eldorado Health Committee hereby designates Monday, May the 14th, as cleanup day for Eldorado. Each household and proprietor of a business house is respectfully asked to give his, or her, premises a thorough clean-up on this date. Any rubbish that cannot be burned on the place should be placed in boxes or sacks and be hauled to the dump ground. Any one desiring to haul their own trash will please take it to the east end and to the lower side of dump ground.

Co-operation in this clean-up campaign will be a help in keeping down the fly nuisance, will give our town a better appearance to travelers passing through and will be a long step toward the preservation of the public health.

Signed: Dr. W. D. Patton, Co. Health Officer, J. N. Davis, Mayor, F. M. Bradley, County judge.

Terry Crain operator of the Eldorado Gin Co. renewed his subscription this week to The Success. We sometimes have some sympathy for the gin man, he is about the only man in public business that can get as much free cussing as an Editor, consequently we have become jealous of him.

Black-Draught Brings Refreshing Relief of Constipation Troubles

Constipation produces many disagreeable sensations, several of which are mentioned by Mr. T. E. Stith, of Boonville, Ind., who writes: "I have used Theodor's Black-Draught many years when needed for biliousness and other minor ills when a laxative was needed. I have a tight feeling in my chest when I get bilious. I get dizzy and feel very tired, just don't feel like doing my work. After taking Black-Draught, I feel much better. This is why I continue to use it when needed." . . . Theodor's Black-Draught is a good, purely vegetable laxative, obtainable for 25¢ a package.

ANNOUNCEMENTS

We are authorized to Announce the following persons for office subject to the action of the Democratic Primary July 8th, 1934.

FORMER ELDORADO STUDENT WINS HONORS IN OKLAHOMA

Ltollis Regan, a former student of the Eldorado High School has won honors in the senior class of the Durant High School of Oklahoma. He made the best drawing of the presidents out of the class of 100 students. He is also the youngest boy to graduate in the class.

Hollis has many friends in our city where he resided all his life until he moved away last year, and they join The Success in extending congratulations. May he yet achieve greater things in life and be numbered with the great men of the world.

Mr. and Mrs. Orvil Berry returned from Temple Tuesday where they had been for an examination for Mrs. Berry, she is to return later for an operation.

By W. H. Darrow
Extension Service Editor

For reducing market hogs and corn acreage, 222 Williamson county farmers will receive about \$48,000 this year in Government benefit checks.

Going in strong this year for farm yard beautification, 20 Young county home demonstration clubs save planted 5 yards according to landscape plans.

Badly needed crops are being planted on rented cotton acres in Morris county with half the plantings devoted to peas or other legumes which will enrich the soil and at the same time give some feed.

The proceeds from 1 1/2 acres of sweet potatoes paid the farming expenses of J. H. Gonzales in Jim Hogg county last year, the county agent says. He harvested 465 bushels which sold for 50 cents per bushel, and had several hundred pounds of culls left for pig feed.

To meet the need of fruit twice a day to give adequate diet home demonstration club women in Lamar county put out 1380 fruit trees and 1809 grape vines early this spring.

Ninety percent of the feeder calves produced in Menard county are dehorned in the same manner as the 4-H club calves that were exhibited in livestock shows this spring. Club boys made an average net return of \$71.40 per calf on 27 animals exhibited and sold at San Angelo and Fort Worth. The calves averaged 864 pounds.

To develop a supply of high quality turkeys for dressing and other purposes, the county agent has three turkey demonstrators in the county. One of these is cooperating with him to show what can be done with farm turkey flocks.

Rev. W. H. Marshall returned from Temple Tuesday and reports Mrs. Marshall doing nicely when he left her, she underwent an operation last Friday at the Scott and White Sanitarium and her many friends will be glad to learn that she is recovering nicely.

Joe Luckett is having some remodeling done in the Bakery this week, painting and decorating. Joe says it must look good as well as eat good.

TOM HUNTER FLAYS JIMMY ALLRED

Plainview, May 10 — Tom Hunter candidate for governor trained his political fire on James V. Allred, rival candidate for governor, in his campaign address here Thursday night.

"In the three years the little boy with the big breeches has been attorney general he has failed in every major suit he has undertaken," Hunter declared in his discussion of his opponent.

"Yet he has the audacity to come to the people of Texas and ask for promotion on the basis of these failures he has made," Hunter told his audience.

Hunter criticized Allred's failure in bringing to a successful conclusion his \$17,000,000 suit against the major oil companies and declared that this suit could yet be won if properly filed.

"You heard him two years ago when he was campaigning for re-election as attorney general that if you would just put him back in office he would push this suit only to confess after the election was over that he had filed his suit wrong," Hunter said. He declared that against the major oil companies "in a wrongful manner."

Hunter spoke against the major oil companies which he declared were manipulation prices at the expense of the consumers to the degree that "millions of dollars are being taken from Texas unfairly each year." He urged that legislation be enacted to divorce the pipe line and filling station set up from the integrated corporation system.

Turning to a discussion of his recovery program for Texas, Hunter declared that it was essential to reallocate the tax burden in order to relieve real estate from bearing an excessive share of the load. He declared while real estate is bringing in but 15 per cent of the state's income it bears 77 per cent of the ad valorem tax burden.

"There is nothing fair about a condition that permits 85 per cent of our income, which is from sources other than real estate, to escape with but 23 per cent of the tax burden. A blended tax system, designed to reach all these tax dodgers and making each pay in proportion to the ability to pay is an essential part of a Texas recovery," Hunter said.

Hunter announced that reports to his headquarters from all sections of the state reveal large increases in the support he developed two years ago and predicted that he would be high man in the July primary. Two years ago Hunter, then comparatively unknown in many sections of the state, polled more than 220,000 votes.

STATE DEPARTMENT OF EDUCATION SETS REQUIREMENTS

The actual administration of the course in physical education is left to the State Department of Education. Under the rules set by the State Superintendent, schools are compelled to spend a minimum of 150 minutes per week (30 minutes each day) for physical education in the elementary grades and 120 minutes per week for high school. See State Department of Education Bulletin, No. 273, p. 64.

A school the size of Eldorado cannot meet the requirements with some kind of an indoor play room, or gymnasium. Due to the depression schools have not been penalized severely for not meeting the requirements thus far. Playing games at the noon period in pretty weather is about all the schools can now do which have no gymnasium. The practice of playing strenuous games at noon, however, is almost universally considered an unwise practice from the standpoint of health.

Perry Johnson was in from the Reynolds neighborhood Monday looking after business and hobnobbing with the candidates.

E. E. Willoughby of Brady, sends in his renewal this week for another year's subscription to the Success. Mr. Willoughby is interested with his sons in this county in the ranching business and wants to see when it rains in these parts, the old county is looking pretty good at this time. Even Jim Willoughby can smile as of old.

REV. FRAZIER DISCUSSES FUTURE OF ELDORADO

The Rev. Leon Frazier of the Eldorado Baptist Church preached Sunday night on the future generation coming to Eldorado, and in his discourse he handled the approaching election for the return of 3.2 Beer, which all are contemplating that will be ordered in our city. Rev. Frazier expressed his views on the church member that would support the movement and urged all Christian to stand for sobriety and to keep rum from our city as far as possible.

BLACK BUGS NUMEROUS

A good deal of complaint is coming in from gardeners and farmers in regard to the numerous black bugs that work on crops and garden products at night. They have been quite destructive in town on flowers and gardens, and all you have to do to find them is to get out at night with a flash light and you can soon get a pail full for your chickens.

FULL HOUSE SPECIAL ADVERTISES TEXAS IN INDUSTRIAL SECTIONS

Cities of the Middle West and Atlantic Seaboard were hosts to the Full House Special carrying 1256 Texans from April 13 to 20. The objectives of the long trip—to advertise the industrial and commercial advantages of Texas, to tell citizens of other States of the approaching Texas Centennial, and to express the appreciation of Texas to President Roosevelt for his contribution to the Nation's welfare—were well fulfilled.

With an itinerary including Kansas City, St. Louis, Chicago, Washington, Baltimore, Philadelphia and New York, the party received warm welcomes everywhere and were the recipients of many special attentions. In addition they were given opportunity at every stop to tell some of the outstanding facts about the Lone Star State.

The high point of the tour—the daily press has related the details of the visits to the different cities—was in Washington where the President received the entire delegation (augmented by nearly 100 other Texans who happened to be in the capital at the time), heard praise and appreciation of his administration expressed both verbally and in resolutions, and responded in a particularly gracious informal talk during the course of which he complimented Texas and a number of individual Texans. The formal dinner at night was attended by Vice President Garner, almost the entire Texas delegation in Congress, all but three of the Cabinet and about 600 others, including the Texas visitors. Jesse Jones was toastmaster.

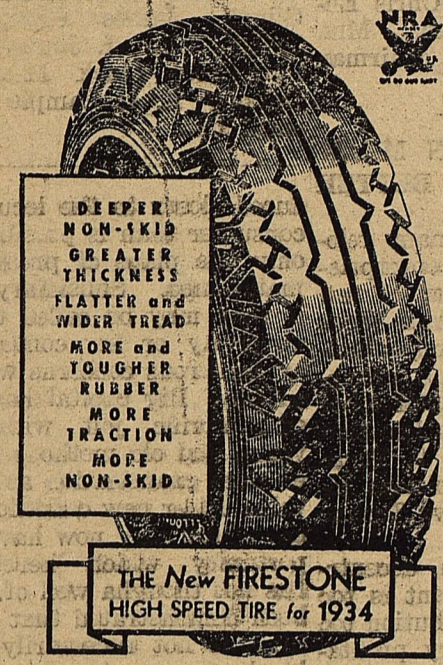

At the executive offices unique bill of lading for the "Texas Carload," gifts for the President and Mrs. Roosevelt gathered by Progressive Texans, Inc. was presented and received appreciation acknowledgement from Mr. Roosevelt. The "carload" was given wide publicity in the Washington papers, and the folder, listing the gifts and their donors and carrying a digest of important facts about the State, attracted attention in all the cities where it was distributed.

Firestone LEADERSHIP

The Ultimate Test of Leadership is Performance

FIRESTONE has maintained its leadership in tire development by producing a new tire for 1934 with a wider tread, flatter contour, deeper non-skid, greater thickness, and more and tougher rubber, which gives greater non-skid safety, more traction, greater blowout protection, and more than 50% longer non-skid mileage.

These achievements are made practical by the Firestone patented process of Gum-Dipping, providing greater adhesion between the plies of the high stretch cords and between the Gum-Dipped body of the tire and the tough, massive non-skid tread. It also provides greater strength, longer flexing life, and greater protection against blowouts.

Firestone HIGH SPEED TYPE			
SIZE	PRICE	SIZE	PRICE
4.50-20	\$7.85	5.50-19HD	\$14.45
4.50-21	8.15	6.00-17HD	15.10
4.75-19	8.65	6.00-18HD	15.55
5.25-18	10.30	6.00-20HD	16.40
5.50-17	11.30	6.50-17HD	17.50

Other Sizes Proportionately Low

Listen to Lawrence Tibbett or Richard Crooks and Harvey Firestone, Jr. every Monday night — N. B. C. Network

Protect yourself and family by driving in today and replacing your smooth, thin, dangerous tires with the new Firestone High Speed Tires for 1934.

MORE THAN 50% MORE NON-SKID MILEAGE

Firestone Tires are Track Tested on the greatest proving ground in the world—they have won this classic for fourteen consecutive years.

Firestone Tires are ROAD TESTED on the large fleet of Firestone test cars, day and night every day in the year, over all kinds of roads and highways.

REV. BOB PAINE'S SON TO GET DEGREE

Kingsville, Texas, May 2, 1934. Joseph Polley Bailey will be graduated from the Texas College of Arts and Industries at Kingsville in June and will receive his B. S. degree in Education, with a major in Art, and a minor in English.

For the last three years, Mr. Paine has been Associate Editor and Staff Artist of the "El Rancho," student yearbook of the college. His present art interest is in portraits, especially in water color. He has had a number of exhibits at various times at Kingsville and before the South Texas Art League. In April, 1934, two portraits, "A Mexican Study" (still life) and "Dejection" (Portrait study) were shown at the Independent Artists Exhibit at Grand Central Palace, New York. 1234 works representing 530 artists are being exhibited.

Joseph Paine is descended from Joseph H. Polley, distinguished Texan of Revolutionary and Pre-Revolutionary times in Texas. It will be recalled that it was in the home of this man that Governor Henry Smith made use of the famous coat button to make the first Texas seal. He is descended also from General Joseph Benjamin Polley the historian, author of "Hoddy's Texas Brigade."

On the paternal side, Mr. Paine is laterally descended from Thomas Paine of American Revolutionary fame, and directly descended from Robert T. Paine, one of the signers of the Declaration of Independence, and from Bishop

"Now I'm the Picture of Health," Says Lady After Taking CARDUI

Here is how Cardui helped an Alabama lady. . . . "I suffered from pains in my back and sides," writes Mrs. A. G. Gray, of Cusseta, Ala. "I was so thin and weak, I read of Cardui and decided to take it. I noticed at once it was helping me. I kept taking Cardui until I had finished five bottles. I gained. My health was much better. Now I am the picture of health. My color is good and my weight increased." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

A. B. Thomason of Resland, California sent in a renewal to The Success until 1935, for which he has our thanks. Mr. Thomason is interested in this county's affairs and keeps up with us through these columns.

MAN'S HEART STOPPED. STOMACH GAS CAUSE

W. L. Adams was bloated so with gas that his heart often missed beats after eating. Alderika rid him of all gas, and now he eats anything and feels fine. L. M. Hoover, Druggist.

Robert Paine of the Southern Methodist Church.

Robert Paine, Joseph Polley Paine's father, is at present minister at Markham, and has held many appointments in various places in Texas.

Joseph Paine expects to devote his entire time and talent to Art after he receives his degree in June.

P. T. A. Hold Last Meeting Of Year

The P. T. A. met Tuesday May 1st in this last meeting of the year. Mrs. Lawrence Neill the president presiding. Mrs. Milligan delegate to the district convention at Abilene gave a very interesting report of the meeting. Mrs. Thomas A. Head, of San Angelo, President of the Sixth District was present and installed the following officers for the coming year:

President — Mrs. Robert Milligan; 1st Vice-president — Mrs. L. M. Hoover; 2nd Vice-president, Mrs. Payne Robinson; 3rd Vice-president, Mrs. Frank Bradley — Secretary, Miss Ruth Howell; Treasurer, Miss Chris Enochs; Parliamentarian, Mrs. Wiedenman; Publicity chairman Mrs. Luke Thompson.

DECENTRALIZATION MEAN SMALLER AND BETTER

The reason for so many relocations of industrial enterprises and the establishment of new ones is given by Business Week as arising from the opportunities to reduce overhead charges, lower taxes and better labor conditions—an explanation that is of much interest to Texas towns and cities ambitious industrially. —Progressive Texans Inc.

It means, at bottom, decentralization. This continent is too wide, the cost of distribution too great, for any industry profitably to confine itself to one site, it it aspires to a nationwide market. It is possible that light merchandise commodities such as may be sent by mail or airplane express, may successfully bid for business in all the States from a single factory. But goods or wares which are costly in terms of freight charge, and which suffer under delay in delivery, must be pro-

School Baccalaureate Services At Baptist Church Sunday

The annual high school Baccalaureate services for the senior class will be held at the Baptist Church next Sunday, May 13th, at 11 a. m. Rev. Leon Frazier, pastor of the Baptist Church will preach the sermon to the graduates. The high school choral club and a community choir will furnish music for the services.

The senior class is small this year having only thirteen members. The members are Anna Ruth Spurgers, Aurora Willis, Aris Carr, Glen Green, W. B. Gibson, James Page, Junior Isaacs, John I. Jones, Arnold Farrington, Jack Meador, DeDeLong, R. L. Sample and Edward Cox.

duced closer to the locus of the consumer than is possible where only one place of production is maintained. Subsidiary plants, if they may be called that, are underway or in contemplation by numerous concerns with wide outlets. Big capital has received a terrific jolt within three years, and old methods are under close examination as to their value under new conditions. Local capital may now have an opportunity which heretofore it has not thought well of. It has been demonstrated that big business is not necessarily profitable business. A glance at the casualties in the dividend records indicates that the greatest of our industrial captains are not omniscient, the mightiest of our capitalists are not superior to error and illusion. Those among us who have means and enterprise may find it more profitable to establish smaller industries than to invest in the larger ones.

QUESTIONS AND ANSWERS

What is the minimum mark-up that must be added in all lines of business under the General Retail Code?

Effective April 19, all merchants operating under the general retail code must include in the retail prices of merchandise, other than drugs, medicines, cosmetics, toilet preparations, drug sundries, and allied items, 10 percent of the cost to the merchant of the article sold to cover the cost of his store labor. Under this order of NRA, issued pursuant to the provisions of the retail code, "cost to the merchant" is defined as "the actual net and delivered cost, less all discounts or current replacement cost, whichever is lower."

What is "chiselling?" The word chisel is defined in the Webster dictionary as "to take an unfair advantage of in a transaction."

What are the maximum hours per week for ushers, ticket takers and watchmen under the motion-picture code? Forty hours.

Does the restaurant code permit sale of meal tickets at a discount from the regular price of meal tickets?

The issuing of cash-discount meal tickets does not constitute an unfair trade practice under the terms of the code of Fair Competition for the Restaurant Industry.

In a retail store operated by a family, can all members of the family work unrestricted hours?

In a retail store of not more than 5 employees, only one person, the owner or manager can work unrestricted hours and all others must comply with the hour provisions of the retail code. This restriction of hours applies to members of the family, partners, and all others. In stores of not more than 20 employees only one person for each 5 employees can work unrestricted hours provided their classification and salaries entitle them to do so. Above 20 employees the ratio of persons permitted to work unrestricted hours drop to 1 for each 8 employees. A store with 36 employees could have 6 persons working unrestricted hours, 4 for the first 20 and 2 for the additional 16 employees.

PRIVATE MONEY

To loan on land, interest rate as low as 6%. Can loan second to State debts at 8%.

EDUCATION and UNEMPLOYMENT

Which is More Profitable Investment?

A mid-western city conducted a survey of a thousand jobless who were supported by the taxpayers of the community.

Ninety per cent of them had less than an eighth grade education.

Seven-tenths of one per cent were high school graduates.

None had been to college.

Six Million is the estimate of unemployment in the United States.

It is more than one-fifth of the entire enrollment in elementary and high schools, public, private and parochial.

The cost per day of educating a child would be no more than the cost of supporting a dependent unemployed person for the same period.

The cost of supporting six million non-producing and non-consuming individual for a year would easily educate six million school children for the same period without a cent of expense to the taxpayers. If dependents were included, the figures would be staggering. Still we find communities insisting that school budgets be drastically reduced. We find them insisting upon crippling the most constructive agency in American life.

Education is the connecting link between our TODAY and our TOMORROW.

We cannot afford to cripple our schools of TODAY for it will prove costly for our TOMORROW.

WRIGHT'S CASH STORE

Below is a price list on feeds and seeds.

Bran per cwt.	\$1.25
Shorts	\$1.50
Hegaria	\$1.40
Dairy Feed	\$1.60

Meeting in School Auditorium.

Some idea of the possibilities of Texas in commercial canning is to be had from the estimate of the FERA officials in Washington that in 1933 Texas families on relief canned approximately 1,200,000 cans of vegetables and fruits raised on about 3,000 acres of community gardens established under the relief program. Value of home-canned articles in Texas last year was estimated by Washington, sixth among the states in production of fruits and vegetables, but thirty-fifth in commercial canning.

W. M. Bearce has purchased a bill of Lumber from the West Texas Lumber Co., this week and will erect a new home where his old one burned.

Jim Patton was in from the Bill Edmiston ranch Saturday trading.

THOR
This Electric Laundering Equipment
ECONOMIZE
A THOR combination ironer and washer will enable you to reduce your household budget. Let THOR save money for you.
Will Save MONEY for You
—In fact, the Electric Washer and Ironer will save enough to pay their entire cost in a very short time... and then go on saving you money year after year.
Clothes laundered this way last longer, look better, and are cleaner than when washed by old-fashioned methods. Statistics compiled by a leading woman's magazine prove that the Modern Electric Washer lengthens by three times the average life of garments and linens. Just think what the savings in this one factor alone will mean... besides the saving in cash, time and labor.
Ask for a complete demonstration of our Home Laundry Equipment. Prices and terms are sure to please you.
Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?
West Texas Utilities Company
