

THINK

Saturday May 26, an election to permit the sale of 3.2 beer in Precinct one of Schleicher County, has been called, and this is an appeal from those opposed to the sale of beer or any other intoxicating drinks in our city or in precinct one.

The present statistics show much more drunkenness over the United States since the repeal of the 18th Amendment.

Eldorado has been doing nicely, has had but very little crime of a real ugly nature and why vote to bring beer or any strong drinks into our midst. Let's rally to the cause of better society, a more peaceful standard of living and keep as far as possible beer from our midst. We do not need the pitiful tax it will bring. It will bring more misery, less joy and rob man and womanhood of character and virtue. We ask every God loving man and woman to join us in defeating the legalization of beer.

WHO KILLED J. F. FORREST?

Last Thursday May, 17, 1934, in Ballinger, one J. F. Forrest, well known in Eldorado, at one time was in business here with his father, was run into by a drunken driver and instantly killed. Forrest was not a drinking man yet died from the effect of liquor in the other man, that is the other fellow was arrested and placed under a bond for driving a car while intoxicated. Then why should we vote to legalize beer or any other intoxicant in our city. After you have read these two obituaries and think it a good thing to have a beer saloon in our midst then cast your vote for it.

Since the repeal of the 18th amendment, deaths of the above nature have doubled with the coming of beer and the more you get the more deaths will come. This brings us to the question Who killed J. F. Forrest?

WILL ELDORADO REMAIN DRY.

Facts not guess work, truth not falsehood, figures that don't lie, not liars that figure.

Back in 1903 Eldorado and Precinct one voted to lay aside the sale of intoxicating drinks by a vote of 37 to 33 and since that date Eldorado and precinct one have always voted in the dry columns and Saturday will furnish another opportunity to try to bring back booze in the form of 3.2 beer. Do you want it, if not come to the polls Saturday and cast a vote to keep it out.

How the previous elections were: July 22, 1911, for prohibition 199; against, 56. May 24, 1919, for prohibition 95; against, 53. Then in last years election for the state, Eldorado voted 135 against the sale of beer and 121 for the sale of beer. Since that election precinct four voted dry by about 7 to 3.

WHO KILLED BILL JOHNSON?

Friday morning April 6, 1934, Bill Johnson was beaten to death by one C. M. (Whip) Jones and Lawrence Deuron. Johnson was working on the Highway near Eden Texas, helping his fellow man get by the swollen Brady Creek, trying and making an honest living for his wife and babies. Two intoxicated men came a long, fell upon Johnson and actually beat him to death, and fired shots at others who tried to interfere. After beating Johnson to death they stopped W. J. Noguessa a well known former citizen here, and abused him but left him. When arrested 6 hours later they claimed they did not know they had killed any one. They remembered having had some kind of trouble but were drunk and did not remember the incident.

Who killed Bill Johnson? Bill was sober, had a wife and some babies at home, yet he was killed because two drunks came his way, filled with intoxicants they took his life, booze took the life of Bill Johnson.

President Roosevelt in his official proclamation, Dec. 5, 1933, said, "I ask especially that no state shall by law or otherwise authorize the return of the saloon either in its old form or in some modern guise." Then we might ask what constitutes or makes a saloon. In the old days it was a place where liquor was sold and drank over the bar, or sold to be carried away, and now where 3.2 has been voted back, most of our Cafe's sell and serve beer or liquor where it all is allowed. The old saloon had its restrictions, but the new ones have none, women and children are allowed to buy and drink, and in some instances forced to sell and serve where they had rather not, either do it or give up their work.

Do you want beer sold to your boys and girls? If not vote it as far away from them as you can.

We urge all to be at the polls Saturday and cast a vote against beer.
(Paid for by those favoring prohibition.)

Mr. and Mrs. W. H. McClatchey were in the city Saturday afternoon after attending the Rudd Barbecue.

Pat Martin was a business visitor in the city Monday from the ranch 25 miles east.

Carl Runge Of Mason

Continued from first page. the Co-op Book Store, doing student assistant work in the Academic Department and being a Quiz Master in the Law Department. He also played on the football and track teams.

ALSO TAUGHT SCHOOL
At the age of sixteen he taught a country school in Mason County and five years later taught in Seguin.

SERVICES AS LAWYER AND CITIZEN
He was admitted to the bar in 1915 and is a member of the State Bar Association and is licensed to practice before all the Courts of Texas, the United States Supreme Court, Inter-state Commerce Commission and several other Departments and Bureaus of the Federal Government.

He organized the Mason National Farm Loan Association so that farmers and ranchmen could secure loans from the Federal Land Bank and continued to practice law in Mason County until 1917 when he enlisted in the Signal Corps and became an instructor in the Air Service. After the war he reengaged in the practice of law in Mason in 1919.

As County Attorney he helped prosecute numerous cattle, goat and sheep theft cases. He has always been a booster for good roads and as Secretary of the Puget Sound to Gulf Highway Association he helped secure the designation of State Highway No. 9, Federal 385. As Director of the Gulf & West Texas Rail Road Company, he represented San Angelo, Brady, Mason, Fredericksburg and San Antonio before the Inter-State Commerce Commission at Washington. With Elgin O. Kothmann, the owner of the Premier Ranch and producer of registered Hereford cattle, he is the builder and owner of the Fort Mason Hotel—a modern five room five proof structure in the town of Mason.

He was Chairman of the Mason County Relief work until he announced for Congress and with his assistants rendered splendid service in behalf of the unemployed of Mason County. He is a past president of the Mason Chamber of Commerce and of the School Board. He is a member of Fort Mason Post of the American Legion.

CLOSEST NEIGHBOR

He is our closest neighbor in the race for Congress and because of his residence in the central part of the District is most readily accessible to all of the citizens of the District. Besides knowing the needs of the District from actual experience and education, he has the ability and moral courage to properly represent the same.

PLATFORM

Judge Runge said: "I believe in proper respect for duly constituted authority and observance of the principles laid down in our Constitution, a common sense but rigid enforcement of the law and a closer cooperation between the law enforcement agencies of the State and Federal Government so that lawlessness may be suppressed. The great live stock and farming industries and their kindred interests of this District should be represented in Congress by a man who from experience and training understands their needs. I have no extended platform and no promise to make except that in the event of my election. I will attend strictly to the duties of a congressman from this District and will try to take care of the problems of the District as they arise. We are living in an extraordinary abnormal time and such sudden and radical departures from the recognized fundamentals are taking place that no sincere man can advocate a program with any hope of fulfillment other than as above set forth."

CONSTIPATED 30 YEARS AIDED BY OLD REMEDY

"For thirty years I had constipation. Sourcing food from stomach choked me. Since taking Alderika I am a new person. Constipation is a thing of the past." —Alice Burns. L. M. Hoover, Druggist.

W. R. Duncan was in from the C. I. Dabney farm Monday and reports he will have to plant most of his rotten over, as the worms and bugs have gotten the most of it.

Black-Draught For Dizziness, Headache Due To Constipation

"I have used Theford's Black-Draught several years and find it splendid," writes Mr. G. W. Holby, of St. Paul, Va. "I take it for dizziness or headache (due to constipation). I have never found anything better. A short while ago, we began giving our children Syrup of Black-Draught as a laxative for colds and little stomach ailments, and have found it very satisfactory." ... Millions of packages of Theford's Black-Draught are required to satisfy the demand for this popular, old reliable, purely vegetable laxative. 25¢ a package. "Children like the Syrup."

To Assist Farmers

Meet Cream Grades

College Station—Beginning June 1st cream will be bought in Texas on grade, with a 2 cent premium paid for No. 1 cream over No. 2 cream, and No. 3 cream not bought at all. To aid farmers to obtain the premium and to avoid losses, the Texas A and M Extension Service announces that county agents will assist creamery road men in explaining to meetings of farmers the necessary steps to produce No. 1 cream. The cream grades as set forth by the State Department of Agriculture are: No. 1 sour cream is slightly sour, clean to the taste and free from objectionable odors and flavors and containing not less than 25 per cent butterfat, and shall be free from all extraneous and deleterious matters. No. 2 cream is too sour to grade No. 1 and may contain slightly off flavors and odors and shall be reasonably free from extraneous and deleterious matters. No. 3 cream shall be any cream which will not qualify as No. 1 or No. 2 cream, and which consists of all cream containing oily, yeasty, musty, onion or any other similar flavor or foreign fats and scrap butter that would render it unfit for human consumption.

Look for Better Flavor with Electric Cooking

You wouldn't believe that Electric Cooking could make so much difference in flavor! Meats and vegetables cook to melting tenderness in their own juices—with the addition of practically no water. And in the electric oven the heat rapidly sears, roasts, and prevents excessive shrinkage. Baked foods are delicious and uniformly browned. Grilled steak has the flavor of charcoal broiling!

Electric Cooking retains so much more of the nourishing elements of the food that you can actually buy less meat or vegetables and still have just as much to put upon the table!

Electric ranges cook food with a speed and economy which compare favorably with any other kind of fuel! Let us demonstrate our new ranges. Of course, there is no obligation—and attractive terms can be arranged.

This is the "Electrical Age." A Hotpoint range will be another step to your All-Electric Kitchen.
