INTEREST IN QUILTING REVIVED

FORT WORTH—An all day quilting school with a limited attendance of 75 and many more women wanting to come was held recently by the Tarrant county home demonstration council with Mamie Lee Hayden, Extension Home Industries Specialist, as the teacher. Problems of materials, design, use, workmanship, size, and finish of quilts were discussed by Miss Hayden while the three delegates

from each of the 16 home demonstration clubs in the county eagerly took notes in order to report back to their organizations.

The school will be followed by a pillow contest in which quilt blocks will be used for pillow tops. The contest will be conducted by Mary Powell, home agent of Tarrant county, for the purpose of giving the women of the county a chance to get training in making the lovely old-fashioned quilts that are becoming so popular again.

W. L. McWhorter made The Success office an appreciated visit Tuesday moving his subscription up to January 1, 1932.

Saturday was a beautiful day, our streets were alive with moving cars and busy people, bringing back a busy day for our local merchants. Parking room was almost over crowded, and business was reported good.

Mrs. Carson West was visiting friends in Eldorado Monday from the ranch in Sutton County.

LAMB FAVORED MEAT FOR THE EASTER DINNER

"What does Easter mean to you Lea o' lamb or bonnet new?"

Quite likely it means both! Roast lamb just naturally belongs in the Easter dinner menu, according to Miss Inez S. Wilson, home economist, and she suggests the following recipes as being specially good.

Leg of Lamb, French Style

Small leg of lamb, boned
 1 teaspoon minced parsley
 1 finely chopped shallot
 1 clove bruised garlic
 2 tablespoons butter
 1 onion, sliced
 1 carrot, sliced
 Salt and pepper

Mix the parsley, shallot, garlic, seasoned with salt and pepper. Sprinkle this mixture on the inner surface of the meat. Tie the meat into compact shape and place it in a roaster, containing butter, onion, and carrot. Season well with salt and pepper. Bake for one-half hour in a hot oven and then at a lower temperature until the meat is done. Serve with gravy made from the drippings in the pan.

Crown Roast

The Crown Roast of Lamb makes a beautiful dish for the Easter Sunday dinner. Have the crown prepared at the market. Protect the ends of the ribs from charring by putting cubes of fat salt pork on the end of each rib. Fill the crown with bread dressing. Put in a hot oven (500-525 degrees F.) for 20-30 minutes, then reduce heat to 350 degrees F. and continue roasting until done. Decorate the ribs with paper frills or carrot or potato balls. Pile new peas on top of the dressing in the center of the crown.

Roast Lamb, Virginia Style

For a smaller roast get a shoulder of lamb. Rub with butter, dredge well with flour and season with salt and pepper. Put in a hot oven until the flour is brown, then reduce the heat and baste every 10 or 15 minutes with grape juice or cider. When done remove the lamb to a hot platter, add one-half glass of current jelly to the liquid in the pan and thicken it with flour. Surround the roast with bacon curls.

Again WE REPEAT COMPARE

Compare the values, prices and service we give you with those of any other tire dealer or distributor of special brands.

The low prices of rubber and cotton give Firestone unusual advantages due to their world-wide facilities in securing these raw materials and their efficient manufacturing. With Firestone's most economical distributing system, with over 600 branches, warehouses and service stores, we can secure a complete line of fresh Firestone tires, tubes, batteries, brake lining, rims and accessories within a few minutes' to a few hours' time and give our customers values and service that are not duplicated.

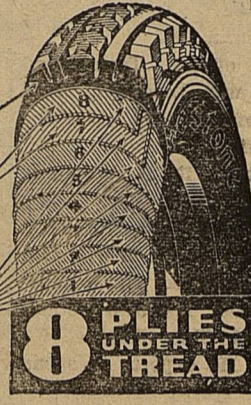

COMPARE VALUES

Firestone has this year added more rubber to the tread which gives 20% to 25% more safe mileage before the tread wears smooth.

The Firestone Double Cord Breaker gives you SIX and EIGHT plies under the tread—prevents road shocks—lessens punctures—gives over 50% stronger union between tread and tire body which ensures longer tire life and greater safety.

Live rubber penetrates every cord and coats every fiber by the patented Gum-Dipping process—thus not only every cord, but every fiber within the cords, is insulated this gives you 25% to 40% added tire life.

FRANCE AND UNITED STATES TO HONOR MEMORY OF WASHINGTON AT PARIS EXPOSITION

France and the United States will join in honoring the memory of the patriots of both countries who helped to win independence for the American Colonies, and especially in paying homage to the memory of George Washington, during the six months of the International Colonial and Overseas Exposition, sponsored by the French Government, which will open near Paris May 1. The American exhibit at the exposition will help to bring the world-wide Celebration of the Two Hundredth Anniversary of the Birth of George Washington in 1832 to the attention of all nations.

To emphasize and cement the long standing friendship of the United States and France, which began during the American Revolution, an exact and fullsize reproduction of Mount Vernon, home of George Washington, is being constructed on the banks of the River Seine to serve as the administration building for the American exhibit.

C. Bascom Slem, of Virginia, who is Commissioner-General of the United States to the French exposition, is also a member of the executive committee of the George Washington Bicentennial Commission. He has just returned from Paris and is now busily engaged in arranging to have appropriate furnishings and other material sent from this country to be placed in the duplicate of Mount Vernon on the Seine, and to have the overseas possessions of the United States represented by appropriate exhibits at the exposition.

The executive committee of the George Washington Bicentennial Commission has adopted a resolution officially endorsing the reproduction of Mount Vernon in France. The building in addition to being the headquarters of the American Commission to the French exposition, will be used as a museum in which will be placed articles connected with Washington and his time, loaned by the French and American Governments and citizens of both countries.

The George Washington Bicentennial Commission is urging Americans to "join in this patriotic endeavor" by contributing Washington to be exhibited in the Mount Vernon building.

Among the many articles which the French government is lending to the United States Commission in Paris are an original miniature of General Washington and one of Martha Washington, a large topographic map of Yorktown painted in 1830 on the spot by order of Louis Philippe, a series of medals and documents pertaining to American-French friendship, an original bust of Lafayette, taken from Versailles and very little known, autographed documents of Rochambeau, Louis XIV and Marie Antoinette and numerous other articles of historic interest.

The official hostess at the Mount Vernon building will be Miss Anne Madison Washington, a descendant of John Augustine Washington, nephew of George Washington. The building will be furnished as nearly as possible like Washington's home. Among the things which Mr. Slem is taking to Paris to place in the building are the key to the Bastille and a copy of a picture of Louis XIV, both given to Washington by Lafayette; reproductions of silverware used at Mount Vernon, letters and portraits of famous Frenchmen and American colonists, and other articles appropriate to the time.

BANKS TURNIPS FOR WINTER USE

SAN ANGELO—Cutting the tops and banking her turnips with corn stalks and dirt in the rows where they are growing is Mrs. H. C. White's method of insuring her family a winter supply. Mrs. White is a member of the Tankersly Home Demonstration Club in Tom Green county, and as a part of her club work has canned \$239.20 worth from her garden, 48 quarts of which are greens, so that she can serve either fresh turnips and greens or canned ones three times a week the year around. From her garden she also sold \$10 worth of tomatoes, \$5 worth of beans and \$20 worth of watermelons and canteloups.

C. L. Meador, Sr., prominent ranchman from east of Eldorado 6 miles, was in the city Saturday, telling us why he knew Hoover was responsible for the hard times. Mr. Meador says the republican party said that Grover Cleveland was responsible for the hard times while he was in office and they should now confess that the republicans under the leadership of Hoover, was altogether responsible for the depression now hanging over the country.

FORD COMFORT

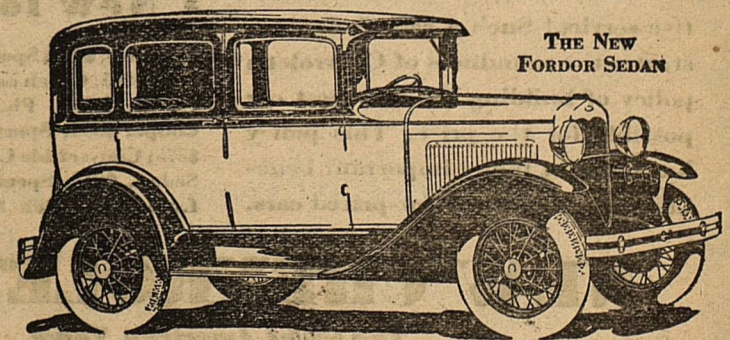

Every new Ford is equipped with four Houdaille double-acting hydraulic shock absorbers

ONE of the fine things about driving the new Ford is the way it takes you over the miles without strain or fatigue. No matter how long the trip, you know it will bring you safely, quickly, comfortably to the journey's end.

The seats are generously wide, deeply cushioned and carefully designed to conform to the curves of the body. Every new Ford has specially designed springs and four Houdaille double-acting hydraulic shock absorbers. These work both ways—up and down. They absorb the force of road shocks and also provide a cushion against the rebound of the springs.

Other features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, Rustless Steel and unusual accuracy in manufacturing.

In addition, you save many dollars because of the low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.

So far Mayor Green has never re-
 ported having any luck with the El-
 dorado water work people in getting
 some large water mains to the busi-
 ness district. The Success does not be-
 lieve in being rash and demanding
 things unjustly but we do believe that
 the main street business district is
 entitled to a 6 inch water main with
 fire plugs. The saving in the fire in-
 surance rates would be quite an item
 and the business houses could pay an
 additional water service with the re-
 duction of insurance.

When one drives out and views the
 beautiful spring flowers blooming in
 the supposed winter time, he wonders
 if the time has come, when you can't
 tell the seasons only by the falling of
 the leaves. February 22 we motored

 Sam DeLong, a man we had known for
 50 years, and the green vegetation
 along the roadside reminded us of the
 budding of a new life as one decays.

ON TEXAS FARMS

By W. H. Darrow,
 Extension Service Editor

More than 4000 head of beef cattle
 are on feed in Lamb county.

Records kept by the county agent
 in Grayson county on 2,000 acres ter-
 raced by road grading machinery show
 that the average construction cost was
 87 cents per acre.

Erath county farmers have pooled
 orders for 800 pounds of sweet clover
 seed for planting on poor land, having
 been convinced of its value by years
 of demonstrations.

Artichoke pickle has been on sale
 in the home demonstration club mar-
 ket in Smith county. Farm women sold
 \$162.48 worth of home made products
 through this market in January.

They debated whether to put a lit-
 tle 2-1-2 acre plot in cotton or a gar-
 den last spring, did Mr. and Mrs. Ed-
 gar Kieke, Pleasant Hill community,
 Washington county. Gardening won
 and Mrs. Kieke threw in her lot with
 the garden demonstrators lined up by
 the home agent. There is no more ar-
 gument for there's an actual cash gain
 of \$370.60 in the family treasury.

Mrs. Frank Andrews is feeding her
 10 children from a garden planted last
 August in the worst drouth-stricken
 area of Mitchell county. She has can-
 ned more than 100 containers of
 greens and nearly as many beans and
 peas; has fresh turnips, mustard, ten-
 dergreen, onions, and beets, and cab-
 bage heading. The only thing that the
 home agent says Mrs. Andrews lacks
 to make a balanced diet is tomatoes.
 Of course, its an unusually mild year,

the lady is somewhat unusual, too.
 Gardening has never been more
 popular in Texas than now. A conse-
 quative idea of how much one may ex-
 pect from a garden can be gained from
 the experience of 16 Gray county 4-H
 club girls who found last year that
 it cost them on the average \$2.97 in
 cash for their plots which averaged
 the little more than 1-10th acre each,
 and that the products were worth an av-
 erage of \$19.07 per garden. These gar-
 dens netted above cash outlay \$144 per
 acre, or \$85.02 per acre after deduct-
 ing labor, land rental, and all costs,
 says Myrtle Miller, home demonst-
 ration agent.

In spite of drouth, poor soil, insects
 and lack of irrigation water, Mrs.
 Johnnie Redmond of Close City Home
 Demonstration Club in Garza county
 made a profit of \$89.45 from her small
 garden last year. She canned 190 con-
 tainers and had fresh vegetables
 eight months of the year.

Orange county farmers are planting
 more vegetables this year than ever
 before, and not 50 per cent of the land
 in cotton last year will be planted to
 this crop this year, the county agent
 states.

A crop that contributes 70 per cent
 of all Texas agricultural values, with
 which cotton is credited, cannot be
 ignored. Terracing is one of the best
 ways to cut cost of cotton production,
 as Jim Mitchell in Rains county knows.
 He tells the county agent of an in-
 creased yield of 130 pounds of lint
 cotton per acre in an 8-acre terraced
 field over that of equally good, but
 unterraced land near-by.

The seventh silo to be constructed
 in Wichita county during the last five
 months has been erected by Jack H.
 Martin, dairyman.

Through the courtesies of L. T.
 Wilson, some three Eldorado girls in
 Sul Ross at Alpine will get to read
 The Success until school is out. Miss
 Ruby Wilson wrote Mr. Wilson that
 it looked like some of the "Daddies"
 of the Eldorado girls which were three
 at the same place could afford to send
 The Success to some of them. Mr.
 Wilson took the hint and has ordered
 it going with last week's issue.

YEAR AROUND GARDEN
 DEMONSTRATOR SUCCEEDS

POST—Forty-five feet of blackeyed
 peas furnished a family of five with
 all they could eat for the summer and
 a sufficient surplus to can 14 quarts
 and dry three quarts for the winter,
 according to Mrs. S. M. Lewis, mem-
 ber of the Pleasant Valley Home Dem-
 onstration Club in Garza county.
 Three rows of cucumbers yielded all
 the family needed and enough more
 to can 57 quarts, put up three gallons
 in brine and sell 75 cents worth. Mrs.
 Lewis is a year round garden demon-
 strator who planted 10 varieties of
 vegetables and had something fresh
 from her garden every month of the
 year. She cleared \$51.15 from sales in
 addition to furnishing the family all
 that they could eat.

J. M. Simpson of the Texas and
 Pacific railroad was here last week
 in the interest of his road, soliciting
 stock shipment via Texas and Pacific
 agreeing to get them in Ft. Worth in
 24 hours haul.

Mr. Simpson bought the Champion
 car load of calves at Ft. Worth last
 year and distributed them out to feed-
 ers along the road. He also bought
 the Champion 4-H Club Calf at Ft.
 Worth last year. He expects to spend
 some time in the spring in the inter-
 est of the Texas and Pacific railroad.

H. M. Fremd was in from the ranch
 16 miles southeast Monday, and re-
 ports that the oil well near his home
 was drilling in line and almost com-
 pleting their second contract.

\$50,000 Cigarette
 Contest Under Way

A contest offering fifty thousand
 dollars in prizes has been an-
 nounced by R. J. Reynolds Tobacco
 Company, makers of Camel Ciga-
 rettes, with special announcements
 in practically every newspaper in
 the United States. Eight days are
 allowed for submission of essays,
 the contest closing at midnight on
 March 4.

Prizes will be awarded for the
 best answers to the question: "What
 significant change has recently been
 made in the wrapping of the Camel
 package, containing twenty ciga-
 rettes, and what are its advantages
 to the smoker?" Answers are lim-
 ited to two hundred words in length,
 must be written on one side of the
 paper only and are to be mailed to
 the contest editor, R. J. Reynolds
 Tobacco Company, Winston-Salem,
 N. C.

First prize is twenty-five thou-
 sand dollars, with second and third
 prizes of ten thousand dollars and
 five thousand dollars. Numerous
 smaller prizes will also be awarded.
 Judges of the contest are Ray Long,
 president of the International Mag-
 azine Company and editor of Cos-
 mopolitan Magazine; Roy Howard,
 chairman of the board of the
 Scripps-Howard Newspapers, and
 Charles Dana Gibson, internation-
 ally known artist and publisher of
 Life Magazine.

The contest is part of what
 advertising experts declare is one
 of the most intensive advertising
 campaigns ever staged. Practically
 every daily and county seat week-
 ly newspaper in the country will
 be used as well as college period-
 icals and financial newspapers.
 This campaign is to be followed
 by an aggressive advertising drive
 through newspapers, magazines,
 radio and outdoor display.

 policy of building the very best car
 possible for the price. This policy
 has brought many important bene-
 fits to the buyers of low-priced cars,
 and these benefits find even fuller
 and finer expression in the Chevrolet

THE IMPORTANCE OF PREPARATION

On every hand we see people who are working at a tremendous disadvantage, doing the little things, playing the little game in life, when they are capable of doing infinitely bigger things, playing an infinitely bigger game. The reason for this is they have not called out their reserves and do not know what is possible to them. They are ignorant of their powers.

Many of them never have prepared for the big things they are capable of doing, so they go through life working at a great disadvantage—fine talents doing the work of mediocrity. Because of the lack of proper training along the line of their chosen work, they are handicapped throughout their career. It is a very short-sighted policy to start on a long life work with no special training adequate to the demand.

If I were to give the youth a single word of advice, I think it would be this: "Prepare." Prepare for your life work with a scientific preparation, for the world needs more than anything else, trained brains.

What would you think of a jeweler who had a very valuable rough diamond and who only ground one facet, leaving practically all of the greatest wealth of the diamond, its most beautiful brilliancy, its marvelous possibilities, shut up inside where no one could ever see or appreciate it or utilize its value? Suppose it was impossible ever to grind more than one facet of this immense diamond. Think of the loss in value!

I often have letters from men in middle age and after who tell me they regret beyond words that they did not stay in school, get a better preparation, a better education. "If I had only kept on as I had begun" is the cry of many a disappointed middle-aged man.

My friend, you who have but little

education, who left school long before you should so that you have pruned only one or two facets of your vreat human wealth, untold wealth, hidden within you—you will soon reach an age when it will be almost impossible to grind the other facets and you will begin to cry: "Oh, if I had only kept on!"

There is nothing like a splendid preparation for your life work. Never mind what sacrifices you have to make. Get it at any cost! —Marden.

GIRLS BASKETBALL TEAM DEFEATS CHRISTOVAL

By Frances Ballew
 Friday, February 20, the Eldorado basketball girls played and defeated the Christoval team at Eldorado 27-10. Eldorado's starting line-up was composed of Margaret Williams and Pauline Rape, forwards; Lucile Oglesby, and Margaret Bradley (Captain), centers; and Evelyn Anderson and Frances Ballew, guards. The Christoval referee seemed to be very impartial, and all the girls wish to have him for our referee when we play Sonora again. The girls played excellent ball and showed fine team work.

During the first half Margaret Williams made six field shots, each counting two points, but Pauline Rape could not get going and did not get to make a goal. While Eldorado was making these shots, Christoval made three field goals, but one of these was a one-point shot and they only had five points at the end of the first half, while Eldorado had twelve. A personal foul was called on Margaret Williams and Anna Ruth Spurgers, but Christoval did not make either shot. Eldorado had the same luck when the two personal fouls were called on Christoval players.

In the third quarter the same players remained in the game, but at the beginning of the fourth quarter Jesse Martin was substituted for Anna Ruth Spurgers. In the second half Margaret Williams made four field goals, counting seven points, and Pauline Rape made four two-point shots, amounting to eight points, while Christoval made only five points. Four fouls were called on Eldorado and three on Christoval, but neither team made the shots. In the second half one Christoval player was put out on account of having made three personal fouls.

The score at the end of the game was 27-10 in favor of Eldorado. Margaret Williams was high player, scoring 19 points, with Pauline Rape second with 8 points.

Eldorado has played only two games before this one. Both of them were with Sonora. When Sonora played the girls on the Eldorado court, the score was 8-7 in favor of Sonora. When our girls went to Sonora they defeated Sonora 19-10. We hope that they do as well in the future. Miss Orsborn, coach of girls basketball, hopes to be able to get games with Menard, Merzon, Christoval, Lakeview, Sonora and perhaps Junction.

JACK KERR ELECTED TRACK CAPTAIN

In a meeting of the track boys called by Coach Williamson Tuesday afternoon, Jack Kerr was selected to lead the 1931 track team. Jack is one of the foremost athletes in Eldorado High School, and shows excellent promise for this track season. If all the boys are able to follow the pace that he will set we are sure of having a good team.

TRACK PRACTICE BEGUN IN EARNEST

By Garland Bullion
 "On a flat road runs the well-train'd runner,
 He is lean and sinewy with muscular legs,
 He is thinly clothed, he leans forward as he runs,
 With lightly closed fists and arms partially raised.—Walt Whitman.

Several of the boys have been working on their events for two or three weeks, both in the senior and junior divisions. There will be a junior and senior division of the high school

track team, and they will be carried to the different meets that are to be held during the season. Coach Williamson is optimistic in his opinion for our prospects this year, and thinks we should win our share of the points in any meet in which we take part.

The boys out for senior track are Albert Martin, J. R. Conner, Albert McGinty, Luther Parker, Lefty Smith, Fred Logan, Eli McAngus, Fred Williams, Jack Ratliff, Hollys McCormick, and Joe Moore. The boys out for junior track team are Junior Isaacs, Staten Bodine, Bill Smith, and Brownie Bullion.

Out of this wealth of material there are good chances that Eldorado will have some fine track and field representatives. An inter-school meet will probably be held this Friday, February 27, which will give us an idea of who is who in track in the senior and junior divisions.

Sonora is going to have their annual track meet on March 21, which Eldorado has been invited to participate in. Eldorado won this meet in 1929, but lost last year. The winner of the meet for three successive years is to be given the meet cup. Let's try and get started toward bringing it home with us.

SO THEY SAY

By Carl Kerr

It gives me great pleasure to give you this column today. In high school we find that the different students have various characteristics. Among these we find expressed as follows:

Eli saying: "Now boys, you'll have to make less noise."
 "That'll cost you" is not infrequently heard from Fred Williams
 John I Says once a day, at least, "I made 30 errors on this typing test today."
 "That would be," and "Do you want me to check the errors?" are John Alexander's pet expressions.
 As bright as Hassell Ratliff is, we hear him say "Well—er—er—ah—ah,—aw I don't know!"
 You know, folks, some people are always trying to give alibis for their ignorance, so when a teacher tells something that Fred Williams doesn't know he always says "Well, now I didn't see that in the book!"
 You know some folks can't remember,

so we always hear "What did you say we were supposed to do?" from Raymond Smith.
 And, too, some people are tongue-tied, and we hear only "Say, say" Alfred Sharp.

Some people, too, are so entertaining that they can hardly sit still while others recite, so we hear Dee DeLong say "Let me read! Let me tell the story!"

Even the best of speakers are at some times at a loss for a word to say. We are acquainted with W. B. Gibson's wonderful qualities of speech and so we are wondering why he always says "And—uh—uh—uh," and they almost stop.

We find one bright "soph" who wishes everything made clear to him, so after any lesson assignment he never fails to ask "What did you say?" Bell Sample is the "soph" who asks over and over about the lessons, and we wonder if he just doesn't understand or if he doesn't pay attention while the lesson is being assigned.

Some folks would lose their head if it weren't tied on. Alf Bruton never fails to say "I ain't got no book" when called upon in class.

As I have stated before, some folks are for ever figuring out alibis. Well, Fred needn't feel alone because Jack Ratliff never falls with "We've never had that," and a look from his teacher brings forth "Oh, yes—I remember now!"

A Charming Hostess

You'd never think she had cooked that delightful meal, would you? She looks so fresh and dainty, so untired and gay—and she said she's been at a machine all afternoon!

The seeming mystery is so easily explained.—She's a modern Home-Manager, profiting by the use of Electric Cookery. She prepares the meals at any convenient time, entrusting the actual cooking to the dependable and automatic Electric Range.

Why don't you experience the delights of this modern method of Cookery? It's so inexpensive, so convenient, and the results are so unusually good, you'll wonder how you managed when kitchen responsibilities tied you to the old-fashioned cook stove.

A Trained Representative is waiting to explain and demonstrate the modern Electrical Cook. He will also show you how the convenient Budget Plan, and the new Home Comfort Rate make Electric Cookery doubly economical.

HEAD HURT?

WORK won't wait for a headache to wear off. Don't look for sympathy at such times, but get some Bayer Aspirin. It never fails.

Don't be a chronic sufferer from headaches, or any other pain. See a doctor and get at the cause. Meantime, don't play martyr. There's always quick comfort in Bayer Aspirin. It never does any harm. Isn't it foolish to suffer any needless pain? It may be only a simple headache, or it may be neuralgia or neuritis. Rheumatism. Lumbago. Bayer Aspirin is still the sensible thing to take. There is hardly any ache or pain these tablets can't relieve; they are a great comfort to women who suffer periodically;

they are always to be relied on for breaking up colds.

ment, the Juniors winning 15-0. The line-up for the Sixth grade was Logan, first base; Spurgers, third base; Luedcke, second base; Cates, pitcher; Staton, pitcher; Bradley and Casey, catcher; Davis, short stop; Green, right field; Mather, center field; Scope, left field.

Lineup for the Juniors was composed of Vance Morgan, second base; Hollys McCormick, first base, Bernard Carr, third base; Carl Kerr, catcher; Garland Bullion, short stop; Albert McGinty, pitcher; Lawrence Morgan, center field; Morris Bricker, left field.

The Junior collected sixteen hits to the Sixth grade's three. Logan, Luedcke, and Bradley, made the hits for the Sixth grade. For the Juniors the hits are as follows: Vance Morgan, 2; Hollis McCormick, 3; Bernard Carr, 2; Carl Kerr, 1; Garland Bullion, 1; Albert McGinty, 1; Lawrence Morgan, 2 and Morris Bricker, 4.

Seniors defeat Seventh Grade 7-4

The Seniors managed to nose out of the Seventh Grade in a hotly contested game Tuesday. Although the Seniors were always in the lead, the Seventh made two or three batting rallies in which they threatened to take the lead.

The line-up and points scored for the Seventh grade was: Bill Smith, one run; Eugene Koy; Samuel Smith; W. L. Alexander, one run; Reynolds, one run; Dick Jones; Bob Evans, one run; Rape, and Billy Kerr.

The Line-up and points scored for the Seniors is as follows: Fred Williams, pitcher, one run; Albert Martin, first base, one run; Joe Moore, short stop, two runs; Eli McAngus, third base, one run; Bill Currie, catcher, two runs; Joe Christian, second base.

The Sophomores and Fish are scheduled for the next game, and every thing points to a hotly contested, interesting, game.

TYPING STUDENTS WIN AWARDS

Five of the high school students have been awarded Junior O. A. T. (Order of Artistic Typists) certificates in recognition of their ability to type a selection neatly, artistically, and accurately. These certificates are issued by the Credentials Department of the Gregg Publishing Company, and any student may make an attempt to win the certificate by typing the O. A. T. test selection appearing monthly in the "Gregg Writer," the Gregg shorthand magazine subscribed to by the shorthand students.

The following students successfully arranged a selection in the form of a Christmas tree and typed an attractive border around it, which was the selection for the month of December: Fred Williams, beginning student; Cora Saner, beginning student; Hollys Alexander, second-year student; Margaret Bradley, second-year student; and Luther Kent, second-year student.

Many of the type writing class are now working on this test in an effort to win this award. The second-year students who were awarded the Junior O. A. T. certificate are now working on the Senior O. A. T. Test.
