OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

## Schleicher County Drenched From Several Days Rain

For the past week it has been raining some nearly every day, but Monday, Tuesday and Wednesday were the banner wet days. No mail or traffic Tuesday on account of high water at Pecos and Christoval, and the heaviest fall of the year at Eldorado came Wednesday. The big lakes south of Eldorado are full and some west of town and near town are filling up.

## Garden Of Experience

F. G. CLARK.

I am notified to note that the democrats of Texas are unanimous for Garner as their nominee for president. If the democrats are going to undertake the tremendous task of electing a president, he should be as thoroughly representative of them as is possible. And with this object in view, Garner is certainly the man. Besides it is time the south had a candidate. We have shown too much timidity in this matter in the last twenty years—a timidity that has long since ceased to have reason behind it.

The mistake democrats are making, however, is to name a second choice. It makes it look too much like a mere complimentary vote, such as was tendered to Jessie Jones in "28". We should go into the national convention with the firm determination and full expectation of putting Garner over. The possibility of defeat should not be considered.

It looks now as though the vote for Garner will be a mere gesture, embodying no hope of success.

The man who feels himself defeated before he starts to fight, stands little show of winning. We should advertise to the world that we are entering the fight with the full expectation of winning. This attitude on the part of his home state will cause other states to take our candidate seriously. It is up to us to put the fighting spirit into Garner's friends in other states.

## TO THE SCHOOL BOARD

Eldorado, Texas, May 12, 1932. The Association of Fathers, Mothers and Teachers of this little town of Eldorado, Texas.

We want says some about the Honorable School Trustees because this is the first time we see in several years which the Mexican children have had school without doing much ahead. Here now we all gladly see in the season of 1931 and 1932 our children doing their best because we know our teacher Mrs. Davis been take interest in the education of our children for this reason we wish the Honorable School Trustees let Mrs. Davis take charge of the Mexican School for 1932 and 1933.

Thanking for same to both Honorables and Teachers. Jose A. Narangi

## Schleicher County Asked To Help Veterans Re-union

Sunday afternoon Editor Van Horn and Mr. Leahman of Christoval and Judge Jones and Mr. Montgomery of San Angelo, came to Eldorado to meet with a group of Eldorado or Schleicher County day at the Christoval Re-union this summer.

Mr. Van Horn reported that this county did not pay anything on last years expense and that they wanted us to pay at least \$100.00 this year, that they still owe \$50.00 on last years expense.

Only a few met Sunday afternoon, and nothing definite was done. But it is hoped that we can have a meeting and get committees appointed to assist in this work.

F. M. Bradley and J. B. Sammons has been the finance committee, neither of whom was present Sunday. These men should have others to assist them in raising the amount or money for this county. San Angelo put up \$200.00. The expense of the re-union will run around \$400.00. Christoval and Eldorado are expected to raise the balance. Brady has been helping but seems to be out.

Schleicher County could at least help furnish the meat, we have lots of sheep, goats and calves not worth much only to eat.

## LUCKY STRIKE

Last Thursday E. C. Hill, Jim Hoover, D. C. Royster and L. T. Wilson took a venture for Devils River in search of the finny tribe, and depending on E. C. for the lucky strike, D. C. slipped in a few catches and our wants were soon over filled. With Jim's and L. T.'s orders from home, not to return without a good report to their better half. We made our report short with we two to furnish the fun and the cooking came off E. C. and D. C., looking on with their mouths watering and bawled out, "Give me that pan of fish over here," and everything was soon over, and the foot ease was applied by our friend Jim, which was highly appreciated. The next day our friend E. C. decided his catch for home wasn't large enough, and topped a dead tree, and he being full of fish, the load was too heavy; his footing broke and E. C. fell backwards in the river. But soon gained consciousness and crawled out to try again. D. C. thinking it not fair dressed to come home and slipped off in the river with Jim and L. T. unharmed. We understand our friend C. B. and better half went to the San Saba Sunday and C. B. being anxious to show Bobbie what his father could do, failed to make a catch and Mrs. Reagan landed only to be a Tarpin.

Some luck Reagans, try again. On our return our friend Henry Wilson had to be shown that our catch was not a box of sardines and we produced the goods, one 15-2 pound, one 8 pound and one 4-2 pound cat. Several Bass and smaller cat fish as our proof. Of course we haven't seen our friend L. M. yet but it will take some time to explain to him just how this all happened, as E. C. and D. C. might be guilty, and Jim and L. T. left with nothing to tell. —Eye Witness

## The Navy Dirigible Akron Passes Over Eldorado

The Akron, the U. S. largest Navy Dirigible passed over Eldorado Tuesday morning at 1:20. The hum of the motor awakened many of our citizens, many of them thinking it a cyclone coming. Not expecting the Akron to come this way, although it was known to be over Texas. It had been to San Antonio and went to San Angelo and we presume turned south and west trying to miss a heavy storm in San Angelo and north of that city.

The monster ship was flying not very high and its bright lights could be seen for several miles. It left Eldorado in the direction of Ozona.

The big ship left Lakehurst, N. J., Sunday morning at 4 o'clock, for the Pacific coast in California, carrying about 80 passengers and the crew. It is equipped with radio and can send and receive messages at will.

It was a beautiful sight to see the large ship floating by with its red lights blinking and its bright lights showing from its various cabin windows. The first of its kind to ever cross our way and the first to be seen by many of our citizens. The Editor and tribe had the pleasure of seeing it come and go as it passed over our village and home.

Radio reports Wednesday morning brought the news that the Akron, the world's largest dirigible had weathered the storm over Texas for 24 hours and had gone into New Mexico with indications that it would reach Los Angeles by Wednesday night. The Akron, the pride of the U. S. Navy, is 780 feet long, and carried 113 passengers. It carried from Lakehurst 16,500 gallons of gasoline, which should last them 120 hours, or 5 days, and at the rate they are traveling, they will be running low when they reach their destination. They will probably never encounter any worse weather than they have on this trip.

Many people here witnessed its passage over our city and the country between here and Ozona sighted the large ship.

The Methodist Church had a very impressive Mother's Day Service Sunday and a large crowd attended and took part in this beautiful service.

There is hardly a family in the county that cannot afford to subscribe for The Success, only \$1.00 until July 1, 1932. Thanks for the new one that came in last week. Please use your name and bring us the dollar the next time you come to town. We will trust most any body for a few days.

Mr. and Mrs. J. H. Jarvis of the Shell Pipe Line Station, are visiting relatives in Oklahoma this week. The Success wishes them a pleasant outing.

Sheep shearing was finished on the Baugh ranch Sunday and the shearer went to the Milton Baugh ranch this week.

Since the nice spring rains have set in, Schleicher county is blossoming like a rose, green grass, fine growing crops and fat stock seems to be our lot for another season.

Did you attend a Mother's Day program Sunday. If not, did you write her a nice letter of appreciation. It does us good to take inventory of our life every once in a while, and Mother's Day brings us back in the pages of Memory and puts us in closer touch with our selves. A great day and a great service, and those who live close enough to visit Mother on this day are fortunate.

Texas now has some chance to get a man nominated for President. Let's elect a real man from the Sunny South. We do not need a man from the Wall Street center, or from Tammany Hall. Let's put a big-hearted, high-minded, real old Texan in the White House. It nominated can be elected.

It has been whispered around town that Jim Willoughby is actually getting younger since the county has gone wet from rain.

It looks like we are all Ras-kob Democrats, we are wet.

Don McCormick says you might as well be a wet Democrat as a hungry Hoovercrat.

Everybody has a job now, cleaning mud off their feet.

### THIS AND THAT

By Jimminy

Uncle Sam has taken Mrs. Capone's little boy, Alphonse, for a ride. But he didn't pour lead into him, like Al used to do his "playmates" around Chicago. Instead he just poured Al into the Atlanta penitentiary and told him to make himself at home, he would be there for quite a few days to come.

In gangland Alphonse was a "big shot", his word was law—and more often death. He ruled with machine guns and bullets. He was king of the hoodlums. But he's just a great big bunch of numbers now.

Like so many of his victims, Al didn't want to take that ride. He sulked all the way down to Atlanta. He mumbled something about justice. The prohibition law is all wrong, anyway, he said.

Well, perhaps it is. But it's still on the books, and in the meaning of the law, Al Capone looks no different than Si Tucker of Possum Hollow.

## 1918

G. A. Neill brought to The Success office a copy of a program held May 30, 1918, at the Baptist Church. The meeting was in response to a proclamation of President Woodrow Wilson. It called the people together for prayer. Mr. Neill requested that we publish the program.

Reading of President Proclamation: Connie Johnson.  
Why the President is Right in Calling for a day of fasting and prayer:

Mrs. J. N. Davis  
Dr. C. R. Carver and Judge Whitten  
Why fast today: Rev. J. M. Alexander and Prof. J. W. Hill

Comparison of present war to "Holy Wars" of the past: Judge Brown  
Judge Campbell and Prof. Hurst  
Should we pray for the war to end and when?: Mrs. S. W. Holland, A. T. Wright and Mrs. Riddle

Violin Solo: F. N. Gibbons  
Why is Red Cross work Christian Service: Mrs. R. P. Hinyard, Mrs. Hurst and W. O. Alexander

Reason why we are on the right side of the war: T. J. Bursler and W. T. Conner.

Patriotic Reading: Lula Mae Evans  
In addition to the above program there were other musical numbers and drills  
Our friend G. A. Neill and S. W. Mather were rather hard on the Kiser and his kinsfolk.

It's too bad, Al, but you'll have time enough to think it over. You had power during your time, and lots of it; but by no stretch of the imagination were you absolute. You were a great racketeer, Al old boy. Perhaps you think there will never be another like you. Perhaps there shouldn't be. But listen, Al, you big hunk of boloney, you, we have the beginning of a racket here in Texas that, should it develop, will make your work look like a nickelodeon on Broadway.

Your best work was in beer and bullets. Our "boys" are using gas and oil. They're not blood-thirsty, they're money-hungry. Don't be surprised if the warden introduces you to some of them one of these days.

In one field alone, East Texas, over a million barrels of oil has been stolen. The state's constabulary is busy trying to ferret out the guilty ones. And if the people insist that the "big shots" be brought in, some mighty interesting crime news will be spread over the front pages.

The price of gasoline has jumped three cents in the last few months. Of course, the situation in East Texas has nothing to do with this. Probably it was the Stock Exchange or the weather or something else. Mr.

"My work is confining, and often I eat hurriedly, causing me to have indigestion. Gas will form and I will smother and have pains in my chest."

"I had to be careful what I ate, but after someone had recommended Black-Draught and I found a small pinch after meals was so helpful, I soon was eating anything I wanted."

"Now when I feel the least smothering or uncomfortable bloating, I take a pinch of Black-Draught and get relief."

### ON TEXAS FARMS

By W. H. Darrow,  
Extension Service Editor

It would have taken 114 old roosters to have equalled the price H. H. Campbell of Motley county received the other day for 19 capons. He produced 100 capons last year and the county agent reports that he will increase the crop this season.

A Cameron county lady whose hens were not laying was bound to cull them severely but the county agent simply suggested that the scratch feed ration used be changed to a laying mash. In two weeks the 35 hens had increased in production from two eggs daily to 21 eggs per day.

Grimes county farmers have sown 4,400 pounds of grass and lespedeza seed this spring for pasture improvement and for

Allred's oil suits couldn't have anything to do with it, either. If the attorney general wins out, it is not likely that Mr. Rockefeller, Mr. Mellon, et al would ask the people to pay the bill. They wouldn't ask them nothing—they'd just say pay. And pay you will.

Of course, the oil companies have laid off a lot of workers and cut a lot of salaries, and it might be they have to raise the price a few cents to make up for that.

### soil improvement and hay crops.

In a recent month Mason county home demonstration club women made more than 1,000 gallons of cheap milk into American cheese for home use and a small amount for sale.

Dressed poultry and cakes are the leaders in sales of home products sold in the Smith County Home Demonstration Market which has nearly doubled the volume of business this spring over the same period last year. Eggs have sold for 12-1-2 cents per dozen because people were glad to pay the difference for clean fresh eggs.

Four-H club girls in Tarrant county built 84 hot beds for their gardens this year, bringing the total in use by girls growing gardens, 253 were forced to plant over because of the spring freeze.

E. C. Hill, L. T. Wilson, Jim Hoover and D. C. Royster returned Sunday night from a fishing trip to Devils River. They report a splendid catch and an enjoyable outing. They brought in one catfish that weighed 15 pounds.

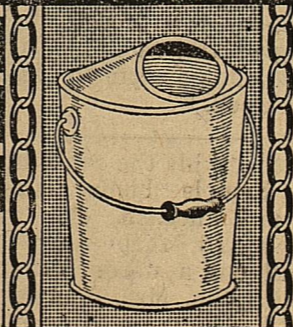

T. J. Bailey and wife and A. J. Roach were here from Abilene the past week end visiting relatives and friends.

D. L. Kimble and wife were trading in the city Saturday from Station A.

**SELL TURKEY EGGS FOR HATCHING**

**BRADY**—Said to be the first effort ever made in Texas to commercialize the production of turkey eggs, the Brady Cooperative Poultry Producers Association recently sold 7,000 turkey eggs at 20 cents apiece to contractors in several parts of the United States, according to James D. Prewit, county agent. Eggs shipped were carefully hand picked and graded according to size and weight. Early in the year producers got together and agreed to pool all eggs from 1,000 hens, except those needed for developing their own flocks. Good hatch-ability was insured by using demonstration methods of feeding balanced laying mash. Chickens have been extensively used for hatching to release turkey hens for laying. One of the shippers, Tom Bradley of Fife, says that the \$100 worth of eggs sold from his flock of 32 hens will more than pay the cost of raising a new flock and buy a lot of groceries as well.

It will not only hold the rupture perfectly but increases the circulation, strengthens the weakened parts, thereby closes the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

**GRACE RATLIFF**

Hollis McCormick  
Grace was born at Coppell, Texas, August 3, 1914, but her home was at Waco. When she was about a year old her folks moved to Denton. In 1918 they moved from Denton to Fort Worth.

While at Fort Worth Grace's schooling began. At the age of six her folks moved to Waco. Then that Christmas they moved to Sanger. At the age of twelve they moved to Denton where they lived one year and then came to Eldorado and still live here.

Grace is a member of the senior class of 1932 and her scholastic standing is high.

—E—H—S—  
**HILARIOUSLY FUN-NING AGAIN**

Our high school teachers have certainly planned a hilarious vacation. Especially four of them.

Miss Turney says she will spend about a month at her home, Portalas, New Mexico, deciding where she wants to go to school.

Mr. Williamson says he may teach summer school here. He

says he may go to the Olympics at Las Angeles, California, during the latter part of the summer.

Miss Allen is going to school at Austin. Well, there's no doubt that she will have a "hot" time.

Mr. Smith is going to the University of Iowa, Iowa City, Iowa.

Miss Meyer is going to stay at home, Stamford, Texas. Gee! it must be lots of fun to just stay at home.

Miss Karr is undecided. She may spend the summer in Brownwood, and she may not. Well, for the good of herself, we'd advise her to make up her mind!

Miss Bradshaw also is bordering on decision. She may stay at home, Abilene, Texas. Well, we've been hearing things, and we wonder!

When asked what he was going to do with his time this summer, Mr. Hoyt laughed and said, "He was staying in Eldorado"—and he added that it was a good place to stay.

Well, folks, here they are—their plans and all. Now we'll keep our eyes on them and see what they really do.

## AN INSPECTION

Thelma Taylor  
I came calmly into the typing room to do some Newspaper work. There were six persons in the room also bent upon their particular business. Mr. Smith was calmly writing on something on his desk which probably was a failing list. Thomas Richard Jones was intently looking out the window and writing on a typewriter. Perhaps he was writing how pretty the landscape appeared and how much he would like to be on it. Then I see James Page hitting one key at a time and sometimes making an awful

face. This may be accounted for by the fact that he has just made an error. Dee DeLong looks like the strain is getting to strong for him and if he bell does not ring soon that he will kick the bucket. Jack Childers keeps rubbing his hand over his hair as if he has the headache and the typewriters are worrying him but maybe he is just overworked, poor boy. They say he is very busy trying to ass in English as he has made three zeros and a fifteen in English this month. Junior Isaacs, typist for the Scribblers Club, is resting with his elbows on the table. Shame on you Junior, don't you know it is not polite to put your elbows on the table.

## PAULINE RAPE

Hollis McCormick  
Pauline spent the early part of her life in Fort Worth until she was about the age of five, and they moved to Roosevelt. After had been at Roosevelt for about a year Pauline's school life began at a country school.

When she was in the third grade her folks moved to Sonora. Pauline went to school at Sonora until the beginning of her Sophomore year, and then her family moved to Eldorado.

During her three years here she has made her work in school. She is another of the 1932 Senior Class.

**BAILEY RANCH TROJANS BEAT OUT EAGLES**

The Eldorado eighth and ninth grade boys went out to Bailey Ranch to play baseball, May 4. The Bailey Ranch boys nosed the Eldorado boys out by one score in the tenth inning. The score was 8 to 9. The Eldorado boys had not had any practice for two months.

The line up for Eldorado were: James Page catcher, Junior Isaacs, pitcher; Aris Carr, first base; W. B. Gibson, 2nd base; W. C. Spurgers, 3rd base; Billie Kerr, short stop; Gerald Gafford, left field; John E. Rodgers, center field; and Dee DeLong, right field.

The Eldorado boys beat Bailey Ranch out 10 to 11 in the first game at Bailey Ranch. In the second game at Eldorado they beat Bailey Ranch 25 to 6 in a nine inning game.

## A FAREWELL

Gusta V. Graves  
I wish to let the people of Eldorado and of the high school know I have really enjoyed these four years on the newspaper staff. I hope you have all enjoyed the paper and have allowed for our many mistakes. I can only hope that you have got as much pleasure out of reading this paper as I have in working on it for your pleasure.

In working with these students I have been able to see that we have some real journalistic talent (little as I know about it). We are going to have splendid material coming up from the grades.

# ATHLETICS

JACK RATLIFF, Editor

## RESULTS OF THE 1931-32 ATHLETIC YEAR OF THE ELDORADO HIGH SCHOOL EAGLES

The Eldorado High School Eagles have had one of the best athletic years that Eldorado has ever had. They participated in the four major sports, football, basketball, and track. They represented Eldorado in Sonora, San Angelo, Barnhart, Junction, Ozona, Menard, Rocksprings and Big Lake in the four major sports. Coach Williamson gets a great deal of the credit for the successful season. He advanced the team as much as possible and helped them out as much as he could. He went on every one of the trips and we are hoping that he will be here to go on all of them next year.

The football team under the interscholastic league rules won their half of district II. In the league games they defeated Sonora, Ozona, Menard and Rocksprings. The scores were 13-0, 20-0, 6-0, and 12-0, respectively. They played Mason for the district title at Junction but lost 19-0. They were defeated twice the return games with the other towns. Menard defeated them 7-0 and Ozona defeated them 25-7. The Eagles defeated Rocksprings, 13-6 and Sonora 21-6. They played a tie with Rankin with a score of 6-6. They defeated the Big Lake Owls, 26-0. The boys on the championship team of this section were Jim West, left end; Raymond Smith, left tackle; Clyde Mills, left guard; Jack Ratliff, center; Bernard Carr, right guard; Carl Kerr, right tackle; Hollis McCormick, right end; Aubrey Smith, quar-

terback; Albert McGinty, fullback; Jack Kerr and Junior Isaacs, halfbacks. Marshall Chicks, J. R. Conner, and Billie Kerr were utility men. The boys that wore their last Eagle suit were Albert McGinty, Carl Kerr, Hollis McCormick, Bernard Carr, Marshall Chick, and Clyde Mills.

The boys did not fare so well in basketball. Junior Isaacs was elected captain. The team won five games from Bailey Ranch, Sonora, and Christoval. They lost six to Big Lake, Sherwood, Christoval and Sonora. The boys on the basketball squad were Junior Isaacs, guard; Hollis McCormick, guard; Albert McGinty, center; Jack Kerr, forward; Billie Kerr, forward. The utility men were John E. Rodgers, and Gerald Gafford. Albert McGinty and Hollis McCormick played their last year.

The baseball squad only played two games. They split the games with Sonora. The scores were 4-2, and 11-7. The team was Carl Kerr, Jack Kerr, Lefty Smith, Junior Isaacs, Jim West, Albert McGinty, Gerald Gafford, Hollis McCormick, and Vance Morgan. Baseball is only a memory in the high school in the year to come.

The track squad attended four meets. They went to Ozona, Barnhart and twice to Sonora. They did not win any cups but they won several honors. The boys on the team were Captain Raymond Smith, J. R. Conner, Junior Isaacs, Bill Smith, Hollis McCormick, W. C. Spurgers, and Jack Ratliff.

The juniors won four cups. They took cups at Barnhart, Ozona, Eldorado and Mertzon. The boys on the team were Billie Kerr, Vernie Logan, Gerald Gafford and Joe Turner Hex.

Hollis Miller was a business visitor in our city Sunday and Monday from San Angelo. Mr. Miller was formerly of the West Texas Lumber Co.; has considerable school interest at this place yet in fact he is taking week end lessons from one of our teachers.

Mr. and Mrs. Lee Duncan, Mr. and Mrs. R. T. Crain, Mr. and Mrs. Lewis Whitten, Mr. and Mrs. W. D. Gregory, Mr. A. P. Bailey and son, Payne, and Mrs. M. H. Crabb, returned Monday from a few days fishing outing on Devils River.

Felix Susen was in the city Saturday trading.

Mr. and Mrs. Doc Kerr and Mr. and Mrs. T. K. Jones left Tuesday afternoon via way of Junction to take Carl Kerr to Brady Sanitarium for an operation for appendicitis. The rain Sunday night and Monday morning made it impossible for them to go by way of San Angelo.

Mrs. Jim Cheek, of Tucson, Arizona, visited Mr. and Mrs. B. K. Cheek here the past week end.

F. R. Keele was here from San Angelo the first of the week looking after the shearing of his sheep.

Our friend George Caraway out at Station A was among the visitors to our city Saturday. He was accompanied by George Jr.

From Headaches  
Colds and Sore Throat  
Neuritis, Neuralgia

Don't be a chronic sufferer from headaches, or any other pain. There is hardly an ache or pain Bayer Aspirin tablets can't relieve; they are a great comfort to women who suffer periodically. They are always to be relied on for breaking up colds.

It may be only a simple headache, or it may be neuralgia or neuritis; rheumatism. Bayer Aspirin is still the sensible thing to take. Just be certain it's Bayer you're taking; it does not hurt the heart. Get the genuine tablets, in this familiar package for the pocket.

## Cooperative Use Pays Well

Here is a lesson in the value of co-operation.

Time was when every community had its own small, isolated electric power plant — if it had any electric service at all.

*That was before it was technically possible to link up groups of towns and provide them with power through widespread systems of electric transmission lines.*

Today many communities share each power plant. Thus they utilize the facilities more efficiently and receive a higher grade of service at a much smaller cost. The small town's new industrial importance is a direct outgrowth of this improvement in power supply.

The West Texas Utilities Company is rendering this dependable, inexpensive and elastic type of power supply to 125 progressive West Texas cities and towns.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

## School

Thelma Taylor  
Joe Muller Christian, ex-editor of the School News is home for the summer. His sister, Mrs. Brooks, who has been ill, made it necessary for Joe Muller to arrive home before the usual homecoming time.

I suppose M. Frederick Williams will be seen at home very soon as it is about time for the strays to wander back to their pens.

Our jolly seniors are not so jolly just now as they are seen frowning over exams. They ought to be glad though as this is their last time to under go such operations as these.

Carl Kerr was taken to Brady Tuesday for an appendicitis operation. We are all hoping he will be back with us very soon.

### AN APPRECIATION OF OUR NEWSPAPER

Thelma Taylor  
I wish to say in this last issue of the Hi-Life of the year of 1931-32 that I have enjoyed this newspaper and will ever look forward to reading the school news that will be rendered by E. H. S. students in the years to come. Our club was an important organization in the school life for this year. It has also gained more recognition than any other club organized in extra curricular work.

We did not always have enough time to write up our articles but most of us make time and thus helped the newspaper and ourselves also along the road to success.

As a happy ending to this year's paper and our endeavor, I wish to hand the sacred torch or our history on down to our successors when we leave this

work. This should be our pledge and may it be a symbol of our work.

High like a beacon,  
Till our strong years be sped  
And sinews weaken:  
Till others in our stead  
Take from our loosening hand  
The torch full-streaming  
which we pass at Death's command.

### PLANS OF THE SENIORS FOR NEXT YEAR

Bernice Bricker  
What are the Seniors hopes, plans, and ambitions for next year? You would be surprised! About college-let's see. Texas Tech at Lubbock seems to be a favorite with our boys. Hollis McCormick, Carl Kerr and Albert McGinty all seem to be going there. They want to go anyway. Hollis is planning to major in animal husbandry and be a first class stock farmer. Albert is partial to mechanical engineering. I'll bet he makes a first class one, too. Carl forgot to mention his major. I think we all know though. Fred's and Joe's account of Texas Tech must be fascinating to these boys.

None of the rest of our Senior boys have hopes of going to college. Lawrence and Vance Morgan are going to "do without" (according to their account). Bernard Carr is undecided about what he will do, but Morris Bricker states emphatically that he is going to be a ranchman (not a farmer). He has a good start—three pet goats that delight in coming in the house and sleeping on the beds.

We shall now consider the girls. Ladies first has failed here. How many girls are going to college? Well, Gusta V. Graves is looking longingly (and lovingly) at Texas U. Can you imagine Gusta V. teaching Spanish? That's what

she wants to do. Dixie Faught is also contemplating Texas U. as her Alma Mater for next year. Lucile Oglesby another Spanish enthusiast plans to attend Daniel Baker and major in Spanish and History. She says that she will take Mr. Holt's place here by the time he is willing to retire. Frances Bal-law thinks about Sul Ross at Alpine a great deal, while Melba Jones and Clyda Pruitt plan to go to Tyler Commercial College. Clyda's plans are indefinite but Melba wants to major in Bookkeeping. Is that a hint to Mr. Smith? Pauline Kent is going to San Antonio junior college next year, but Grace Ratliff and Pauline Rape do not know definitely what their plans are. Right now, I think perhaps I shall go to San Angelo Junior College. I hope so.

## Red & White Store

W. A. Hampton and wife, of Station A, were buying supplies and visiting with friends in the city Saturday. Mr. Hampton is Chief Engineer at Station A.

L. B. Kerr was in the city Saturday and made The Success office an appreciative visit.

### The Success 14 months for \$1.00

D. E. DeLong had the old time wet weather smiles Tuesday, had the best rains this week in two years said the ranchman.

Mr. and Mrs. Mildred Deaton and Louis Wilson and wife visited their mother, Mrs. L. T. Wilson, last week end, Mr. Wilson being away on a fishing trip with E. C. Hill, D. C. Royster and Jim Hoover.

Louis said he met the fishermen just out of Juno. L. T. and Earnest had a case of soda water, the first he ever saw put up in home brew bottles, and that Royster and Hoover's car was running out of time.
