OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIII

Eldorado, Schleicher County, Texas. Friday April 21, 1933

No. 14

## Mothers' Day To Be Observed May 14

The Churches and Sunday Schools of our city are already planning for the celebration of Mother's Day, May 14, in song and worship, and the day will be observed by many in writing special letters to Mother's by those who cannot get home for the occasion.

Senator Copeland (Democrat of New York) and Representative Jenkins (Republican of Ohio) introduced resolutions in their respective bodies authorizing and requesting the President of the United States to issue a proclamation calling upon our citizens to express more definitely and effectively our customary observance of Mother's Day.

The resolution calls for "display of the U. S. Flag on all government buildings, homes and other suitable places," an expression of "the usual tokens and messages of affection to our mothers and the making of contributions in honor of our mothers through our churches or other welfare agencies, for the relief and welfare of such mothers and children as may be in need of the necessities of life."

Beginning with the approval of a similar resolution by President Wilson, May 8, 1914, the second Sunday in May of each year has been designated as Mother's Day, but this year a Golden Rule Observance of Mothers' Day is being urged, due primarily to there being "an unprecedentedly large number of mothers and dependent children who are lacking" in basic necessities of life, such as food, clothing and shelter. Other motives are to discourage all commercializing of the observance of the day and to further heighten the cultural and spiritual values of motherhood.

The Golden Rule way of observance of Mothers' Day is founded on the deepest feeling of the human heart, which, naturally seeking a practical mode of expression, readily responds to the finer and more spiritual thinking. Hence, the following paraphrase of the Golden Rule: **In honor of Mother—** "Whatever ye would that others should do for YOUR MOTHER if she were left destitute, do ye even so for other mothers and dependent children, millions of whom today, through unemployment and other causes beyond their control, are suffering, and some of them dying, for lack of the simple necessities of life."

It is pointed out that the Golden Rule way will be equally welcomed by many as a memorial token of love for mothers who have passed on. Such would like to share their prosperity or even their mite with destitute mothers and children in memory of their own mothers who sacrificed so much for their wellbeing.

An illustrated booklet on the Golden Rule Observance of Mothers' Day may be had free of charge by writing the Golden Rule Foundation, Lincoln Building, 40 East 42nd Street, New York City. It contains Mothers' Day poems, a new hymn, "Faith of Our Mothers", and many suggestions for programs especially adapted to church, club, school, lodge and home gatherings.

## W. M. S. PROGRAM Wednesday April 26

Hymn.  
The Topic: "The Deaconess—A Good Neighbor."  
"The Wesley House"  
Mrs. A. J. Atkins  
"The Wesley House Changes Lives"  
Mrs. D. E. DeLong  
"Giving Youth A Chance"  
Mrs. A. L. Jones  
Scripture: Matt. 5:43-48v.  
"My Neighbor"  
Mrs. Johnnie Isaacs  
Scripture: Matt. 5:43-48v.  
Bulletin Report.  
Leader—Mrs. O. E. Conner  
Hostess: Mrs. W. H. Marshall  
assisted by Mrs. Dollie Edmiston and Mrs. J. E. Tisdale.

## We May Get To Vote On Beer In August

The Senate at Austin has set August 16, as a time for the voters of Texas to vote to allow the sale of beer. The time is rather short and it is doubtful if many have paid their poll tax this year, thinking that there would not be anything of importance to vote on. But the most important question of the age is to be discussed and voted on. The people of Texas are going to say whether we want beer tax at the expense of hungry children or not. Those who have provided themselves with a poll tax receipt can say.

## Mrs. C. I. Dabney

Mrs. C. I. Dabney was born January 1, 1857 and died at her home in Eldorado, April 13, 1933. She moved with her husband to Eldorado some 15 years ago, and has continued to reside here. She had been ill for several days and Thursday morning she was feeling better when her daughter-in-law, Mrs. Erice Dabney and her daughter, Leone called on her before going to San Angelo. She advised them she was feeling better and they went on. About noon she ate a little and was taken suddenly ill and died before help could arrive.

Mrs. Dabney was a member of the Christian Church, and the funeral services were conducted from the home at 2:30 Saturday, with the Elder Davis conducting the service with the Eldorado Funeral Service in charge.

The remains were laid to rest in the Eldorado Cemetery on the family lot.  
She is survived by her husband, C. I. Dabney, two daughters, Mrs. L. C. Tomlinson of Ballinger and Mrs. M. H. Habermacher of Sabinal, a son, Robert A. Dabney of Tulsa, Okla., and nine grandchildren and five great grandchildren.

Burial bearers were C. M. McWhorter, W. A. Davis, D. E. DeLong, Will McAngus, John Hill, V. G. Tisdale, Don McCormick J. F. Isaacs, R. A. Evans and J. B. Christian.

## WOOL SCOURING DEMONSTRATION

The home demonstration agents from Runnels, Coleman, Tom Green and Schleicher Counties are meeting in San Angelo, April 21, for the purpose of scouring wool. Mr. Stanley Davis of the Experiment Station will be in charge. Two fleeces are to be taken from Schleicher County sheep and the wool will be on display at the wool house after it has been scoured and carded. Much interest has been taken in this work and each home should strive to make use of their products that are so close at hand.

## CHINA STILL KNOWS HOW TO RETREAT

The Japs have entered China proper and the same old stand that China has always made is holding, just a head of the Japs. They always retreat until the Japs stop and then they make a stand.

## CARD OF THANKS

We take this method of extending our sincere thanks to the many friends for the many kind deeds shown us, and the beautiful floral offerings, during our hours of sorrow, at the death of our wife and mother.  
C. I. Dabney and family.

Sam Ashburn of the San Angelo Standard and Mr. Shut, circulation man of the San Angelo Standard-Times, were in Eldorado Thursday in the interest of the Standard-Times, and while here called at The Success office. The Daily Standard and Times have been looked forward to each day for many years and are the first to reach our city each day.

## San Angelo College Students To Give Free Program Here On Next Monday Night

Mr. E. L. Nunnally, of the San Angelo Junior College, was in Eldorado last Monday and while here made arrangements for a program to be given at the school auditorium on the night of April 24th. This program will consist of a one act play and several musical numbers by the college Choral Club. This will be entirely free and the public is cordially invited to attend.

## KENNEDY SISTERS SHOW RETURNS NEXT WEEK

Kennedy Sisters, the ten-theater show which has pleased audiences here for several years during their engagement here will return on next Monday for a week's stay.

This year the show is considerably enlarged. There are eighteen people with the company this year, and it is showing in a brand-new tent. One of the features of the entertainment is the 7-piece orchestra. A new series of plays, entirely new, will be played. This show has enjoyed splendid runs here in the past, with uniformly good performances, and an even better production is promised by Mr. Hollingsworth, with the enlarged personnel and new numbers and equipment.

## INFANT BURIED HERE TUESDAY

The ten-weeks-old infant of Mr. and Mrs. W. H. Dameron, of the Experiment Station in Sutton County, was buried here in the Eldorado Cemetery Tuesday at noon. Mrs. Dameron formerly lived here, as Miss Ruby Jones, and her father and mother are buried here.

The Rev. Neal of Sonora, Pastor of the Methodist church, conducted the funeral at the Cemetery.

Mr. and Mrs. Dameron have the sympathy of their many friends in the dark hours of bereavement.

## EDEN BOYS CHAMPION LIVESTOCK JUDGES

The Eden Boys captured loving cups and won first championship at the A. & M. College contest last week over 77 other livestock judging teams.

They win a tree trip to the American Royal Show at Kansas City. Those of the team were Hubert Whitfield, Earl Hendricks, LeRoy Bolding and James Prugal.

James Prugal is a nephew of Mrs. Joe Tisdale of Eldorado.

## TRYING TO SECURE SUNDAY MAIL SERVICE

A petition is being signed this week asking the government to give Eldorado, Sonora and Christoval a Sunday mail service. If you are interested in having a Sunday mail, call at The Hoover Drug Store and sign this petition. It looks like it could be put on with very little additional expense.

Mrs. Georgia Brittain and son, Bunch King, of Dallas, are visiting on the R. A. King ranch this week, and a couple of grandparents are really enjoying life entertaining Bunch King.

Misses Margaret Bradley and Inez Cobb visited in San Angelo over the week-end, visiting Miss Isabella Isaacs and Mrs. W. W. Worley.

Several weather profits appeared on the streets Wednesday and said it was sure going to rain. Geo. Williams and G. B. Shoemaker just knew it was, so we pass it on.

## Feeding The Family The 4-H Pantry Way

According to Miss Lola Blair nutrition specialist, from the Extension Department of A. & M. College, who met with a group of club women on April 12, 1933. The following foods are the least amounts needed daily by an individual to furnish vitamins and minerals:

Vegetables: 3 servings (leafy or green in color, 1 starch, and 1 other).  
Fruits: 2 servings, with tomatoes or citrus fruits at least 8 times per week.  
Milk: 1 pint for each adult; 1 1/2 pints to 1 quart for each child.

Butter: At least one tablespoon, preferably more.  
Protein: (other than milk) 2 servings of meat or eggs or cheese or nuts or dried peas and beans.

Grains: At least 1 serving of a whole grain. Fats, sweets, and other grain (Flour and cereals) in addition to above.

Each woman present worked out her Pantry Budget for the year so that the above requirements could be fulfilled.

## LIONS MEETING

The Lions Club met Wednesday in regular meeting. They decided to send five or six delegates to the District meeting in San Angelo Thursday, April 27th.

The club took up another worthy proposition, that of trying to get a fire insurance reduction in rates. A committee was appointed, consisting of F. J. Wood, F. M. Bradley, and W. O. Alexander, to take the matter up with the city and water works officials to try and get fire plugs and a large water main for the business section of our city.

## 24 HOUR CHEESE

5 c dry cottage cheese (crumbled in fingers)  
1-2 t. soda.  
1 t. salt  
1-2 c butter  
1 c cream (thick-sweet or sour)

cc can pimentos (if desired).  
Directions for making: Mix cottage cheese, soda, salt, pimentos (if desired), etc. Make a double boiler out of large pan and a smaller granite or enamel pan. Put butter in granite pan. Add cream and lastly the cottage cheese mixture. Keep pan in water that is simmering and not boiling. Stir the mixture until smooth (15-20 minutes). At this stage the mixture will getropy and stringy but keep stirring until this disappears. Pour in buttered mold and let set until firm. This cheese is ready for serving as soon as it is poured into mold but it will not slice until it is cold and has set from 12-24 hours. One of the secrets of making this cheese is to have cottage cheese very dry, drain all juice from pimentos (if added) and to use very thick cream.

Mabel Howell

Co. H. D. A.

Warren Marshall of Karnes City was here last week end looking after a school and visiting his brother, W. H. Marshall. We understand he was elected by the Board to teach the Reynolds School for next year.

Mr. and Mrs. W. E. Bruton and son, Ray, were in from Reynolds neighborhood Saturday.

Mrs. George Crawford, Mrs. Lewis Whitten, Mrs. John Williams and Miss Annie Pearl Finley were visitors in San Angelo Saturday.

Mrs. Blandy Crabb and Mr. Van McCormick were visitors in San Angelo Monday.

Mr. and Mrs. L. D. Bowen, of San Angelo, were visitors in Eldorado Thursday, guests of Mr. and Mrs. R. T. Crain.

**City Variety Store**  
5c to \$5 Store  
FRIDAY and SATURDAY  
MEN'S  
Dress Socks  
5c pr  
LIMIT, 2 Pairs.

## Jury Finds Tom R. Henderson Not Guilty

The jury that heard the evidence in the Tom R. Henderson case for the shooting of Alvin Armentrout, rendered a verdict of not guilty. Armentrout was killed in the Henderson ranch home, Jan. 30. No one witnessed the shooting and Henderson claimed he did the shooting in self defense. He had gone to the ranch to talk to Armentrout about some improper relation with Mrs. Henderson, which had been told about by Lee Duncan on the day of the killing.

## WOOL TYING IS DEMONSTRATED HERE

S. P. Davis, wool and mohair specialist from College Station, was here Thursday and demonstrated the tying of wool and how it should be handled to make it bring the best price and prepare it for grading. The demonstration was on the J. B. Christian ranch under the supervision of L. E. Sumner County Agent and J. E. Hill of the Local Wool Company here. The demonstration will be of much benefit to the local wool growers if they will try and profit by the proper way to handle wool. Quite a few attended the demonstration.

## LOCAL WOOL HOUSE SELLS WOOL

The Eldorado Wool House is reported to have sold early this week to J. M. Lea with Draper & Co. a carload of wool consisting of several small clips mostly from lambs and muttons which have been shipped to market. Prices were reported to be in the 18c and 16c range.

Wool prices shown marked improvements and a general spirit of optimism prevails. In many quarters it is the belief that the well grown spring wool shearing of which will start around the 1st of May, will command prices of from 18c to 20c per pound.

## MAYER HOME CLUB

The Mayer Home Demonstration Club met April 18th at the home of Mrs. Norman Hodge with eight members and one visitor present. The meeting was opened with prayer.

Roll call and minutes were read by Miss Tommye Crawford. House called for new business. Mrs. Hodges was voted as assistant Secretary. Miss Howland outlined the work to be done by the club during the year.

At the next meeting a pair of pillow cases will be started by each member. This meeting will be at Mrs. Billie Cameron's on April 27.

—Reporter.

Jeff Meers, who has been confined in prison in Chihuahua, was pardoned by the Governor of Chihuahua and is now back in the United States. And about the same time, Governor Ferguson pardoned Jose Carrasco, chief of the Texas penitentiary.

Mrs. Blandy Crabb and Mr. Van McCormick were visitors in San Angelo Monday.

Mrs. George Crawford, Mrs. Lewis Whitten, Mrs. John Williams and Miss Annie Pearl Finley were visitors in San Angelo Saturday.

Mr. and Mrs. L. D. Bowen, of San Angelo, were visitors in Eldorado Thursday, guests of Mr. and Mrs. R. T. Crain.

## Casing Dropped In Tisdale Well

Eastland Oil Co. and others No. 1 Joe Tisdale, which should have been drilling this week, has a fishing job, as 30 joints of 4 7/8-inch casing was dropped in the hole from near the top. After the pipe was run Saturday, a bailer would not go all the way down, so it became necessary to pull the pipe and take out the bad joint and while doing this the pipe was dropped. Work is awaiting fishing tools from Oklahoma which will probably consume all this week.

A gas showing was found at 5,929 feet, a pipe was being run before drilling further.

## ANNOUNCING THE SENIOR PLAY

By Thelma Taylor  
The yearly event of the Senior Class of E. H. S. is entitled, "Much Ado About Betty." This play is in three acts and is full of fun and mystery.

In the first act the heroine Willie Ruth Johnson, marries the hero Jack Ratliff, on her 19th birthday. They set out for Florida and Jack gets left behind and Willie Ruth is in a wreck.

In the second act Willie Ruth loses her mind and gets her identity mixed. She thinks she is married to Jim West, Edward O'Hare, while Jim is really married to another, Roberta Milligan and Luther Kent were the proud parents of Jim West.

In the third act the mystery is cleared up and everyone is happy and pleased.

You can't afford to miss this play because it is the best of the year. Save your pennies and come to the school auditorium Friday night April 28th. The admission is only 15c and 25c. So give yourself a treat.

## POST MASTER GENERAL FARLEY ON POST OFFICE

Postmaster General, Farley, has given out a statement that he many post office positions of the United States will be filled when the appointed time expires. So there will be no real take up in the post office departments. The local postmaster's time was out last February, but the Senate refused to renew his appointment, consequently, there are several out of the appointment. A civil annunciation will likely be required of the aspirants, and a section from the three making the highest grade, but nothing definite has been given out, and Postmaster Adams still remains willingly and doesn't seem care if they never make a range.

## S. OFF GOLD STANDARD

President Roosevelt swung the United States off the gold standard in world trade, and all kinds of commodities moves war.

The swiftly executed maneuvers by the confident president brought a turbulent reaction throughout the world.

Rail messages told first of the action of the Federal authority and then came the daily paper Thursday morning.

Miss Margaret Williams, assisted by Mrs. L. M. Hoover, Mrs. Ray Jones and Mrs. Lewis entertained her Junior B. Y. P. U. Class Saturday, April 15th with an Easter Egg Hunt. Refreshments were served to twenty-six members and twenty-two visitors. A nice time was reported by all present.

APRIL 21, 1933.

With wool and mohair coming in and selling rapidly, it looks as if prosperity is gradually returning.

Judging the future by the past, the man who has stayed on the job and took care of his stuff, will be the man who will be on top when the dust is wiped off.

The man who quits is the fellow that is out looking for prosperity when it can be found on every hand.

We have just received a copy of the Texas Almanac from the Dallas News, which is for sale to the public at 60c post paid from Dallas. It is worth the price and every home should have one. Send 60c to the Dallas News for one.

The Methodist Sunday School enjoyed an Easter Egg hunt Sunday afternoon on the Key ranch. About 100 children with a few grown-ups, took part in the outing. After the hunt, lemonade, cake and sandwiches were served.

The Legislature has been three months passing a beer bill. Now that this measure is out of the way, perhaps the state's lawmakers can give some attention to reducing taxes and passing some bills that will be of real benefit to the taxpayers. There is a budget bill which has been buried for weeks in the senate state affairs committee of which Senator Bannister is chairman. That measure ought to be brought out immediately and should be acted upon speedily. The tax savings which would accrue through adoption of this budget bill are a thousand times more important to Colorado than beer.—Editorial in Denver Post of April 7.

There has been more tax money wasted by Legislators trying to pass unconstitutional beer bills, than tax on beer will amount to in three years in the United States. If the Texas Legislators think the majority of the people of Texas want liquor back, submit it to the people and quit arguing about it. Set the date, it can be done in twenty minutes.

### SHEEPISH

Eldorado Success: Wool selling at 15c before it is sheared is one of the best signs for this section of Texas, that we have at last gotten around the corner that we have been looking for.

State Press makes it a practice to learn something every day. In that way he keeps himself at par with the Boy Scouts, who do a good deed diurnally. Learning something is a good deed, in addition to being interesting to do. What S. P. has learned today is that wool is sometimes sold on the sheep's back, without any other part of the sheep entering into the transfer. In other words, as we get it, the buyer of the wool shears it from the sheep and pays the price to the owner. That saves the latter from the expense of the operation. All he has to do is stick around when the wool is weighed. We assume that he does. The sheep's part is to grow the wool, but that is not an arduous duty. In fact the sheep can forget its wool while weeding the pasture. It isn't its hair, but its meat that brings the sheep eventually to grief. Americans have never been mutton eaters in a big way, but in Europe and Asia lamb chops and sheep stew are prime favorites on the tables of the gourmands. Man's eating habits are addicted from his associations. Pastoral peoples have always favored sheep, whereas cultivators have usually preferred horned cattle. Sheep require so much shepherding our American pioneers considered them tedious. So they chose beef and pork for their meat and were content to buy whatever woolsens they had to have. Besides Americans always liked milk and butter, which sheep are no good for, and as milk and but-

## GARDEN OF EXPERIENCE

By F. G. Clark

The "wets" are getting panicky.

First, La Guardia, that aggressive wet congressman from New York City, bursts in upon the 3.2 beer committee and warns them that legalizing beer at this time will plunge the nation into an orgie of drunkenness and disgust so many decent people that the repeal of the 18th amendment will be impossible.

Now the leading wet journals are warning those who are managing the wet campaign, that to allow the liquor business to regain its strangle hold on politics, will so alarm the people that the fight for repeal will, inevitably be lost. A recent editorial in the Colliers Weekly (an outstanding wet journal) shows plainly how the wet forces are thrown into a panic by their recent success.

The fact is that the worst feature of the saloon business in the old days was its corruption of politics and it is this feature more than any other, that caused the nation to turn "thumbs-down" on the whole nefarious business. The brewer and the distiller financed the corner saloon, and the saloon controller, the votes, or at least enough of them to place corrupt politicians in office.

The same thing is happening again, hence the panic of the wets. They are warning the wet leaders that they must keep liquor out of politics or fail.

But any sensible man must know that this is impossible. The moment you legalize anything it goes into politics. The very act of legalizing it makes it a political factor. If the nation should legalize murder it would make it a political power.

The fact is, the passion for strong drink is a human weakness, and all too many people yield to its allurements when the temptation is placed in their way. Only a few, however, will seek it out, and of course these are the customers of the bootlegger. The open saloon flaunted its tempting power in the face of every passerby, while the bootlegger must hide in dark places and be sought out by the victim.

When the open saloon was abolished, it naturally resulted in a vast decrease of drunkenness, since the average drinkers will not seek out an enemy to put in his mouth to steal away his brains. It must be thrust in his face and this is what the wets propose to do by the repeal of the 18th amendment.

Repeal means that many homes will be destroyed, society tainted, politics corrupted, and all the collateral evils attendant on these will enter into, and poison the life of the nation. The schools will suffer, the church will suffer, honest business will suffer and the whole moral tone of the nation will decline, bringing about demoralizing consequences. For what end? In order that the national treasury may have a few more dollars to waste.

ter were left for the women to look after, milking and churning being woman's work, cows took precedence over all other domestic animals in our American farmacopeia.—Dallas News

Selling wool before it is sheared is about the same as "counting chickens before they hatch," State Press has probably heard of that, in other words they have sold something they do not possess, as to a certainty, but get the money and prudence the wool later. This does not happen unless the demand is strong.

### How Black-Draught Holds its Popularity

A LAXATIVE made from highly approved, medicinal plants—yet about the least expensive laxative you can find: Theford's Black-Draught.

There's no expensive container for you to buy when you ask your dealer for Black-Draught. And its light weight has saved freight bills in your favor. Black-Draught is right with you in economy. It brings prompt, refreshing relief to sufferers from constipation troubles.

Don't put up with sick headache, sluggishness, gas, dizziness, bad taste in the mouth, biliousness, coated tongue, bad breath, distress after meals, when due to constipation, but take Theford's Black-Draught.

## THE FARMERS' WAY OUT

Irrespective of the merits of the various farm relief measures now being considered farmers should not be led into the belief that their problems can be settled entirely by legislative action.

The government can perhaps ease some of the worst effects of the depression. It may aid our agriculture over a crisis. But, in the long run, the farmers themselves will decide whether agriculture is to prosper or to continue in the doldrums—whether it is to advance or go back.

In recent years the farmer has developed a great weapon—the cooperative. We have seen what it can do under the most unfavorable conditions, and its potential achievements must still be left to the imagination. It has been a stabilizing influence when stabilization was the thing the farmer has most needed. It has fought valiantly for better prices and markets when markets and prices were shrinking. It has not, of course, done all it wanted to do. But if it had never existed, there might be chaos in agriculture far more severe than anything the country has experienced.

The future of the cooperative lies mostly in the hands of the farmer. It has been severely criticized, as is any other new institution. It has met resistance from those who prosper from disorganized farming. It will undoubtedly meet more criticism, more resistance.

The cooperatives deserve the most loyal, whole-hearted support. They deserve the enlistment of every farmer in their area. They must have it, if the new era for agriculture, which has been awaited so long, is to really come into being.

Many new features are contained in the Texas Almanac and State Industrial Guide for 1933, which has just been issued by The Dallas News. There are more than 1,000 articles, statistical tables, illustrations, and maps, answering between 50,000 and 100,000 questions about Texas. Every phase of Texas' economic, political and civic development is covered, including farming and live stock, manufacturing, wholesale and retail trade, population, railroads, aviation, highways and automobiles, motor transportation, inland waterways, minerals and mining, government and names of State, district and county officials, education, conservation and numerous other subjects.

A large folded sheet between the leaves of the volume carries political and railroad map on one side and highway map on the other. These maps were made

## REYNOLDS CLUB MEETS

The Reynolds home demonstration club met at the home of Mrs. Otto Sauer April 18, Miss Howell being absent, the house was called to order and minutes were read. All the members were present except five. We received one new member and several visitors.

The report on making pillow cases was that most of the ladies were still working on them.

The club will meet at the home of Mrs. George Dickens, May the 2nd.

C. M. Reynolds was in from the ranch Saturday on business.

## CONSTIPATED 30 YEARS AIDED BY OLD REMEDY

"For thirty years I had constipation. Sourcing food from stomach choked me. Since taking Adlerlike I am a new person. Constipation is a thing of the past."—Alice Burns. Hoover Drug Store.

especially for the Texas Almanac and are up to date and accurate. As one runs through the leaves of the volume one comes across such interesting miscellaneous articles as Historic Landmarks of Texas, Archeological Research in Texas, Noteworthy Texas Caves, the Program for State Parks, Health Resorts and Places of Recreation, Arts and Artists, Libraries Old Cattle Trails, Boundary Disputes, Kinds of Salt and Fresh Water Fish Found in Texas, Home Canning and Farm Terracing and Home Tenantry.

If one wishes to know where the principal lakes of Texas are found, how to fly the Texas flag, the depth of the deepest oil well, the amount of oil and gas in Texas reserves, where the McDonald Observatory is to be built, how much is collected from the gasoline tax or the amount of the pay roll of Texas railroads, he will find it in the Texas Almanac.

While many new articles have been included, the chapters of information that have become standard in the Texas Almanac are retained, completely revised and enlarged. There are more than 7,000 names of individuals in the book. Especial attention is given to historical features, particularly those of importance in connection with the tentative plans for a centennial celebration. The volume this year lives fully up to its reputation of being the "Encyclopedia of Texas." Incidentally, a review of its contents reveals a marvelous amount of development in the Lone Star State, even during the last few years of business stagnation.

Price 60c at news stands, 60c by mail.

WESTMOORLAND PRESIDENT TALKS

Thelma Taylor, Doctor Jackson, President of the Westmoorland College in San Antonio, talked to the High School and the Sixth and Seventh grade students last Tuesday at 10:30 A. M.

Mr. Jackson's speech was very interesting, mainly because he chose to make it so. Brother Marshall introduced this speaker to us and Dr. Jackson said he was very pleased with the introduction. He said that it reminded him of a time when an old German was asked to introduce a speaker to an assembly. The old German said "Folks, I have been asked to introduce you to so and so, who will speak to you about so and so, and now I have one so and he will now do so!" This of course caused a general roar of laughter. Next he said he would try to make his speech like a man said that talked to the college students at Westmoorland a few weeks ago. He said when he started out we would think his speech was like a dog's tail—bound to occur. Then we would think it was like a cat's tail—fur to the end; next we would think it was like a rat's tail—straight to the point and last perhaps, if it was short, like a rabbit's tail—a mere suggestion. Then began the nursery rhymes. Each rhyme had a lesson in it such as: Little Jack Horner sat in a corner Eating his Xmas Pie, He put in a plum and, Pulled out a plum—and Dr. Jackson said that what everyone should do was to put into like what you get out of it if not more.

He said if you asked yourself "where shall I go from here?" when you get out of High School then stop to think that it all depends upon where you want to go. "Select only the best in life,"

and leave off the rest. See the big things and work toward them. The worth while things are the only things so work for them. "See the things in life that are worth seeing" is a great motto for anyone to have. Quite a while ago there were only 210 articles offered for sale, now there are 3,000 offered. Do you know what to select and what not to select? If not you had better learn because you will fare far better in this old world if you know what, when and how to select what you will need now and in later life.

Are you like Humpty Dumpty? Don't have enough character to stay upon the wall? Build up your character and stay on top of the wall. The worst people in the world today are those parasites that give nothing and take everything.

Someone has said that "America is going nowhere at 60 miles per hour." If that is so we should stop and think which way we are going up or down, and which way up and down is. Bernard Shaw defines a gentleman as "one who puts into life more than he takes out of life." Are you a gentleman? You are your own judge. Stock your cupboard for later life now. Store away knowledge where it can be easily reached and don't let it be bare when you are in need. Don't just try to get by and think it is smart to put one over on the teacher. Don't let your only ambition be to get by and out of school. We were all glad to get to hear Mr. Jackson's talk and wish to assure him that it was very instructive to the students as a whole as well as individuals. —Senior Play, April 28—

SENIOR CLASS PLAY, APRIL 28

Nell Campbell The Senior Class play entitled "Much Ado About Betty", is to be given April 28 at the High School Auditorium. It is to be given under the direction of Miss Karr. A synopsis of the play is as follows: Act I.—Betty's apartments near New York. Married in

haste. Act II.—Parlor D of the Hotel Poinsettia, Palm Beach, Fla. Three days later. Betty loses her memory. Act III.—Same scene as Act II. A full honeymoon. Characters: Lin Leonard, Betty's one best bet. Jack Ratliff Major Jartree, of Wichita, not only bent, but crooked. Hollis Alexander Ned O'Hare, a jolly young money mooner. Jim West Mr. E. Z. Ostrich, who has written a wonderful picture-play.

Bell Sample Dr. McNutt, solid ivory from the neck up. Hassell Ratliff Jim Wiles, a high school senior. Aubrey Smith Archie, a black-bell-boy at the Hotel Poinsettia. Donnell Jones Officer Riley, who always does his duty. Jack Kerr Officer Dugan, from the Emerald Isle. John Alexander Mr. Ebenezer O'Hare, a sick man and a submerged tenth.

Luther Kent Mrs. Ebenezer O'Hare, "Birdie" the other nine-tenths. Roberta Milligan Aunt Winnie, Betty's chaperone. Fay Keeney Lizzie Monahan, Betty's maid, with a vivid imagination. Lillie Bell Kent Ethel Kohler, a high school admirer of Betty, Frances Mills Violet Ostrich, a film favorite, Ned's bride. Thelma Taylor Mrs. K. M. Diggins, a guest at the Hotel Poinsettia. Nell Campbell Jaffodil Diggins, her daughter. "Yes, Mamma!" Margaret Bradley Miss Chizzle, one of the Noroth Georgia Chizzies. Alicia Burk Pearlle Brown, Violet's maid, a widow of ebony hue. Evelyn Anderson Violet, Ostrich's little girl aged seven. Frances Mills Diamond, Pearlle's little girl aged six. Betty, the star of the Movagraph Company. Willie Ruth Johnson —Senior Play, April 28—

TENNIS TOURNAMENT

Milton Spurgers A Tennis Tournament is to be held at Eldorado High School April 29. The towns that will be here are the ones around us, Sonora, Mertzon, etc.; San Angelo will not be here. It is to be held at their tennis courts at Eldorado High School. There are two cups to be given away at the Tournament. One cup is to be given to the winner of the singles, one to the winning team of doubles. They are good cups and will likely be appreciated by the winner. The cups are about six or seven inches high and are very pretty cups. —Senior Play, April 28—

DISTRICT MEET RESULTS

Hollys Alexander The debate team, Jack Ratliff and W. B. Gibson, was victorious and won at the district meet held in San Angelo April 14-15. The team defeated three other teams. Jack and W. B. drew the affirmative side every time. The next highest winner was Hollys Alexander who won third place in Extemporaneous Speaking. He spoke upon the Lame Duck Session of Congress. Bell Sample, the representative of Senior Declamation, won fourth place. There were the only ones that won. Willie Ruth Johnson represented the senior declamation and J. Fay Keeney was the representative for the girls. Extemporaneous speaking. Weena Enochs represented the school in Junior High division of declamation. The Junior declamers were Maxine Wilton and Tommy Wiggins. In essay writing the representative was Lois Whitley. Eldorado makes a better record in the District Meet this year than ever before. When we think of the progress made in the district meet whether we won or lost we should consider the good that the individual learned from the work he put in on it. The student received valuable training from this work. Gold medals were given to winners at the meet. —Senior Play, April 28—

STUDENTS ENJOY "AD" TOPPERWEIN AT THE FAIR PARK Frances Mills Many of the school children went to the Fairpark Tuesday afternoon, April 11 to see "Ad" Topperwein display his art in fancy shooting. Maybe some of the boys will be able to shoot in the same manner some day. Topperwein and many things came his way. He portrayed an Indian Chief's head on a piece of tin with his gun and could burst many objects by throwing them in the air and hitting them as they came down. He could shoot from any position without aiming and he could hit whatever he wished. All of the students who saw Ad Topperwein enjoyed his shooting and would like to see him again. —Senior Play, April 28—

ELDERADO GOES TO THE DISTRICT TRACK MEET

Gordon Williamson The team left here about 7:30 o'clock Saturday morning. It was very still and the boys were all in good shape. It was very warm down there. The boys that went were: W. B. Gibson, mile runner; W. C. Spurgers, mile runner; Lefty Smith, low hurdler, shot put, and mile runner. Junior Isaacs, all dashes. The boys did not do much at the meet because they had too much competition. Every one of the men will be back next year except Lefty Smith. In the dashes Junior Isaacs didn't place in the mile run. W. B. Gibson or W. C. Spurgers did not place. Lefty Smith placed only in one event and that was the one mile run, in which got second. Lefty Smith was also expected to be good in the shot put, but he could not ever get over 39.7. Lefty Smith will be the only one to go to the state in track from Eldorado High School. The boys are expecting to do better next year at the district meet. —Senior Play, April 28—

IGNORANCE vs EDUCATION

Ignorance digs ditches, education links oceans with canals. Ignorance climbs the rugged trail to cross the mountain, education takes the short cut thru the tunnel. Ignorance is selfish and envious because the fruits of its toil are meager while education is liberal and helpful.

because it draws heavily on the abundance of nature and the cooperation of man. Ignorance scurries in the dark room over the rocking chair of prejudice. Some education puts a switch on the door to give light to all who come its way. Ignorance is the deformed neighbor of education who does not know the truth and that the truth will make it whole.—Ethenage. —Senior Play, April 28—

THE GREATEST CAREER

I do not say that a man needs a high school or a college course to become a millionaire, or reach the pinnacle of many a great industry. But I do say that a high school education would help every boy and girl to become a better citizen. And it would lay the foundation in their youth on which they might build any career the future might open to them. But career or no career, the greatest profession in this world is the profession of motherhood and fatherhood. And the greatest business on earth is the business of happy homemaking. And every man would make a better father, every woman would make a better mother and we would all be better home builders if we could have the advantages and the mental discipline of a first-class, practical high school course.—Warner. —Senior Play, April 28—

NOT AN ECONOMY DEVICE

There may be sound reasons for proposing a change in the basis on which state school funds are allotted, but the change must not be made a device for cutting down on the total to be apportioned. Treat these matters as we will, however, no settlement should be allowed to affect the total of school funds. If we apportion on the basis of enrollment rather than per scholastic, then the apportionment should be increased in the same ratio that the scholastic population exceeds in numbers the actual school enrollment. We are facing financial difficulties, but we have not yet become so poor or so fearful that we must sacrifice the fundamental schooling of Texas children—never yet on a plane or which we could be proud.—Houston Chronicle.

extremely high speeds these distances are increased many times. How would you like to be in an automobile that has just leaped from a precipice one hundred or more feet high? You would be just as safe (at least until you hit the rocks below) as you are rolling along the highways mile after mile at customary road speeds. An automobile traveling 40 miles an hour has the same capacity for inflicting damage, or the same smash as it would have from a straight drop through the air 54 feet—and going 60 miles per hour, as if it were dropped 120 feet. The automobile is one of the most useful, and one of the most potentially dangerous, of human inventions. Its safe operation requires constant caution, knowledge and regard for the rights of others. Because a percentage of drivers have lacked those qualities the highways of America see the unnecessary deaths of more than 30,000 people annually. Last year a slight improvement was registered—this year we can do a great deal more if we make the effort. It is a problem that is up to the individual driver, and its solution is in his hands.

HAZARDS WORTH HEEDING

It would be a good thing if all automobile drivers were required to learn a little lesson concerning the potential destructive power of a moving car, and the great distances required to stop. A car moving at the slow speed of twenty miles an hour requires 20 feet to stop under the best of circumstances after 4-wheel brakes are applied—and with the average driver, it will have moved 14-12 feet before he is able to apply the brakes. At 30 miles an hour, it will go 22 feet before he applies the brakes, and another 45 feet will be required to bring it to a stop. If it is moving 40 miles an hour, the brakes will not hold until the car has gone 29 feet, and 80 feet more will be covered before the car is stopped.

BOOT and SHOE REPAIRING

Special For a Few Days Foxing \$4.00 to \$5.00 — Rubber Heels 35c NEW BOOTS. Let us make you that new pair of boots. Fit guaranteed. From \$15.00 to \$18.00 C. J. CHESNEY BOOT SHOP

We Want To Handle Your Wool & Mohair. The Sonora Wool & Mohair Company solicits the Wool and Mohair business of Schleicher County. We keep in touch with the market at all times and closely connected with all Eastern buyers. Wool and Mohair shipped to Sonora has the same rate to Boston as from San Angelo. We handle Wool Bags, Fleece Twine, Sewing Twine, Marking Liquids and Fly Repellent. Officers are: Ed C. Mayfield, President. W. A. Miers, 1st Vice-pres. J. N. Ross, 2nd Vice-pres. R. A. Halbert, 3rd Vice-pres. A. C. Elliott, Sec't-Treas. W. J. Fields, Jr., Manager.

Telephone Service. When your Telephone Service is not what you think it should be, Telephone us at once. We deem it a favor, as we are prepared to render GOOD SERVICE. And anxious for you to have good service. SAN ANGELO TELEPHONE CO.

A REAL FOOD. Milk is one of the best and most needed foods. We can supply your needs from our dairy, from a State Certified Herd. We need your patronage and your SAMPLE DAIRY PHONE 5104. Royal Arch Masons Meet 2nd Tuesday Night In Each Month.

IN THE POULTRY YARD. —where quantity and quality of eggs determine the real cost of any feed—that's where you find RED CHAIN Egg Mash to be the most economical egg producer! A sack of feed costs more than a sack of sawdust—but you can't "save money" by feeding sawdust to your chickens. Likewise, a sack of RED CHAIN Orange-Vitamine Egg Mash costs more than cheap imitations—because it's worth more to YOU! Feed it to your own flock; test it in comparison with any other egg mash, and you'll feed RED CHAIN every day in the year—for bigger year round poultry profits! RED CHAIN Feeds Are SUPERIOR Feeds. SELF-SERVE Grocery.

INSURANCE. CAN WRITE YOUR FIRE INSURANCE AND LET YOU PAY MONTHLY, QUARTERLY, SEMI-ANNUALLY OR ANNUALLY. J. L. RATLIFF. E. C. Hill, B. E. Moore, W. R. Lewis of our city and J. M. Plunger of San Angelo, are angling for the finny tribe in Old Mexico this week. They will probably see sights and visions unbelievable on this excursion. Mr. and Mrs. A. D. Richey spent Easter Sunday at Talpa visiting Mr. Richey's mother.

TRESPASS NOTICE. This will notify the public that all the lands owned or controlled by me, is posted, and all people are forbidden to hunt, cut wood or otherwise trespass on my lands, and if caught will be prosecuted to the full extent of the law. This means "KEEP OUT" J. A. WHITTEN. Mr. and Mrs. J. B. Christian went to Lubbock last week end to see Joe Muller Christian and the College, returning Monday.

CASEY GARAGE. I have an All-Electric Stormizing Machine and will Stormize your Block, any make of motor, free of charge and Guarantee it from twenty to thirty thousand miles. I do all kind of Battery Work. If you are broke, See Me. ACETYLENE WELDING FIRESTONE BATTERIES and U. S. L. Batteries, M. & M. Batteries in Stock at all times. We charge nothing but batteries. Will trade for Cows. —Adv.

Get Real Relief From Monthly Pains. SEVERE monthly suffering is a sign of warning. If you are having aches and pains every month, heed the WARNING. See what is wrong. Treat the CAUSE of the trouble. When womanly aches and pains are due to a weak, run-down condition, take CARDUI. It has been used by women for over 50 years. It is a purely vegetable medicine and it cannot harm you. Thousands of women have said that when they had built up their strength with the help of Cardui, real relief was obtained and their general health and feeling of well-being improved. If you suffer this way, try Cardui, which you can get at the drug store.

HAZARDS WORTH HEEDING. It would be a good thing if all automobile drivers were required to learn a little lesson concerning the potential destructive power of a moving car, and the great distances required to stop. A car moving at the slow speed of twenty miles an hour requires 20 feet to stop under the best of circumstances after 4-wheel brakes are applied—and with the average driver, it will have moved 14-12 feet before he is able to apply the brakes. At 30 miles an hour, it will go 22 feet before he applies the brakes, and another 45 feet will be required to bring it to a stop. If it is moving 40 miles an hour, the brakes will not hold until the car has gone 29 feet, and 80 feet more will be covered before the car is stopped.

### BAILEY RANCH SCHOOL NEWS

#### EASTER EGG HUNT

By L. D. Mund

An Easter egg hunt was given at the Bailey Ranch Church house Sunday afternoon.

There was a prize egg hidden and it was found by Ruth Caraway of Station A. The prize was a nice Bible. Everyone seemed to enjoy the hunt.

—B.—R.—S.—N.—

Last Saturday night Brother Ray preached a good sermon at the Bailey Ranch Church. He also preached three good sermons Sunday and dinner and supper was served on the grounds.

—B.—R.—S.—N.—

#### "NEWS"

By Louis Kerr

The eighth grade have finished most of their subjects and have started their review.

Plays have been ordered from which the pupils in high school will pick a play for the last of school entertainment.

Most of the pupils of the eighth grade report that they expect to make good on the final examinations.

Mr. Redford's extra period has slowly dwindled down to small numbers.

—B.—R.—S.—N.—

#### JOKES

By L. D. Mund

Mr. Redford: Waldine, how many calf tails would it take to reach from Chicago to New York?

Waldine (not to be outdone) replied: "One if it were long enough."

Jim: Say, Bill, what was that noise over at your house last night?

Bill: Some fellers dumped a load of beer out over there.

Jim: What! A load of beer?

Bill: Yeah, you see I was the load.

Jack: Say, Ervin, what did you cut your dog's tail off for?

Ervin: To keep my mother-in-law from thinking he is glad to

According to L. T. Wilson, Carl Reagan was running high fever last week-end. He found a poster announcing a Bull Fight at Villa Acuna and Reagan's fever went up to 104 in less than five minutes according to his close friend, Wilson.

Mr. and Mrs. Taylor Silliman, Mrs. Joe Jackson and Herman Jones of Ft. Stockton attended the funeral of the Dameron baby here Tuesday.

Mr. H. B. Pennington and son from Floyd County, are visiting Dr. Pennington and wife this week, while here are angling for the finny tribe.

Jeff Harkey and wife of Iraan were in Eldorado Saturday on their way home from San Angelo.

see her.

#### GIRLS ATHLETICS

By Pearl Faught

The girls of Bailey Ranch have been playing indoor baseball. Miss Herbert and Mrs. Spencer choose sides and we play in different places every day. We have the sides divided. The number 1 and 2's. The number ones have won most of the games. The number ones' side consists of the following, Lois Parks, Bonnie Mund, Florence Nixon, Margaret Faulls, Fern Parks, Colleen Stevens, Mildred Mund, Norah Mund and Mildred Bounds. Numbers two's line-up is the following, Pearl Faught, Marjorie and Maurine Parks, Fern Parks, Earline Tate, Alice Mund, Mozelle Parks, Beatrice Waves Ruthy Mund and Charlene Mund.

The scores for this week so far are in favor of the 1's, which we know we will win in ten days.

—B.—R.—S.—N.—

Miss Mabel Howell organized a 4-H club for the girls about two weeks ago. We elected our officers who were as follows: President, Marjorie Parks; Vice president, Maurine Parks; Secretary, Earline Tate; Reporter, Lois Parks. Our next meeting we hope to start to work.

## Put These Efficient Low-Cost Servants in Your Home

Electricity has been the magic force that has revolutionized home management. Through its use, present-day home-managers have gained happy freedom from household drudgery... have saved time, work and money... have protected health and happiness... have made of their houses real homes... all at the cost of only a few pennies a day for electric service!

Take the list below, right now, and check to see how many of these "Electrical Servants" you are enjoying. Every one of them mean added convenience, new economy, additional labor-saving and more efficient home management.

Since the organization of this company, the net average (total income divided by the total number of kilowatt-hours sold) electric rate has been lowered more than 60 per cent! You now can enjoy the superiority of complete electric service for less money than you paid for only inadequate lighting and one or two small appliances a few short years ago! Think of it... for only a few pennies a day you can enjoy all the incomparable advantages of modern "Electrical Servants"!!

Ask a trained representative for further information. You will be happily surprised to find how much you can accomplish electrically for such a small amount.

- Fan
- Iron
- Grill
- Clock
- Radio
- Ironer
- Heater
- Toaster
- Sun Lamp
- Vibrator
- Percolator
- Food Mixer
- Waffle Iron
- Egg Cooker
- Heating Pad
- Refrigerator
- Water Heater
- Electric Range
- Clothes Washer
- Vacuum Sweeper

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

## West Texas Utilities Company
