

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIII

Eldorado, Schleicher County, Texas. Friday May, 5, 1933.

No. 16

Oil Wells Both Active This Week

The W. R. Nicks, which has been cleaning out for several weeks, trying to reach the original bottom of 6,170 feet, was down to about 5,940 feet at last report. Phillips Petroleum Co., is completing this test.

No. 1 Joe Tisdale, also being drilled by Phillips Petroleum Co. and others, is cementing lost pipe in the well, and will drill by same, top of the lost string of pipe is 5,205, the bottom of this hole was 5,984, with a showing of gas, when the casing was dropped.

COWBOY REUNION AT STAMFORD JULY 3-5

STAMFORD, May 2.—An extensive program of improvements including the doubling of the grandstand seating capacity of the rodeo arena, is nearing completion at the Texas Cowboy Reunion Grounds here. More attractive grounds and a more orderly system of handling the crowds will greet the cowboys and other visitors who attend the fourth annual Reunion here July 3, 4 and 5.

Congestion which resulted last year when thirty thousand people flocked to Stamford for the picturesque gathering of cowhands from this and adjoining states made the improvements necessary.

BEER REFERENDUM AUG. 26, SO SAYS LEGISLATORS

The Texas Legislature completed its work Saturday on the beer referendum bill, and the people will get to vote on the question the same day that the repeal of the 18th Amendment is to be voted on, August 26th. The bill provides that all districts that were dry before the 18th Amendment became a law will still remain dry, until the people of said subdivision votes the district wet. Eldorado was dry long before the 18th Amendment was made a law and if beer or liquor is ever legally sold in our city it must be voted back by our citizenship.

The bill submitted by the Texas Legislature was agreed upon by both wets and dries and the date set for August 26 this year.

M. E. CHURCH NOTICE

Sunday School at 9:45. Preaching at 11:00 A. M. by pastor. Also services at 8 P. M. A Communion Service at the close of the morning service.

We invite you to all of our services.

W. H. Marshall, pastor.

Eldorado Wool Company Sells Three Cars Of Wool

The Eldorado Wool house sold early this week to Joe Walker representing Wostenholme & Co two cars of wool of varying types at 20 cents per pound, and to J. M. Lea representing Draper & Company one car of mixed wools in small lots at prices reported to range from 17c to 20c.

Shearing of Schleicher county's 1933 wool clip will be in full blast this week and will continue through the month of May. It is anticipated by shearing crews that the peak of shearing will be from May, 10th to 15th.

MAYER HOME CLUB

The Mayer Home Demonstration Club met April 27 at Mrs. Billie Cauthorne's with 13 members present and 3 guests.

House was called to order by President. Minutes read and read by Secretary. Old business was settled and house called for new business. Mrs. G. C. Crosby resigned her position as Sec. - Treas.

Pillow cases were begun by most all of the ladies present. The next meeting will be at the home of Mrs. R. G. Nance. Chickens will be canned at his meeting.

—Reporter.

PRAIRIE DOG NOTICE

The State law makes it compulsory for the ranchmen to kill out the prairie dogs on their land, if they don't, I will have it to do at the land owners' expense. You are hereby notified to get the job done if you want to do the work yourself, as the law will allow me pay for the work at your expense.

O. E. Conner, Sheriff.

Standing good jack at Brice Dabney's place. Service charges \$5.00, \$7.50 and \$10.00. If party or parties can locate as many as three mares at any ranch or farm, will bring jack out within radius of 20 miles of town. For information, see or drop card to

Billy Stewardson, Eldorado, Texas.

Mrs. Wheeler is here visiting her husband, "Skinny" Wheeler this week, and Skinny is having a hard time keeping everything a secret. Anyway Mrs. Wheeler enjoys the humor and is delighted to be in our city once again, and Mr. Wheeler is looking better and younger.

O. B. Page was in from the ranch Monday looking after business and meeting friends.

Rain Falls Wednesday Afternoon

Wednesday afternoon a rain accompanied by hail covered most of Schleicher county and amounted to about one half-inch. It will bring good cheer to our ranchmen and farmers as it will do much good.

WOOL SCOURING DEMONSTRATION

A wool scouring demonstration was given by Miss Mabel Howell, County Home Demonstration Agent, April 28, 1933, at the Eldorado Wool House. Approximately 50 men and women were present and much interest was shown. Mrs. W. E. Bruton, President of Reynolds Home Demonstration Club was present and demonstrated the carding of the wool, making bats suitable for comforts and quilts.

RITZ DISCONTINUES FOR TIME BEING

Mr. Fred Lohn, manager of the Ritz Theater, here, will discontinue his Thursday, Friday and Saturday night shows here for a while and gives full time to his Sonora house.

He wishes to express his thanks and best wishes to the people of our city for their cooperation during his stay here.

TANNING HIDES

There have been many requests for tanning hides in Schleicher county, so I am presenting the following method to the paper:

Flesh skin carefully; then soak it from 2 to 6 hours, according to its weight, in the following liquor:
4 gal. cold soft water
1-2 ounce borax
1-2 pint salt
1 ounce sulphuric acid
This will prepare it for the tanning liquor and set hair securely.

Take two gallons of cold water, 1-4 lb pulverized oxalic acid, and one quart of salt. Put skins in this and leave until there are no more dense spots to be seen. It will take about 48 hours for a cat skin or other fur of the same thickness and a longer time for heavier furs. When tanned remove and wring dry, then hang in the shade and pull while drying so they will not get hard. This tan is proof against moths and is a very nice one.

To Tan Hide With The Fur Or Hair On

If skins are very dry soften by soaking in water till there are no more hard spots.

Put in following solution:
Cook together in 5 gal. or water, 10 ounces of alum and 15 ounces of salt, allow skins to remain in this solution 24 hours, take out and then add to the above mixture 1 lb of flour and 6 ounces of neatfoot oil, using a little of the first mixture to dissolve the flour and then add too the whole. Replace hides in this mixture and allow to stand 24 hours after working in the mixture for one half hour. Take from mixture and allow to dry out, next dampen on flesh side and roll up in sacks, let lie over night, next morning work out on fleshing beam and fleshing knife (use back or knife), sprinkle with a little flour on the flesh side as you work to keep it white, (note). Do not put the hide into the cooked mixture till it is cool enough for you to stand your hand in it comfortably.

Mabel Howell, Co. H. D. A.

Mrs. A. D. Richey, mother of A. D. Richey of our city, and Mrs. A. N. McIntyre, niece of Mr. Richey, of Talpa, are guests of Mr. and Mrs. A. D. Richey this week.

J. L. Holland was up from Christoval Tuesday looking over a good town.

Our 27th Annual Subscription Campaign

The Success will enter its 28th year of business July 1, 1933 and as usual we put on a 60 days campaign, and for 60 days each year we send The Success to every home in the county for the 60 days period, hoping to interest all our people in becoming permanent readers.

\$1.00 will bring you The Success until July 1, 1934, for 14 months if you live in Schleicher County. So if you get the paper for a while, we trust you will appreciate it and get on our list as a permanent reader. Everything advancing and after July 1 we will go back to our regular subscription of \$1.50.

This offer is for renewal also.

THE SUCCESS

GOVERNOR MURRAY VETOES OKLAHOMA LIQUOR BILL

Governor William H. Murray vetoed the referendum bill of Oklahoma claiming it was unconstitutional, the way it was passed.

It will take a special session for Oklahoma to get it passed again.

CYCLONE VISITS WEST TEXAS

Thursday News dispatches and Radio messages announce that a cyclone visited several West Texas Counties, including McCauley, Fisher, Spur, and Dickens Counties. The wind was accompanied by heavy rains. Lots of damage done, but no lives lost.

TORNADO OVER U. S. TAKES 63 LIVES

Tornadoes that swept several States the first of the week, took a total of 63 lives.

Lometa McDonald is visiting her mother at La Feria for the next two weeks.

Jess Koy was in from the ranch Thursday looking after business.

Mr. and Mrs. J. O. Willoughby were in from the ranch Monday visiting and meeting friends.

George Williams was in from the farm Thursday.

S. J. Booth was in from the farm Wednesday.

Rev. W. H. Marshall went to San Angelo Thursday to attend a Missionary meeting.

The rain Wednesday was fine but more would have been better.

Marion Wade was in the city Thursday.

Cicero Swift Painfully Burned

Word was received Friday that Cicero Swift, son of Mr. and Mrs. W. D. Swift, had been painfully burned by the explosion of a gas engine. They went to his bed side at the Santa Rosa Hospital, and found him suffering greatly from the burns but said there was not anything serious, according to the physician. He will be in the hospital several weeks, his mother remained with him. The accident happened Wednesday April 26. Cicero has been working for the Heldensell Construction Co., and was with them when the accident occurred. Mr. Swift was in Eldorado Monday and reports that he thought the boy would be out of the hospital in three or four weeks. Mrs. Copeland, daughter of Mr. and Mrs. Swift returned with Mr. Swift for a few days visit here.

BOY SCOUT CABIN

A campaign was begun in earnest yesterday and will be pushed to an early completion, to build a Boy Scout Cabin in Eldorado.

The building will be located near the school house and will be 23 x 32; divided into an assembly hall with platform; four patrol rooms, and an office for the Scout Master. The building will be of stucco.

This arrangement will be an honor to our town and every citizen should feel proud of it. As to the cabin and what it will be used for will undoubtedly be worth much to our boys, as well as our Camp Fire Girls.

The committee yesterday paid all council dues for both the and girls and our hopes are, that the girls will revive their organization.

At the Lions Luncheon yesterday, we raised \$132.00 and will need about \$200.00 more. A committee is now soliciting and will call on everyone. It will take only a small amount from each to make the amount. And we earnestly ask that every one do their best.

A list of contributors will appear in this paper each week.

The boys are now meeting in the E. W. Brooks building, thanks to Mr. Brooks.

There are 16 fine boys in the troop and there is room for a few more.

J. A. Whitten,

Sam Oglesby reports a light rain at the Oglesby ranch.

Bert Page reports one-fourth inch rain at his place.

F. B. Gunn reports about a half-inch rain at his ranch.

Paul Nixon reports only a light rain about a fourth inch. His son, Robert, reported half-inch.

V. G. Tisdale was a business visitor in the city Wednesday.

Mrs. W. D. Gregory of Shell Station entertained the Eldorado Bridge Club Thursday afternoon.

J. C. Crosby left Thursday morning to spend a few days on his ranch between Junction and Rocksprings.

CREAM WANTED on Wednesday and Saturday.—Andrews Store.

Former Eldoradoan Dies At A'pine

Tom W. Palmer, for many years a ranchman of this County, and who in his early West Texas life was ranger and deputy sheriff of this county, died at Alpine his present home last Wednesday April 26, age about 80 years. Mr. Palmer was born in Missouri and was a lad of about 14 or 15 when the Civil War closed and he and his people were close friends and member of the Quantrell band, which did much good for the Southern cause as well as damage to the Federals. Allen Palmer married a sister of Jessie James, the first time. Tom Palmer came to Texas about 50 years ago and was a cowboy on the William L. Black ranch on the head of the San Saba. He was for a time a ranger belonging to the Texas rangers with headquarters in Llano County, but came to this county before it was organized and for many years ranched in this county. He was joined here by his brother, Allen, and for several years farmed near Eldorado on the ranch now owned by J. T. Jackson and Mrs. W. L. McWhorter. They sold their holding here about fourteen or fifteen years ago and moved to Alpine, Texas. He accumulated quite a nice fortune while he ranched here.

Mr. Palmer loved the west and the big hearted people of the west and enjoyed playing pranks on people. He was big hearted himself and kept open house for all who came his way, and when the county began to settle up Tom wanted to go further west and sold out here and went to the Big Bend country for a ranch life. His declining years were spent in Alpine with his sister-in-law, Mrs. Allen Palmer, at who's home he died.

During his early ranching in this county, Mr. Palmer raised fine horses and enjoyed running them. He was a warm friend of Robert Payne, a former Methodist minister here and he was known on several occasions to hand the minister a cigar wrapped in a five dollar bill. He was never affiliated with any church that the writer knew of and was never married. We have spent many hours in his home and in his company and know him to be the "Good Samaritan" to the man in need.

About fifteen of our citizens attended his funeral at Alpine last week, among them Mrs. C. C. West, who had lived a neighbor to Tom for many years and who was a very close friend of Mr. West in his life time. His remains were laid to rest in the Cemetery at Alpine. He had a brother Ed, but we have no information as to whether he still lives or not. Mr. Palmer was well known throughout this section of Texas, and many Success readers were his acquaintances and friends.

Miss Mabel Howell, the demonstration agent made a trip to Sherwood last Thursday at which time American Cheese was made before approximately 25 Irion county ladies. Several demonstrations are to be given in that county during the week of May 15-20 by Miss Howell.

Willie Mund, young son of Mr. and Mrs. Henry Mund, is a promising ball pitcher. We understand he was on the mound when Bailey Ranch and Station A had their opening season game last week. Willie evidently had a poison arm from the way he handled the pill.

We have plenty of tools for Gardening and Hoes and Sprays for yard watering. Everthing almost for half price of former years, with the same good quality.

Farm Implements, sweeps and field tools. Exclusive Hardware Dealers with Quality Merchandise.

MAY 5, 1933

The wool house is receiving lots of wool this week as the warm weather is hurrying up the shearing and the price too is having its weight on getting it off. No one seems to know whether the price will remain up at production post or might slip back to the losing proposition that it has been for several years.

Some of the big Companies that hold mortgages on property, remind us of the fellow that went to the bank when he thought it was broke and wanted his money, when the cashier went to pay him, he said if he could get it he did not want it, but if the bank could not pay it he wanted it. Some of the big mortgage holders, if they knew they could get the money they might not want it. Anyway this generation has learned a lesson that they can buy too much on installment plans, but it looks as if now that the value is getting back to where it belongs and that property will be worth more than money. The time is not far distant when security will be of more value than the dollar.

A proposed \$1 tax on Texas salt was killed in the House Revenue and Taxation Committee after opponents had shown that such a tax would be a discrimination against Texas salt makers and that as little as \$1.50 a ton was received for much of the salt mined. The Legislature has shown a willingness to be fair to Texas industries and an unwillingness to enact any legislation that might disrupt or interfere with the industrial development of the State.

Mr. F. M. Bradley, Chairman of the Schleicher County Relief Committee, announces that applications for enrollment in Emergency Conservation Work in forestry and other outdoor projects would be received at his office. He said for the time being, applications would be held in here and that approved applicants would be advised later as to where to report for physical examination.

Mrs. C. T. Womack and children, Jane, Jimmie and Billie, of San Angelo, were here last week end attending the senior play and visiting Mrs. Womack's mother, Mrs. C. C. West. Jimmie West is one of our Seniors, was one of the guys that was looking for his wife in the play.

Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All dealers. (Adv.)

SURPLUS SKIM MILK PRODUCES EGG PROFIT

Sherman—The value of feeding milk to poultry has been shown by the 14 poultry demonstrators of the girls' clubs when the profit per hen during the month of February, where plenty of milk was fed, was 12-14 cents, in comparison with 4-14 cents where no milk was fed. Loretta Mulder, poultry demonstrator of the Dorchester Girls' Club, showed the largest average profit per dozen on eggs. From her flock of 252 milk-fed hens she obtained eggs which sold for \$51.06.

Fourteen other girls' reports showed that the average profit per hen was 6-14 cents, this profit being brought down by buying meat scraps to balance the feed ration instead of using sour milk.

GARDEN OF EXPERIENCE

By F. G. Clark

SOUND MONEY

This Column has been advocating cheaper money for the two years past, as a cure for the depression. Christ said to the young man, inquiring the way of eternal life, "One thing thou lackest. That is true of our condition now. We have every thing in abundance except the one thing needful. Our national condition may be compared to a long train standing on the track, each car loaded to its limit with the good things that sustain life. The farmer and ranchman has loaded many of the cars with food and the raw material for clothing. Other cars are loaded with the products of the factory and the mines. A fine engine is hitched to the train and it is in perfect order. The train crew is ready and the fuel tank is filled with oil and the fire is burning under the boiler. But there is no steam to plunge the pistons. Why? Because the man in charge of the water tank refuses to turn on the faucet. And this is the one thing needful. We changed faucet tenders and our new one, i.e. Roosevelt is turning on the water and the steam is beginning to rise in the gauge. Soon the pistons will begin to plunge and the train begin to move, and ere long the good things with which the cars are stored will be distributed among those who have long stood in need of them. Then the bugbear of overproduction will be exploded and the depression a thing of the past. Money is to the business world what steam is to the engine, and when the supply is sufficient the wheels of industry will begin to move.

Now what is sound money? In answer to this one thing seems to be lost sight of by our statesmen. When the supply of money departs from the normal needs of the business world, that money is unsound, whether it be deflated or inflated. When money is deflated until commodity prices decrease and debts increase until ruin stares the whole nation in the face, then that money is unsound, since it no longer serves the purpose for which it was created. It has become too weak to do its part and the whole machine slows up. There are plenty to point out the danger of inflation, and there is such a danger if carried too far. Any departure from a normal supply makes money unsound. But there is this difference: When money is deflated the poor man suffers, and when it is inflated, the rich man's interests suffer.

Mr. Roosevelt is giving us just what we need, a controlled inflation, and when this is accomplished we will have "sound money."

Judge C. C. Doty, who has been on the Perner ranch in Crockett County, returned last week and reports that Mr. Perner fell from a windmill tower last week and barely crippled himself. He just was recovering from a crippled foot in the other foot when he fell last week. Now he is laid up for another spell.

M. W. Jones was in from the ranch Monday looking after business and buying supplies.

A Laxative that costs only 1¢ or less a dose

NEXT TIME you need medicine to act on the bowels, try Theodor's Black-Draught. It brings quick relief and is priced within reach of all. Black-Draught is one of the least expensive laxatives that you can find. A 25-cent package contains 25 or more doses. Black-Draught is made of approved laxative plants, firmly ground so you take the medicine into your system just as naturally as you get nourishment from the food you eat. Refreshing relief from constipation troubles for only a cent or less a dose—that's why thousands of men and women prefer Theodor's Black-Draught.

TEXAS INDUSTRIAL ACTIVITIES

Industrial development is explanation of the fact that during February of 1931 Texas wage earners were 6,000 more than they were in the peak month of a decade earlier.

A bill to require textbooks used in the Texas public schools to be printed in Texas has been favorably reported by the House Education Committee.

Hammond Laundry Cleaning Machinery and Supply Company has been incorporated at Waco with William S. Hammond, F. H. Winslow and Clifton E. Howard as incorporators. The company, which heretofore has been unincorporated, manufactures a complete line of laundry machinery and equipment.

Texas was one of the very few States to show an increase in its export business for 1932. According to Department of Commerce figures, the total of Texas exports for the first nine months of 1932 was \$209,835,320 as compared with \$203,313,312 for the same period in 1931. Some States, Ohio among them, showed as much as a 50 per cent decrease in that period.

Fire loss of \$50,000 was caused to the Cumner-Graham Company plant at Paris when two warehouses with their contents were destroyed. Manufacturing activities were not interfered with seriously, as none of the machinery was damaged in the main plant.

The Tracy-Locke-Dawson advertising agency of Dallas has opened an office in New York in charge of Shelley E. Tracy and Joe M. Dawson. Raymond P. Locke of the firm will remain as head of the Dallas office.

INSURANCE

DO YOU WRITE YOUR FIRE INSURANCE AND LET YOUR MONEY MONTHLY, QUARTERLY, SEMI-ANNUALLY OR ANNUALLY.

J. L. RATLIFF

The Senior Play Friday night drew a large crowd and from the applause given, the play was real entertaining, and the players displayed much talent. There are twenty members in the class.

Mr. and Mrs. O. E. Conner left Tuesday for Huntsville where they went to take Wallace Bailey and G. L. Batton to the Penitentiary. This only leaves one prisoner in the County Jail.

CASEY GARAGE

I have an All-Electric Storming Machine and will Stormize your Block, any make of motor, free of charge and Guarantee it from twenty to thirty thousand miles.

I do all kind of Battery Work. If you are broke, See Me. ACETYLENE WELDING FIRESTONE BATTERIES and U. S. L. Batteries, M. & M. Batteries in Stock at all times. We charge nothing but batteries. Will trade for Cows.

COUNTRY WOMAN'S CLUB

The Country Woman's Club held their regular meeting Wednesday April 26th at the home of Mrs. McSwaine. A large attendance being present.

The roll was called with nine members and five visitors present, of which, three made application for membership. New members were Mrs. Ira Huchison, Mrs. Gordon Alexander, and Mrs. Tom Alexander. Mrs. Tom Alexander being a member of the town club found it more convenient to meet with the Country Woman's Club and plans to send in her resignation. Mrs. Ira Huchison was elected as our substitute parliamentarian as Mrs. Joe Edens could not attend regular.

Miss Howell gave a talk on the contents of a real budget system and gave a rug demonstration, showing the hooks used and how to use them.

Nice refreshments were served by the hostess and Mrs. Paul Nixon will have the club with her Wednesday May 10th.

—Reporter.

DR. J. C. DOLLEY SAYS ROOSEVELT BACK STEPS

AUSTIN, Texas, May 2.—President Roosevelt's decree on April 19 placing an embargo on all gold exports from the United States for an indefinite period of time was the most momentous financial development of the past month, Dr. J. C. Dolley pointed out in his monthly financial report for the University of Texas Bureau of Business Research.

"It was the more amazing in that the move amounted to a direct contradiction of the financial and monetary measures which he had hitherto taken," he said. "The decision to abandon gold apparently is to be interpreted as the first step in a definite program of government sponsored inflation, in which event, the country having just emerged from a paralyzing banking crisis, will be faced with the grave difficulties of carrying on business with a dollar of very uncertain purchasing power.

"The critical banking situation which the Democratic administration inherited on March 4 has been in large measure cleared up as a result of masterful handling. At least 90 per cent of the country's total banking resources have been restored to normal functioning. A great many banks, however, with aggregate deposits variously estimated at from \$2,000,000,000 to \$4,000,000,000, are as yet closed or are operating on a restricted withdrawal basis. Most of these latter banks are now under the supervision of conservators and are working out plans of reorganization preparatory to reopening.

"The abandonment of the gold standard on April 19 was purely voluntary on the part of the United States. Aside from a wholesale flight from the dollar by American citizens, the country could not have been forced off the gold standard.

"Departure from the gold standard will tend toward domestic price inflation provided the dollar depreciates in the foreign exchange market and stays depreciated for some length of time. The immediate effect of the American gold embargo was to stimulate wild speculative buying of foreign exchange, commodities, and stocks. If, after this speculative trading has run its course, the dollar tends to stabilize in terms of foreign exchange at, say, 50 per cent of its gold parity, foreign buyers will be able to purchase our goods more cheaply. Presumably, the increase in foreign demand will tend to raise the prices of our exportable commodities, and through them to elevate in much lesser degree the prices of purely domestic commodities. In other words, our exports will be stimulated and our imports from abroad restricted.

"This general price effect, however, will not follow unless the dollar drops to a substantial discount in terms of foreign currencies and stays there. However, we are continuing to enjoy a definitely favorable balance of international payments; that is, so far as our international trade is concerned there is a greater demand for dollar exchange than for foreign exchange. When the dollar exchange rates stabilize, therefore, and barring capital fund movements, it is probable that the rates will approach the old gold parities or even go to a premium. If this situation develops, the old status quo will be restored and American exports will not be stimulated.

"If government sponsored inflation is to be made effective, therefore, it would seem that some further step must be taken and that further step appears to be in the offing. Mr. Roosevelt has requested Congress to grant him power (1) to order the Federal Reserve System to buy in the open market up to \$3,000,000,000 of government bonds, (2) to print and pay out up to \$3,000,000,000 of fiat currency, (3) to reduce the present weight of the gold dollar by as much as 50 per cent, and (4) to accept silver up to \$100,000,000 on war debt install

ments and to put into circulation silver certificates representing this metal. There is every indication that Congress will grant the powers requested with out great delay. Each of these powers, if exercised, is inflationary in character, the issuance of fiat currency in particular being loaded with dynamite. If any of these measures are to be utilized, it is to be hoped that Mr. Roosevelt will resort to limited open market purchasing by the Reserve banks. However, it should be remembered that this proposed law, as it is now worded, is permissive rather than mandatory, and therefore in itself does not require the Pres-

Pat Martin from the Rudd neighborhood was in the city Saturday shaking hands with friends and looking after business.

CHARACTER EDUCATION THROUGH EXTRA CURRICULAR ACTIVITIES

Character may be defined as the sum total of all expressions of an individual evaluated by the standards of the society in which he lives.

Desirable in an individual is the ability to make decisions and carry them out irrespective of the group approval or disapproval.

The easiest time in which to strengthen character and to arouse a sense of social responsibility is during high school years. The forces most needed in making a good citizen are at this age easily encouraged and developed if but the right methods are taken.

The student may elect one or more extra-curricular activities in the field of his mental inclinations.

Athletics offers a means of physical exercise, thus developing the muscles of the body; it trains in a leisure-time activity. In athletics a student learns to concentrate, to play fair, and to cooperate with the group.

Band or orchestra membership develops cooperation and provides and resources for the student's leisure time and his elder years.

Debates, plays, and club work provide practice in leadership and develop power to think and make decisions without outside aid—a power indispensable in everyday life.

Every extra curricular activity found in a modern high school makes its contribution.

Since much of what is learned is not transferred to new situations it appears logical that students should be trained in situations like those encountered in the world at large. In no better places may these situations be approximated than in athletics, music, and dramatics.

If we are to train the student to be an efficient citizen—the purpose of the school—we must

give him a sound body, trained sense, a clear mind, and above all, a well-balanced character.

SCHOOL CALENDAR

May 5—Mexican School Program.
 May 12—San Angelo Junior College Program.
 May 16—Senior Examinations begin.
 May 21—Baccalaureate Sermon by W. H. Marshall.
 May 22—Final Examinations begin.
 May 23—Grammar School Program.
 May 24—High School Commencement Program, Dr. J. D. Sandifer, Pres. Simmons University, speaker.
 May 25—School closes.

SENIOR PARTY FRIDAY NIGHT

The Seniors were entertained with a party at the home of Miss Inez Cobb last Friday night. The party was given after the play given by the Senior Class of 1932-33. As the play was more or less a success so was the party. There were quite a few ex-seniors there also and the party was enjoyed by every one in general.

PERSONALS

Thelma Taylor, Hollis Alexander, Hassell Ratliff, and Jack Shugart attended the dance at Christoval last Saturday night.

Margaret Hill and Jack Ratliff ran a race in the Typing Tournament last Saturday to see who could make the most errors. Margaret made one more than Jack but she beat him worse than bad when it came to the words a minute that she wrote. She wrote forty words a minute and Jack wrote only thirty-five words a minute.

Miss Grace Ratliff was at home last week-end enjoying the beautiful scenery of Eldorado. I suppose that was what she was doing for she was always on the go.

RATHER PUZZLING ANSWERS, BUT TRUE, JUST THE SAME

WERS, BUT TRUE, JUST THE SAME

Thelma Taylor: Why didn't Jack Ratliff have a good time at the Senior party last Friday night?—Roberta Milligan.

Why does Junior Isaacs say I'll pick the one the farthest from the end?—June Hooker.

Why wouldn't Zona Clark Koy ride with anyone last Friday evening going to the Senior play?—Carl Kerr.

Why is it that Margaret Poyers is so against the Freshme boys because they tease her so much?—Jack Shugart.

Why did we lose our typing contest?—Ozona.

JOKES

J. R. Conner: Jack Neill (first grader) I don't like this milk out here. I like paralyzed milk!

Tommy: Last night I woke up all of a sudden and thought my wrist watch was gone. Jim: Was it?

Tommy: No, but it was going to.

Max Leaman: These shirts imply laugh at the laundry.

Jack Kerr: I know. I have had some to come back with their sides split.

Fay: Pat, can you write shorthand as quickly as I can talk?

Pat: As quickly, but not so long.

ELDORADO WINS SINGLES AND DOUBLES

Gordon Williamson: The teams that entered in the tennis tournament were Sonora, Barnhart, and Mertzton. The meet started at 9:30 o'clock. The day was not fit for tennis at all as it was too windy to play. The ones that played for Eldorado were Jack Ratliff, Hollis Reagan, and Joe T. Hext. We won both the Singles and doubles matches. Jack Ratliff and Hollis Reagan are to play off for the champion of the singles matches.

Jack Ratliff and Joe T. Hext won the doubles matches. This

meet was held to create a little interest in tennis in this part of the country. It was held for all class B schools.

The two ten-inch silver cups, one for singles and one for doubles, were kept in Eldorado. The tennis prospects for next year seem even brighter than they were this year. Joe Turner Hext and Hollis Reagan will both be back next year, Jack Ratliff being the only veteran we will lose. Others who have been playing some tennis and who may become contenders for the team next year are Ben Sample, R. L. Sample, Gordon Williamson, Jack Hext, W. B. Gibson, and James Page.

San Angelo, who won both the district and by-district this year, should receive some stiff competition from the Eldorado veterans, Hollis Reagan and Joe T. Hext, next year. They lose all their men, with the exception of one singles player. This puts Eldorado in a position which they should not be slow to take advantage of.

ELDORADO WINS JUNIOR TRACK MEET, APRIL 29

Gordon Williamson: The meet was won by Eldorado by 24.1-2 points to the next opponent's 10.1-2 points. The boys were all in good shape. There was a good size crowd out to see the boys win the track meet. The results of each event are as follows:

50 yd dash—Casey, Eldorado, 2; Jack Meador, Bailey Ranch, 3; Dudley, Mertzton, 4; Cecil Moore, Eldorado, Time 6 flat.

100-yd dash—(1) Parker, Ozona; (2) Jack Meador, Bailey Ranch; (3) Sam Cloud, Eldorado; (4) Gaylon Casey, Eldorado, Time 11.6.

Broad Jump—(1) Gaylon Casey, Eldorado; (2) Dudley, Mertzton; (3) Parker, Ozona.

(4) Owens, Barnhart, 18.4.

High Jump—(1) Paul Davis, Eldorado; Jack Meador, Bailey Ranch, Parker, Ozona, tied for first place. (2) Casey, Eldorado; (3) Owens, Barnhart.

440-yd relay—Eldorado, (1) Sam Cloud, Eck Moore, Paul Davis, and Gaylon Casey. Mertzton, (2).

The Eldorado Juniors, by winning the Junior Meet this year, won the Junior Statuette for the second consecutive time. If they can win it again next year it will become the permanent property of Eldorado High School.

OZONA WINS ELDERADO TYPING CUP

Hollys Alexander: A silver cup was offered to the winning team in the typing tournament held at the school building last Saturday, April 29. This is the first time anything like this has been offered in our school in literary events.

There were four teams entered in the tournament: Eldorado, Mertzton, Sonora, and Ozona. The Eldorado team was composed of Margaret Hill and Jack Ratliff; Mertzton, Ann Holymann and Elda Mitchell; Sonora, Alice Sawyer and Pauline Turney; and Ozona, Ernest Van Zandt and Pauline Williams.

Ozona won the cup with an average score of 118.17; Eldorado was second with an average of 108.34; Sonora third with an average of 106.90; and Mertzton fourth with an average of 75.57. The individual places were as follows: Pauline Williams, Ozona, first, 119.21; Ernest Van Zandt, Ozona, second, 117.13; Alice Sawyer, Sonora, third, 114.33; and Margaret Hill, 4th, 111.42.

This is the first of the typing tournaments in Eldorado, but it is to be made an annual event. The cup offered will become the permanent property of any school winning it three times, not necessarily in succession.

MR. KELLEY AND DEBATERS IN AUSTIN THIS WEEK

Mr. Kelley, coach of the debate, and W. B. Gibson and Jack Ratliff, winners of this district, are spending the week end in Austin participating in the state meet. They left early Wednesday morning, and planned to reach Austin some time during the afternoon.

The boys will be up against rather keen competition there, as they will be debating against winners of other districts. Approximately 35 districts will probably be represented, and the boys say they are going to be in at least two or three debates before they accept defeat.

While there Mr. Kelley and the boys will be the guests of the Interscholastic League of the University of Texas, and will be invited to attend several functions without charge.

This is the first time Eldorado has ever been represented at the State Meet in debate, but we hope that we can make it an annual occurrence. W. B. Gibson will have another year in which to argue, and he is reputed to be at present casting about him in search of a willing and fluent colleague.

—E.—H.—S.—

MR. ALEXANDER ADDRESSED ECONOMIC CLASS

Edward Cox: On Friday, April 28, Mr. W. O. Alexander gave a very interesting talk to the economics class based upon the use of checks and some pointers on investment.

His talk on the correct use of checks was very helpful and interesting. He showed the different kinds of checks and explained each kind fully, also stressing the importance of knowing how to write a check correctly.

His talk on investments were based mainly upon life insurance, which showed the value that life insurance has as an investment.

The class appreciated Mr. Alexander's talk very much and hopes to be able to have him talk to them again very soon.

—E.—H.—S.—

Helped By Cardui

Here's the true story of how Cardui helped Mrs. H. E. Dunaway, of McComb, Miss., as written by herself:

"I was sick and rather discouraged. I was so weak and thin, I was not able to do my work as it should be done. This made me fret a good deal, and did not help my condition.

"I had pains across my back and lower part of my body. My nights were spent in rolling from one side of the bed to the other, hoping I would soon go to sleep. Then when morning would come, I would be just as tired as when I went to bed. A neighbor, seeing how badly I felt, told me to try Cardui. After I had taken one bottle, I was much better. I kept on taking Cardui, and I was stronger and slept much better at night."

A plaster plaque of the ill-fated Akron which set on the piano in the home of Mr. and Mrs. Joseph Orvis, of Painsville, Ohio, fell from the piano at 12:30, the night the Akron fell into the sea, breaking the portion of the plaque of the dirigible, leaving the hanger part intact. The plaster plaque was received by Mr. and Mrs. Orvis when they visited the Akron in the making of the big ship. We predict that Billie Smith of the San Saba News can tell why this so happened.

We Want To Handle Your Wool & Mohair

The Sonora Wool & Mohair Company solicits the Wool and Mohair business of Schleicher County.

We keep in touch with the market at all times and closely connected with all Eastern buyers.

Wool and Mohair shipped to Sonora has the same rate to Boston as from San Angelo.

We handle Wool Bags, Fleece Twine, Sewing Twine, Marking Liquids and Fly Repellant.

Officers are:

Ed C. Mayfield, President. W. A. Miers, 1st Vice-pres.
 J. N. Ross, 2nd Vice-pres. R. A. Halbert, 3rd Vice-pres.
 A. C. Elliott, Sec't.-Treas. W. J. Fields, Jr., Manager.

THEY FILL THE EGG BASKET!

POULTRYMEN who feed RED CHAIN Egg Mash and Hen Scratch to their flocks every day—the year round—never worry about empty egg baskets. These two SUPERIOR Feeds make a perfectly balanced ration they contain everything necessary for health and condition—as well as for the largest egg production at the lowest feed cost. If you want to fill your egg basket . . . and your bank account . . . stick to RED CHAIN

Besides we are equipped to do your printing on short notice and will appreciate any job large or small that we can do.

The Eldorado Success

ON TEXAS FARMS

By W. H. Darrow,
Extension Service Editor

Bowie county farmers with surplus pigs have put out gilts to 40 club boys who are to repay with half the pigs from the first litter. It is a part of the county agent's plan for producing more home meat.

At a recent meat show in Young county culminating a season of hog and beef butchering, curing and canning, the county farm and home demonstration agents estimated that 100 hogs and 600 hogs worth \$6200 on foot had been converted into products worth \$15,000.

Four turkeys canned brought half as much as 40 turkeys on foot to Mrs. Claude Harrell, a home demonstration club member at Swan's Chapel in Jones county. She canned 8 gobblers worth 7 cents per pound on the market, and sold the No. 1 cans of product for an average of 30 cents per pound.

Transplanting 112 native shrubs and trees and making all of them live is the accomplishment of Mrs. N. B. Payton who is leading her Govalle, Travis county, Home Demonstration Club as yard improvement demonstrator. She balled and burlapped the native material for transplanting.

One application of lime sulphur spray is more effective than two sulphur dustings for citrus scab, demonstrations with the county agent in Cameron county have shown, and as a result growers are using more lime sulphur than ever before.

A home-grown and home-canned meal consisting of baked spare ribs, creamed cabbage, shelled peas, corn, pudding, potatoes salad, corn bread peaches and whipped cream, and milk, was prepared and served to 14 guests in exactly 45 minutes recently by Mrs. H. A. Jones, a 4-H pantry demonstrator of the

CHILD HEALTH DAY

AUSTIN, Texas, April 25.—Mothers and Children First is the slogan for the tenth annual observance of Child Health Day. May first was set by Congress in 1928 as the date for this annual check-up on what was being done for the health of the child. The Bureau of Child Hygiene, Texas State Department of Health, has been the leader in this State since the first observance.

Childhood has been proven to be the best time for preventive measures as this includes immunization and vaccination against certain diseases, physical examinations and correction of defects, education in personal hygiene and community sanitation, etc. Mothers are included also for it is known that the health of the expectant mother must be carefully watched if the baby is to be healthy. The well rounded program for child health starts before birth and continues through school age.

The newly formed Texas Conference on Child Health and Protection is having its findings and recommendations printed. These will be ready for distribution soon and will form the basis for a year-round program on this important subject. It is planned to form county councils on child health and protection which will serve as a permanent committee to carry on this important work. The Bureau of Nutrition and Health Education of the Extension Division of the University of Texas, the State Department of Education, and the Texas State Department of Health are especially interested in this work and will gladly assist in forming local groups.

C. E. Knight is wearing a big new smile this week. His mother-in-law is here keeping house for him, and Mrs. Knight and son Noel Sturges Knight is expected home this week end, are to leave the hospital Sunday.

Cayuga Home Demonstration Club in Anderson county.
