These awards were given upon the attainment of five additional words per minute, beginning with the twenty word per minute certificate. At the Grammar School Commencement Mrs. Miller awarded reading certificates to all students who had read thirty books from the approved reading list during the school term. There were only three students in school who qualified for this certificate, namely: Orville Eamiston, Jack Jones and Robert L. Anderson.

These students should be highly commended for attaining these certificates and others attempt to win them, for well-directed reading is an education within itself.

Methodist Church To Have Home Coming Service Sunday

The First Methodist Church has announced several weeks ago that on June 4th, they would have a Children's Day Service and a Home coming service with dinner on the grounds. Invitation and notice of the service has been sent out to many former members of the church with a view that many of them might be able to come.

You are invited to come and bring your basket dinner and enjoy the service of the day.

HOME BREW BOTTLES DISAPPEAR

Sheriff O. E. Conner, after he had captured several hundred bottles of home brew this week, emptied them at his garage in the presence of several bystanders. He forgot to lock the empties up Wednesday night and Thursday morning they were all gone. There were about two hundred. Now he will have to find them again but he has a good clue.

O. E. Conner, Tom Jones and R. J. Page went north of Eldorado the first of the week to investigate a new grave in the lane bearing a mark "gone but not forgotten" with a head and foot board. After several minutes of shoveling they found the carcass of one dead sheep.

SOL MAYER LOSES SHEEP BY THEFT

O. E. Conner and two rangers have been working on the trail of some sheep that has been stolen from the Sol Mayer ranch. Something like 1900 head has been stolen from that ranch during the past year and about 900 head between the tagging time and shearing and about 40 ewes since they were sheared.

SONORA TAKES SUNDAY'S BALL GAME

The Sonora Ball team came up Sunday for a game with the Eldorado boys and came out victorious at the end by a score of 6 to 4. There was not much pep in the game for some reason and the interest seemed to lag on the part of both teams.

ELDORADO BOY GIVEN DEGREE BY BAYLOR

Waco, Tex. May 26.—Glenn L. Ratliff of Eldorado will receive the bachelor of business administration degree from Baylor University on the occasion of the 88th annual commencement which will be held here Wednesday, May 31.

Mr. J. P. Rodgers was in the Success office Tuesday and said that we could put him down for a vote to retain the 18th amendment. He said he saw too much when we had saloons. We will not have any trouble with men of that age. It will be with men who do not remember the trials of the saloon days and the evils of the drink habit.

Tisdale Well Reaches Old Bottom

The Eastland Oil Co., No. 1, Joe Tisdale is running pipe again after reaching the old bottom. They had to sidetrack 14 joints of casing and make new hole to the bottom again. They began running pipe Wednesday. This well had a small gas showing at the old bottom and were running pipe when the stirn broke and a part was never recovered.

The W. R. Nicks near town has been cemented below the casing in order to stop caving in about 40 feet of new hole. They are drilling out cement as we go to press Thursday. We understand they had also hit a small gas showing before cementing.

Sport Summary For Eldorado High School For Season of 1932-33

The football season of 1932 was a whole successful. Eldorado won 6 games, lost 2 and tied 1. The games won included those with Menard, 13 to 6, O-zona 14 to 0, Sonora 26 to 6, Sherwood 46 to 0, San Angelo Kittens 32 to 0 and Junction 20 to 7. The games lost were to Rock Springs 6 to 0 and Angelo Kittens 20 to 9 with the Turkey Day game with Sonora being tied 12 and 12.

With four wins and one loss in districts play, we were able to rank second in our section. The Rocksprings game being the only district game lost.

There were no outstanding stars thru the season, unless it was Jack Kerr who played consistently in all games and brilliantly in one or two, more especially the Junction game, where he blocked three punts from the defensive fullback position. Eldorado depended almost altogether on passes and tricks, with a few end runs and line plunges. The team was light as a whole, averaging about 150 pounds to the man. The nearest team in the district to our weight was probably Junction or Menard, with about 160 pound average.

For the coming year the team will depend upon how many of the boys pass in three out of four subjects. As this goes to press there is the possibility of the team being badly wrecked thru ineligibility. This should be of course inexcusable, but it breaks in every year because the boys forgetting that football is to be played next fall and they letting down in the warm springtime, when they should be working hard for the final exams. If they could all be back would have an exceedingly good chance to win our section this year but one or two good men quite often spoil a whole team.

We are losing the following letter men: Jack Kerr, Lefty Smith, Jack Ratliff, Hollis Alexander, Raymond Smith, Jim West. The following will be back if they pass: Junior Isaacs Cpt., Joe Turner Hext, R. J. Alexander, W. B. Gibson, W. C. SSpurgers, John I. Jones, Guy Moore, Bill Smith, Billie Kerr, and Aris Carr. Other prospects for the next fall are: Toodels Spurgers, Richard Jones, Alton Page, Dee DeLong, Gayland Casey, Paul Davis, Jack Hext, Cecil Moore, Raymond Reynolds Edward Butler, with some prospects from Bailey Ranch.

Our schedule in the league games for next year is as follows: Sonora there Oct. 14, O-zona here Oct. 21, Rocksprings here Oct. 28, Junction there Nov. 11 and Menard here Nov. 18. We will probably have a couple of practice games before our first league game and some other games intermixed.

Mrs. F. G. Clark's summer school will begin Monday morning June 5th, at her home just south of Mrs. J. D. Ramsey's residence. All wishing to attend please see me before that date. Any grade or High school subject not passed satisfactorily can be made up during the summer. \$8.00 for six weeks.

The howl of political preachers is being heard as it was back in the days when the saloons tried to run everything in the political world. The biggest asset the liquor crowd could have is some pious christian going around saying the preacher has no right to delve into politics and especially speak against the return of the liquor business to our National life and perhaps to our state life. The day is not far off when every one who believes that righteousness should rule and not evil, will have a chance to vote on the one to rule August the 26th is the day that Americanism will stand or fall to the foe of alcoholism. The liquor crowd can not wait until the law is repealed to begin selling the stuff. They already have set up shops in many places in violation of the law, but that is to be expected. The bootlegging crowd never respects the law; they have to be ruled with an iron hand and always will.

Speaking of editors, if we knew a really good one, we would. About the next best to an A-1 Heart O'Texas editor is one A. T. Wright who edits his editing out at Eldorado, literally as well as alliteratively. About the biggest brag that Editor Wright has is that he is kin to a Brady man. Be that as it may, every now and then, Editor Wright gets generous and begins casting bouquets. "Tother day he threw one, which went clear over Sauce's head and landed smack dab in the lap of one Billie Smith, San Saba News editor. Cans't thou beat that?"—Brady Standard.

Tossing bouquets is easy but getting them over Sauce's head is the difficult part of the operation. Knowing that Sauce was very fond of golf, we thought he would not have time to devote any extra time to running for office and would not consider for a moment wading into the political field, therefore we did not want to wait until some fellow had the plumb in his pocket before we spoke.

Knowing that Billie Smith was big enough, conservative enough and we had no trouble in finding out where he stands, we could not refrain from offering his name for the benefit of a gracious cause. Texas needs his wisdom, his ability, and his honesty in Congress and why didn't Sauce say amen to the nomination.

Say, that Brady brother of ours was over here last week and we filled him so full that when you thumped him it sounded like a pie mellow.

NOTICE OF THE PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS H. J. R. NO. 43

Section 1. That Subsection (a) of Section 20, of Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"(a): The manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever except vinous or malt liquors of not more than three and two-tenths per cent (3.2 per cent) alcoholic content by weight, (except for medical, mechanical, scientific or sacramental purposes) are each and all hereby prohibited. The Legislature shall enact laws to enforce this Section and may from time to time prescribe regulations and limitations relative to the manufacture, sale, barter, exchange or possession for sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2 per cent) alcoholic content by weight; provided the Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct, town or city may, by a majority vote of those voting, determine from time to time whether the sale for beverage purpose of vinous or malt liquors containing not more than three and two-tenths per cent (3.2 per cent) alcohol by weight shall be prohibited within the prescribed limits; and provided

GARDEN OF EXPERIENCE*

By F. G. Clark

We are with the president 96.8 per cent. For the 3.2 per cent we must in all conscious be against him. Those who are working for the repeal of the 18th Amendment claim they are doing so for the reason that it is constantly being broken by the booze crowd. These good people are forgetting that the saloon crowd are law breakers from principle. The government can pass no law lenient enough to induce the saloon crowd to respect it. And at this present moment they are running true to form. Prohibition of the manufacture and sale of intoxicating liquor is written into our state constitution but this does not deter the liquor crowd from shipping in into our state and selling it right and left. And this is done, not by what is usually understood to be the regular bootlegger but by the crowd who claims that they want the law repealed so that they can do a legal business. The fact is every saloon keeper is a bootlegger if selling booze illegally, constitutes bootlegging. Every time the bar tender sells liquor in hours forbidden by law or to a minor, he is just as much a bootlegger as the one who deals it out in a back alley or a speak easy. The moment he breaks the law, he is no longer running a legalized saloon but a blind tiger. When he runs his saloon beyond midnight or on Sunday he is outside the law and so a bootlegger. The worst place for bootlegging I ever saw was in a town of 10,000 people and was served by 66 so called legalized saloons. These saloons ran all night and all day Sunday, indifference of law. Besides there were speakeasies galore run by men, determined to evade the license tax. The sidewalks were decorated with drunks, either staggering along or lying dead drunk under your feet.

It was a sorry sight and yet the ants are determined to bring it back, just for the sake of a little revenue.

The chief business of government should be the making an enforcing of wholesome laws for the benefit of the people and as long as it sticks to this task, it serves the people well. But if it so far forgets its functions, as to sacrifice righteousness for money, things are in a bad way. The government may not be able to enforce a righteous law, in an ideal manner but it can at least stick by its wholesome principles and compel the confirmed criminal to remain an outlaw. No good can possibly come from the government joining hands with the criminal, for the purpose of dividing the swag with him.

Righteousness exaltheth a any people.

further that in all political subdivisions thereof, wherein the sale of intoxicating liquors has been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article 16 of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county or in any such political subdivision thereof, any spirituous, vinous bitters, capable of producing intoxication or any other intoxicant whatsoever, unless and until a majority of the qualified voters in said county or political subdivision thereof voting in an election held for such purpose shall determine it to be lawful to manufacture, sell barter and exchange in said county or political subdivision thereof vinous or malt liquors containing not more than three and two-tenths per cent (3.2 per cent) alcoholic content by weight, and the provision of this subsection shall be self-enacting."

Sec. 2. The foregoing Amendment of the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933. At this election all voters favoring the proposed Amendment shall write or have printed on their ballot the following words: "For the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2 per cent)

alcoholic content by weight." Those voters opposing said proposed Amendment shall write or have printed on their ballot the following words: "Against the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2 per cent) alcoholic content by weight."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election and to have same published as required by the Constitution and Amendments thereto.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS S. J. R. NO. 3

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, with in the specific limitations hereinafter provided. It further is provided that the Legislature, by a favoring vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately

kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may inconsonantly affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the

limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitution or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of the Amendment to the Constitution at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal, and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In cases of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the is-

suance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures which tax shall not exceed the then existing Constitutional limits.

"(5). Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards therefor be not lower than those fixed by the General Laws of the State.

"(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and/or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In case of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities

and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character, and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(7). No provision of this Constitution inconsonant with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that

there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purposes hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more sufficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above listed clauses on each ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

KEEP 'EM GROWING

Chicks are an expense--until they are grown. How fast they grow--and the profit they pay you after they reach maturity--depend upon how well you feed them during the growing period.

RED CHAIN GROWING MASH is growth insurance, for the present --and profit insurance, for the future. No other feed develops young chicks so surely into such husky, sturdy pullets and cockerels.

Of course it costs a few pennies more than makeshift home mixtures and cheap commercial feeds; but SUPERIOR results will convince you that it pays to keep 'em growing--with RED CHAIN.

TWO SHORT HAND STUDENTS WIN AWARDS

Thelma Taylor and Lillie Bell Kent were the only members of this year's shorthand class who managed to qualify for the shorthand certificates offered by the Gregg Publishing Company.

Thelma won the O. G. A. (Order of Gregg Artists) certificate which is awarded to a student who's shorthand notes have a high degree of accuracy, neatness and perfection. Only one other student in Sldorado has ever won this certificate, Lucile Oglesby, who won it in the 1930 and 31 school term.

Lillie Belle Kent won the C. T. (Complete Theory) certificate which is awarded to a student who scores 90 per cent or above on a 200 word test sent out by the Gregg Publishing Company. Lillie Belle scored 92 per cent on the test. Lucile Oglesby won this certificate in the 1930-31 term.

Mrs. R. L. West, of Huntsville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition—this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well."
