

# THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIII

Eldorado, Schleicher County, Texas, Friday, July 7, 1933

No. 26.

## Reunion of Former Friday And Saturday

The Third annual meeting of the Mias Amigas Club of former students of the Eldorado School girls, from 1907 to 1919, met last Thursday at the home of Mrs. J. E. Hill of our city with 31 of the 35 members present. Two could not attend on account of illness and two could not get here on account of distance and school work. Many hearts were gladdened by the visit to our city of these former citizens who came from our homes in years gone by, most of whom have married and are making homes of good social life wherever they chance to be. Some are still among the home folks, others are teaching.

### Officers Elected

Mrs. Joe Murchison Hill of Eldorado was elected president of the club which held its third annual house party at her home Thursday and Friday.

Informal open house, luncheons, and evening parties marked the entertainment features for the gathering, the members finding most enjoyment, however, in their conversations and reminiscences.

Officers to serve with Mrs. Hill during the year include: Mrs. Mattie Whitten Royster of Eldorado first vice-president; Mrs. Olga Benton Meador of Eldorado, second vice-president; Mrs. Ida Conner Neill of Eldorado, secretary-treasurer; Mrs. Agnes West Womack of San Angelo, historian.

### Open House Thursday

Open House was held at the Hill home from 4 until 6 o'clock Thursday when mothers and friends of the members called. Luncheon and a business meeting was also held Thursday at the Royster Coffee Shop and that evening husbands of the members and men who were schoolmates of earlier days were guests at a party. Forty-two and card games provided the amusement for that occasion.

A no hostess luncheon was served at the Hill home on Friday and the group met in another business session that afternoon. Resolutions were passed in the memory of relatives of members who have died during the year. Those honored were Wallace Dameron Jr., of Sonora, C. C. West of Eldorado, Otis Pelt of Edinburg, Grady Parker of Eldorado, and Tom Palmer of Alpine. Messages of cheer were sent to two schoolmates who are ill, these being Mrs. May Williamson Murr of Fort McKavett and Mrs. LaVita Christian Brooks of Eldorado. Letters were read by Mrs. Ruth Kelly Davis of Nigra, Wis., and Miss Miltia Hill of Canyon who were unable to be present.

### Many Members Attend

Members attending the two-day reunion were: Mrs. Evelyn Hinyard Renken of El Paso, Mrs. Marie Doty Perner of Ozona, Mrs. Ruby Patton Cochran of Hyman, Mrs. Lula Mae Evans Smith of Ozona, Mrs. Devi Bearce Smith of Kerrville, Mrs. Mary Ellen Tisdale Hughes of Mertzon, Mrs. Isabel Benson Mills of Balmorhea, Mrs. Lucille Hill Walker of Plainview, Mrs. Suelina Halbert Byrd of San Angelo, Mrs. Bertha West Elder of Arlington, Mrs. Ruby Jones Dameron of Sonora, Mrs. Emma Hill Meador of Dallas, Mrs. Jewell Choate Shurley of Sonora, Mrs. Ruth Jones Silliman of San Angelo, Mrs. Joyce Johnson Burden of Wichita Falls, Mrs. Agnes West Womack of San Angelo, Mrs. Edith Moore Meador, Mrs. Dollie Murphy Edmiston, Mrs. Mattie Whitten Royster, Mrs. Nan Alexander Montgomery, Mrs. Lummie Pelt Whitten, Mrs. Bertha Holland Oglesby, Mrs. Cora Tisdale Miller, Mrs. Essa Alexander Hoover, Mrs. Joe Murchison Hill, Mrs. Olga Benton Meador, Mrs. Ida Conner Neill, Mrs. Elsie Berry Reagan, Miss Ruth Baker, Mrs. Eina Spencer Sudduth, and Miss Gladys Patton all of Eldorado.

The Success Editor has been an eye-witness to this group through their school days and even into their grown-up life

## Station A Victors In Saturday's Game

W. A. Hampton with his base ball sluggers came in from Station A Saturday and swiped a game from the Eldorado strong team by a score of 7 to 1. The only unpleasant feature of the game was that Smith of Station A failed to get a hit and he couldn't believe it was due to the pitching of L. T. Barber. He thought he was billious. Our friend Buck Bailey was suffering from a billious spell he contracted while watching an indoor baseball game between Eldorado and Cliff at the Cliff barbecue, and he could not take part in the game Saturday. Barber pitched for the Eldorado nine, while Ard, Hogmoun and Gardner pitched for the visitors. Conn Isaacs pitched the last inning for Eldorado.

## DR. BOYD CORNICK NOTED PHYSICIAN DIES

The San Angelo Evening Standard of Tuesday, reports the death of Dr. Boyd Cornick, an early day physician at Knickerbocker. The good doctor that tried to reach this scriber's mother on her dying bed, but owing to the very slow mode of getting through the country in those days, was an hour or more too late. Dr. Cornick was an able physician and his life has been a blessing to humanity not only from his personal touch but the good he has spread in his professional life. He began early in life to aid the tuberculis patients and has contributed much to the hearing of the one time dreaded disease. He had almost reached his four score year being 77 years of age. Just how long he has resided in the San Angelo country, we do not know, but he was called into our mothers home in 1894 almost 40 years ago. He lived to bless mankind.

Mr. and Mrs. H. T. Finley and children George Stanley and Ebba Anne spent the 4th in San Antonio visiting and sight-seeing.

## Crusaders Have Chicken Banquet

Rev. W. H. Marshall and his band of Crusaders of about 30 boys, or young men, gave a chicken dinner at the annex of the Methodist Church Thursday night, inviting all the fathers of the sons of the Crusaders out. The Editor received an invitation to be on hand also, and with pleasure took time out for the occasion. The boys furnished everything for the dinner, which consisted of fried chicken and its trimmings. The meal being prepared by Mesdames Jess Koy, W. E. Cloud, W. H. Marshall and A. T. Wright, of the Methodist Church, who volunteered their service to the Crusaders for the occasion.

The Program started with music from the Turney Orchestra which rendered several selections while the dinner was in process. After the luncheon, the Crusaders sang several songs, which was followed by an address from Rev. E. P. Neal of Sonora, on the subject of the duty of father and son to each other, and the opportunity that now confronted the present boys of the land as well as the growing temptations that came their way.

After the address of the evening Alton Page rendered several selections on his guitar.

Visitors for the occasion were Rev. E. P. Neal and daughter of Sonora, Jim McWhorter, who came over from San Angelo, and several visitors from the home town. All present seem to enjoy the evening and were well pleased with the program and the good work being done among our boys by Rev. Marshall.

We will be in your city each Monday, Tuesday and Wednesday to do jewelry repairing. Bring your work to the City Drug Store for repairs.

J. L. Hull

Mr. and Mrs. W. A. Blaylock are down from the ranch in Coke County this week. They just recently moved to that County, leasing some grass up there.

## Sheriff Conner And Sheriff Hutcherson Bring Back Prisoners

Sheriff O. E. Conner accompanied by Sheriff Willard Hutcherson of Sutton County, returned Saturday from Reno, Nevada with Reedy C. Tipton and Mrs. Montie Sims Tipton, who are wanted in this county Sutton county, Kimble county, McCulloch county and Comanche county for robbery and other thievery and Tipton is wanted at Comanche for murder. Sheriff Conner, Sheriff Hutcherson and Sheriff Dwiest Brightman of Comanche have spent much time and money in trying to locate these people. They are wanted here for burglary of the Santa Fe Depot and the Self Serve Warehouse.

The trip to Reno carried Sheriff Conner and Hutcherson through New Mexico, Arizona, California, and Nevada, a trip of about 4,500 miles. Mrs. Tipton was in jail at Reno, while Tipton was in the pen at Carson City. They had secured papers for their return to Texas before leaving for the woman and the man was released by the Nevada authority after they arrived there. Mrs. Tipton was placed in the Sutton County jail, and Tipton was brought here for keeping. He is wanted at Comanche for murder and will likely be taken there in the near future. Sheriff Brightman will likely be here this week sometime to see about him. Mr. Conner says that Sheriff Brightman was very much instrumental in helping locate these people. Sheriff Conner reports that he made the entire 4,500 mile run without a single puncture which was extraordinary unusual for this warm weather.

Mr. and Mrs. A. J. Roach are attending the Old Cowboys Reunion at Stamford this week.

Mr. and Mrs. Seth Ramsey, spent the 4th in Ozona attending the celebration.

Mr. and Mrs. Sam Roberts were among the Eldoradoans who spent the 4th in Ozona.

## Ozona Celebration Marred By Death

C. H. Stubblefield, pilot, and Abe Lee, were killed Monday at Ozona, the opening day of the Ozona celebration. Stubblefield, of Texon, who had just received his pline was taking young Lee for a ride when in some way he lost control of his plane and dashed into a mountain side which caused his death and the death of his friend Abe Lee. Mr. Stubblefield was 30 years old and married and leaves his widow and child to mourn his demise. Mr. Lee was a son of Mr. and Mrs. Pat Lee of Ozona and died in a few minutes after the wreck.

### STEEN - DELONG

Last Friday Mr. Lawrence Steen and Miss Mary Frances DeLong motored to San Angelo where they were united in marriage at the Methodist Parsonage, by the Rev. Grady Timmons.

The bride is a daughter of Mr. and Mrs. D. E. DeLong of our city and has spent her entire life in our county and city, graduating from our school. She then attended McMurry College. She is prominent in the social life of our city and has a host of friends among the younger people. Her parents have been in West Texas all their lives, Mr. DeLong being on the South Concho in the early days and witnessed raids by the Indians.

The groom was reared at Sonora, being a son of Mr. E. L. Steen, but has been engaged in ranching in this county for the past two or three years. Here he met his bride and won her hand. Mr. Steen is a man of sterling character and has made many friends among our people.

They left on a wedding tour which took them into Old Mexico and after returning will make their home on the ranch north of Eldorado.

They were the recipients of many useful gifts at a shower given them last week at the Methodist church here by the many friends of the family.

The Success joins the many friends in extending best wishes and congratulations.

## Former Eldoradoan Dies At Rankin Wed.

Ben L. Anderson, a former resident of Schleicher County, died at Rankin Wednesday morning July 5th, at 6 o'clock, at the age of 68, had he lived to July 17th. Mr. Anderson was born July 17, 1865 and was married to Miss Johana Hexst May 27, 1884 at San Saba, Texas. To this union was born ten children which survive him.

He moved to Schleicher county April 12, 1901 and for many years was active in the county affairs of this county and was in business here for many years, joined the Baptist church early in life and remained true to its cause until the end.

Mr. Anderson lived at Barnhart but died in Rankin. The remains were brought to Eldorado and taken in charge by the Eldorado Funeral Service and services held at the First Baptist Church, Thursday at 10:00 a. m., conducted by the Rev. J. L. Ratliff, assisted by Rev. Frazier. The following hymns songs of his choice, were sung by the choir: Rock of Ages, The Old Rugged Cross, When They Ring The Golden Bells and Saved By Grace. Burial was made in the Eldorado Cemetery in the family lot.

Mr. Anderson is survived by the following children: Mrs. Letta Brooks, Mrs. Angie McCormick, George Anderson, Mrs. Claude Smith Bob Anderson, Mrs. Ida West, Jim Anderson, Mrs. Dora Carver, J. C. Anderson and Miss Jewel Anderson.

Mrs. Anderson, his wife and a brother Jim Anderson, also survive.

The funeral was largely attended by the many friends of the family here.

## PARTS OF WEST TEXAS GETS RAIN THIS WEEK

Tuesday and Wednesday look ed favorable for the breaking up of a drouth that has been extended over a large portion of West Texas. Some portions of the west received rain, as much as an inch. Light rain fell in some parts of Schleicher both Tuesday and Wednesday but not enough to do much good and covered a small part of the county. Bronte, Sterling City and Rankin all got some rain. As we go to press Thursday, it looks favorable for rain.

## LOCAL BANK IN PROSPEROUS CONDITION

Condition of The First National on June 30th, and the deposits show a nice gain over six months ago and the cash on hand more than doubled. This is one of the best indications of the return of prosperity, because our banking business reflects the business condition of the country. Compare this statement with the last and you will readily see that the bank is in better condition along with the people.

## JULY CELEBRATION TAKES HEAVE DEATH TOLL

The daily press reports that the deaths by accidents over the nation was probably the largest in history. Automobile accidents accounting for over 50 per cent of the deaths.

Frank Murphy and son Prince were in Eldorado this week shaking hands with old friends, and handing out samples of a fly repellent they are making and hope to get a patent on in the near future.

Mr. Murphy has handled stock all his life and should know a good dope when he gets it made and The Success hopes he and sons will find a ready market for all the products needed in this county. It will be sold under absolute guarantee.

Harvey Ellis fell Monday at the Filling Station and broke his arm. Just slipped down and now he is nursing his arm in splints.

### STANFORD DAIRY

The very best in dairy products. Cows T B tested regularly. All milking and handling of milk done on concrete floor. Your patronage appreciated.  
Phone 249

### THREE CARS STEERS SHIPPED TO BROWNWOOD

Bob Nunn of Brownwood was here the first of the week and brought three cars of two-year-old steers from the following parties, Don McCormick, J. A. Whitten, C. M. Reynolds, C. W. Galbreath, H. W. Finley, H. Mund and W. H. McClatchey. These steers left over the Santa Fe Monday.

### CLARENCE JOHNSON EXHIBITS NEW KIND OF CUCUMBERS

Clarence Johnson brought a new kind of cucumber into the city Monday and left it at the W. H. Parker & Son store. It measured 22 1/4 inches in length and weighed 2 pounds and one ounce. Mr. Johnson said they were among the best variety he had ever grown and he thought the name of them was herehound.

Del Rio, Ozona and Brady are celebrating the Fourth of July, and many of our people went to one of the other places for the day.

### LIONS TO MEET NEXT WEDNESDAY NIGHT

The Lions voted Wednesday to hold the next Wednesday meeting at night at the basement of the Baptist Church. The District group No. 23 will meet with the Local Club, and it was thought that a larger attendance could be had at the evening hour.

Acting Chairman J. H. Jarvis appointed a committee of three, E. C. Hill, J. Campbell and F. M. Bradley to see that Eldorado complied with the insurance act that would get the additional 2 per cent discount on fire insurance in our city.

### FIRST METHODIST CHURCH

Church School — 10: a. m.  
Morning worship — 11: a. m.  
Morning subject: "The Dimensions of the Cross." (A Communion Meditation).

We will serve the Communion Sunday at the 11 o'clock hour. We invite all worshippers to commune with us. If you do not belong to any church, but want to take the Communion, you have a hearty welcome.

Evening subject: "Fearless Individualism." We want to invite you to all our services.

Our church orchestra renders each evening a fifteen minute program. Come and enjoy their music.

W. H. Marshall

Max Leaman left Thursday for New York where he will work and go to school. He will visit St. Louis and the Worlds Exposition at Chicago while on his way to New York. He is a son of Mr. and Mrs. H. Leaman who operate the Leamans Department Store.

## The Eldorado Success

 We appreciate any item of news you might know. Call 77 and we will do the broadcasting.

JULY 7, 1933.

Eldorado will have her big celebration on July 27th, which will be Thursday and if we can we will want to get The Success out Wednesday. If we can't, it will be necessary that we miss the big celebration. It looks like everything of this nature comes on Thursday, but we guess it is all right as Editors are not used to much and they have no heart to break, so why worry?

"In our zeal, Brother Wright, for the cause which is next to our hearts, we are often led into grave error. Errors, which sooner or later will be detected by a merciless public and then our humiliation comes as a bitter morsel. I make them. You make them and all of us make these mistakes—we wouldn't be human unless we did. But of all people, the masses look to the editor and the minister for truth, and if they fail, then come the iron works.

In your statement, Brother Wright, that the U. S., the only dry nation on the earth, that has been able to loan money to other nations, is a grave error. The U. S. was a very wet nation when all this money was loaned to England, France and Italy, Russia and all the rest. We made these loans long before we ratified the 18th Amendment.—Sterling City Jews Record.

"Uncle Bill" over at Sterling City, seems to think that all the money that the U. S. Government loaned to the foreign countries was made before the 18th Amendment came into effect, and accuses this writer of making mis-statements in saying otherwise. If we recall our memory right there has been more money loaned in the past 13 years than ever before in the history of the U. S. Government. His attempt to show that the money and surplus that we loaned to other nations was made because we were a booze nation and since booze, or legalized booze, has been banished that the government has become indebted so that it must retract to get back on its feet financially. Now "Uncle Bill" I said this crow was white and I still say it, if you want to print the history of the loans you can do so. I believe what I said and am staying with it until I am shown different by the records, and I have not contracted to print the records to convince you, if I did you would find another rat hole to crawl in.

You have lived much longer than I, and I believe have become more set in your ways, but you can live another century and you will not find any good reason for bringing back strong drinks. You are familiar with the weariness of the children of Israel; how they longed to go back to the land of bondage, and for forty years spurned the entry into the promised land. I am persuaded to believe the American people have come to their border land, just looking across into a real beginning of living. If they follow your advice, they will retreat into the land of legalized rum, God forbid, but maybe there will be a Calab and a Joshua who will arise above your "Moses" and save good old America from her backsliden condition and lead us on to a better day when we will know we cannot survive upon evil. That there is always something in the future that is better for those that love the Lord and that Gods people will carry on. Personally I think it would be wrong to tax a class of people that would drink, the working people, to lift the tax from the millionaire Brewers, and other millionaires. Mind you, we are not against monied people but we do believe that they should bear their portion of the tax. If they did we would be out of debt. Our great New York Banker paid large income tax in England but in our own America did not pay a penny. You do not need a booze tax to balance the budget. What we need is honesty and not graft among our leaders. The man of the lowly walks of life is being tax-

## PLANNING YOUR VACATION

AUSTIN, Texas, July 3.—Vacation days are here again bringing a desire to get away from the daily grind and a longing for a change of scene. Pleasure without regrets is a goal to strive for, and for this reason the Texas State Department of Health urges you to consider the following suggestions in planning your vacation.

First, pick a spot new to you if possible, where you can see new scenes, enjoy new activities where you can act and dress as you please and, above all, be carefree. Make up your mind to leave all your troubles behind. Second, make sure that the place selected is right from a sanitary standpoint. Be sure that the water, milk, and food is clean and pure.

Third, before you leave home you should consider the advisability of being protected against typhoid fever. This protection can be secured through inoculation with typhoid vaccine. Fourth, when you start on your vacation, change your regular habits gradually. If you take little outdoor exercise during the year, make this your change. Do not try to set a record the first day but increase your exercise gradually.

If your purse will not permit you to go to a summer resort this year, make up your mind that you will get a real vacation at home. Plan your days as you would were you miles away, sleep a little longer in the morning, read your newspaper in bed. Get out in the morning sunshine, do your exercising, preferably in the morning before the sun is too hot. Relax in the afternoon, get a good book, a quiet spot, and forget that you have anything more important to do than relax and read the book. Vary your activities each day. You can benefit just as much by this kind of a vacation as you could if you went away.

Mr. and Mrs. T. W. Johnson leave today for the Worlds Fair at Chicago, and will visit with their daughter, Mrs. Connie Turpening and family while there. They expect to be gone about two weeks.

ed on his tobacco, his gas, his lights, his drinks, his every-day foods, yet the millionaire paid no income tax, found a loop-hole to crawl through, but the man of the day paid his as he carried it home, and now to keep any further income tax down they ask to vote back booze, or legalize it to get another additional tax from the masses of the people. Our plea is for the American people to arise and follow Calab and Joshua and not go back into the bondage or rum. Am I right?

"He who takes but never gives, may last for years but never lives." I want to live so that when the great scorer comes, he can write, not that I won or lost, but how I played the game.

Builds Lubrication into the metal.

Use PYROIL in your gasoline and lubricating oil to prevent wear and lessen repair bills.

The use of PYROIL in your car will save you many dollars in gas and oil consumption. Should your oil for any reason become lost you can drive for miles without damage to your car.

PYROIL saves Motors. Be in town SATURDAY and see the Chevrolet car driven with no oil in the crankcase starting at Gulf Service Station at 3 P. M.

## YES, PRICES ARE GOING UP

For two successive months, according to a graph in the New York Times, the index of commodity prices has been moving upward without interruption.

The nation-wide policy of the moment is to raise prices to a more normal level and, by one means or another, keep them there.

Here are two facts that should interest every property-owner, and every potential builder. They mean that present low prices are doomed; that we're going to pay more for what we buy—whether it's food and clothing, or a new house.

The wise citizen who possibly can, will spend now, when it will get him the largest dollar's worth he has ever known. And he will spend largely on property-improvement, where it will give him something of real and permanent value. There is hardly one of us who hasn't let his property slide a little the past few years. We have put on painting, repairing, installing labor-saving machinery in kitchen and laundry, building a new garage, overhauling the heating plant, repairing or replacing the roof, walks, fences, etc. But we have now reached the point where if we put it off any longer it will mean dollars out of pocket.

And when we build and repair, we are doing our bit toward stimulating employment. Our dollars will pass through the hands of workers in a hundred industries. We are increasing purchasing power, and laying the groundwork for future prosperity for ourselves as well. Don't forget that investment and employment are cheaper than charity.

## ALEXANDER HOME DEMONSTRATION CLUB

The Alexander Home Demonstration Club met Tuesday June 20, with Mrs. W. E. Baker.

Miss Howell met with the club and supervised the canning of Squash, Beans, Carrots, and Sweet Beet pickles.

We learned that beets should be cooked with one and one-half inch of tops and the root left on and that cold water should not be added when removing skins. This prevents bleeding.

After the meeting refreshments were served.

The next meeting will be at the Alexander school building.

## MAYER DEMONSTRATION CLUB MEETS

The Mayer Home Demonstration Club met June 25 at the home of Mrs. A. B. Crosby with nine members and one visitor present. At this meeting recipes were exchanged.

Mrs. Crosby served refreshments at the close of the meeting consisting of cake and ice cream.

Miss Howell will meet with the club Friday (today), July 7th at the home of Mrs. Stockton.

—Reporter.

## INSURANCE

CAN WRITE YOUR FIRE INSURANCE AND LET YOU PAY MONTHLY, QUARTERLY, SEMI-ANNUALLY OR ANNUALLY.

J. L. RATLIFF

Garfield H. Horn, the Houston high school student who won the Texas scholarship in Culver Military Academy for next session, has received instructions to report for the opening of the Academy next September 6th. He is one of twelve high school freshmen awarded Culver scholarships for outstanding scholarships and general ability, which they displayed in exacting tests administered by committees of prominent educators. Each of the twelve scholars stood highest in a state-wide competition. Horn will have all his expenses for room, board and tuition paid at Culver until his graduation in June, 1936.

## ON TEXAS FARMS

By W. H. Darrow,  
 Extension Service Editor

With a thick corn stand and no rain, W. H. Smith, Willacy county farmer, was faced this spring with a crop failure which he avoided by digging a trench silo by county agent specifications. The silo holds 80 tons, cost \$6.75 to build, and when full of feed total cost did not exceed \$30.

An acre of improved pasture is worth more than any five acres he has planted to field crops, declares R. E. L. Fant, Cass county farmer whose seven-acre permanent pasture demonstration is carrying 11 head of cattle and 5 head of horses and mules. He is one of 14 pasture demonstrators in Cass county.

A 30-acre demonstration alfalfa field planted last October by M. L. Anderson of Eagle Lake produced three-fourths of a ton of hay at the first cutting this spring. It sold locally for \$15 per ton.

Sub-irrigation is just the thing for West Texas gardens, say the 7 Lynn county home demonstration club women who have installed a total of 983 feet of home-made concrete tile at an average cost of 1 cent per foot.

A dress which can easily be mistaken for linen has been made at a cost of 25 cents from feed sacks and a package of dye by Mrs. A. S. Daniels, Cherokee county home demonstration club woman.

A big pecan tree in a corn patch has paid the taxes on the entire 160-acre farm every year since he bought it in 1919, says Frank Newell of Gorman. When clearing the field of pecan and other timber three trees were left and although unimproved they have borne well, showing what thinning will do for pecan production, states the county agent.

Farmers in Lois Community in Cooke county are asking the 4-H boys' club to build cream hog self-feeders since the boys completed one as a demonstration for Howard Springer, local farmer.

A hog shipping association in Hockley county shipped 396 head for its members in May at prices estimated to have made owners about \$390 extra for the cooperative marketing effort.

Mills county farmers are bound to make pecans pay the farm taxes, and more. This spring 57 native groves were cleared out, thinned, and budding started in demonstrations with the county agent. Records show 6000 trees top-worked in the county this year.

Farmers often joke county agents about making water run up hill. L. E. Moore of Harmony Community in Jones county is interested in making water stay up hill. Twenty hours after a 11-2 inch rain he called the county agent to tell him that the top of his newly contoured himm was still too wet to plant.

Paying for her cans by canning for city relatives, Mrs. Echra Pettus of Morrice Home Demonstration Club in Van Zandt county yput up 420 containers of vegetables from her garden. Valuing produce at 3 cents per pound her 90-by-60-foot garden netted a profit of more than \$100.

All the old type outdoor toilets in one Hill county community are to be replaced by the

## Got Over Weak, Painful Condition By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Baranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor. My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all." For over 50 years, Cardui has been helping women just as this Texas lady describes above. Cardui is sold at all drug stores.

## WE CAN SUPPLY YOUR

### NEEDS IN PRINTING

Look over the items listed below and see if there is any of them you need. If so, use your telephone and have us bring it to you.

Typewriter Ribbons, Adding Machine Ribbons, Stafford's Fountain Pen Ink, in half pint bottles, Stamping Pads, Adding Machine Paper, Cash Register Paper. Second sheets and all commercial stock.

Ashburnham Vellum announcement cards and envelopes.

Tablets made for plain correspondence, Hammermill Bond paper.

All printing done on short notice.

THE ELDORADO SUCCESS

## Fresh Gulf gas saves money!

sanitary concrete slab pit toilet recommended by the State Department of Health, following demonstrations in the making of the new type by the county agent. Every well except one was found to be contaminated, explaining a typhoid epidemic of two year's standing.

The answer of Wilson county farmers to the May drought that threatened a no crop corn year as been to dig trench silos. The county agent reports them built in all sorts of ways and in many sizes, ranging from 100 feet long, 15 feet wide, and 10 feet deep, down to short ones 30 feet long. Some have already been filled.

Potatoes kept well in log potato dry kilns built last summer by Jasper county farmers, and the county agent plans the building of 12 more demonstration kilns this season. Several farmers are now finding these houses very satisfactory for storing Irish potatoes.

Lester Henderson was in from the farm Saturday and brought The Success office a fine lot of roasting ears that he pulled from his cornfield. Mr. Henderson said he had 18 acres of good corn. The Success tribe has feasted on fresh corn and can testify that it is the best ever. Thanks.

Miss Victoria Jones visited friends and relatives in Brady last week and this.

## Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All Dealers. (Adv.)

W. H. McClatchey was in from the ranch Saturday still boasting about how bad his goat ropers beat the town Lions in Friday's game of indoor ball played outside. The only alibi that we claim is that the grass tickled R. L. Samples' feet too bad for him to bat and he fanned every time.

J. L. McElroy and son Joan were in the city Monday looking after business.

## THE STATE OF TEXAS COUNTY OF SCHLEICHER

In the District Court of Schleicher County, Texas, Mrs. Kate E. Robinson, Plaintiff, VS Geo. M. Brown, Defendant.

Whereas, by virtue of an execution issued out of the District Court of Schleicher County, Texas, on a judgement rendered in said court on the 29th, day of March A. D. 1927, in favor of the said Mrs. Kate E. Robinson and against the said Geo. M. Brown, No. 367 on the docket of said court, I did on the 22nd, day of June A. D. 1933, at ten o'clock A. M., levy upon the following described lots, tracts and parcels of land situated in the town of Eldorado, in the County of Schleicher and the State of Texas, and belonging to the said Geo. M. Brown, to wit:

All of lots Nos. One (1) and Two (2) in Block No. Two (2) in the D. C. Hill Subdivision of the South one half of Block No. Sixty (60) as the same appears from the map of the said town of Eldorado, Texas, and the map of said Subdivision;

And on the 1st, day of August A. D. 1933, the same being the first Tuesday in said month, between the hours of ten o'clock A. M. and four o'clock P. M. on said day, at the court house door of said county, I with offer for sale and sell at public auction, for cash, all the right, title and interest of the said Geo. M. Brown in and to said lands and premises.

Dated this the 22nd, day of June A. D. 1933.  
 O. E. CONNER,  
 Sheriff of Schleicher Co., Tex.

## GASOLINE TAX IN- CREASING STATE INCOME

AUSTIN, Texas, July 3.—Comptroller George H. Sheppard wore a broad grin today as he announced to the harassed taxpayers of Texas the first comparative figures on collection of the gasoline tax under the drastic new enforcement law. Here's his good news:

In the great East Texas area alone, gasoline tax payments have increased 150 per cent in 90 days.

At the May rate, the state's tax income will be increased over \$2,000,000 a year from this single district.

This \$2,000,000 "melon", the comptroller emphasized, will be only a fraction of the state's added revenue as a result of the new law, for it includes no returns from the other five district offices he has created. In these, the bulk of the increases are expected to come from convention of blending tax-free fuels with gasoline, he said. This practice, as well as out-and-out evasion, is a felony offense now.

"The remarkable record in East Texas proves that we were right", Comptroller Sheppard declared. "In February, the tax was paid in that district on 2,826,847 gallons of gasoline. In March the figures leaped to 4,011,227 gallons, in April to 5,434,313 gallons and in May to 7,004,463 gallons, or 250 per cent of the February income. Furthermore, this is only a beginning, if the people will be watchful for evaders and help us. We do not want prisoners. We want the tax money. Getting all of it will help everybody."

W. O. Huggins, president of the Texas Good Roads Association, added to the comptroller's statement a reminder of the widespread good which will come from these recovered taxes.

"We must not forget," he said, "that under the present distribution of this tax, \$500,000 a year has been added already to the common school fund, \$500,000 to the county bond refunding income and \$1,000,000 to the highway fund. It is literally finding money for the state."

### JEWELRY WORK

Watch, Clock and Jewelry Repairing at City Drug Store by J. L. HULL, Jeweler

### SICK HEADACHE

Many cases of SICK HEADACHE are due to constipation. If you have headache that is due to constipation, take Theford's BLACK-DRAUGHT for refreshing relief.

"I have taken BLACK-DRAUGHT, when needed, for about 15 years," writes Mr. J. W. Cooper, of Longview, Texas. "I first began to use it for sick headache that seemed to come from constipation."

"I would suffer about twenty-four hours with these headaches. I found out that BLACK-DRAUGHT would help me, so that is what I took. I am glad to recommend it to others, for this trouble, for it will give relief."

Theford's BLACK-DRAUGHT is a purely vegetable laxative, preferred by thousands of men and women because it is so effective and economical. For CHILDREN, get the new, pleasant-tasting SYRUP of Theford's Black-Draught, in 25¢ & 50¢ bottles.

## A BANK REFLECTS THE LIFE ABOUT IT

Loans and Investments on Which Condition of a Bank Depends Determined by The Kind of Business Surrounding It

POLITICAL and popular misapprehensions toward banking are due to little else than failure to realize that it is what the people themselves do that the condition of banking reflects, and that banking cannot of itself reflect events and conditions other than those that actually originate from surrounding circumstances, Francis H. Sisson, President of the American Bankers Association, says in an article in Forum Magazine.

The character of an institution's notes and investments indicates whether it is in the farm regions, a manufacturing center, a mercantile neighborhood or a great financial district, he says, and furthermore, besides identifying the institution as to its locality, a study of its notes will equally clearly indicate the economic conditions surrounding it.

"If a farm district bank's note history shows that its loans rise and fall with the normal cycle of production and marketing of the products of the region, it may be taken as an index of economic good health for the locality," he says. "But if, over a period, the loan volume shows a dwindling trend it may mean a region that is losing ground, becoming exhausted or being robbed of business by another community. Or if a large proportion of the loans are not paid at maturity but are chronically renewed, or if stocks or bonds or real estate have to be taken as additional security, these too have economic significances, reflecting perhaps crop failures, over-production or inefficient, high cost farming methods in a highly competitive national or world market, such as wheat. Inevitably all these facts are reflected in the condition of the local banks.

### City Banks, Too

"If the loans of a bank in a manufacturing or merchandising field show a smoothly running coordination with production and distribution they, too, mirror a healthy economic situation. Or there may be here also signs that reflect growing unfavorable conditions, such as excessive loan renewals, over-enthusiasm and therefore over-expansion of credit extended to makers or dealers in particular products, and similar circumstances. Similar conditions apply to banks engaged in financing the activities of the securities markets.

"The foregoing is merely suggestive of the infinite aspects of the life outwardly surrounding the banks which form and control their internal conditions. Although these facts seem obvious enough, the discussions and criticisms that have raged about the banks often appear to set them apart as somehow separate from the lives of our people, casting forth a malignant influence upon agriculture, industry and trade from forces generated wholly within themselves.

"The truth of the matter is that the fate of the banks is inseparably interwoven with the fate of the rest of the people and of the nation. What happened to the country happened to the banks and what happened to the banks is in no way different or detached from what happened to the people. They are all part of the same pattern, of the same continuous stream of events. No one element in that stream can be called the cause of business depression.

"If the banks caused trouble to some of our people it was because they were irresistibly forced to pass on troubles that came to them from other people. These troubles impaired the values of their securities and customers' notes—and rendered some unable, in turn, to pay back to other customers their deposits that had been properly used to create these loans and investments. Unless these truths are kept continually in mind there is no such thing as approaching an understanding of the banking problem or of properly safeguarding the very heavy stake of the public in that problem."

### The Bank as a Rebuilder

IN place of a 3 per cent loss on an investment of \$40,000 a large New York savings bank is now getting 6 per cent profit on an investment of \$80,000, because it had the good business judgment to spend \$40,000 in modernizing a group of 40-year-old tenement houses on the lower East Side which it was forced to take over on mortgage foreclosure, says an article in the American Bankers Association Journal. A year or two ago the owner, who had always kept up his mortgage payments, began to neglect the property, it became run down and the tenants began to leave.

The bank remodeled the buildings completely, putting in an oil-burning heating plant, incinerators and other modern changes, with the result the buildings are now entirely rented, and there is \$14,000 a year coming in instead of several thousand going out. At that rate the improvements will pay for themselves in three years.

This same bank has done 15 other renovation jobs similar to this, and all have proved profitable. The bank has its own architects and is employing seven painters who are kept busy continuously.

### SUGAR AND COTTON

The interdependence of American industries is well illustrated by a study just completed under the direction of Charles S. Young, of the United States Beet Sugar Association. The industry which Mr. Young represents will sell 2,800,000,000 pounds of sugar to the American public as the result of this year's operations. Bags to put this sugar on the market will require 50,000,000 square yards of cotton cloth. Both the sugar and the cotton are produced by Americans within the borders of the United States.

Special efforts are being made within the sugar industry to increase the consumption of American cotton. Experiments show that in many cases cotton bags are more satisfactory than the large imported hemp bags formerly used. The demand for cotton cloth in the sugar industry has steadily expanded until it now requires 308,450 acres of cotton land to supply this one industry with bags for marketing its products.

There is a tendency in some quarters to consider the domestic beet sugar industry a liability because it can not produce sugar as cheaply as it is produced in tropical climates. But this industry affords an enormous outlet for American cotton and it makes use of large areas of land that would otherwise be planted in wheat and other surplus crops, in addition to providing a considerable part of the domestic sugar supply. A blow at the domestic sugar industry would be a blow at the cotton grower and farmers in general. No American industry can be sacrificed without producing repercussions all thru the industrial system.

Activity in one American factory is stimulated by activity in another American factory. The secret of the United States' rapid development is the advancement of many industries in a way that makes them contributory to one another, and the protection of those industries against disastrous foreign competition from countries operating on lower economic standards.—Washington Post.

Mrs. J. E. Hill and children visited in Big Springs this week guest of Mrs. Hills parents Mr. and Mrs. J. F. Murchison.

Ren McCormick of San Antonio is here this week visiting his sister Mrs. May Tisdale and brothers Rex, Don, and Van McCormick.

Harry Freund was in the city Wednesday and reported that he got a quarter inch rain Tuesday and another shower Wednesday morning.

Mr. and Mrs. R. T. Crain spent the 4th in Del Rio and Villa Acunia.

Mrs. Blandy Crabb was a visitor in Del Rio and Villa Acunia for the July celebration.

Mr. and Mrs. W. B. Cobb and daughter Inez and Miss Margaret Bradley attended the Brady Jubilee and from there they went to San Antonio for a visit. Misses Margaret and Inez represented Eldorado as duchess and maid of honor at the Jubilee.

Rev. and Mrs. W. H. Marshall and family spent Tuesday and Wednesday in Abilene visiting with Rev. Marshall's brother.

Mr. and Mrs. J. F. Isaacs and children were visitors in Christoval Tuesday.

Mr. and Mrs. Bill Lunsford of San Angelo were guest of Mr. and Mrs. Lewis Ballew the week end.

Mr. and Mrs. Francis Wood were visitors in Ozona the 4th.

Miss Fannie Hardt of Paint Rock was visiting friends in Eldorado Thursday, coming in from the Martin ranch where she has been guest of Miss Minnie Martin for several days.

Miss Minnie Martin was visiting in the city Thursday from the ranch in the Rudd neighborhood.

Mellie Ointer and family were in from the McCormick ranch Wednesday visiting.

## LAIRD'S GARAGE

### ELDORADO 4-H CLUB TO MEET MONDAY AT 10 A. M.

The Eldorado 4-H Club will meet Monday morning at the home of Mrs. W. N. Ramsey, at 10 o'clock and will have a covered dish luncheon. Each member is to bring a covered dish of eats. Canning of chicken and other things will be done. All members are urged to be present.

Sol Mayer was in from the ranch Wednesday guest of the Lions Club. He is president of the National Wool Corporation Association; has been a resident of Schleicher County for 50 years.

Chas. Mund was a guest of the Lions Club Wednesday. Mr. Mund is one of the Committeemen of the Farm Cotton Reduction Company.

Miss Mzelle Turney was here this week visiting friends. She was one of our teachers last year.

Mr. and Mrs. W. D. Gregory and Mr. and Mrs. Ben Hext spent the Fourth of July in Del Rio enjoying the celebration.

W. L. Isaacs was in from the ranch Monday meeting friends and trading.

Miss Johnnie Cross of Mertzon is visiting Miss Mabel McClatchey on the ranch this week.

Mr. and Mrs. J. B. Christian, Toe Muller and Mrs. E. P. Sweat visited in Brady Tuesday and Wednesday and attended the Jubilee.

A reunion which brought together members of the G. A. Neill family was held Tuesday July 4 at the home of Mr. and Mrs. Geo. Neill of Sonora. This was the first time the entire family had been together in over six years. A barbecue dinner honoring Mr. and Mrs. G. A. Neill was served to the following children and grand-children: Mr. and Mrs. J. L. Neill and children, Jack and Jean of Eldorado, Mr. and Mrs. E. T. Neill and children, Peggy and Mary Alice of St. Louis, Mo., Mr. and Mrs. Geo. H. Neill and daughter Jane of Sonora and Mr. and Mrs. Reuben Dickens and children Neill and Jennie Lee of Eldorado.

Mr. and Mrs. M. O. Shafer and son Marvin, Mr. Shafer's brother and family of Mertzon and Mr. and Mrs. H. H. Hooker are enjoying a fish and swim in the Gulf at Corpus this week. Just how big a fish will be landed is yet to be known but we hope the big'uns don't get away.

**New Beauty Shop For Eldorado**  
Miss Isabelle Isaacs has opened up a new Beauty Parlor in our city at the City Barber shop. Miss Isaacs needs no introduction to our people as she is a home girl and well acquainted with everyone here. She has with her Miss Juanita Powell of San Angelo.

Mr. and Mrs. Ben Hext and Mr. and Mrs. W. D. Gregory attended the celebration at Del Rio and Villa Acunia Monday and Tuesday.

Our friend Buck Bailey believes in staying with a good cause until success comes. He has bought some more sheep from J. W. Lawhon and will put them on the Don McCormick ranch where he has some which he bought about two years ago, and which Buck has had some chiding.

Christoval caught a good many of Eldorado people who did not care to attend some all day barbecue. They just find it fine to motor to the health resort and take a swim in the sparkling waters of Old South Concho, and the good Methodist Ladies of that city have a dinner every fourth that you can buy cheaper than you can cook yourself and all one has to do is to get there with his bathing suit and swim and eat, what better Fourth would you want? We understand the ladies cleared over \$50.00 on their dinner.

E. C. Parker spent the Fourth in Ozona taking in the barbecue.

Mr. and Mrs. Joe Edens entertained a few friends on July 4th with a barbecue and party. He even had Harry Freund playing in the ball game.

Bo Clark was in from Station A Saturday watching his team climb to victory without his help.

L. T. Wilson was in the city Monday inquiring about his friend C. B. Reagan, who he had last heard of at the Bull fight in Villa Acunia Sunday.

Mr. and Mrs. Guy Cavett, of Austin, were here last week guest of Mr. and Mrs. H. Freund on the ranch. Mrs. Cavett being a sister of Mr. Freund, little Miss Gladys Cavett, their daughter, remained on the Freund ranch for a visit with Uncle Harry and wife. White in Eldorado Saturday they made The Success office an appreciated visit.

Our old friend Ed Passo of San Angelo dropped in on Friday morning with lots to tell us since he last saw us. Ed can even laugh when the whole thing seems to be going wrong. Ed said he found that people even did not want to have their pianos tuned in these times of depression, but that he was still on the job and found a little to do as he went along. Ed said there was always a worm for the hen that scratched, and he was scratching like hell.

G. H. Farrington was in from the ranch Monday looking after business and trading.

Cecil Meador was in from the ranch Saturday looking after business.

Mr. and Mrs. Claud Meador were in from the ranch Saturday guest of Mr. and Mrs. D. E. DeLong.

C. M. Reynolds was in the city Monday trading and meeting friends.

Mr. and Mrs. G. C. Crosby and Mrs. J. C. Crosby and daughter Kathleen spent last week end in Villa Acunia, Mexico, visiting.
