Car Turns Turtle On Ozona Road

Oll Trotter and family and Arthur Henderson were victims of a car wreck about one mile west of Eldorado Friday afternoon. Mr. Trotter and family had returned from San Angelo and were on their way home when the accident happened. Three children were riding in a trailer, they were thrown clear of the wreck and were only slightly injured. Mrs. Trotter had her neck hurt in the accident and Arthur Henderson received a bruised head, with two lacerations on the side of the head, some four or five inches long. The car was only slightly damaged, and Mr. Trotter only received slight injuries, he was driving. The car was a Buick coupe.

Danley Jones 13, and his brother McKinney Jones, of San Angelo were returning home with Mr. and Mrs. Trotter for a visit. Danley received a broken rib when he was thrown from the trailer.

LIONS CLUB BACKS NRA

At the Lions Club luncheon Wednesday a letter from the department at Washington was read asking that Eldorado endorse the NRA program. The letter being presented by Postmaster Atkins. The Club reported that Eldorado had signed up 100 per cent, and the following committee was appointed to see that when the NRA program was fully understood and in operation, to cooperate with the National Body in complying with their request.

E. C. Hill, O. W. Smith and J. C. Carr were the committee. Visitors at the luncheon were Prof. Covey, Coach Smith, Izzy Leaman and Rev. E. P. Neal of Sonora, and A. J. Atkins of our city. Glenn Ratliff was reported as a new member.

GOOD ATTENDANCE AT METHODIST MEETING

Good crowds are coming to hear the Rev. E. P. Neal, at the Methodist Church, as he brings the Gospel messages both morning and night. Brother Neal is a good preacher, a real servant of God and will continue his preaching until Sunday night.

Mr. and Mrs. A. Oliver of Edna, Texas were in Eldorado Wednesday shaking hands and visiting with old friends. They had been to the World's Exposition of Progress and out to the western coast, spent several days in Los Angeles, San Francisco, Seattle, Washington and many other places of interest. Mr. Oliver at one time was a ranchman of this county and ranched near Kaffir. He has been away from home since about the middle of June and expects to be several days in reaching their home yet, as they are out for pleasure.

Morris Sheppard Speaks In Eldorado

Friday morning it was learned that United States Senator Morris Sheppard was to pass through Eldorado in route to his speaking engagement at San Angelo and Bert Page, J. A. Whitten, L. M. Hoover and A. T. Wright went to Sonora to meet him and arrange for a talk in our city. The Senator at once consented, saying there was one thing he really enjoyed and that was speaking on the subject of the liquor traffic, and at once agreed to stop and make a talk.

Owing to the fact, that we only had about two hours to get the word around about our distinguished guest, the crowd was not as large as would have been, but some 150 or 200 people gathered to hear Senator Sheppard, he being the first Senator to ever speak in our city. During the course of the discourse he was frequently applauded. He was introduced by Judge J. A. Whitten and immediately got into action, as he is one of the best posted men in the Union on the subject. He used figures and facts from the National Records to make his talk impressive and beyond contradiction by those who might want to oppose. Mr. Sheppard is the author of the 18th amendment and began his talk by showing the actual benefits derived from the 18th Amendment. He showed that during the short space of 13 years that a saving in the death rate of 200,000 a year, a decline of 54 per cent in the number of children reported to welfare institutions due to mistreatment of drunken parents, a decline in 50 per cent of arrests for prostitution, a gain of 30 per cent in survival of infants under one year of age. The vast savings and the abolition of the open saloon, he said. On the other hand, a vote for beer is a vote to put dynamite on the roads and in the factories, to restore the greatest evil under the cloak of legality, to bring back a habit forming drug and a slow poison, he charged. He said that they say we have the speak-easies and the bootlegger, we do, he said, but bring back the legalized traffic and we will have the speak-easy, the bootlegger and the open saloon.

Senator Sheppard is not only well posted on the subject he spoke on but had enough spic in his speaking that kept the crowd well entertained. He presented many facts and figures taken from the congressional records and plainly showed why the millionaires were wanting the 18th Amendment repealed. "Tribute to Brewers" The nation will pay a vast tribute to the brewers should beer be legalized—\$600,000,000 to them just to get \$200,000,000 for the government, and when the government gets to the point where it is realizing \$400,000,000 annually, the people will be drinking 80,000,000 barrels, 2,400,000,000 gallons or at the rate of 19 gallons per capita, he declares. The United States Senate lobby investigation of 1930 revealed the moving force behind the propaganda of the Association Against the 18th Amendment as being a group of millionaires, whose prime purpose was to remove taxes from their corporate shoulders and place them on another class of people. He said 53 millionaires were named as being heavy contributors, among them the three du Pont brothers, E. S. Harkness, John J. Raskob, who contributed between 65 and 75 per cent of its revenues or \$276,240 in 1928, \$321,000 in 1929 and in the first two months of 1930, \$127,500. He quoted a memorandum of the association which got into the public record as follows: "Attempt to Shift Taxes" "Do you realize that Congress has the power at once to legalize a glass of mild, wholesome beer? And that the working man and others would willingly pay a tax of 3 cents per

Corner Stone Laid At Scout Camp

Some 2,000 people witnessed the laying of the corner stone at Camp Louis Farr, Sunday afternoon at Mertzon, in memory of the late Louis Farr, Mrs. Farr, Ira G. Yates and Fayette Tankersley, were central figures of the program. The Camp is dedicated to the Boy Scouts and Camp Fire Girls of the State of Texas, Oklahoma and New Mexico. Messers Farr, Yates and Tankersley were life long friends and cowboys of this section of Texas, and have played a fair part in the bringing of civilization to West Texas.

Quite a few went from Eldorado to witness the program and take part in the event and are all of the opinion that it was a great day to be long remembered by the Boy Scouts that were present. The Demolay band of San Angelo furnished music for the occasion. A council-wide court of honor was held under a big grove, after this or at this program awards were given the Scouts according to their standings. Many civic organizations were represented and addressed the crowd.

Climax of Ceremonies.

The climax of the ceremonies was next witnessed when Mrs. Louis L. Farr, Ira G. Yates and Fayette Tankersley placed their tokens in the cornerstone. Mrs. Farr's token was a Masonic watch charm which was prized very highly by the late Louis Farr. It was given to Mr. Farr by his mother and was engraved with his name. Mrs. Farr then spread the first trowel of mortar for the laying of the cornerstone. Mr. Yates and Mr. Tankersley also spread trowels of the white mortar.

Fred Smith and a crew of expert rock masons then laid the cornerstone while the Demolay Band played a stirring march. To-the-Colors ceremony was then held by all the Scouts in camp. The band played Star Spangled Banner and Bugler Bill Erwin played Colors as a picked guard from Sonora carefully took down the American flag.

Following this several picnics and barbecues were held by troops and visitors from the various towns of the council. A group of Irion county citizens honored the Farr, Tankersley and Yates families at a large barbecue held near the famous Tankersley Springs.

HIGH SCHOOL ENROLLMENT MENT SEPTEMBER 2ND

All high school students above the rank of freshmen, that is having more than three high school credits, are asked to report at the school building on Saturday afternoon, September 2nd for the purpose of signing up for the courses for the ensuing year. High school teachers will be present to advise with students in selecting subjects and courses and in filling out the enrollment cards, between the hours of one and six.

glass, and that that amount (based on past consumption) would enable the government to get rid of burdensome corporation taxes and income taxes and take the snoopers and spies out of office." The speaker said Ireene du Pont, one of the heaviest contributors to the association, had said one of his corporations could save \$10,000,000 in taxes. Du Pont would save and the working man would foot the bill, Sheppard added.

Arguing that for every dollar spent for strong drink, a dollar would be taken away from clothing, food and other industries, and that to legalize the traffic would bring back corruption to government such as existed in the old days and that personal or states' rights should not be made excuse for evil, he concluded his argument.

Prohibition Speakers Visit Eldorado Tuesday Afternoon

Rev. P. T. Stanford, Methodist Pastor of Brownwood, Texas and Rev. J. A. Newsome of Oklahoma City, Oklahoma spoke from the back of a truck in front of the L. M. Hoover Drug Store Tuesday afternoon to a good size crowd. Their coming was unannounced until Tuesday noon when the mail arrived and the time for the advertising of the speaking was short. The speakers were strong in their words, very persuasive in argument and handled the question of the liquor traffic without gloves. Rev. Newsome was captured by Indians when a small boy and never was with white people until he was 14 years of age, has been around the world twice and knows the evil of drink to every country. Rev. Stanford was in the world war and challenges anyone to show that he was untrue to his country or the Democratic party in voting for prohibition, and on the other hand showed it was more manly and democratic to do so.

WHAT ALCOHOLIC DRINKS DOES

Listen to the words from Evangeline Booth, a person who went into the slums of the cities to work with those who followed strong drinks, a person who was in constant touch with the old saloon evils and with the crowd that follows its wake. Both says:

"Drink has drained more blood, hung more crepe, sold more homes, plunged more people into bankruptcy, armed more villains, slain more children, snapped more wedding rings, defiled more innocents, blinded more eyes, dethroned more reason, wrecked more manhood, dishonored more womanhood, broken more hearts, blasted more lives, driven more to suicide, and dug more graves than any other poisoned scourge that ever swept its death-dealing waves across the world."

Evangeline Booth had a right to know. Learned from being in touch with the situation and was undoubtedly one of the best friends to those who formed the habit of drink than any other living person. Why could she say the above words? Because they were on her heart placed there by the trend of the day. You have a say tomorrow if you are a qualified voter whether this rum, this evil of all evils, shall invade Texas again with the consent of the law, yes, with your own permission, as for me I shall oppose. I als-

Eldorado School To Begin September 4th

The time for the opening of the Eldorado School has been set for September 4th, which is the first Monday in September.

There is always two glad occasions for our people, that is the opening of school and the closing days. Supt. Holt reports that the enrollment for this year will be larger than last year, which shows that our school has constantly grown since it began and is still growing. The increase is nineteen over last year.

Supt. Holt urges all the patrons to attend the opening exercises on Monday September 4th.

The teachers employed in the Eldorado District for the 1933-34 session are as follows: Miss Una Lee, first grade; Mrs. E. Watson, second grade; Mrs. Payne Robinson, third grade; Mrs. Otis Buie, fourth grade; Miss Ruth Howell, Miss Esther Zimmermann, Miss Louise Knight, and Mr. H. D. Irby, teachers in the Grammar School; Miss Willie Allen, Miss Mary Beth Norwood, Mr. Dave Williams, Mr. J. C. Smith and Mr. R. D. Holt, teachers in the High School; Mrs. Wm. Davis, Mexican School; Mr. Warren Marshall and Miss Blanche Newlin, Reynolds school; Miss Dovie Newman, Alexander School; and Miss Mary Erskine, Vermont School.

The local school now holds 25 credits with the State Department of Education and is on the list of Southern Association of Secondary Schools, the highest rating that a school of this size is able to obtain. The local school can also boast that the teachers have been paid and that the school is on a cash basis.

FIRST BALE GINNED

A Mexican on the Albert Bailey farm west of town brought in the first bale of cotton Wednesday to the Eldorado gin and had it ginned Wednesday night. The seed cotton weighed about 1,300 pounds and ginned a 500 pound bale. The continued dry weather will make the cotton crop here open fast this year and the picking will begin early.

Mrs. J. W. Lawhon Jr. was hostess to the Eldorado Bridge Club Thursday afternoon, August 24th, at her ranch home near Eldorado.

Urge you to oppose with your vote, this damnable affliction of alcoholic drinks.

Eldorado School Budget Past and Future

The Eldorado School Board has given out the budget as used for the school last year and an estimated budget for this year, which shows in detail what the school has spent for the past years work and what they expect to spend for this coming term. We will endeavor to get the returns Saturday night from the election to be held Saturday. The Success always gets these returns. We will endeavor to do it again.

RUDD NEIGHBORHOOD GETS RAIN

Telephone reports from the Porter ranch, Robinson ranch Sam Williams, Isaacs and other ranches in the Rudd neighborhood said that section of the county received a good rain Wednesday afternoon late.

George Smith and daughter, of Almodoro, New Mexico, are visiting Mr. Smith's mother, Mrs. T. H. Moore. Mrs. Moore has been confined to her bed. Mrs. Ruth Johnson of Austin, a daughter of Mrs. Moore, is also here visiting this week.

LOCAL ARCHITECTS GET ELDORADO JOBS

M. M. Mosely and S. C. Cooper, architects here, have returned from Eldorado, Texas, where they obtained contracts to make plans for two Federal aid projects and where they are making negotiations for two others.

The local architects this week are making plans for a paving project and for a hospital. They may make plans later on a water works and on an ice plant.

Eldorado projects are to be built under the public works program of the Federal government.—Democratic Voice, Coleman.

AUGUST 25, 1933.

It seems like Cecil Smith has been playing hands as well as polo, in Chicago, and has played one game too many. Of course his Texas friends believe in his innocence, but can he make the chief magistrate of Chicago take his word, or will he believe the nurse and her story. His trouble came about because of his Texas cowboy hospitality, and wanting to be nice to the ladies. Well, boy, when you get away from home you have to watch your p's and q's.

The Heart O' Texas News reports that a general rain fell over McCulloch County last week ranging from one-half to two inches and a half, benefiting the farmers wonderfully.

The Rocksprings Record reports that Edwards County will have a Rodeo and Horse Racing event on September 4th and 5th. Those guys down there must not be in the depression, or trying to forget it one.

We change as we grow older. When we were small we thought how nice it would be to be rich, but since we have grown older, and see that the kidnapers only bother the rich, we are more content with our class in society.

Another thing we like about our high divide, is the outlaws very seldom try to hide in this open country.

Well, to-morrow is the day. What will Texas do? What will our own Schleicher County do?

Our school opens the first week in September. There will be very little here to keep the children out of school for. Dad and Mother can pick most of the cotton, the government took a third, and nature took 50 percent, what's left can be harvested in a short time.

We are still drifting along in the space of time looking for better times living in the hope that tomorrow may bring a better and brighter hope. Content yourself with the present times, do all you can to make life better for your fellowman and times will begin to improve for you.

PRESBYTERIAN CHURCH NEWS

Sunday morning August 27th the sermon subject will be "Face to Face with God," Isaiah ch. 6. Sunday school meets at 10:00 o'clock. The men's class meeting in the Manse. At 7:15 the Young People's Society will hold their second devotional service with Miss Anna Pearl Finley as leader.

There will be no evening service for the next three Sundays, due to the Methodist and Baptist meetings. No Wednesday evening Bible Study will be held on that account.

The men of the church have become deeply interested in their new organization, and it is hoped that such a movement will prove to be a mainstay of the local church activities.

COUNTRY WOMAN'S CLUB

The Country Woman's Club met Wednesday, August 16 at the home of Mrs. Hugh McCaugus.

There were ten members present and three visitors.

Mrs. Gordie Alexander was elected assistant Vice-President and Mrs. Claude Alexander was elected assistant reporter.

Each member brought scrap and pieced on a Dreslin Plate quilt.

Refreshments of punch and delicious sandwiches of chicken and pimento cheese were served. —Reporter.

C. M. Reynolds was in from the ranch Tuesday buying supplies.

THE CREED OF THOSE WHO VOTE FOR REPEAL

I BELIEVE:

That sin is more profitable than righteousness.

That the wages of sin are more to be desired than the gift of God.

That it pays better to serve Mammon than to serve the Lord.

That the Devil is a more liberal paymaster than the Almighty.

That crime pays better than virtue.

That damning people is a better business than blessing them.

That it is better to be drunk than sober.

That goods that curse make a more profitable business than goods that bless.

That the saloon should be extended and the church suppressed.

That the brewery is of more benefit to the community than the public school.

That it is more honorable to dispose poison than wholesome food. That the poison is preferable to the antidote.

That it is more commendable to break the laws than to keep them. This is especially true of the moral law.

The lower society sinks, the better it suits me, since I can make more money ministering to their passions than by encouraging their virtues.

Having subscribed to this creed, I am willing to go out and preach it or contribute my money to the support of those who do.

I am a member of the church since that tends to give me a standing with a certain class or society, but business is business and when I seek guiding counsel in the bewildering mazes of life's mazes, I apply to the bar tender or the brewer instead of my pastor.

I have found that this world is ruled by Mammon and that the truest summary of a successful life is found in the Epicurean creed: "Eat, drink and be merry, for to-morrow you die."

—By F. G. Clark.

This depression is having the opposite effect upon the people from any I have ever experienced. Usually, trouble or hardships of any kind drive folks Godward. They, heretofore, have sought God as a troubled child sought parental sympathy and help. But in this depression the public has plunged deeper and deeper into iniquity. They are planning to legalize liquor race track gambling, sabbath desecration and other forms of evil. Instead of turning to God in their trouble, they are inviting the devil's help.

Just now the leaders of the repeal movement are seeking to discredit the pro leaders by spreading slanderous tales concerning their honesty. Such men as Pat Neff, Dan Moody, Tom Love, Frank Norris and others, are being accused of taking bribes from the Mexican breweries for the purpose of keeping Texas dry. Even if this preposterous tale were true, it comes in poor taste from men who have been in the pay of the liquor business for many years. These interests have spent half a million dollars a year for many years, corrupting newspapers, periodicals and notable writers who contribute to them.

And the public has wound this propaganda under its tongue as a sweet morsel. Repeat seems to be dangerously near the offering. In the midst of a terrible depression we are headed toward a two-billion dollar dissipation. It won't work. The way out is toward God and not toward the devil, and the direction is up, not down.

BAPTIST CHURCH

Our Sunday school was a little off in attendance last Sunday and we are hoping to gain all back next Sunday and add enough to it to make one hundred fifty, and be sure to come to stay for the eleven o'clock service, for we are to have with us a group of young people from over the State representing the Baptist students work in the west, and if you miss this you will certainly miss a treat. Then the Training Service at 7:15 p. m. It was a beautiful sight last Sunday evening to see 75 or 80 people come for that service. Some 35 or 40 juniors. Come on young people. We are for you and God will bless you.

Let us not forget that our revival is to begin Sunday, Sept. 3rd. And we are counting on each one to be prepared to put their very best into the meeting even in the first service. We have secured the services of Bro. T. D. Carroll of Fort Worth to conduct the music for the meeting and Bro. Carroll is among the best of the State and you will appreciate him. I'm sure. So let us pray for the meeting.

Next Sunday night, we will worship with our Methodist brethren in their meeting.

Side Quit Hurting, Got Stronger, Well; CARDUI Helped Her

WOMEN! Get rid of the handicaps of a weak, debilitated condition with the assistance of Cardui. Mrs. R. L. West, of Huntsville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition—this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well."

THE SUCCESS

"The Home of Good Printing."

Mrs. Marie Perner and children of the ranch in Crockett County, came in Friday and are visiting her father, Mr. C. C. Doty, and attending the Methodist meeting this week.

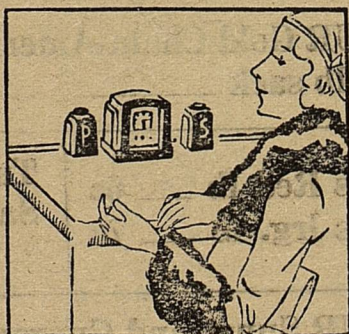

Mrs. Ben Hext is enjoying a visit this week with her mother and father and other relatives and friends at Brownwood.

Lewis Ballew was in the city Tuesday from the ranch.

Electric Cookery Gives You Freedom from Tiresome Kitchen Duties

Are you tired of being tied to your kitchen stove? Do you long for enjoyable hours of freedom from the drudgery of kitchen duties? Does the thought of spending more futile hours in "peeking and testing" cooking foods weaken you? Wouldn't you like to delegate the routine part of your kitchen obligations to some one else?

If—like thousands of progressive West Texas home-managers—your answer to these questions is an emphatic "Yes"—then you NEED a modern Electric Range.

Ask one of our Trained Representatives to tell you the interesting story of modern Electric Cookery. He will explain in detail how this modern "Electrical Servant" gives you a clean, cool kitchen... better and more healthful meals... substantial savings in food and fuel... surprising economy of operation. Then he'll tell you about new LOW PRICES... and the Convenient Terms that make the purchase of this modern, automatic "Electrical Cook" fit into your household budget right now. Don't wait... ask for a complete demonstration... TODAY!

Call us for an individual investigation of your use of electric service, to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.

RESOLUTION

State of Texas
County of Schleicher
Eldorado, Texas,
August 17, 1933

At a meeting of Troop No. 18, Boy Scouts of America, held in the Court House on the above date, the following Resolution was offered by the Resolutions Committee and upon rising vote was unanimously adopted.

Resolution
Whereas the Boy Scouts of Eldorado have for some time had no place to hold their meetings, except at the county court house, which place is not suitable for such meetings, thereby hampering to a great extent the progress of their activities, and

Whereas, the good people of this community, under the direction of the Lions Club of Eldorado, in co-operation with the Troop Committee have graciously provided the necessary funds and materials for the erection of a new Boy Scout Cabin, which we are to occupy for the first time at the next meeting. In order to express our everlasting gratitude to all who in any way had a part in making this building possible, **THEREFORE:**

BE IT RESOLVED: 1st. That we express our appreciation to every single person, business firm, corporation and individual who in any way had a part in the building of the cabin.

2nd. That we especially thank the Lions Club who so energetically pushed the work to completion.

3rd. The Lions Committee, who had charge of the building program, who not only gave of their money, but much of their valuable time.

4th. The Eldorado Townsite Company who gave the beautiful lot on which the cabin was erected.

5th. To Mrs. E. Robinson who has been a loyal booster for the cabin and who gave the entire amount of the gravel necessary for the construction of the building, besides additional gravel which was sold and the money applied to the building fund. So much do we appreciate her loyalty and support that in a former meeting by unanimous vote we acclaimed her Honorable Mistress.

6th. Be it further resolved: That in order that every one who contributed to the Scout building fund be publically recognized we have ordered the publication of their names in both of the local papers, and

BE IT FURTHER RESOLVED: That as a further token of our appreciation we pledge anew:

That we will do our duty to God and our Country and obey the Scout Law.

To help other people at all times.

To keep ourselves physically strong, mentally awake and morally straight.

(Signed) Troop No. 18 and Resolutions Committee,
Jim T. Roach,
M. C. Laird,
Charles Ratliff.

LYNCH DAVIDSON, FORMER LIEUTENANT GOVERNOR OF TEXAS AGAINST THE \$20,000,000.00 BOND ISSUE

Propagandist, consisting mostly of Politicians, public office and welfare job seekers and holders, aided by more or less the same crowd that tried to load this State down with a \$250,000,000.00 Road bond issue, are endeavoring in the name of charity to whip the public into a frenzy over a constitutional amendment authorizing the Legislature to issue \$20,000,000.00 in bonds, and thereby, break down our constitutional safe-guards against bond issues.

Say what they will, once the constitution of this State is amended to permit bond issues for any purpose, the same demand will soon be made for all purposes, and once again, the old highway bond issue goose will hang high. Suppose for a moment, this State now had on its back \$250,000,000.00 road bond indebtedness, with which this selfsame crowd undertook to load us down, our financial condition would be appalling. Then ask yourself is their judgment any better now than it was then. No, its just another way of committing a crime against the body politic in the name of charity.

Every case of destitution and dependency in this State can be provided for by legislative appropriation, and, therefore, no bond issue is necessary. Section 10, article 8 of the Constitution provides that the legislature may appropriate necessary monies for relief in cases of "wide spread destitution and calamity." I am heartily in sympathy with any soul plan that will provide for the destitute and needy, that does not at the same time supply pie for political purposes.

To accomplish this, tax levies will be necessary but the taxes will be much greater if the funds are raised by the Bond Issue route. The simple forth right way to provide for the problem of the needy is by legislative appropriation and a levy of the necessary taxes with which to pay the appropriation.

I call upon the right thinking people of Texas to vote against any amendment to the Constitution of this State which will

Take a Pinch of BLACK-DRAUGHT For Distress After Meals

He had suffered distress after meals, but by taking Theford's Black-Draught he was relieved of this trouble, writes Mr. Jess Higgins, of Dawsonville, Ga.

"I had sour stomach and gas," Mr. Higgins explains, "and often I would have bilious spells. I read about Theford's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

Now you can get Black-Draught in the form of a **SERVE**, for **CHILDREN**.

BRANNON AND SOFGEE COLLID

On the Ozona riad Saturday night, Jud Brannon and Crame Sofgee had a head on collision and the two cars were badly smashed up, but the occupants were only slightly injured. This wreck was only a short distance and on the same road that the Friday wreck happened.

"Stormy" George Caraway dropped into our sanctum sanctorum Saturday, when he returned from Comyn, Texas, where he has been transferred from Station A. George said he had to leave these good people but he was well pleased with his new location, as it was near his father, a good town, Church and school, and Mr. Caraway likes to sing as well as play base ball.

authorize its legislative body to plaster debts upon this great Commonwealth. Every state in the Nation that has tried the Bond Issue route is on serious financial difficulties.

Vote against this bond issue, and hold the line of our constitutional safeguards against debts, should be the campaign cry of every man.

INTRODUCING DR. WALLACE C. STILES

To the Ranchmen of West Texas:

Two factors have made this section the greatest exclusive stockraising country in the world—high quality of range and pride of the stockmen in thoroughbreds.

We are ambitious to share in your achievements and to contribute something towards their attainment. As a means to this end we have engaged the services of Dr. Wallace C. Stiles to head our Department of Animal Husbandry with the beginning of our Fall Term, September 20. Dr. Stiles holds the Ph. D. Degree from Cornell University and he has done seven months of additional work at Ames, Iowa. He was for several years with the Department of Animal Husbandry, Washington, D. C. taught Animal Husbandry for four years in University of Tennessee, and has had a wide range of experience in judging cattle and contacts with cattle men.

We tender you his services. Dr. Stiles will teach three classes in Animal Husbandry at the College, but he will spend at least half of his time in the field. He will learn much from your practical experience, but it is hoped that he may be able to contribute something to the solution of your problems.

CALL ON US WHEN WE CAN SERVE YOU.

Sincerely yours,
H. W. Morelock.

SCHLEICHER COUNTY HAS RECEIVED \$1,949.18 FOR RELIEF

Austin, Aug. 10.—In many counties in Texas the Federal government is now spending more money every month for relief work than those counties would have to pay back in a year in paying off the relief bonds, according to William Strauss, chairman of the committee campaigning for adoption of the proposed relief bond amendment.

"It is primarily a matter of bread and meat for the hungry," said Mr. Strauss. "It is unthinkable that Texas will let its women and children go hungry. But some people may want to know what Texas will get for authorizing a bond issue that may go up to \$20,000,000 if the legislature finds that much is needed.

"In the first place, there is hardly a county in Texas that can care for its own destitute through local taxation. If they could the burden of taxes would fall on homes and farms and be tremendously heavy. By issuing state bonds the burden is taken off homes and farms, for the taxes to fund these bonds cannot be raised on real or personal property. If all the bonds are issued the tax per capita will not average over 41 cents a year for 10 years. Actually it probably will be some special tax that will fall heavier on city people and be lighter than on rural citizens.

"In Schleicher County the Federal government in the past ten months has spent for relief work \$1,949.18. The county has asked for \$450.00 to carry on the work during August for the benefit of 202 persons on its relief rolls."

Lewis Whitten was carried to San Angelo the first of the week and a knot in his groin lanced. He had been suffering several days and was confined to his bed with it. He is improving this week end.

REST

By Louis Kerr, Bailey Ranch

The long days work is over, The farmer has gone to his rest. The mother bird twitters to her young ones, Tucked snugly under her breast

The cows are asleep in the meadow, The horses asleep in the stalls. The soft falling shadows of twilight Creep silently over them all.

The horned owl hoots from his dwelling, The whip-poor-will calls until late, The coyote slinks o'er the prairie And a lone wolf calls to its mate.

There's a wierd howl of a watch-dog From a distant farm on the plains, And a cool wind sweeps from the southland, Bringing the promise of rain.

The stars twinkle bright in the heavens

The yellow moon sinks in the west,

The evening dew has now fallen The world seems at peace and at rest.

Mrs. B. F. Jones of Kirkland, Texas, daughter of Mrs. J. R. Word of our city and sister of W. R. Word and Mrs. Rose Holland, is here this week visiting. Came in to be with her mother during the Methodist meeting and attend the meeting.

W. P. Evans of Christoval was a business visitor in the city Thursday. Mr. Evans for a long time ranched in Schleicher County and still likes to come back.

C. A. Graves has secured the Agency for the sale of the Hefflin Cylinder Protector, one of the best inventions for the owners of wells that has come out in recent years. It was patented by Lum Hefflin, well known ranchman here, and is being manufactured and put on the market by W. F. Parrent. It is a bronze cup, fits on the succor rod above the cylinder and catches all drippings from the top that might fall in the cylinder. It does not only save in labor but saves the cylinder as well.

The Success regrets the fact that we overlooked to make mention last week of the arrival of a daughter to Mr. and Mrs. S. D. Harper on August 12th, at the home of Mr. and Mrs. DeLong in our city, parents of Mrs. Harper.

Rev. Leon Frazier and family are away this week end on a visit to his father, who is getting up around 80 years of age. The Success wishes them a most enjoyable visit.

Ers. J. L. Ratliff returned the first of the week from Harriet where he held a successful meeting, resulting in much good for the community. He has a monthly appointment at that place.

Mr. and Mrs. A. D. Richey Mr. and Mrs. W. R. Lewis of our city and Mr. and Mrs. J. L. Williams of Eden enjoyed a fishing trip this week which carried them into Old Mexico. They returned Thursday morning and report catching plenty of fish and a real nice outing.
