

# THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIII

Eldorado, Schleicher County, Texas. Friday, September 1, 1933.

No. 34

## Martin - Sessions

An historic old ranch home, one of the landmarks of Schleicher County, was the scene of a wedding of interest to a host of friends throughout the state Friday, when Miss Marietta Sessions, daughter of V. L. Sessions of Brady, became the bride of James L. Martin Sr., of McCamey. The informal service was read by the Rev. Guy Davis of Brownwood, president of Daniel Baker College. The Rev. Mr. Davis is a lifelong friend of the bride's family, and has officiated at numbers of weddings for the children of the late Mr. and Mrs. John I. Jones, in the past few years.

The bride was married at the home of her maternal uncle and aunt, Mr. and Mrs. R. A. King, where the bride's mother became the bride of V. L. Sessions April 13, 1913. This united two of the leading ranch families of that section. A large number of relatives attending the ceremony at the King home in 1913 were also present for the wedding of August 25.

The bride and groom entered unattended to the strains of Lohngren's wedding march, played by Miss Ruth Espy of Eldorado, cousin of the bride. They stood before a mound of smilax and fern. A prenuptial number, Miss Victoria Jones of Eldorado cousin of the bride, sang, "I Love You Truly," with Miss Espy playing the accompaniment.

The bride wore an afternoon gown of brown hammered chiffon with accessories to harmonize. Her traveling costume was of brown and green tweed. With this she carried brown accessories.

## Reception Is Held

Following the ceremony an informal reception was held. The guests were invited in to the dining room where punch and cake were served by Miss Harva Jones of Sonora, Miss Victoria Jones of Eldorado, Miss Euclid Stockton of Temple, Miss Anna Florence Page of Eldorado, cousins of the bride; Miss Mary Louise Sessions, aunt of the bride, and Miss Betty Ann Brittain of Dallas.

The table was laid in Irish lace, centered with a miniature bridal party scene. Pink tapers in silver holders were at either end, the arrangement being completed with a basket of cut flowers adorned with a huge bow of pink maline, beautifully carrying out the bride colors of pink and white.

The bride is a grand-daughter of Mr. and Mrs. H. H. Sessions of Brady, with whom she has made her home for the past two years. She is a graduate of Brady High School and was enrolled as a Freshman at the Abilene Christian College, during the past winter. She pledged the G. A. T. A. Sorority and was a member of the Kitten Club, being Freshman representative at the Kitten Club Carnival, one of the outstanding social events of the year's activities. She is well known in Eldorado and Sonora, having spent most of her time here during summer months for the past few years. She has also made many friends in McCamey.

## Edits McCamey News

The groom is managing editor of the McCamey News, having worked with his father on news publications at Brady, Brownwood, Mexia, Royse City, Snyder and Childress. After graduating from the Royse City High School as valedictorian of the class '28 he entered Simmons University, where he attended four years. While there he worked on all the college publications, being named editor of the college year book in his senior year. He was also art editor on The Bronco during the four years. On graduation he was awarded a Literary S for literary work done in College. During the last three years in school he was a member of the championship tennis team and since that time has continued to play, winning the city championship at Childress last year.

## Rains Cover Schleicher Monday; New Smile For Ranchmen

Schleicher County received rain Monday afternoon and Monday night and from reports received from over the County most of the county if not all received beneficial rains. Rain began falling Monday afternoon at Eldorado and continued through most of Monday night, the fall being around two inches. The moisture is too late to do cotton any good but will help feed and make grass for the ranchman, who was beginning to think what he would do for winter range. This is the most moisture that has fallen in Eldorado at one time during the year.

## NOTICE

The Church of Christ will have services Saturday night at 8 o'clock. Three services Sunday at 11 a. m.; 3 and 8 p. m. Travis Williamson of near Ft. McKavett, a product of Eldorado High School, will do the preaching.

A special invitation is extended to all his class mates.

John Rodgers.

All interested in expression for their children please see me at the opening of school in the school auditorium.

Katherine Hill.

**LOST**—In Eldorado a pair of Glasses, in case bearing T. K. Jones' name. Finder please return to The Success office or to Mr. T. K. Jones.

Be sure and attend the Play "What Women Need" given at the School Auditorium Saturday night beginning at 8:30. Admission 15 and 25 cents, by King's Comedians, under the auspices of the Parent Teachers Association.—(Adv.)

and at the present time in Number One player on the McCamey tennis team.

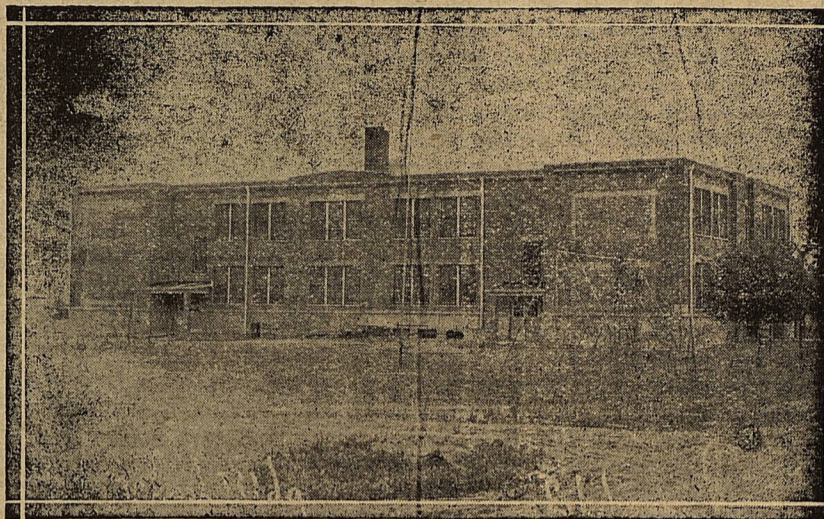

## At Home Sept. 1

After a short wedding trip, Mr. and Mrs. Martin will be at home in McCamey after September 1.

Relatives attending were Mr. and Mrs. T. K. Jones and children, Victoria, John L., Jack, Thomas Richard, Rosalyn and Pauline of Eldorado; Mr. and Mrs. Blaine Sammons and sons, James Blaine and Tom Jones of Eldorado; Mr. and Mrs. C. T. Jones and daughter, Miss Harva, and son, Cleveland Thurman, of Sonora; Mr. and Mrs. Bert Page and children, Anna Florence, James, Wilson and R. J. of Eldorado; Mr. and Mrs. S. E. Jones and son, S. E. Jr. of Eldorado; Mr. and Mrs. H. T. Finley and children Ebba Ann and George Stanley of Eldorado; Mr. and Mrs. Lewis Whitten and sons, Hal and Joe Chan of Eldorado; Mr. and Mrs. Jim Williams and sons, Jack John Sidney and Stewart of Eldorado; Mr. and Mrs. S. W. Espy and son, Jim of Brady; Sam Hill Sessions of Brady, brother of the bride.

Mrs. J. B. Granville and sons, J. B. Jr., Billy and George Ellis of Brady; Mrs. A. W. Stockton and daughter, Euclid of Temple; R. W. Cavin of Brady; Mr. and Mrs. R. A. King and son, John Irving of Eldorado; Mrs. B. B. Brittain and son, Bunch King, and sister, Miss Betty Ann Brittain of Dallas.

Mr. and Mrs. J. L. Martin and daughters, Misses Ila and Myrtle of McCamey; Mrs. Jack Wiggington and daughter, Betty, and sister, Miss Mary Louise Sessions of Brady; Mrs. H. S. Espy and daughter, Miss Ruth of Eldorado; Miss Emma Sessions of Brady, sister of the bride; Miss Reba Wilcox and Mrs. Clarence Rhode of Brady; V. L. Sessions, Brady; Miss Elizabeth Moser of Brady; Miss Mary Evelyn O'Rardon of Menard and Rev. and Mrs. Guy Davis and daughter, Mary Anna of Brownwood.—By Myrtle Martin.

## Eldorado School Begins Sept. 4th

The Eldorado Public School will have formal opening Monday morning, September 4th, beginning with a program at 9 a. m. After this program pupils will report to their rooms where books will be issued, announcements made and then the pupils will be dismissed for the remainder of the day. Regular class will begin on Tuesday.

The other schools in Eldorado Independent district will also begin on Monday morning. These schools are Alexander, Reynolds, Vermont and Mexican.

Parents are reminded that the law permitting six-year old pupils to attend school has not been changed. The bill did pass the Senate but did not pass the House. Children who were six years of age before September 1, 1933, are thus entitled to attend school free of charge. Pupils under six years of age have not been accepted in the school in the past.

The only fees to be charged in the high school this session will be a typewriting fee of 50 cents per month. This is used as a replacement fee to main-

tain first class typewriters at all times for the use of the students. Library fees will not be charged this year. Costs for workbooks, notebooks and similar necessary materials will be kept as low as possible but some of this material is necessary for efficient work.

Make-up examinations for pupils who failed last year and wish to take examinations will be offered on Monday afternoon in all grades r subjects called for. No pupil will be allowed to the next grade until he has passed in the next lower grade.

The enrollment of high school pupils above the rank of freshmen will be on Saturday afternoon, September 2nd, from 1 to 5 p. m. All freshmen will be enrolled on Monday September 4th. All pupils in sophomore, junior or senior classes should take time to report on Saturday afternoon so as to get their courses arranged.

Parents are invited to attend the opening exercises of the school on Monday morning and are urged to visit the school as the school year.

## BUYS INTEREST IN FILLING STATION

Bill Sweatt has bought an interest in the Gulf Filling Station owned and operated by Elton Ellis. Mr. Sweatt is well known to everyone that has been in the County for years, as he has been reared here from birth. He wants to see his friends at the Station where he is putting out real Gas.

**FOR RENT:** One 5 room house, 1 block from pavement. John Rodgers

## WOMEN CONSUMERS

Will all women that wish to sign the consumers pledge see me before Saturday evening, September 2nd, and sign card and receive sticker.

Mabel Howell.

## TO OPEN PICTURE SHOW SOON

Mr. A. W. Morgan of Ruie, Texas has leased the Picture Show Building from Mr. Tom Jones and will soon open up a show here. He is in Dallas this week end buying new equipment and sound machine to install in the show when he opens it. Mr. Morgan is an experienced show man and comes well recommended and will give us a good show. He will give \$5.00 in cash the first night of the opening for a name for the show. Write your suggested name for the show and be at the opening show and present it, and if accepted, you will get the \$5.00 cash. Mr. Morgan was accompanied by his attorney Mr. S. F. Steele also of Ruie.

Mr. Morgan was here Thursday closing the lease on the building and will probably have a more definite statement next week, as to the opening date. We welcome him and his wife to our midst and wish them well.

## District Court September 18th

District Court will convene on Monday September 18th, and below is a list of Grand Jurors and Petit Jurors for the term.

### Grand Jurors

Robert Milligan, T. W. Johnson, Jess Koy, D. E. DeLong, J. B. Christian, J. E. Spencer, Ed Finigan, A. J. Mund, W. L. Isaacs, Hugh McAngus, C. E. Knight, J. O. Willoughby, J. S. Loyd, W. T. Whitten, A. L. Stewardson, J. F. Webster.

### Petit Jurors

Seth Ramsey, Arch Posey, Sam Oglesby, Jim O'Harrow, M. W. Jones, Marvin McDonald, C. R. Keeney, J. F. Kinser, W. R. Lewis, H. P. Malloy, E. W. Mund, Will McAngus, Silas Burk, L. Christian, Barney Currie, W. M. Davis, E. T. Davis, Joe Edens, W. R. Nicks, Bill Fry, C. L. Meador Jr., Lester Henderson, J. H. Jarvis, F. B. Gunn, Leslie L. Baker, Milton Baugh, Perry Johnson, J. W. Lawhon Jr., J. A. Butler, S. E. Cheatham, Virgil Copple, I. W. Ellis Jr., E. N. Edmiston, H. T. Finley, Roy Andrews, L. Kent.

Just a thought to our citizens who expect to patronize the Eldorado School or have children in our school for many years, we have held our breath thinking that some child would get run down on the highway from the school house to the business section of town but up to date we have had no serious accident. Now that a good hard surface sidewalk has been provided, it will be necessary for each of us to see that the children are taught to use the walk instead of the highway. There can not be too much stress put on this. Lets begin with the opening of the school to teach both at home and at school. Children are as fearless as can be and see no danger in things not experienced. Begin your instructions at home and the child will understand the instruction from the school room better.

Now since it rained I know you feel better, look better and would be better.

Now you can get a marriage certificate without the making or application three days in advance. The "Gin-Marriage Law" went out of use, or rate on August 30. It may be good or it may be bad but what is the use of keeping people who want to get married in suspense three days for? We will probably have more weddings at home now.

## LIONS LUNCHEON NEWS

The Lions at their Luncheon Wednesday voted four gold medals to be given non-graduates in the Eldorado schools this year, one to be given to the all-around best athlete in the school. Three others to be given to the best grade made in High School, best grade in Grammar School, and best grade made in lower primary of Grammar grades. This is an inducement for the students to work for and will be an honor to win.

The Lions entered the National contest program and will try and get on the honor roll in it, and there will be something for each Lion to work for as there will be honors for each individual to work toward.

A donation of \$200.00 was asked for by the Scout Committee and this will be passed on by the Lions Directors and disposed of at next Wednesday's Luncheon.

## OVER HALF OF TEXAS COUNTIES DRY

As a result of Saturday's election, over half of Texas counties chose to remain dry, and have voted to prohibit beer. Of the 254 counties, 136 is dry and others partially dry. The large cities gave the state the wet vote and in a few years it will be dry again by local option.

## Schleicher County Votes Light Vote

Eldorado Votes Dry

County Votes Wet

The people of Schleicher County only voted 349 votes in the County and had a voting strength of 489 without exemptions. Eldorado polled 263 and had 326 votes, a number of prohibition votes did not participate that had tax receipts. The voting strength of the county at the last general election was 714, thus the voting in Saturday's election was less than 50 per cent of our real voting strength. The total votes for repeal was 178, Against repeal 171; for beer 177; against beer 164, the vote for precincts follow:

Eldorado, for repeal, 121; Against repeal, 142; for beer, 121; Against beer 135.

Mayer, 7 for beer and 7 for repeal.

Rudd, 16 for repeal and 6 against repeal; 16 for beer and 6 against beer.

Vermont, 5 for repeal and 4 against repeal; 4 for beer and 5 against beer.

No. 5, Alexander, 3 for repeal and 5 against; 3 for beer and 5 against beer.

No. 6 Six-Mile, 10 for repeal and 4 against; 10 for beer and 4 against beer.

No. 7, Kaffir, 8 for repeal, and 4 against; 6 for beer and 4 against beer.

No. 8, Cliff, 8 for repeal and 6 against; 10 for beer and 5 against beer.

All bonds and amendments carried by large majorities in this County. These votes are as received by The Success from the county election officers and are not far wrong, many of our voters did not want to oppose the President in his efforts to put drinks back in the country and remained away rather than vote either way. Schleicher County in normal times has always voted dry, especially precinct one Eldorado, which still voted dry by small majority. 2: majority for repeal and 13 majority for beer, and this precinct is the only originally dry precinct in the County.

## PRESBYTERIAN CHURCH NEWS

The summer months are fast drawing to a close, and as winter comes there will be the declining months of the fall season. One period of time follows another with its accompanying changes and effects.

So it is with religious life. It has its fluctuations even as the seasons; but there are also those permanent effects for which we thank God.

Sunday, September 3rd, the sermon subject for the 11 o'clock hour will be "Conduct in the Family of Christ," I Thessalonians, 4 and 5. Sunday School at 10 o'clock, the men's class meeting in the manse.

At 7:15 the Young People of the church under the leadership of Anna Florence Page will discuss "Truth" as the subject of the program. There will be no evening service of worship on account of the Baptist meeting. No Wednesday night Bible study will be held. Our people being urged to lend their cooperation in the meeting.

## W. T. CONNER AND WIFE HOLD REUNION

Mr. and Mrs. W. T. Conner had all of their children present Wednesday night in a family reunion and most of the grand children. Mr. and Mrs. John Conner, of Kingsville, their son Jack and daughter Robby; Mrs. John McLeod and son Wilford of Field Creek; Mrs. J. L. Neill and two children Jack and Gene, and O. E. Conner and wife.

Mr. and Mrs. Conner have been in Eldorado some twenty years and it is nice to have the children all at home once in a while.

## Hot Barbecue

Also have goats that I will sell alive or butchered, by the head.

See me for fresh meats of any kind.

 Agnes Wright, Associate Editor  
 Subscription per year \$1.50  
 We appreciate any item of news you might know. Call 77 and we will do the broadcasting.

SEPTEMBER 1, 1933.

The Old School Bell will ring out in its call Monday for the youth of our town to gather together for the beginning of another term. To many it will be just another school opening. To others it will be the last term for them as they will finish their High School work this year. To others it will be the beginning of their school work and a joy they have not yet experienced. Yet have longed for the day to arrive when they could start. The Success editor has enjoyed some 27 years of this school opening and will be on hand Monday morning to see the pride and joy of the land mingle together and partake in the opening of the Eldorado High School, one of the best in West Texas.

The farmer and the grain dealer found one recent government report of great interest. It was the latest crop forecast. Highlight was that the wheat crop would not be as short as had been expected and prices dropped accordingly. Most remarkable revelation, however, was that all grain crops will be extremely short. Total will be smallest in decades.

The farm relievers are faced with one perplexing question—heavy hogs. The nation now has 1,000,000 expectant mother hogs and if the birth rate is up to normal there will be a great oversupply. Probable solution will be to encourage the marketing of small pigs by paying a higher price per cwt., and by placing a stiff processing tax against heavy hogs. To bring supply in line with demand, it will be necessary to remove 500,000,000 pounds of pork and pork products from the markets during the remainder of this year, and 2,000,000,000 pounds next year.

A 16,561,000-bale cotton crop was forecast for the South. It is estimated that this will be reduced to 12,314,000 bales by the destruction of 10,500,000 acres of cotton plants under contract with the Adjustment Administration.

Cochran County at Saturday election remained in the dry columns by one vote. One vote sometimes changes things wonderfully.

A man at Throckmorton set a death trap for some one stealing from his filling station, forgot about the trap and walked into it himself, they buried him the next day. We presume the coroner's verdict will read, negligence homicide.

I have the Agency for the Hefflin Cylinder Protector. A thing needed by every well owner. See

C. A. Graves,  
 Eldorado, Texas.

A letter from Mrs. L. E. Sumner at Hamlin, Texas, says send The Success to them there, that they had reached their new home and wanted to keep up with their friends in Schleicher County. Mr. and Mrs. Sumner made many friends during their stay in our midst, and Mr. Sumner was very instrumental in putting Schleicher County before the State as a sheep country. During his time as County Agent here, it was under his supervision that this County made the best Sheep exhibit at the Fat Stock Show of any County for three consecutive years. The Success will endeavor to reach them in their new home and wish them well.

Mrs. Bunch Britton was in Eldorado Monday from the R. A. King ranch visiting. She came down from Dallas last week to attend the Martin-Session wedding at the King ranch.

**QUICK RELIEF FROM SOUR STOMACH, HEARTBURN**  
 Stomach pains after eating and gas disturbances can be stopped quickly with Dr. Emil's Adla Tablets. Banish heartburn, sour stomach. Give quick relief.—Hoover's Drug Store.

## WHAT BANKING WENT THROUGH

By JOHN H. PUELICHER

American Bankers Association  
 BANKING in its long career has been compelled to withstand many serious shocks, but it ran into the most perplexing entanglement of its whole history since the general breakdown of values in 1929. The commercial structure of the entire world seemed to have been shaken from its foundations and the marvel is that the banker, with everything breaking down all around him, was able to come through as he has.

General business failures, agricultural stagnation, income losses, capital losses, inability to meet debts and therefore inability of bankers to pay back depositors when loans were not paid, were the reasons, in most instances, for the bank failures. No profession, no department of life is without its weaker elements, but had proper consideration been given to the relatively few instances in banking, had exaggerated and startling headlines been kept in true proportion, had banking not been used as a target for political self-seeking and with vote-seeking motives, had unfounded rumors not been spread the people's confidence might have been retained and far less serious would have been their financial losses, for many bank failures were caused that need not have happened.

There were factors in our banking experience which every earnest banker deplores—factors which many had worked years to eliminate, which it was fearfully recognized would aggravate any difficult days which might arise. One of the worst of these was due to political regulation which chartered many banks that should never have been chartered. That there have been incompetence and dishonesty in banking is admitted. That the instances that did occur were used grossly to increase fear in the public mind, we affirm. We shall continue to strive for higher attainments in our profession and strive for laws that require competence and ability in management. That we cannot legislate honesty and unselfishness into either a banker or a borrower must be conceded, but dishonesty, wherever found, should be punished. It is as true in banking as elsewhere that no matter how good the law, dishonest and incompetent men can make it ineffective. Good laws are essential. We must strive for ever better ones, but their enforcement will come only as the public recognizes that it is a matter not of laws or codes alone but of the men who administer them.

The Public's Part  
 Our people must be brought to realize that the welfare of our country depends upon its banking system, that the strength of the banking system depends upon the public's faith and understanding and the vast majority of banks, because of faithful service rendered, even through the whole of this general breakdown, had the right to expect the trust and confidence of the people.

In every great catastrophe, no matter what its nature, no matter what its cause, someone must be crucified. The banker was this time selected. In the late 90's, political agitation started a trade against the railroads. Some railroads may have done reprehensible things, but the agitation became so general and so violent as almost to destroy one of the fundamental factors in the progress of a country. Today the same thing has been done to the banker. In spite of all that has happened, the fact remains that even most of the banks which failed are paying out infinitely better than are investments in almost anything else.

**Bankers Aiding Agriculture**  
 State associations of bankers in many agricultural states are giving time and financial support to encourage practices among their farmers that will bring about better farm results. The major activities reported from one state to the Agricultural Commission of the American Bankers Association which is nationally active in promoting this line of cooperation are as follows:

1. Drought relief work: Local banks have played a vital part in this work, being represented on the county committees for passing on all seed loans. These committees met practically every day during the spring to pass on the loans in order to get as quick action as possible. A total of 914 applications were received and handled by one committee, 833 being granted.
2. Four-H Club work: Bankers helped stimulate 4-H Club work, financing many members who otherwise could not have enrolled. They also helped finance fifteen 4-H Club delegates to the state club convention.
3. Livestock feeding: The banks cooperated with the Extension Service in the state and the railroads in increasing the amount of livestock feeding. Assistance was given the feeders in securing finances for their feeding operations.
4. Crop improvement: The bankers took part in the crop standardization program of the Extension Service and encouraged the farmers to use pure seed, and in many cases made loans for this purpose.

## GET READY FOR SCHOOL

Approximately 30,000,000 children, ranging from near-graduates to kindergartners, will converge on our streets and highways this September, all approaching central points. Through the summer they have been scattered throughout the length and breadth of the land; now they are to be mobilized, crossing our city thoroughfares or country lanes in long lines going to school or coming home. It is the solemn duty of every motorist to see to it that these youngsters have a safe passage. By following a few simple rules, he can help cut down the toll or 3,400 children killed and 152,550 injured in 1932. Every motorist should remember to approach a school zone with care; to slow down at all intersections to watch his speed on curves in the country. Above all, he should look out for the unexpected. Children who meet after two months' separation, become so absorbed that they forget about danger of dashing into the roadway, darting from behind parked cars, or trying to retrieve a ball from under the fender of a moving vehicle. The motorist must do their thinking for them.

The reduction in motor accidents to children of school age in the United States, is the brightest picture in the safety movement, but there still remains much to be done to further reduce the number of tragedies—90 per cent of which are avoidable. Educators, school authorities and teachers constantly emphasize the dangers of modern traffic conditions to the children. The one person able to bring about great improvement is the motorist. He should drive at all times as he would if his child were out in that crowd ahead.—Industrial News Review.

## LARGE WOOL SALES THIS WEEK

The San Angelo Standard reports wool sales for the week as follows.

After a month of inactivity, the West Texas wool market broke forth this week in a parade of buying that scored the peak price of the year—29 cents a pound. In the last 48 hours about 1,400,000 pounds of 12-months wool has been bought in Texas. The previous peak price was 28 3-4 cents.

The Sonora Wool and Mohair Company set the new high price when it disposed of about 600,000 pounds at prices ranging from 28 to 29 cents a pound. The buyers were Jim Hill, buyer for Robert M. Pitt, Co. who got 150,000; Tom Richey, buyer for A. W. Hilliard and Son, who paid the top of 29 cents for the Clayton-Puckett clip of about 50,000 pounds; and J. M. Lea for Draper & Co., about 70,000 pounds.

Among the 900,000 pounds yet unsold in the state is the 275,000 pound clip of W. A. Miers, Texas' largest sheepman, 200,000 pounds of Vergil Powell at Menard; 300,000 pounds of E. F. Noelke of San Angelo and the clips of the Wool Growers Central Storage Company and the Texas Wool and Mohair Company.

Frank Montague of Comfort has sold his 500,000 pounds of 12 months wool to Hallowell, Jones and Donald at prices reported to be 27 cents a pound.

H. P. Buell and Guy Drake of the Colonial Wool Company bought about 400,000 pounds of Panhandle type wools from Will Murray of Lubbock at prices of 18 to 21 cents a pound. They also made some purchases at Menard. Other scattered purchases were made over the state.

## Important Notice

West Texas most popular optical specialist, DR. FRED R. BAKER, will be at HOOVER'S DRUG STORE, Monday afternoon only, September 4th. He claims to have fitted more difficult cases here than any other specialist. Reference list too large to publish, but will be furnished upon request. Twenty years service to local people. The doctor has recently returned from a big convention with all the new styles in spectacle ware, and he says:

—"When I can't fit them, then they are blind."

Miss Ruby Chick was visiting friends and relatives here this week. She has been working in San Angelo for some time and was visiting home folks.

W. A. Schueller was in from the ranch Tuesday. They report a good rain out his way. He started home Tuesday morning and stuck in the mud.

## REVIVAL MEETING

Beginning Sunday September 3rd  
At Baptist Church

**Rev. Leon Frazier**  
Pastor Doing The Preaching  
Services 10 a. m. and  
8:15 p. m. Each Day  
All are Invited to Attend and  
Take Part In The Services

Bro. Frazier and family returned Tuesday from a visit to central Texas and reports plenty of rain but a nice visit.

W. R. Duncan was in from the Sammons ranch Wednesday.

Mrs. O. A. Berry who was operated on for appendicitis last week in San Angelo was able to return home this week.

Dr. Pennington reports the birth of a nine pound son to Mr.

### METHODIST MEETING CLOSED SUNDAY NIGHT

The Methodist meeting that was conducted at the Methodist Church with the Rev. E. P. Neal of Sonora doing the preaching closed Sunday night. The house being crowded to overflowing. Eleven additions were added to the church and the people were pleased at the splendid preaching Brother Neal did while in our midst. He is a consecrated man, and a real servant for the Master.

This was the second meeting held in our city by Brother Neal, as he held one here some five years ago, while pastor at Sinton, and he has made many friends in our midst.

Quite a few of the Eldorado Masons attended a barbecue in San Angelo Tuesday afternoon and a speaking that night. Grand Master Wallace Hughes delivered the address.

and Mrs. M. M. Montgomery, Tuesday August 29th.

### Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All dealers. (Adv.)

### ALL-BUSINESSES SHOULD PAY TAXES

Whatever one may think of public ownership of service utilities, there is no good reason why these utilities should not pay their fair share of taxes to the support of the state government.

Advocates of publicly owned utilities claim certain basic advantages of a city can (or could) be obtained sufficient advantage. And yet cities maintaining their own service utilities have always reneged on paying their taxes, thereby sponging on other cities and counties of the advantages over privately owned utilities; money on the credit state for the support of their state government. As a blue-geon to force cities to go in for public ownership, it is a form of blackmail. Or does the political management of publicly owned utilities demand for their operation not only cheaper money and elimination of private profit, but also a runoff on taxes? It looks as if public ownership advocates are suffering from an inferiority complex—or they know the extravagance of political management.

It is obvious that when a government goes into business it is engaging in business and not in government. The users of municipal service should be ashamed to place themselves in the tax evasion class.—Industrial News Review.

### SO FAR, NO SUBSTITUTE OFFERED

All forms of transportation have their uses and advantages—but when, in time of emergency or otherwise, we need fast and certain facilities for mass movement of men and materials, we invariably turn to the railroads.

We have witnessed an example this year, in the case of the Civilian Conservation Corps. During April, May and June, the rails carried 400,000 of these men without interrupting regular service, and without a hitch. At one time, at Camp Knox, Kentucky, a train left every two hours, bound for points as far distant as Vancouver, Washington.

During late years, there has been a good deal of talk to the effect that the rails are outliving their usefulness, but there has been no convincing evidence. The question, "What will replace them?" is unanswered. Not airplanes—they are expensive and can handle the merest fraction of passengers and freight. Not buses and trucks, which are unable to meet railroad service in long-haul business. Not waterways, which are tremendously localized in the territories they can serve and are dependent on climatic conditions. The railroad has innate advantages which none of its competitors can duplicate.

Prosperous and progressive railroads are one of the greatest assets of every country.—Industrial News Review.

A. P. Bailey reports that his son Payne who was carried to Temple when his leg was broken at the Eldorado Rodeo July 27, was still doing nicely but the physicians had never allowed the bone to knit together on account of the poison, but the leg will be saved and that will be worth many months of suffering if he can stand the punishment.

REAM WANTED on Wednesday and Saturday.—Andrews Store.

O. W. Smith who has been in charge of the Wool House here this year, has gone to Bronte where he will buy cotton for some sixty days. He expects to be back here on the job in about sixty days.

### Overcome Pains this better way

WOMEN who get into a weak, run-down condition can hardly expect to be free from troublesome "small symptoms."

Where the trouble is due to weakness, Cardul helps women to get stronger and thus makes it easier for nature to take its orderly course. Painful, nagging symptoms disappear as nourishment of the body is improved with the assistance of Cardul.

Instead of depending on temporary pain pills during the time of suffering, take Cardul to build up your resistance to womanly ailments.

Thousands of women have found relief by taking CARDUL. Sold at the drug store.

"WHERE YOU SAVE"

W. H. Jackson, who at one time owned the Bailey Ranch Gin, is back on the job as manager. He and his wife will make their home here during the ginning season.

Reports from the Burk ranch in the Rudd neighborhood Monday afternoon stated that it was raining there then.

Buying a farm abandoned because of poor yields on the banks of the Rio Grande near Laredo three years ago, Chester Smith has brought up production by use of manure until he recently filled a trench six 40 feet long, 8 feet deep and 11 feet wide from 8 acres of corn. He is a dairyman aiming to produce milk cheaply.

## RED CHAIN Egg Mash

PUTS IN  
THE EGG  
BASKET

WHAT OTHERS  
PUT ON  
PAPER

A fair feeding test of RED CHAIN is the best way to clear up conflicting claims about egg mash. Talk is cheap—and anyone can find nice words in the dictionary. On paper most feeds claim "more eggs at less cost"—but RED CHAIN actually does what others claim to do! Don't buy your egg mash for what it does on paper—buy it for what it puts in the egg basket... Feed RED CHAIN to your own hens and see the difference between claims and results. It is the unequalled quality of RED CHAIN Egg Mash that makes it the cheapest egg producer—regardless of price.

SELF-SERVE Grocery

## Hunters! You Can Bag the Limit Here in Values

You'll hunt for a long time for a shell as good as the long range Super-X—and when you use it you won't have to hunt long to get your game. Non-Corrosive primers in Super-X shells keep your gun bore clean. All kinds of hunting goods here at prices that are right.

### BALLINGER TO TRY WET VOTE AGAIN

Ballinger that voted dry in the recent election is preparing to have another election when the six months is up. The wets are not satisfied and want to have it over.

Such will be the case in many places. We will have many local option elections either side can call one every six months, and where there is a close vote the struggle will continue to widen the breach and make the fight more bitter.

Today you can go out and kill a nice mess of Doves. The season opens today.

### REYNOLDS CLUB MEETS

Last Tuesday afternoon on August 22nd, the Reynolds club met with twelve members and one visitor with Mrs. Elmer Bruton as hostess.

After the business meeting each member pieced on their own quilt blocks. Later the hostess served lemonade and cake.

The next meeting will be with Mrs. John Faught, on September 5th.

—Reporter

REAM WANTED on Wednesday and Saturday. —Andrews Store.

All kinds of writing paper, inks, typewriter ribbons, adding machine paper, carbon paper, twine, cards, envelopes, second sheets, ink pads and ink for the pads, cards and envelopes.

# THE SUCCESS

"The Home of Good Printing."

### ON TEXAS FARMS

By W. H. Darrow,  
Extension Service Editor

Seventeen Nolan county 4-H club boys and girls recently marketed 16,520 pounds of beef calves for average net profits of \$22.55 per calf at the annual club show and sale in cooperation with Sweetwater business men. First place calf fed by Henry Bennett sold for 9 cents per pound.

It cost 75 farm women an average of \$26.42 to dress appropriately last year in Parker county, the home demonstration council reports after a study of clothing accounts kept by these women in cooperation with the home demonstration agent. The low cost was made possible by watching sales, making clothing budgets, and by making clothes at home.

It cost William Deck of Ochitree county one gallon of gas per acre to terrace one of his wheat fields last year, not counting use of machinery or labor. His wheat made 3 to 5 bushels more on terraced land, the county agent reports.

Ninety cotton street dresses, tailored for correct street wear, were made at costs ranging from six cents to \$2 by Childress county home demonstration club women and shown in their annual dress contest this summer.

Irish potatoes grown on fertilized land doubled the yield of unfertilized potatoes for W. V. Ellis Ola Community, Kaurman county. He produced 97 bushels on less than two-thirds of an acre. The No. 1 potatoes brought \$85, says the county agent in reporting the demonstration.

### PRESIDING ELDER TO BE HERE SUNDAY

Rev. S. L. Batchelor, presiding elder of the San Angelo District will preach at the Methodist Church Sunday morning.

There will be no services Sunday night on account of the Baptist Revival being in progress.

Sunday School at 10:00 a. m. Young Peoples Work at 7:30 p. m.

Mrs. Everett Johnson and two daughters, Christabell and Geraldine are visiting Mr. and Mrs. T. W. Johnson and Mrs. Cora Putman this week. They are from Abilene and at one time lived in our midst. Mr. Johnson is expected to come down next week. They are also accompanied by Miss Dixie Cloud, a niece of Mrs. Everett Johnson and a daughter of Tucker Cloud, who also lived here at one time.

The Parent Teachers are sponsoring a Play to be given at the High School Auditorium Saturday night, by the King's Comedians of San Angelo. "What Women Need" is the program and you will enjoy the play. Price 15 and 25 cents. (Adv.)

### THE AMERICAN SYSTEM

The great virtues of the American system of government—as distinct from those prevailing in a great many other powers—are nicely exemplified by the recent troubles in Cuba.

We have had revolutions in America—and more lately than is usually realized. We had one when Wilson defeated Taft and Roosevelt, and came to office with an almost entirely different viewpoint toward government than those of his immediate predecessors. We had one last November, when two irreconcilable political philosophies opposed each other, and the new one triumphed. But these revolutions were obviously very different from those of the Cuban type—no form of government is so amenable as ours to orderly and decisive change, without disturbance and without violence, when the mass of the people desire it.

When the opposing factions met in Cuba there was bloodshed and chaos and sabotage, followed by martial law. The same thing happened in Russia and in Italy and Germany. It happened in Spain and Mexico. Dictatorships, whether by a king or a commoner who lifted himself by his own bootstraps, must be achieved by violence, and then must end by violence. Of the great powers, England and America are the outstanding examples of governments where the old order can be changed by due process of law, and where force of arms is never contemplated.

That is a fine testimonial to those who framed the Constitution with its fundamental principles of our system. They saw far ahead—farther ahead than we usually realize. And that is the best argument against those who would subject those principles to any short-sighted overhauling.—Industrial News Review.

### DEBT SETTLEMENT

Eldorado Success: Another thing why don't the Government issue divorces for \$50 each instead of making each individual go to court to seek a divorce. If the money went into Uncle Sam's pocket instead of the lawyer's we could soon raise that budget out of the mire.

As long as we are repealing the Eighteenth Amendment in order to acquire a Federal liquor income, other simple devices might be used to retire the overdraft. But Editor Wright is putting the cart before the horse. It costs only a small amount to get married and the tax on divorce ought not to be higher. Anybody in the amusement business could tell you that no money can be made with a show that costs more to leave than to enter. Why not put the price of marriage up to \$50 and let the bars down for \$2. More people want to get married than to get a divorce anyway, and as we understand the liquor license appeal, the present day thought is to collect all the tariff will bear from folks for permitting them to do what they want to do. By the way, the national deficit is as good as NRA at putting folks to think. Our national occupation is giving advice on how to lower the debt without raising taxes.—Dallas News.

And now comes our friend A. K. Bailey and wants to know what we darn Pros are going to do next. We are going to try and stay on the Democratic platform, but it is so darn wet we slip off once in a while.

Our merchants are busy this week trying to check up on their stock. The Grocery merchants have a wheat tax to dig up and our dry goods merchants have the cotton tax to dig up. So they have been busy weighing up their stock this week trying to figure out what they had that belonged to them.

Prof. Warren Marshall and family arrived last week end from Karnes, Texas, and have moved to the Reynolds Community where he will teach the Reynolds School for the coming term and which will open next Monday. He reports that he found a good garden that Prof. Jeter left for him. This is the first year in this section of Texas for Mr. Marshall but he likes the country and people fine and is glad to be among us and hope to be able to do us good as well as himself.

# SELF-SERVE GROCERY
