

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIII

Eldorado, Schleicher County, Texas. Friday, September 8th, 1933.

No. 35

Storm Rages On Gulf Coast

Cuba and the Southern Gulf States, including the entire Gulf line of Texas, had a terrific storm Monday and Tuesday morning. Much damage was done and many people left the coast section and came north as far as San Antonio to avoid being in the storm area. Reports say that much damage to property was done along the entire Southern Gulf coast from Florida to Brownsville, Texas.

Cuba suffered many lives lost, but the loss of life on the coast has been reported small, but property damage was reported great as far as 45 miles back from the coast. Corpus Christi was about the hardest hit.

Latest Storm Reports

Lives lost, 32 reported. 20 at Brownsville, 10 at Harlingen and 2 at Rio Hondo.

The reports say this was the worst storm in 60 years, about 1,500 injured and property damaged into the millions.

SCOUT CABIN FINISHED

The Boy Scout Cabin is now finished and we are all happy.

Estimating the value of the lot at \$400.00, we have \$1,254.63 in the property, and every cent of it paid. We are indeed grateful to every one who had a part in making the building possible for the boys.

The building is a real substantial one and will take care of the Troop in a fine way. We have four Patrol Dens, and now in charge of Patrol Leaders who holds the key to his respective Den. There is also a nice office for the Scout Master and we boys think it the finest arrangement in the entire country.

We have now in our troop 25 boys and can use 9 more.

Everybody is invited to come and visit the Hut and enjoy with us the use of such an arrangement for the boys in our town.

As soon as the Revival meeting is over, we will have as early as possible three meetings. One with the Parents of the boys and one that the Lions and one for all the public to be present.

We earnestly request the hearty cooperation of every one especially that of the parents of the boys. There is no reason why we should not accomplish great things and be of untold benefit to our boys.

J. A. Whitten, for Boy Scout Committee.

Mrs. Jim Hoover entertained the Eldorado Bridge Club on Thursday afternoon, August 31. Mrs. Ben Hext was high among the club members for the afternoon games and Mrs. Van McCormick was high guest.

Mrs. Lewis Ballew and little Miss Patsy Ballew are visiting Mr. and Mrs. Dobie Tinning at Hutto returning home with Mrs. Tinning after making a visit here with her parents Mr. and Mrs. V. G. Tisdale.

Rev. Leon Frazier and wife, Mrs. W. N. Ramsay and Mr. T. D. Carroll attended a meeting of Concho Valley Baptist Associations at Barnhart Tuesday, dismissing the morning service here for the Barnhart meeting. There will be a meeting of financial workers in San Angelo Thursday.

Prisoners at the State prison are being freed at the rate of five a day. Some who have been sent for life are being freed when they have only six years of confinement.

Ray Jones returned from San Angelo Tuesday and reports Mrs. Jones doing nicely from her operation. And thinks that she will be able to return home by the first of next week.

J. O. Willoughby was in from the ranch Tuesday looking after business and bringing in a few bags of wool.

Lions Want Schleicher County Men On Work

The Lions at their regular luncheon Wednesday appointed a committee of three, J. A. Whitten, F. M. Bradley and J. S. Loyd, to see of the Highway department would not use Schleicher County men on the Highway work in this County. There are about 17 out of county men at work in this county and about six in the county.

The Lions voted to pay \$200. now due on the Boy Scouts Hut and order the secretary to issue check for same.

The Directors also notified the Club that the hour for the Luncheon had been changed to 12:30 instead of 12:00 o'clock beginning next Wednesday.

T. D. Carroll, singer for the Baptist Meeting, was present and entertained the crowd for a short while with his jokes and humor. He was a visitor at the luncheon.

All Lions should keep the change of the meeting time in mind and be at the Luncheon 30 minutes of the former time.

PIG MEETING CALLED FOR SATURDAY

County Agent C. Snell has called a meeting at the Court House Saturday afternoon for all those interested in disposing of their surplus Hogs to the Government. The meeting is called at 2:30 at Mr. Snell's office.

PRESBYTERIAN CHURCH NEWS

The Sunday morning sermon will be on the subject "Poor and Powerful." There will be an evening service of worship due to the Baptist meeting.

Sunday School at 10:00 a. m. the men meeting in the manse. Young People of the church will hold their regular devotional service at 7:15 Sunday evening.

No Wednesday evening Bible study will be held on account of the meeting.

It is hoped that the community as a whole will profit by the religious services held in Eldorado in the different churches during the summer.

L. Allen Holley.

METHODIST MEETING AT RUDD

Rev. W. H. Marshall is holding a meeting at Rudd this week, which will continue thru Sunday night. He will be at Eldorado Sunday morning, holding two services at Rudd Sunday afternoon and night.

NOTICE

Will trade a wagon for cotton seed.

John Rodgers.

Mr. and Mrs. Frank Snell, of Lampasas, and Mr. M. G. Snell, of Baton Rouge, La., were guests of Mr. and Mrs. C. Snell of our city last week end. They were parents of Mr. Snell and a brother. Mr. C. Snell is our County Agent and is making a good one.

Miss Viola Tuck, daughter of Mr. and Mrs. J. M. Tuck, was carried to San Angelo for treatment Tuesday morning. She has been in ill health for several months.

Dr. Pennington has moved his office to one of the Ratliff houses, as the building he was in has been rented to F. J. Woods, who will move his Variety Store to the new location in a short while, just as soon as some remodeling can be done.

A. J. Roach was confined to his bed Tuesday with a back ailment. We trust he will soon be out again.

Kenneth Gary was called to Brady Saturday to the funeral of his mother, who died after a lingering illness which followed an operation. We learned Tuesday that his grandmother was also real ill.

Luke Trammell Kills Blackwell Officer

Luke Trammell, who was arrested in Coleman County, has confessed that he shot and killed John Lampkin, night-watchman of Blackwell, last May 31st. He had stopped to steal some gas when the night-watchman approached his car. He shot him down, went to another station broke the lock, filled up his car, went back to the wounded man, turned him over, he was still alive, took his gun and flash light, and left.

WASHINGTON AND VERMONT VOTE WET

Since last week, two more states have voted to repeal the 18th Amendment, Washington and Vermont, which makes 25 states that have voted on Repeal, all adopting the repeal measure. Vermont has been dry 71 years according to Press reports, and only 3.2 beer is to be sold now.

Desperado Escapes Dallas Jail

Harver Bailey escaped the Dallas Jail Monday to be recaptured in Ardmore, Oklahoma only a few hours after his escape. All visitors who had visited Bailey had been searched except one and that one must have slipped the gun to Bailey. He had sawed out of his cell and had a gun in his possession when the warden entered. He put some in cells and took one with him to drive him to Oklahoma. He was pursued so closely with officers assisted by airplanes that his freedom only lasted a few hours.

MRS. RAY JONES HAS OPERATION

Mrs. Ray Jones was carried to San Angelo Saturday and placed in the Shannon Hospital where she was operated on for appendicitis. The last word from her was that she was doing nicely.

Button Ranchman Sells 30 Cent Wool

Bill Miers, ranchman of Sutton County, has sold 238,000 pounds of wool to Tom Kichey of Lampasas for A. W. Hilliard & Son at 30c per pound. This is about the highest price paid for wool since 1929 and Mr. Miers is one of the largest wool producers in Texas. He had previously sold 75,000 pounds this year.

SCHOOL OPENS WITH BARBECUE

Mr. and Mrs. T. W. Talbot and Mr. and Mrs. Louis Tisdale entertained with a barbecue at the opening of the Mayer School No. 2. The school is near Ft. McKavett on the Tisdale ranch in this County. Miss Gaynelle Robbins of San Angelo has been employed to teach the school, which opened Monday morning. Judge Bradley attended from Eldorado, also Mr. J. H. Jarvis.

COMPLAINING OF MESQUITOES

The Success has been requested by the City Health Officers to ask all those who have open cess pools to pour oil on the water to prevent mesquitoses from hatching, and to screen all toilet pits to keep them from spreading from them. We are very seldom bothered by mesquitoses but we have some now and some complaints have reached the city health department asking that something be done.

TROOPS MOBILIZING FOR CUBA

President Roosevelt is mobilizing 1,200 United States Marines at Quantico, Va., to be ready to proceed to Cuba if needed. The Secretary of Navy, Claude Swanson, has been ordered to Havana, and will reach there today to confer on the trouble in Cuba.

Bids are now open at the Post Office for Alabama Coal.

A. J. Atkins, P. M.

CHRISTOVAL DENTIST MOVES HERE

Dr. L. J. Moore, Dentist, has moved to Eldorado from Christoval where he has been for the past year and a half. His office is in the Meek building, next door to the Andrews Store. Dr. Moore has done a good deal of central work for the Schleicher County people while at Christoval and decided to move up among us.

He came from Dallas to Christoval and has an exray at Dallas that he hopes to move out here before the first of the year.

Eldorado always welcomes new comers and we trust they will like our community.

METHODIST CHURCH SERVICES

Sunday School at 10:00 a. m. Preaching at 11:00 o'clock hour by the pastor.

Young People Service at 7:30 No preaching service at the evening hour on account of the Baptist Meeting.

Mr. and Mrs. Hollis Miller were here the past week end visiting friends, returning to San Angelo Monday.

Bell Sample left Wednesday for Austin where he expects to enter the State University if he can find some work to do while attending.

Jack Ratliff will attend the Baylor University at Waco when the term opens.

Cotton is opening this week pretty fast and will soon be out if it does not rain any more.

Jess Ramey was in the city Tuesday looking after business and trading.

School Opening Monday Attended By Large Crowd

The Eldorado School opened Monday morning with one of the largest enrollment in its history, and a large crowd was there to witness the opening and take part in its beginning. The auditorium was filled to its seating capacity.

The program started with singing "America," lead by Miss Zimmerman, the new Expression Teacher and Music Teacher.

The invocation was offered by Rev. Frazier, our local Baptist Minister. This was followed by a short talk by Mr. S. L. Stanford, president of the School Board. He gave out some interesting figures which showed that the Eldorado School had been on a cash basis all through the depression with the exception of about two months last winter, not withstanding that there is about \$16,000 of taxes not paid, and the year starts off with a good financial showing this year.

Miss Zimmerman then gave a reading. This was followed by a duet by Misses Mabel McClatchey and Elvora Andrews.

Then Miss Merel Draper, who is to teach expression here at the home of Mrs. DeLong gave a reading.

The Superintendent Holt ask the three Ministers to give a three minute talk each, Marshall, Frazier and Holley all responded, and urged co-operation in the school work and the Moral uplift of the community.

Mr. Smith, principle of the school made a short talk. This was followed by the introduction of the teachers by Mr. Holt, who followed up the introduction with his remarks for the morning. In his remarks he told of the Medals that the Lions Club had offered to the leading student in athletics, also the student making the best grades in High School and two Medals for the Grammar School.

The Parent Teachers Association announced their first meeting for September 19th. The Assembly program will meet very Wednesday morning in the auditorium.

Several Music and Expression teachers announced that they would have classes this year and where they could be found.

The school then went to their classrooms and were issued books for the years work and then went home to resume real school work Tuesday.

The total enrollment up to Wednesday morning was 368, of which 104 were enrolled in the High School and 264 in the Grammar School.

Mr. and Mrs. J. W. Lawhon Jr., have been in San Angelo all this week and part of last with their little daughter, Worth, in the Shannon hospital. The little one was taken real sick with a bowel complaint and the many friends and relatives were real uneasy as to her recovery, but word has been received that she is improving.

Mr. and Mrs. G. C. Crosby were in from the Mayer Community Saturday visiting and trading.

Forrest Alexander left Wednesday for Austin where he expects to enter State University.

District Attorney Glenn R. Lewis was here Wednesday shaking hands with friends and looking after business that is to come up at the coming term of court.

Hop Cheatham was in from the farm Tuesday talking cotton.

Sheriff O. E. Conner made a business trip to San Angelo Wednesday morning returning at noon.

Mrs. Van McCormick accompanied by Mrs. Sam Roberts were visitors in San Angelo Tuesday.

MEETING

At Baptist Church

Continues through Next

Week, The Pastor

Leon Frazier

Doing the Preaching.

T. D. Carroll,

Gospel Singer in charge

of the Music.

Everyone Invited.

TIPTON AND WIFE GET SENTENCE

Sheriff O. E. Conner returned from Sonora Wednesday afternoon where he attended the trial of R. C. (Reece) Tipton and his wife, Mrs. Monte Sims Tipton, were each sentenced to five and two years in the State Penitentiary Wednesday at Sonora for burglary. They are also charged with burglary in this County, and with Murder in Comanche County. Sheriff Brightman was here this week making arrangements to take Tipton to Comanche to stand trial. The State will likely ask for the death penalty for Tipton.

TO REOPEN SANITARIUM

I have reopened my Sanitarium in New Quarters, in one of the Ratliff residents, which is one block west of the Baptist Church, and after the 15th of September will be able to take care of O. B. cases. Will have a trained nurse with me.

Dr. H. Z. Pennington.

Mrs. F. B. Gunn, who has been visiting in Dallas for the past three weeks, returned Saturday, and Mr. Gunn is wearing a new smile.

Mr. and Mrs. Warren Marshall were in from Reynolds Community Saturday. Mr. Marshall was getting ready to open school out there Monday.

W. R. Duncan was in from the farm Monday on the Blane Sammons ranch and put his children in school. They will stay with his son-in-law, Mr. Wren, who has the house of Mrs. Johnston, rented.

COURTHOUSE GOSSIP

Judge Bradley attended the school opening at Mayer No. 2 Monday. Of course the Judge did his part toward disposing of the barbecue which the good people of the community had prepared for the noon hour.

Mr. R. C. Edmiston, commissioner of precinct No. 2, was a welcome visitor at the courthouse Monday.

Mr. Walter Davis, formerly of Sonora, but who now resides at Austin, was transacting business in the clerk's office Tuesday afternoon.

Sheriff O. E. Conner made a business trip to San Angelo Tuesday afternoon, returning Wednesday, remaining but a short time, then leaving for Sonora to attend court. Our Sheriff is a very busy man.

Miss Mabel Howell, Home Demonstration Agent, says she is a very busy woman these days. We venture a guess that whatever her duties are, she will make the grade o.k.

District Attorney Glenn R. Lewis, of San Angelo, was with us for a while Wednesday. We assume he was shaping up for court which convenes here the 18th of this month.

Mr. Joab Campbell, our local attorney, says he has his cases all lined up and ready for court.

Mrs. J. E. Tisdale went to Temple this week for examination. Her many friends trust that her trouble will only be minor.

SEPTEMBER 8, 1933.

The Editor of the *Thomson Times* says: "If business has gone where everyone says it has, why don't some of those frozen assets thaw out?"

It may be that Hell has frozen over.

President Roosevelt goes fishing and brings in a turtle. We have had such luck ourselves, but nobody made mention of it.

Instead of prosperity being just around the corner, it was prosperity, and it came upon the people while they slept in the night.

Since reading about the storm around Brownsville this year we have found out why Rev. Henry Marshall was looking for a higher altitude at last annual conference.

Another thing, if you missed that school opening Monday, you missed a lot of new enthusiasm. It is the new things that we accomplish that does us good. Anyway the building was full and lots of them got their if you were not on hand, and the many good talks and expressions made give us a new deal to look forward to.

Don't forget that the new sidewalk was built for your child to walk on, so it would miss the danger of being run down on the highway, and it would be nice of you if you would constantly remind your child of the fact, because you needed constantly to be reminded of things when you were little and so will others. The walk is just as nice as the highway and no danger attached to traveling on it.

Each year when we attend the school opening, we are ever reminded that old things are passing away and new things are coming on. Older faces are also passing and new ones appearing. Such is creation and in this procession the world should be getting better and civilization wiser. We encountered many new faces Monday at the school building and heard many nice things about our school which has reached efficiency worthy of comment.

And now comes Jim Ferguson and wants the Legislature to vote to issue the \$20,000,000 in bonds and have them ready for sale all at one time, when it was understood that they should be issued as needed. But Jim is in power now and the people put him there and the people voted the bonds and they belong to Jim if he wants them, to handle as he sees fit. They will be repaid by the people, so why worry! Just a little more tax on your bread, your gas, your tobacco, and your lights. But none on your income.

The weekly exchanges that reach our desk all predict that the next six months will see many local option elections, both in counties that went dry and wet. Either side can call an election and probably will, so get ready for the continued fight that faces Texas in the next few years. The idea will be to just keep your shirts on and try and vote your sentiment on the other fellow and not try to force it on him by your self-will and strength.

The Good Book reads like this, "And he caused all, both small and great, rich and poor, free and bond, to receive a mark. And that no man might buy or sell, save he that had the mark."

An amusing editorial appeared in one of our exchanges, the county went dry by a large majority, the editor was wet, and developed the fact that the wets did not go to the polls and vote, that is those that had poll tax receipts. They are different from any wets we ever knew in they did.

Of course Editors always

speak their personal opinions, and often predict the sentiment of their county and like all others, sometimes are wrong. For instance, we thought repeal would win in this county by 60 votes, and it didn't, but we are thankful for the 21 majority that Eldorado rolled up.

Over in San Angelo last week a citizen claimed he drank 28 bottles of 3.2 beer and did not feel it, wherein Editor West of the *Bronte Enterprise* says that the head must have something in it for the beer to effect before the job can be done.

And now comes Edgar Hoover in charge of the bureau of investigation at Washington, and calls for an investigation as to how Bailey secured his saws and gun in jail. It doesn't take a wise man to guess that he had some inside help. It is up to Dallas and her officials to clear up the matter. Has the Chicago Gangsters captured Dallas? Why was the special guard taken away just before the get-away took place, and why were people permitted to get to him with such instruments on their persons? Any of us can ask these questions, but only those in charge of the Dallas jail can answer them.

And now the NRA promoters are facing trouble. They have set their goal too low for Ford. He has been doing even better than they suggest and does not want to have to come down to their standard. If all the millionaires in the United States were as fair as Mr. Ford, you would have never needed the NRA. The Millionaires Auto Manufacturers are after Ford just like the Brewers are after the people. They are going to try through Government pressure to force him to their whims.

A man down at San Antonio tried to make friends between two men in a quarrel and got killed himself. All probably had too much 3.2.

Concho County went dry by only one vote and we are wondering if "Happy" Hart cast that vote. We predict that he has something to crow over in case he did.

And now since McCulloch county remained dry, Albert and Harry will continue to use Home Rule. Of course Sauce can continue to make his own sauce, and since San Saba county has piled up such a nice majority for prohibition, Swinker will undoubtedly help us elect Son-of-a-Gun to Congress.

A. P. Bailey had ginned his tenth bale of cotton Tuesday evening that has been picked from his farm ten miles west of town, and he said his crop would make about half a bale of cotton to the acre. Mr. Bailey got his crop up early and it has made with very little rain, which shows that the early bird gets the worm. He planted when he had the moisture. The staple measures about an inch. He also has a good field of cotton near town.

Mark Holland was in the city Monday from his ranch west of Eldorado about 20 miles.

DEATH VALLEY MAY BECOME NATIONAL PARK

Death Valley, a name of terror in the West since the days of '49, may become the next National park, according to word from Washington where such recommendation has been made to Congress following an investigation by inspectors for the national park service.

The Valley, lying below sea level for many miles, is an inferno in mid-summer, the thermometer registering as high as 140 degrees in the shades. In winter, however, the climate is ideal and the Valley is open to visitors from November 1 to May.

Scenery worthy of national park honors include such natural wonders as the Devil's Golf Course, the Salt Pools, the famed Dante's View, from which the highest and the lowest points on the American continent may be seen; Golden Canyon, Zabriskie Point, Titus Canyon, Furnace Creek Ranch, Ubehebe Crater, Bennett's Well and the sand dunes.

The Valley perhaps is 130 miles long but varies only from ten to thirty miles in width. It is hemmed in on both sides by high mountain ranges, the Funeral Range on the east and the Panimints on the west. Blending mineral colors stain the desert floor, it being one of the most highly mineralized areas in the world.

Historically, the story of Death Valley runs from the grim tragedies of the Gold Rush through the endless efforts to reclaim the riches of the desert itself. For many years, the only human beings to venture into the desert were the borax miners who braved the then waterless and desolate stretches with their 20-mule teams. Now, however, the Valley is open to both rail and motor car travel.

BILLY GOAT GIVES MILK

A five year old billy goat, one-fourth Loginburg and three-fourths Neubin, owned by T. A. Duderstadt of Hondo will be an interesting feature of the Rodeo and Race Meet to be held here September 4th and 5th. This goat was a normal billy until three years old, when it developed an udder like a normal doe. It has been giving milk continually for the last two years and is sire of over one hundred kids, about thirty-five of which have been sired since he developed the udder.

This goat was born in Kerr County and moved to Medina County when about one year of age. A pet lamb was raised on him and received no other nursing until it was old enough to wean. The lamb has grown and thrived just as well as if it had been raised on its mother's milk.—Rocksprings Record.

Our old friend Walter Davis accompanied by a son from the ranch near Sonora, were in Eldorado Tuesday shaking hands with friends and looking after business. The Elder Davis lives in Austin and comes out to the ranch occasionally to get a good ranch feed. He has many warm friends in our city of long standing.

DESCRIBES FARM ADJUSTMENT PLAN

Agricultural College President Says Federal Program Seeks to Coordinate Production with Reduced Exports

The Federal farm adjustment program is partly guided by the belief that export of agricultural commodities will not soon recover its volume of five or ten years ago, in the opinion of F. D. Farrell, President Kansas Agricultural College, writing in the August issue of the *American Bankers Association Journal*.

"Nobody knows whether the farm adjustment program will succeed," writes Mr. Farrell. "Its sponsors describe it frankly as an experiment. It seeks to socialize agriculture at least to the extent that farmers, in what is believed to be the public interest, will restrain their production activities and that processors, distributors and consumers will contribute something toward paying farmers for exercising this restraint. The adjustment programs definitely are based on the fact that prices are determined primarily by supply and demand. They also are based on the assumption that the export business in agricultural commodities will not soon return to its volume of five or ten years ago."

Dependence on Public Support

"The plan offers wheat price insurance for 1933, 1934 and 1935, for the domestically consumed portion of the wheat crop. The insured price is to be sufficiently high to give the domestically consumed portion of the wheat crop pre-war purchasing power. If the plan is as effective as its sponsors hope it will be, the reduction in supply may influence wheat prices so that the entire wheat crop will have pre-war purchasing power."

"If the adjustment program succeeds, its launching probably will mark the end of an era of extreme individualism in agriculture in the United States," says Mr. Farrell.

"Recent fundamental changes led Secretary Wallace to say, 'What we really have to do is to change the whole psychology of the people of the United States. This is a large order. It involves the whole program of farm adjustment as well as the larger national economic program, of which farm adjustment is a part. If the people decline to participate in the program to the extent necessary to give the experiment a fair trial, we shall never know whether farm adjustment as now proposed would have succeeded or not if it had been given a fair trial.'"

BANKERS PREPARE FARM FINANCE BOOK

Tells Bankers and Farmers What to Consider in Making Sound Loans

A book on "Making Farm Investments Safe" has been prepared by the Agricultural Commission of the American Bankers Association, summarizing material published by it during the past ten years. It presents a compendium of scientific facts, practice and experience in farming, with timely and helpful suggestions to serve as a reference and guide in the daily routine of banking and farming. From it practical workers in these fields can obtain an idea as to what extent and in what manner farm loans should be limited by soil erosion, weeds, plant diseases, rodents and fire hazards, etc.

The book also indicates how much is added to the security of a farm loan by the farmer who keeps accounts and practices good business methods, as well as the extent to which loans are safeguarded by crop rotation, production of legumes, judicious use of commercial fertilizers, the use of quality seed and the providing of home grown feeds.

Another section sets forth the precautions that should be exercised by both the banker and farmer when negotiating loans to increase or improve dairy production, or beef, sheep, swine or poultry production, as well as what factors should be considered in the economic marketing of products and the way efficiency in production affects efficiency in marketing. Many other everyday details of farm life that have a practical financial significance are treated in the book. A particularly important section deals with experience with farm leases and another with directed farm credit.

Banks Make Best Record in R. F. C. Loans Repayments.

Among the loans of \$2,819,000,000 made by the Federal Government through the Reconstruction Finance Corporation, the highest percentage of repayments, official reports show, has been made by the banks, indicating the return of stability as the chief unsettling element of public fear has been lifted from them.

The Reconstruction Finance Corporation has authorized cash advances, fully secured by sound collateral, to 6,278 banks since it began operations in February, 1932, and made actual disbursements to them in the amount of \$1,221,878,000. Of this amount, however, \$545,073,000 or over 44 per cent, has been repaid by the banks. All other classes of borrowers combined have repaid about 16 per cent of their loans.

"The Home of Good Printing."

Mr. and Mrs. Henry Munda were in from the ranch Saturday trading and visiting.

Begin Taking Cardui Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardui," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well. 'After I was married, I was in bad health. I began taking Cardui again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 90 pounds when I began taking Cardui. I improved rapidly. Before long I weighed 126 pounds. I felt fine. I was able to do a good day's work.' Cardui is sold by druggists here.

BANISH ACID STOMACH THIS SIMPLE, EASY WAY
 Know the joy of freedom from stomach distress. Enjoy your meals. Dr. Emil's Adla Tablets banish acid stomach, indigestion and gas. Bring quick relief.—Hoover's Drug Store.

ON TEXAS FARMS

By W. H. Darrow
Extension Service Editor

Trench silos have been dug by 38 Brazoria county farmers this summer as a result of two previous demonstrations and a dairy short course, reports the county agent. One farmer says his silo cut his feed bill to less than half what it formerly was and milk production increased also.

Sub-irrigated gardens are becoming the thing in Hartley county where three especially designed forms for making the concrete tile at home have been in constant use out of the county agent's office.

Fourteen home demonstration gardens in Caldwell county have supplied their farm wire owners an average of 250 cans of vegetables, cash sales of \$4.02 per garden and about \$50 worth of fresh vegetables for the home table. The average cash cost was \$8.24 per garden.

"My cows are looking 100 per cent better and my calves 1000 per cent better since we placed self-feeders in the pasture," says John Petterson of Harrison county in speaking of a beer cattle feeding demonstration with the county agent. Creep feeders were supplied 114 calves, one feeder in each of four pastures. Cows were fed twice a week for two weeks to get the calves started on the feeders.

Eleven Nolan county farm.

HOME DEMONSTRATION NOTES:

Council Meeting
The Schleicher County Home Demonstration Council will meet at Miss Howell's office, Saturday, Sept. 9th, 1933 at 3:00 P. M. All members are urged to be present.

Prevention of Food Poisoning.
Do not taste or eat canned meat and non-acid vegetables, such as, corn, asparagus, string beans, squash, carrots and sweet potatoes in either tin or glass until they have been boiled at least 10 minutes in an open vessel. Boiling destroys the poison that is produced by certain bacteria. Smell the food carefully because heating brings out odors not otherwise detected. If the product has an odor and on off taste after boiling, burn it. Do not feed it to animals nor throw it in the yard.

MARKET RULING ON PIGS

"The following ruling has been received this morning from the Agriculture Adjustment Administration and which will be rigidly enforced on this market:

"Beginning Monday, September 4, all pigs received for the account of the government must be accompanied by permission to ship. No premium will be paid for hogs unless permission has been granted prior to shipment. Advance permission must be secured through commission firms in cooperative commission association operating on terminal market. Effective immediately no permits are to be issued through commission companies to anyone other than the original owner and in no case are permits to be issued to any one owner for more than 200 head. Permits to ship obtained through commission firms are to be evident by letter or telegram to the original owner and all shipments to this market must be accompanied by such permit. Permission not needed to ship piggy sows. The minimum weight of sows qualified to receive government bonus is effective immediately allowed from 275 pounds to 240 pounds. Farmers may still have their pigs handled through cooperative shipping associations or by country buyers by supplying them with the letter or telegram from commission firms indicating they have permission to ship their pigs. Such agency may also act on behalf of original owner in securing permits, but these permits must be made out in the name of the original owner and mailed to the original owner, and must accompany the pig to the Fort Worth Market to make this pig eligible for acceptance under the government plan."

Signed A. A. Lund
Market Chairman.
(The above order will apply to the Ft. Worth Market.)

W. E. Bruton was in from the farm Tuesday getting a load of oats for winter planting. Mr. Bruton has been in a dry streak this year and did not get anything up on his home place, but intends to plant fall oats.

Mr. and Mrs. D. Q. Lyles of Crockett County were here last week end guest of Mr. and Mrs. E. C. Hill.

THE DOMESTIC ALLOTMENT PLAN

College Station, Sept. 4.—The domestic allotment plan which is now being applied to wheat as a measure of relief to the growers in 131 Texas counties as believed by many to be the plan that will be adopted by the Agricultural Adjustment Administration for cotton next year. The Extension Service at Texas A and M. College has received no intimation of this as yet, but announcements of the cotton plan for 1934 are expected soon.

The domestic allotment plan operates to pay producers a premium on that portion of the crop domestically consumed without interfering in the least with foreign trade. It does for the farmer what the protective tariff has done for the manufacturer in the past. The consumer pays a higher price for goods in order to assure the manufacturer or farmer a fair return for his effort. In the case of wheat, however, the increase in price of flour should not exceed one-half cent per pound. Administration officials point out. The processing tax on wheat is 30 cents per bushel and a bushel of wheat weighs 60 pounds.

The philosophy back of the domestic allotment plan is a recognition that temporarily, at least, we live in a world ruled by narrow nationalism. Every nation seems to be waging economic war against all its neighbors. This combined with the fact that we have changed from a borrowing to a lending nation makes it difficult for us to sell our goods abroad, particularly farm stuffs many of which can be produced in other lands. If unprotected in his own home market the Administration believes the farmer would be completely ruined during the years immediately ahead.

The domestic allotment plan, so named because premiums are paid from taxes levied on the portion of the production domestically consumed, and this portion allotted to farmers, is linked up with acreage reduction. The reason for this is that normally the payment of premiums leads to increased production the next year. To avoid this, and to keep next year's production from increasing or even to reduce it, every beneficiary of the domestic allotment plan must contract to reduce acreage within certain limits.

REAM WANTED on Wednesday and Saturday.—Andrews Store.

THE COUNTRY WOMAN'S CLUB

The Country Woman's Club met Wednesday August 30th at the home of Mrs. L. Kent.

There were only 8 members present and 3 visitors. Miss Howell gave a lecture on etiquette.

Refreshments of cookies and lemonade were served.

The next meeting will be with Mrs. Claude Alexander Wednesday Sept. 13th at the home of Mrs. T. H. Alexander.

Mr. B. F. Nolen was in from his farm Monday and said that in his opinion that Schleicher County would get a better cotton crop than most of them anticipated. He said his crop would yield about a half a bale to the acre and it has had very little rain. Mr. Nolen planted his crop early when he had the moisture and has cultivated it well and it has kept on growing through the dry weather and the rain that fell last week will mature and enlarge the bolts and he is well pleased with that he will make.

QUICKER, BETTER RELIEF from use of Black-Draught

"I have taken Black-Draught, off and on when needed, for twenty-five years, for it is easy to take," writes Mr. George T. Wharton, of Petersburg, Va. "I take it for constipation and when I have that dull, tired feeling. I take it for colds and other complaints where a good laxative is needed, and I believe it gives me quicker and better relief than any other medicine I know. It certainly has been a help to me."

P. S.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Theford's Black-Draught.

"WHERE YOU SAVE"

The Rev. S. L. Batchelor was here Sunday and preached at the Methodist Church, and returned by way of Rudd Sunday afternoon, where Bro. Marshall is holding a Revival. He also made Christoval Sunday night. The Elder is busy now visiting the various charges for the winding up of the years work. He delivered a fine message Sunday morning.

W. E. Cloud and son, Sammy who have been taking baths at Hot Springs on the Rio Grande, returned home Friday. Sammy had to get back for the opening of school.

Mr. and Mrs. E. W. Mung and daughter, Elizabeth Jane, were in from Bailey Ranch Saturday visiting with friends.

Mr. and Mrs. Claude Meador were in from the ranch Saturday visiting and shopping.

MRS. J. S. GARY IS DROWNING VICTIM

The members of the family, as well as their many friends were deeply shocked Saturday morning to learn of the untimely and tragic death of Mrs. J. S. Garey of Whiteland, who was drowned in a reservoir on the C. T. White ranch, near the Garey home, shortly after Friday midnight.

Funeral services were held at the Brady Baptist Church Sunday afternoon at 3:00 o'clock, with the Rev. M. J. Bean, Baptist minister of Camp San Saba, conducting. Interment was made in Brady cemetery. A large concourse of friends and acquaintances of the family attended the final rites.

Mrs. Garey had been in ill health for the past several weeks, her condition suddenly taking a change for the worse about a week ago. She was brought to the Brady hospital for treatment, then to San Antonio where she was under the care of a specialist until Friday when she was returned home.

Members of the family found Mrs. Garey missing from the house about 12 o'clock Friday night, and neighbors began a search for her. Her body was found in the reservoir an hour or so later.

Mrs. Garey was 50 years and 9 months of age. She was devoted to her family, and had many friends throughout McCulloch county. She was prominent in civic circles in the Whiteland community, and took an active part in all religious activities.

Left to mourn her loss are her husband; two daughters, Mrs. Wilbur Wilbanks of Brady, and Miss Christine Garey, Whiteland; three sons, Cecil Garey of Wilson, Kenneth Garey of Eldorado, and A. J. Garey of San Benito. All were present at the funeral.—Brady Standard.

Mr. and Mrs. Luke Thompson accompanied by Mrs. H. T. Finley were visitors in San Angelo Saturday.

Mr. and Mrs. Ben Hext were in the city Saturday trading and visiting.

REV. GUY DAVIS SEES BIG YEAR AT DANIEL BAKER

Preparing for the opening of Daniel Baker College at Brownwood next Monday much as he would go about preparing a good series of sermons, the Rev. Guy Davis, former home missions superintendent, looks for a big year in the history of the school. Only recently was he designated as president of the school.

With the same faculty in charge and a good course of study mapped out, effort is being made toward extra-curricular activities that will appeal to the student body, according to the Rev. Mr. Davis, who was here yesterday. The school has not had a band in three or four years, but one is being uniformed this time with expectation that the school will have one of the best small college bands in the southwest. James E. King is the band director; Miss Mary Brannon has charge of the orchestra. Choral and glee clubs also are to be formed.

The dormitory for girls has been repaired and repainted, and much interest has been manifested by prospective students.

Some good material is evident for this year for football, and effort is being made toward conference championship, according to the president. Three or more students are expected from San Angelo to enroll with the college, he says.—San Angelo Morning-Times.

PHYSICAL EXAMINATIONS SINCE FIRST OF MAY

Austin, Texas, Sept. 7.—Over 6 thousand children ready to enter school life this month have been given complete physical examinations since the first of May, according to Dr. H. N. Barnett, Director Bureau Child Hygiene, State Department of Health. These examinations were accomplished under the program sponsored by the Parent Teachers Associations throughout the State.

These Summer Round-Ups of preschool children were initiated by Parent Teachers Associations in 1925 and carried on in cooperation with the Bureau of Child Hygiene; they have been so successful that each year has shown an increased interest in this movement. These examinations and corrections are done by doctors and dentists and this group of apparently healthy children showed at least 1 physical defect the majority of which could be remedied without much cost or loss of time.

The aim of these Round-Ups is to have the child entering school 100 per cent free from remedial physical and mental defects before the child enters school. Sometime these can be corrected by health habits or more rest, better food, exercises for posture, etc. The chief advantage of such health work is not only to discover such defects but to help the parents to strive for better health for their children and to convince them that physical and dental defects uncorrected will prove to be handicaps in later life.

Dr. Barnett also stated that parents of children over six months of age should have the children immunized against diphtheria as soon as possible.

No one should expose their children to dangers of this disease when the prevention of it has been so definitely established. After receiving the injections the child can be tested to make sure that he is immune.

L. L. Harris was in the city Saturday mingling with the farmers.

Mrs. L. Bradley is here this week visiting her son, Judge Frank Bradley.
