OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIII

Eldorado, Schleicher County, Texas. Friday October, 20, 1933.

No. 41

## Our County

October 16th, 1933.  
To The Eldorado Success,  
Eldorado, Texas.

Dear Readers:

Have you waited anxiously—as I have—for a reply to my letter in The Success of Sept. 29th last? I have waited patiently for two issues of the paper hoping that some of those on the inside would give us some information about the "dark secrets" and "the little nigger in the wood-pile." Possibly we will be favored with a reply at a later date. No doubt it is worth waiting for.

So, folks, pay up your subscription, and be sure you receive your paper every week. For if you do not like the material I give you, you will surely like the replies from the "other side"!

My position in this matter of school business and any other county or district business is open for inspection, at any time. As I understand it, the actions of public officials are supposed to be open for inspection by the public at any time. And while my position as a trustee of Mayer No. 2 school is not very important and does not pay any salary, it is never-the-less a public office; I have taken the oath of office, and I should conduct the business of the office in such a way that it will stand inspection. If I am wrong, you should know it. If any other county or district officer is wrong, it should be all right for you to know that also.

While it is quite true that there is just a lot of corruption in connection with public officials,— County, State and National,— it is not true that we "can't do anything about it." Probably you and I will not have much chance to do a great deal about it at Austin (although this is not entirely out (Continued on page 3))

## GERMANY WITHDRAWS FROM LEAGUE

The Daily Press Dispatches announces that the German Government has announced its withdrawal from the League of Nations. The U. S. Government officials have announced they would keep hand off the situation. Japan withdrew last Spring and now Germany has withdrawn.

## GOVERNOR FERGUSON SIGNS RELIEF BOND BILL

The recent Legislature passed a five million dollar bond relief bill and it has been signed by the Governor, and Texas will soon have \$5,000,000 to start some jobs on if it can be gotten to the man who needs the work.

## C. M. McWhorter's Home Robbed

Sunday night while Mr. and Mrs. C. M. McWhorter were at church some thieves broke into their home and took about \$200.00 worth of valuables. The neighbors saw the car park in front of the home, the lights turned on for awhile. They were not through with the job when the McWhorters returned, and when they drove up to their garage the robbers ran out the back door as Mrs. McWhorter heard the screen door slam. On entering the house they soon discovered they had been robbed. They notified Sheriff O. E. Conner at once who came to the scene at once. He got in touch with Mr. Grimland of Sonora who came and took pictures of the figure prints and it is sincerely hoped that the guilty party can soon be brought to justice.

## LIONS LUNCHEON WEDNESDAY

The Lions Luncheon Wednesday was entertained by Masters Loyd and Floyd Spurgers and their little sister Miss Billie Louise, giving two songs. They are nice singers for their age and fit in well with the program for child welfare which is being sponsored this week throughout the Nation by different organizations. Rev. Marshall also gave a splendid talk on the subject, being asked to by the program committee.

The Committee on Fire Department work reported and was continued over to report again next week. Lion Taylor read a letter he had received from Austin telling us what we had to do to secure lower Fire Insurance Rates.

## OZONA TO BE HERE SATURDAY, OCTOBER 21

The second conference game for the Eagles will be Saturday, October 21st, here at home when the Eagles meet the strong Ozona High School team at 3 P. M. Ozona is reported to be one of the largest and strongest teams in the district and the game promises to be a

real contest for the locals. It will be the second conference game for the Eagles and the first one at home. The Junction team defeated the Ozona team at Junction last week by the score of 13 to 6. The admission prices to the game will be the regular prices 35 cents for adults and 15 cents for school pupils.

## DISTRICT PRESBYTERY MEETS HERE

The District Presbytery met here with the local Presbyterian Church Tuesday and Wednesday, with the following ministers attending: The Rev. John Thorns, Sterling City; Rev. B. O. Wood, San Angelo; Rev. Malcom Black of Sterling City; Rev. Guy Davis, Daniel Baker College, Brownwood; and Rev. R. K. McCarroll of San Saba.

The Rev. Thorns of Sterling City was elected Moderator when the session opened. Several Lay Delegates from other cities attended.

## FOURTH QUARTERLY CONFERENCE TO BE FRIDAY NIGHT

Rev. S. L. Batchelor will be here Friday night to hold the Fourth Quarterly Conference for the Methodist Church. An members of the Church should attend this meeting and help to wind up the years work in the most satisfactorily way possible, and if you do not get your money to the Stewards by Friday night get it in by Sunday night as the Pastor leaves next week for Annual Conference and the years work will close as he leaves.

## Knights Of Zocahs Organize Here

Tuesday evening Bright Draper of San Angelo and six members of the Knights of Zocahs Chapter of San Angelo, came out to Eldorado and organized a Knights of Zocahs here. Rev. Marshall has for the past year had the boys from 16 to 22 years of age organized in a Crusaders band and has quite a lot of them in training. The Knights of Zocah is a National Organization and it is an organization that any young man should be proud of, to be a member of.

Those that took the first and second degrees Tuesday night were: Dee DeLong, Bernard Carr and Gene Koy. They will be the first officers of the new organization. We understand these young men were dressed up Tuesday night as little girls and were down on the streets selling roses, sweeping the sidewalks and crying for mamma. Anyway they are full pledged Zocahs to the second degree and have one more degree yet to take before they are full pledged members.

The Organization is to strengthen character and furnish wholesome amusement to its members and a fraternal brotherhood.

Rev. Marshall has worked hard with these young men trying to train and influence them in the path of useful citizenship and the outgrowth of the Knights of Zocahs here is to his good work among the boys of the community. About 30 young men will belong when the organization is completed.

## ELDORADO EAGLES 38 — SONORA BRONCHOS 0

The Eldorado Eagles inaugurated the 1933 Interscholastic League season last Saturday at Sonora with an easy win over the Bronchos. The Bronchos were able to penetrate the Eldorado line in midfield but could never muster the necessary power to threaten the goal line. They never penetrated the Eldorado twenty yard line during the game. They gained considerable yardage during the game and made more first downs than did the Eagles. Eldorado completed 5 passes during the game while the opponents completed only 2, and the Eagles had one pass intercepted while the Bronchos had 3.

Touchdowns for Eldorado were made by Joe Turner Hext 3, Junior Isaacs 2, and Raymond Reynolds 1.

Practically every Eldorado player on the squad saw service during the game in one or more quarters.

The line-up follows:  
Eldorado: W. Kerr, L. End; A. Page, L Tackle; J. I. Jones, left guard; W. B. Gibson, Center; J. Meador, right guard; D. DeLong, right tackle; R. K. Jones, right end; J. T. Hext, Quarterback; R. J. Alexander, Left Halfback; M. Spurgers, Right Halfback; Capt. J. Isaacs Fullback.  
Sonora: V. J. Glasscock, Left End; R. Morgan, Left Tackle; Joseph Logan, Left Guard; Holm, Center; Castillo, Right Guard; W. Glasscock, Right Tackle; Trainer Right End; Fields, Quarterback; Smith Left Halfback; Brantley, Right Halfback; E. Smith, Full back.  
Substitutes: Eldorado— Aris Carr, Cecil Moore, Felix Susan, Harold Susan, Marshall Davis, Jack Shugart, Jack Hext, Thomas R. Jones, Edward Butler, Raymond Reynolds, Paul Davis, Gaylon Casey, Sam Cloud.  
Officials: Referee, Bill Bissett, Howard Payne; Umpire, Jones; Head linesman, Adams; Field Judge, Isaacs, McMurry.

## Headquarters Fifth Cavalry

Fort Clark, Texas.  
October 12, 1933.  
SUBJECT: Quality Material for the 5th United States Cavalry.  
TO: 1st Lieut. J. B. Sammons, Inf-Res.

1. We are taking this opportunity of asking you as a Reserve Officer in the Army of the United States to assist a Recruiting Party from the 5th United States Cavalry in securing a few high class recruits.

2. This Recruiting detachment will consist of ten men with a complete display of modern automatic weapons such as Machine Guns, 37 MM Guns, etc. A display and demonstration will be given the public.

3. This party will be in Eldorado, Texas, on October 29th and we have directed the senior member of this detachment to get in touch with you if practicable believing that you will be glad to cooperate with suggestions and help in securing for this Regiment the best possible men.

4. We have two retirements from the regiment this month. Both of these non-commissioned officers are being sent to their homes with the assurance of receiving monthly as long as they live, a government check for \$133.87. Surely this in itself is a good advertisement for attracting the desirable men we want.

There are approximately ten vacancies in the entire Regiment. We desire quality and intend to actually accept for enlistment only the young men you can unqualifiedly recommend.

5. Will you please see that this letter is given publicity and will you kindly give our party such assistance as you are able.

Thanking you, we are,  
Very truly yours,  
W. R. Mabley,  
Capt. 5th Cavalry  
Recruiting Officer.

Editor Note:  
The Demonstration is being planned at the Court House yard, said Lieutenant Sammons.

## THEATRE GETS NEW NAME

Miss Faye Belle Enochs made the suggestion for a name for the new Theatre Tuesday night which was accepted by a vote of the crowd present. The name selected was "Lone Star" for this name Mr. Morgan gave \$5.00 in cash. So from now on the Eldorado Theatre will be known as the Lone Star. Mr. Jones comes to us well recommended and has been having some trouble in getting his new machine in the proper shape, having to take one back to Dallas for exchange, but his show is now open for the public and he has been receiving good crowds. His programs will be found in The Success columns from week to week and we trust that you will have time to witness and attend some of these shows. Eldorado needs this amusement at home, many of our people go elsewhere to see the movies, why not support a good one at home.

## INSURANCE AGENCY NOTICE

Forrest B. Alexander is now a duly qualified solicitor for business in connection with my Insurance Agency and is legally entitled to write all forms of insurance heretofore written in my office, including life insurance. It is a genuine pleasure to me to be able to make this announcement to my clients and other friends since Forrest will be able to devote all his time to the business and therefore we will be in a position to give you more complete service than time has permitted me to give. We earnestly solicit a continuation of your patronage.

OCTOBER 20, 1933.

That good rain Saturday brought back the old time smiles when it used to rain three or four times a year.

It looks like now that if a man gets a state job he has to have some money for a down payment.

We have almost promised ourselves several times that we would never buy anything else on installment plans, but since they have begun to sell State jobs for so much down and the rest later, we might change our minds.

Machine Gun Kelley and his wife, Kathryn, have given up their life of open freedom for one in prison walls, only a few short years of fast living for several in prison, and after all what have they gained? A life for others and not against others, is one that pays dividends in future years.

A business firm at Menard and also at Llano had a stranger come in and buy some goods, gave a check on a Fort Worth Bank and drew about \$10.00 difference. The check came back so did the goods, but the cash paid out and the man kept going. Now they think their visitor was Machine Gun Kelley, since they saw his picture in the paper. Some day our business people will quit accepting checks from just any body who may offer them.

From away up in Rhode Island came a letter from Mrs. J. H. Bowder saying keep The Success coming. Just can't get along without it. Mrs. Bowder will be remembered here as Miss Ada West, who has many friends here and she likes to keep up with them through the columns of The Success.

Mr. Fred Speck from over at Menard sends in his renewal to The Success this week. Mr. Speck is the father of Henry, who ranches west of Eldorado and the champion calf roper in the fat man's class.

## C. I. DABNEY

—vs—  
 B. F. NOLEN et. al.  
 In District Court, Schleicher County, Texas.

Whereas, by virtue of an order of sale issued out of District Court of Schleicher County, Texas, on a judgement rendered in said court on the 21st day of September, A. D. 1933, in favor of the said C. I. Dabney and against the said B. F. Nolen and J. N. Davis, defendants, No. 505 on the docket of said court, I did, on the 12th day of October, A. D. 1933, at 2 o'clock P. M., levy upon the following described tracts and parcels of land situated in the county of Schleicher, State of Texas, and belonging to the said B. F. Nolen, to-wit:

320 acres of land more or less, the South part of Survey No. 24 in Block "LL", Certificate No. 58, Abstract No. 938, T. C. Ry. Co. Surveys, about eight miles north west of Eldorado, Texas, and being more particularly described by metes and bounds as follows:

Beginning at a st. md. in the West line of said Sur. No. 23, the S. W. corner of a tract heretofore conveyed to the said B. F. Nolen; Thence South 599 vrs. to the S. W. corner of said Sur. No. 24; Thence East 1902.8 vrs. with the South line of said Sur. No. 24 to its S. E. corner; Thence North 1800 vrs. to a st. md. in the East line of said Sur. No. 24, the S. E. corner of a tract heretofore deeded to B. F. Nolen; Thence West 1132 vrs. to a st. md. a corner of said Nolen Tract; Thence South 601 vrs. to a st. md.; Thence West 771.8 vrs. to the place of beginning.

And on the 7th day of November, A. D. 1933, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on said day, at the courthouse door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said B. F. Nolen in and to said property.

Dated at Eldorado, Texas, this the 12th day of October, A. D. 1933.

O. E. CONNER,  
 Sheriff of Schleicher County, Texas.

Miss Kathleen Crosby left Tuesday for Chicago where she will visit the World's Fair. She was accompanied from Temple by her grandparents, Mr. and Mrs. Hanney who reside at Waco.

## STRUGGLE TO GET PECOS IRRIGATION CLOSES

By Bob Jackson  
 WASHINGTON, Oct. 11.—The Public Works Administration approved the Red Bluff Dam project on the Pecos River for \$2,600,000 today and gave assurance that the work would start at once. Thus a 12-year struggle for the irrigation of the Pecos Valley and the creation of a reservoir of water which will supplement the supply of seven small irrigation districts, has come to a successful conclusion.

Vernon L. Sullivan of El Paso was on the ground today to receive the final word of approval, although congressmen and senators from Texas have been active in its support for years. Congressman Ewing Thomason spent a month here in the summer after Congress adjourned working the papers of the project through the various departments of the Public Works Administration.

The government agrees thru the Public Works Administration to purchase the bonds, which have already been issued. The bonds will bear 4 per cent interest.

Sol Mayer of San Angelo has been one of the most active workers in the fight for the Red Bluff dam project. He attended the first meeting held in Pecos 12 years ago which resulted in a survey of the site and the outlining of a district. He has considerable land near the district.

The district was perfected a year or so ago, the bonds voted, the contract let, subject to the sale of the bonds. It is believed that it will not take more than 30 to 60 days to get started on the project.

The Pecos river will be dammed about 40 miles above Pecos, Texas. The reservoir will not only create a big reserve for the irrigation districts already along the river, but it will add some 40,000 acres of land to profitable cultivation. It will provide power, as the Pecos has enough steady flow to create considerable energy. The large reservoir will become a part of the government's flood control program as it will hold back the sudden rises which then rush down the Pecos following heavy rains in New Mexico.—Morning Times.

J. Frank Reynolds sold about 100 head of cows to John Roach of Abilene the first of this week at private terms. Mr. Roach will move the stock to some grass near Abilene. Mr. Reynolds has been feeding these cattle on pare on the Balcum ranch.

BORN—Saturday October 14, 1933 in Abilene to Mr. and Mrs. T. J. Bailey a son, so Grandmother Roach reports. We'll wager our hat the "Jaitor" has his pitching against the San Angelo Red Roosters before many years.

Don't forget the Methodist Ladies' Circus, Oct. 27, at the Ford Garage.

Charlie Yancy was among the farmers that enjoyed a Saturday in the city.

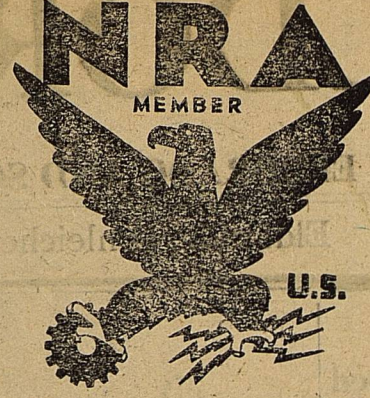

FOR SALE—Two good work horses. For information, see A. T. Wright.

FOR SALE—A good Cast Iron Coal Heater. See The Success Office.

FOR SALE—Fixtures and stock in Wright's Cash Store, part cash, balance on time to right parties, rent reasonable, see A. T. Wright.

The Brady papers, last week, in speaking of the Brady-Eldorado Ball game, gave the reason for their defeat as over confidence. Perhaps so, but we Eldoradoans still cling to the big idea, that we have a real football bunch with a hunch.

## RAILROADS EDUCATE 1,600,000 CHILDREN

The educational value of railroads in making another kind of education possible, is not.

According to a recent survey, the railroads pay annually the sum of \$148,041,456 in school taxes. Federal statistics show that, in 1930, the average expenditure on public elementary and secondary schools came to \$90.22 for every pupil—a figure which includes money spent for new buildings as well as operating costs. As a consequence, the school taxes paid by the railroads were enough to furnish a year's education for more than 1,600,000 children.

The figures show that railroad school taxes grossed enough in Illinois to educate 98,000 children; in Michigan, 86,000; in Ohio, 80,000; in New Jersey, 79,000; in Virginia, 70,000; in Kansas, 51,000; in Oklahoma, 70,000; and proportionate numbers in other states.

Every public improvement—roads, buildings, parks, docks, streets, etc.—was partly built with railroad money. If the rails went out of existence, either we wouldn't have these improvements—or we'd have to find some new property to tax for them.

It will be a long time before any comparable industry is able to take the place of the railroad as a national asset. They are still the backbone of the country's transportation, and still one of the major contributors to national development.—Industrial News Review.

The Shoemake Delivery Wagon, the first one of its kind to appear on the streets of Eldorado in several years, attracted considerable attention on the street the first of the week. In fact there are several children that did not know that a horse was to be used for anything but to ride and quite a few men gathered around to see the new but old way of delivering.

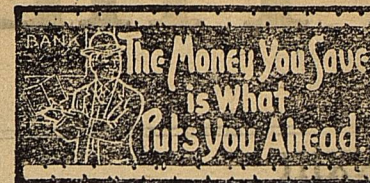

Aubrey Baugh was a visitor in the city the first of the week.

## Helped By Cardui

Here's the true story of how Cardui helped Mrs. H. E. Dunaway, of McComb, Miss., as written by herself:

"I was sick and rather discouraged. I was so weak and thin, I was not able to do my work as it should be done. This made me fret a good deal, and did not help my condition.

"I had pains across my back and lower part of my body. My nights were spent in rolling from one side of the bed to the other, hoping I would soon go to sleep. Then when morning would come, I would be just as tired as when I went to bed. A neighbor, seeing how badly I felt, told me to try Cardui. After I had taken one bottle, I was much better. I kept on taking Cardui, and I was stronger and slept much better at night."

This chart is based on figures from the United States Bureau of Labor Statistics and national electric rate figures. The rate curve of the West Texas Utilities Company follows a more sharply descending slope to a point 25% below the normal level, which is 10% lower than the national average rate reduction shown above.

## Your Average Electric Rate Is 85% Below Other Living Costs!

Complete electric service is the most reasonable item of expense in your family budget. It is the only item that has consistently been improved in quality and lowered in cost. Today it is 85% below other items of family expense... and still going down!

During the past ten years your average electric rate has been reduced more than 53%—while in spite of two years of rapidly lowering prices other items entering into the family budget still remain 32.5% ABOVE THE NORMAL LEVEL!

Just think of it! The 1932 dollar spent for general living expenses bought only 26% more than the 1922 dollar (according to the United States Bureau of Labor Statistics), while it bought from the West Texas Utilities Company 115% more residential electric service than the 1922 dollar!

This is a remarkable record! In spite of constantly increasing costs of government, the West Texas Utilities Company has effected economies which have given you the benefit of rate reductions amounting to more than 53%! And now, with commodity prices again following a sharply ascending curve, today's electric rates are even farther below general commodity prices than shown in the above chart.

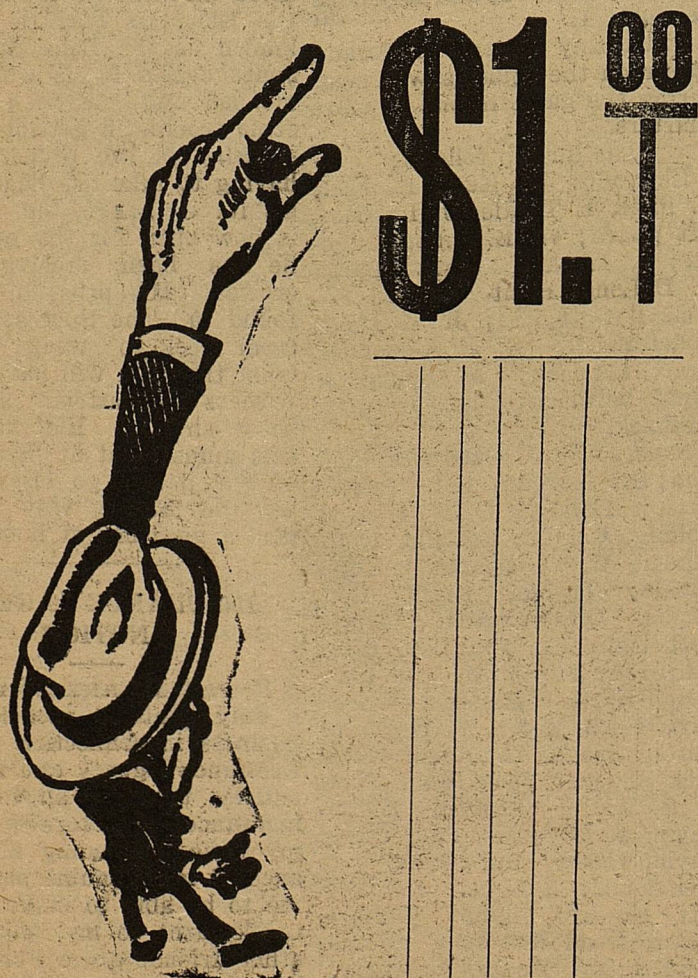

Your dollar spent for electric service buys you more in real value—and more in comparison with that same dollar spent for other service or commodities—than any money you spend.

## BOYS IN THE PEP SQUAD

By Celeste Tisdale  
(Editorial)

There are about ten boys in the Pep Squad this year. They add to the pep squad very much for they can make almost as much noise as all the girls put together.

They are showing interest too. We have a boy, W. C. Spurgers, for assistant yell leader and the other boys also do their part.

They will wear gold shirts and dark trousers.

The idea of having boys in the pep squad was very good because it shows that the Eldorado boys, as well as the girls, are backing the team. Every boy that is not coming out for football should be in the pep squad, rooting for the team.

## THE NEW SOPHOMORES

By Ray Reynolds

We have had three new Sophomores to start to school recently. Ruth Currie of Ozona is taking the following subjects: English II, Spanish I, Biology, and Algebra II. Clayton Trotter from Travis County and has been going to school at Pilot Knob, and is taking the regular sophomore course. The last member to be added to the class is Jeanette Wakefield, who has been attending the Grosbeck High School.

We gladly welcome these new students into the Eldorado Hi School and wish for them a successful school year.

## REPORT CARDS

Dorothy King

"I know I didn't make D," and "That teacher just gave me that grade because she didn't like me," were expressions heard after the report cards were handed out. Some of the students were well pleased and some were dissatisfied. I think most of the students were expecting fairly good grades the

first six weeks. The first report cards generally give the teachers an idea of what your term school work will be.

Some expressions that are heard just before Mr. Smith hands our cards to us in the study hall are: "I wonder what I'm going to make on English," and "Gee, I bet I fail in Plane Geometry." I expect other expressions worse than these could have been heard Tuesday afternoon, October 17th.

Arnold Farrington: Yes, sir, but I no longer find it alarming.

Coach Williamson: Do you new spectacles help your eyes Aris?

Aris Carr: Yes sir, I never have my eyes blacked now like I used to before I wore them.

## THE SONORA GAME (Before)

Alton Page

The Sonora game, although having the appearance of an easy one, should be taken as a warning from what happened at Brady, when an over-confident Brady team expected the boys from the small town of Eldorado to be easy. Sonora being the most intense rival of Eldorado, a hard fight can be expected between the two teams, even though, one is doped to win by

six touchdowns. We think that we will win, but only after a hard fight. The scores of the Eldorado and Sonora games since their beginning are:

1925, Eldorado 0; Sonora 3.

1926, Eldorado 25; Sonora 0.

1927, Eldorado 13; Sonora 6.

1928, Eldorado 20; Sonora 13.

1929, Eldorado 7; Sonora 55.

1930, Eldorado 0; Sonora 26.

1931, Eldorado 6; Sonora 13.

1932, Eldorado 26; Sonora 6.

Eldorado has won 7, lost 5, and tied one. Let's make it 8 wins.

(Note: In last week's paper the score for 1930 was given—Eldorado 13 and Sonora 6. The score is correctly stated this week, so far as we can determine although we admit there may be mistakes.)

## THE JUNIOR CLASS

Inez Cobb

The Junior Class has twenty-four students this year. This almost doubles the number that was in the Junior Class last year. The student are not in as many classes together this year as they have been in the past. The subjects are rather divided between Physics, Public Speaking, Algebra, and Geometry. We hope that next year the Senior Class will consist of twenty-four graduates.

It is reported that the Geometry class has been having some rather hard struggles; it is probably realized that the students are not in Algebra anymore. The English class has been making original magazines. It looks as if all the students in the Junior class of '33 will all turn out to be editors. The Public Speaking Class is progressing nicely. We are learning to be better orators every day. In Spanish I am sure we would all get along much better if there were fewer verbs in our vocabulary. Nearly all the students in the class are in the Spanish Club, which will be our greatest interest to look forward to

every month. Probably next year several of us will be signing because we did not take Physics this year; but waited for Chemistry.

## THE TRIP TO SONORA

Zona Clare Koy

The Eldorado Eagles went to Sonora last Saturday to play the Sonora Bronchos. The Pep Squad also went accompanied by about a hundred town people. There were as many Eldorado people to back the team as Sonora had. Eldorado was well represented, and it showed that the town was backing the team. The game was enjoyed by every one as the Eagles scored 38 to 0. The Eagles appreciate such support.

G. E. Woods, who ranches and farms south of Eldorado on the Highway, was in the city Friday and made The Success office an appreciated visit and set up his subscription into 1935. Mr. Woods was among those that made a good crop and does not see how he did it with the amount of rain that fell.

Will McAngus dropped into The Success office Saturday and moved up his subscription into 1934, for which he has our thanks.

Ford Oglesby made a business trip to San Angelo Monday.

## A Laxative that costs only 1¢ or less a dose

NEXT TIME you need medicine to act on the bowels, try Theodor's Black-Draught. It brings approval and is priced within reach of all. Black-Draught is one of the least expensive laxatives that you can find. A 25-cent package contains 25 or more doses. Black-Draught is made of approved laxative plants, firmly ground so you take the medicine into your system just as naturally as you get nourishment from the food you eat.

Refreshing relief from constipation troubles for only a cent or less a dose—that's why thousands of men and women prefer Theodor's Black-Draught.

## OUR COUNTY—

(Continued from page 1)

of reach) or at Washington, D. C.,—but if we will just keep awake, and not be bothered about those "niggers in the wood-pile," lying, personal attacks, that are whispered around in dark corners instead of being told out in the open,—then we can do just plenty about it in Schleicher County.

Our County officials, like the great majority of our citizens are of the highest type. Any criticism of any individual, although it might be plainly a criticism of the official actions of the party as a public official. Of course it is only natural that all of us must make errors. If a county official makes an error in handling his personal affairs, that is his business,—but when he makes errors in handling county affairs—that is your business and mine.

In my letter published in The Success Sept. 29th, there were two small typographical errors that should probably be mentioned. One at the beginning of the fifth paragraph, first column, should have been "1932" instead of "1933." The other was at the beginning of the 2nd paragraph, 3rd column, page 2, where we were speaking of the two teacher's contracts, one for \$90. per month and the other (legally drawn) for \$75. per month, or less. It should be understood that the legally drawn contract was sent to the ex-officio County School Supt. before he had approved the one for \$90., and he was advised of the illegality of the latter according to state law and Dept. of Education rulings. He later approved the contract for \$90. per month for eight months, knowing nothing about how much we would receive from the State, and knowing that under the most favorable conditions we were not likely to have that much money available.

In this connection, I quote in full a letter under date of Aug. 21st, 1933,—a copy of which was sent to me as Secretary of our local school board:—

"Mr. Otto Ruff, President, Common School District No. 3, Schleicher County, Fort McKavett, Texas.

"Dear Sir: In view of the fact that two tax payers of your school district have protested the moving of your school house, and the further fact that your district has no funds to pay for said moving of school house, you are hereby advised that it is well that you should not figure on paying for this work out of the funds of the district: As we have heretofore expressed ourselves, we are of the opinion that the school house would be better located on the public road, than where it is, but a school board cannot obligate the district for money that it does not have in prospect and for that reason we put you on notice that the trustees may have to pay for the work if it is done. Asking that you favor us with an answer at your earliest convenience, we are very respectfully,

(Signed) F. M. Bradley,  
County Judge,  
Schleicher County."

Now if you will please note that part of the well written letter which says, ".....a school board can not obligate the district for money that it does not have in prospect.....": For a while I thought the ex-officio County School Supt. did not know that,—for instance when he approved that contract for a \$90. per month teacher! Isn't it rather strange that he would be so concerned, interested and helpful in taking care of our school funds in connection with a job that will probably cost less than \$50.—and he has it within his power and made no effort whatever to stop an illegal contract for \$90. per month for eight months?

And I wonder if that letter had anything to do with Mr. Ruff's desire to resign from his position as school trustee, when he had calls from some of "the good people of the community," after the letter was received, telling him they didn't want the school moved, etc.

More another time about efforts to take territory away from adjoining school districts. Thank you for listening!

Sincerely,  
H. Leslie Jones.

## Planes Vie With Gulf-Dymaxion In Thrilling Air Pageant Through

By Don Mockler

(Feature Writer, "U. S. Air Services")

ROOSEVELT FIELD, N. Y. (Special)—With the calm and efficient hand of Captain Alford J. Williams at the controls as Director of Events, the aeronautical extravaganza staged for charity and billed as the National Air Pageant held here October 7 and 8, came to a glorious conclusion Sunday night. More than 75,000 New Yorkers have had their first real taste of aviation activity on their "home grounds" since the races here in 1925.

As a special Pageant feature, Captain Williams took his Curtiss "Gulfhawk" into the air on both days and introduced "painting aerobatics in the air," accomplished by a unique chemical smoke tank arrangement, allowing detailed study of the intricate maneuvers performed by this outstanding aviator.

The Pageant attracted several hundred civilian fliers, in addition to 21 ships of the 8th Pursuit Group, 11 planes of the 2nd Bombardment Group, and 30 ships of the East Coast Expeditionary Force of the U. S. Marines.

As the Manager of the Aviation Department of the Gulf Refining Company, Al Williams had seen to it that the full airport service facilities of Gulf were placed at the disposal of the Pageant participants, and the Gulf airport trailer, special trucks, field cars, etc. were busy twelve hours both days of the Pageant.

but was forced down on his first attempt when his motor cooling loosened, damaging his propeller.

Captain Williams had been commissioned by an anonymous patron of aviation to offer a silver trophy and a \$2,500 purse to the flier establishing a new speed record.

Speaking of the unknown donor Captain Williams stated that "this American aviation aviator, has in mind the sole thought of providing a definite, objective toward which this country's plane designers, builders and fliers might strive."

"I consider that this gesture is one of the finest and most important that has ever been made in the name of aviation."

Trophy donated anonymously as inspiration to continued development of American aviation.

Established an unofficial amphibian speed record of 176 mph.

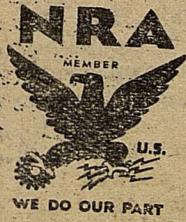

Despite the air features, attention was directed to the ground every time the Gulf-Dymaxion came past the stands. This car, illustrated above, embodies the streamlining lessons taught by aerodynamics. With a top-speed of 120 mph, it produces thirty miles to a gallon of fuel. Its single rear-wheel steering makes it especially flexible in any traffic situation.

As the aerial bombs late at night signalled the close of the Pageant, Captain Williams expressed his personal appreciation to Mrs. Roosevelt and all the members of the many volunteer committees who had worked with him during weeks of intensified effort to bring the involved program of the National Air Pageant to a successful conclusion.

Ford Oglesby was in from the ranch Monday mingling with friends and looking after business.

### KEEP YOUR FIRE "INSIDE THE STOVE"

Thousands of people will find it difficult to keep warm this winter, but others will overdo the heating proposition—their stoves or heating plants will set their houses on fire. The colder months bring an increase in fire losses.

According to the records of the National Board of Fire Underwriters for 1931, defective chimneys and flues accounted for a fire loss of 26 million dollars; hot ashes, coals and open fires 61.4 million dollars; and stoves, furnaces, boilers and their pipes 24.3-4 millions—a total of over 57 million dollars—actually 11 per cent of the annual total from all causes.

Specifications for installing a safe chimney, heating plant or stove are usually found in city building codes or may be obtained from your insurance agent.

In the main, chimneys should be solidly constructed from the ground up and should contain flues made of fire clay. The heating units themselves and the pipes should be set up at a safe distance from all burnable material.

Make certain that the stove or furnace, chimney and smoke pipes are cleared of soot. Remove worn, broken or rusted equipment. Protect beams with sheet asbestos.

Use your own good common sense in operating the equipment, don't permit stoves or furnaces to become overheated, and don't put hot ashes into wooden boxes or cartons—a metal container is safer. All open fires should be carefully screened.

Aside from the destruction of property resulting from fires, it is estimated that 10,000 persons lose their lives in fires each year. This aspect alone is sufficient cause for greater care to prevent fires from heating plants.—Industrial News Review.

### GRAMMAR SCHOOL DOWNS SONORA, 26 TO 6

Mr. Irby took his Grammar School team to Sonora last Friday afternoon and defeated the Sonora Grammar School by a score of 26 to 6. Touchdowns for Eldorado were made by Robert Anderson, R. W. Gray and Raymond Spurgers. The boys from Eldorado were representing the fifth, sixth and seventh grades while the team from Sonora was made up of pupils from below the seventh grade.

The boys who played on the Eldorado team were as follows. Ends, Rasmussen, Bridgemen, Nicks, Bailey; Tackles, Banning Wade, Geo. Williams, W. Newlin; Guards, Roach, Tisdale, Wilson and Oliver; Center, Edmiston; Backfield, Anderson, Spurgers, Jack Jones, R. W. Gray, Jack Whitley.

Sonora will return this game at an early date.

### "AT THE BAPTIST CHURCH"

Last Sunday was a good day at the Baptist Church, 130 in Sunday School; a good congregation for the preaching. Service; had 100 in training service and another good congregation for the evening preaching hour.

We would be glad to have 20 more in Sunday School next Sunday, making 150 and more for the preaching hour. The Pastor's subject will be "Who is Worthy?" then suppose we bring some one else to the training service at 6:30 and all stay for preaching, subject: "Parents That Children Appreciate." Parents let's come and think together on this important subject.

Leon Frazier, Pastor.

Mrs. C. C. West dropped in The Success office Tuesday and renewed her subscription to The Success for another year. Mrs. West reports that her daughter, Miss Pauline, who has been in the hospital at San Angelo for several weeks, has been brought home and is doing nicely, and will be able to sit up in the near future if she continues to improve. Miss Pauline has had a hard time and has gone through much suffering but her many friends are glad to hear that she is again on the road to recovery.

Mr. and Mrs. W. E. Bruton were in from Reynolds Monday visiting and shopping.

O. W. Smith was out from San Angelo Friday shaking hands with friends and looking after business.

Leslie Jones was in The Success office Tuesday on his way to McCamey on business. He was riding an Auto Bike and was really enjoying the cool breeze.

C. M. Reynolds was in from the ranch Tuesday looking after business and buying supplies.

Mrs. Eldred Roach and daughter, Mary Nell, left Tuesday for Wichita Falls where they will visit relatives and friends.

Mrs. Elizabeth Hefflin of San Antonio was here the first of the week visiting friends and her father, Mr. Abbott, who ranches near Eldorado.

### ADAMS HOME DEMONSTRATION CLUB

The Adams Home Demonstration Club met at Mrs. Reynolds Oct. 12, with eight members and 2 visitors present.

A demonstration on how to make tomato catsup was given by Miss Howell. There was also a round table discussion on table etiquette. Miss Howell also gave demonstrations on how to set the table, etc.

The next meeting will be at Mrs. Silas Burk's, Oct. 26th.

We overlooked to make mention last week of Mrs. Lestey Henderson who was carried to San Angelo to the Rush-Schulky-Wall Clinic and underwent an operation for appendicitis and other troubles. She is reported doing nicely this week and will probably return home soon.

Mrs. T. W. Johnson dropped in Saturday and renewed the subscription going to her son, Edwin. It was a birthday present when Edwin left home and has been renewed each year since as same. We trust it has been a joy to him in his absence from home in taking to him the Schleicher County News.

Mr. Lewis Ballew who has been in San Angelo the past few days returned home Wednesday.

Mrs. Vester Hughes and children of Mertzon were guests of Mrs. J. E. Tisdale and children of our city Saturday.

Clarence Johnson was in from the stockfarm Saturday doing his usual Saturday shopping and yarn spinning.

Carroll Green was here Saturday from the farm buying supplies for the farm and meeting friends.

The Eldorado Eagles went to Sonora Saturday where they were triumphant in another football game. Quite a few people attended the game from Eldorado. The score being 38 to 0.

Mr. and Mrs. F. B. Gunn were in the city Tuesday and Wednesday attending the District meeting of the Presbytery in session here.

### FORMER ELDORADOAN WEDS IN SAN ANGELO

The Sunday San Angelo Morning Times carried a short item announcing the marriage of Mr. Winice Murphy of McCamey, but formerly of our city to Miss Loma Palmer of San Angelo. The wedding took place some ten days before, but was kept a secret.

Mr. Murphy is a graduate from the Eldorado High School and has been reared in our county and city. He is a fine young man and has many warm friends here. For the past two years he has been ranching near McCamey. The Success congratulates him in his new adventures and wish for he and his bride many happy returns.

Mr. and Mrs. George Caraway were here Wednesday shaking hands with friends and visiting out at Station A where they worked for several years. They are from near DeLeon where they are stationed now. Mr. Caraway said he just had to have another drink of this good Old Schleicher County water.

Mrs. Bunch Brittain and son Bunch King were in from the King ranch Saturday visiting and shopping.

Paul Keele dropped into our office Saturday and renewed his subscription to The Success. He reports a half-inch rain Saturday morning on the farm.

Mr. and Mrs. W. A. Blaylock were down from their ranch in Coke County the first of the week visiting Mrs. Frank Spencer.

J. M. Holmes, former Chief at Station A, but who has been in East Texas for several months, was shaking hands with old friends in Eldorado Thursday.

Mr. and Mrs. W. O. Alexander visited their son and wife in San Angelo Tuesday, and Mr. Alexander was also there to attend General Court.
