## Trailer Home Demolished In Truck - Car Accident Tuesday

A truck-tractor rig collided with a car on 1-40 east on the west side of McLean at 10:00 a.m. Tuesday morning. Although there was extensive damage, no one or the truck's livestock cargo were injured.

Alvin C. Smith, 74, of Wichita, Kansas entered 1-40 from a private drive on the north side of the highway, crossing to the right into the path of the cattle transport. The truck struck the car on the right rear side, entangling the two. The momentum of the truck carried the vehicles out of control, more than a block, hitting a pole on the right side of the road before veering through the fence of Gately's Trailer Park. Once through the fence, the car was forced and came to rest at the trailer park swimming pool. The truck continued sheering off the pool fence and made its final impact into the side of a mobile home belonging to Mr. and Mrs. Hugh Gately.

Despite the violence of the incident, no serious injury

was incurred. The truck driver Leon Baker, 32, of Norman, Oklahoma and Smith and his wife, 73, were taken to the McLean Hospital. None of the Gatelys were home at the time of the accident.

Property damage was extensive to both vehicles and to the trailer, the latter of which was moved some distance by the impact.

## April 20th Is Texas Tech Day

Ex-students of Texas Tech University, scattered throughout the United States and so some in faraway lands, will observe the annual Texas Tech Day, Saturday, April 20.

In announcing the date, Manuel DeBusk of Dallas, President of the Tech Ex-students Association, pointed out that Texas Tech Day is one of the most important days on the University calendar each year. Local observances are planned by most of the Association's 40 organized clubs and a number of groups that are not organized.

This will be the 20th annual observance of Texas Tech Day. Its purpose is to bring Exes and other Friends of Tech together for the common enjoyment of traditions and heritage of the University. DeBusk said. Thousands of Exes and friends of the University will get together, many meeting for the first time with one another, but with a common tie, Texas Tech.

Founded in 1923 and opened in 1925, Texas Tech is in the midst of observing its Fiftieth Anniversary. Last fall it had an enrollment of 21,510 students in its eight Undergraduate Colleges, and two Schools-Graduate and Law.

Visitors in the E. M. Bailey home over Easter were Mr. and Mrs. Ben Hill and Valerie of Amarillo, Mr. and Mrs. Matthew Bailey and Allen of Plainview, and Mr. and Mrs. Curtis Southerland of Wellington.

Visitors with Mrs. Luther Petty for Easter were Frances L. Petty of Midland, Mrs. H. M. Billingsley of Amarillo and Vernon Kennedy, who lives south of Amarillo. Frances Petty will be visiting with his mother this week also.

Mr. and Mrs. Boyd Meador were in Slaton Friday, April 12, for the funeral services for his niece, Mrs. O. Z. Ball.

## McLean Students To Sponsor Jubilee

McLean students, with the cooperation of a number of civic organizations, are sponsoring a Derby Town Jubilee to benefit the auditorium fund. The program will begin at 7:30 p.m., Saturday night.

Several civic organizations have offered their support. The Lions Club has taken the responsibility for prizes. The VFW Auxiliary and the Pioneer Study Club are furnishing the concession stand. One organization, the Heading and Heeling Club, has promised to match the highest funds raised by any of the supporting clubs. A number of other organizations were represented.

A jubilee program serves three purposes (1) it offers budget family entertainment, (2) it raises funds for worthy projects, (3) it promotes local and area talent. Concerning the last point Master of Ceremonies George Terry says that he can cite five persons who got their start on the show who have made "big time". One of those is country western performer Gene Price.

## H. S. Girls Track Get 2nd Place

McLean High School girls track team took the second place trophy at a meet of Texas, Oklahoma, and Kansas schools in Beaver, Oklahoma last Saturday.

The seven McLean participants racked up 36 points in 4 placings. Two relays, the 880 and the 440, rolled in first, both under the power of Sheri Haynes, Halcyon Back, Kathy Raines, and Cindy Sherrod. Two other positions were posted by Sheri Haynes; second in 100 yard dash and third in the 220 yard.

Fourteen schools participated in the meet which was won by Liberal, Kansas girls with 44 points.

This Thursday, the girls will vie for District 2-A honors in Clarendon.

## Portion of Indian Lodge To Close

Exterior repair work will close 15 units of the Texas Parks and Wildlife Department's Indian Lodge in Davis Mountains State Park April 29 June 5.

However, according to department parks officials, the lodge's remaining 24 units will be open to visitors.

## C. C. To Have English Conference

The English Department of Clarendon College will sponsor a Greenbelt English Conference on the campus of Clarendon College April 23.

Guest lectures for the one day conference for area high schools and junior high English teachers will be Dr. E. Debs Smith, Chairman of Department of English at Eastern New Mexico University and Dr. Paul Coggins, Professor of English at ENMU.

Dr. Smith's topic will be "Semantics and the English Teacher". Dr. Coggins will discuss "Jr. and Sr. High School English Teaching."

Also, included in the program is two panel discussions. One panel, which will include Mr. A.R. Nooncaster, Pampa High School; Mrs. Janetta Lamb, Groom High School; and Mrs. Jo Schollenbarger, Claude High School, will discuss "The Teaching and Grading of the 'Essay'".

A panel of Clarendon College students will discuss "What I Needed to Know to Pass College Freshman English". Panel members will be "Mike Boothe, Clarendon, Mary Ann Gilbreth, Lakeview, Frank Griffin, Gruver; Gayla Homer, Groom; and Any Lemley from Hedley.

All interested area English teachers are invited and encouraged to attend. For information contact Mr. Ron Null or Mr. Terry Scoggin, English Department, Clarendon, Texas, telephone 806-874-3571.

Visiting in the J. L. Parr home over Easter holidays were Mr. and Mrs. Robert Lacy, Laurie and Kimberly of Richardson and Vickie Parr of Amarillo.

## Persons Voting Absentee For May Elections

Six people voted in person yesterday at the Gray County Clerk's office and 10 other ballots were received in the mail on the first day of voting absentee for the May 4 primary elections.

Both Democrats and Republicans who will not be in town May 4 may vote absentee at the clerk's office.

County Clerk Wanda Carter said open hours for voting at the present time are from 8:30 a.m. until noon and from 1 until 5 p.m.

If it becomes necessary later to remain open during the noon hour to handle the absentee balloting, it will be announced by the clerk's office.

## Methodist Youth To Make Ice Cream

Sunday night, April 28th the United Methodist Youth will sponsor an ice cream supper in the park from 7:00 to 9:00 p.m. You can get a bowl of homemade ice cream for 50¢ and a good piece of cake for 25¢. If the weather is not permitting, it will be held in the basement of the Methodist Church. Everyone is invited.

Visiting Mr. and Mrs. Miro Pagan over the Easter holidays were Mr. and Mrs. John Pagan, Tiffany and Wendy of Niwot, Colo., Mr. and Mrs. Larry Eschenburg and daughter Heather Renee of Waco, Mr. and Mrs. Harris Brinson and children, Zachary, Jennifer of Pampa and Mr. and Mrs. Charles Jones and son, Matthew of Pampa.

## Fires In Tents Present Hazards

Spring days will tempt thousands of campers into the outdoors, and a sudden shower or drop in temperatures will tempt some of these campers into making a fatal mistake.

They will carry a lantern or a stove into their tent, taking the risk of dying a horrible, flaming death.

Safety officials are reporting an increased incidence in burning tents and maiming, disfiguration and death due to tent fires.

The problem, say Texas Parks and Wildlife Department officials, is that the substance used for waterproofing are highly flammable.

Once a spark from a lantern or stove or the ember from a campfire or cigarette starts the tent burning, occupants are surrounded by walls of flame in a matter of seconds.

Safety experts say that illumination inside a tent should always be done by flashlights or the new neon camp lights.

Cooking inside a tent is just asking for trouble, not only from fire but also from carbon monoxide poisoning as well. Campfires should be well

## THE FAMILY LAWYER

### Her Brother's Keeper?

When Kate's brother became a widower, she moved in with him and took over the care of his household. Three years later, he too passed away. At the probate of his estate, Kate put in a claim for "services rendered."

"Although my brother and I never discussed money," she told the court, "I just took it for granted that eventually I would be paid for my work. After all, I didn't have to do it. I was not my brother's keeper."

But the court disagreed and rejected her claim. The court said the natural presumption was that Kate had helped her brother for reasons of affection, not money. If she expected payment, added the court, she should have made that clear from the start.

Questions of this kind arise often in probate proceedings, when claims for services rendered to the deceased must be dealt with. As a rule, the closer the relationship between the claimant and the deceased, the more likely the court is to say that the services were given free.

But the individual circumstances can make a big difference. In another case, a man sought payment for carpentry, painting, and cement work he had done on the house of his late brother.

This time, the brothers had been living separately, with their own separate families. In this situation, the court decided that the claimant could reasonably have expected to be paid, even without any agreement to that effect.

The extent of the services, too, may be a factor. A sister who took over the management of her brother's home also took over the burdensome task of nursing him. He was seriously ill, and needed almost constant attention.

After his death, a judge ruled that the sister was indeed entitled to wages for her efforts. The judge said that even for a loving sister, this was an extraordinary amount of service.

Total milk production statewide was down almost 3.7 percent in 1973. The Texas Crop and Livestock Reporting Service noted that milk production was 3.38 billion pounds in 1972 compared with 3.25 billion last year.

Mrs. Michael Bradford Parker

## Brenda Brown and Bradford Parker Exchange Wedding Vows April 12th

Miss Brenda Lee Brown became the bride of Michael Bradford Parker Friday, April 12 at 8 p.m., in the McLean Baptist Church.

The bride is the daughter of Mr. and Mrs. R. L. Brown of McLean and the bridegroom is the son of Mr. and Mrs. R. C. Parker, also of McLean.

Rev. Herman W. Bell, pastor, officiated for the double-ring ceremony before an arch of yellow candles, decorated with greenery, flanked by a branched candelabra entwined with greenery.

The prayer bench and two basket arrangements of yellow gladioli, yellow pom poms, salal and huckleberry greenery completed the setting.

Organist, JoAnn Miller, played traditional wedding selections and accompanied Gay Simpson as she sang the "Twelfth of Never", and "The Wedding Prayer."

Given in marriage by her father with the "her mother and I," avowal, the bride wore a formal-length wedding gown of tulle and re-embroidered Chantilly lace over bridal taffeta designed with a high neckline, empire waistline, long Camelot sleeves, and semi A-line silhouette with full back. Inserts of Chantilly lace, enhanced with tiny seed pearls, complemented the neckline, bodice, sleeves and shirt of the gown. The full back of the attire ended in a sweeping chapel-length train.

Her veil of imported illusion, with a border of matching lace, fell from a lace coil, and she carried a bridal bouquet of white roses and poms poms.

Matron of honor was Mrs. Martha Back, sister of the bride, Amarillo, and Michelle Parker, sister of the groom, McLean, was bridesmaid. They wore floor-length gowns

of yellow peau de soie styled with empire waistlines and long sheer leaves gathered at the wrists. Each carried a yellow rose. Attendants wore yellow harden hats with matching ribbon streamers.

Stephen Pringle was ring-bearer and Melisa Pringle, both cousins of the bride, was flowergirl.

Candlelighters were Cynthia Morris and Jeanette Hatfield. They were dressed the same as the bridesmaids.

R. C. Parker, served his son as best man and Bryan Parker was groomsman.

Serving as ushers were Reginald Davis of Amarillo and Ken Parker, brother of the bridegroom, McLean.

The bride's mother wore a floor-length dress of lime green polyester double knit with matching accessories and the bridegrooms mother wore a floor-length dress of blue floral double knit with silver accessories.

Fellowship Hall of the church was the scene for the reception immediately following the ceremony. A white lace cloth covered the serving table which was centered with a floral arrangement of yellow and white daisies, leather leaf greenery baby's breath and candles.

The three-tiered wedding cake, topped with satin bells was served by Karen Hunt of Canyon. Assisting at the punch bowl was Loyce Parker. Rosemary Robinson of Amarillo registered the wedding guests.

The bridegroom's table held a floral arrangement of yellow pompons and greenery and was centered with an anniversary candle. Chocolate cake and coffee were served from this table by Laura Morris and Betty Pringle.

For the wedding trip, the bride wore a two-piece blue knit suit and white accessories and lifted the corsage from her bridal bouquet.

They plan to reside in Amarillo.

The bride is a 1972 graduate of McLean High School and attended Clarendon Jr. College. She is presently employed by Western National Life of Amarillo.

The bridegroom is a 1969 graduate of MHS, attended CJC and West Texas State University. He is presently employed by the Amarillo

Police Department as a police officer.

The bride was honored recently with a miscellaneous shower hosted by friends in McLean.

The bridegroom's parents hosted a rehearsal dinner at the Fellowship Hall of the church.

Out-of-town guests were Mr. and Mrs. Jim LaFayors and son of Amarillo; Mr. and Mrs. Samuel Robinson and daughter of Vernon; Mr. and Mrs. Jerry Dwyer of Pampa; Mr. and Mrs. Derrel Gibson, Pampa and Mr. and Mrs. Tom Porter of Amarillo; Mrs. Betty Pringle and family of Lubbock; and Robert Hogan Jr., of Mobeetie.

## Alligators In Texas Have Recovered

Although still classified by the federal government as endangered throughout the United States, the American alligator in Texas has recovered to the point that with proper management Parks and Wildlife Department biologists feel that the reptiles should continue to increase where there is suitable habitat.

An informal, statewide survey of alligators in Texas conducted by the department in 1973 revealed some 26,451 gators in an estimated 1,927 square miles of suitable habitat.

Jefferson, Chambers and Brazoria Counties on the coast housed the majority: 15,600 between the three areas.

Alligator range extends from the coast north to Bowie County and west into Dimmit County. Isolated gators were also found in Archer County south of Wichita Falls, Hamilton County in north-central Texas and in Kimble County in the Hill Country.

Biologists speculate that gators found outside of their natural range probably are from releases.

If the alligator population continues to grow, trapping unwanted or nuisance gators from areas of high concentration and transplanting them to suitable habitat would be an alternative available to game managers.

Two captive alligators were recently taken from the Balcones Research Center of the University of Texas at Austin and released on a study area near Nacogdoches.

The alligator population in neighboring Louisiana is also considered by state game officials to be recovered. Estimated alligator population in Louisiana is some 250,000 animals.

Texas, however, has no plan at the moment for a future season to harvest Texas alligators.

## Some Errors of the "Living Bible"

Jesus said, "If you continue in my word, then are ye my disciples indeed; and ye shall know the truth, and the truth shall make you free." (Jn. 8:31-32) Since only the truth of God can free one---free from the shackles of this world (1 Jn. 2:15-16), we are pointing out a few of the almost infinite errors of the "Living Bible" in order that all who read may know God's truth as He revealed it, and not to be led to believe it as many men want it to be believed.

The first errors are found in Gen. 1:1-31 where the doctrine of THEISTIC EVOLUTION is taught. Instead of "In the beginning God created," there is substituted "when God began creating," which if true, (It isn't, for this is a gross perversion of the original text), would allow any number of theories of processes of evolution. In following verses, "period of time" is inserted to explain "day" with no attempt made to explain "evening and morning", thus allowing the theistic evolution theory of the days of Genesis one to be 500,000 years or more in duration, instead of as they actually were, 24 hour days!

In Genesis 6:1-5, he has "beings from the spirit world" (sons of God who were actually descendants of Seth) taking "beautiful earth women" (who were idolatrous descendants of Cain) for wives, and "their children became giants of whom so many legends were told." What an absurdity! Spirit beings having children by physical women instead of "men of renown" (KJV) "many legends were told" making the entire account legendary, as many, many modernists are trying today to do with the entire first eleven chapters of Genesis. How happy this must make Satan!

In Psalms 51:5 the doctrine of "inherited sin", (which is a false doctrine) has been inserted: "But I was born a sinner, yes, from the moment my mother conceived me." The correct rendering of this passage, "Behold, I was brought forth in iniquity; and in sin did my mother conceive me" plainly shows he was born of an adulterous relationship, and not a "born sinner." The ridiculousness and falseness of the doctrine of inherited sin can be readily illustrated by employing Jesus' words in Matt. 18:2-4, and substituting one word in the text, which is allowable if the doctrine of inherited sin is true. "And Jesus called a little sinner (child) unto him, and set him in the midst of them, and said, Verily I say unto you, Except ye be converted, and become as little sinners (children), ye shall not enter into the kingdom of heaven. Whosoever therefore shall humble himself as this little sinner (child), the same is greatest in the kingdom of heaven."

In conclusion, "But though we, or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be ACCURSED." (Gal. 1:8)

Next week: Some errors in the "Living Bible" in the New Testament.

 TEXAS PRESS ASSOCIATION

**AUSTIN, Tex.** — It's show and tell time for political candidates, and many of them don't have as much to show as they would like to for their fund-raising efforts.

Gov. Dolph Briscoe ran second to Republican gubernatorial candidate Jim Granberry in campaign spending up to March 25, according to the first contribution-spending reports filed with the secretary of state.

Granberry reported contributions and loans of \$171,425 (including \$22,500 of his own money) and spending of \$171,425 since last summer when he began his race.

Briscoe's spending — including a \$120,000 loan of his own money — was pegged at \$153,754.

Frances "Sissy" Farenthold reported some \$40,865 in expenditures and debts.

The effort is far below that of 1972 when Briscoe spent nearly \$1.6 million in the primaries, and Mrs. Farenthold spent \$672,441.

Comptroller Candidate Bob Bullock has reported spending of about \$60,000 in his Democratic race, and Hugh Eduburg said he has outlays of about \$12,900.

Edburg acknowledged he is using about \$7,000 of his own money. Bullock said he has used \$12,600 from his own resources, and has \$38,300 in loans from his business partner, Ken Wendler of Austin.

One of the big-spending groups so far has been the Texas Citizens for Parimutuel Horse Racing, which reported a \$7,000-cost campaign to get the issue of legalizing race track betting on primary ballots.

**NEW CONVENTION GOAL** — With the Constitutional Convention in recess, President Price Daniel Jr. has a new goal: he is aiming to wind up the revision task by May 31.

Actually, he conceded the first or second week of June is a more realistic target.

Two of the toughest articles — judiciary and general provisions (which includes the controversial right to work issue) — remain to be debated when delegates return to Austin.

They must also vote again (and muster a two-thirds majority) on the seven articles approved tentatively so far, and then decide the form of submission of the constitution, and alternative proposals to voters.

**PRISONER COLLEGE PLAN OFFERED** — Prison inmates at Ramsey Unit will be the first in the U.S. to be offered a chance at four-year college degrees through the University of Houston at Clear Lake City. Junior college associate de-

grees have been available since 1965 through special programs.

Thirty-to-60 students will begin classes at Ramsey Unit in June. Next fall, Stephen F. Austin University is due to extend courses to inmates at Coffield Unit near Palestine.

"The more education a man has, the less likely he is to return to prison," said State Prison System Director W. J. Estelle.

**CONTRACT AWARDED** — A contract for the first modernization of property tax laws since 1925 has been awarded by the Legislative Property Tax Committee.

Law Research Corporation of Texas, an Austin group, received the maximum \$125,590 — cost recodification contract.

LPTC abandoned a plan to conduct an intensive school property tax survey on a totally-random-selection basis. The 35 school districts will be re-selected to insure a geographic spread in five regions.

**COURTS SPEAK** — Power of city governments to regulate extended area telephone rates was approved by the State Supreme Court.

The High Court turned down a Houston woman's appeal in a lawsuit in which she has unsuccessfully claimed \$635,000 in damages against a doctor due to an unusually-large appendectomy scar.

The Court of Criminal Appeals reversed a San Saba murder conviction because the jury didn't decide a sanity question.

Murder conviction of a Dallas man who set fire to car in which another was asphyxiated lost an appeal from a life sentence.

Attorneys for former House Speaker Gus Mutscher, appealing a conviction for bribery conspiracy, argued before the Court of Criminal Appeals that no conspiracy was ever proved and the principal witness was not asked about it.

**FAMILIES NOTIFIED** — A new state program offering toll-free telephone service has contacted 861 families, relaying messages on runaway children, Governor Briscoe reported.

Since last September, Briscoe said, the program, "Operation Peace of Mind," has received 1,890 calls from runaways in 42 states. The national

MIGRANT OFFICE CREATED - A Migrant Affairs Office and Migrant Fuel Allocation Plan for Texas were set up by executive order of the governor last week.

The MAC will act as liaison with all agencies which serve migrant groups and try to identify present and future resources at federal, state and local levels to aid with problems.

The fuel program will permit migrants to obtain gasoline at 51 designated truck stops as they move north during agricultural seasons.

"PRIVATE" SUPERPORT ENDORSED - A Senate committee endorsed private ownership of a Texas superport, but two coastal area senators objected.

The Committee report said it is not "the responsibility of state government to underwrite this kind of risk when private enterprise is ready and willing to accept the challenge." Sens. D. Roy Harrington of Port Arthur and Bob Gammage of Houston said state ownership of the proposed offshore unloading terminal for oil tankers is in the best public interest.

SHORT SNORTS

The "capitol" will "move" to Amarillo, April 27, when Sen. Max Sherman becomes governor for a day. He is senate president pro tempore.

Governor Briscoe's top aide told a Senate sub-committee on consumer affairs there may be a need for regulation of intrastate long distance calls and in cities and rural areas where none now exists.

Atty. Gen. John Hill has been asked for an opinion on whether free newspaper space devoted to signed columns by political candidates is covered by law requiring reports of campaign contributions.

Visiting in the Josh Chilton home over the weekend were Mr. and Mrs. DuWayne Blackshear, Debbie, Sandy, Royce and Steve Hennig, all of Albuquerque, N.M.

Oakley Reunion Held Easter

Mrs. Faye Oakley of Alanreed, was honored with a Easter Sunday dinner in the home of her daughter, Mrs. O. W. Stapp of Alanreed.

Mrs. Oakley was presented a corsage made by her seven year old grand daughter, Patricia Oakley of Stratford. All of Mrs. Oakley's children were present to help honor her.

Mr. J. C. Oakley of Pampa, Mr. and Mrs. O. W. Stapp of Alanreed, Mr. and Mrs. Ernest Oakley of Amarillo, Mr. and Mrs. H. J. Snyder of Las Cruces, New Mexico, Mr. and Mrs. George Oakley of Stratford.

Her grandchildren, Mr. and Mrs. Paul Averett of Amarillo, Wyatt, Jeff and Patricia of Stratford.

Her great grandchildren, Judy, Kenneth, Craig and Karen Averett of Amarillo.

Grandchildren unable to attend were Mr. and Mrs. Bill Melson and family of Seattle, Washington, and Mr. and Mrs. Pat Harkins and family of Austin.

The day was enjoyed by all, especially Mrs. Oakley.

Mr. and Mrs. Norman Trimble of Ashland, Kentucky visited his mother, Mrs. Corinne Trimble over the Easter holidays.

## Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

If you've got your health, you've got everything.

Those with good health may not fully appreciate this often-used statement, but hundreds of Texans with chronic kidney disease are well aware of its meaning. To them life is a day-to-day affair, says the State Health Department.

Some 562 persons are being helped to meet each new day through the Kidney Health Care Division of the State Health Department. This new program started last September and is making great strides in meeting its responsibilities.

An individual with chronic kidney disease has two means available for maintaining his life. The individual may undergo hemodialysis, that is, have his blood purified by a means of dialysis machine, or he can undergo a kidney transplantation.

Recognizing that chronic kidney disease patients face

financial crises for lack of personal financial resources to pay for the expensive equipment and care necessary for survival, the 63rd Texas Legislature passed the Texas Kidney Health Care Act.

Under this act, the State Health Department assists persons with renal failure in getting treatment and in paying for this treatment.

Who are these persons receiving assistance? Among them are:

A migrant worker from McAllen, who was admitted to the program with acute renal failure. A month later he was flown to Galveston for a transplant operation, the first time an air ambulance was used in the program.

A West Texas radio announcer who, even with a good salary, couldn't afford the expenses. He's getting dialysis and regular checkups.

A former Health Department employee from Victoria who had a transplant before the program started. He suffered complications due to anti-rejection medications which prohibited his working. He now receives aid for medications and medical checkups.

When the state program

THE YOUNG CITIZENS of this area enjoyed their selves recently when the Future Homemakers of America observed National FHA Week by having charge of the Story Hour at the McLean Library. Some of the little ones are shown with some of the FHA members.

began last September, it was estimated that 500 persons in Texas would benefit each year. During its first month, the new program picked up more than 300 persons who had been on dialysis. The ones entering since have been new patients who have just suffered kidney failure.

The law attempted to make entrance into the program as uncomplicated and as speedy as possible, but

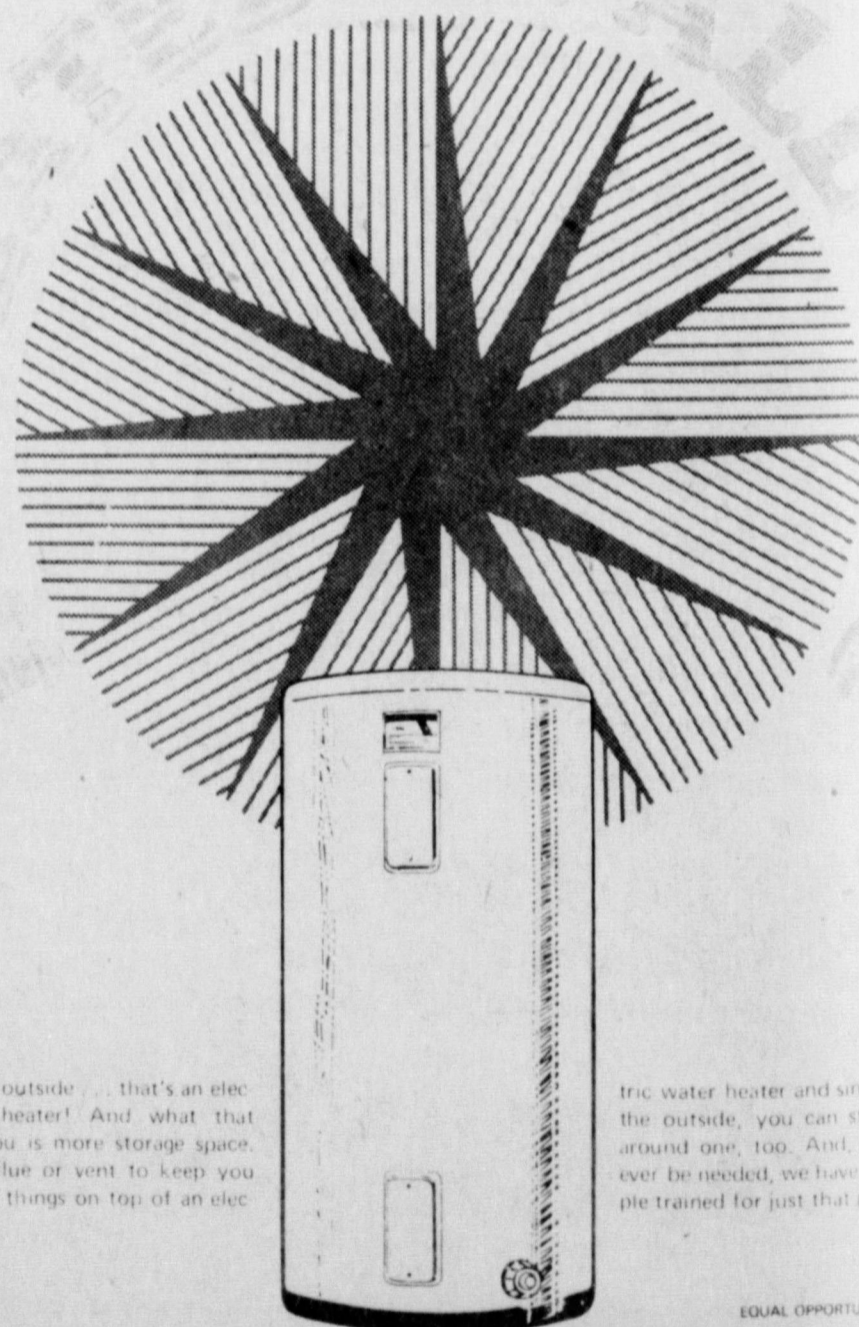

certain guidelines must be followed. Applications must be made through a medical facility approved by the federal Medicare program. Private physicians normally help with the applications -- first step to entering the program. Proper applications sub-

mitted to the State Health Department's Kidney Health Care Division are approved and an identification card issued. Then, any bills received on these patients if not covered by Medicare health insurance or Medicare, payment is made at the same rate that Medicare would pay.

Cool on the outside... that's an electric water heater! And what that means to you is more storage space. There's no flue or vent to keep you from storing things on top of an elec-

tric water heater and since it's cool on the outside, you can store things around one, too. And, should you ever be needed, we have over 1000 people trained for just that purpose.

## Market Report

Beef prices are "more pleas-  
 ing" than they have been for  
 some time, according to one  
 observer.

Mrs. Gwendolyn Clyatt,  
 consumer marketing informa-  
 tion specialist with the Texas  
 Agricultural Extension Service  
 The Texas A&M University  
 System, listed round steaks  
 and roasts, ground beef, and  
 blade pot roasts and steaks  
 as showing best values current-  
 ly.

Pork values include shoulder  
 roasts and steaks, end-cut  
 loin roasts and chops. Some  
 brands of bacon are down in  
 price, too.

Citing turkey and turkey  
 parts among the most economi-  
 cal, high-quality protein  
 foods available, Mrs. Clyatt  
 suggested roasting a larger  
 turkey and using leftover cook-  
 ed meat for later meals.

Turning to fruit counters,  
 the specialist noted that am-  
 ple quantities of apples, grape-  
 fruit and oranges are available  
 in the moderate price range.

Reasonable Temple oranges  
 are still around at attractive  
 retail prices.

Murcotts (honey tangerines)  
 are slightly higher priced than  
 Temple oranges--but they're  
 very good, and pineapples  
 from Mexico are plentiful.

Strawberries, bananas, can-  
 taloupes, honeydew and water  
 melon are available at various  
 price levels, and soft-shell  
 squash prices are trending  
 downward.

Fresh vegetables in good  
 supply at the most economica-  
 prices include cabbage, car-  
 rots, mustard, collards, tur-  
 nip and greens, broccoli,  
 radishes and green onions,  
 the specialist said.

**Consumer Watchwords:**  
 There's no saving in buying a  
 less expensive cut of meat  
 if most of it is bone and fat.  
 In roasting beef, slow cook-  
 ing keeps meat from drying  
 out and shrinking--and that  
 saves money.

**NEWS and VIEWS**

BY ELAINE HOUSTON  
Home Demonstration Agent

There will be a special one-day seminar on Cancer May 1 at the Hilton Inn in Amarillo.

The vent is being sponsored by the Family Living Task Force of the Panhandle Economic Program in cooperation with the Potter County Unit of the American Cancer Society. PEP is a voluntary organization sponsored by the Texas Agricultural Extension Service and is composed of citizens interested in the economic and social growth of the Panhandle.

Such questions to be considered include, "What is Cancer?", "What hope does research offer in the immediate future?", and "How can Cancer be treated now?"

Noted experts in the field of cancer research and treatment will be featured speakers.

Anyone interested in learning about cancer is invited. Advance registration and a \$3 fee are required only of persons attending the lunch at the Hilton Inn. Deadline is April 23 and forms are available at the County Extension office. The public is invited to attend. The meeting starts 9:30 and will adjourn at 4:00 p.m. Contact the Gray County Extension Office if you are interested in attending.

The Home Demonstration Club women in Gray County are electing officers this month for the coming year. This will be a real good time to organize a club in the McLean Area.

We need a group of interested women and a meeting place. I would be happy to come to McLean anytime.

**Boaters Should Watch For Skin Diving Flag**

Skin divers become understandably upset when they are underwater and they hear a high-revving motorboat coming their way.

For this reason, they usually float a flag on a small buoy to warn boaters of their presence.

The generally accepted skin diver's warning flag is easily recognizable as a white, diagonal bar on a red field.

It is important that boaters not approach this flag under any circumstances since skin divers could be at any level, from the bottom of the lake to just under the surface of the water where they are especially vulnerable to a propeller

blade.

Texas Parks and Wildlife Department water safety officials urge boaters to learn the meaning of all the flags and buoys they may encounter while enjoying their sport.

This information is available from Water Safety, Texas Parks and Wildlife Department John H. Reagan Building, Austin, Texas 78701.

Mrs. Delores Ward, Jean Ann, Scott and Jay of Midland and former residents of McLean were in McLean visiting with friends last week.

Mrs. W.E. Kennedy returned home Sunday after being in the hospital at Pampa for 7 weeks. Due to her condition she is doing as well as can be expected. She appreciates visits from her friends.

**IRS Will Not Delay Full Refunds**

This year the Internal Revenue Service will not delay the entire refund of those taxpayers whose federal income returns may contain "unallowable items," it was announced today.

Elton W. Davidson, Administrative Officer for the Amarillo area, said "Only that portion of the refund based on the clearly unallowable item will be held up. The remainder will be forwarded under normal refund processing procedures."

Entries on a tax return that unquestionably are not allowed under the Internal Revenue code are identified and corrected at IRS service centers, Davidson said.

Examples of such unallow-

able items include: claiming more or less than the full amount allowed for each dependent; taking the dividend exclusion in excess of \$100 on a separate return (\$200 on a joint return); computing medical expenses without regard to the 3 per cent income limitation.

"If a taxpayer disagrees with the correction, he may state his reasons in a letter and provide additional information to support his claimed deductions. Once a return undergoes correction for the item, it may or may not be examined, depending on how it meets IRS audit criteria," Davidson explained.

"If the Service Center Audit decides the explanation is satisfactory (which it does in about 7 per cent of all cases), it will accept the return without change and noti-

fy the taxpayer of its error. Then it will take four to six weeks for the IRS to issue a refund due the taxpayer," said.

Davidson emphasized that a taxpayer whose return is corrected has the same rights available to a person whose return is audited.
