Serving McLean and the Area Since 1903

VOLUME 77 McLEAN, GRAY COUNTY, TEXAS THURSDAY, AUGUST 21, 1980 PRICE 20¢ NUMBER 34

Finding entertainment in a town the size of McLean requires a certain amount of ingenuity. We can't just plunk down our money and go to a show or a concert or go roller skating or bowling. We have to really look to find things that are fun.

If you're searching for something interesting and exciting to do, go to the Tigers practice field next to the football field and watch the boys work out! If enthusiasm will win games, these guys are going to take the state championship. The 43 boys in their traditional black and gold cheer each other on more enthusiastically than you can imagine, and when someone makes a good hit, the people three blocks away can hear the Tigers roar.

I can hardly wait for the first game of the season to watch these youngsters play.

I have always teased Carl Lee Henley that he is the eternal optimist about the Tigers because he gets so excited by them that he predicts that they will win the district championship every year...but this year I am going to join his ranks.

IF...no one gets hurt and IF...the boys keep their terrific enthusiasm...and IF the town supports the team the way it should and IF...the student body gets the school spirit of the team...and IF the boys decide to play as a team...WE MIGHT...JUST MIGHT...TAKE THAT DISTRICT CHAMPIONSHIP that has eluded McLean for so long. GO TIGERS!!

Two things I hate to do...are clean the junk out of the garage and have my teeth cleaned. Now, you may think that these two things have nothing in common, and perhaps they don't, except I finally broke down and did both last week after putting them off for two years!

Both items are something that each time I do them I swear I will not put it off so long the next time. I also always feel terrific when the jobs are complete.

So see, cleaning teeth and cleaning a garage do have something in common.

When I was younger, I always said that when I got organized I would keep the garage neat and clean. A junky garage has been a fault of mine for many years. In fact when our ranch home burned nine years ago, as I was standing there teary-eyed watching everything we owned destroyed in the flames, my brother-in-law remarked "Well, at least you can quit worrying about cleaning the garage!" Which goes to prove that (1) I have been worrying about cleaning the garage for a long time and (2) people in my family make jokes always in ever situation, thank goodness.

The dislike for teeth cleaning goes back 20 years to the day I graduated from college. I went with several friends on a water-skiing trip to celebrate graduation and promptly fell off my

## Lunch Program Guidelines Announced

Superintendent of Schools Carl Dwyer said this week that children from families whose income is at or below levels shown on the attached scale are eligible for free or reduced-price meals at the school cafeteria this year. Children elig-

ible for free meals are also eligible for free milk.

The reduced price lunch is 10 cents and the reduced price breakfast is also 10 cents.

In addition, if the family income is greater than those shown on the schedule but the family has unusually high medical bills, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of

a child, or disaster or casualty losses, the children in the family may still be eligible.

School children of parents or guardians who become unemployed are eligible for free or reduced-price meals and free

the application from the school principals. The information given on the application is confidential and will be used only for the purpose of determining eligibility.

Anyone with questions about these benefits should contact

Judy Morris, cafeteria supervisor, at the school business office.

Mrs. Morris said that the regular price for meals this year will be 65 cents for students in kindergarten through fifth grade, 80 cents for those in sixth through twelfth grades, and \$1 for adults. There has been no increase in lunch prices since the last school year, she said.

To apply at any time during the year for free meals or reduced-price meals, parents should complete an application which will be sent home with all school children the first week of school or parents may obtain

## Stray Animal Problem Not Solved... Yet

Relocating utilities under the construction of Interstate-40, paying for paving, eliminating obstructions at intersections in the city, and dogs, dogs, dogs were the items discussed by the McLean City Council during a lengthy meeting Aug. 12 in the City Hall.

The primary problem discussed during the three-hour meeting was stray dogs in the city. Council members proposed various methods of dealing with the problem, but no final solution was reached. "Our problem, as usual, is lack of money," Mayor Sam Haynes said. He told the council that there is no money in the city budget to pay for building a small holding area for dogs to comply with Texas State Health department regulations, and there is no money to pay an employee for collecting stray dogs.

Councilmen decided to ask attorney Don Lane to re-write the city's ordinance on stray animals. "The ordinance as it stands is very complicated and difficult to enforce," City secretary Stella Lee said. The new ordinance will probably call for a 72-hour waiting before animals can be destroyed, in addition to calling for all animals to be vaccinated, tagged, and penned or on a leash as the old ordinance did.

Council members decided to continue looking at ways to solve the problem of stray animals, and to bring suggestions to the next city council meeting.

In addition to the dog problems, the members also considered several other problems.

The group signed a contract with McMorries and Associates to act as supervising engineers for the City when the utilities for the south part of town have to be moved for the construction of I-40. McMorries representative Bud Buie super-

vised the signing. Wayne Brown was hired as auditor by the city to audit the 1979-80 books.

Council members discussed the large number of intersections in the city which have obstructions which could cause traffic accidents. Each member will bring a list of hazardous locations to the next council meeting.

The ordinance authorizing Sammons Communications to raise the rates for McLean's cable television was read for the first time at the meeting. The second reading will be at the September council meeting.

The council also passed a

resolution to borrow \$35,000 to pay for the street paving completed recently. The paving included areas around the Thomas Nursing Home and the new Housing Authority apartments in the north part of the city. The City had agreed to do the paving when the contracts for both facilities were approved, according to Mayor Haynes. The paving also included a block near the cemetery. "Now, the cars going to the cemetery for a funeral can go on pavement all the way," Haynes said. "We're very pleased about that bit of paving."

The council members dis-

cussed problems on a deed with Wayne Bybee and Lloyd Bybee concerning property on Walnut Street which the Bybees had purchased from the city. A correction was made on the surveyors field notes and the deed was cleared.

Attending the meeting were council members Ruth Magee, Miro Pakan, George Terry, Boyd Meador, and Dale Glass; Mayor Haynes; Lloyd Bybee; Mayor Bybee; Don Lane, city attorney; Dwight Prandt of McMorries and Assoc.; Bob Glenn City superintendent; Bud Buie of McMorries and Assoc.; and Stella Lee, city secretary.

## Magazine Picks Tigers Third In District

For the first time in several seasons, the McLean Tigers have climbed out of the cellar in pre-season ratings to sit an easy third in early tabulations. Following top ranked Booker and Follett, the Tigers are listed in rankings for district 1-A over Groom, Claude and Miami, according to the Top-O-Texas Football Magazine. The publication picks district 2-A Valley as the number one team in the state with McLean's district partner Booker picked as number four in the state.

Three Tigers are listed on the Class A Honor Roll for the state, according to the magazine. They are Tim Killham, a 6'1", 160 pound senior end; Dudley Reynolds, a 5'10", 162 pound senior linebacker, and

James Matheny a 6' 170 pound senior halfback.

According to the magazine, Coach Jack Dorsett said "We could have been better last year, but we were pretty young. This year we have more depth, strength, quickness and experience. We could have a very good year."

Other quotes from the magazine: "Quarterback Dudley Reynolds (5-10, 165) wingback Billy Joe Skipper (6-0, 155) and running backs James Matheny (6-0, 170) and Terry Todd (5-8, 155) give the Tigers a solid backfield."

"Matheny earned all-district first-team honors in 1979, and Reynolds was a second-team all-league selection."

"Timmy Killham (6-1, 170)

gives McLean another old hand at tight end. The other returning offensive starters include tackle Billy Frank Hambricht (6-3, 185) tackle Billy Kincannon (5-11, 175) and guards Tim Smith (5-7, 150) and Theron Stubbs (6-0, 190).

"Center Frank Todd (5-8, 150) and split ends Mike Lane (6-1, 160) and Bobby Sprinkles (5-9, 135) round out Dorsett's offensive crew."

"Dorsett begins his second year at the Tigers' helm with an excellent nucleus of talented, experienced players. If he can adequately fill his few remaining openings and avoid injuries, the Tigers should give Booker and Follett a run for the money in the 1-A race."

Season tickets for the Tigers six home games are available from any of the football coaches. The first home game is Sept. 12 against Shamrock.

## Students Register Today

McLean students are registering for the 1980-81 school year today in the elementary, junior high and high school, according to superintendent Carl Dwyer.

Kindergarten students are registering today at 9:30 a.m. and elementary students and junior high students who did not attend school in McLean last year will register at 11 a.m. New students should bring immunization records, report cards, or book cards from their previous school. Kindergarten students should bring birth

certificate and immunization records. Students who attended McLean Elementary or Junior High last year will register the first day of classes, Aug. 25.

All high school students will register today on the following schedule: SENIORS: 9 a.m. to 10:30 a.m.; JUNIORS: 10:30 a.m. to noon; SOPHOMORES: 1 p.m. to 2:30 p.m.; and FRESHMEN: 2:30 p.m. to 4 p.m.

The first full day of classes is Monday with school beginning at 8:30 a.m. The buses will run and the cafeteria will be open. Lunch prices in the cafeteria this year are 65 cents for kindergarten through fifth grade; 80 cents for sixth through twelfth grade and \$1 for adults.

## Donley Voters To Decide On Jail

Donley County voters in precinct Skillet-White Fish communities will vote Aug. 26 beginning at 7 a.m. in the Bernard McClellan home to approve or disapprove bonds for a new county jail.

The bonds, in the amount of \$180,000, will be to finance the proposed project. Other funds to be used for construction cost are Revenue Sharing funds in the amount of \$160,000.

Cost of the proposed structure is estimated at between \$320,000 and \$340,000.

## Kellerville Reunion Set For Aug. 24

The annual Kellerville reunion is planned for Aug. 24 in the Lefors Civic Center. The air-conditioned building is located at First and Court Streets in Lefors.

The reunion is scheduled to begin at 11 a.m. and to continue until 5 p.m. Those attending are asked to bring a dish for the pot luck dinner, which will begin at 1 p.m.

All former residents and friends are invited to attend.

## Pampa Hospital Administrator Resigns

Guy Hazlett, administrator of Highland General Hospital since 1976, resigned Friday to accept a similar position with another Texas hospital.

The resignation will become effective in four weeks.

Hazlett was appointed by the Highland General Board of Managers Nov. 22, 1976 following the resignation of Robert Monogue, during a controversial grand jury investigation.

Before Hazlett's appointment to the Pampa post, he was employed with the student services administration of Texas Tech University School of Medicine. He had also previously

held two positions with the Amarillo Hospital District.

When Hazlett was appointed, Gray County operated the county hospitals, but in April of 1979 Hospital Corporation of America took over the operation of the facility under the name Coronado Community Hospital, Inc.

Since that time plans have been completed and construction has begun on a new hospital to be located north of the city.

Hazlett said that hospital officials will begin interviewing applicants next week for the administrator's position.

## Class of '80 - New Beginnings

By Joy Rhine

Many of the 29 youngsters who graduated from McLean High School in May will be leaving for colleges throughout the area next week, while several others have already gone into the working force.

Among the college-bound is Ann Skipper who will be majoring in elementary education and plans to try out for the cheerleading squad at Clarendon Junior College this fall. Joining Ann at Clarendon will be Don Webb, Tammy McLain, Mike Reynolds, and Allen Turpen.

Kaven Hook has been taking some courses at Clarendon this summer and plans to register for the fall semester at Abilene Christian University in Abilene.

Liberal arts majors Brad Melton, Joy Rhine, and Sally Haynes will be attending Texas Tech University in Lubbock.

Joining them at Raider Land will be Beth Smitherman, majoring in agricultural economics. Judy Trew will also be in Lubbock, attending Jessie Lee's Beauty School. Trudy Stewart and Wade Smith have plans to stay in McLean a while longer before heading to Tech.

Trudy Smith plans to start the second semester, majoring in music, and Wade will join his classmates next fall.

Corey Gardner has been living in Lubbock this summer, and plans to attend South Plains Junior College in Levelland this fall.

Darrel Davis has moved to Denton and has been working this summer. He plans to attend North Texas State University in Denton, majoring in biology.

Dick Bode will be leaving the Texas panhandle to attend school at Oklahoma Christian

College in Oklahoma City.

Tami Smith plans to attend West Texas State University in Canyon. She will be rooming with her sister Robin. Tami has not declared a major yet.

Randy Suggs will be attending Southwestern University in Windfield, Kans., on an athletic scholarship. He plans to participate in football and basketball, majoring in business.

## Education Begins At Home!

With the opening of school Monday, the children of McLean will be beginning another year of intense activity. The 180 days that our children will be in school will be packed with all kinds of activities to help them learn how to live their lives.

With their teachers they will be involved in procedures designed to teach them, to master all kinds of skills necessary for their future. Our schools have obtained the best teachers available, the best equipment available, and the best learning tools available to accomplish this task.

But the one vital ingredient to insure that children are successful in school has nothing to do with the school. It is the parents who are the most vital factor in our child's learning experience.

By our example, we teach them more than any teacher or any book could ever impart to them. By our attitude toward school, their teachers, learning in general, we effectively teach them how they should react to these things. By our respect for authority and willingness to conform to rules of behavior, we show our children the proper way to behave.

We tell our children "Do as I say, not as I do," but they respond "What you are speaking so loudly that I cannot hear what you say."

If you want your child to have a successful year in school, begin at home by showing the proper attitude toward his teacher and toward his studies. If he hears you criticize his teacher or coach, he will criticize his teacher. If he sees you reading a book, he may read a book, and if he sees you transfixed by the television night after night, he too will become hypnotized by the tube while his studies are neglected.

When school begins, remember before you blame the lousy school system or a poor teacher and a prejudiced coach for your child's failure, look to the primary source...you...and be sure that your child is not bringing his troubles to school from home.

## Letters To The Editor

Dear Mrs. Haynes,  
I was just thumbing through a book we get here at the office called This is West Texas - the July-August issue and ran onto your article and picture. I will say that I was proud to hear the McLean News received the WTCC Community Service Award. Also, I am glad to hear that McLean has formed a Chamber of Commerce. Only until one works for or with the Chamber of Commerce do they realize what the Chamber does for the community. I am now Secretary of the Childress Chamber of Commerce and I will say the Bookkeeping and Office Practice helped me to get this job, and that I learned this at McLean High School. Good Luck to the McLean News and the new Chamber of Commerce.

Sincerely,  
Linda (Lowe) Mayden  
Secretary  
Childress Chamber of Commerce

Linda, seems as tho Lisa and I were not on the same wave length last week when I brought in a news article to be printed in the McLean News (see Letters to the Editor - name withheld by request, August 14th issue.)

My only intent was to inform the precinct 9 Skillet White fish voters in Donley County who read the McLean News that there is to be a bond election held in our home on August 26th from 7 a.m. to 7 p.m. and to inform them of the issue. I copied my information from the July 31st and August 7th issues of The Clarendon Press.

Lisa asked me if I wanted my name signed to the article and my answer was: "Not particularly; I just want our neighbors to know of the election and of the issue." Would you please re-print the article and sign me

Zelda McClellan  
Thanks

skis and broke my two front teeth. My mouth was so injured that the dentist could not get my gums deadened and I had to sit for about three hours while he drilled on those teeth to put caps on! The sound of the drill used in cleaning the teeth (painless though it is) reminds me of that horrible time!

So I have accomplished both these hated jobs and I can feel virtuous for six months...or maybe a year...or maybe two years before I have to worry about them again.

Frances Adamson, the new band director in McLean, told me Monday that she has had about 18 or 19 band members come to practice. She said she was disappointed that there were so few, but that the ones who had come were great.

If you were a member of the band last year, go to one of the practice sessions. I think you'll be impressed with Mrs. Adamson.

When I first taught in McLean (fall of '63) there were about 10 more students in the high school than there were last year, but there were more than 80 marching in the Tiger band! I know there are lots of good musicians out there. Support your school, and show your school spirit and join the band!

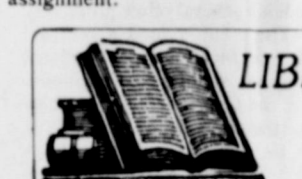

Randy Suggs thought our readers might enjoy this bit of coaching him.

WHAT IS A FOOTBALL PLAYER?

Between the innocence of boyhood and the dignity of manhood, we find a sturdy creature called a football player. Football players come in assorted weights, heights, jersey colors, and numbers. But all football players have the same creed: to play every second of every game to the best of their ability.

Football players are found everywhere—underneath, on top of, running around, jumping over, passing by, twisting from or driving through the opposition. Teammates rib them, officials penalize them, coaches drive them, girls adore them, students idolize them, and mothers worry about them. A football player is courage in cleats, hope in a helmet, pride in pads, and the best of young manhood in numbers.

When your team is behind, a football player is incompetent, careless, indecisive, lazy, and stupid. Just when your team threatens to turn the tide of the battle, he misses a block, fumbles the ball, drops a pass, jumps offside, or blows his assignment.

All Hail the Mighty State  
June Rayfield Welch

This additional volume in the "Vignettes of Texas" series by Mr. Welch is one of many volumes written by this Texas lawyer who is now the chairman of the Department of History at the university of Dallas.

"All Hail the Mighty State" is probably one of the best of his writings, which include such books as "Historic Sites of Texas"; "People and Places in the Texas Past"; "The Texas Courthouse"; and "Dave's

A football player is a composite—he thinks Notre Dame, but more often than not, he plays like Bishop Ready High. To an opponent publicity man, he has the speed of a gazelle, the strength of an ox, the size of an elephant, the agility of Nureyev, the quickness of a cat, and the ability of Red Grange, O.J., and Walter Payton—combined.

To his own coach he has, for press purposes, the stability of mush, the fleetness of a snail, the mentality of a mule, is held together by adhesive tape, braces, sponge rubber and has as much chance of playing on Saturday night as would his own grandmother.

To an alumnus a football player is someone who will never kick as well, run as fast, block as ferocious, hit as hard, score as many points or generate nearly the same amount of spirit as did they.

A football player likes game films, trips away from home, practices without pads, hot showers, touchdown runs, whirlpool baths, and the quiet satisfaction which comes from being part of a perfectly executed play. He is not much for wind-sprints, sitting on the bench, after-game compliments, ankle wraps or knee surgery.

No one else looks forward so much to September or so little to November. Nobody gets so much pleasure out of knocking down, or just plain cleaning out the opposition. Nobody else can cram into one mind assignments for an off-kick slant, power sweep, inside veer, pop pass, tight end screen, or counter-option designated to result in a touchdown every time it is run.

A football player is a unique creature—you can criticize him but you can't discourage him. You can defeat his team but you can't make him quit. You can get him out of the game, but you can't get him out of football. Might as well admit it—he you alumnus, father, or fan—he is your personal representative on the field. He may not be an All-American but don't tell him that. He is judged, not for his race, social standing, or finances. He is judged by how well he blocks, tackles, and sacrifices individual glory for the success of his team.

He is a hardworking, untiring, determined type of kid doing the very best he can for his own reasons. And when you come out of the stadium, grousing and feeling upset that your team lost, he can make tears come to your eyes with just two words... "WE TRIED!"

The Averaged Billing Plan From Southwestern Public Service.

## "A PLAN FOR ALL SEASONS"

"My fixed income got a big break now that I'm on the Averaged Billing Plan".

"Averaged Billing makes it easier to make ends meet because it smooths out the highs and lows of your monthly electric bill. Like your friends, you can have it too. Depend on it to help ... just give me a call at SPS."

"I know just about how much my electric bill will be each month ... there are no more surprises."

We changed to Averaged Billing with one phone call to SPS. And now, our family budget is easier to plan."

MRS. MARK ALAN KYLE

### Resident's Granddaughter Marries

Miss Angela Rae Guyton, daughter of Mr. and Mrs. Jerry Guyton of Iowa Park and granddaughter of Mr. and Mrs. Raymond Guyton of McLean, and Mark Alan Kyle, son of Mr. and Mrs. Gene Kyle were wed in double ring nuptials Aug. 1 in the Iowa Park Church of Christ. Mike Danchak was the officiating minister.

Music for the ceremony was provided by a tape of the Abilene Christian University choir.

The bride's dress was a summer gown fashion of white organza and Venice lace, designed with an off-shoulder bodice covered with lace appliques and shirring around the shoulders and waist.

Bridal attendants wore identical blue organza gowns over satin styled with low round ruffled necklines, flounced skirts and waistslines encircled with white lace threaded with blue satin ribbon.

Matron of honor was Mrs. Russell Yarbrough. Bridesmaids were Mrs. Bob Hodges and Miss Julie Guyton. Flower girl was Brandi Catlin and Clay Williamson was the ring bearer.

Best man was Gene Kyle.

father of the groom. Grooms-men were Bobby Moran and Rand Griest and ushers were Randy Catlin and Steve Kelly.

A reception honoring the couple was given by the bride's parents in the Fellowship Hall of First United Methodist Church.

Attending from McLean were Mr. and Mrs. Raymond Guyton, the bride's grandparents, and Rozanna Eck.

### Rodeo Club Plans Events

The McLean Tri-State High School Rodeo club had its first meeting of the season Sunday and scheduled two activities. The club's rodeo will be October 11 and 12 in the Felton Webb arena, north of McLen. Sept. 7 they will sponsor a playday in the arena. The club is also planning to sponsor a Derbytown Jubilee for Sept. 13 in the McLean High School Auditorium.

All interested high school students are urged to join the club, according to club officials. Club members do not have to be active participants in rodeos to be members of the club.

Sponsors for the group this year are Mr. and Mrs. Dusty Sanders and Mr. and Mrs. Clay Gabel.

The Tri-State High School Rodeo season begins Sunday with a rodeo at Sunray. Greg Gabel, Dusty Sanders, and Mark McDowell plan to enter the competition.

In the Gray County 4-H Rodeo last weekend at Pampa, Gable was named all-around cowboy in his age division after he won first place in both the calf-roping and the ribbon roping. McDowell was second in ribbon roping.

### In The Kitchen

by Linda Haynes

Sometimes the best relatives are the ones you get when you marry into a family. That has been the case for me with my father-in-law's sister, Mrs. Roy Campbell, better known as "Sudie." She is a lovely lady who thoughtfully remembers birthdays and other special occasions, and is known far and wide as being a great cook! She sent me a recipe this week which she says her daughter Jonie got from a friend in Amarillo.

Sudie says the recipe is very easy and delicious, so I thought I would pass it on to you. I haven't tried it yet, but it sounds wonderful.

MANDARIN ORANGE CAKE  
Mix frosting first and let refrigerate while cake cooks and cools.

FROSTING:  
1 3 oz. pkg. instant vanilla pudding

1 lb. 4 oz. can crushed pineapple, undrained

### How's Your Hearing?

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Belone. A non-operating model of the smallest Belone aid of its kind will be given absolutely free to anyone requesting it.

Send for this model, put it on and wear it in the privacy of your own home. While many people with a hearing loss will not receive any significant benefit from any hearing aid, this free model will show you how tiny hearing help can be. It is not a real hearing aid, and it's yours to keep free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 42722, Belone Electronics Corp., 4201 W. Victoria, Chicago, Illinois 60646.

MARILYN MONEY

### Former Resident Honored

A former McLean resident, once chosen by her McLean High School classmates as Most Dependable, Best All-around, and all school beauty, will be honored Saturday evening by the El Paso Women's Political Caucus.

Marilyn Money, daughter of Ruth Magee and the late Clyde Magee, is one of 16 El Paso women to be recognized at the Aug. 23 Women's Equality Day Banquet. The banquet, which has been held each year since 1973, celebrates the ratification of the 19th amendment, which gave women the right to vote.

El Paso Women's Political Caucus, which sponsors the banquet, uses this opportunity to acknowledge outstanding achievements of women in the El Paso community.

Featured speaker for the event will be Frances "Sissy" Farenthold, one of America's leading feminists. A former state representative, gubernatorial candidate, president of Wells College, and first chair of the Women's Political Caucus, she is currently an attorney in Houston.

Mrs. Money, a member of the McLean High School class of 1964, graduated from TCU in 1967 with a degree in political science. She is currently working on her master's degree at the University of Texas at El Paso.

Mrs. Money will begin her tenth year of teaching high school in El Paso. She has a six-year-old son, John Paul.

### Notes From Your County Agricultural Agent

by Joe Van Zandt

**WHEAT VARIETY RESULTS**

The Wheat Variety Demonstration results on the Leon Daughy were obtained recently after our small hand-harvested plots were thrashed.

The results are as follows: 1) TAM 106 - 64.7 bushels per acre; 2) Wings - 63.3 bushels per acre; 3) TAM 105 - 62.5 bushels per acre; 4) Centurk - 61.7 bushels per acre; 5) Lindon - 57.0 bushels per acre; and 6) Newton 54.8 bushels per acre.

These yields are the result of hand-harvesting small plots (1-2000 of an acre). Yields may not have been exactly representative of the yield of the wheat varieties, but they tend to demonstrate that these new wheat varieties have good yield potential. This demonstration was pre-watered and watered once, June 8th.

Farmers interested in having a wheat variety demonstration this year should give me a call at 669-7429.

**NEW MULTI-AREA PLAN FOR BRUCELLOSIS CONTROL**

A new multi-area plan for brucellosis control in Texas is now in effect with new regulations for moving cattle.

The new program divides the state into two sections. The Class "A" area includes about 130 counties in the western part of the state, which is relatively free of brucellosis. The Class "B" area -- which lies east of Class "A" -- consists of counties which have historically had more problems with the disease.

Brucellosis, or Bangs disease, is a highly contagious disease which affects cattle and other animals, as well as humans. In people, it is called undulant fever.

In cattle, the disease may cause abortions, weaker calves, lower milk production and sterility. Failure to control the disease could result in more restrictions concerning interstate movement of Texas cattle.

Under the new regulations, all breeding cattle -- male and female -- 18 months or older will be eligible for testing. Female dairy cattle officially calfood vaccinated between three and six months of age would not be tested until they are 20 months old. Female beef cattle vaccinated between three and ten months of age would not be tested until they reach 24 months of age.

### Wheeler Celebrating 75th Birthday

Wheeler will celebrate its 75th birthday Aug. 23 with a parade, a fiddlers contest, old settlers reunion, a free children's movie, a free barbecue, and a street dance.

The parade will begin at 9 a.m., followed by registration at 9:30 a.m. There will also be a number of booths set up on the courthouse square which will open at 9:30 a.m. Some of the booths scheduled include the dunking board, bingo, duck catch, country kitchen, country store, lemonade stand, kissing booth, and various food booths. There will also be a picture display of early settlers and businesses.

The free barbecue begins at 5 p.m. and the street dance begins at 9 p.m.

### More graduates needed in field of safety engineering

COLLEGE STATION — Recent college graduates in the field of safety engineering average eight job offers and those with just two years experience can earn \$30,000.

"The market is there," said Dr. Richard Konzen. "Industry is crying for this graduate. We simply don't have enough to meet industry's needs."

Konzen and Professor Charles Gilmore of Texas A&M University's Industrial Engineering Department explain that the public's awareness of health hazards and safety are behind the drive for the engineering specialist. "There isn't any industry in the United States that doesn't have workers exposed to potential physical or chemical hazards. There is also heat, noise, friction, fires and explosions," said Gilmore.

### Nursing Center News

**ACTIVITIES**  
Thomas Nursing Center welcomes three new residents, Mrs. Mary Perry, Mrs. Neva Lovingsgood, and Mrs. Dona Sullivan.  
Rev. Joe Walker and members of United Methodist Church conducted church services Sunday.  
Vela Young, Ruby Tibbets, and Juanita Smith, from Senior Citizens, played Bingo with the residents Monday.  
Sue Marsh and Ruth Boucher came Tuesday to quilt with the ladies.  
Members of United Methodist Church conducted Bible Study Wednesday.  
Bonnie Fabian and Barbara Trew from the Methodist

Church conducted a singalong Thursday.  
Ruth Boucher was here Friday afternoon to help the ladies quilt. Martha Parker was also here to show movies Friday afternoon.  
We want to say a heartfelt thanks to Mrs. Loree Barker for giving us a sewing machine. The staff and members of Ladies Auxiliary have kept it humming almost since the moment it arrived. Thank you, Mrs. Barker for your generosity.  
It would take pages to list all the volunteer work being done by our Ladies Auxiliary. These wonderful ladies are here every day providing some service for

our residents, or just visiting and brightening our day. Everyone looks forward to the ladies coming, and our thanks seems inadequate.

There was an ad in the Pampa News help wanted column last Sunday. WANTED--"Responsible adult to clean attic at 1715 Nebraska Lane between 5:30 and 7 p.m." Who would answer an ad like that? A responsible adult is seen as someone who has his life in such good shape, he has no need to clean his own attic much less the one at 1715 Nebraska Lane at 5:30 in the afternoon.  
Websters Dictionary says--Responsible is--"liable to be called upon to answer as the primary cause, motive, or agent; able to answer for ones conduct and obligations; TRUSTWORTHY, ACCOUNTABLE, AMEN-ABLE, LIABLE." The government has got this figured out. They are trustworthy and amenable. We are accountable and liable.  
According to Webster, this is known as responsibility (with two N's). A good word! One you never hear used. Politicians have got us so thrown against the wall that we need something to throw back at them. We have it! Responsibility. WHAT DO YOU MEAN I AM RESPONSIBLE FOR THE ENERGY CRISES? WHAT ABOUT YOUR RESPONSIB- BLENES?  
During the recent political con- vention, we were covered up with promises and the responsibility of each party was buried beneath--What Reagan said--and what Carter did or did not do.  
A few years ago I had a situation in my back yard wherein I arrived upon the scene of four little boys scuffling in a deep hole. I didn't much care what the scuffle was about but wanted to know "WHO DUG THIS HOLE?" As the meeting commenced and oratory waxed hot and heavy it turned out according to them that nobody dug the hole. They ran away to play and left me with it.  
We are in a hole which nobody has dug. Reagan and

Carter don't care too much how we got in or how we get out. They are outside, in a fight to the death as to who will be in charge of this hole. One of them will dig it deeper, the other will fill it up. We are not clear as to who will do which. With their backs to us, arms outstretched they declare to the world -- "let us bind up our wounds." "Marvelous! Wonderful! Whose wounds?  
Responsibleness is--When you overspend on your Bank Americard YOU are the guy who has got to pay for it. Responsibleness is--When the government overspends on its Word Bank Card, YOU have got to pay for it.  
Responsibleness is--When you buy too many big cows and run out of grass in a drought, YOU pay for that. Responsibleness is--When industry builds too many big cars and can't sell them, YOU get to pay for that too.  
The United State Senators have a swimming pool and gym which cost several million dollars. I paid a nice tax on my new 30 gallon water heater so I can take a bath--not being blessed with a pool. But being responsible I got to help pay for that pool in Washington. I wish I had a picture of it so I could see how much I am enjoying it. Splash, splash--yippee!  
I have cows who have no grass to eat. The Democrats and Republicans have not been able to place blame for the drought yet. As far as anybody knows, God is an Independent and both sides are claiming his support. As a responsible citizen I have done my part in implementing the Windfall Profits Tax by not receiving any royalty checks recently. They didn't amount to much anyhow.  
Kennedy assured us that we could not stand four more year's of Carter's fiscal irresponsibility. He then said "I will support President Carter in the coming election." As a resident of California in the 60's Reagan assured me that he would not support a state withholding tax from my paycheck. He did not believe in it! Within a few months, he believed in it and withheld my money. That was the same year, although worth millions, he did not pay a cent in income tax.  
Who is responsible? Who isn't? I think I'll go to 1715 Nebraska Lane and see if anybody shows up to clean that attic.

## 1980 Tigers Look Ahead To Promising Season

By Linda Haynes  
McLean High School football coaches are smacking their lips and clapping their hands in anticipation of the 1980 football season since 43 Tigers reported for pre-season workouts last week. This group is the largest number of boys to come out for the sport in recent memory, according to Coach Jack Dorsett.

"We have some experience, some size, and a lot of enthusiasm and we're going to win some games," Dorsett said. "Even the games we don't win, they're going to know they played us, cause these kids like to hit."

Assistant coaches Joe Riley, Jerry Cook and Asa Atchley are also anticipating great things from the 1980 edition of the Bengals. "These old kids are finding out what football really is this week," Coach Riley grins. "They're learning to like contact."

The Tigers will scrimmage Happy at Happy Friday night with the kick-off set for 8 p.m.

Practice in the two-day sessions has been loud and enthusiastic, with Monday's first day of contact showing the coaches what the boys are capable of.

"We've got some potential all-stars in this group," Dorsett said, "and some of them have two more years to play."

With some of the tackling described by the coaches as looking like "two semi-trucks running together", the coaches believe the scrappy young Tigers will score points this year.

"We're going to run a junior varsity schedule this year," Dorsett said. "We don't know who we're going to play but we're sure going to play these young kids."

"We have a unique problem this year," he continued. "We have so many kids we don't know where to put them all."

Returning lettermen are Theron Stubbs, a powerful junior guard who may be a potential all-stater this year; Bill Hambright, a senior tackle; junior Spooky Smith a guard; senior half back James Matheny; senior guard Tim Smith; senior tight end Tim Killham, an all-district player last year; senior fullback Terry Todd; sophomore center Frank Todd; junior wingback Bill Skipper; sophomore half back Brock Crockett; sophomore split end Andy Eck; junior split end Bobby Sprinkles; junior quarter back Dudley Reynolds who was an all-district line-backer last year and is expected to repeat the honor this year; and senior Billy Kincannon, who was all-district lineman last year.

Other members of the squad are Kevin McDowell, freshman halfback; Tim Hembree, freshman wingback; David Reid, sophomore tackle; Gregg Mann, freshman tight end; Kevin Bussey, sophomore half back; Bryan Smitherman, freshman tight end; Randall Wynn, freshman quarterback; Don Bode, freshman guard; Scott Stubbs, freshman guard; Mike Lane, senior split end; Davey Smith, sophomore half back; Mark Tate, freshman tackle; Tom Milam, freshman tackle; Steve McAnear, fresh-

man center; Dusty Sanders, senior quarterback; Dale Gibson sophomore tackle; Chris Fontaine, sophomore guard; Lance Stovall, freshman tackle;

Doyle Lee, freshman split end; Robert Swaner, freshman wingback; Albert Stevens, freshman guard; Billy Bybee, sophomore center; Van Boucher, junior center; Tom Cun-

ningham, junior tight end; Eddy Brooks, freshman tight end; Robert Robinson, senior tackle; Kelly Humphries, sophomore halfback; John Jones, soph-

omore fullback; and Darrell Myers, freshman split end. Managers for the Tigers this year are Todd Allison and Allen Patman.

##### FALL FASHION SHOW TO BE HELD:

A free fashion show is scheduled to be held on August 26th at 7:30 p.m. in the Amarillo Theatre Center, Amarillo, Texas. The fashion show will feature fall fabrics by J.P. Stevens and Trevira made in Vogue patterns. New easy construction ideas, notions, accessories, etc. will also be included. The fashion show will be presented by Krestine Corbin, designer, author, and columnist.

##### BUTTONS:

Select the right buttons for a garment to achieve a professional look.

A swatch of the fashion fabric and pattern envelope are important when selecting buttons. If possible, cut a slit in the fabric to get an idea of what the button will look like on the garment. Pattern envelopes list the number and size of buttons needed. Usually smaller sizes are for children's clothes, shirts and blouses, while larger sizes are for coats and jackets.

Also, study the type, color, size, weight and placement of buttons used on similar ready-to-wear designs. For example, adding buttons to the sleeve of a blazer is a finishing touch that some patterns may not suggest.

Consider weight, color and care of the fashion fabric when selecting buttons. Always select a lightweight button for

lightweight fabrics, because a too heavy button will pull the fabric downward. For heavier weight fabrics, choose either a similar heavyweight button or a light button with a heavy appearance.

In my column last week I used the word "zounds". I have always liked that word, liked the way it sort of buzzed off my tongue, expressing, I thought, a sort of sarcastic astonishment. In fact, I was so pleased with it that I kept it rolling around in my mouth for several days afterwards, just in case I might be able to use it.

Then, in the middle of a hot, sleepless night in which rolling "zounds" around in my mouth was better than counting sheep, I sat up quite suddenly and screamed, much to my sleeping husband's dismay, "Good grief, I don't even know what zounds means! It could be something you are supposed to avoid stepping in for all I know! I might have said something really bad right there in the newspaper for everyone to see, including my preacher, who would certainly know a bad word if he saw one."  
"Shut up and turn out the light!" mumbled my sympathetic spouse.

All night long I tossed and turned, worrying if I had disgraced the family name or not. I had visions of walking out in my front yard and having all the neighbors turn their backs on me. I thought that perhaps the church door might be slammed in my face the next Sunday. I even considered how I might make an apology so abject that the most hardened might forgive me.

So it was with trembling fingers that I leafed through the pages of the big dictionary at the office the next morning. Impatiently I found the z's. Frantically I searched through the zou's. Fearfully I began reading the definition, and sure enough zounds turned out to be a curse word.

By this time, I was so afraid of what careless word might spring from my lips, or my typewriter for that matter, that I was in a state close to suspended animation since if I can't talk or write there's not much left for me to do. I decided, just to be safe, I would look up all those little words of exclamation which have been so dear to me. I found the meanings for many of my favorites--"heck", "damn", "gosh", "golly", and "gee". Sure enough, right down the line each and every one of those words meant something I shouldn't be saying. That got me to thinking that maybe the words I had previously thought taboo were more acceptable than those I had been using freely in my daily life.

My search revealed that most of those "dirty" words really were pretty awful. I was in a confused state of mind by this time. Should I continue with my now-foul gollys, risking damnation? Should I go on to the more-foul four letter words since, in a sense, I was damned if I did and damned if I didn't? Then, by sheer accident, my finger stopped at one word I hadn't noticed before, one which would solve all my problems, a word which, when said with enough spirit, can give vent to severe feelings of frustration, can imply disappointment, disgust, or disbelief, and can be spoken without fear of offending even the most puritan folk thereby leaving my language pure as homeade bread.

After second thoughts I really am not sure that I'm up to it. I've tried and tried, but I just can't imagine saying "crap" in front of the preacher, even if it does mean "buckwheat". I get the strange feeling that Webster might have thrown that word into the dictionary for the purpose of getting me into trouble. Oh, shucks! I give up.

When writing, Ernest Hemingway usually existed on crackers, raw green vegetables and peanut butter sandwiches.

Colorwise, consider selecting buttons as close as possible to the predominant color, or use buttons to accent by selecting a contrasting color. Examples of suitable accents include tortoise buttons on gold, rust or orange, or shiny black buttons on bright solid fabrics.

Buttons can also accent a fabric theme such as pearl or rhinestone buttons for evening, star-shaped buttons for nautical looks or wood or leather buttons for rustic, sporty themes. Select washable buttons for washable garments. Read the label for those not washable or not dry cleanable. Buttons should also enhance the garment design. For garments with many buttons, simple styled buttons are best. Select ball or toggle buttons for loop enclosures.

### REMOVING PESTICIDES FROM CLOTHING

Pay careful attention to clothing contaminated by pesticides. Some pesticides can enter the body through the skin. Wash clothes worn while applying pesticides daily, or store them in a plastic bag to await laundering. Do not mix contaminated clothes with other laundry. Normal heavily soiled laundry procedures will remove pesticide from clothing.

Follow this procedure: Use hot wash water, 130-140 degrees F. and normal or full water level. Pre-soak or pre-wash for extra heavily soiled garments. Use the manufacturer's recommended amount of heavy-duty detergent for heavily soiled laundry. Use chlorine bleach to aid in sanitizing and deodorizing if garments are bleachable. Check permanent-care labels for warnings against bleaching. Thoroughly rinse with cold water. If possible, thoroughly dry in an automatic dryer at the regular fabric setting. Remove any leftover pesticide from the washer by running the machine through the complete laundering cycle, using detergent, but no clothes.

### COOL OFF WITH CITRUS BEVERAGES

"Cool down" summer's heat with icy, fresh-citrus beverages, and add extra excitement with "Citrus swizzle sticks." Here are some just-for-fun, and nutrition ideas:  
ORANGE PINWHEEL 'N PINEAPPLE JUICE - Slice oranges crosswise -- to make slices that look like pinwheels. With the pointed end of a wooden skewer, pierce each slice through the peel on to the center of the fruit. Pour up tall glasses of pineapple and orange juice over crushed ice and garnish each with an orange pinwheel.

**FRUIT TRIO 'N LIMEADE** - Start with frosty glasses brimming with limeade, and add a fruit trio for decoration. To make the fruit trio, you'll need a banana chunk, a mint sprig and an orange half-pinwheel. Thread the banana, the mint sprig and the half pinwheel onto a wooden skewer and place this luscious garnish into the limeade.

**ICY TOMATO JUICE 'N LEMON OLIVE** - For a really different summer cooler, mix tomato juice and lime juice -- just a squirt of lime juice will do. Pour over large ice cubes. To decorate, continue your slightly Italian mood with lemon peel and an olive! Your lemon peel will slither up and down the wood skewer, and the olive will perch just under the top of it.

To create this fabulous beverage, start with a lemon zester or a vegetable parer. Peel the lemon in a continuous spiral first. Then, pierce one end of the lemon peel (about an eight-inch strip) to secure it onto the wooden skewer. This will be the top. Next, add the olive -- or a cocktail onion -- and then wind the peel around the skewer. Once that's done, secure the final end of the peel to the skewer. Now you're ready to make up your own fabulous "cool down" summer beverages!

## DOWN MEMORY LANE

From the files of The McLean News

by Sam Haynes

### 10 YEARS AGO

**E.M. BAILEY, Ed.**  
Larry Dean Williams will be among the more than 1,000 students who will receive their degrees at Texas Tech University's summer commencement exercises August 22.

Announcement was made this week by E.M. Stewart of the purchase of the Wheeler Carter Texaco service station.

Mrs. R.O. Cunningham left Monday for Abilene in company with Mrs. Nora Loveland as she returned to Dallas.

### 20 YEARS AGO

**CHARLES CULLIN, Ed.**  
Lee Roy McCracken was recuperating at home today from injuries suffered in a horse-pawing incident Tuesday. McCracken, employed by R O Ranch south of McLean,

was thrown twice by a horse earlier. When he started to take the saddle off the horse, the animal reared up and struck McCracken with his front hoofs. One hoof hit the local resident on the forehead, opening a gash that required 10 inches to close. The other hoof injured McCracken's shoulder.

Billy Walter Evans, son of Walter Evans, east of McLean, has been awarded a degree in geology from the Texas Tech School of Arts and Sciences.

David V. Fultz, minister of the McLean Church of Christ the past three years, has resigned to accept work with the Quanaah Church of Christ.

**30 YEARS AGO**  
**LESTER CAMPBELL, Ed.**  
The home of C.E. Henley on North Main Street suffered an

unestimated loss Monday afternoon when fire of an undetermined origin took it's toll.

Mrs. Edgar Peirce honored her nephew, Ronald Lee Smith, Friday afternoon with a party in his 8th birthday. Ice cream and cake were served to Mollie, Pauline, and Mary Erwin, Johnnie and Jimmie Anders, Betty and Janet King, Retha Collins, and Ronald Lee Smith.

Mr. and Mrs. Ted Glass are vacationing in Colorado this week.

Mrs. E.T. Eustace and daughter Othelia, accompanied by Clara Anderson of Fort Worth, visited in Hereford over the weekend with Mrs. Floyd Walton.

### 40 YEARS AGO

**T.A. LANDERS, Ed.**  
Coach C.E. Christian and family left Wednesday for College Station, where Coach will attend a coaching school. The school offers special training in football, basketball and baseball, track, physical education and intramural sports, also prevention and treatment of injuries. He will also attend a coaching school at Plainview, where two members of his football team, Bond and Windom will play in an all-star game.

Sammie Cubine and son have returned from a trip to New Mexico.

Following the recent rains, crops around McLean have snapped out of the drought and are looking fine.

Mr. and Mrs. Paul Mertel and son and Miss Julia Mertel returned Saturday from a trip to Colorado.

### 50 YEARS AGO

**T.A. LANDERS, Ed.**  
Houston Bogan of Roswell, N.M. attended the funeral of his father, C.E. Bogan, last Thursday.

A good rain fell here Saturday afternoon, followed by rains Sunday and Monday nights, that put a good season in the ground for the completion of the growing crops.

A family reunion of the Christian family was held Sunday at the home of Mr. and Mrs. A.B. Christian. Those present were: Mr. and Mrs. S.B. Christian and son Jim, Mr. and Mrs. Carl Ince, Misses Charlotte and Rosalie Cousins of Amarillo, Mr. and Mrs. J.A. Crockett and children Joyce, Jack, Bettie Joe and J.A. Jr., Mrs. A.A. Christian and son Hansel, Miss Sallie Campbell, Mr. and Mrs. A.B. Christian and children Lavell, Christal, Averal and Larue.

At the regular weekly luncheon of the Lions Club, held at the Bingham Cafe Tuesday, it was decided to fine members for absenting themselves from luncheons, as is practiced in other towns.

**60 YEARS AGO**  
**M.L. MOODY, Ed.**  
W.L. Haynes loaded the first car of watermelons Saturday and Monday, and began load-

ing the second car Thursday. The first car was a good grade of melons, averaging about thirty pounds each. Mr. Haynes paid \$90 per hundred for this carload and says that he is sure the market will hold good throughout the season.

Mr. and Mrs. J.H. Foster, who live three miles south of McLean, enjoyed the homecoming of their eleven children this past week. There were 28 present in all.

Mr. and Mrs. B.E. Glass and little son, Burl Jr., from near Alanreed spent Sunday with the families of T.W. Henry and J.T. Glass.

Dwight Upham, Hansel Christian and Neil Cooper left Tuesday for Tucumcari, N.M. to attend the annual round-up.

**70 YEARS AGO**  
**A.G. RICHARDSON, Ed.**  
C.C. Cooper and Henry Conway shipped out a string of cattle last Saturday to Kansas City. They were accompanied by Mr. Conway.

At the home of County Judge T.M. Wolfe Sunday afternoon, that gentleman officiating,

occurred the marriage of Miss Ella Overton to Homer Crabtree, only a few members of the immediate families being present.

Slavonia says: John Valencik branded about forty head of cattle Monday.

A number of people met

According to the National Population Council, there were only about 5 million people in the whole world in 5,000 B.C.
