Serving McLean and the Area Since 1903

McLEAN, GRAY COUNTY, TEXAS - THURSDAY, OCTOBER 2, 1975

NUMBER 40

DERBY TOWN JUBILEE SIGN AT WEST END OF TOWN. (photo by George Terry)

Derby Town Jubilee Set For Saturday Sponsored By School Athletic Dept.

Musician and fans alike will enjoy a variety of family entertainment this Saturday night, October 4, as people from all over the area gather in the McLean High School Auditorium for another Derby Town Jubilee. The jubilee, a two hour country and western oriented production described as the Grand Ole Opry, Big D Jamboree, and Louisiana Hayride all rolled into one consists of a broad variety of entertainment coming from talent of all ages.

The Derby Town Jubilee, a nonprofit organization itself, usually has a show once every six weeks and is sponsored by various clubs and civic organizations as a fund raising project. Proceeds from Saturday night's show will go to the McLean Athletic Fund.

Enjoying national recognition as well as local the Jubilee has been publicized in two national magazines. The "Country Music Magazine" out of Nashville, Tennessee and the Phillips Petroleum magazine, Philgas have both run feature stories on the display of musical ability.

A few musicians who made the big time and started out with the Derby Town show are Eugene Price from Shamrock who played with Merle Haggard and Buck Owens, Freddy Collins from Memphis, Tony Orlando from Erick, Oklahoma, and Becky Durning from Skellytown who performed with Ray Price and is currently working with David Houston.

Hard work, cooperation and a genuine interest in music and family entertainment, will be the responsibility of entrants. The quilt should have identification attached. Entry fee will be \$1.00. For additional information contact the Extension Office or Mrs. Evart Ford, 1100 Seneca Lane

Gray Co. Teachers Meet In McLean

Three McLean teachers, Mary Lowder, Eleanor Jefferson, and Martha Mears have been selected among fifty in Region XVII to participate in a Career Education Curriculum Writing Workshop to be held for three days. The teachers were selected from recommendations as outstanding people who, because of their training and experience would contribute to the success of the project.

The purpose of the workshop is to write curriculum modules which infuse career education into all subject matter areas and grade levels. Written by 500 teacher participants in workshops being conducted throughout the state, the module will be incorporated into a catalog of learner activities which will be available to all Texas teachers by 1976-77.

The project is sponsored by the Texas Education Agency and ten Education Service Centers in the state.

The local teachers will attend a two day workshop 8:30 a.m. until 4:00 p.m. at the PESO Education Service Center Auditorium and a one day workshop during the spring of 1976.

Each participant will be expected to develop a module based on the subject area he teaches. Ideas from the modules will be combined with ideas gleaned from other sources and integrated into the catalog of learning activities.

The workshop will be conducted by teams composed of the Career Education Coordinator and other staff members of the regional education service center, members of the partners in Career Education staff and consultants from the General Education Division of the Texas Education Agency. Mrs. Lowder teaches the fifth grade; Mrs. Jefferson, physical education, and Mrs. Mears, high school home economics.

Lions To Have Broom Sale

The McLean Lions Club will be sponsoring their annual broom sale next Wednesday and Thursday, October 8 and 9, in the Stubblefield building next door to the McLean Hardware.

Everyone is urged to drop by and support the Lions Club. A door to door sale will be conducted.

Mrs. Elmer Day Funeral Services Held Today

Funeral services for Mrs. Mildred Jane Day, who died Wednesday, Oct. 1 at Leisure Lodge Nursing Home in Pampa where she had been a patient for five months, were held at 3:30 p.m. Thursday, (today) in the First Baptist Church.

Officiating, was Rev. Herman W. Bell, pastor. Burial was in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Born on September 11, 1911 at Pauls Valley, Okla., she moved to McLean from Paducah in 1925. She was married to Elmer Day in Hollis, Okla. in 1931.

She was a member of the First Baptist Church.

She is survived by her husband; one daughter, Mrs. Gayle Stotts of Amarillo; two sons, Lonnie of Lefors and Johnny of McLean; eight grandchildren; two brothers, W. J. Carlisle of Odessa and Harold Carlisle of Mexico.

Oct. 5 - 11 Is Nat'l 4-H Week

4-H boys and girls throughout Texas and the nation will join in a salute to America's Bicentennial celebration during National 4-H Week, Oct. 5-11.

The annual observance, with this year's theme of "4-H--'76... Spirit of Tomorrow," is designed to accent the history, ideals and goals of the 4-H program, points out Dr. Don Stormer, state 4-H and youth leader with the Texas Agricultural Extension Service.

Many county groups are planning special time when 4-H is recognized for its contributions to the growth and development of youth.

The 4-H program is active in all 50 states, the District of Columbia, Puerto Rico, Guam and the Virgin Islands as well as in more than 80 countries. It is administered by the Cooperative Extension Service, and Extension professional play an active role in recruiting, training and assisting volunteer leaders who help with local 4-H activities.

According to Stormer, some 7.2 million youth between the ages of 9 and 19 are currently enrolled in 4-H, with more than 215,000 of these in Texas. More than 21,000 volunteer adult and youth leaders assist with local 4-H programs in the state.

Although the majority of 4-H members still live on farms and in rural communities, 24 per cent now come from larger urban and suburban areas. Well over half the

Tigers To Host Silverton Friday

The Tigers play host to the Silverton Owls this Friday night at home in the first Conference game of the season. The Owls are 0-3 in non-conference play while the Tigers are 2-1. The kickoff will be at 7:30 p.m. and the Tigers would like to have everyone out.

Doll Show-Sale To Be In Amarillo

The Amarillo Doll Association is proud to announce our annual Doll Show and Sale October 17th thru the 19th, at the Amarillo Civic Center. Admission will be charged.

Be sure to register for two door prizes.

All proceeds will be donated to Camp Wig Wam, a summer camp for mentally retarded children.

The Amarillo Doll Association has been awarded an outstanding service award for the 1975 Camp Wigwam. We feel that this award really belongs to the generous people in our Tri-state Area who attended our show and made it possible for us to donate the money.

We have exhibitors from many states with all kind of dolls and related items.

If you plan to enter your dolls in our competitive booth, write or call Elizabeth Rickwartz at 1200 W. 9th, Amarillo, Tex. 79101. Phone 806-374-8015 or bring them to the Amarillo Civic Center October 16th. 9:30 a.m. til 1 00 p.m.

Mr. and Mrs. Jack Butt and girls, Aunna, and Brenda of Clayton, N.M. visited her mother Betty McCurley and other relatives over the weekend.

Visiting Vela Crocoran this week was her brother and his wife, Mr. and Mrs. Guy Brown of Anaheim, California and her son and wife, Mr. and Mrs. Lewis G. Tiner of Dallas.

Texas 4-Hers live on farms or in towns of under 10,000 population.

Texas 4-Hers participate in more than 60 educational project areas, with the most popular being food and nutrition, clothing and textiles, and horses and ponies.

Since its beginning around the turn of the century, 4-H has offered practical learning and citizenship experiences to millions of young people.

nie Cunningham Former Resident Died In McLean

Funeral services for Linnie Cunningham, a former resident, were held at 2 p.m. today at the First Methodist Church. Rev. Herman W. Bell, pastor of the First Methodist Church, officiated.

Mrs. Cunningham, who died Thursday, September 25 at a nursing home in Pampa, was born in Pampa and had moved to McLean in 1971. She was a Methodist.

She was voted resident of the month by the employees and residents of the Silverton Nursing Home in Pampa.

She is survived by two daughters, Mrs. Oleta Mears of Puyallup, Wash., and Mrs. Fleta Little of Brownwood; six sons, Noah and Eddie, of Houston, Orville of Okla., Larry of Okla., Ronald of Lovington, N.M. and Donald of McLean; 16 grandchildren and eight great-grandchildren.

Quilt Fair Slated Oct. 11-12

If you haven't entered the Quilt Fair, you need to do so. The fair is scheduled for October 11 and 12 to be held at the Starlight Room at the Coronado Inn. All quilts due by 5:30 p.m. October 11. There are four categories in which to enter. One is bound to fit your needs.

Quilts judged on originality, creativity of design and top may be made by machine or hand.

Quilts using a historical or bicentennial motif may be made by machine and quilted by someone else.

Quilts made entirely by machine and judged on quilting skills. A quilt that is a family heirloom, antique, auction or garage sale find - a beautiful old quilt, a kit quilt or stamped quilt or a quilt made of discarded quilts will be eligible. Entrants will be responsible for setting up their own displays.

Tables and chairs will be available. Sale of quilts desired, will be the responsibility of entrants. The quilt should have identification attached. Entry fee will be \$1.00.

For additional information contact the Extension Office or Mrs. Evart Ford, 1100 Seneca Lane. YOU NEED TO SALE THE CLASSIFIEDS!

SLOW COOKING gives stew beef the taste of stroganoff and a "can't wait to eat" aroma. Served in a noodle ring with a molded carrot salad, Beef Blanquette provides a hearty summer meal. Texas Department of Agriculture home economists suggest a light dessert of cold sliced peaches. (Photo from National Livestock and Meat Board)

BEEF BLANQUETTE

- | | |
|--|--|
| 1½ lb. boneless beef for stew,
cut in 1-inch pieces | 1 package (16 ounces) fine noodles,
cooked and well drained |
| ¼ c. flour | 3 T. melted butter or margarine |
| 2 tsp. salt | 1 can (4½ ounces) whole mushrooms,
drained |
| 1/8 tsp. pepper | ¼ c. sliced stuffed olives |
| 3 T. lard or drippings | 1 c. dairy sour cream |
| 1 bay leaf | |
| ¼ tsp. nutmeg | |
| 12 small whole onions | |
| ½ c. water | |

Combine flour, salt and pepper. Dredge meat in seasoned flour. Brown in lard or drippings. Pour off drippings. Add bay leaf, nutmeg, onions and water. Cover tightly and cook slowly 2½ hours or until meat is tender. Combine noodles and melted butter or margarine. Pack in a greased 1½-quart ring mold. Place in a slow oven. (300°F.) 10 to 15 minutes. Discard bay leaf from beef mixture. Fold in mushrooms, olives and sour cream. Cook just until heated through. Unmold noodle ring. Garnish with parsley and fill center of ring with meat mixture. 6 servings.

For additional beef recipes, write the Texas Department of Agriculture, John C. White, Commissioner, P.O. Box 12847, Austin, Tex. 78711.

CANCER Answerline

American Cancer Society

A young woman writes: "I
am confused by the different
names for breast cancer
surgery. What does 'radical'
or 'simple' mean?"

ANSWERline: The operation
which removes breast tissue,
a mastectomy, can be con-
sidered "simple" when just
the breast is removed and
"radical" when the breast
and underlying muscles and
nearby lymph nodes that
drain the breast are removed.
There are other variations of
the operation which your
physician can describe.

A reader insists: "Something
happens to a woman's arm
after a mastectomy, doesn't
it? Losing a breast is bad
enough, but who needs that
as well!"

ANSWERline: It's true that
"something" (difficulty in
arm movement) does happen
to some women's arms be-
cause of tissue removed
during some types of mas-
tectomy. But, the happy
news is that proper rehabi-
litative exercises can restore
the affected arm to mobility
and comfort. The right exer-
cise pays off!

A young homemaker explains:
"My grandmother had a mas-
tectomy many years ago.
Today, it seems to me they
are still doing the same type
of operation. Hasn't anything
else but surgery been dis-
covered in all this time?"

ANSWERline: Surgery re-
mains the main form of breast
cancer treatment because it
is still the best. But, it is
not the only means of treat-
ing breast cancer. Today's
physician uses a "team"
approach in evaluating each
patient and the medical pro-
fession can call upon
radiation, hormones, drugs,
and surgery to control this
disease.

Question: "Isn't there a
program to help women look
all right after breast
surgery?"

ANSWERline: Yes. It is the
Reach to Recovery program
of the American Cancer

pitalized in the Pampa
Hospital this week.

Ella Phillips, a former
resident was to undergo
surgery in a Pampa Hos-
pital this week.

There is no specific crimi-
nal offense covering inter-
ference with or resisting
service of civil process. Civil
process may be served
aboard domestic and foreign
merchant vessels but not
naval vessels.

Trustees of a state hospi-
tal patient benefit fund may
use certificates of deposit as
collateral for a loan where
proceeds of the loan are used
for purposes for which
money in the fund may be
legally expended.

Society and it is designed to
help a patient look her best
and feel as much of a woman
as ever. Contact your local
ACS office for additional
information.

Mrs. H.L. writes: "I suppose
that I shouldn't complain
because I had a mastectomy
four years ago, and my health
is fine. Nonetheless, I
wonder if a woman can ever
get used to having had this
operation?"

ANSWERline: There are
thousands and thousands of
American women busy en-
joying life and unless they
chose to mention it, it would
be impossible to tell that
they have had breast surgery.
There are women like our
First Lady, Mrs. Betty Ford,
who are certainly as at-
tractive as ever. Since so
many women are able to
continue in their jobs, marry,
or keep on being important to
their men and families, it
would seem they have dis-
covered that mastectomy
isn't important when com-
pared with life itself.

Question: "I am so confused
by the different types of
breast surgery that I wouldn't
know what to do if I dis-
covered that I had breast
cancer. How could I decide
what is best?"

ANSWERline: There is a
great deal of discussion
about breast cancer treatment
but one thing is clear--it must
be treated. Breast cancer
just doesn't go away. Recom-
mendations for the treatment
of breast cancer should be
made by the physician on an
individual basis only after
careful evaluation and diag-
nosis. The patient and
selected members of the
family should be thoroughly
advised by the physician
about the proposed surgery
and its rationale.

Mr. and Mrs. H. Milton
Billingsley of Amarillo
attended funeral for Mrs.
Cunningham.

Mr. and Mrs. Mike
Martin of Higgins proudly
announce the arrival of
their new daughter born
Saturday, September 20,
weighing 5 pound 4 1/2
ounces. She has one sis-
ter, Brandy Ann.

Her grandparents are
Mr. and Mrs. Billy J.
Martin of Iowa Park and
Mr. and Mrs. Odis S.
Calcote of McLean.

Seven Great Principles

Notice these seven great principles which are
taught by the Word of God and are much need-
ed in the world today.

RESPECT FOR GOD'S LAW. "If you keep my
commandments, ye shall abide in my love even
to the end, and I will have kept my Father's commandments, and
I will abide in His love" (John 15:10).

RESPECT FOR PARENTS. "Children, obey
the Lord: for this is right. Honor
your father and mother (which is the first com-
mandment with promise), that it may be well with
you, and thou mayest live long on the earth"
(Eph. 6:1-3).

RESPECT FOR LIFE. "Thou shalt not kill"
(Ex. 20:13); "Whosoever hateth his brother is a
murderer: and ye know that no murderer hath
eternal life abiding in him" (1 John 3:15).

RESPECT FOR DIVINE AUTHORITY. "All auth-
ority hath been given unto me in heaven and in
earth," said Jesus. (Matt. 28:18)

RESPECT FOR THE LAWS OF THE LAND.
"Every soul shall be in subjection to the higher
powers: for there is no power but of God; the powers
that be are ordained of God. Whosoever therefore
resisteth the power, resisteth the ordinance of
God: and they that resist shall receive to them-
selves damnation" (Rom. 13:1-2).

RESPECT FOR PROPERTY. "Thou shalt not
steal" (Ex. 20:15). "Let him that stole steal no
more: but rather let him labour, working with
his hands the thing which is good, that he may
be able to give to him that needeth" (Eph. 4:28).

**RESPECT FOR HUMAN DECENCIES AND THE
RIGHTS OF OTHERS.** "For, brethren, ye have been
called into liberty; only use not liberty for an
occasion to the flesh, but by love serve one an-
other. For all the law is fulfilled in one word,
even in this, Thou shalt love thy neighbor as thy-
self" (Gal. 5:13-14).

Think what this world would be like if these
principles, divinely given, were adhered to by all.
How think how many more souls would be in
heaven if these principles were followed by

MEMORY LANE From Tiger Post

By Carolyn Bailey
1934.

The senior class met Thursday to select their class rings and to order them.

The Shamrock Irishmen were victorious with a 6-0 score when they battled the Tigers on Tiger Field before a crowd of approximately 3,000.

1935

The Tigers defeated Mobeetie in their first conference game of the season with a score of 58-6.

The next game on the Tiger schedule is with Memphis on their home field.

1944

The fighting Tigers went down in defeat once more Friday night under the heel of the Panhandle Panthers with a score of 13-0.

The McLean Tiger Band made its roaring debut at the football game with Panhandle last Friday night. The band, which is under the direction of Mr. Child, impressed everyone with its brilliant marching and playing.

1945

With the full game being played in torrents of rain and mud, the McLean Tigers shellacked the Lakeview Eagles 19-0 last Friday night.

8th Grade Class Officers Elected

Last Tuesday the 8th grade class elected class officers for the 1975-76 school year. They are as follows: president Mike Smith, vice president Ann Skipper, secretary Joy Rhine, treasurer Judy Trew, reporter Brad Melton. The class also elected the Halloween Prince and Princess. They are Mike Smith and Judy Trew.

M. H. S. Has New Student

By Maridale Glass

The school has another new student here at McLean High. His name is Wallace Glenn Brooks, and he is the son of Mr. and Mrs. Ray Brooks. They are formerly of Amarillo. Mr. Brooks is a plumber.

He likes McLean and says it is a very small peaceful town. His hobby is motorcycle riding. If you see Wallace, try to make him feel welcome to McLean.

New Student

By Peggy Van Huss

Another of our new students is Kenneth Parker. He is living with his grandparents, Mr. and Mrs. V. E. Lowe. Ken is a junior this year and his hobbies are horse back riding and riving. Ken moved here from Borger. When asked if he liked living in McLean he answered yes.

MARSHALL HAINES

New Student At M. H. S.

By Carolyn Bailey

One of our new students here at McLean High this year is Marshall Haines. He is 17 years old and a junior. He has two sisters and his father is a truck-driver. His hobby is rodeo.

6th Grade Class Elects Officers

The 6th grade class elected officers this week. They are president-Bick Terri Glass, secretary-Donna McAnear, secretary-Donna McAnear, treasurer Missy Billingsley, reporter Susie Billingsley.

The class also elected a price and princess to take part in the Halloween Carnival. They are Donna McAnear and Bick Horn.

Mrs. Ray Brown of Pampa spent the weekend in the home of Mr. and Mrs. Oba Kunkel.

band members were selling lightbulbs for their spring trip.

Roving Reporter...

This is your Roving Reporter writing from MHS. where I've been on special assignment. Since last week, ready to give you readers a special update on the results of Thursday and Friday six-weeks tests. I can sum it up in one word. Wildhysteria-nervousulcerattackitis!

This peculiar disease hit almost every student AT MHS, right before the first exam Thursday the 25th day of September. Its symptoms are easily recognized, cold chills, the shakes, sudden mind blandness, the urge to run an inclination to cheat, the fear of the letter F and the I wish I'd studied longer syndrome. This disease is a potential nerve racker and can attack any student at any given time, usually right before six-weeks tests.

I'm happy to say all the students who were struck by this dreaded disease are recovered or on the road to recovery.

This is your Roving Reporter, Cherrie Billingsley, in McLean, Texas, saying good-day.

Margie Boge Is New Student

By Gina Layne

A new addition to McLean High School this year is 15 year old Margie Boge from Brandon, Miss. Margie, the daughter of Dick and Barbara Bode, has lived in California, Oklahoma, Miss., and now Texas. She is living in Alanreed where her two younger brothers attend school. Margie's father works for Panhandle Insurance Company of Amarillo. Margie enjoys horseback riding, rock music and drawing.

Cadette Troop 217 Meet Monday

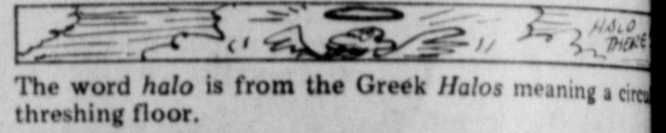

By Troop 217

September 29 cadette scouts met in the seniors building.

Their plans are for the month of October are: Oct. 6- Macrama; Oct. 13- Macrama Oct. 20, hike and wennie roast; Oct. 27 student language.

Anyone who is in the 6th grades who are interested in cadettes can be at the meeting Monday afternoon at 4:30 p.m. at the seniors building downtown.

Cadettes are expecting exciting year.

The word halo is from the Greek Halos meaning a circular threshing floor.

IMPERIAL
 The spinning cone gives a beautiful efficient fire at 100% efficiency. Has almost 100% combustion and self-cleaning. Its glass box radiates more heat than any other fireplace in 10 porcelain matte black finish.

Mr. and Mrs. Oba Kunkel attended a reception honoring Mr. and Mrs. Claude Shaffer on their fiftieth wedding anniversary at their home in Groom.

Rodeo Club Have Meeting

The MHS Rodeo Club met Monday night, Sept. 29 to discuss many upcoming events.

The annual MHS Rodeo was discussed also money making projects were planned.

Members present were president-Greg Tollison, vice president-Todd Darsey, secretary-Delinda Howard, Treasurer Cherrie Billingsley, Van Horn, Greg Henley, Mike Harkins, Tom Eck, David Tolleson, Carter Trew, Timmy Johnston, Marshall Hanes, Scott Haynes, and Randy Stewart. Our sponsors are Mrs. and Mrs. Carlee Henley, Mr.

Chili Supper To Be Held Friday

By Beth Hambricht
The McLean Band Boosters are sponsoring a Chili supper Friday beginning at 5 p.m.

in the school cafeteria. The tickets can be purchased from any band member.

The band Boosters are also sponsoring a pie sale after the game Friday also in the cafeteria.

J. F. Howard, Mr. Carrol Tolleson, and Mr. Martin, were present to help us out.

Another meeting was scheduled for this coming Monday, October 6. by Cherrie Billingsley and Delinda Howard

Students Take Six-weeks Exams

Last week the students of MHS participated in one of the oldest traditions in school, six weeks test. This may come as a shock to the parents. Maybe not. One might have seen the students practicing the "A" students tricks, neck stretching, and the old reflector off the glasses trick. There were some students who really did study, (study what's that) and these students can be picked out Wednesday. That's right, yesterday was report card day (Day). I am sure that all the parents have seen these cards cost twenty-five cents each, so no alteration, please!

There's a word for the fear of the number thirteen. It's triskaidekaphobia, from the Greek, of course.

Mrs. John Barr of Wheeler and her son, Johnnie of Fort Worth visited with Mrs. J. A. Wheeler and Dick.

Mr. and Mrs. Melvin, Abel of Erick visited in the home of Mr. and Mrs. Oba Kunkel Sunday afternoon.

Mr. and Mrs. Charlie Walker from Hollis, Okla. visited their cousin, Sallie McAlister on Monday.

Young At Heart Have Meeting

The Young At Heart Club met Saturday, Sept. Refreshments were furnished by Enloe Crisp, Enloe and Nora Crisp. Everyone enjoyed the evening but missed Pete Rice, who is in the V.A. Hospital in Amarillo.

The club will be on Saturday night the 4th. Some plan to go to the jubilee. The club reporter Mrs. Luther Petty was absent and everyone missed her.

The McLean Lions Club will be sponsoring their annual broom sale next Wednesday and Thursday, Oct. 8 and 9 in the Stubblefield building next door to the McLean Hardware.

Everyone interested is urged to drop by and support the Lions Club. A door to door canvass will also be conducted.

Chevette.

Chevrolet's new kind of American car.

Chevette

40 MPG HIGHWAY
28 MPG CITY
EPA RATING

That's with the standard 1.4-litre engine and 4-speed manual transmission. The mileage you get, of course, will be strongly influenced by how and where you drive.

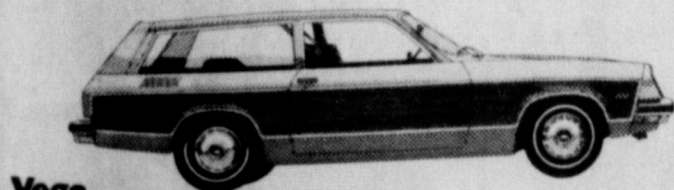

- Chevette is international in design and heritage, incorporating engineering concepts proved around the world.
- Its wheelbase is about the same as a VW Rabbit's.
- It has more front-seat head room than a Datsun B-210, more front-seat leg room than a Toyota Corolla.
- Its turning circle is one of the shortest in the world.

- It can carry cargo up to four feet wide.
- It is well insulated against noise.
- It is protected by 17 anti-corrosion methods.
- It is basically a metric car.
- It comes with a clear, simple self-service booklet.
- It has a standard 1.4-litre engine. A 1.6-litre engine is available (except Scooter).

Prices start at \$2899

- 2-seat Scooter (not shown) . \$2899
 - Chevette Coupe (shown) . \$3098
 - The Sport (not shown) . . . \$3175
 - The Rally (not shown) . . . \$3349
 - The Woody (not shown) . \$3404
- Manufacturer's Suggested Retail Prices including dealer new vehicle preparation charge, Destination charge, available equipment, state and local taxes are additional.

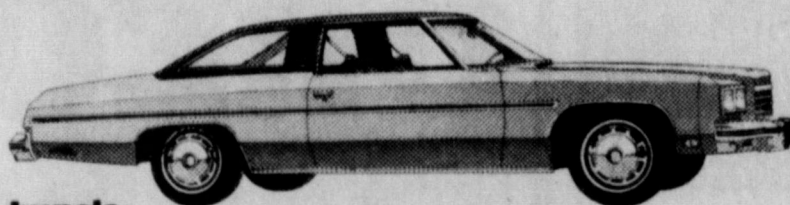

Other Chevrolet values for 1976.

Vega

Built to take it. Vega for 1976: An extensive anti-corrosion program. New hydraulic valve lifters, for quieter engine

performance. A new torque-arm rear suspension. And Vega offers a tough Dura-Built 140-cu.-in. 4-cyl. engine guarantee.

Impala

One of America's most popular full-size cars. That's the result of giving America good value for the dollar. This year, the Impala series

includes the new value of the thrifty Impala S—Chevrolet's lowest priced full-size car.

Nova/Concours

America's favorite compact car. Our basic compact, '76 Nova, makes even more sense than the 3 million Novas that preceded it. And

Concours, the brand-new model featured here, is our highly practical approach to compact luxury.

Chevelle

Enough car for practically anything. It offers room for six at a sensible price. This year, more than ever, its deft blending of mid-size

economies, plus room for the average family, makes Chevelle a size whose time has come.

There's much more to see at your Chevy dealer's. Caprice, Monza, Monte Carlo, Camaro, Corvette, Chevrolet wagons—something for everyone in 1976.

Chevrolet Come in Oct. 2.

STATE CAPITAL
Highlights
 AND *Sidelights*
 by Lyndell Williams
 TEXAS PRESS ASSOCIATION

AUSTIN — Two hundred and fifty Texas liberals met here recently to talk 1976 presidential political strategy and threatened to challenge the new presidential primary bill.

The group, led by Democratic National Committeewoman Billie Carr, said winner-take-all provisions of the primary law — designed to help presidential aspirations of U. S. Sen. Lloyd Bentsen — may tend to deprive minorities of delegate strength.

Ms. Carr indicated the primary act would be challenged under the Federal Voting Rights Act, designed to protect minorities.

Liberals, determined to make things tough for Bentsen and Alabama Gov. George Wallace in the 1976 primary, remained undecided what course of action to follow.

They will meet again October 25 and November 22.

Ms. Carr urges filing of uncommitted delegate slates for national nominating convention seats from all 31 senatorial districts.

Others prefer lining up behind one of the serious liberal presidential contenders, and still others want to file delegates for a "favorite person" like former U. S. Sen. Ralph Yarborough or Ms. Carr.

Meanwhile, the liberals heard sales talks from representatives of six potential presidential candidates.

Trial Postponed

Impeachment trial of District Judge O. P. Carrillo by the Senate has been postponed until October 6 — perhaps later.

The trial had been scheduled to resume Sept. 29, but Carrillo's trial in Corpus Christi on income tax charges lasted longer than expected.

Lt. Gov. Bill Hobby said he consulted with attorneys for all parties and the Senate's legal counsel and concluded that the "wisest course of action" is to put off the impeachment hearing for at least another week.

Appointments

Sidney E. McKinney of Abilene has been named to the Industrial Accident Board by Gov. Dolph Briscoe.

Briscoe also selected these members for the Motor Vehicle Commission: Robert Lee Ragsdale of Austin, John N. Cleveland of San Angelo and James M. Carnes of San Antonio.

The Governor reappointed to the Texas Judicial Council Dr. Abner V. McCall of Waco, W. St. John Garwood of Austin and Hugh M. Patterson of Houston. He appointed to the Texas Historical Commission Katharyn Duff of Abilene, Joe J. Fisher of Beaumont and Mrs. Mary Moody Northern of Galveston (reappointment).

George F. Dillman of Richardson was re-elected Texas Tourist Development Board chairman.

George Works, Wichita Falls newspaperman, was appointed House Speaker Bill Clayton's press secretary.

The state's \$4.8 billion tourist industry rushed toward new records in spite of inflation during the first eight months of 1975.

Response to travel advertising rose 80 per cent January-August, and attendance at tourist attractions climbed five per cent.

Courts Speak

Texas Court of Criminal Appeals reversed conviction of three for the murder of a Houston service station attendant because their statements to police incriminated each other.

The same Court affirmed the life sentence of a Lewisville former airline pilot for killing an aged woman cousin from whom he was due to inherit \$400,000 worth of land.

Galvestonian Shearn Moody Jr. lost an appeal to the State Supreme Court to get back money from a trust fund he signed over to an insurance firm.

A longer sentence cannot be given on retrial than on initial trial even where the second is probated, the Court of Criminal Appeals held in throwing out a five-year probated sentence of a Terry County man retried on check fraud charges.

The Supreme Court said a life insurance firm cannot deny benefits due to misrepresentation after it has required a physical examination.

partment won't monitor the November 4 Texas constitutional revision election under terms of an agreement between state and federal officials.

The Federal Voting Rights Act extension makes all Texas elections, election law changes and redistricting matters bearing on voting rights subject to federal supervision.

Texas has sought unsuccessfully to delay implementation of the law, but the November vote will escape supervision.

In exchange for the exemption, the state will distribute more than 100,000 Spanish-language copies of the proposed new Texas constitution at supermarkets, courthouses, libraries, churches and meeting places of Spanish-speaking organizations.

Spanish copies of the revision document were to be widely distributed in Spanish-speaking areas anyway, under original state plans.

The state apparently will press its appeal of a federal district court decision that Census Bureau officials didn't have to hold a hearing on validity of their determinations that Texas falls under the Voting Rights Act by virtue of low participation in the 1972 presidential election.

AG Opinions

A county judge can spend county funds to hire as his secretary a county commissioner's daughter, Atty. Gen. John Hill stated in a recent opinion.

In other opinions, Hill concluded:

Neither a legislator nor his firm may contract with the state or a county on projects authorized or funded by the current legislature.

A mayor can't serve as a county political party chairman.

The director of a public health district may receive compensation in addition to his regular salary for performance of an authorized autopsy.

It is improper and illegal for a sheriff or constable to send eviction notices when notations would make them appear official acts of a court or an officer of the state.

A county treasurer can destroy cancelled bonds, bond coupons and county warrants without necessity of duplicating them after the county auditor has had time to audit them.

Deer With A Bow

By J. D. Peer
 I&E Field Officer

A few bowhunters have already bagged their deer since the Texas archery season opened Oct. 1.

You still have time to try your luck with a long-bow as the season continues through Oct. 16 in the Panhandle and Oct. 31 in the Permian Basin.

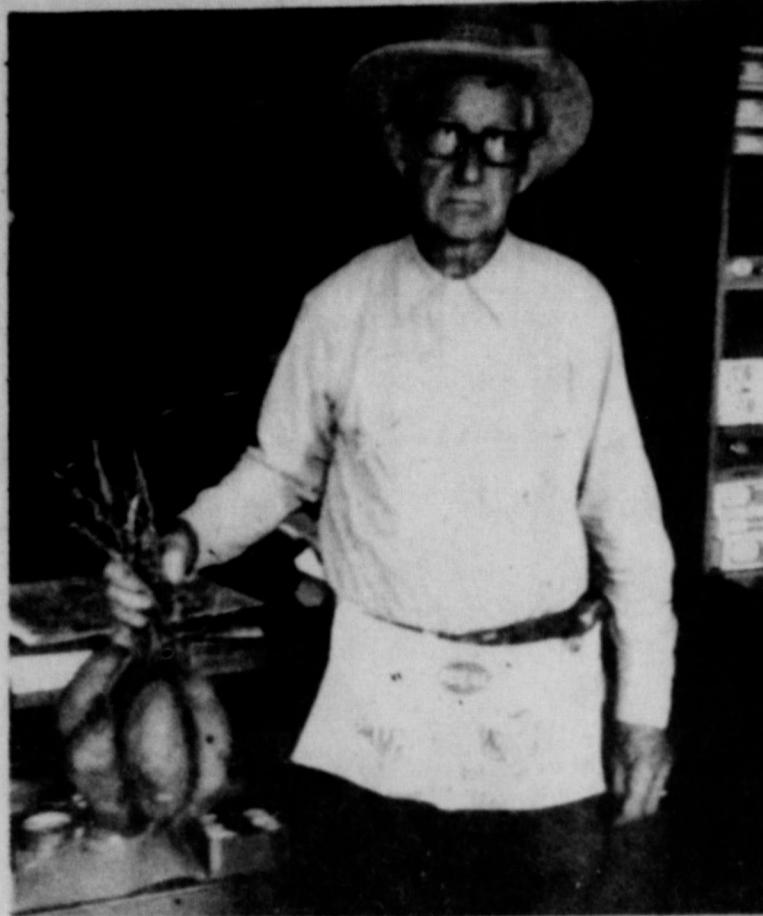

A special archery stamp is required of all bowhunters along with a Texas hunting license if you are between the ages of 17 and 65, hunting out of your country of residence or are a nonresident. This special permit is good for persons hunting wild deer, bear, turkey and javelina during any open archery season in which only long bows and arrows may be used. The permit must be signed by the person using the \$3.25 stamp.

The taking of game animals and birds during regular seasons requires the bowhunter to use a bow capable of shooting a hunting arrow equipped with a broadhead hunting point for a distance of 130 yards.

The broadhead hunting point must be at least seven - eights inches in width and not more than one and one-half inches (1 1/2") in width, and the arrows must be marked with the name and address of the user in some non-water soluble medium. These arrows may not be poisoned, drugged or explosive.

Crossbows are not legal for taking game animals and birds at any time in regulatory counties or during archery-only seasons in other counties.

A bowhunting survey

MR. A. E. CARPENTER, who resides east of McLean brought in a sweet potato Tuesday that he had grown on his place. Although we did not weigh it you could tell by looking at it that it would weigh several pounds. On Wednesday Mr. T. G. Richerson brought in a sweet potato that was near the same size as Mr. Carpenter's.

completed the close of the 1975 hunting season by the Texas Parks & Wildlife Department furnished some interesting facts.

It was found that approximately 44,500 bowhunters in the state hunted not only deer, but also small game, birds, varmints and fish. An estimated 24,400 people hunting only deer with a bow and arrow in Texas during the 1974 hunting season succeeded in harvesting some 4,000 deer, a success ratio of 13 percent.

Each deer bowhunter spent an average of 7 1/4 days afield and deer harvested by these bowhunters were comprised of

60 percent bucks and 40 percent does.

The survey, therefore,

DR. JACK L. ROSE
 OPTOMETRIST

121 Main Shamrock
 Phone 256-3203

WHEAT PASTURE PROSPECT

Chances for fair wheat pasture are improving. You are beginning to see wheat emerge. This is a little surprising. Not everyone received enough moisture with the last rain to get wheat up.

Many irrigation farmers have been running wells for three weeks on wheat ground. Due to hail damage at harvest the fact our summer rains were so soft and light volunteer is coming up again for the second and third time behind irrigation. Many irrigation farmers plan to leave the volunteer wheat now emerging. Last year Bill Skaggs who farms five miles east of Pampa left his volunteer wheat on irrigated ground. He made fifty bu. per acre. If left too thick it takes more water and an ample supply of fertilizer is required.

A good rain within a week would sure change the picture fast. In spite of the continued dry weather over a wide area of the wheat pasture belt cattle prices are still holding well.

SOIL DIST. ELECTION

An election of a soil district director is scheduled for Monday, Oct. 6th in the Casper Smith Building and will be held immediately at 7:30 p.m. after the Lions Club meeting. All land owners in the McLean Sub-Division of the Gray County Soil and Water Conservation District are invited to attend and vote.

Jim Allison is a nominee to succeed Tony Smitherman, who has elected not to be a candidate again.

RAIRIE DOG POISON

H. B. Taylor of United Feed Pampa, now has a liquid gas product that will do an excellent job on your rairie dogs.

A pint per den should do a good job. United Feed is located just S. E. of the Wheeler Grain elevator in Pampa. It might be a good idea to bring a 5 gal. container. I would also want to

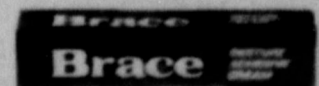

put it in the back end of a pickup rather than in your car. Make sure you have good lids.

New Brace®

A weekly public service feature from the Texas Department of Health Resources

Accent on Health

F.L. DUFF, M.D., Director

Early detection of disease or a physical problem often can be the difference between a bright future or one filled with continuing medical problems.

Texas youngsters--more than 376,000 of them to date--have a better chance of good health through special medical and dental programs carried out by the Texas Department of Health Resources.

Preventive health services are being given Texas children through an agreement between the State Health Department and Department of Public Welfare. Those eligible for medical screening and dental diagnosis and treatment services are those youngsters on the Welfare Department's aid for dependent children rolls.

It is anticipated that the early detection and treatment of disease in children served by this program will have a significant impact on their lives now and in the future.

The program--called the Texas Medical Assistance Program--is designed to create awareness of existing health care services, to stimulate the use of these services, and to make services available so that children can receive medical and dental care before health problems become chronic and permanent damage occurs.

The dental program concept is to provide eligible children a certain level of dental care through utilization of services of private dentists in the state. The more than 170,000 children participating in this program have received examinations, preventive care, remedial and emergency dentistry where necessary. A definite freedom of choice on the part of both the recipient and dentist is strictly maintained. The Department of Public Welfare is responsible for identifying eligible children, obtaining and seeing that dental appointment are kept, and providing local administrative services to the program. The Health Department monitors the Statewide program, provides a list of participating dentists for each county, issues and processes dental invoices, and maintains statistical data.

The program is charged with giving early and periodic screening, diagnosis and treatment of eligible children below age of 21.

Medical screening, performed by medical screening teams, is conducted in

a different manner under different operational procedures.

Teams may be located in a regular Health Department clinic, or they may take a mobile clinic into any locality and set it up in such a

in such facilities as a school or church.

A medical screening team consists of a physician nurse, licensed vocational nurse, clinical attendant, laboratory technician and clerk. A child's medical history is obtained and physical inspection is performed. If physical defects are observed, the child may be referred to a private physician of the parent's choice for diagnosis and treatment.

In the more than 206,000 youngsters screened thus far

many physical defects have been found and referred to private physicians for treatment. The most common reasons for referrals are abnormal blood, visual defects, hearing defects, skin problems, muscle and bone problems, cardiovascular problems and physical development problems.

The medical screening teams have operated in almost all of the state's 254 counties, and there's a big job still to be done in reach-

ing the eligible children in Texas.

Medical screening covers a health and development history of the child; a brief family history to check for

such conditions as diabetes.

Through this program, a strong impact is expected on the present and future health of thousands of young welfare children in Texas.

PUBLIC NOTICE

TEXAS STATE SOIL AND WATER CONSERVATION BOARD

First National Bank Pampa, Texas
DUE NOTICE OF ELECTION
NOTICE OF ELECTION
OF DIRECTOR WITHIN SUB-DIVISION NO. TWO OF THE GRAY COUNTY SOIL AND WATER CONSERVATION DISTRICT NO. 125

In accordance with the provisions of the State Soil Conservation Law, Acts of the 47th Legislature, regular session, qualified voters of said subdivision will assemble at Lions Club Meeting Hall, McLean Texas at 7:15 P.M. on the 6th day of October, 1975, then and there to elect one of the qualified voters owning land within said subdivision to serve as a member of the Board of District Directors.

CARD OF THANKS

"Thank You" is such a small expression of the gratitude each of us feel to so many for so much. To the many friends of Linnie Cunningham, and her family, from out of town as well as those here at home, for the many kindnesses they have shown over the years - to the present, Thank You!

To the ladies who prepared and brought food, both to the house and to the Methodist Church. It was delicious - Thank You!

To those who sent all the beautiful flowers, thank You!

To the ladies who served at the church and made us feel so welcome - and to those that were there - if we needed them - Thank You!

To those who had a special part in the service, Rev. Herman Bell, Joyce Haynes, Ida Hess, S. A. Cousins, Johnny M. Haynes, John B. Rice, Sam A. Haynes, Karen Matthews and John Conlon. You did your parts beautifully. Thank You! To Creed, Wanda and Denise Lamb who would not accept the minutest detail, unless it was perfect. Thank You!

All of you together made us feel we'd come home. You changed this burden of sorrow into an excellent tribute to the life of Linnie Cunningham. You helped us realize what made us love and respect this lady. Even at the grave she presented possibly the strongest challenge to all of us than at any time in her life.

To the God that watches, guides and protects all of you and us. Thank You.

The Family of Linnie Cunningham

Use Hypnosis With Caution

Does hypnosis have a place in medical care? Yes, but with sharp reservations, says the Texas Medical Association. The most common medical use of hypnosis is as an anesthetic. Patients have been hypnotized for childbirth, for dental surgery and during the setting of a fracture. It has been used to ease anxiety and to relieve headaches. Obese patients have lost weight from hypnotic suggestion and smokers have cut down or quit.

However, it is important to know that dangerous complications can result from the indiscriminate use of hypnosis. It should be used only by qualified professionals and on carefully screened patients. Most doctors strongly object to the use of hypnosis for entertainment purposes, because of severe effects that sometime follow.

One big problem in hypnotic treatment is that it sometimes treats the symptoms without getting at the cause. One woman went to a hypnotist because she was a chain smoker. She stopped smoking, but

A. C. Mid Term Registration Set

Mid-term registration for full-time students will begin at 8 a.m. Oct. 6 at the Amarillo College West Campus School of Vocational Arts.

Students may enroll in five different trade areas which are air conditioning/refrigeration, automotive mechanics, commercial electronic, diesel mechanics and welding.

SVA course enrollment rose 53 per cent this fall. Superior facilities, faculty and administrations, as well as recruitment by SVA personnel and former students who have helped by word-of-mouth, account for this increase.

Students satisfactorily completing the 18-month programs will receive both the associate in applied science degree and certificate of completion.

More information may be obtained from Dean Neal at the West campus 6222 W. 9th.

became a compulsive eater and gained 40 pounds. Another hypnotist cured the over-eating problem, but the woman became an alcoholic. Finally she was treated psychiatrically.

Hypnosis has been tried in sports in an effort to improve performance. It didn't work. Abig league baseball team once engaged a hypnotist to pep up the spirits of the team. They finished in seventh place.

About one-fourth of the population can be deeply hypnotized in a relatively short time period. Most people can be hypnotized to some degree. It's relatively easy to learn hypnosis, but it can be dangerous.

Hypnosis is not a toy. Unwise use may seriously affect an individual's physical and emotional health.

AGONIZING PAIN FROM INGROWN TOENAIL?

Get Outgro' for fast relief

Why suffer the agony of ingrown toenail pain when Outgro' can give you fast, temporary relief? Outgro' toughens irritated skin, eases inflammation, reduces swelling without affecting the shape, growth or position of the nail. Outgro' gives you fast pain relief, and makes it easier to cut out the nail - cut out the pain caused by ingrown toenail. Stop ingrown nail pain fast with Outgro'.

Market Report

Economy grocery buys across Texas this week depend on vegetable selections one observer says.

Good choices, pricewise,

are soft-shell squash, cucumbers, corn and carrots-- along with bell peppers, cabbage, collards and mustard greens.

Fruit choices include Thompson seedless grapes,

prunes, bananas and orange as well as cantaloupes, plums, peaches and apples," Mrs. Gwendolyn Clyatt said.

Mrs. Clyatt is consumer marketing information specialist with the Texas Extension Service, The Texas A&M University System.

Meat and poultry products are stable - to higher in price.

Features at most beef counters are centering on chuck roasts and steaks, arm and blade pot roasts and steaks, round steaks, ground beef, some of the popular steak cuts, beef and calf liver.

Pork prices are high with no signs of lowering during the fall, the specialist said, citing Boston butt roasts, quarter-loin cut into chops, semi-boneless ham and liver as best values.

With poultry prices also higher, due mainly to greater demand, careful comparison shopping is most important-- giving special attention to whole fryers, mixed parts and frozen turkeys.

Eggs are a bit higher, too, but small-size eggs are in greater supply, so look for specials on them.

Also, some markets are featuring lamb, especially shoulder cuts and leg of lamb.

Consumer Watchwords: Potato prices may swing upward later in the fall due to partial crop damage from adverse weather in some potato production area.

Parks Set 14-Day Camping Limit

Increasing popularity of fall and winter camping in state parks has led the Texas Parks and Wildlife Commission to decree a fairer apportionment of occupancy time. At its August 29 meeting the commission adopted a new regulation making the summer occupancy limit of 14 days applicable year-round.

In order to insure more equitable use of the parks, the TP&W Commission now rules that campers must vacate overnight facilities after 14 days for at least a minimum weekend period before being able to return providing all facilities are occupied and an incoming visitor requires a facility.

Until now the 14-day limit has applied from May 1 to September 15, with a flexible 28-day limit during the rest of the year, depending on demand.

State parks have been experiencing a significant increase in trailers and other camper vehicles, many people using the parks as a winter home, especially in the southern part of the state. This has led to complaints

Iron - Mineral Are Necessary

Necessary amounts of iron are difficult for some Americans to obtain in their regular diets, Sally Springer, a foods and nutrition specialist, says.

A lack of this essential mineral causes anemia, one of the most prevalent nutritional problems today among adult women, infants and preschoolers, she said.

Anemia occurs in infants because they may drink milk to the exclusion of iron-rich foods, and preschoolers may avoid iron-rich foods in their diets.

The average American diet supplies about six milligrams iron per 1,000 calories -- but women of child-bearing ages and teenagers require three times that much each day.

So they must make specific food choices to ensure enough iron in their day's eating.

But since adult males and post-menopausal women require only 1 milligram iron each day, a 2,000-calorie diet from a variety of foods meets their needs.

Turning to specific suggestions for foods with significant amounts of iron, she listed egg yolk, dry beans, green leafy vegetables, enriched and whole-grain breads and cereals, dried fruits and organ meats. Poultry, meat and fish also provide iron in the diet.

Because iron is part of hemoglobin -- which carries oxygen from lungs to tissues, it's important for the body to have an adequate iron supply.

And, although the body does conserve iron from destroyed blood cells, hemorrhaging or any blood loss, will use up the stored iron quickly.

by working residents in adjacent regions, who are only able to camp on weekends, that there has not been room for them.

First Application Relieves Itchy Skin Rash

Also Helps Promote Healing
Medicated Zemo quickly relieves itching, irritated skin. Then Zemo helps nature heal and clear red, scaly skin rashes externally caused. For fast relief, get Zemo Ointment or Liquid.

Deer Hunters Will Find Law Changes

Landowners who open their property to hunters for a fee will find two changes in the law which should work to their benefit.

License officials at the Parks and Wildlife Department say this is the first year that a graduated schedule of fees will be charged landowners who apply for a "Shooting Preserve" license.

Those who lease less than 50 acres to hunters will be charged \$10; 500 acres but less than 1,000 \$25; and those with 1,000 acres or more will pay \$40 for their Shooting Preserve license.

This also is the first year that Shooting Preserve license-holders are not required to maintain a game preserve book which recorded the hunt-

ers by name and their kill. In the past the game book had to be returned to the P&WD but department officials said that such books were expensive to print and mail, and the harvest information they contained was of limited value.

Union wage rates for building trades averaged \$8 an hour on January 2, 1975 according to the U.S. Department of Labor.

Di-Gel 'Gasid Indigestion

...it's those times you suffer acid indigestion and painful gas, too.

DI-GEL* gives more complete relief because it does what plain antacids can't. It reduces excess acid; also contains Simethicone that gets rid of gas too. Heartburn, painful gas, fast. Get DI-GEL.

A Weekly Report Of Agri Business News

Farm-facts

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

About The Same... But Not For Pecans... Soybeans, Peanuts, Sorghum, Cotton Have It In Common... Family Land Heritage Oct. 14.

Texas cattle on feed as of Sept. 1 shows just about the same numbers as a month ago, the Texas Crop and Livestock Reporting Service at Austin notes.

Cattle on feed as of Sept. 1 in Texas totaled 1,337,000 head; this is one per cent above a month ago. But it is 24 per cent below a year ago.

In the seven major cattle feeding states, the number on feed as of Sept. 1 is estimated at 5,944,000 head. This is 13 per cent below a year ago, but is virtually the same as a month ago.

WHILE MOST COMMODITY reports for Texas are unchanged from a month ago, the Texas pecan prospects are bright, especially compared to a year ago. Texas pecan production for 1975 is estimated at 58 million pounds. That's 53 per cent more than a year ago.

In spite of problems of powdery mildew, shuckworms, walnut caterpillars and webworms as well as scab, most areas of the state still report the best crop set for several years. Harvest will begin soon on early-maturing varieties.

WHAT DO COTTON, sorghum, peanuts, and soybeans have in common this year? The latest crop report shows that projected yields are about the same as a month ago.

But for corn, the story is different. Corn production in the state this year will be the second best on record. Only 1920 will top the 1975 corn production for Texas. Per acre yield for the state will be similar to midwest corn production states. An average of 105 bushels per acre is now indicated for Texas.

Cotton production for the state this year is now set at 3,025,000 bales. This is up considerably from the 2,462,000 bales of a year ago. The average per acre yield this season is now set at 363 pounds; a year ago it was a puny 269 pounds per acre.

Sorghum production for this year in Texas is 394,400,000 bushels, virtually unchanged from a month ago. Last year, however, the production of sorghum in Texas was only 312,000,000 bushels. Average per acre is 58 bushels this year compared to 52 bushels per acre in 1974.

Peanut production is estimated at 474,300,000 pounds, about the same as a month ago. Last year, production of peanuts in the state totaled only 73,500,000 bushels.

Soybean production for the state is set at 9,100,000 bushels, the same as a year ago.

The next general crop report will note any changes in these and other crops; that report is due Oct. 10.

FAMILY LAND HERITAGE recognition program will be held Oct. 14 at the State Fair of Texas. The Family Land Heritage Program honors those families in Texas which have owned and farmed through their descendants the same farm continuously for 100 years or more.

A special program honoring recipients for this year is now being planned.

The program is sponsored by the Texas Department of Agriculture. Last year, more than 500 Texas families were honored.
