McLEAN, GRAY COUNTY, TEXAS - THURSDAY, SEPTEMBER 25, 1975

NUMBER 39

Farm Bureau Convention is Sat.

The annual County Convention for the Gray County Farm Bureau will be Saturday, Sept. 27th at 7:00 p.m. in the First Christian Church Fellowship Hall, 18 Nelson Street, Pampa. The Pampa Shrine Club will serve a barbecue supper. Tickets can be obtained at the Farm Bureau Office, S. Hobart, Pampa or at any Farm Bureau Director's office in the McLean area. The speakers are Shaw and Tony Smith. Tickets will also be on sale at the door. Mom and all the kids, this is a family affair. Drawings for door prizes. Our county Farm Bureau is better than you make. This is your opportunity to be an active part in the Farm Bureau program. Propose a solution to the problems that are affecting our farm families and present it to the resolutions committee. Please have in writing any resolutions that you wish to present at the convention.

Don Trew, son of Mr. Don Trew a student of McLean High School, will speak on Citizenship. He attended the 13th annual High School Citizenship seminar with 414 other students at the University. Twelve buses took the students to Waco July 14th and returned them July 18th. All expenses paid by the Farm Bureau. The seminar depicts American's of Life and the threats of giving students a better concept of the work of the American free competitive system.

Arts Festival Stated at Borger

The Women's Division of the Borger Chamber of Commerce invites area artists and craftsmen to exhibit their work at the Eighth Annual Fine Arts Festival, Sept. 17-19 at the Aluminum Center. Mrs. Diana Tekell Simpson and Mrs. Lou Cooley, chairwomen, said that exhibit space is free, and no commissions will be charged. The deadline for exhibit reservations is Oct. 1. Persons interested in exhibiting are to apply at the office of the Borger Chamber of Commerce, 201 N. 9th, Borger, Texas 79007, or phone 274-2211. The 1975 show will be held from 11 a.m. to 8 p.m. on Friday and Saturday, and from 1 p.m. to 6 p.m. on Sunday. Each artist is to display his own work. Demonstrations, teaching, painting and selling is encouraged.

Alanreed Resident's S.W.C.D. Director Election Slated In McLean

Funeral services for Admiral Dewey Daniels, 77, of Arnett, Okla., who died Sunday, Sept. 14, were held at 2 p.m. Wednesday at the First Baptist Church in Arnett, Okla. Rev. Stephen Langford officiated. Burial was in DeBolt Cemetery at Arnett. Mr. Daniels is survived by his widow, five sons and two daughters. He was the father of Elmer Daniels of Alanreed.

Clarendon College Has 38% Increase

Enrollment figures of 559 students for the Fall Semester at Clarendon College gives the college a 38% increase over Fall 1974. Loyd Waters, Dean of Students and Registrar of the college, announced the increase at the close of registration Thursday. "We are happy. We had hoped for 450 students and never expected to reach 500 less 559. We had 405 last fall and increased to 439 in the spring. A lot of people worked hard for this type of enrollment; the faculty, townspeople, and administration," Waters stated.

The increase is reflected in both areas of academics and vocational studies. Off campus programs are being taught in Pampa, Childress, Mirmphis, McLean, Wellington, and Valley High School. Waters remarked "the college started offering classes two years ago at Childress and Pampa. The response was so good that we have expanded these programs. Clarendon College is teaching 10 classes in Pampa at nights this semester. The interest and support in education shown by the people of these towns is great."

Clarendon College is the oldest college in the Texas Panhandle. Founded in 1898, the college known as the "Athens of the Panhandle" is one of the outstanding colleges of the area and is constantly seeking ways to serve the citizens of the Panhandle area.

Pastor To Preach Revival Services At Baptist Church

September 24-28 are days set aside for revival services at First Baptist Church, McLean. This is to be a home-town effort. There will be home town preaching (the pastor), home-town singing (John Kirby and the choir), home-town visiting home-town praying and home-town results. A nurse will be provided for each service.

School Athletic Dept. To Sponsor Jubilee Oct. 4

A meeting of the Gray County Soil and Water Conservation District, Zone 2 will be held on Monday October 6th. The 7:15 p.m. meeting will be held in the Lions Club meeting Hall in McLean. The purpose of the meeting is to elect a new director for Zone two.

The Gray county SWCD is composed of five zones and each zone elects a new director once every five years. Zone 2 is scheduled to elect a new director this year.

A program is also planned preceding the election. Dick DeArment, area biologist for the Texas Parks and Wildlife Department will present a program on the wildlife in the area and management practices related to each species. The program should be very enjoyable.

Zone two is located in the southeastern corner of the county in the McLean-Alanreed area. It included all land, east of a north-south line that is five miles east of Highway 70, and south of an east-west line that is nine miles north of the Gray-Donley county lines. All land owners in this area are urged to attend this meeting and vote for a district director.

Criminal Cases To Be Arraigned

Arraignments in criminal cases in County Court have been set by Judge Don Cain, approximately ten cases each to be scheduled for September 30th, October 7th, October 8th, October 16th, October 28th and October 29th.

Call of the docket as to both criminal and civil cases, has been scheduled for 10:00 a.m. October 28, to set cases for trial by jury beginning November 10.

All motions in cases set for jury trial will be heard by the Court beginning at 10:00 a.m. November 3.

Band Boosters To Sponsor Chili Supper Oct. 3

A chili supper will be held Friday of next week, October 3 from 5 to 7:30 p.m. at the school cafeteria. The supper will be sponsored by the Band Boosters. Pie and coffee will be served after the game. Tickets may be purchased from any band member.

Mrs. Ernie McCracken and son and Mrs. Marion Harkins were in Pampa on Monday.

Ross Lisman Receives Honor

Six students at West Texas State University have been designated as Distinguished Military Students in ROTC for 1975. Named from McLean was Ross A. Lisman, son of Mr. and Mrs. Jack Lisman of McLean.

Ross Lisman Receives Honor

To be designated a DMS is the ROTC program, a student must be recommended by the professor of military science, be in the upper 50 per cent of his academic class, in the top one third of his military science class and show outstanding leadership qualities and potential as an officer in the US Army.

The six students were presented their DMS awards by Lt. Col. Charles L. Laako, WTSU professor of military science in a short ceremony on Sept. 11. Upon graduation from WTSU, they will be commissioned as second lieutenants in the US Army.

A.C. Enrollment Sees Increase

Amarillo College has experienced in the last four years a tremendous surge of growth in all five divisions of the school, the College of Arts and Sciences, School of Biomedical Arts and Sciences, School of Technology, School of Vocational Arts, and School of Continuing Education.

There were 7,718 more students enrolled at AC last year than in 1971-72, according to statistics released by AC registrar J. Fred Balderston.

Last year 19,757 students were enrolled, unduplicated head count; in 1973-74, 17,239; in 1972-73, 12,790; and in 1971-72, 12,039.

Between 1973-74 and 1974-75 there was a 14.61 per cent increase in students enrolled in all areas of the college. Of the five divisions, the College of Arts and Sciences had the greatest growth spurt, growing from 3,079 to 3,849 students, or a 25 per cent increase.

TIME TO RUN, a film that is a mixture of problem and solutions, will be shown at First Baptist Church on Sunday, September 28. The feature, filmed in Eastman-color by World Wide Pictures, will be shown once beginning at 8 p.m.

Filmed on location in the Southern California area, TIME TO RUN stars Ed Nelson, Randall Carver, Barbara Sigel, Joan Winnill and Gordon Rigsby. Nelson plays Warren Cole, a hard driving success-oriented industrial and scientific engineer who, because of over-involvement with his work, has failed to communicate with his wife Fran, played by Joan Winnill, or their son Jeff, played by screen newcomer Randall Carver.

TIME TO RUN allows the viewer to become involved on any one or more of the three different levels. Viewed purely as entertainment, it's the suspenseful story of Jeff's attempts at sabotage in the nuclear story if Jeff's attempts at sabotage in the nuclear generating plant conceived, designed and managed by his father. Jeff strongly feels that the plant is a threat to the environment and he puts his feelings in action.

Viewed on an emotional level, TIME TO RUN is the deeply moving drama of the conflicts that are tearing a family apart—conflicts that develop between husband and wife, and between father and son. In an attempt to find freedom from the evergrowing hostilities, Jeff takes to the road, hoping to discover some meaning in his confused life.

Approached from a religious perspective, TIME TO RUN is also a story of friction between Jeff and his girlfriend, Michelle, played by Barbara Sigel, who is a familiar face to television viewers. Michelle has discovered a spiritual dimension in her life, and this aspect is very confusing to Jeff, who has little time for "a God who would allow war, hatred, and suffering on earth." But his life is shattered by an avalanche of personal problems, and he finds himself at a Jesus people gathering with Michelle, where he glimpses the possibility of a new life-style based on love and understanding.

TIME TO RUN is a film that can help strengthen love relationships between people. It's a film that was made for families to attend together.

Brandon Leathers was dismissed on Tuesday after being a patient in Northwest Texas Hospital in Amarillo.

Tigers Lose First Game To Groom

The young McLean Tigers suffered their first defeat of the season Friday night as the fourth ranked Groom Tigers scored in each period to blast the McLean Tigers 28-0.

McLean was plagued with penalties and turnovers. McLean lost the ball to Groom on five occasions; two on interceptions.

The defense of McLean is the only thing that sparked for the Tigers. The offense managed only 100 yards rushing and 50 yards passing.

The score doesn't tell the whole story of the game as Chris Britten of Groom broke for a 62 yard touchdown and another Groom player broke for a 73 yard gain which set up another Groom touchdown.

Coach Robert Mears stated "Our defense played a better game than the 28 to zip score leads one to believe. The two or three big plays by Groom is all that hurt us. We stopped the running game better than anyone else they've played."

The passing game wasn't what we had hoped it would be. But we're sure going to work hard to improve. Morse Haynes said "We completed 7 of 10 passes which was fine, the only problem was the fact that Groom took credit for two of the seven completions." Marty Duniven added, "Groom is an extremely physical team. I hope we learned a valuable lesson from this game." Coach Viles said "If our offense can generate like our defense, we'll be hard to beat." According to Coach Gray, "We were defeated by an extremely good team; it won't happen again."

The game is history now and the McLean Tigers assure us of better games ahead.

The Tigers next game will be October 3, at 7:30 p.m. at Duncan Field.

Cathy Curry On Student Senate

In the election on Sept. 10 in the student union at Southwestern Oklahoma State University at Weatherford, Okla., Cathy Curry was one of the 10 freshmen to be elected to serve as freshman representatives. The freshman representatives have some 1,500 fellow freshmen to represent.

The Senate has all the legislative powers, sponsors campus activities, and strive to improve the University in anyway concerning student welfare.

Worship and Entertainment
In order to compete with the world and its allurements, many religious groups have turned the worship hour into what might better be termed a "spectator event." Special music groups, dramatic scenes, dance programs, strip-tease acts and other gimmicks have been introduced into the worship thereby catering to worldly whims in order to retain their numerical strength and gain others. Why is this trend developing in religious today? Simply because men confuse worship (read John 4:24) with entertainment. Men have become so pleasure minded and so entertainment oriented (read 1 John 2:15-17) they have concluded that a church assembly is a place to be entertained. Not so! (Read 2 Tim. 4:1-4) There is as much difference in the worship of Jehovah and entertainment as there is between night and day. God is the object to be worshiped by the people, but when people assemble to be entertained they are the objects to be served. Songs, prayers and praise of worship are all to be directed towards Jehovah. (Col. 3:17) On the other hand, the entertainer's songs, musica numbers, etc. are bestowed upon the audience to entertain them. When churches present special singing groups, various movie stars, sports idols, T.V. notables, etc. to attract a crowd and entertain the people, they goeth onward and abideth not in the teaching of Christ (2 John 9 A. S.V.) and have confused and distorted the worship. Jesus said, "...but in vain do they worship me, teaching for doctrine the commandments of men." (Matt. 15:9) In reality, instead of these "special offerings" competing with the world, they are "joining hands" with it! The gospel is now, and ever will be, God's power to save. (Rom. 1:16-17) It is the only call, when answered, (2 Thess. 2:13-14) that prepares one in this life for eternity with God. "...whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any cirtue, and if there be any praise, think on these things" (Phil. 4:8).

Cullison Reunion

Mr. and Mrs. Roy Cullison, Sr., attended the Cullison Family Reunion held recently in Kilgore in the Kilgore community center building.

Mr. and Mrs. J. L. Aurtury (long time friends of the family) served the delicious reunion dinner of turkey and dressing, roast, home baked ham, vegetables, salads, various cake and pies and drinks which was enjoyed by all the families.

Pictures were taken of all the family and a wonderful time was had by everyone.

Attending the reunion were Mr. Cullison's brothers M. Frank Cullison of Palm-dale, Calif. (whom Roy had not seen in 23 years), Mr. and Mrs. Homer Cullison of Bartlesville, Okla. and sisters, Mrs. Alice Serviss of Kansas City, Kansas, Mrs. Gladys Hamilton of Kilgore, one sister, Mrs. Mary Etta Bingham of Gardenia, Calif. was unable to attend the reunion and was missed. Other relatives were nephews and families, Mr. and Mrs. Stephen J. Cullison and children, Susan and Gerald of Bartlesville, Okla. and Mr. and Mrs. Drew W. May of Henderson and Mr. and Mrs. Roy Cullison, Sr. of McLean.

The Cullisons visited a week in the home of Mr. Cullison's sister and hus-

band, Mr. and Mrs. Dell Hamilton of Kilgore. They also visited with all the Cullison brothers and sisters and relatives visiting in the Hamilton home. An enjoyable time was had by all the families. They hope to all meet again next year in Bartlesville, Okla. near Mr. Cullison's place of birth.

Mr. and Mrs. Lawrence Watson visited last week in Houston and Dickerson.

BILLY GRAHAM says about the new motion picture "Time to Run"...

There is no doubt that today we see the family unit being attacked from every side, torn apart and fragmented. *TIME TO RUN* is a motion picture about a family, about listening, about the silences between people, the unspoken moments, and the moments of anger that don't really accomplish anything. *TIME TO RUN* openly offers the reality of Jesus Christ as an answer to the human dilemma.

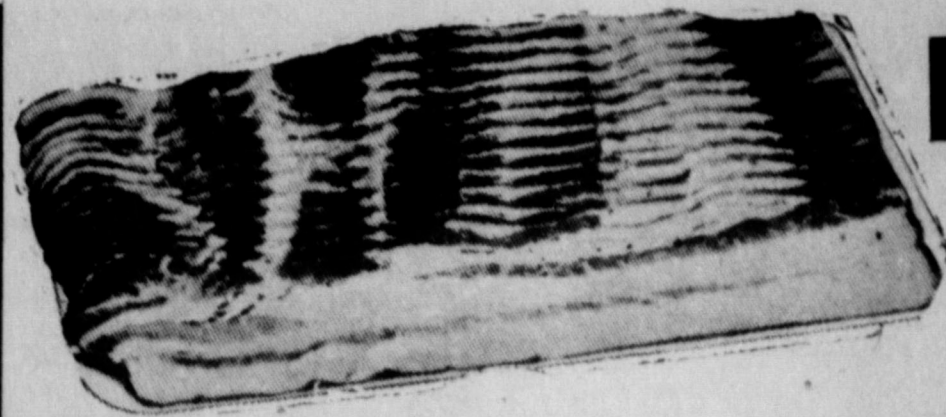

I feel that thousands of people will see a part of themselves in the film. Hopefully, families seeing it will be brought closer together in real understanding and communication.

I urge you to take your children... or your parents... to see *TIME TO RUN* when it comes to your community. You may find it more of a mirror than a motion picture!

Sandhill crane hunting has been popular in West Texas since the first season in 1961, but this year sportsmen will need a permit to hunt the elusive cranes.

A federal crane permit will be required of anyone taking or attempting to take sandhill crane. This free permit can be obtained by sending a written request to the Texas Parks & Wildlife Department, John H. Reagan Bldg., Austin, Tex. 78701.

Texas along with eight other states and two Canadian provinces have a sandhill crane season this fall. Much information about the population of cranes, the numbers bagged each season and survival rates are still being collected by both state and federal waterfowl biologists. The required crane permit will provide a mailing list for a post-season survey to furnish additional information on the number of hunters and birds they bag during the 1975-76 season and help biologists set seasons and bag limits next year.

The sandhill crane season will open October 25, in Zone A, and area west of a line from Del Rio north

along U. S. 277 to San Angelo and then along U.S. 87 north to Amarillo and north along U.S. 287 to the Oklahoma state line. The season in Zone A will close January 25.

Zone B crane season will open November 29 and close January 25. This area is east of Zone A and west of a line from San Angelo north along U.S. 277 to Albany and north along U. S. 283 to Vernon and north to the Oklahoma state line.

Daily bag limits for both Zones will be three birds and a possession limit of six.

Shooting hours for crane are one-half hour before sunrise to sunset daily. Check these exact times in your local newspaper.

Sandhill crane hunters are not required a federal migratory water fowl stamp but many sportsmen combine crane hunting with duck or goose hunting and this stamp will be required of all duck and goose hunters.

Firearms legal for ducks or geese are legal for crane and include shotguns smaller than 10 gauge plugged to a three-shell capacity including the chamber and magazine.

For more information about the sandhill crane season, contact your local game warden, any district or regional law enforcement office or call (806) 744-6847.

Market Report

With meat prices stable, fruit and vegetable counters are showing the only signs of change in Texas grocery stores this week, one authority says.

Soft fruits are one highlight at produce counters--with prunes, peaches, plum and grapes in best supply.

And bananas are one of the better buys, Mrs. Gwen dolyne Clyatt reported.

Cantaloupe and watermelon supplies are on the decline but some good values are still available.

For high nutritive value at comparatively low cost, you can't beat potatoes, carrots and cabbage.

At meat counters, best beef values may be found on round steaks, chuck roasts and steaks, ground beef and liver. However, in buying liver, pork offers the real economy prices.

RAIN

In checking rainfall report for last weekend, I have found that one inch seems to be what was received all across the Panhandle. At Claude, several reports showed an inch. In almost every point I check in Gray County one inch was the answer. This is going to be a half inch short of making surface moisture meet in most places. This means another set back for abundant wheat pasture.

HAY PRICE

Many cattlemen don't realize how lucky we are that pork production is the lowest in decades. This is one of the main reasons why fed cattle prices are still holding so well on today's (Tuesday) ticker tape. They quoted top finished steers at \$50.00 per cut. Heavier feeder steers are up again at Amarillo and other points. Pork production is down twenty five percent from year earlier. Total cattle killed is running ten percent more than a year earlier, but total lbs. of beef produced is little more than a year earlier. Why? Because over half of the cattle being slaughtered today is grass cattle. This means much lighter weights. A calf slaughtered weighing in the 500 lb. bracket is counted on a head basis just as a 1200 lb. finished steer. It would take three calves of this weight to produce the same beef.

Back to hogs. Inventory of hogs and pigs on Sept. 1 in the fourteen main hog feeding state conducting quarterly hog surveys is estimated at 41.5 million head, 17 percent less than a year earlier and 20 percent below Sept., 1973. The number kept for breeding, at six million head, is down

Mr. and Mrs. Hartley Davis went to Amarillo Tuesday Sept. 23. Their grandson Rossie was to have surgery on Wednesday.

Mrs. Mary Bednorz, the Gibsons daughter had major surgery at St. Anthony's Hospital on Monday.

Alanreed extends their sympathy to the Elmer Daniels following the death of his father.

Mr. and Mrs. P. M. Gibson enjoyed a visit at the Harvey Hudgins on Wednesday morning.

twelve per cent from a year ago.

Producers in the 14 states intend to farrow two million sows during the Sept.-Nov. 1975 period. If realized, farrowings would be seven percent below Sept.-Nov. 1974 and 17 percent less than the same period in 1973. So you can see pork production will be favorable to the cattle market in the next coming months.

Figures indicate pork production for 1975 will drop to the lowest level in nine years. Per capita pork consumption may reach its lowest level in forty years.

In my opinion the housewife boycott of two years ago disturbed the economic cycle of red meat production. Many people were cut down by devastating prices a year to 18 months back and will never return to the game. Why our cattle and swine association don't capitalize on this I do not know.

High Blood Pressure Often Hidden

One in seven adults has high blood pressure, also known as hypertension, and if you have it, the odds are even that you don't know it.

Hypertension is a national health problem affecting 23 million Americans. If uncontrolled, it stresses the heart, blood vessels and kidneys, eventually damaging these organs. High blood pressure is the primary cause of about 60,000 deaths each year in the U. S. It also plays a role in the more than 1,500,000 heart attacks and strokes suffered by Americans each year.

Generally speaking, a person is considered to have high blood pressure if his reading is persistently higher than 150/90. The first figure in this reading is the systolic pressure which occurs when the heart is at the peak of its contraction; the second is the diastolic pressure, when the contraction has subsided.

What can you do about high blood pressure? First, have your blood pressure checked regularly to find whether you are one of the 23 million if you are, check with your doctor on what to do about it.

Fortunately, there are ways of bringing high blood pressure under control in almost all cases. These include drugs, diet, exercise, and rest and relaxation. No one method works for all; individual treatment is necessary for each patient. Treatment may have to be continued

Swa-Pa-Hobi Club Have Meeting

The Swa-Pa-Hobi Club met in the home of Clara Reneau Tuesday, Sept. 16, Virginia Tate, president, called the meeting to order and all stood and repeated the club prayer, in unison.

Roll call answered by each telling their favorite quilt pattern, giving history of such, or reason.

The motion was made to give gifts to Children's Home in Panhandle for Christmas. The motion carried.

Grace Hanner gave an interesting talk about the rest home in Shamrock, where she works. She told of several things we could do to make the patients happy.

Refreshments of snacks and lemonade was served to Lena Bailey, Virginia Tate, Maxine Gordon, Jerry Corbin, Bea Lester, Emily Rippy, Lucy Goldston, Ramah Lou Lankford, Sophia Hutcheson, Loree Barker, and the visitor Garce Hanner.

The next meeting will be with Loree Barker on Oct. 21.

over a period of time. Proper treatment definitely reduces risk of disease and death and increases the potential for health and long life expectancy.

The American Medical Association has listed the following facts about high blood pressure that if learned and heeded could do much to guard against the serious effects of untreated hypertension:

1. Hypertension is a common "silent" health problem; many people are unaware that they have high blood pressure because they feel perfectly well.
2. Hypertension is a major cause of stroke, heart failure and kidney failure, but these complications can be prevented with control of blood pressure.

3. Hypertension usually cannot be cured and requires lifetime medical care. It can be controlled by taking medications daily as directed.

4. Those being treated for hypertension should take their medicine every day if they feel well. If they feel sick, they should check with their physician.

5. Anyone who is being treated for hypertension or has ever been told that his blood pressure was high should have it checked frequently.

If you have not had your blood pressure checked recently, you should do so right

 For many of the football team, this will be a day of rest from the rigors of the field.

Roving Reporter...

by Cherrie Billingsley
 Good afternoon ladies and gentlemen, this is your roving reporter in the halls of M.H.S. where some strange things have happened in the past week.
 On Tuesday the 16th, a slave sale took place and the freshman came to school clean but looking very slavish. The freshmen sold from two dollars up to the higher bracket where slaves sold for up to fifty-eight dollars!

After all freshmen slaves had been sold our debonair high school principal, Mr. Smith climbed onto the Auction block to give a demonstration of how the freshmen slaves must act. It was quite interesting.
 Air Raid! Half a dozen freshmen hit the ground belly first and start shooting make-believe enemies. I'm sure many would have liked to have some real action. Dying cockroach! Freshmen all over M.H.S. lay on their backs kicking their arms and legs and screaming at the top of their lungs. "I'm a dying cockroach!" From somewhere upstairs the call comes, Chinese Fire drill! Then the sound of thundering feet as freshmen run out the nearest door, around the building, and back inside. When the bells rang to end a class freshmen flooded the halls resembling a scene from "Planet of the Apes."
 All in all it was a fun if somewhat unusual week. Initiation is now over for the freshmen and M.H.S. has gotten rid of its cockroach problems. The only thing is kind of miss the air-raids. They were really cute...heh, heh, heh...that's a machine gun. Bye.

Post Office To Have Consumer Program

A nation wide Consumer Program designed to improve and broaden the quality of mail service was announced today by Postmaster Frank Simpson.
 Beginning Oct. 1 the U.S. Postal Service will introduce a program at the McLean Post office and other offices across the nation to encourage mail users to register problems they may have with their mail service.
 At the core of the program is a consumer service card, through which problems are identified and which postal managers attempt to expeditiously resolve.
 The Consumer Service Program reflects Postmaster General Benjamin F. Bailar's determination that mail services to the public will be friendly, courteous and efficient, as well as speedy and reliable.
 "Good service is a far broader concept than just fast mail handling as important as that is," the Postmaster General says. "It is also built on employee courtesy, or responsiveness to customer needs, the sympathy and understanding we bring to your own expectations of what good postal service is all about."
 Postmaster Simpson urged customers in McLean to bring their inquiries and complaints to the attention of the postal managers. And if people feel their problems have not been properly handled, the Postmaster said, they should see him personally.
 To make it easier for a customer to make a suggestion or complaint about postal service, the new consumer service card will be available from letter carriers and at post offices.
 According to Postmaster Simpson, the card if two postal cards with carbon paper between them. "One copy goes to me or a station superintendent so work can begin on the problem," he said. "The other goes to Postal Service Headquarters in Washington for cataloging and analysis. The cards will help management spot problem areas and trends and take corrective action if necessary."
 The Consumer Service Program was tested earlier this year in Illinois, Mass. Arizona and Rhode Island. Postal customers in the test found the cards easy to complete and most complaints were resolved to the customer satisfaction.
 The card should take no more than two minutes to fill out. The postmaster also said he and his staff are willing to discuss any problems, including lack of courtesy,

irregularities in deliveries or collections, collection box convenience and postal office hours.
 "We want you to come to us with your problems," concluded Postmaster Simpson. The whole point of the service program is to bring your problems and gripes out into the open where we can attempt to resolve them.

Baptist Women Have Week of Prayer

By Mrs. Luther Petty
 The women of the First Baptist Church held their annual session of their organization at the home of their Mrs. Herman Bell last week.
 The "Week of Prayer" for state missions were omitted on Monday and Tuesday because of funerals. The program on Wednesday was held Wednesday night under the leadership of Mrs. A. C. Wood in the absence of the director, Mrs. Homer Abbott.
 The subject of the program was "Multitudes". Wednesday's program was on "International Border,"

Recycling aluminum is to produce aluminum conserves 95 per cent of energy needed to make primary aluminum ingot, says the Recycled Metals Co.

Thursday program was on the "Multitudes". Friday program was "Multitudes in Numbers of Cities of Texas".
 Mrs. Woods opened the program with a meditation by her followed by testimonies given by members of different Texas towns.
 Those present were Mrs. Herman Bell, Mrs. A. C. Wood, Mrs. Oba Kunkel, Bertha Smith, Mrs. Bill Morgan, Mrs. Bill Pettit, Mrs. Jerry Rollison, Isabel Petty, Annie Reeves, Mrs. Troy Corbin, Mrs. John Kirby.
 The meeting Friday was led by Mrs. Bell in her home with the program on "Multitudes" with the hostess leading and testimonies being read by members of different Texas cities.
 The calendar of prayer was read by Mrs. Homer Abbott and the meeting was dismissed by prayer given by Mrs. Oba Kunkel.
