President's Sister Dies At Shamrock

Funeral services for Miss Annie Simpson, 81, who died Tuesday, were held at 2 p.m. Thursday (today) in the First United Methodist Church at Shamrock. Rev. Julius Early, pastor, and Rev. Buell Wells, pastor of the First Baptist Church in McLean, officiated.

Burial was in the Shamrock Cemetery under the direction of Lamb Funeral Home.

Miss Simpson, born in Montague county, had lived in the Shamrock area since 1914.

She was a member of the First United Methodist Church.

She is survived by three brothers, Marvin Simpson of Lubbock, John Simpson of Shamrock and Joe Simpson of McLean.

Defensive Driving Course Offered

A one-day Community Service defensive driving course will be offered at Amarillo College from 8 a.m. until 5 p.m. March 5.

Walter Eubanks, AC chairman and instructor in public safety education, will teach the class in Room 111 of Building A at the West Campus School of Vocational Arts, 6222 W. 9th.

"Students who satisfactorily complete the course will receive a 10 percent discount for three years on auto liability, collision, and medical payment coverage written by insurance companies who are state-regulated by the State Board of Insurance," said Charles Gaither, supervisor of Community Service courses.

Information is available from the registrar's office in the Administration Buildings of the Washington Street or West campuses.

Stock Show To Be Held March 5

The FFA and 4-H are sponsoring a stock show March 5. The show will begin at 1:00. All animals should be stalled by 10:00 a.m.

Three classes of pigs will be shown; one class breeding hogs, one class rabbits,

and two classes of steers. Judges for the show are pending. Entry blanks can be picked up at the ag building and should be turned in by Feb. 26.

The show will be at the ag farm southeast of town.

Mayor Haynes Files For Re-election

March 2nd is the deadline for filing for city offices that will be on the ballot in the April 2nd election.

As of Wednesday afternoon the only one to file for an office is Sam Haynes, who is running for re-election to the office of mayor.

Only four filing days will remain for residents to file for the office of mayor and two councilmen post.

If you plan to be out of town on April 2 you may vote absentee anytime between March 14 and 29 at the city hall.

Spring Festival Planned by CC

The first of hopefully an annual event for Clarendon is now being planned by the students of Clarendon College.

The students set April 29-May 1 as "Spring Festival" time in Clarendon. The three day event is being planned as an event that will bring all residents of the area together with the students for a time of fun and fellowship.

Everyone everywhere is invited to participate, young and old alike. The festival will be held on the college campus and will feature every type of activity imaginable. All clubs, churches, and organizations in the area are being asked to participate by having a booth or some type of activity. The area around the track will be used for booths of all types. Participants may construct a booth for selling arts, crafts, food, for advertising of business, for displays of goods, or for what ever one might imagine. All flea market enthusiasts are encouraged to bring their wares for what is hoped to be one of the largest flea markets ever held in the area.

Saturday, April 30 will also be "High School pre-registration Day" at the college. Graduating seniors from the area high schools will register for college and enroll for their fall classes at this time.

Efforts are being made to contact all organizations inviting them to participate. Anyone desiring information or interested in participating should contact Beryl Clinton or Loyd Waters at 874-3571 or write: Spring Festival Committee, Box 96B, Clarendon College.

Co. SWCD Have Meeting

The regular monthly meeting of the Gray County Soil and Water Conservation District board was called to order by Jim Allison, chairman, at 2 p.m. on Feb. 16., at the county courthouse annex with district directors Curtis Schaffer, Ralph McLaughlin, Robert Sailor, Milton Carpenter present. Others present were Perry Gruhkey, and Doug Cunningham, Joe VanZandt, Fred Squyres, and Lana Waters.

A conservation plan on Gene Hall was approved by the board, and a Great Plains contract on Elmer Daniels was signed and approved by the board. The board also approved the addition of cost-sharing irrigation pipeline with a tail-water pit through the Great Plains program, and certified the land rights on sites 4, 5, and 9 on McClellan Creek Watershed. Easements on Red Deer Creek Watershed and McClallan Creek Watershed were also discussed.

The purpose of this Special Event will be to provide the Community with information about Cystic Fibrosis and to raise funds to support research, education and care programs for children affected by cystic fibrosis, and other lung-damaging diseases like severe asthma, chronic bronchitis, and bronchiectasis.

Cystic Fibrosis is the number one genetic killer of children. Approximately one in every twenty Americans is a symptomless carrier of the recessive c/f gene. Cystic Fibrosis is inherited when both parents carry the recessive gene. At the present time, no cure for Cystic Fibrosis is known.

Ann Turpen Is Chairman for Cystic Fibrosis

Mrs. Ann Turpen of McLean has accepted the chairmanship of the annual spring special event on behalf of the Cystic Fibrosis Foundation. She will be recruiting volunteers within the Community to plan an entertaining activity to take place this spring.

The purpose of this Special Event will be to provide the Community with information about Cystic Fibrosis and to raise funds to support research, education and care programs for children affected by cystic fibrosis, and other lung-damaging diseases like severe asthma, chronic bronchitis, and bronchiectasis.

Cystic Fibrosis is the number one genetic killer of children. Approximately one in every twenty Americans is a symptomless carrier of the recessive c/f gene. Cystic Fibrosis is inherited when both parents carry the recessive gene. At the present time, no cure for Cystic Fibrosis is known.

Mrs. Lawrence Watson visited her brother Orville L. Hinkle in Tucson, Ari.

School Filing Deadline March 2

The deadline for filing for school offices will be March 2nd, only four filing days away.

There are four school board opening this year, three-three year terms and one-two year term (the unexpired term of Bryan Parker, who moved to Sweetwater). The three year terms are those of George Eck, Casper Smith and Gerald Tate.

As of Wednesday afternoon, according to Shirley Johnston, at the school business office, three men have filed for the three year terms, Casper Smith, Gerald Tate and Charles Wynn. for the two year term, Thacker Haynes has filed.

Air Force Seek Qualified Applicants

Air Force recruiters are looking for qualified applicants to fill 1,629 officer openings during fiscal year 1978, according to Lt. Col. John C. Currie, commander of Recruiting Detachment 404, headquartered in Arlington, Texas.

"Our recruiting efforts will be primarily focused on applicants who have technical degrees, such as computer science, engineering, mathematics, meteorology and physics," said Colonel Currie. He pointed out, however, that "persons possessing non-technical degrees are welcome to apply for openings in career fields such as supply, security and law enforcement and administration, but they should expect exceptionally keen competition for selection."

Some 190 openings will be for navigator trainees, and 315 for engineers.

College graduates or seniors within six months of graduation are eligible to apply. Applicants must be 21 to 29 years old (inclusive) and be American citizens.

If selected, prospective officers will attend the 12-week Officer Training School at Lackland Air Force Base in San Antonio, and be commissioned a second lieutenant following graduation.

Local Air Force recruiters have complete information.

"After dinner sit a while; After supper walk a mile." Thomas Fuller

New Accreditation Procedures Underway At McLean Schools

New accreditation procedures are underway at McLean Schools, according to Homer Jefferson, superintendent. In a Thursday night meeting at the high school auditorium, Dr. Mike King from PESO explained the new procedure to the school staff, school board members, and interested townspeople.

According to Dr. King the accreditation procedure will be based on what the school actually achieves. The process will be in three phases. The first phase which begins now will be to appoint a steering committee made up of board members, school staff and townspeople to set goals for the school. The goals must be approved by the local board and submitted to the Texas State Agency in Austin by August 1, 1977. Dr. King emphasized that participation by a wide spectrum of the community is essential for the success of the program. "Austin wants you to have the kind of school you want," he said.

Step two will begin next fall with a comprehensive study of the school to evaluate what is actually being done

Area Methodist To Meet Feb. 28

Gene Cudd of Spearman, district chairman for the McMurry College Annual Fund, says that Pampa district launching breakfasts will be held Feb. 28-March 2 in Memphis, Pampa and Perryton.

Dr. W. A. Appling, Pampa district superintendent for the United Methodist Church, is co-chairman with Cudd in the fund raising effort.

The McMurry Annual Fund provides financial sustenance for the Abilene college which belongs to the Northwest Texas and New Mexico Annual Conferences of the United Methodist Church.

Larry Parks of Memphis is a subdistrict chairman. He is in charge of the 7 a.m. Feb. 28 breakfast which will be held at Memphis United Methodist Church.

Also attending the Memphis event will be workers from Clarendon, Groom, Hedley, Lakeview, Wellington, McLean, Heald, Shamrock, Kelton and Glen Davis.

now to fill the goals set by the committee. A summary of identified needs and priorities will be sent to the agency by July 1, 1978.

At this point in step three the committees will develop a five year plan which must be approved by the local board and submitted to the agency by March 1, 1979. The agency will then monitor the progress of the district each year to see that the five year plan is being implemented. Goals can be modified and changed according to Dr. King.

"Full participation by the community is essential to the success of this project," said Jefferson.

The people have been chosen to serve on the steering committee. Homer Jefferson is the chairman with members John Sollis, Evelyn Sanders, Betty Skipper, Linda Haynes, Gene Gee, Evelyn Shaw, Nobel Melton, Joe Magee, Lloyd Hunt, Shirley Stokes, Barbara Trew, Deibert Trew, W. C. Kennedy, LaVerne Brooks, Joe Billingsley, Jim Allison and Mary Dwyer.

The First meeting will be March 3 at 7:00 p.m. in the school cafeteria. The short meeting will be conducted by Dr. Mike King of PESO.

Silent Movies To Be Shown Friday Night

The Sophomore class at McLean High invite you to come this Friday night at 7:30 p.m. to the school auditorium to see old silent movies. This serves as a fund raising project for the class.

The feature length film will be a 1920 version of the Hunch Back of Notre Dame with Lon Chaney. Three short features will be shown, W. C. Fields, Charlie Chaplin and the Key Stone Kops.

Advanced tickets, which will be cheaper than ones sold at the door, may be purchased from any member of the Sophomore class.

Mount Everest is exactly 29,000 feet high. Surveyors worried that the public would consider this an estimate, so they falsely reported the height as 29,002 feet.

A nationwide emergency telephone number--the 911 system--is in the planning stage, and some areas of Texas already have it.

Dave Porterfield, field supervisor with the Emergency Medical Services Division, says 13 cities in Texas have the 911 emergency number now and other cities and counties are moving toward the system.

The 911 telephone system is a three-digit telephone number which has been designated as the "Universal Emergency Number", for use by the public throughout the United States, said Porterfield.

It is intended as a nationwide telephone number giving the public direct access to a Public Safety Answering Point (PSAP) from which appropriate action can be taken.

The concept dates back more than 30 years to a 999 number in Great Britain.

Other countries in Europe and around the world have since provided their citizens with similar uniform emergency telephone numbers.

Competus in such a number in the United State, said Porterfield, stemmed from a 1977 recommendation of the President's Commission on Law Enforcement and Administration of Justice. In 1978, American telephone company and the Telegraph Company announced that it would make digit 911 available for general use.

In 1973, provision was made for the establishment of a Federal Information Center to assist units of government in planning and implementation.

"You can see the beauty of a system," said Porterfield. Now, in an emergency agency, but with a simple, easy-to-remember telephone number could be in reach of every citizen at any time. The call would make available such agencies as police, fire department ambulance service." Porterfield also noted that calls from pay telephones could be made without the necessity of using a coin to the emergency call.

911 numbers in Texas are in service in Alice, Comal, College Station, Fort Worth Airport, Houston, Hearne, Huntsville, Irving, Lamesa, Quanah, Sherman, Victoria.

Alamo Area Council of Governments is attempting to get the number set up in the San Antonio area, said Porterfield.

Porterfield said there is a problem of implementation because of the number of telephone companies in the state. And, some of the telephone company boundaries correspond with the local and governmental jurisdictions.

The ultimate goal, "he said, is to cut down the response time to emergency situations." Lessening the time between the detection of an accident and notification of the proper emergency service figures response time, he

though its work with

local areas Council of Governments and Public Health Regions the EMS division is seeking to upgrade EMS systems throughout the state, and the implementation of the 911 system is one facet of this upgrading process.

We are currently working with COGs on grant applications to obtain funds made available under the 1973 EMSS Act. These applications are required to address a central communications center which includes the 911 system, said Porterfield.

Several states have passed legislation requiring the 911 system. These include California, Florida, Louisiana and Illinois. Other states introduced legislation during the past legislative years and will do it again this year, said Porterfield.

Lung Association Sponsor Respiratory Care Updated

Dr. Malouf Abraham and Hemphill County Hospital personnel hosted a respiratory care update sponsored by the American Lung Association of Texas, Top of Texas Area, in Canadian February 17.

Speakers for the program were Dr. Ted M. Nicklaus, Amarillo internist and chest specialist, and Larry Baggett, R.N. and Physician's Assistant in Respiratory Therapy. Dr. Nicklaus spoke briefly on the respiratory system and its normal functions. Then he discussed management of chronic lung disease, especially emphysema and bronchitis, emphasizing correct oxygen therapy.

Mr. Baggett suggested ways lung disease patients can care for themselves or be cared for by their families in their homes, what to tell the doctor about symptoms and stressed the importance of keeping home respiratory equipment clean.

The update was attended by personnel from Hemphill County Hospital; Abraham Memorial Home and from the hospital in McLean.

Market Report

At some Texas grocery markets, fryer chickens are featured at below 40 cents a pound--and turkey parts offer economical prices, Mrs. Gwedolyn Clyatt, a consumer marketing information specialist, reports.

Pork wholesale prices are creeping upward--but retail prices to consumers are about the same, so far, she said.

Generally, good values appear on fresh picnic and Boston butt roasts, quarter-loin cut into chops, smoked picnics and some brands of bacon," she added.

Mrs. Clyatt is with the Texas Agricultural Extension Service, The Texas A&M University System.

Beef prices currently are the same to fractionally higher--with most features on chuck roasts and steaks, round, rib and sirloin steaks, ground beef and liver.

At fresh fruit counters, items in best supply at the most economical prices include oranges, grapefruit, tangerines, bananas, avocados, apples and pears.

Pineapple supplies from Mexico and Hawaii are increasing--while the Hawaiian pineapple is usually fine in quality and large in size, prices for it may be slightly higher.

"Also, fresh strawberries from Mexico are of fair quality with moderate prices for this early in the season," she added.

At fresh vegetable counters, broccoli and head lettuce are moderately priced--and asparagus is making an appearance at first-of-the-season prices, the specialist said.

Among most economical fresh-vegetable choices are dry onions, potatoes, turnips, rutabagas and cooking greens.

In canned-produce buying, consumers may find specials on sweet corn and green peas.

On "dairy shelves," instant non-fat dry milk is plentiful and a good item to help "stretch" milk money, the specialist advised.

Small town many things to people

The following made the rounds in weekly newspapers several years ago and recently appeared in the Yale, Oklahoma paper and we clipped it out, thinking perhaps we might want to share it with you.

A small town is where you don't have to guess who your enemies are. Your friends will tell you.

A small town is the only place on earth where people past middle age are called by their first names when they saunter down the main drag.

A small town is where the first step toward success is to become interested in it.

A small town is where everybody knows everybody else's car by sight...and also where and when it goes.

A small town is where few people can get away with lying about their age. Too many people can remember when they were born.

A small town is where a truth that's told with a bad intent, beats all the lies the gossips can invent.

A small town is where when you get the wrong number, can talk for 15 minutes anyhow if you want to.

A small town is where a happy gardener is the

one who prepares for plot luck.

A small town is where the ratio of good people to bad people is something like 100 to one. This is nice to remember.

A small town is where it is difficult to walk to work for the exercise because it takes too long to stop and explain to people in cars who stop, honk and offer a ride.

A small town is where most residents can do more than they think they can but usually do less than they think they have.

A small town is somewhat like a big family...onery distant cousins, renegades and all.

A small town is where city folks say there is nothing to do but those who live there don't have enough nights in the week to make all the meetings and social functions.

A small town is where poor substitute for leadership.

A small town is where everyone becomes a neighbor in time of need.

A small town is where businessmen struggle for survival against city stores and shopping centers.

A small town is where those same businessmen dig deep many times to help with countless fund-

raising projects.

A small town is where a sensible girl is more sensible than she looks, because a sensible girl is too sensible to look sensible.

A small town is where many teenagers say there's nothing to do and then are surprised to learn that their big city cousins are saying the same thing.

A small town is where those who gossip to you will gossip about you.

A small town is where a man who is always satisfied with himself is seldom satisfied with others.

A small town is where after all is said and done, is a nice place in which to live.

A small town knows all the news before it's published. They just buy the hometown newspaper to see if the editor gets it correct.

First Class Roper In McLean School

Mr. Jarrell Russell, the Vocational Agriculture teacher at McLean High School, is in the top ten ropers in the nation. Mr. Russell started roping at the age of eleven. A native of Shamrock, Texas, Mr. Russell started professional roping in 1970. He began roping in rodeos for something to do in college. He was so good he got a three year scholarship after only his first year. While in college he placed second in NIRA bulldogging and third in roping. When asked if his family liked him to rodeo he replied, "They really enjoy going to the rodeos with me." Mr. Russell has won \$7,600 this year and is in fifth place. He still has three rodeos to go to before his season ends. These are the Denver, Amarillo and Fort Worth rodeos. The season will officially end in mid December 1977. Mr. Russell raises and trains roping horses for sale. He contributed his success to a nine year old gelding that he considers is one of the ten best roping horses in the world. Mr. Russell also sponsors the FFA chapter and Rodeo Club in McLean High School.

Area Teachers Invited To Update Session March 1

Teachers and school officials in 26 Panhandle counties have been invited to attend a "Legislative Update Teachers As Legislative Update Session of the Texas State Teachers Association at

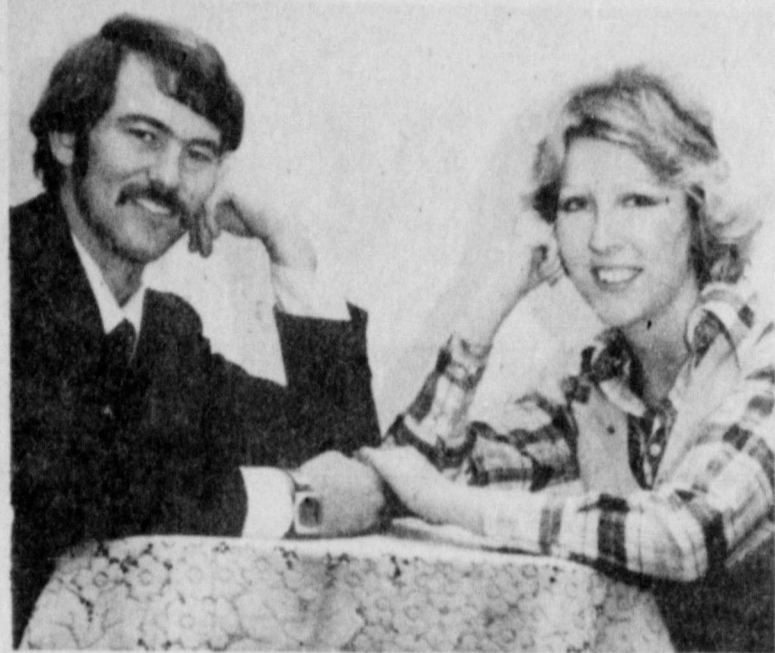

"THE ILLUMINATED WORD OF GOD?"

A doctrine being advanced today is that one must in some mysterious, better felt than told way have the Holy Spirit "illuminate" the Word of God for anyone to truly understand it. Where is the authority for such teaching? There is none! The Holy Spirit does not illuminate the Word of God in spite of the fact that this is a job some assign to Him today. The Spirit influenced the writers of the Bible in a very special way by giving them supernatural knowledge of things they needed to know, and unerring guidance in reporting the things that they did know (John 14:25; Luke 1:3; 1 Cor. 2:13; 2 Peter 1:21). In this way did they write the Bible (2 Tim. 3:16-17; Eph. 3:3-5), and this written message of God to man is to be preached to the whole world and until the end of time (Matt. 28:18-20; 2 Tim. 4:1-8; 2 Tim. 2:7).

Somehow the idea has become popular in some circles that the message loses its power because it is written and that it must have some unwritten, "supernatural" help to reach and save people. The truth is that its being written only keeps it from being changed! Where did the idea come from that it cannot be understood? From a lack of desire to study it? It is not in the Book itself, but just the opposite is claimed there (Isa. 35:8; Eph. 3:4). When the gospel was preached to the Bereans (Acts 17:10-11), they checked what they were hearing with what they knew to be right -- the written Word. They needed no extra "help" to understand the scriptures they had. No such "illuminating" was recorded, because none was there.

McLEAN, TEXAS

GAIL TERRY AND THOMAS GLASS

Gail Terry To Marry April 1

Mr. and Mrs. George Terry of McLean and Mr. and Mrs. Robert Glass of El Paso are announcing the engagement and approaching marriage of their children, Virginia Gail and Thomas Wiley Glass.

Gail is a sophomore at West Texas State University and is majoring in elementary education. She is also a member of Delta Zeta Sorority.

Tom will be a 1977 graduate of West Texas State in May with a degree in Industrial Distribution Business. He is also a member of Phi Delta Theta Fraternity. The couple plan an April 1 wedding.

7 p.m. Tuesday, March 1, in the Amarillo High School Cafeteria.

This briefing on TSTA proposed bills and other education legislation now pending in the 65th Texas Legislature will be presented by Leon Douglas of Austin, assistant director of the TSTA division of membership and member services.

TSTA District XVI leaders expected to assist include Gene Brock, district president, and Pat Hughes, legislative spokesperson, both of Hereford.

graduate of West Texas State in May with a degree in Industrial Distribution Business. He is also a member of Phi Delta Theta Fraternity. The couple plan an April 1 wedding.

IRS Urges Taxpayers To Check Returns

Taxpayers should double-check their tax returns before filing since errors can slow processing and delay any refund that might be due, the Internal Revenue Service said.

Some of the most common taxpayer mistakes on tax returns include mathematical errors, use of the wrong tax table or schedules, and failure to sign the return or to attach all necessary documents.

The IRS also urged taxpayers to use the peel-off label that comes with the tax package on their returns in order to avoid possible social security number errors. Taxpayers can also save time and speed up processing by mailing their returns in the coded, pre-addressed envelope found in their tax packages, according to the IRS.

Mary Martha Class Have Social

By Lucille Cullison

The Mary Martha Sunday school class of the First Baptist Church met in the home of Mrs. Leroy Williams for a monthly social and meeting on Saturday, Feb. 12 at 2 p.m.

Mrs. Newt Barker, class president was in charge of the meeting. Bonnie Bidwell offered the opening prayer.

Mrs. Mary Lou Thockmorton brought the inspiring devotional, topic was "The Higher Step" from Matt. 5:24. Mrs. Lucille Cullison was in charge of the Valentine fun and speed games. Louise Dickinson and Bea Lester were winners in the speed games and were given Valentine candy prizes. Each one present were given a small Valentine candy heart by Mrs. Cullison.

Two members having birthdays were Mrs. Irene Williams and Mrs. Lillie Mae Williams. They were presented their birthday cakes from their secret pals and the class sang happy birthday to them.

Refreshments of cake, nuts, mints, punch and coffee were served to Mesdames Loree Barker-Bea Lester, Bonnie Bidwell, Verna Hudgins, Louise Dickinson, Clara Maude Hupp, Lillie Mae Williams, Evelyn Hunt, Mary Lou Thockmorton, Jessie Watson, Lucille Cullison, Levie Smith, and the hostess, Irene Williams.

Visiting the Vernon Turners over the weekend were his mother, Mrs. Kate Turner, his sister and husband, Mr. and Mrs. Fritz Barnes of Fritch, brothers, Ivan Turner and wife, Joe Turner and wife, all of Amarillo, and Mr. and Mrs. Leo Massey of Slaton.

MRS. GARY RAY TURNER

BRADLEY - TURNER WEDDING RITES HELD IN FORSAN BAPTIST CHURCH

Miss Melodie Murale Bradley and Gary Ray Turner were married in a Friday evening ceremony conducted in the Forsan Baptist Church.

The Rev. Jack Clinkscales performed the rite before an altar centered with an arch covered with pink and burgandy carnations. Large bouquets of white carnations flanked the altar.

The bride was attired in a floor-length white gown of sheer silk organza with a ruffled train overlaid with lace. Her mantilla veil was caught at the crown with a pearl headband.

Serving as maid of honor was Miss Donna Bates. Monty Low was best man. Bridesmaid was Miss Belinda Bradley, sister of the bride. Groomsman was Marty Whetsel. Craig Clark and Darrin Crooks were ushers.

Miss Melissa Bradley, sister of the bride, and Miss Cami Turner, niece of the bride, were flower girls.

Parents of the couple are Mr. and Mrs. Theron Bradley, and Mr. and Mrs. Willard Turner, all of Forsan.

Following a wedding trip to San Antonio, the couple will reside in Forsan. The bride attended Forsan High School and is employed at Kentucky Fried Chicken. The bridegroom also attended Forsan High School, and is employed at Pool Oil Well Service.

A reception honoring the couple was held following the ceremony. The bride's table was laid with a pink net, sequined cloth edged in pink crocheted silver appointments.

were used.

Serving were Mrs. Paul Bedwell, Miss Martha Highley and Miss Lana Ford.

Out-of-town guests included Mrs. Kay Connant, Midland; Mrs. O.A. Buffalo, Dallas; Mr. and Mrs. G.B. Hogan, Pampa; Mrs. Leta Bradley, Lefors; Mr. and Mrs. V.S. Day, Eastland; and Mr. and Mrs. Bryant Jones, San Angelo.

 Extension Service

By Joe VanZandt

We had a large crowd 80, attend the pesticide certification meeting for private applicators last week. Another meeting will be scheduled in McLean for some time in late March.

The latest cattle on feed report issued by USDA as of February 1 for the 7 major cattle feeding states estimated there were 7,867,000 head on feed, a decline of 6 percent from a year ago and a decline of 4 percent from a month earlier, Jan. 1.

January placements totaled 1,369,000 head slightly less than Jan. marketed during Jan. totaled 1,602,000 up 10 percent from 1976 levels. Other disappearance totaled 107,000 head as compared with 90,000 head in January a year ago.

A tree or shrub can be a welcome addition to any landscape, and proper planting is important. The first step to adjusting the tree or shrub to its new home is to prepare a hole that is plenty deep and wide enough to easily accommodate the root system.

A bare-rooted tree should be placed in a hold large enough for the roots to spread through the soil. Balled-and-burlapped plants should be placed in a pit that is about one-and-a-half times as wide as the diameter of the ball.

All plants should be placed at the same depth as they were previously growing. Bare-rooted trees usually have a line of discoloration at the depth they were planted. A balled-and-burlapped plant should be covered to the top of the root ball.

The soil used to cover the root system should contain one part peat moss and two parts topsoil. The covering soil should be thoroughly watered so that it settles around the plant.

Fertilizer should not be applied until after the plant's first growing season. Additional information on planting wood plants is available at the county extension office.

While on the subject of trees, pruning season is here. However, if you don't know how to properly prune a tree learn how to do it before you ruin a good tree.

I see very few trees in the area that have been properly pruned. Don't top your trees. This can ruin a good tree as it exposes it to insects, disease, sunscald and the new branches will be weaker. We have good bulletins on pruning in the office.

On March 30 we will have a Horticulture Short Course to cover subjects on maintenance of landscape plants including trees, shrubs and grass.

Winter weeds are noticeably present in dormant turfgrasses such as bermuda. The weeds are primarily annual broad-leaved and grassy species which emerged in the fall. Preemergence chemicals such as Balan, Dacthal and others applied in the early fall would have prevented most of these weed problems but it is too late to consider these materials now. The following post-emergence herbicides may be used on dormant bermuda grass lawns. All herbicides suggested should be applied according to label directions.

Cacodylic acid (phytar 560: Ortho Contax Weed and Grass Killer). Apply only to dormant bermuda grasses weeds. Dormant bermuda recovers in early spring. Temperature must be above 50 degrees at time of treatment for effective control of weeds.

Endothall (Endothall Turf Herbicide). Apply to dormant turf for winter weeds such as burclover, henbit, little barley and rescuegrass.

2, 4-D, Silvex, Dicamba, Mecoprop (MC-PP) or mixtures of two or more of these for clovers, chickweed, henbit, dandelion and other winter broad-leaved weeds.

4-H Club Have Meeting Feb. 2

The McLean 4-H Club met February 2 in the McLean Cafeteria.

The meeting was called to order by president Greg Gabel. The minutes from the January meeting were read by Leisa Gabel, secretary. The 4-H Pledge was led by Mark Tate and the 4-H Prayer by Teresa Woods.

The main business of the meeting was the upcoming McLean Stock Show and also the Pampa Show. The date of the McLean Show is March 5 and the Pampa Show starts March 12. Layton Barton led the discussion.

Refreshments were served by Linda Littlefield and Mary Rice.

DOWN MEMORY LANE

10 YEARS AGO

Football awards were presented at the Tiger Football banquet recently. Raymond Baker received the Most Valuable Player Award and Teresa Mertel received the football queen trophy.

Mr. and Mrs. Dale Glass are the parents of a boy born Tuesday, Feb. 14 at the McLean Hospital.

A McLean student, Harry Tate, has been named to the dean's honor roll at Lubbock Christian College for the fall semester.

Mr. and Mrs. Johnnie Helms are the parents of a baby girl born Tuesday 14 at Neblett Hospital in Canyon.

20 YEARS AGO

Mr. and Mrs. B. F. Williams of McLean were honored on their 50th wedding anniversary with a dinner and reception in the home of their son-in-law and daughter, Mr. and Mrs. Truman Cooper in Pampa recently.

A farewell bridge party was given Thursday, January 31, at the American Legion Hall for Mr. and Mrs. Marvin Hindman.

Gas is flowing at the rate of 8,000,000 cubic feet a day from the new gas well brought in by El Paso Natural Gas Company Sunday on the Boyd Reeves place three miles south of McLean.

Leona Hancock, who is in charge of the cosmetic department at Brown's Rexall Drug has just returned from beautician school.

30 YEARS AGO

Formal opening of the new and elaborately-decorated home of the Andrew H. Floyd Post of the American Legion in McLean will be held Thursday night, Feb. 20.

From all outward appearances, old man groundhog knew what he was doing when he saw his shadow here Sunday and ran back into his hole predicting six more weeks of winter.

McLean's up and coming girls basketball team lambasted the White Deer girls here Tuesday night by the lopsided score of 40 to 12.

Projects for the construction of two concrete tennis

courts in the Vester Smith park rose higher this week when members of the city council announced the city will give financial aid to the erection of the courts.

40 YEARS AGO

The City Food Store will open about the first of next month, with the same personnel in charge that operated the store and market before they sold to Standard Food last year.

Mrs. Ruel Smith was hostess Tuesday afternoon from 4 to 6, at a party honoring the fourth birthday anniversary of her little niece, Wynett Caldwell of Dalhart.

A birthday party honoring Nettogene Shoemaker was given at her home Thursday evening, Feb. 11th.

Married, Friday evening, Feb. 19, 1937, at the Presbyterian manse. Miss Emily Chunn and Mr. W. H. Barnes, Fev. W. A. Erwin performing the ceremony.

McLean has been penalized 10% for a bad fire record last year. Policy holders will begin to pay the loss in increased premiums this year.

Hally's Food Store will open in a few days here with a complete stock of groceries and meats.

Roy Campbell was in Pampa Saturday.

50 YEARS AGO

The first negro wedding to take place in McLean took place at the Massay building Friday evening when Justice of Peace C. S. Rice spoke the words that united Mr. A. Jackson and Mrs. Elms Watson as man and wife.

Sheriff E. S. Graves appeared before the commissioner's court Monday and asked that a salary be furnished Jim Sullivan, who has been appointed deputy sheriff for this side of the county.

Mr. Leon Crockett and Miss Almeda Howard were married at the Baptist parsonage Saturday evening.

A bridge for McClellan Creek had the right-away at the luncheon of the directors of the McLean Chamber of Commerce held Monday night at the Thut Hotel at Lefors.

The senior and junior classes of the McLean high school were entertained with a Valentine party at the home of Mrs. Pete Fulbright Saturday evening.

The oldest golfing club in the world is the Honorable Company of Edinburgh Golfers, which came into being March, 1744.

Letter To The Editor

Dear Editor,
 I've just laid down the Thursday edition of the Pampa paper, and as a senior student at McLean High I feel its time to speak out. After reading the comments on why our entire coaching staff is resigning, I felt that we the students need to defend ourselves.
 It seems clear to me that apathy can be brought about by apathy, so how can a student's attitude rise to a high without the assistance of the teaching staff?
 I've attended the McLean Schools for ten years and I know what it's like to anticipate the new school year with a new set of teachers, and then be sadly disappointed. Maybe the teachers who apply for jobs are expecting apathy and become apathetic themselves.
 McLean High School and junior high have several great teachers who stimulate the students and make spirit rise and victories within our grasp. Then there are the teachers who work at tearing down our pride by failing to dig themselves out of their own downtrodden ruts. The student's attitude only matches that of the teacher in front of the blackboard.
 Several schools with worse athletic facilities than McLean have winning teams. Many boys and girls walk our halls carrying potential, but why don't the teachers see and help develop these talents? McLean's supporters are some of the best; they buy band candy, FFA fruit, FBLA magazines, and then turn right around and open their purses to buy basketball magazines. I've seen the stands of the home team nearly deserted while as a visiting team, McLean's fans filled the stands.
 The blame for not holding or being satisfied with a job cannot entirely be placed on student's attitude, poor facilities, or even lack of support; there's got to be another reason.
 Sincerely,
 Cherrie Billingsley

It seems clear to me that apathy can be brought about by apathy, so how can a student's attitude rise to a high without the assistance of the teaching staff?

I've attended the McLean Schools for ten years and I know what it's like to anticipate the new school year with a new set of teachers, and then be sadly disappointed. Maybe the teachers who apply for jobs are expecting apathy and become apathetic themselves.

Two New Classes Are Started

Two new classes were started last Tuesday. Instead of health and government, there will now be sociology and free enterprise.

To graduate a student is required to have two quarters each of health and government. There will be one quarter of free enterprise. There will be six weeks of sociology and six weeks of psychology to finish out the year.

Rose Dwyer On All-District Team

by Kirk Merrell

Awarded first team All-District last week was Rose Dwyer of McLean. Rose scored 595 points for the season and grabbed 124 rebounds. Rose was the offensive spark for McLean. She shot and made 264 free throws out of 310.

Rose shot in 44 points for a game high against Quail in the Shamrock Tournament. She averaged 23 points a game and 4 rebounds.

Mr. and Miss FBLA Chosen

by Brian Stokes

In a regular meeting last Tuesday night the Future Business Leaders of America elected Chris Moore and Rose Dwyer as Mr. and Miss FBLA to represent them at the state convention in San Antonio. The members voted to attend church together at the Methodist Church Sunday as recognition of FBLA Week.

Refreshments were served by Diane McAnear and Brian Stokes.

This Friday and Saturday will be a twirp weekend sponsored by the FBLA in which the girls ask the boys for a date and the girls pay for all the expenses. Thursday will be a 50's day and Friday is Western day. All student body and faculty must dress up for these two days or they will suffer a fine.

Senior Note Cards Due

by Peggy Van Huss

Have you got your interview yet? Do you have all of your sources? Who should I interview?

This past week has held a hectic schedule for the seniors. Note cards for their research report will be due tomorrow. The note cards are to include a personal interview and at least nine other sources, only one of which can be an encyclopedia.

The seniors have had about a month to prepare the note cards. They will begin on the outline and rough draft Monday. The due date for this will be March 18.

The typewritten final copy, which will be at least fifteen pages, will be due April 15.

Visiting in the E. M. Bailey home over the weekend were Mr. and Mrs. Rocky Finch of Amarillo and Mrs. Kathy Southerland and Bradley of Amarillo.

Local Students To Compete In Music Competition

In Canyon Saturday, six students of Mrs. Bonnie Fabian will compete in the University Interscholastic League piano and voice competition. They are Rhonda

Merchants Donate

The students of McLean High are very fortunate to live in a community where the merchants are so good to help in all the money raising projects that we have.

The merchant is begged for money about 50 times a year, yet they are always willing to give one more time to help a group reach a goal they have set.

The merchants always help in projects conducted by the annual staff, FHA, PFA, FBLA, different classes and athletic organizations.

I think that we are very fortunate to live in a community that has such nice merchants.

Woods, Beth Smitherman, and Sherry, Jamie and Maridale Glass, all competing in piano, and Trudy Stewart competing in voice.

The competition will be held in the Fine Arts Building on the West Texas State University campus.

Tornado Drills

by Judith Bentley

Don't be surprised if you see kids crouching in the halls at McLean Grade School. These students are practicing tornado drills. In case of a tornado, these students will know what procedure to take for protection.

A continuous ringing of the bell for about one minute indicates that the tornado procedures should be executed. Students of each class are assigned to open the doors and windows in their rooms. One bell means to return to the classroom.

Mr. John Sollis, principal, commented that the students cooperated very well and did a good practice tornado drills.

COME, COME, NOW

The yo-yo comes from Filipino jungle fighting weapon. The word means come-come!

A 10-minute call to San Francisco doesn't take a lot of dough.

For just \$2.44 or less, you could take down these recipes by Long Distance.

We're printing these recipes to make a point: a Long Distance call lets you say so much, for so little.

In a 10-minute phone call to San Francisco, between 5 p.m. and 11:00 p.m. tonight, you could take down the recipes below. And by dialing 1+, the most you pay is \$2.44, plus tax.

So enjoy a pleasant visit tonight by Long Distance. Whether you call to get a couple recipes... or just to find out what's cookin'.

1. SOURDOUGH STARTER

1 package active dry yeast
 2 1/2 cups warm water (105° to 115°)
 1 cup instant nonfat dry milk
 2 tablespoons sugar
 4 cups all-purpose flour

a) Stir yeast, water, dry milk and sugar in 2 1/2 quart crock or non-metallic bowl until yeast is dissolved. Stir in flour gradually until a smooth batter forms. Let stand loosely covered in warm place, 3 to 5 days. Stir down batter occasionally. Store loosely covered in refrigerator.

b) Replace exact amount of starter used for each recipe by stirring equal amounts of homogenized milk and flour back into starter. (For example, replace 1 cup starter with 1/2 cup homogenized milk and 1/2 cup flour). Let stand loosely covered until it bubbles, overnight. Stir down. Each time this process is repeated, the starter becomes more active and develops a more sour flavor. Note: if stored as much as two to three weeks between usings, just pour off the watery layer on top and replace following procedure in (b).

2. SOURDOUGH BREAD STICKS

1 cup instant nonfat dry milk
 1 cup warm water (105° to 115°)
 1 cup Sourdough Starter (see Recipe No. 1)
 2 cups all-purpose flour
 3 tablespoons vegetable oil
 2 teaspoons salt
 2 teaspoons sugar
 1/2 teaspoon baking soda
 1/2 to 1 cup all-purpose flour
 1/4 cup butter or margarine, melted

a) Mix dry milk, water, Sourdough Starter and 2 cups flour in metallic bowl, cover loosely. Let stand in warm place until mixture is coarse and bubbly, at least 8 hours.

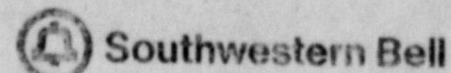

b) Mix oil, salt, sugar and baking soda into sourdough mixture in enough of the remaining flour to make dough easy to knead. Knead dough lightly on well-floured board, about 2 minutes.

c) Roll dough into rectangle, 15 x 10 inches, on well-floured board. Cut into fifteen 1-inch strips. Roll each strip into even round stick about 14 inches long. Double strand over and twist to form stick. Place bread sticks on greased baking sheet, brush with butter. Cover with plastic wrap. Let rise in warm place until 1 to 1 1/2 hours.

d) Heat oven to 375°. Bake bread sticks until golden brown, 30 minutes. (Makes 15).

Gray Co. Farm Newsletter

March 20 has been set
by the State Committee
as the latest date wheat
and barley can be grazed
in Gray County and
still be expected to pro-
duce a full grain crop.
If you have some wheat
acreage that is planted
for grazing or cover and
not for harvest, you can
report it to us by March
20 and it will not be
classified as wheat and
charged against your
disaster allotment. All
planted wheat will be
classified as wheat (re-
gardless of use made of
it) except that reported
by March 20 as for
'Grazing' or 'Cover
Only.'
You need to stop graz-
ing any wheat planted for
harvest on March 20 if
you wish the farm to be
eligible for full disaster
consideration. If you
want to graze any wheat
or barley acres after
March 20, you need to
have the acreage ap-
praised before grazing
after March 20. Other-
wise full farm yield will
be charged to the acres
in case of later disaster
eligibility.
You need to file notice
with this office if you
have some blowing wheat
and it becomes neces-
sary to take control mea-
sures on it. In emer-
gency situations, file the
notice as soon as possi-
ble after control mea-
sures have been taken
and prior to total des-
truction of the crop evi-

McLean News, McLean, Texas, February 24, 1977 Page 7 Swapa-Hobi Club Meets

The Swapa-Hobi
Club met Wednesday,
Feb. 16 in the home of
Maxine Gordin.

The meeting was call-
ed to order by Maxine
Gordin, president and all
stood and recited the
club prayer, in unison.
The roll call was
answered by Loree
Barker, Emily Rippy,
Ramah Lou Lankford,
Sophia Hutchinson,
Myrtle Phillips, Lucy
Goldston, Virginia Tate,
Maggie Johnston, Max-
ine Gordin, and one new
member, Bernice Dean.
The hostess read a
passage from the Bible
for the devotional.
Lucy Goldston brought
a demonstration on
"Quilling".
Refreshments were
served to the above
mentioned, and the next
meeting will be with
Lena Freeman.

The Fidelas Sunday
school class met at the
senior citizens building.
Those present were
Evelyn Glenn, Opal Hugg,
Agnes Simmons, Mrs. Jim
Stevens, Safronia Pettit,
Elizabeth Kunkel, Eula
Morrow, Joann Miller,
Marzie Lisman, Relia
Ayers, Doris Morgan
and little granddaughter.
The hostess Ada
Simmons and Opal Hugg
served cake, coffee and
tea.

denance. You will need to
report the entire plant-
ed acres of wheat on the
farm at the time you re-
port some loss on any
acres of wheat or barley.
Always have the wheat or
barley acres appraised
before destroying it re-
gardless of the cause of
the loss.
Cotton allotments in
Gray county can be
transferred by lease to
other farms in the county
or to other counties in
Texas. However, trans-
fers by sale can be made
only within the county.
These transfers can be
made any time after you
receive allotment notice
and up until May 1, 1977.
The office will be clo-
sed all day on Monday,
February 21 for Feder-
al Holiday.
