McLEAN, GRAY COUNTY, TEXAS - THURSDAY, OCTOBER 28, 1976

NUMBER 44

## 4-H Club Taking Consignments For Farm Sale

Consignments in the Gray County 4-H Council-sponsored farm sale are being accepted by the Gray County Extension Office, according to Tony Smitherman, County Show Board.

The sale will begin at 11 a.m. Nov. 13 and proceeds will be used to finance 4-H Club work in Gray County.

Any farmer, businessman or homeowner in the surrounding area is invited to consign items to this sale.

Consigners will be charged five percent of the sale price on the first \$5,000 and 2.5 percent of the amount over \$5,000. Minimum charge on each item will be \$1 and a one per cent pass out fee not to exceed \$10 will be assessed on items not sold.

Smitherman said persons wishing to consign items should contact the Gray County Extension Office at 669-7429 or him at 779-2595.

Consignments will be accepted any time prior to the sale, but items must be consigned by Saturday to appear on the sale bill.

Auctioneers will be Bedford Forrest and Bill Clymer, both of Amarillo, who are donating their services.

## Few Hunters-- Few Birds

Few participating prairie chicken hunters and unharvested grain in the fields have been listed as two reasons for a poor season Oct. 16-17 in the 12 counties hosting the annual hunt.

"There were several hunters with their limit, but they had to dig the birds out of the pastures since the birds were not moving," said Weldon Fromm, Amarillo district supervisor.

And in the four South Plains counties, the hunting was ever slower.

"I saw fewer hunters and fewer birds bagged during this two-day hunt than any previous season since I started working this area," said Bill Pratt, Lubbock district supervisor.

The daily bag limit of two birds appears to have been more than adequate with most hunters bagging only one bird. The early dry spell helped produce late maturing grain and most of it was still uncut in the fields. The majority of the prairie chickens remained in the large

## Graveside Services Held Tuesday For Mrs. Julia Mertel

Graveside services were held for Mrs. Julia Mertel, 88, at 2 p.m. Tuesday at Hillcrest Cemetery. Burial was under the direction of Lamb Funeral Home.

Mrs. Mertel, who died Sunday, was born in Subtista, Czechoslovakia and moved to Chicago in 1904. She married John Mertel in Chicago in 1908 and the couple moved to McLean in 1914. She was a member of the Lutheran Church.

She is survived by three daughters, Mrs. Magarita Smith of San Antonio, Mrs. Bessie Boston of McLean and Mrs. Julia Johns of Emporia, Kans.; two sons, Paul and Johnnie Mertel, both of McLean; eight grandchildren and six great-grandchildren.

## Cutting Horse Show In Amarillo

The Cadillacs of the cutting horse world will be in Amarillo Nov. 4-6 for what promises to be one of the most action-packed events in the Texas Panhandle this year.

Competing for a whopping \$10,000 in purse money, plus another \$200 per horse, the top contestants in the National Cutting Horse Association will be at the Tri-State Fairgrounds for a series of events designed to bring a bit of the Old West to the 1970's.

The crowd-pleasing events begin at 10 a.m., Nov. 4 and continue throughout the day. Additional competition starts at 11 a.m., Nov. 5-6, with 7:30 p.m. times set for the non-pro and open finals, respectively.

Trophies to the Finals winners will be presented the evening of Nov. 6 said Rusty Tinnin, chairman of the competition sponsored by the Amarillo Chamber of Commerce Agri-Business Committee. Winners of world championships for a year of competition will also be recognized.

pastures and few hunters went in after them. The prairie chicken populations are rated good in these areas.

Sportsmen are now preparing for the upcoming November seasons which include duck, goose, quail, deer and turkey.

## Jubilee Is Set For November 6

A Derby Town Jubilee, sponsored by the Future Business Leaders of America at McLean High, will be staged Saturday, Nov. 6 beginning at 7:30 p.m.

This jubilee will feature all school talent as well as talent from the surrounding area.

Everyone is invited to attend. For a small admission charge you can have a evening filled with good music.

## Retired Agent To Be Honored

Twenty-two staff members of the Texas Agricultural Extension Service who have retired during the past year will be honored at a special recognition banquet October 28.

The event is set for 6:30 p.m. at the Ramada Inn, College Station, announces Mrs. Mary K. Sweeten, Extension foods and nutrition specialist and chairman of the banquet committee.

The Extension Service and the Alpha Zeta Chapter of Epsilon Sigma Phi, the national honorary Extension fraternity, annually honor those who have retired from Extension work during the last year.

Each retiree will be presented a special plaque sponsored by the County Judges and Commissioners Association of Texas. Making the presentation will be Rockwall County Judge Derwood Wimpee, president of the association.

Among the 15 retired county agents who will be honored is J. Foster Whaley, Gray County.

## Halloween Carnival This Saturday Night

Little spooks and goblins along with their parents and grandparents are invited to the Halloween Carnival, which will be held this Saturday night Oct. 30 from 7 to 10 p.m. at the gym.

There will be something for all ages to participate in such as bingo, a spook house and many other booths will be set up by different organizations. There will also be a concession stand.

The carnival is sponsored by the Mother's Club.

Mr. and Mrs. Harold Hugg of Bloomfield, N. M. visited in the home of Opal Hugg.

## Before Digging Up Cable Call Toll Free Number

Earthworms and telephone cables have two things in common: Both are safer underground but both get dug up once in awhile.

A real difference, though is in the intent of the person doing the digging.

"Few people, if any, would knowingly dig up a telephone cable," said Gary Stevens, manager

But cable breaks do happen here--primarily because of construction going on."

Stevens cited McLean's growth rate as the reason for fast-paced building activity. He said 90 percent of telephone cable installed to meet growth is placed underground, both for protection from the elements and for a more attractive environment.

"By going underground, the cable isn't as susceptible to bad weather," the manager said. "Moisture in the wires can disrupt service and burying the cable usually solves the problem."

But when underground cable is cut, the result is always the same--phones stop working. At best, that means a customer facing an emergency might not get help in time.

Stevens also said a severed telephone cable can mean extra expense for those responsible. For example, when a contractor fails to notify the telephone company of excavation plans and cuts a cable clearly indicated by a Southwestern Bell marker, the firm often is held financially responsible for the damage.

"A call to the telephone company's toll-free Enterprise 9800 number--before digging--can prevent service interruptions."

After dialing the operator and asking for Enterprise 9800, a contractor or customer is connected with a telephone company employee. The calling party is either told where cable is located in the area or a cable locator is dispatched to the site to map out cable routes.

Stevens added that the contractor or customer should call the company's toll-free number at least 24 hours before digging operations start if they notice any underground phone cables warning signs around the construction site. There is no charge for this service.

## Voting Set For November 2

A large turnout of voters is expected to turnout for the general election, which will be held next Tuesday, Nov. 2 at the senior citizens hall on Main Street.

This is an important election as voters will be going to the polls to decide who our next president will be. If you are not certain how to vote please look at the sample ballot that is in the paper and study it.

Those that live in Precinct 4 that are in Donley County may vote at the James Hefley home, who resides south of McLean just off of the Hedley highway.

## Register Now For LVN Course

Application for registration are now being taken for a second-semester class of Licensed vocational Nursing (LVN) to be offered at Frank Phillips College.

This will be the first time the college has offered an LVN class to start in the spring semester.

The course will last for 12 months, and upon satisfactory completion of studies and clinical training, the student will be eligible to make application for the State Board Examination to become a Licensed Vocational Nurse.

The class will begin Feb. 7, under the direction of Mrs. Ella M. Meader, R.N., and Mrs. Marilyn Vermillion, R.N.

Deadline for registration is Dec. 15. Interested persons should contact Andy Hicks, director of Vocational-Education at the college, as soon as possible.

## Clocks Go Back An Hour Oct. 31

Sunday, October 31, at 2 a.m. is the official date and hour for setting all timepieces back one hour. At that time, the nation will change from daylight saving time back to standard time in the various zones. If you don't want to get up at 2 a.m. and set your clock back an hour, do so before going to bed Saturday night, October 30. Daylight saving times has been in effect since late April.

Boyd Meador attended funeral services in Jayton Saturday for his sister-in-law, Mrs. C. H. Meador, Mrs. Meador was 91 and had lived in Jayton most of her life.

## Pee Wees Beat Lefors 6-0

Tuesday, October 19, the McLean Pee Wees beat the Lefors team, 6-0.

During the first quarter, McLean kicked the football off to Lefors. McLean and Lefors were nip and tuck the first quarter. Midway into the second quarter, McLean scored on a sweep of 40 yards by Brock

Crockett, behind good blocking from his teammates, Craig Morris, Randall Wynn, Robert Swaner, Ray Barton, Mark Tate, Elson Rice, Tommy Milam, Lance Gabel, Eric Stokes and Quint Finney. The extra point was no good. Lefors never got close to scoring the whole game. McLean nearly scored three other times in the ballgame. One time Eric Stokes took the ball on a reverse and raced for 50 yards but was still short 15 yards for a touchdown which ended the first half.

During the second half Lance Gabel nearly broke for a touchdown on a dive play. Brock raced for 25 yards but for a clipping penalty it was brought back. The final score was 6-0.

## Mail Customers Asked To Help Keep Roads Clear

An appeal to customers in the McLean area for cooperation in keeping roads passable and approaches to mailboxes clear during the winter months was made by Postmaster Frank Simpson.

Rural carriers must make every reasonable effort to serve the greatest number of customers possible during the severe weather, these carriers are not required to provide service on foot when roads are impassable or when city and state authorities issue warnings that road travel is extremely hazardous.

The Postmaster is responsible for informing highway authorities of needed road maintenance where public roads are involved, but that in areas where service is provided over roads not maintained with public road has that responsibility.

Customers should also be aware that failure to open approaches to boxes after heavy snows may prevent carriers from making deliveries.

# SAMPLE BALLOT

INSTRUCTION NOTE: (NOTA DE INSTRUCCION)  
Vote for the candidate of your choice in each race by placing an "X" in the square beside the candidate's name. You may vote a straight ticket by placing an "X" in the square beside the name of the party of your choice at the head of the party column.

## Market Report

Short pecan and raisin supplies will raise prices on those holiday-baking items, but plentiful dried prunes can help alleviate the situation somewhat, Mrs. Gwendolyn Clyatt says.

Wet weather in California's Sac Joaquin Valley caused the raisin shortage which will result in price increases for that fruit.

However, dried prunes are plentiful—with production estimated to be seven per cent higher than last year. In many recipes, dried prunes can be substituted for raisins.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Lower prices may be in store for cranberries as the season advances—with production above last year's crop to such an extent that it is the second largest on record.

Economical fruit choices currently include apples, pears and grapes.

Top vegetable buys, in terms of economy and quality, are cabbage, cucumbers, squash, green peppers, dry onions and potatoes.

Greater potato acreage planted is increasing output to possible-record totals—all resulting in "attractive prices."

Generally, the most economical potato choices are 'by-the-bag' if consumers can use that quantity.

Head lettuce continues in the 'high-price' bracket due to adverse weather conditions in growing areas recently.

At poultry counters, turkey is in bountiful supply with larger-size birds carrying the lowest price-per-pound tags.

Also, special prices appear on fryer chickens, since supplies are more than adequate to meet the demand now that the cookout season is about over.

At beef counters, many specials are offered, so if consumers find a good buy on cuts they use regularly, they might consider buying extras to store in the freezer.

## Outdoor Classroom

Ask almost any Pampa or Lefors youngster about outdoor learning areas, and he will probably tell you about the one at school.

The Soil Conservation Service, in cooperation with the Gray County Soil and Water Conservation District and six area schools, has developed these outdoor learning areas for the benefit of the students and teachers alike.

Outdoor classrooms are well planned and laid out areas where trees and grasses are planted and things such as rock waterfalls are built. The students actively participate in the entire process. The area may be a relatively small space between classrooms, but it really means a lot to the kids who help build it and to the kids who use it in the future.

Outdoor classrooms are an asset to any school, students and teachers as well like these learning areas. The learning process is made a little different and enjoyable by these areas built for today's school children.

# Can we afford four more years without effective leadership?

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans—not just the powerful and influential—have a better future.

During the past two years, the middle class has paid far too dear a price for a President lacking that ability.

Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans.

Today's inflation rate of 6% is higher than it was at any time between the

Korean War and the inauguration of Richard Nixon.

The 1968 food dollar is now worth 57¢.

Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred during our entire 200-year history.

Real GNP has actually declined during each of Gerald Ford's two years in office.

And who is most affected by these distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.

Jimmy Carter means to change all that. As President, he will make government responsive to your needs.

**Tax Reform:** "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American."

**Economy:** "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Employment needs to be the major thrust of the whole domestic policy of our government."

**Efficiency in Government:** "We now have in the

federal government the most bloated, confused, wasteful bureaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's needs."

**Housing:** "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hard-earned money fixing up his home, the assessor raises his taxes. And the FHA no longer

cares about families getting started in their own homes. I intend to restore the FHA to the time when, for a down payment, a family could get a mortgage which the government would insure."  
**Health Care:** "We need a nationwide health care delivery system which will make adequate health care a right for all people."

**Jimmy Carter has the strength to take charge of our government. If you are tired of paying the high price of Republican ineffectiveness, you have only one choice on November 2nd, and that choice is for change.**

Paid for and published by 1976 Democratic Presidential Campaign Committee.

**Vote for JIMMY CARTER. A leader, for a change.**

## Attend the Pep Rally Friday

by Teresa Mounce  
 Are you lacking in spirit? The place to get pepped up with lots of spirit is at the high school pep rally which is held every Friday afternoon. The cheerleaders, band, and twirlers perform for the students and adults that attend. The spirit stick is awarded to the most spirited class, organization, or person. This week Mrs. Mary Lou Glass presented the spirit stick to the Tiger band. Every week we hear a few comments about the game from a member of the Tiger football team. Junior Sam Haynes and sophomore Tommy Eck were the featured speakers.

by Teresa Bybee  
 The McLean Junior High Cubs played White Deer there last Thursday night. They were defeated with a 20-0 score.

The Cubs will be playing Wheeler there tonight at 6:00.

Hambricht were nursing sore feet and frayed nerves. However, they decided the day was well worth it since over half the pictures for the annual were finished.

## Tigers Travel To Booker Friday

Tigers have still not put it together yet and were defeated Friday night by the Wheeler Mustangs, 48-6. The Mustangs scored the first four times they touched the ball. The Tigers' only score came with seven seconds left in the first half as Mike Smith passed to Dale Killham for a 45 yard touchdown.

The Tigers are now 1-6 for the season and the Mustangs are 6-1 for the season. The Tigers will be traveling to Booker this Friday.

## Kindergarten Children Wanted

Would you like for your child to attend kindergarten this year? On Monday, November 8, at 5:00 p.m. there will be a meeting in the school cafeteria for those parents who want their children to attend kindergarten this year. Your child is eligible if he or she was five years of age on or before September 1.

The teacher for kindergarten this year will be Mrs. John Kirby.

## DOWN MEMORY LANE

### 10 YEARS AGO

Kay Parr, daughter of Mr. and Mrs. J. L. Parr, was crowned band queen Friday night.

McLean pushed its district mark 3-0 and tied with Wheeler for first place.

Jean Carol Bible, daughter of Mr. and Mrs. Jake Bible, is now attending Amarillo Junior College.

### 20 YEARS AGO

Mr. and Mrs. John Bayless of Borger are the parents of a son, Danny Homer, born Wednesday, October 24.

Gracie and Teresa Richardson will celebrate their 30th wedding anniversary Saturday, Nov. 3.

Mrs. Lady Bryant, librarian for the McLean Public Library since its beginning in 1940, is eagerly awaiting the day when the new brick building will be ready for occupancy.

McLean Legionaries will have one of the best huts in this section when they move the old officers club building from the POW camp.

Next week's paper will be published by the new owners, with Editor Campbell in charge.

Mrs. Frank Wiggins and Mrs. R. D. Dunham honored Kent Wiggins with a party on his fifth birthday, October 25.

### 40 YEARS AGO

Irwin Alderson of Clarendon has bought the City Tailor Shop from H. H. Darnell, and expects to take charge Monday.

Chas. E. Cooke and

S. D. Shelburne made a hunting trip to Montana last week and brought back plenty of venison.

50 YEARS AGO  
The need of a sanitarium had right of way in the discussions at the Chamber of Commerce

Mrs. John Harris entertained Saturday with a birthday party in honor of the sixth birthday of Fred Wayne.

Only 109 voters took advantage of the general election in McLean Tuesday.

RN &

campaign is being coordinated.

Reports received by the state health department from local public health departments and the ten Public Health Region offices indicate that the flu campaign is proceeding smoothly around the state, in spite of the fact that plans made in many communities have had to be revised repeatedly. The major problem in most areas has been the slow delivery of vaccine in much smaller quantities than had been anticipated when the campaign was first planned this summer.

Vaccine for the national swine flu immunization program is arriving slowly and in small quantities, but ample amounts are expected by late November, according to the Texas Department of Health Resources.

Lon Gee, health program specialist for the Department of Health Resources Immunization Division, said, "As of the eighth of October the Department has received a million and a quarter doses of vaccine for use across the state. One million doses may sound like a great deal, but there are more than 12 million people in Texas."

Gee added that deliveries are expected to be slow throughout Oct; he said, "Everyone is going to have to be patient." However, he said that considerably larger shipments are expected during Nov., and we hope that by early Dec. we would have vaccine waiting for us to find someone to give it to.

Two major types of vaccine are involved: a bivalent, or combination vaccine, that protects against both the New Jersey (swine) flu, and the Victoria strain of Asian flu, and a monovalent vaccine against the New Jersey flu only. The bivalent vaccine is intended only for persons over 65 years old, or individuals of any age who are chronically ill. The monovalent vaccine will be administered to the general public.

Vaccine deliveries to date have favored the bivalent vaccine, Gee said, "because the elderly and chronically ill are a high risk group and we need to reach them first. Large public clinics for the healthy citizens have been scheduled later."

Gee said, "For healthy children under age 18, recommendations have not been received as to what dosage vaccine can be given. However, we expect to have some recommendation from federal sources later this month or in November. We will schedule the program for healthy children when we get a final recommendation following the results of all the field trials that have been made with the vaccine."

This decision will be reached by federal authorities at the national Center for Disease Control in Atlanta, Ga., where the nationwide

Ge'e said that the delay in the vaccine program stems from the national level. Everyone was trying to do too much too fast. A job might well take a year or a year and a half was being planned for three or four months. Although everyone had the noblest of intentions, said Gee, the delays were probably inevitable because of the enormous job. He added, however, that the delays have been made worse by legal problems involving the vaccine manufacturers and their insurance companies.

State health officials say that they still don't know exactly how much vaccine eventually will be received in Texas.

Gee explained, "The program is an entirely voluntary one, and for this reason we are uncertain as to how many people will desire to receive the vaccine. At this time, we expect to receive vaccine for approximately 50 to 60 percent of the population of Texas, he said." Although Texas officials had originally expected to have at least eight million doses of the various vaccines, they have been told to expect about 5.5 million doses. Whether more vaccine will be available if needed depends on how much is used in other states. Production of the vaccines has been discontinued by the manufacturers.

### Band Gets Good Rating

by Maridale Glass  
Tiger Band participated in the annual University of Interscholastic League marching contest. They were given a Division II which is equivalent to an excellent rating.

This is the first year for the band to march with the Class B schools. There were a total of eight B bands present. To these bands, only one Division I, one other Division II and five Division III were given.

The critique sheet, the judges' comments, generally said they looked like a proud band with good drills and appearance, but still needed work on fundamentals.

This is the first rating for the band over a Division III in at least eight years for the marching contest. The band would like to thank the people for their support that they have given.

Toni Wynn, junior twirler, competed in the Solo Twirling Competition and received a Division III.

Base cabinets with pullout shelves make more storage space easily accessible.

### 4-H Beef Project Group Meets

The McLean 4-H Beef Project Group met Oct. 20, in the Tony Smitherman home. They filled "D" forms for their beef projects.

They also discussed their activities for this year.

Those attending were Beth and Bryon Smitherman, Elson Rice, Roxie Littlefield, Rhonda and Teresa Woods, and Deb Crockett. The 4-H Beef Project leader is Mrs. Tony Smitherman.

### FBLA to Have Spook House

by Brian Stokes

Members of the Future Business Leaders of America will sponsor a spook house at the Halloween carnival. The sponsor, Mrs. Jan Johnson, set up six committees to work at the carnival. Each member will be required to work at the booth.

An all-school Jubilee will be held Nov. 6, at 7:30 p.m. in the high school auditorium, sponsored by the F.B.L.A.

Anyone interested in being in the Jubilee should contact Mrs. Jan Johnson or George Terry.

### Mary Martha Class Has Meeting Oct. 17

By Lucille Cullison  
The Mary Martha Sunday School class of the First Baptist Church met in the home of Mrs. Harvey Hudgins on Saturday, Oct. 17 at 2:30 p.m.

Mrs. Irene Williams offered the opening prayer. Mrs. Levie Smith brought the inspiring devotional. Her topic was "You May be Richer than you think," Proverbs 27:1.

Mrs. Bonnie Bidwell was in charge of the fun paper games and a scavenger hunt, which was enjoyed by everyone.

The home decorations were in the Bi-centennial motif with the serving table covered in a red, white and blue cloth and centered with a pretty cake topped with the number 1776-1976 and miniature American flags.

Class members having birthdays were Margaret Chapman, Clara Hupp, Bonnie Bidwell, Jessie Watson and Margaret Wells. The class wished them a Happy Birthday.

The refreshments were the birthday cakes, nuts, punch and coffee and was served to the members present. They were Bea Lester, Loree

Barker, Margaret Wells, Gladys Smith, Ellen Roby, Levie Smith, Bonnie Bidwell, Lillie Mae Williams, Nora Moore, Irene Williams and the hostess, Verna Hudgins. A good time was had by all.

The next meeting will be a Thanksgiving dinner for the husbands and

wives with Mrs. Loree Barker as hostess. The dinner will be in the Baptist Church basement. The date will be announced later.

In 70 years, the human heart beats 2 1/2 billion times!

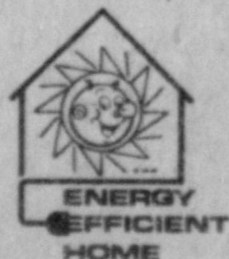

AGRICULTURE EXEMPT FROM OSHA FOR A YEAR---As of Oct. 1, farms, ranches and other "agricultural operations" who have 10 or fewer employees at any one time are exempt from all requirements under the Occupational Safety and Health Act (OSHA) for one year. The change resulted from amendments to the appropriations bill for the Departments of Labor and Health, Education and Welfare; all OSHA operating funds for fiscal 1977 are in that bill. OSHA restrictions are designed to give some relief to small firms and small farms, says an agricultural safety engineer for the Texas Agricultural Extension Service.

### Public Quail Hunts Scheduled

Most of the quail hunting in Texas is on private property with leases and day hunting fees, but there are two public hunting areas in northwest Texas open to the general public this fall.

The popular Matador wildlife management area, located 11 miles northwest of Paducah in Cottle county, will open it's gates for quail hunting on Nov. 6-7, 13-14, 20-21, Dec. 4-5, 11-12, 18-19; Jan. 8-9, 15-16, 22-23; Feb. 5-6, 12-13, 19-20.

Quail hunts on the Gene Rowe wildlife management area, six miles east of Canadian in Hemphill county, will be open to quail hunting on Nov. 6-7; Dec. 11-12; Jan. 8-9, 22-23; Feb. 5-6; March 5-6.

To help defray the cost of conducting the hunt, a fee of \$1.00 will be charged for each hunter for each day hunted. Fees will be paid at check stations when the hunters report to hunt.

Hunters will start arriving several hours prior to the legal shooting time on each area and a first come-first served policy has worked well over the last few seasons.

Only persons 12 years of age or older will eligible to hunt on any of the wildlife management areas open to quail hunting. The under 17 participant must be accompanied by his parent or by a person 21 years of age or older who shall be responsible for the conduct of the minor. The "underage" hunter shall remain under the immediate supervision of his sponsor while hunting and will not under any circumstances be allowed to hunt alone. Failure to supervise the minor will be cause for forfeiture of permits of both sponsor and minor. An adult may sponsor only one hunter.

Information and directions concerning assigned areas and other regulations will be given each hunter as he or she clears the check station.

Most hunters bag two-to-six birds per day according to both management records and hunters are reminded that they must check back through the check stations as they leave the hunt area. This is a precautionary measure for area managers to be sure no one is hurt or lost on the management unit.

More information can be obtained by calling Charles Boyd, Matador wildlife management supervisor at 806/492-3405 or Vernon Morse, Gene Howe wildlife management supervisor at 806/323-6074.

Save the syrup of canned fruits in a plastic container and keep it in the freezer until you have enough. Thicken it with a little cornstarch and use it as a hot sauce over snow pudding, pound cake, French toast, or pancakes.

"How did you break your husband of that habit of staying out all night?"  
"When he came home late one night, I called out 'Is that you, Ralph?'—and my husband's name is John."

"Mother," said Tommy, "is it correct to say 'water the horse' when he is thirsty?"

"Why, certainly, dear."  
"Well, then," said Tommy, picking up a saucer, "I'm going to milk the cat."

Freshman: "May I kiss you?"  
Co-ed: "Jeepers! Another amateur!"

Someone just figured out what doctors scribble on prescription pads. It's a note to druggists: "I got my \$5; he ought to be worth that much to you."

A ten-year-old boy rushed into the shop. "Father's being chased by a bull," he cried.

"What can I do about it?" asked the shopkeeper.  
"Put some film in my camera," said the boy.

"Now press the button marked 'D' with the forefinger of your left hand."

Laurie: "The people next door must be very poor?"  
Mother: "How do you know, dear?"  
Laurie: "They made such a fuss when their baby swallowed a dime."

Politician: "There are many ways, my friends, of making money. But there's only one honest way."  
Opponent: "What's that?"  
Politician: "I was pretty sure you wouldn't know!"

Aunt: "Well, Bobby, how do you like school?"  
Bobby: "Closed, of course."

"It may have been my turtle. I brought it in with me."

### Harvest King and Queen Are Chosen

The annual Harvest King and Queen coronation, sponsored by Mothers, Inc., was a success despite bad weather. The Royal Prince and Princess were Tim and Tammy Killham (brother and twin sister). The Harvest King and Queen were Melinda Hunt.

In the 1st division costume contest, Kvie Woods earned 1st place; Dollie Haynes took 2nd; and Kirk Anderson was chosen 3rd.

Second division: 1st place was Amber Kingston; 2nd, Stacie Smith, 3rd, Teresa Woods.

The Harvest Royal Court consisted of the following young people: 1st grade - Quinton Brown and Angela Reynolds; 2nd grade Clint Herndon and Lee Milam; 3rd grade-Roger Smith and Lee Ann Tate; 4th grade-Von Holwick and Candi Carpenter; 5th grade-Kevin McDowell and Vonda Heasley; 6th grade-Brock Crockett and Margaret Horn; 7th grade-Spooky Smith and Leslie Skipper; 8th grade Timmy and Tammy Killham; 9th grade-Joe Mercer and Robin Stubbs, 10th-David Tolleson and Kelly Moore; 11th-Brian Stokes and Melinda Hunt, and 12th- Chris Moore and Cindy Sherrod.

Blending in with the pretty stage decorations and good music was Greg Henley who did a fine job as Master of Ceremonies.

**COTTON PROSPECTS LOWERED, MARKET STRONG** --- Prospects for the Texas cotton crop have been lowered by some 250

### Young At Heart Luncheon Wed.

The Young At heart senior citizens club will not have their luncheon on Tuesday of next week, due to the election being held in their building that day. It will be held on Wednesday, Nov. 4 instead. Please mark this on your calendar.

### Fidella Class Has Meeting

The Fidellas Sunday School class met on Oct. 19 at the senior citizens building. They voted to meet every Friday for visitation.

Those present were Thelma Stevens, Ada Simmons, Doris Morgan, Stella Gibson, Vela Corcoran, Safronia Pettit, Relia Ayers, Marzie Lisman, Bertha Smith, Pauline Miller, Fuby Ayers, Eula Morrow, Leona McPherson, and Juanita Smith. The hostess served cake, coffee and hot chocolate.

bales due to recent freezing temperatures and frost in the Texas High Plains. This would leave U.S. production at about 10 million bales and the Texas crop at 2.8 million bales. Market conditions remain strong as both foreign and domestic mills need cotton and will compete for it, says an economist for the Texas Agricultural Extension Service. World consumption will exceed world production by about 2 million bales this year.

## News From ALAN REED

Mr. and Mrs. A. H. Moreman made a trip to Houston last week where Mrs. Moreman received medical attention. They returned home on Friday.

Sam Stubbs, son of Mr. and Mrs. Burl Stubbs had surgery in Groom last week.

Visiting the Bill Crisp over the weekend was their grandson, Chad Frizzell of Lockney.

Miss Cynthia Price flew to Dallas for medical treatment Thursday and proceeded on to Odessa for a weekend with her parents, Mr. and Mrs. John Price.

Mrs. Sue Crisp, Anita Bruce, Lena Carter and Robin Stubbs and Chad Frizzell were in Pampa on Saturday.

Visiting the Burl Stubbs this week is Mrs. Stubb's mother. They have been at the bedside of Sam Stubbs, who underwent surgery in Groom last week.

Visiting the J. A. Hills over the weekend were Mrs. Hill's niece and her daughter of Oklahoma City.

Lena Carter visited in Pampa on Monday with Ruth Carter, F. B. Carter and the Frank

### Sorority Plans Halloween Booth

The Beta Sigma Phi plans a Halloween Jai at the Halloween Carnival at the school gymnasium Saturday night, Oct. 30.

Nancy Billingsley, president, held a regular meeting Tuesday night, Oct. 19.

A cultural program on poetry was brought by Jacque Gillispie and was very inspiring. Pledge Ritual was held for two new members, Janet Tate and Freda Holland.

Those attending were Nancy Billingsley, Linda McDonald, Jean Smith, Linda Smith, Mary Bybee, Susan Barker, Lucille Glass, Charlene Beauchamp, Loyce Parker, Mary Glass, Frankie Smith, Sonie Heasley, Jackie Gillispie.

Hostess were Jeanie Smith and Sonie Heasley. A silver tray was present to Loyce Parker as a going away gift.

**STATE 4-H RABBIT SHOW**---The State 4-H Rabbit Show will be held Nov. 13 at the Guadalupe County Fairgrounds in Seguin.

Crisps. Mrs. Jewel Warner accompanied her neighbor Mrs. Lowery to Pampa on Saturday.

### Pee Wee Football Tournament Day Is Changed

The Lefors Pee Wee Football tournament has been changed from Saturday, November 10 to Saturday, November 13.

Teams that will probably play will be Lefors, McLean, Pampa Browns and Fritch. These same teams will probably be in the 2nd Annual Pee Wee McLean football tournament which will be held on November 6. Bracket and times of the games will be set up in next weeks paper.

Eric Jayson Windom has spent the past ten days in the home of his grandparents, Mr. and Mrs. E. J. Windom, r. Mr. and Mrs. Eddy Jay Windom spent the past weekend here and returned their son to Dallas.

When your oven is on, you can heat an open can of vegetables by setting it on the oven floor. Be sure to remove the label.

Clancy, a rookie cop, caught breaking into a jewelry store at night. "Ha," Clancy said. "Caught act. You'll do plenty time me boy!" "Look," said the thief. "I know rights. I want to call my lawyer. I want to go into that cigar store and have him meet me at station house!"

So Clancy let the thief go in cigar store and the thief kept going out the back window. He didn't see him until six months when he met the little crook out of a jewelry store with his full of rings and bracelets. He grabbed the loot and the loot. "Ha," Clancy exulted. "I've got with the goods this time. Come with me." "I got to call my lawyer," the protested as they passed a cigar store. "You won't fool me this time, Clancy. Here. Hold these rings bracelets and give me your telephone number. I'll call him!"

## Are Christians Just Puppets?

The conception that some have about the operation of the Holy Spirit makes all people no more than puppets, moved like checkers on a board. If he wants to save them, He does it; if He wants them to move, He moves them; if He likes their conduct, He tells them. Their idea is that He is in complete charge and all they have to do is sit and wait and pray and He will make them hear a voice, see a vision, or make them feel they are saved.

Now why is it that none in the New Testament were ever told to sit and wait and pray BUT were told to believe, repent and be baptized for the remission of their sins! The people on Pentecost (Acts 2) wanted to know what to do to be saved and believers were told "repent and be baptized." The treasurer from Ethiopia (Acts 8) wanted Philip to guide him and he taught him to believe, repent, and be baptized. The Philippian jailor (Acts 16) wanted to know what to do and was told to believe on the Lord Jesus and he showed his penitence and was baptized the same hour of the night. Luke wrote that, "Many of the Corinthians hearing, believed, and were baptized" (Acts 18:8).

If obeying these very simple commands is unnecessary then why did Jesus say, "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is heaven" (Matt. 7:21)? And, why did John write, "Blessed are they that do his commandments, that they may have right to the tree of life, and may enter in through the gates into the city" (Rev. 22:14)?

Man cannot save himself, no matter how elaborate or how pleasing are his rituals - and he should not claim to, but he can and must obey God. This was true of Noah, Abraham, and Jesus (Heb. 11:7, 8, 17; John 6:38) and must be true of any man today (Heb. 5:8-9).

McLEAN, TEXAS

## YOU CAN TRUST JIMMY CARTER TO DO WHAT'S BEST FOR THE AMERICAN FARMER?

Jimmy Carter is an engineer, a scientist, a former governor. He is also a farmer. His children will be the sixth generation on the same land. He understands what it means to roll up his sleeves to do an honest day's work for an honest day's pay. He also understands the abuses you have suffered during a Republican Administration which has taken excellent care of the grain speculators, the

Russians, the food processors and the powerful. At your expense. The Republican big-business approach to farming is a disgrace and a failure. American farmers are going broke trying to produce food American consumers cannot afford to buy. As a farmer Jimmy Carter is committed to changing that. As President, Jimmy Carter will change that.

#### FARM EXPORTS.

"We can't tolerate an agricultural policy which encourages foreign sales and then cuts them off for political convenience. We can only develop overseas markets for our goods, if our buyers can depend on us and the quality and quantity of our products. Our farmers are dependable. It's our government that's not."

#### DOMESTIC AGRICULTURAL POLICY.

"The Republican big-business approach to agriculture is driving the family farmer out of business. We need to end the threat of embargoes, to create small but adequate reserves, to establish realistic fall back prices. We need to develop an abundant production policy coupled with a vigorous expansion of our export markets."

#### RURAL AND SMALL TOWN DEVELOPMENT.

"Farmers are entitled to exactly the same standard of living that most urban dwellers take for granted—adequate water and sewer systems, affordable electric and telephone service and a realistic wage for a good day's labor."

#### ESTATE TAXES.

"The present estate tax threatens the very existence of the family farmer. It should be and will be eliminated with progressive tax credits or by a substantial increase in estate tax exemptions. Permanent farm land must be and will be valued at its production value. Not at its value to land speculators."

#### TOGETHER, JIMMY CARTER AND WALTER MONDALE WILL GIVE THE AMERICAN FARMERS A VOICE IN THE WAY YOUR GOVERNMENT IS RUN.

One of the reasons Jimmy Carter chose Walter Mondale to be his running mate was because they both share the same concern for the American farmer. Born and raised in rural Minnesota, Mondale has relentlessly and consistently fought for the rights of the family farmer. And as a U.S. Senator, his record stands as one of the most impressive in Congress.

#### CAN YOU TRUST A REPUBLICAN ADMINISTRATION WHICH STANDS ON A RECORD LIKE THIS?

As a Congressman, Gerald Ford led the fight for cutbacks and impoundments of rural funds. He voted for every termination and elimination of rural programs family farmers so desperately need. As President, Gerald Ford and a Butz Department of Agriculture have consistently vetoed, embargoed, reduced and curtailed a long list of programs designed to guarantee the family farmer a decent standard of living. It's a record of disregard and insensitivity to the problems facing the farmers and consumers of this nation.

If you agree that drastic reforms must be made in the way this country is run, in the way our farm program is administered, you have only one choice on November 2nd. And that's for change.

### ON NOVEMBER 2ND,

## VOTE FOR JIMMY CARTER. A LEADER, FOR A CHANGE.

PAID FOR BY SUZIE WILKINSON & MARY SIMPSON CO-CHAIRMAN FOR CARTER CAMPAIGN

PORK TO BE PLENTI-  
 FUL --- There will be  
 plenty of pork available  
 for the dinner table the  
 remainder of the year,  
 says a livestock market-  
 ing specialist for the  
 Texas Agricultural Ex-  
 tension Service. The  
 pork supply has been  
 boosted by increased  
 farrowings, thus upping  
 the number of hogs mov-  
 ing to market. Market  
 barrows should bring  
 \$32-\$37 pe hundred-  
 weight for the remain-  
 der of the year provided  
 other meat situations  
 remain similar to last  
 year. Some 17-18 per  
 cent more hogs will be  
 marketed during the  
 last quarter of this year  
 than a year ago.

**For your convenience . . .**

You can now pay your  
 telephone bill at Potpourri  
 Shop, 212 N. Main.  
 The Potpourri Shop is open  
 from 9 a.m. to 5 p.m., Monday  
 through Saturday. Of course,  
 you can still pay by mail using  
 the return envelope that comes  
 with your monthly statement.  
 If you have any questions, dial  
 the Shamrock business office  
 toll free. Residence customers  
 should call 1-256-2191.  
 Business customers should  
 call the Pampa business office

# NEWS

\*\*\* County \*\*  
*Agricultural Agent*  
Texas A. & M. College  
Extension Service

by Joe VanZandt

With cotton harvest just around the corner, farmers should be interested in what Charles Baker, Extension Economist at Texas A&M says about the late season cotton situation. Farmers still own about 70 percent of the 1976 Texas Cotton crop. Cotton farmers are in the driver's seat with the short supply situation for this season. Prices will be up and down as buyers move in and out of the market.

The high was probably reached on July 6 and the low on August 1. This 16 cent price movement is not expected again before next summer. Sales should not be made on dips.

Contracting is a buyers option. It didn't work so well for producers in 1976 with a rising market. It should work better in 1977 on a declining market. South Texas producers have locked in a 1977 profit at 55-58 cents. This will encourage them to increase acreage there by 20-25 percent. Other areas should be cautious about overplanting next year. Cotton planted next year without a good contract, which locks in a good

profit on average yields, may cause worries next fall during harvest season.

USDA has increased its forecast for the Soviet Grain Crop for 1976. The 1976 USSR grain crop is now predicted at 215 million metric tons. This is an increase of 10 million tons above the estimate issued September 9. If achieved, this production would exceed the Soviet Plan and be second only to the 1973 grain harvest of 222 million tons. In the current total grain figure, the forecast of wheat production has been raised to 90 million tons and coarse grains to 108 million tons.

The 10 million ton increase reflects mainly further indications of higher yields, and improvement in the pace and conditions of harvest which except for corn have been virtually completed in the Soviet Union.

The upturn in cattle prices may be for real. Fat cattle and dressed beef prices have closed higher for two consecutive weeks. Feedyards report to be very current in their marketings which should mean this current upward price movement could continue. Maybe feeders can change their red ink to black ink on their closeouts before long.

Stocker and feeder prices eased back a little last week. I still cannot see a lot of increase here for some time.

No. 1

FOR (A FAVOR DE)

AGAINST (EN CONTRA DE)

No. 2

FOR (A FAVOR DE)

AGAINST (EN CONTRA DE)

Cattle feeders have got to get back on a profitable basis. A lot of them have bet on the come in fat cattle process about once too many times.

The recent cattle on feed report for the 23 feeding states estimated that on October 1, there were 9,264,000 head on feed, slightly below the number last year and 8 percent below the number on feed July 1 this year. Placements on feed during the third quarter of 1976 were 5,673,000 which is 6 percent below last year. Marketings for the 23 states in the third quarter were 6,170,000 head 23 percent above last year, while the heifers were up 13 percent from levels a year ago. Steers accounted for only 64 percent of the total, the lowest October 1 percentage for these states in 7 years.

During Oct. -Dec. 1975 cattle feeders intend to market 5,490,000 head, 11 percent more than the fourth quarter marketings in 1975, but 1 percent less than the

## PROPOSED CONSTITUTIONAL AMENDMENTS

INSTRUCTION NOTE: (NOTA DE INSTRUCCION)  
Place an "X" in the square beside the statement indicating the way you wish to vote. (Marque con una "X" el cuadro al lado de la frase que indica)

The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development that may be issued on approval of two-thirds of the legislature; amending and consolidating provisions of Sections 49-d, and 49-d-1 of Article III of the Texas Constitution; and repealing Sections 49-d and 49-d-1 of Article III of the Constitution. (La enmienda constitucional autorizando un incremento de \$400 millones de la cantidad de Bonos de Desarrollo de Agua en Texas que podrán emitirse al ser aprobada por dos terceras partes de la legislatura; emendando y consolidando disposiciones de Secciones 49-c, 49-d, y 49-d-1 del Artículo III de la Constitución de Texas; y revocando Secciones 49-d-1 del Artículo III de la Constitución de Texas.)

A constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development that may be issued for water quality enhancement purposes. (Una enmienda constitucional para incrementar de \$100 millones hasta \$200 millones la cantidad de Bonos de Desarrollo de Agua en Texas que podrán ser emitidos con el propósito de mejorar la calidad del agua.)

Alfalfa is a perennial crop which requires food reserves to maintain it through the winter and to provide for early vigorous growth next season. During the growing season the food reserves are removed regularly as hay or by grazing.

After the last cutting until heavy frosts in late Nov. or Dec. the alfalfa plant has an opportunity to build up its root reserves. The fall growth should not be removed until after the foliage turns brown and the plant becomes dormant. Cutting this limited fall growth is usually impractical but it will provide good grazing with minimal danger of bloat.

Usually fall rains provide moisture for fall

growth and winter survival. In dry seasons, however, a late fall or winter irrigation improves winter survival and enhances production next season. This is especially important the first winter after establishment as the plants have not yet developed extensive root systems to obtain moisture stored in the subsoil.

Another way to improve both yield and quality next season is to control winter annual grasses and broadleaf weeds that become established when alfalfa is dormant. There are several herbicides that are effective when applied to dormant alfalfa before weeds emerge. Labeled chemicals include simazine (Princep,

diuron (Karmex and fluralin (Treflan) as well as pronomide (Kerb) and terbacil (Sinbar). Producers are advised to read labels carefully.

If you have questions about your alfalfa program for next year, or come by the County Extension office in Courthouse Annex.
