Serving McLean and the Area Since 1903

VOLUME 73

MCLEAN, GRAY COUNTY, TEXAS - THURSDAY, MAY 6, 1976

NUMBER 19

E. Sanders General Service Monday

Funeral services for Mrs. Dora Ellen Sanders, 88, were held Monday at 3 p.m. in the McLean Church of Christ. Rev. Jay Farber ministered and David Fultz, officiating. Burial was in Crest Cemetery by the Sanders Funeral Home. Mrs. Sanders was born July 11, 1888 in Roseburg, Oregon. She moved to Gray County in 1890 where she taught school in Davis Community school before she married Robert F. Sanders in 1908. They moved to McLean in 1917 where they were farmers. She was a member of McLean Church of Christ and a past member of Gray County Home Demonstration Club. She is survived by two sons, Billie B. Sanders Perryton, and Jack Sanders of Odessa; sisters, Mrs. Alice Smith of McLean and Mrs. Sophia Gardner of Vigo Park; and one brother, Jim Short of Tyler.

Best Lady To Be Revealed At Tea

The identity of the Best Lady of the year for McLean will be revealed May 9 at the McLean Country Club. Selected upon secret vote by the sorority, Beta Sigma Phi, after receiving several nominations made by the various organizations and individuals of McLean, the lady chosen will receive a Certificate of Recognition for outstanding contributions in her respective field. The ladies being nominated will be presented a certificate for being considered.

The public is invited to attend the Mother's tea honoring the first lady of the year at the McLean Country Club on 3 until 5 p.m. on behalf of the Sigma Phi Sorority. The First Lady of the year committee consists of Mrs. Naomi Ashcraft, Mrs. Wanda Reynolds, Mrs. Evelyn Shaw, Mrs. Betty Thockmorton and Mrs. Mary Lou Briscoe. Approved four criminal justice grants totaling \$57,789 for the Panhandle area. Two of the grants are technical police equipment for the Panhandle Regional Planning Commission, which includes Gray County.

Local Art Students To Have Show

The students of Mrs. Betsy Hawkins invite the public to a showing of their paintings Thursday evening, May 6. The showing will be from 7 until 10 p.m. at the fellowship hall of the United Methodist Church. Refreshments will be served to all in attendance. Paintings on display have been painted by the following: Dorris Windom, Judy Easton, Mary Farber, Carol Allison, Catherine Weaver, Johnnie Mertel, Colleen Mertel, Kathryn Graham, Avis Meixner, Irene Ellison, Lisa Patman, Marilyn Mounce, Bonnie Bidwell, Kathleen Simpson, Cheryl Smith.

F. P. Register For Summer Term

Registration for the first summer term at Frank Phillips College has been announced for Tuesday, June 1. Classes will begin Wednesday, June 2 and will be held Monday through Thursday only. Schedules are available at the registrar's office. Recent high school graduates are encouraged to contact the college as soon as possible to begin their admission files.

The FPC schedules is offering a wide variety of college courses. Twenty subjects have been scheduled with additional courses in agriculture, drafting, surveying, and animal health technology to be made available if there is sufficient demand. The majority will be offered during the evening hours from 6 p.m. to 7:50 p.m. or 8 p.m. to 9:50 p.m. to accommodate students who wish to work. Subjects have been selected which will apply to most any major field of study a student wishes to pursue.

First term classes will end July 8. Second term registration will be July 12, and the session will conclude August 13. Both freshman and sophomore classes will be offered. Also scheduled for the summer are classes in welding technology and cosmetology for both full-time and part-time students.

Visitors in the E. M. Bailey home over the weekend were Mrs. Ben Hill, Valerie and Jennifer and Mrs. Curtis Southerland and Bradley of Wellington.

Team Winners: Jr. Second winner is Beth Smitherman, daughter of Mr. and Mrs. Tony Smitherman and Greg Gabel, son of Mr. and Mrs. Clay Gabel.

Clothing Ed. Activity: Senior second winner is Diane Van Zandt, granddaughter of Mr. and Mrs. Posey Dickinson.

Hand Jr. Winner: First place, Bryan Smitherman, son of Mr. and Mrs. Tony Smitherman.

Top Winners Named In District 4-H

High Plains 4-H'ers from nineteen of the twenty counties in Extension District I, April 24, qualified to compete in the State 4-H Roundup at College Station June 1-2 by taking top honors in district competition. About four hundred boys and girls competed in the one-day event which include 30 contests. Winners received their awards in ceremonies at West Texas State University's Activity Center.

To qualify for the state contest, a team or individual must have a first or second place win in the senior division which is for 14 year-olds and older. Juniors do not compete beyond the district level.

Ribbons were presented at an awards assembly which followed the contests. The Pioneer Natural Gas Company donated the ribbons for the winners.

First and second place contest winners in both the senior and junior division from Gray County were as follows: COOP. Demonstration: Senior

Jr. High Top Students Named

Brad Melton and Beth Smitherman were announced valedictorian and salutatorian, respectively of the graduating 8th grade class of McLean Jr. High, by principal John Sollis.

Brad, the 13 year old son of Mr. and Mrs. Noble Melton, participated in basketball, track, football, and tennis, finishing 3rd in doubles with Randy Suggs this year. In UIL competition Brad was in spelling - plain writing and poetry reading and won 3rd in spelling-plain writing in the eighth grade and competed in number sense.

Beth, the 14 year old daughter of Mr. and Mrs. Tony Smitherman participated in basketball and track. In the 7th grade she placed 4th in the McLean Stock Show and 8th at the Top o' Texas show. She won first at district in the record book contest. In the 8th grade she again placed 4th in the McLean Stock show and 8th at the Top o' Texas show. She won the showmanship award at the 4-H food show. In the UIL ready writing contest, she placed 3rd.

Brad and Beth will each present a speech at the 8th grade graduation May 24.

Voters Vote On Local Offices

Nearly 700 voters turned out to vote in Saturday's May 1 election, in which delegates for Jimmy Carter for president carried the vote.

Locally in precinct 4 and 5 Harold Comer won the district attorney's office with 249 votes. His opponent John W. Warner had 206 while Guy Hardin had 137. David Martindale won the county attorney race with 334 votes over his opponent Robert McPherson's 186 votes.

R. H. (Rufe) Jordan, who was uncontested for sheriff received 492 votes. Jack Back, also uncontested for tax assessor got 528 votes. Locally J. D. Fish, incumbent won the constable race with 484 votes over Jimmy Joe McDonald's 175 votes. Dorothy Beck, received 493 in the J. P. race while Carey Don Smith, her opponent received 162 votes.

they go to State 4-H Roundup the first week of June.

Derby Town Jubilee This Saturday

Saturday, May 8th, the McLean High Student Council will sponsor a Derby Town Jubilee at 7:30 p.m. in the high school auditorium.

There will be a wide variety of entertainment from all parts of the area including: Jody Grub, Chris Rogers, Steve and Leland Myers, Craig Cunningham, Joann Williams, Misty Dawn and a special appearance of Smitty and the Corns.

Spring Concert Set For May 13

The McLean junior high band and the high school Tiger band will present their Spring Concert Thursday, May 13 at 7:30 p.m. in the high school auditorium.

The junior high band will play three numbers. They are Allegiance March, Safari, and Premier March.

The Tiger band will play Two Moods, Civil War Suite, Voodoo, Smoky Mountain Suite, and Travelin Band.

The concert is free of charge and the public is invited to attend.

All Sports Banquet Set For Friday

The All-Sports Banquet will be held in the McLean Country Club tomorrow at 7:30 p.m. The annual event is sponsored by the McLean Lions Club. They will present the program and give the Fighting Tiger and Tigerette awards. Also the McLean News Valuable Player award will be presented. This year the Most Valuable Girl Athlete award will be an addition to the previous awards. This will also be an annual award.

Students in any athletic sport will be allowed free admission. Everyone is invited to attend. All Lions Club members and coaches will be selling tickets.

Senior Citizens To Have Mobile Health Unit

There will be a mobile health unit set up in the Senior citizens building on Main Street on Friday, May 14 from 10 a.m. to 2 p.m.

There will be TB tests given and blood pressure taken. Everyone is invited to take part in this.

News From ALANREED

Mr. and Mrs. Dan Keller were guests of Mr. and Mrs. Cott Ed Johnson of Lipscomb, attending the services of the John Congregational Church of Follett with them. They enjoyed visiting and conversing with the many members of the church. German descent, the traditional services and delicious dinners following the services. The Alanreed home congregation club met in the school cafeteria with Onie Gibson as hostess. Mildred of Southwestern Public Service gave a demonstration on festive dishes using electric appliances. The food was served to the club members, Lena Carter, Onie Gibson, Lucille Keller, Polly Johnson, Sue Crisp, Aggie Johnston, Anita, Barbara Bible Paul and one visitor, Mrs. Dewebber and others.

Visiting the A. H. Remans Sunday was Mr. and Mrs. Roy McCracken of McLean. Mr. and Mrs. P. M.

Gibson were in Pampa on business Monday and visited in their son's home, the Darrel Gibsons.

Lena Carter attended a workshop on the metric system in Pampa on Thursday.

The Robert Bruces had daughter Sandra and baby visiting this past week.

Visiting the J. A. Hills Saturday evening was Mrs. Hill's niece Dorothy Morris and her son from Pampa.

Mr. and Mrs. Dale Burch of White Deer visited the J. A. Hills and the F. R. Crisps last week. Mrs. Young went home with them for the weekend.

Monday, May 3rd the J. A. Hills had some visitors, asking about people who knew them back in 1936. When the man's father was pastor of the old Methodist Church and his name was J. P. Cole. The visitor was Hoyt M. Cole of Anchorage, Alaska and he had a brother named Hardy. They were chums of Drew Word, Coonie Woods and others. The younger Cole was on his way back home after visiting with his father who is 83 years old and lives at Stamford.

Mr. and Mrs. Mark Simmons and daughter of Jal, N.M. visited relatives this week.

Old Timer Returns To Area

Saturday evening May the 1st two men came to Alanreed looking up old friends. They were W. E. Williams of Yuby City, California and B. A. Williams, his son from Panhandle. The senior Williams, who was 90 years old, was the mail carrier from Alanreed to Lefors in 1913. Unfortunately those who could have helped him were out of town or already passed on. Local citizens referred him to the Alanreed-McLean museum where there are some old pictures and writings

he would remember. They also made arrangements for the Roy McCrackens to meet him there as Roy is one of our few remaining old timers living here at the time. Mr. Williams despite his advanced years was very active and alert remembering several names and events. He said he remembered the postmaster at that time and the widow lady who ran the hotel. The senior Mr. Williams was to fly back to California Monday, but an invitation was extended to return for the Alanreed annual homecoming as he was sure to see someone he knew then. He remembered well some of those gone on, as F. R. McCracken, W. J. Hall, Clodfelter, all here at that time.

Sorority Have Founders Day Dinner April 30

Beta Sigma Phi, a social, cultural and service organization for women celebrated the 45th anniversary of its founding at 7 p.m. on April 30 at the Smith building. Celebrations took place in the 24 countries in which the organization's 250,000 members in 12,000 chapters exist. The organization is not connected with any school or college and is non-political and non-sectarian. The keynote of Beta Sigma Phi is friendship. Outstanding projects and activities of the local chapter are Cystic Fibrosis, Muscular Dystrophy, a local scholarship in fine arts, and a flea market.

Nancy Billingsley gave the history of Alpha X: Upsilon which began April 9, 1975. Loyce Parker gave the Beta Sigma Phi grace before the barbeque buffet. Sonie Heasley led the group in the 45th anniversary pledge. A special message from Walter W. Ross III was read by Naomi Ashcraft.

Awards were presented to Shirley Stokes as Girl of the Year, Linda McDonald and Shirley Stokes received perfect attendance awards. The best program of the year was given by Loyce Parker. The sponsor, wanda Lamb and officers were presented charms for their bracelets.

Guests present were Mr. and Mrs. E. M. Bailey, Mr. and Mrs. Creed Lamb, and Mr. Joe Ray Riley. Pledges and their husbands present were Mr. and Mrs. J. Boyd Smith and Mr. J. C. Turpin. Members and husbands present were Mr. and Mrs. Carl Baker, Mr. and Mrs. Don Billingsley, Mr. and Mrs. Dale Glass, Mr. and Mrs. Bill Heasley, Mr. and Mrs. Bill Kingston, Mr. and Mrs. Bryan Baker, Mr. and Mrs. Jim Shaw, Mr. and Mrs. Casper Smith, and Mrs. W. C. Stokes, Naomi Ashcraft, Mrs. Clifford McDonald and Miss Jacque Gillispie.

Market Report

Consumers can expect bargains on processed fruits and vegetables as many grocery stores and manufacturers step up promotions on them, Mrs. Gwendolyn Clyatt predicts.

She cited heavy supplies as the reason for upcoming "specials."

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

She also recommended smaller-size cans of processed fruits and vegetables for economy in single-serving or two-serving menus, noting that 3 1/4-8 1/2 ounce cans adequately serve one or two people--with no leftovers.

At most fresh-produce counters, cantaloupe, honeydews and watermelons are available--but prices are high, as is usual for first-of-the-season items.

The good old standbys, cabbage and carrots, have very attractive prices, though -- and soft-shell squash prices are down slightly. Cooking greens and rutabagas have economical prices.

Some stores are offering specials on various-sized bags of dry yellow onions and potatoes--but check for quality buying. Corn, mostly from Florida, is a bit lower in price, she added.

Strawberries are fairly plentiful now, but consumers will have to wait awhile for the rest.

In fresh-fruit buying, grapefruit, oranges, apples and bananas are plentiful--with economical prices--and tangerines are still available. Also, fresh pineapple offers some special prices.

At beef counters, emphasis is on chuck roasts and steaks--and liver.

In comparing prices, remember that the amount of bone and fat in a cut of meat determines the number of servings per pound it will yield.

CONSUMER WATCH-WORDS: Frozen concentrated orange juice usually costs slightly more than four cents for a four ounce serving -- while canned orange juice averages about six and a half cents, and squeezing it from fresh fruit costs almost 12 cents for the same size serving, according to a recent United States Department of Agriculture survey.

BECKY LEEDER

Becky Leeder To Be Married In July Ceremony

Mr. and Mrs. R. L. Leeder of Alanreed wish to announce the engagement and approaching marriage of their daughter, Becky, to Mr. Steve Myers, son of Rev. and Mrs. Z. A. Myers of McLean.

The wedding will take place July 26 at 6:30 p.m. in the Assembly of God Church.

Scouts Attend Camporee Recently

Junior Troop #85 of McLean attended the Junior Scout Annual Camporee at Camp Mel Davis on April 24-26. Girls attending were Ann Jean Lamb, Michelle Gee, Denise Ashcraft, Christie Patton, Alicia Marsh, and Sherry Rollison along with their adult leaders Naomi Ashcraft and Sue Marsh.

The girls spent the weekend learning and participating in such activities as fire building, knots, lashing, first aid, compass, trail signs, signaling and knife. There were fun activities too such as stick horse riding, milking and chip tossing for the leaders. The McLean girls brought home first place in the milking event.

Have We Learned?

"Once upon a time there was a teacher who didn't want an increase in pay; a carpenter who didn't ask for union wages; a man who healed the sick and afflicted whether they had insurance or medicare or whether they didn't; who traveled around the country feeding the people; and they crucified him."--Robert N. Wilt, The Luminary, Muncy, Penna.

OUR GOAL THE SALVATION OF SOULS

Members of the church of Christ do not wish to send anyone, nor suggest that they have some hidden truth, known only to them. We believe that we teach and practice truths which other churches do not, and invite your close investigation. The Bible is the inspired Word of God (2 Tim. 3:16-17) and we believe in going from one group to another, our faith is in the truths contained in the Holy Scriptures: "Sacrifice them in the Truth; thy Word is truth." (John 17:17) Christ is the sole voice of authority; therefore, we do not need to wait for a pronouncement from the council, conference, convention, or pope.

The New Testament teaches that there is but one way to become a Christian, and that is by: (1) Faith in God, Christ, and the Word of God (Rom. 10:17; Heb. 11:6, John 8:24); (2) Repentance from your sins (Luke 13:3, 5, Acts 17:30); (3) Confession with your mouth that you believe Christ to be the Son of God (Rom. 10:9-10, Acts 8:37); (4) Baptism in water into the name of the Father, the Son, and the Holy Spirit, which is for the remission of sins (Matt. 28:19-20, Acts 2:38, Acts 22:16, 1 Peter 3:21). When one has obeyed from the heart these simple commandments Christ washes away all his past sins, and he is added by Christ to His church (Gal. 3:27, Eph. 1:7, Acts 2:47).

The worship of the church of Christ is that authorized/commended by the New Testament (John 4:23) -- Singing (Col. 3:16); Praying (Acts 2:42); The Lord's Supper -- each first day of the week -- (Acts 20:7, 1 Cor. 11:23-29); Teaching/preaching the Holy Scriptures (2 Tim. 2:15, Acts 20:7, 1 Cor. 1:21); Contribution or returning to God a proper portion of that with which He has prospered us (Acts 2:42, 1 Cor. 16:2). In order to do these things church assemblies on the first day of every week (Acts 20:7, 1 Cor. 16:2, Heb. 10:25). Our desire is not to be in some respects similar to, but identical with the church revealed in the New Testament. We invite you to worship with us anytime.

Jr. - Sr. Banquet Prom To Be Held Saturday, May 15

The Junior - Senior banquet and prom will be held Saturday, May 15 at the McLean Country Club. The prom, sponsored by the Juniors, will be after the banquet with Shotgun Kelly furnishing the entertainment. This is an annual event, in honor of the seniors, paid for by the Juniors. The senior sponsors are Jan Johnson and John Kirby; the Junior sponsors are Jacque Gillispie and Gene Gee.

Thank You...

To the people of Precinct 5, for your vote of confidence in the Democratic Primary Election. I appreciate so much your support and encouragement through the years.

I have tried to perform my duties to the best of my ability in the past and will continue to give you the same kind of service. Many thanks again.

Choking on food causes more accidental deaths in the United States each year than are caused by airplane crashes or firearms. In fact according to the Texas Department of Health Resources, choking is the sixth most common cause of accidental death.

Health officials say that at least 3,900 Americans die each year because food gets stuck in their throats. The actual number may be considerably higher, however, since the cause of death may in correctly identified. It has been in recent years that health authorities discovered that many so-called heart attack victims were actually victims of choking. Incorrect identification of choking victims is especially tragic since the proper treatment must be given immediately.

There are three things you need to know about choking: what causes it, how to recognize it, and what to do about it. In spite of the high death toll in the past, choking can be easily prevented, and treatment for choking victims can be administered by almost anyone--including the victim, if he just knows what to do.

Choking occurs when a piece of food lodges in the windpipe, blocking off a small valve at the base of the throat. The valve controls the flow of air

to and from the lungs; ordinarily, the valve opens only when a person inhales or exhales, and it closes when food is being swallowed. If a piece of food lodges against the valve, the victim can't breathe.

Obviously, the best way to prevent choking is to chew all food so thoroughly that no large piece of solid matter are swallowed. As might be expected, the most frequent victims of choking are children; elderly people, especially those with poor-fitting dentures; and people who are drinking, laughing or talking while they are eating.

It is particularly important not to confuse a choking victim with a heart attack victim. In both cases, the victim may gasp with apparent pain and double over; also, many heart victims do experience difficulty in breathing. The most important difference is the the choking victim can't breath at all, and therefore cannot speak, although with some difficulty. Choking victims can't speak and often lose consciousness in as little as two or three minutes. Death is almost certain to follow in as little as four minutes unless prompt, appropriate treatment is given.

There is one technique for treating victims of choking that has been shown to be almost fool-proof. It's called the "Heimlich Maneuver," after its inventor, Dr. Henry J. Heimlich of Cincinnati. Dr. Hrimlich found that there is ordinarily a reserve of air in the lungs that can be used to expel the dislodged food particle from the throat.

Using the Heimlich Maneuver is relatively simple. If the victim is standing or sitting, stand behind the victim and put your arms around his or her waist, a couple of inches above the belt

Lake Factors Control Fish Population

The development of a strong year-class of walleye in Meredith lake this year is dependant upon several environmental factors according to Texas Parks and Wildlife department biologists.

Variables such as the water level, food availability, competition and predation constitute factors in all Texas lakes including Meredith lake near Fritch in the Panhandle.

P&WD personnel check these measuring indicators at all lakes and while procuring walleye eggs at Meredith, this information was readily available.

Overall, the walleye population at Meredith lake is healthy and walleye fishing should be excellent during the year.

Over 18,300,000 walleye eggs were procured from 1,509 ripe female fish by Kraai and his men this season. The P&WD technicians used trap

nets set up on the spawning areas and during the peak spawning areas and during the peak spawning period, as many as 400 to 500 walleye could be counted along the dam at a depth of six feet said Kraai.

Due to the continual

movement of the walleye on and off the spawning grounds, it is estimated that only 10 percent of the spawning population were trapped, stripped and released.

This would mean that an excess of over 180,000,000 walleye eggs were spawned naturally along the dam at Meredith lake during 1976.

This figure would not include the number of eggs spawned on other areas of the lake not monitored by the P&WD.

The largest walleye handled by the biologists was 10 3/4 pounder which beats the present state record by one-half pound. The current record walleye was caught in January of this year by a Borger angler.

Some lucky angler will soon break the record again as the walleye grow in prime fishing waters of Meredith Lake.

(Washington, D. C.)-- Congressman Jack Hightower was one of 41 members of Congress, including five from Texas, who this week received the highest public service award presented by the National Alliance of Senior Citizens.

Hightower was inducted Wednesday into the organization's "Golden Age Hall of Fame" in ceremonies in the Longworth George Mahon of Lubbock, Omar Burleson of Anson, Bob Krueger of New Braunfels and Dale Milford of Grand Prairie.

Curt Clinkscales, National Director of the Washington-based organization, said membership in the honorary group is earned by outstanding service to the senior community.

"The Golden Age Hall of Fame includes many leading Americans," Clinkscales said, "but it is a very select group. With the 41 new honorees, there are now only 148 members."

Government Boom

A decade ago, government spending for health, education and welfare programs was about \$35 billion; for the military, \$55 billion. For fiscal 1977, President Ford budgets \$190 billion for health, education and welfare and \$100 billion for the military.

To the Point

The Lord's Prayer contains 56 words. . . .

Lincoln's Gettysburg address contains 266 words. . . .

The Declaration of Independence contains 3,000 words.

BUT a government regulation on the sale of cabbages contains 26,911 words.

Track Go To Meats

by John Winegeart
On April 10 the Mc-
Lean FFA Judging team
participated in the Area
and Tech Judging
meetings at Lubbock.
The team was headed
by Cherrie Billingsley,
Dave Jefferson, and Bar-
bara Winegeart. Live-
stock Judging - Delinda
Howard, Curtis Simp-
son and Kenneth Parker.
The Livestock Judging
team placed 12th in the
Area, 15th in Tech, and
3rd in sheep judging.
The Meat Judging team
was made up of Joe Creed
Lamb, David Tolleson,
Tommy Eck, and Chuck
Pierce. They placed 10th
in Area and 12th in Tech.

by John Winegeart
On April 27 there was
a Top of Texas District
FFA meeting. The Mc-
Lean boys in the com-
petition were: Joe Creed
Lamb in the 1st green-
land class, Greg Ham-
bley in the 2nd green-
land class, Mike Mey-
er in the 3rd green-
land class, and John Wine-
geart in the 4th green-
land class. Mike Mey-
er was the winner of the
Top of Texas Livestock
production winner, John-
ny Winegeart, named Home
and Farmstead improve-
ment, Greg Henley beef
production winner, Mike
Baskins second in poul-
try production and Greg
Henley was winner of the
Top of Texas District,
Texas and Southwestern
cattle raisers' associa-
tion.

The McLean FFA Chap-
ter received a superior
chapter rating. All of
these winners will be
competing in the area
held at Lubbock.

Helps Shrink Swelling Of Hemorrhoidal Tissues

Doctors have found a medication
that in many cases gives prompt,
temporary relief from pain and
burning itch in hemorrhoidal
tissues. Then it actually helps
shrink swelling of these tissues
caused by inflammation.
The answer is Preparation H®.
No prescription is needed for
Preparation H. Ointment or
suppositories.

THE BEST
McLEAN MARKET
OF THE SEASON TO BE HELD IN
CORONADO CENTER
PAMPA, TEXAS
Saturday, May 8
EVERYONE INVITED

FHA Installation Held Monday

by Maridale Glass
Tuesday at 7:00 p.m.
the Future Homemakers
of America held their
annual Secret Grandmo-
thers Tea and installa-
tion service.

All the grandmothers
arrived with a gift for
the secret girl who had
been paying special at-
tention to her all year.
There were sandwiches
and cookies made by the
homecoming girls and
their sponsors. After the
tea, the grandmothers
had to guess out of all
the girls who their
secret grand daughter
was. After the presents
were exchanged, every-
one visited. Then the
program moved on to the
installation service. The
old officers recited their
purposes of the organi-
zation, and the new of-
ficers told their duties
in their office.

Rattle Snake At High School

Last Thursday James
Thompson took a rattle-
snake to the high school
and milked it for the
physical science class.

The snake weighed 35
pounds and was six feet
long. It had 13 rattles
and a button and came
from the Alanreed Snake
Farm.

James handles snakes
strictly as a hobby. When
asked how many times a
day he could handle the
snake he said, "As
long as my arms don't
cramp, I'm all right."

Last Career Assembly Held

Monday, May 3, the
student body of McLean
High School attended
their last career assem-
bly.

Scoutmaster Cox show-
ed a film on the Phil-
mont Explorer Camp in
New Mexico. It is 4,000
acres of wilderness
where boys and girls can
go to hike, fish, ride
horses, backpack and
just be out of doors.

This assembly was the
last in a series of as-
semblies held once a
month during the school
year, sponsored by the
Explorer Scouts.

Do not return unused cream
from a pitcher to its original
container. Store it separately
or only pour out the amount
to be used at once.

Pep Club Elects Officers

by Becky Henley
Tuesday, April 27, the
McLean Pep Club met to
elect the 1976-77 offi-
cers.

Elected to serve were
Teresa Mounce, presi-
dent; Peggy Van Hugs,
Vice-president; Brenda
Heasley, secretary, and
Mary Gately, reporter.

There are 25 girls sign-
ed up for Pep Club. Any
other girls who are in-
terested in joining, con-
tact one of the officers.

Tennis Team Plays In District

The Jr. High District
tennis teams went to
Wellington recently for a
tennis meet.

Winning 2nd was the
girls doubles-Judy Trew
and Joy Rhine; 2nd girls
singles-Jo Ann Durham;
3rd boys doubles-Brad
Melton and Randy Suggs.
There were teams from
McLean, Memphis, Wel-
lington, Claude Claren-
don, Silverton and
Wheeler.

Perfume Sold By Jr. Class

The junior class sold
Stanley perfume and
cologne last week. Each
student was given a
bottle of "Legend
Love" perfume and a
bottle of "Big Wheel
cologne. The money was
to be turned in by the
day to either Miss Cal-
spie, one of the class
sponsors, or the class
treasurer, Cindy Sher-
rod.

This was another
money raising project to
help the juniors meet the
cost for the Junior High
banquet which will be
held on Saturday, May
15th.

School Paper

BY Tammy Pierce
The Typing I class
Mrs. Jan Johnson is
going to publish a school
paper the last week of
school. All the students
will have different arti-
cles and columns to be
written. They will have a
column called, "Have you
got a problem?"
There will be a small
charge for the paper.

Thank You
Thank you for your
vote in my race for

NEWS

County Agricultural Agents
Texas A.M. College
Extension Service

by Joe VanZandt

On the subject of beef cattle outlook, I recently received some price forecast information from Dr. Ed Uvacek, Extension Livestock Marketing Specialist, Dr. Uvacek has his forecasts on the belief that big increases in red meat production and broilers will be forthcoming in the next few months. This will cause a pressure in the fed cattle market.

He predicts that by July and maybe even by June the heavy movement of calves, yearlings and cull cows will begin. The result will be high increases in slaughter of this "other" beef. Although feedlot marketing should be down somewhat from the highs of the first quarter, this other beef, together with larger supplies of pork and broilers, should force prices downward on fed cattle by the summer months.

Dr. Uvacek says feeder cattle prices should follow about the same basic pattern—a rise this spring and weakness into summer and fall. Feed grain prices are not expected to drop much this year, the price pressure on feeders this fall should increase, forcing prices below the fed cattle levels again.

For a more bullish cattle outlook, USDA is providing one. They are looking for a price high to come in the summer and only moderate weakness in the fourth quarter. I, personally, tend to think more like the USDA predictions which are as follows for choice steers weighing 9-1100 pounds at Omaha. The April-June period price range \$43.00 to \$45.00; July-September period price range of \$46.00 to \$48.00; October-December period price range of \$44.00 to \$46.00.

Dr. Uvacek made his predictions on choice steers on a basis of weight, age and sex.

amber quarter price range of \$38.00-\$42.00.

Anyway time will tell as to which set of predictions tend to come closest to the actual market. This week it appears that the chain stores are trying their hand at trying to turn fat cattle prices to the downside. It may be a standoff with cattle feeders however, as most are real current with marketings and could hold cattle a few days without any adverse effect.

SORGHUM DISEASE RATINGS

I have available a few copies of a booklet, Disease Ratings for Sorghum, under the name of the Texas A.M. College Extension Service. Virus (MDMV) and Gray County last year. However, it is a fact that can adversely affect sorghum yield. MDMV is a disease spread by aphids which have fed on infested Johnson grass as it emerges in the spring. The disease overwinters on the rhizomes of Johnson grass.

Through research and sorghum breeding, hybrids have been developed which have varying degrees of tolerance to MDMV. This booklet has most hybrids rated on their ability to resist MDMV. The disease seems to be more pronounced when temperatures drop to 55 degrees during the growing season, such as last summer.

I would suggest you call or come by the office for a copy of this booklet if you are interested in planting hybrids that are tolerant to the disease.

CROP DEMONSTRATIONS

I will be very interested in working with farmers who are planning to try something new or different on part of your farm. Demonstrations can be planned so that a lot of extra time and trouble are not required.

Most farmers do things over a complete season. I would like to see if I can help you in the fall or winter months. I would like to see if I can help you in the fall or winter months.

"Bellwether" which has come to mean "leader" was originally the word for the wether or ewe which carries a bell around its neck and acts as a leader of the herd.

Agonizing Pain

From Ingrown Toenail?

Get Outgro For Fast Relief

Outgro gives you fast temporary relief from ingrown toenail pain. Outgro toughens irritated skin, eases inflammation, reduces swelling without affecting the shape, growth, or position of the nail. Stop ingrown nail pain fast with Outgro.

Bentsen Announces Caprock Canyons McClellan Creek Project Approved

After 16 years, Senator Lloyd Bentsen Wednesday said work will soon begin on the newly approved \$3.6 million McClellan Creek Watershed project.

Bentsen, a member of the Senate Public Works Committee which approved the watershed protection and flood prevention project, said it will provide an estimated \$243,000 annually in benefits to Panhandle, Pampa, Groom, McLean and surrounding area.

During construction, the project will create 70 new local jobs. Nine more jobs will be permanent.

The Federal government is picking up \$2.6 million of the total cost of the project. One million dollars will be paid locally.

It's been years since local authorities have been planning a workable scheme to prevent dangerous flooding in this area.

On the average of more than once a year, floods inflict heavy damage to crops, pastures, fences, farm roads, livestock, bridges and public roads.

Local residents badly need the flood prevention this project will provide. It will also encourage proper land use and conservation practices in the interest of soil, watershed development conservation.

There is no question that we really need this project and, after so much waiting, I'm pleased to report that work on it will begin very shortly.

When mowing your lawn, make sure the mower is sharp. A dull mower may tear out the new, weakly rooted grass plants.

Caprock Canyons State Park

The surrounding habitat of caprock, canyons and scenery has prompted the Texas Parks and Wildlife Department to rename lake Theo to Caprock Canyons State Park located four miles north of Quitaque in Briscoe county.

The new 13,600 acre park is open to visitors without charge from 8 am to 5 pm daily at the present time. These hours will be changed later this spring and extend the time to 9 pm each evening.

Only the lake area is open to day use with several picnic tables and some good fishing in the 120 acre lake.

The clear lake is located in one of the park's cated in one of the park's deep ravines and it stays clean because there is another lake upstream that catches all the silt and debris.

A masterplan has been devised to develop and open the area to full use by 1980 and this would include overnight camping, hiking throughout the park, photography and other park activities said Wynne.

Constuction is underway at the present time on the face of the earthen dam which will dress-up the structure and riprap will be placed along the water level to stop erosion by wave action.

One of the most interesting residents of the new park is the aoudad sheep. This animal, an African import, has increased it's range in the rough country along the caprock with as many as 60 sheep being spotted in one group on the park.

No hunting or firearms will be permitted on the park as all state park lands are wildlife sanctuaries.

Many other Texas natives are seen daily in the park such as mule deer, quail, wild turkey and over 120 species of birds over a 12 month period.

These species have been recorded by Panhandle and South Plains bird clubs. Rattlesnakes also call this park home.

Fisherman are reporting good catches of crappie and channel catfish and bass are becoming more numerous on stringers leaving the lake.

The park gates will be locked at 5 pm and later this year at 9 pm each evening.

Visitors can find the new park by driving to Quitaque and turning north at the intersection of highways, 86 and FM 1065. Approximately 3 miles north, a colored sign saying lake Theo will be seen. Turn left and go one mile to the park entrance.

Park information and brochures can be obtained by writing Caprock Canyons State Park, Box 204, Quitaque, Texas 79255.

Former Resident Is Selected As Ms. Marshall Manor

Mrs. Myrtle Smith Bruce has been elected "Ms. Marshall Manor." This honor makes her eligible to compete in the "Ms. Texas Nursing Home" pageant scheduled on May Day at the Rose Gardens in Tyler.

The 1976 "Ms. Marshall Manor" is the mother of one son, Dr. Robert William Smith of the Purdue University faculty and has two granddaughters.

Mrs. Bruce is a former resident of McLean and will celebrate her 80th birthday May 8.

Cotton flannel is the best interlining for draperies in terms of insulation.

EMBARRASSING, BURNING Itching?

ZEMO relieves itching fast because its special 'anti-itch' medication soothes inflamed surface tissues. Get relief with the first application of soothing, medicated ZEMO—Ointment or Liquid. **zemo**

IT'S AMAZING!

IN EARLY GREECE, FARMERS WHO SOLD IMPURE MILK WERE FINED, IMPRISONED AND HAD TO PAY ROOM AND BOARD WHILE IN JAIL.

YOU'RE TWO MONTHS BEHIND ON YOUR RENT.

THE COLOR RED DOES NOT AROUSE BULLS SINCE THEY ARE COLOR-BLIND AND ALL COLORS SEEM THE SAME TO THEM! IT IS THE BRIGHTNESS OF ANY COLOR THAT EXCITES A BULL.

A VALPARAISO, IND. LADY MARRIED AND DIVORCED THE SAME MAN 7 TIMES!

PRECIOUS STONES WERE USED FOR MEDICINE BY THE ANCIENT DOCTORS OF EUROPE SINCE IT WAS BELIEVED THAT THE COSTLINESS OF A REMEDY INDICATED IT'S HEALING POWERS!!!

THE BREATH CAN BE HELD FROM 6 TO 8 MINUTES BY FORCED BREATHING...

LAWNMOWERS CAN MAIM

As spring hits, millions of power lawnmowers begin surging across the nation's yards. These efficient machines will cut millions of tons of grass and injure thousands of people.

Besides its vicious cutting force, a spinning power mower blade has three times the muzzle energy of a .357 magnum pistol, which can fire a bullet through an auto engine block. A blade usually spins at 232 mph, enough speed to catch and throw small objects with deadly force. An article in the April issue of Texas Medicine, the Texas Medical Association monthly journal, details case histories of a piece of wire puncturing a man's gallbladder, an iron bolt hitting a pregnant woman in the stomach and an object cutting the neck artery of a boy.

Although these accidents were not fatal, said the author Thomas Cooper were very serious. WA the author Thomas Cooper, MD, of Austin, they were very serious. Adults can cause even worse injuries when they permit children to ride on self-propelled rotary mowers. It is entirely too easy for a child to fall and be badly cut.

Cuts account for more than half of all the injuries. Fractures and amputations are next. The study also lists imbedded foreign objects as a serious injury source.

Power mowers can be reasonably safe machines if treated with respect and care. Unfortunately many people become too used to them and forget about danger until it strikes.

Fidelas Class Have Meeting

The Fidelas Sunday School class had their monthly meeting at the senior citizen hall, Thursday afternoon. The president Thelma Stevens presided over the business meeting. A devotion was brought by Stella Gipson with Annie Reeves giving a reading.

The hostess, Mrs. Marzie Lisman and Annie Reeves served cake coffee, tea and orange juice to those present, Stella Gibson, Opal Hugg, Essie Glenn, Elizabeth Kunkel, Relia Ayers, Safronia Pettit, Berna Smith, Doris Morgan, Ada Simmons, Juanita Smith, Ruby Boyd, Vela Corcoran, May Hornsby.

WORMS CAN KILL YOUR PET.

Large roundworms (Ascarids) can kill your cat or dog. And he can pick them up any time—even be born with them. What can be done about the "worry of worms"? Sergeant's Worm-Away Capsules mix easily with pet food to rout roundworms. For other worm problems, get Sergeant's Sure Shot Capsules, Puppy Capsules or Tapeworm Medicine.
