VOLUME 73

McLEAN, GRAY COUNTY, TEXAS

THURSDAY, JULY 29, 1976

NUMBER 31

## S.W. Bell System Position Paper and Fact Sheet

In the coming months Congress probably will be taking up debate of the Consumer Communications Reform Act of 1976, which is an amendment to the Communications Act of 1934. Telephone legislation is supported by 14 senators and 143 representatives in the House. Washington observers have described the legislation as one of the most important issues to be debated on Capitol Hill in years.

The act, introduced by Sen. Vance Hartke (Dem. Ind.), reaffirms the Communications Act of 1934 in its objective of universal telephone service. The act also seeks restriction of federal regulatory policies that would undermine universal service. The act would establish new policies for preserving universal telephone service in the future.

It is important that the members of Congress look at such legislation with regard to how it will better serve, or worse serve, the one who must pay for it in the long run--the telephone user.

Sen. Hartke's bill spells out these purposes:

--To declare that the unified telephone network--and the traditional telephone ratemaking policies--have been responsible for giving this country universal service. (Ninety-five percent of all Americans have a phone.)

--To designate that interstate services of other carriers that merely duplicate those of the telephone companies will raise basic telephone rates, impair the unified network and waste resources.

--To specify that Congress intended for the states to have full authority over regulation of terminal equipment used for local telephone service, even though the same equipment may be used for interstate services.

The Congress should study this legislation, debate it and act on it. They, as elected representatives of the people, should establish the telecommunications policy of the United States--not the Federal Communications Commission or the court.

Mr. and Mrs. Carey Don Smith, Stacie and Donnie have returned home from a trip to California and other states.

## Bill Edward Estes Funeral Service Held Monday

Funeral services for Bill Edward Estes, Sr., 51, were held at 3 p.m. Monday at the McLean Church of Christ. Officiating was Joe Duke, minister from Allison. Burial was in Hillcrest Cemetery by Lamb Funeral Home.

Estes, who died of a heart attack Friday in Groom Memorial Hospital, was born in Jenkins, Mo., and moved to McLean from Wellington in 1961. He married Carolyn Bradley in Samnorwood in 1956 and was a member of the Church of Christ. He was in the custom farming business.

He is survived by his wife; two sons, Bill, Jr. of Wellington and Eddie of McLean; a daughter, Cathy of McLean; his mother, Mrs. Mary Kelly of Wellington; five brothers, Bert of McLean, and Coy, Roy, Arlie and Albert, all of Corpus Christi; two sisters, Mrs. Lena Holman of Springdale, Ark., and Miss Ella Estes of Tulare, Calif.; and one grandson.

## Art Show Set At Clarendon

Residents of this area are invited to an art show on Saturday July 31 from 9 a.m. to 5 p.m. and on Sunday August 1 from 1:30 to 5 p.m. The western art show is being held at the newly opened Bob Marrs Saddle Shop and Western Art Gallery at 204 S. Kerney in Clarendon.

The following artists will be featured: Don Ray of Channing, Jim Ward of Canyon, Justin Wells of Amarillo and Pam Trotter of Hereford, which are some of the outstanding artists in the Southwest.

There will be work exhibited done in oil, water colors, sketching and many bronze casts.

Betty and Bob Marrs, owners extend an invitation to you to attend.

## Veterans May Sign For Tax Exempt

The City Hall wish to remind the disabled veterans in this area that they can sign up for the ad valorem tax exemption. This may be done at the City Hall Building.

They request that if you want to sign up for this and are eligible for it to do so by August 1.

## Community Wide Revival Slated

A community wide revival sponsored by the youth of the First Baptist, United Methodist, Pentecostal Holiness and Assembly of God churches, is going to be held in McLean in August. The revival which will be held at the baseball field, will be held Aug. 5, 6, 7, at 7:30 p.m. each evening.

Terry Hale, director of Christian Center at guest speaker for the meeting. Leading the singing will be Dan Booher from Pampa.

The public is invited to attend.

## Bullock Recommend Inheritance Tax Exemptions Increase

Comptroller Bob Bullock announced that he will recommend to the 65th Legislature that inheritance tax exemptions for surviving family members be increased to ease the financial burden imposed on many Texans, particularly farmers and ranchers.

Bullock said his Inheritance Tax Division is conducting a study in order to recommend an exemption level that would help out heirs of smaller estates without significantly affecting state revenue.

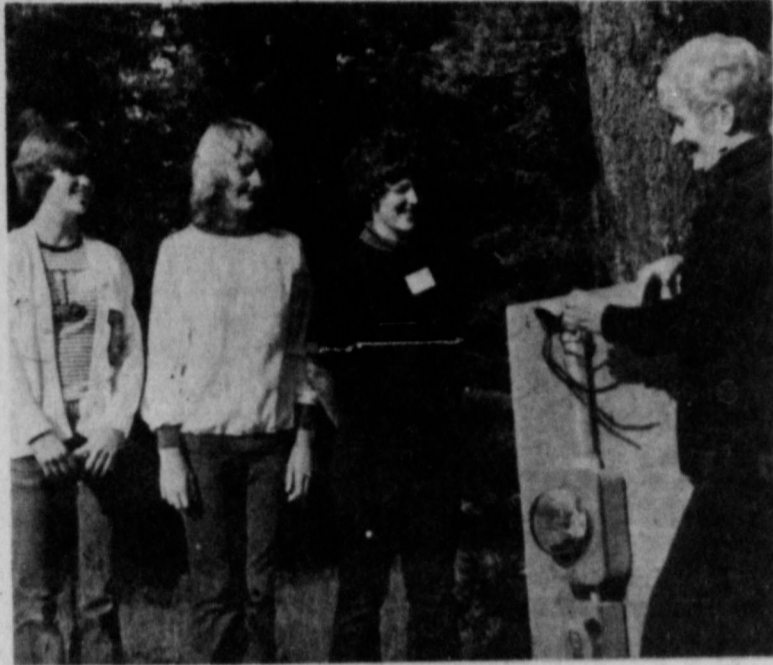

The current exemption--\$25,000 for the surviving spouse and each surviving child--was set in 1923 and has not been changed since, the Comptroller noted.

"Twenty-five thousand dollars in 1923 would be worth about \$79,000 today," he said. "And rural land that sold for \$20 to \$25 per acre in 1923 sells anywhere from \$350 to \$750 per acre now."

The result, Bullock said, is that many farm and ranch families are being forced to sell all or part of their land to be able to pay the inheritance tax.

"There's no question that it's inequitable," he said. "The small farmer or rancher already has enough trouble keeping from being squeezed out. All we want to do is set an exemption level that would be as realistic in 1976 as \$25,000 was in 1923."

Bullock said his Inheritance Tax Division is working closely with the Texas Farm Bureau, the House Ways and Means Committee and the State Bar of Texas to develop an acceptable exemption level.

THREE Gray County 4-H'ers recently attended District I 4-H Electric Camp at Cloud Croft, New Mexico. The 4-H'ers at the Scott Able 4-H Camp, located 28 miles southeast of Cloud Croft in the Sacramento mountains. The three-day camp is sponsored annually by Southwestern Public Service Company. Reading from left to right: Sally Brainard, Pampa; Beth Smitherman, daughter of Mr. and Mrs. Tony Smitherman of McLean; Leisa Gabel, daughter of Mr. and Mrs. Clay Gabel of Rt. 1, McLean. (Beth and Leisa are members of the McLean 4-H Club). The instructor is Mildred Prince, SPS employee from Amarillo.

## Lions Host Foreign Students

Last Wednesday, July 21, nine students from foreign countries arrived in McLean. They were met by Mayor Sam Haynes and stayed two nights and a day with the following families: the Casper Smiths, Sam Haynes, John M. Haynes, Jake Hess, and the William McElroys. The young college students represented Holland, Belgium, Switzerland, France, Denmark, Germany, and Japan. They enjoyed local sights and entertainment culminating Thursday night with a weiner roast and song-fest at the mayor's ranch. Most of the young visitors felt that Texans live well, and one of the biggest hits was the clothes dryer.

## Quarterly Federal Tax Return Deadline Near

Saturday, July 31, is the last day for employer to report and pay Social Security and withheld federal income taxes for the third quarter of 1976.

According to the IRS, employers have until August 10 to file Form 941, "Employer's Quarterly Federal Tax Return", if they have deposited the entire quarterly tax liability on time in a Federal Reserve Bank or authorized commercial bank.

Employers who received the preaddressed Form 941 in the mail should use it to file their report. Those who did not receive the preaddressed forms can obtain

## Football Players To Begin Practice

Attention all football boys!

All boys interested in playing football this year are asked to meet at the field house at 7 p.m. on Wednesday, August 4, announced head coach Jesse Smelley. Shoes and socks will be issued at this time. Physical forms will also be given out. Anyone who would like to pick up their physical forms before this time may get them at the coach Jesse Smelley's house at 715 N. Grove.

Football season will officially start August 9 with two practices a day that week only. They will be at 7 to 8:30 a.m. and at 5:30 p.m.

On Monday, August 2 the weight room will be open for 9 to 10 p.m. for anyone in the community that would like to use the weights.

Season parking spaces may be purchased from the coaches or the players.

Reserved seat tickets for the games will go on sale soon at the Parson Drug.

Mr. and Mrs. W. C. Kennedy and Judy visited last week in Jacksonville, Ark. with Mr. and Mrs. Roy Glenn and family.

forms from their local IRS offices.

IRS Publication 15, "Circular E -- Employer's Tax Guide", is available free from local IRS offices to provide more information for employers.

## SWPS Approve New Equipment

Directors of Southwestern Public Service Company, meeting Tuesday in Boston, approved construction of a third 350,000-kilowatt, coal-fired electric generator for installation at Harrington Station, northeast of Amarillo.

The unit approved will go into service in mid-1980. Roy Toik, chairman of the board and chief executive officer of Southwestern said that both 1980 and 1981 had been considered as completion dates while the unit was in the planning stage, but that load growth and customer gains in the last few months made it advisable to move forward to the 1980 date. Earlier, Toik had reported to the board that the company had gained nearly 8,000 customers in the last twelve months.

New officer posts went to two Amarilloans as a result of today's meeting and an earlier meeting of the board of TUCO INC., Southwestern's fuel subsidiary. Coyt Webb was named treasurer and assistant secretary of TUCO, and Doyle Bunch was elected assistant secretary and assistant treasurer of Southwestern.

Webb, who is a graduate of Texas Tech and a certified public accountant, joined Southwestern as a system auditor in 1964. He was named supervisor of internal auditing in January, 1975, promoted to executive assistant in October of that year and elected assistant secretary of Southwestern and TUCO last January.

Bunch, a native Amarilloan and Tascosa High School graduate, earned his bachelor of business administration degree at Texas Tech. He is also a certified public accountant and joined Southwestern in June of this year from a national accounting firm.

The directors also approved an amendment to the by-laws, reducing the number of directors from 12 to 11. This action came after they had accepted, with regret, the resignation from the board of Murrell R. Tripp, who had served on the Southwestern board since 1962, resigned for personal reasons.

All of the directors signed the necessary consent forms to stand for re-election at the annual meeting of stockholders which will be held in Amarillo in January of next year.

(Continued on Page 2)

## Top O' Texas Rodeo Begins August 4

Thousands of people from the Top o' Texas area will converge on Pampa for the opening of the Top o' Texas Rodeo Wednesday, August 4, with the parade scheduled for 4:00 p.m.

Elra Beutler and Son, of Elk City, will furnish stock for the RCA sanctioned rodeo that draws top cowboys and cowgirls from all parts of the Southwest. Approximately ten thousand dollars in prize money will be up for grabs with all entry fees added to the base purse of \$3465.00.

Everyone is invited to take part in the parade which will feature pioneer entries such as covered wagons, chuck wagons, buggies, surreys, and other entries reminiscent of the history of this country. Pioneer families from the area traveling in any type of vintage transportation are invited to be in the parade and have their group identified with a sign giving the name of the pioneer family.

The usual Kid Pony Show will precede the rodeo on Monday and Tuesday nights with 90 beautiful belt buckle trophies to the winners of the various events. Entries in the Kid Pony Show will be taken starting July 26 and will close 12:00 noon the day of the performance.

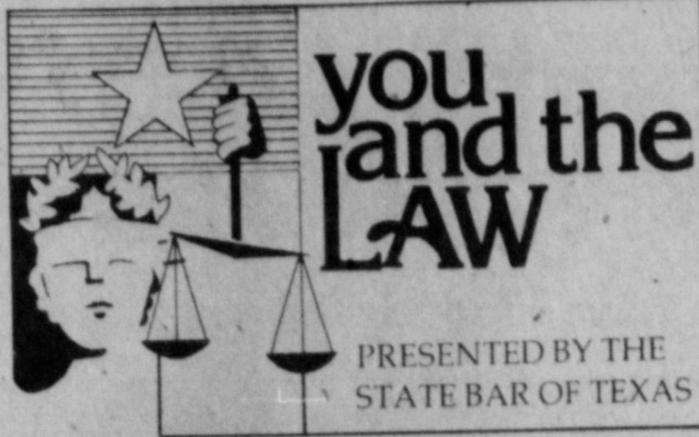

General admission and reserved seat tickets will go on sale at the rodeo office in the Chamber of Commerce, Monday August 2. Two concession booths are also still available. Anyone who may be interested should call the rodeo office 669-3241 and call for Mrs. Topper.

This year's rodeo is expected to be the most colorful in the history of the event with the bicentennial theme being continued. Warren Hasse, popular sports caster with KPND, will be the announcer.

Rodeo entries will be taken until 5:00 p.m. on July 29 and 30. Members of PRCA, GRA, and permit holders will enter by calling the toll-free "Central Entry Office" 800-525-5000, while local amateurs with a Pampa address will enter at the rodeo office in the Pampa Chamber of Commerce on the 29th and 30th.

Its nine feet wingspread makes the condor the largest bird that flies.

Polo was developed in India.

**Q: My husband has two school-age children by a former marriage. His ex-wife has remarried and the children are using her present husband's name in school. Don't the schools have to use the student's name as shown on the birth certificate?**

**A:** Many schools have a policy of requiring that a copy of a birth certificate be furnished when a student enrolls. However, Texas public schools are not required by law to use the birth certificate when they enroll a student. The legal names of children whose mother divorces and remarries remain unchanged unless they are changed by a court order.

**Q: If I give my share of my community property to my wife and pay a gift tax, will this allow her to avoid paying a federal estate tax?**

**A:** If the value of the gift exceeds the \$30,000 lifetime exclusion and the \$3,000 annual exclusion, there will be a gift tax. Whether the property given will be included in the husband's estate for the federal estate tax will depend on the facts and circumstances of the particular transaction. The property might be included in the husband's estate as a gift in contemplation of death, or as a gift with a retained life interest.

**Q: My husband and I bought a house 10 years ago and we recently received letters saying we have to buy some kind of insurance. The notices said our house payments would be increased to include the policy payments. Can they do that even though**

**I don't want the policy?**

**A:** State and federal laws provide that mortgage companies must protect their interest by requiring the homeowner to provide fire and extended coverage insurance for the property on which the loan is made. The mortgage holder can require insurance coverage in the amount no greater than the balance of the loan. The law permits the mortgage company to increase the homeowner's monthly payments sufficiently to cover the cost of this insurance.

**Q: I was given a ticket for driving without a license when I was stopped for speeding. I had a license at the time but did not have it with me. Will I have to pay a fine for not having my license?**

**A:** State traffic laws require persons driving vehicles to carry a drivers license; however, the law also provides that the judge must dismiss the charge if you present in court a drivers license which was valid at the time the ticket was issued. Although the law provides for ultimate dismissal of a charge where a person has a license, but failed to have it in their possession, motorists should remember that a drivers license could become of critical importance in the case of an accident where identification could help notify relatives.

Send your questions to "You and the Law," State Bar of Texas, P.O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

A price per share was established for 1,050,000 shares of the company's common stock which will be offered to the public. Proceeds from the sale will go for the construction of new facilities.

The regular quarterly dividend of 24-1/2¢ per share on the common stock, payable on September 1 to holders of record on August 16, was approved. The dividend will apply to the new shares which are being offered to the public.

Other dividend action included declaration of the regular quarterly dividends on all outstanding issues of preferred stocks. These dividends will be paid on November 1 to holders of record on October 20.

H. Frederick Hagemann, Jr., of Boston, served as host director for the meeting.

## Walk-a-thon Is A Success

Recently a Walk-a-thon and Bike-a-thon was sponsored by the Beta Sigma Phi Sorority. The service committee guided by the chairman was alert to the opportunity for service of a walk-a-thon and did lend a hand (and a check) to Lonestar Cystic Fibrosis for children.

Business and friends in the city responded to and showed their approval by sponsoring the members who walked.

Members who walked are Susie Billingsley, Missie Billingsley, Robert McDonald, Maria Eck, Vonda Heasley, Melanie Billingsley, Alicia Marsh, Roger Smith, Dwayne Morgan, Mike Smith, Jay Longino, Mary Ann Rice, Linda Smith, Emma Jean Tate, Ann Turpin, Mary Lou Glass, Frankie Smith.

Sponsors were Joe Billingsley Station, McLean Hardware, McDonalds Garage, Jr. Windom, Ambulance Service, Dixie Restaurant, Linda Smith, Dwayne Morgan, Mike Smith, Corinne Trimble Dress Shoppe, Grace Windom, Custer Lowary, Eve Peabody, Jean Longino, Billie's Beauty Shop, American National Bank, Dr. Hereford's, Stewards Texaco, Bill Erwin and Son, Parson's Drug, Puckett's Betty Husted, Proud Breed Cattle Service, Gene and Mary Henley, Scott Haynes, Windom Auto, Cattle Co., Allen Turpin, Cicero and Cleo Turpin, J. R. Glass Oil Co., McLean Cattle Co, Cowboy Drive Inn, Don and Barbara Trew, Wanda and Lester Bailey, Sam and Linda Haynes, Tony and Monta.

## Young At Heart Have Visitors

The Young at Heart club had as visitors last week Mrs. Brady Davis of Pampa, James Borough of Oklahoma City, Ronnie Blaylock of Amarillo, Betty Jo Warren and Margie Shannon of San Francisco, Calif., Melba and Robert Glazner from Houston, Carrie Morgan, Gladys Russe, Pete Evans, Bill Simpson, and Clara Renau all of Shamrock.

They served 40 people at lunch Tuesday.

Visiting in the home of Mrs. Josh Chilton over the weekend were Mr. and Mrs. Johnny Chilton, Renee and Larry of Hale Center, Mr. and Mrs. Dwayne Blackshear, Sandy and Poyce of Albuquerque, N. M.

Mr. and Mrs. Ted Glass have returned from a trip to British Columbia.

Jean Smitherman, Roy and Charlene Barker, Morgan's Laundry.

Melanie Billingsley won a \$5.00 prize for the best decorated bicycle.

**News From ALAN REED**

The Alanreed Home Demonstration club met July 14, in the home of Mae Moreman, with seven members present. Business was attended to and refreshments were served to Sue Crisp, Barbara and Paul Bible, Mary Davis, Omie Gibson, Polly Harrison, Anita Bruce and the hostess, Mae Moreman.

On July 20, five club members, Sue Crisp, Lena Carter, Mae Moreman, Polly Harrison and Omie Gibson, visited Claudia Cooke and Mr. and Mrs. Frank Crisp. Visiting the P. M. Gibsons over the weekend was their daughter-in-law, Mrs. Arthur Vineyard and children, Bill and Becky of Glen Rose.

Mrs. Jeanje Cummings and Brandon of Amarillo spent Wednesday with Polly Harrison. Visiting Mrs. Jewel

Warner last week was her brother and wife, Mr. and Mrs. Osborn Smith of Los Angeles, Calif., Dwight Hightower of Oklahoma City, and George Parr and sons of Amarillo.

Mrs. Hattie Terbush of Groom visited the W. H. Davis this past week.

The Lloyd Fulbrights returned home this week after a brief trip to Ark.

Visiting the J. A. Hills over the weekend were M. and Mrs. Jack Hill and children of Lubbock.

The Bert McKees had their daughter, Margie and family visiting this week during Mr. McKees recent illness.

Dick Bode is in Calif. this week to return his wife and daughter to their home here. The boys are visiting with their aunt, Claudia.

Polly Harrison was in Pampa on Saturday and visited her mother and sister at Pampa Nursing Home.

Mr. and Mrs. Wayne Stafford of Miami visited Polly Harrison last week.

Bert McKee is back home after his recent illness.

Lena Carter visited with F. B. Carter in Pampa on Monday.

Mr. and Mrs. Dale Burch visited the J. A. Hills Sunday. Ty Hill of Lubbock is spending the week here with his grandparents.

Mr. and Mrs. Buddy Hill of Arkansas visited his mother, Mrs. Ruby Hill, last weekend.

Sue Crisp visited with Ada Simmons at McLean Hospital last week.

**Brnovak - Merrell Vows Exchanged**

Judy Kay Brnovak and Mark Monroe Merrell exchanged marriage vows Saturday in Pioneer Methodist Church in Merkel.

The bride is the daughter of Mr. and Mrs. Frank Brnovak. The Rev. and Mrs. James E. Merrell are the bridegroom's parents.

The Rev. Merrell officiated. Mr. Brnovak gave his daughter in marriage.

Mrs. Steve West of Abilene was matron of honor. Bridesmaids were Mrs. Jim Sweeney of Dubuque, Iowa, sister of the bridegroom, and Mrs. Tim Golson and Anetia Frazier.

Karen Bohac of Austin was flower girl and David Ray was ring bearer.

Best man was Kirk Merrell of McLean, the bridegroom's brother, and groomsmen were Mike Forrester of Abilene, Gaylor Brnovak of Odessa, brother of the bride, and Randy Lomax of Odessa.

The bridegroom's brother, Eddie Merrell of Abilene, and Harold Sumrall, Nick Coates and Ricky Forrester, all of Abilene, seated guests, and Sumrall and Coates lighted candles.

Reception was at the church. The bride graduated from Trent High School and is a senior majoring in home economics at Texas Tech University.

A graduate of Abilene High School, the bridegroom is employed in Lubbock by Hemphill-Wells. He plans to attend Tech.

The couple will live in Lubbock at 1915 B. 17th St.

The Rev. and Mrs. Merrell were hosts for the rehearsal dinner at Camp Butman.

**Market Report**

Beef supplies are more plentiful than a year ago, and prices are "trending down" in Texas grocery stores, Mrs. Gwendolyne Clyatt reports.

Most often featured are chuck roasts and steaks, round steaks and liver, this consumer marketing information specialist said.

She's with the Texas Agricultural Extension Service, The Texas A&M University System.

In other meat items, fryer chicken prices are about the same as last week, but some stores are offering thrifty buys on mixed fryer parts.

Small-size turkeys have attractive price tags, too.

And egg supplies are adequate for the demand.

Grocery features include a variety of canned vegetables, catsup, noodles and tuna--good choices for hot-weather meals.

Fresh vegetables with most economical prices are cabbage, carrots, yellow and zucchini squash, cucumbers, snap beans, beets, corn, okra, blackeye and purplehull peas and green peppers. Excellent quality eggplant is on the market now and prices are somewhat lower, she reported.

In fruit departments, peach supplies are generous and prices more reasonable than last year.

Several varieties of grapes--Thompson Seedless, Ribiers, Cardinals--are at their peak now.

Other seasonal fruits include cherries, strawberries, nectarines, plums, cantaloupe, honeydews and watermelons.

CONSUMER WATCHWORDS: Reconstituted powdered milk does not appeal to everyone's taste, but mixing whole milk with powdered in equal parts, and left standing overnight in the refrigerator then served cold, many people won't be able to tell the difference from whole milk.

Mr. and Mrs. James Shaw announce the birth of a son, William James, on July 10 weighing 9 lbs. and 6 1/2 oz. The paternal grandparents are Mr. and Mrs. B. J. Shaw of McLean and the paternal great-grandmother is Mrs. I. D. Shaw of Clovis, New Mexico.

**Plant Pumpkins For Halloween Harvest**

What is round, orange, and has witches and goblins as best friends? A Halloween pumpkin, of course!

If you plan to grow pumpkins in your garden this year, it's time to plant the seed, says Sam Cotner, horticulturist for the Texas Agricultural Extension Service. Pumpkins require 90 to 110 days to grow depending on the variety, temperature and rainfall during the growing season. This means the seed should be planted during July and August in most areas of Texas.

To prepare the soil, use two to three pounds of 10-10-10 or similar fertilizer per 10 square feet of garden space. Work the fertilizer well into the soil. Plant four to six seeds per hill one inch deep, with vining types spaced six to eight feet apart and the bush types three feet apart. Thin the seedlings to two plants per hill when they are four to six inches tall.

**PREMILLENNIALISM - FACT OR FICTION?**

Premillennialism may be loosely defined as the doctrine that when Christ returns He will actually come to earth and establish a literal kingdom in Jerusalem, reigning there 1000 years. Within the ranks of those who subscribe to the premillennial doctrine there are almost as many points of difference as there are adherents. However, most Premillennialists would subscribe to the following basic contentions:

1. God did not fulfill all of the land promises to the Israelites;
2. Christ planned to establish a literal kingdom in Jerusalem when He first came, in which He would fulfill these alleged unfulfilled promises;
3. The Jews rejected His aspirations and thwarted His kingdom plans;
4. Since His kingdom plans were upset, He established the church as an emergency afterthought until the real kingdom could be established;
5. At His second coming, Christ will enthroned himself in Jerusalem on David's throne where he will reign for 1000 years over a kingdom in which all of the land promises will be fulfilled.

If these things are taught in the Bible, we must believe them. But, are they? Consider the following:

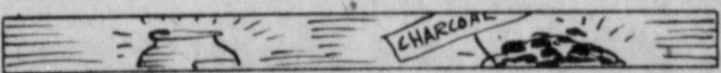

1. God has fulfilled the land promises: "So Jehovah gave unto Israel ALL THE LAND which he swore to give unto their fathers" (Josh. 21: 43ff).
2. Christ never intended to establish an earthly kingdom: "My kingdom is not of this world" (Jn. 18:36).
3. The Jews tried to force Jesus to be their king (they wanted an earthly kingdom), but He refused (Jn. 6:15).
4. The church is not an afterthought, but a part of God's eternal purpose through Christ (Eph. 3: 10-11). The kingdom He came to establish is the church (Matt. 16:18-19). It was established in the first century (Mk. 9:1). First century saints were not waiting for the kingdom, but were in it! (Col. 1:13; Heb. 12:28).
5. Christ is now on David's throne at God's right hand in heaven (Acts 2:29-33). There is NO passage of Holy Scripture that places Christ on earth again, but He will call His own up to meet him "in the air" where we shall be evermore (1 Thess. 4:17). He will not establish His kingdom when He comes, but will deliver His present kingdom (His church, purged of all things that offend, Matt. 13:41-42) to the Father (1 Cor. 15: 23ff). The 1000 years necessary to the whole premillennial system (Rev. 20:4) is a figurative passage which can be construed as a literal thousand years only by great exercise of one's imagination as it relates to the "souls of them that were beheaded for the witness of Jesus..." Premillennialism, fact or fiction? Fiction of course!

# Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The  
TEXAS DEPARTMENT OF AGRICULTURE  
John C. White, Commissioner

## Fall Planting Plans... From Severe to Excellent... Another New High?

While farmers in most parts of the state are concerned with harvesting 1976 crops, Fall planting plans are underway in the extreme southern and southwestern areas.

Fall vegetable planting time is at hand in the Rio Grande Valley, and in the Laredo area land preparation for fall crops continues.

In the San Antonio Winter Garden section, planting of fall carrots is in progress.

Despite what seemed like torrential rains throughout the state, pasture and range feed conditions vary from excellent to severe drouth. Poor to fair prospects are reported in the southern portion and extremely severe drouth conditions exist in an area in far western Texas and parts of the Big Bend.

On the tables of the Texas Crop and Livestock Reporting Service, conditions average 4 points less than a month earlier. Livestock generally are in good condition in most areas.

Screwworms and ticks are a problem in the eastern and southern parts of the state, although confirmed screwworm cases have been reported as far north as the Wichita Falls area.

ALTHOUGH TEXAS is just barely out of the top 10 states in corn production; it is continuing to make the honor list with its per-acre yields.

And if the trend continues, Texas will soon be in the top 10 states in production of corn. Acreage this year is up a whopping 29 per cent from last year. Acres for harvest for grain are forecast at 1,400,000.

Last year, Texas corn production per acre was more than 100 bushels, well above the average per acre yield of such major corn states as Iowa. This year, it is expected the average per acre yield of corn for the state will be 107 bushels.

Corn harvest this year is just barely getting underway with only about five per cent of the crop in the bin or sold.

NATIONAL FARM SAFETY WEEK is officially underway now through the rest of this month.

Safety officials say this week is set aside to make you aware of the need for farm safety, not just once a year, but every day of every week. Agriculture continues to be one of the major dangerous industries. Prevention now can deter a serious accident or death. Check for safety around your farm home, too.

MILK PRODUCTION in the state during June is reported at one per cent above a year ago, but six per cent under a month ago.

Milk production per cow averaged 880 pounds during June. This is 55 pounds above a year ago, but 60 pounds below the previous month.

## Baptist W. M. U. Have Meetings

The W. M. U. of First Baptist Church met Tuesday July 27 at the home of Mrs. Jim Stevens for Bible study.

The president, Mrs. Abbott was in charge with members bringing discussion from Ephesians. Our goal was set for the State missions which will come in September.

The next meeting will be on Mission Study on August 10. The missionaries having birthdays were named and remembered in prayer.

Those present were Mrs. Oma Abbott, Mrs. Matter Miller, Mrs. A. C. Wood, Ellen Roby, Essie Glenn, Mrs. Oba Kunkel, Mrs. Loyd Hunt, Mrs. Raymond Smith, Stella Gibson, Mrs. Jim Stevens, and Mrs. Le Roy Williams.

Saccharin is derived from coaltar.

Mr. and Mrs. Wheeler Cobb of Granby, Mo. visited with Mrs. Mattie Wheeler and Dick last Tuesday.

Rev. and Mrs. James Merrell were in Abilene last week for the wedding of their son, Mark to Judy Brnovak. They attended the Merrell and Lomax family reunion held at Butman Methodist Camp near Merkel, which was held in connection with the wedding.

Mr. and Mrs. Louis Dawkins and Jeremy of Wichita, Kansas and Mrs. Jim Sweeney of Dubuque, Iowa, who is the daughter of Rev. and Mrs. James Merrell visited in the Merrell home Sunday night. Louis Dawkins is a nephew of Mrs. Merrell.

A league is about three miles.

## DOWN MEMORY LANE

### 10 YEARS AGO

An open house will be held at McLean's new veterinary clinic, Sunday, Aug. 7 from 2 to 5 p.m. The clinic is owned and operated by David Woods.

Tracy Lyle Gordin, son of Mr. and Mrs. Gary Lyle Gordin, was honored with a birthday dinner on his second birthday.

### 20 YEARS AGO

Definite selection of McLean as the location for a new manufacturing plant that would employ 50 to 60 local women initially, with a potential payroll of over 100 persons weekly, was announced this week.

Mr. and Mrs. Harold Bunch are the parents of a daughter, Anita Carol, born at 12:30 p.m. Friday.

Kenneth Alan Gibson was honored with a birthday dinner Sunday, July 15, at Lake McClellan.

### 30 YEARS AGO

H. L. Thomas, owner of the McLean Feed Store, announces a new manager for the store beginning August.

Mr. and Mrs. Roger Tibbets have leased the Alderman Dry Cleaners and took charge today.

### 40 YEARS AGO

Local WPA projects will be completed, according to a statement by Mayor D. A. Davis.

### 50 YEARS AGO

The McLean Telephone Exchange moved to its new office building last week and Saturday night saw the installation of 24 hour service.

A force of men were at work the first of the week re-decorating the American National Bank.

Barney Fulbright and Carl Hefner will open a meat market in the wooden building next door to the Fair Store.

Sir Francis Drake was the first Englishman to sail around the world.

A Hilltop meeting of all masons was held July 24 on the Hugo Reimer ranch near Stinnett, Texas. Those attending from McLean were Ted Simmons, Wilson Boyd, Pete Rice, Walt Bailey, Bill Beck, and J. Boyd Smith.

# College for only pennies a day.

Nowadays, it takes a bundle of money to pay for a college education. No matter how you figure it.

But with United States Savings Bonds, you can count on having the money when you need it.

In fact, when you join the Payroll Savings Plan or the Bond-A-Month Plan, saving can work out to just pennies a day.

You see, a little is set aside to buy Bonds for you. Regularly. Automatically.

And before you know it, those pennies add up to a pretty nice education.

So buy U.S. Savings Bonds.

They make saving for college more than just an educated guess.

Series E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

200 years at the same location.

\*\*\* County \*\*\*  
**Agricultural Agents**  
 Texas A. & M. College  
 Extension Service

by Joe VanZandt

Race 4 or the head smut fungus represents a threat to grain sorghum production in Texas because it has the ability to affect hybrids that were previously resistant. Dr. Richard A. Frederiksen, with the Texas Agricultural Experiment Station, has shared some data with us that he has just collected.

This new race of the fungus has been found in the following counties: Austin, Bee, Fayette, Foliad, Hale, Jackson, Matagorda, Moore and Victoria. It undoubtedly occurs in many other counties also.

New races develop because genetic variation occurs in the smut population. A small segment of the population can start developing on a new sorghum line and increase. After it has increased substantially it may be noticed and reported. After that, it continues to increase and becomes distributed.

When smut shows up in sorghum this year, it would be a good idea to bring a sample by the office so it can be sent in to see if it is this new race o head smut.

Can dryland sorghum and cotton yields be increased by more than 25 percent? "You bet!" says USDA Agricultural Engineers Dr. Nolan Clark and Dr. Elmer Hudspeth. The yield of summer row crops can be increased by holding rainfall where it falls. Stopping runoff is the key to higher yields of summer crops, the two engineers say. Old studies at Spur, Texas, showed that lint yield from annual crops of cotton was increased from 117 to 188 pounds per acre when all runoff was prevented by closed level terraces. Grain sorghum yields on a 1 percent slope were increas-

ed from 1,100 to 1,590 pounds per acre by bench terraces at Bushland.

Flat benches or level terraces are expensive and troublesome to build and have not been widely adopted.

To avoid the high cost of land leveling, the old idea of building dams in furrows was re-evaluated. Dr. Clark began by examining rainfall runoff data from the USDA Southwestern Great Plains Research Center at Bushland. His study showed that the most rain and runoff occurred in June and July when summer crops are growing. This information led the engineer to speculate that dams in furrows of summer crops would save moisture at a time when crops could use it immediately. This would cut down on the water wasted by evaporation.

His theory seems to be correct. Results from 1975 showed that grain sorghum yields were increased 13 percent and cotton lint increased 25 percent when blocks were made in furrows.

We have copies of a new bulletin, MP-1246, Controlling Diseases on Ornamental Plants. This publication lists many diseases, describes their symptoms and lists recommended treatments for control.

If you are interested in controlling diseases on your ornamentals around your house, let me suggest that you call 669-7429 or come by the County Extension Office for a copy of this new bulletin.

## My Neighbors

"Stress and tension . . . stress and tension and other troubles too numerous to mention . . ."

## Fowl Production Is Monitored

A decrease in both the number of young ducks and acres of water have been noted as Texas Parks and Wildlife Department personnel complete the third annual waterfowl production survey in the Texas Panhandle.

A lack of heavy rains and poor or inadequate nesting habitat have been listed as major factors in this year's survey.

"Our juvenile duck count is down 74 percent from 1975 but the number of mature ducks is up," said Max Traweck, assistant waterfowl biologist.

"The mature ducks have been more obvious and easier to count this summer due to the low concentrated wa-

ter conditions," Traweck continued.

Other interesting facts show that the same number of lakes exist on the survey lines this year but the sizes of the lakes are reduced from 1073 acres in 1975 to 544 acres in 1976.

Poor home range nesting conditions surrounding the playa lakes have concentrated the mature ducks into smaller areas allowing only a few of the birds adequate nesting habitat.

Even the number of juvenile birds per brood is down from last year as only a few eggs are laid and hatched by the hens. This is mother nature's way of assuring survival of the species due to the less-than-ideal conditions.

The five-year survey in 12 of the Panhandle counties will assist biologists in deter-

mining the effects of rainfall, farming and hunting pressure on the waterfowl population.

To assist the production survey, a banding operation is completed each winter by P&WD biologists in the same area of the Texas Panhandle.

Many of the Texas-reared birds are bagged each fall by local hunters and it is hoped that the banded waterfowl will be reported to assist the survey. Each band has a number and address for the holder

to notify the proper agency. Many successful hunters keep the band and send the band number, place and date of kill, holder's name and address to bird band, Washington, D. C.

The 1976 waterfowl seasons will be set Aug. 30-31 as representatives of the P&WD, central flyway council and U. S. Fish and Wildlife

Service recommend dates for ducks, geese and cranes.

Sportsmen are reminded to secure hunting areas early this year in the Texas Panhandle due to the small amount of water for both ducks and hunters.

"Beware of a politician who refuses to answer some questions on the grounds that will eliminate him."

 telephone calls, sent flowers  
 or showed your concern in any  
 way while Catherine was ill.  
 We are truly grateful to each  
 of you. Thanks from the bot-  
 tom of our hearts.  
 Catherine and Charles  
 Weaver

**With Boat Trailer  
 Water Safety Begins**

Water safety begins  
 when you hitch the boat  
 trailer to the car.  
 Trailering a boat may  
 appear easy, but more  
 skill is required than  
 driving a vehicle with-  
 out a boat in tow.

**CARD OF THANKS**  
 We would like to ex-  
 press our thanks to  
 everyone for the flowers,  
 prayers, food and visits  
 in our time of sorrow.  
 Words cannot express  
 our sincere appreciation  
 to each and everyone of  
 our friends. May God  
 bless all of you. Espec-  
 ially the doctors, nurses,  
 and the Creed Lamb fam-  
 ily.  
 The family of Bill Estes

The July issue of  
 "Texas Parks & Wild-  
 life" Magazine features  
 an article on boat trail-  
 ering by Alan Allen. A  
 chart on tires, loads and  
 inflation pounds per  
 square inch is provided  
 along with such tips as:  
 --Avoid passing other  
 vehicles, but when nec-  
 essary allow for the  
 extra length of the trail-  
 er before returning to  
 your lane. Extra weight  
 of a boat and trailer also  
 significantly reduces  
 braking distances and  
 time; pump the brakes  
 when stopping.  
 --In backing, keep in  
 mind that the movement  
 of the boat and trailer is  
 opposite of the car's  
 movement. As a rule of  
 thumb, turn the car  
 wheels so the front end  
 of the vehicle swings in  
 the same direction you  
 wish to move the boat's  
 stern.

**CARD OF THANKS**  
 We would like to say  
 thanks to all our friends  
 for your concern in re-  
 membering us in the loss  
 of our loved one, Rodney  
 Grenhouse, God bless  
 and keep you.

--Travel with the boat  
 motor in the up position.  
 Install a motor-support  
 bracket to avoid shearing  
 the locking pins.  
 --Slow down on rough  
 roads to protect the boat  
 hull.  
 --When launching,  
 station a guide outside  
 the car and don't forget  
 to replace hull drain  
 plugs before launching.  
 In Texas, trailer li-  
 censing is handled at  
 county tax offices and  
 comes due at the same  
 time each year as regis-  
 tration for cars and  
 trucks.
