McLEAN, GRAY COUNTY, TEXAS - THURSDAY, MAY 13, 1976

NUMBER 20

## Defensive Drivers Training Course To Be Held

The Gray - Roberts County Farm Bureau is sponsoring the Defensive Drivers Training Course, to be taught by the Texas Department of Public Safety, for your benefit and protection. The driver that completes this course will be able to save 10% on automobile insurance. All insurance companies recognize this course and honor the 10% discount. There will be two different sessions of the course. Each session consists of two-4 hour sessions. You must complete 4 hours in Class I and 4 hours in Class 2 (total of 8 hours) to receive credit for the course. The schedule is as follows: Session I is May 17th and May 18th - 4 hours each class. Session 2 is May 24th and May 25th - 4 hours each class. Come to the First Christian Church Fellowship Hall, 18th & Nelson Street, Pampa, 6:30 to 10:30 pm. Please call the Gray County Farm Bureau Office to make your reservations to take the Defensive Drivers Training Course. Our telephone number is 665-

## High Award Assembly Slated

Odd Darsey elementary students have their awards assembly on Monday at 10 p.m. The Jr. High students will have their awards assembly Monday at 2:00 p.m. Both assemblies will be held in the high school auditorium. The 8th grade graduation will be held May 14 at 8:00 pm at the school auditorium. Reception follows in the cafeteria.

## Senior Citizens Have Mobile Health Unit

There will be a mobile health unit set up for the Senior citizens living on Main Street Friday, May 14 from 10 a.m. to 2 p.m. There will be TB tests and blood pressure tests. Everyone is invited to take part in this.

## High School Award Assembly Planned

by Janet Smith  
The awards assembly for high school will be held May 18 in the auditorium at 12:30 to present students with their scholastic medals and the "M" awards for all University Interscholastic League participants. The Best All-Around Boy and Girl Awards will also be presented. The teachers vote on this award and also on the Best Citizen-Valuable Girl Award will be given to the most outstanding girl in athletics. This award was voted on by the other girl athletes.

## Ross Lisman Receives Award

Ross Lisman, a West Texas State University senior from McLean, has received the Reserve Officer Training Corps Daughter of the American Revolution Award. Lisman received the award at the May 6 ROTC Annual Awards Ceremony. The DAR Award is sponsored by the Daughters of the American Revolution. Lisman, an accounting major, is the son of Jack Lisman of McLean.

## Tea To Honor Retiring Teacher

Catherine Weaver, long-time McLean science teacher, will be honored at a retirement tea, Sunday May 23, from two until four pm in the McLean Country Club. All former pupils and friends of Mrs. Weaver are invited to attend.

## Spring Concert To Be Held Tonight

Tonight there will be a band concert held in the McLean auditorium at 7:30. The high school and junior high bands will both be performing. This will be their last concert of the season.

Some residents in McLean have relatives over in Italy that they have been worried about since the earthquake in Italy, although they are in Naples and not right in the earthquake area. Col. and Mrs. A.F. Brybaeski, the grand daughter of Mr. and Mrs. Enloe Crisp are stationed there and a son of Mrs. Pansy Mounce is also over there. We know they are anxious about their loved ones.

## Assembly of God To Hold Revival

Prayer for sick up to date reports on the Worldwide Charismatic revival and special gospel music will be featured, along with morning teaching services on deeper life, at the Assembly of God Church. The services will begin Sunday May 16 at 10 a.m. and 7:30 p.m., according to the pastor, A. A. Myers, and will continue through Wednesday, May 19th.

Speaker for the campaign will be Evangelist teacher, Don Hughes of Broken Arrow, Okla.

Rev. Hughes was the son of a Southern Baptist minister, and was himself, later ordained a Southern Baptist minister, and worked with and pastored several churches in several states. In 1962 Hughes received the Baptism with the Holy Spirit with the evidence of speaking in other tongues. Immediately the ministry of this Baptist preacher took on a wider concept as he began to minister to the whole man.

During the crusade he will be giving his personal testimony.

Rev. Hughes has traveled extensively throughout the U.S. and has been in the forefront of the Charismatic revival, teaching at Bible Schools, speaking at Full Gospel Businessmen Fellowship meetings, and conducting church and city wide campaigns.

Don Hughes has authored several books, two of which are "Satan Underfoot" and "Fruit of the Lips". Rev. Hughes also is editor of "The Regining Life," a publication for believers.

The special music will be furnished by the church.

## McLean Students To Graduate from Amarillo College

Amarillo College commencement exercises will be conducted Monday, May 17, for a record number of 603 candidates.

Ceremonies will include graduates from the College of Arts and Sciences, School of Biomedical Arts and Sciences, School of Technology, and School of Vocational Arts at 8 pm in the Civic Center Auditorium in Amarillo.

Kathy Adams and Johnny Anders, graduates of McLean High School, will be awarded certificates and degrees.

Miss Adams, a summer graduate, will receive a certificate in medical office assistant.

Junior High solo and ensemble contestants: Rhonda Woods, Jamie Glass, Susie Billingsley, Terri Glass, Missy Billingsley, Cindy Glass, Laurie Vick.

## Jr. High Band Compete At Clarendon

by Maridale Glass  
Saturday, the McLean Junior High Band went to Interscholastic League competition held at Clarendon. The bands met in the Fine Arts Building of Clarendon Junior College. The contest was sponsored by the Clarendon High School band. The band played in concert and received a II (excellent) rating.

Individual competition

## Musical To Be Held At MHS

Tomorrow in the high school auditorium there will be a patriotic assembly held at 9:00 am.

The musical, "In God We Trust," will be presented by the youth of McLean and directed by Mr. John Kirby. The musical, which was written by Otis Skillings, is a salute to the bicentennial year and is made up of patriotic and religious music. There will be a small group sing and two solos throughout the musical. Coach Mike Gray will narrate the musical.

The assembly is free of charge and the public is invited to attend. The schedule of performances for the musical is Sunday at First Baptist Church in McLean; Shamrock First Baptist Church, Saturday, May 22; Groom First Baptist Church, Sunday May 30; and their last performance will be given at the associational Youth Rally at Wellington. The rally will be held June 3 in the First Baptist Church.

mer graduate, will receive a certificate in medical office assistant.

Anders, a spring graduate, will receive an associate in applied science degree in air conditioning.

## Gary Danner Is Most Valuable Player

BY Gina Layne

The All-Sports banquet, honoring the McLean High School Athletes, was held in the country club Friday night and was sponsored by the McLean Lion's Club.

Boss lion Homer Jefferson presented the Fighting Tiger and Tigerette awards to Morse Haynes and Betty Holmes, respectively, who were chosen by the Lions Club members. Morse and Betty, both seniors at MHS, now have their names engraved on a trophy in the case at the high school.

The McLean News Most Valuable Player award was presented to senior Gary Danner, by head coach Robert Mears. Gary, elected by his fellow teammates for this award, has his name engraved on a trophy in the high school.

A new award this year, the Fighting Heart Award, was presented by Coach Mears to Roger Myers, a senior, for his outstanding dedication to the McLean High School athletic teams.

The captains of the Tiger football team, Marty Duniven, Todd Darsey, and Dean Trew, presented a trophy to Halcyon Back for reigning as football queen of the 1975 season. They also presented tokens of their appreciation to Coaches Robert Mears, Mike Gray and Mike Viles. Betty Holmes, a captain of the Tigette team, presented the coach, Mike Gray, a plaque as a token of appreciation.

## Methodist Pastor Is Retiring

My wife and I will be retiring from the active ministry as of June 1, 1976. We will be moving to Abilene, Texas where we will spend some time on a small farm until other arrangements are necessary.

My wife and I have very thoroughly enjoyed our tenure in The United Methodist Churches here in McLean and Heald. We have found both McLean and Heald to be very lovely communities filled with wonderful people. The people have been very kind, friendly, and congenial. It has also been a real pleasure to have been associated with the other congregations in our communities and their pastors.

I have especially enjoyed having fellowship

Sunday with the Dale Burches.

Visiting Polly Harrison during the weekend was her son James from Lubbock and daughter, Jeanie and family of Amarillo.

Visiting Mrs. Cecil Carter Saturday were Mr. and Mrs. Jim Bruce and Shelby of Amarillo and David Bruce of Lubbock.

Lena Carter spent Saturday and Sunday in Pampa with the Jerry Carters and attended a Mother's Day dinner on Sunday.

Visiting the Robert Bruce Sunday were Mr. and Mrs. Bob Bruce and Shawn of Pampa.

Polly Harrison underwent surgery in Highland General Hospital in Pampa last week. She is recuperating at home after returning on Sunday.

Visiting in the home of Mr. and Mrs. Oba Kunkel over the weekend were Mr. and Mrs. Jerry Kunkel and son Michael from Lubbock, Mr. and Mrs. David Upton and girls Angela and Cary of Amarillo.

## Dr. Fortner To Speak At Heart Assc. Meeting

Guest speaker for the May 11 Gray County Heart Division meeting will be Dr. Ronald Fortner, cardiologist, of Amarillo. Dr. Fortner, a graduate of Baylor University and the University of Texas Medical Branch in Galveston, is a native of the Texas Panhandle graduating as valedictorian of the 1958 class of Dimmitt High School. Methodist Hospital in Dallas was the site of his internship and first year residency. Second year of residency and two years of cardiology fellowship was completed at the University of Texas Medical Branch, Galveston.

Dr. Fortner will discuss, in layman's terms, heart disease and problems of the heart. The meeting will be held Tues., May 11, at 6:45 a.m. in the conference room of Highland General Hospital. The public is invited to attend.

The regional meeting will be held at the Hilton Inn in Amarillo, 6:00 pm to 9:00 pm, on May 20.

## Market Report

Consumer care in fresh fruit and vegetable selection is the byword for the next few weeks, as produce supplies may be out of balance due to heavy rains in some growing areas.

Mrs. Gwendolyn Clyatt advised consumers to make produce selections carefully--from a quality and price standpoint.

The consumer marketing information specialist is with the Texas Agricultural Extension Service, The Texas A&M University System.

At vegetable counters carrot prices are up slightly, but they are still the low cost-per-serving choice, she added.

Vegetables with lower prices are soft shell squash, especially the yellow variety, and corn from Florida.

New-crop red potatoes are more plentiful while other good choices are cabbage, collards, mustard greens, radishes, and green onions.

At fruit counters, grapefruit remains moderately plentiful--and

strawberries are lower in price as supplies increase.

Cantaloupe supplies are increasing, but they continue rather small in size--and a few honeydew melons are available at relatively high prices.

Other economical fruit choices are apples, bananas, pineapples and pears.

At beef counters, consumers can expect price increases on the retail level--due to higher prices at the wholesale level, Mrs. Clyatt said.

If consumers find 'specials' on beef cuts that they use often--and they can spare the money, it would be well to buy extras to put into the freezer.

Generally, for greatest economy, consider chuck roasts and steaks, round steaks and liver.

At poultry counters, fryer-chicken specials make them a good choice in many stores, and turkey parts offer good eating at reasonable prices, Mrs. Clyatt said.

Egg prices are a bit lower--with large size the best combination of quality and economy.

To be eligible for low yield disaster payment, a request must be made within 15 days after harvest is completed and while the residue is still in the field.

You would also report your production after harvest if you think your farm may be eligible for low-yield payment.

If you do not have your records on production within 15 days, you can bring them later--provided you come by and file a low-yield application.

In order to make your farm eligible to prove any future wheat yield, the wheat acres needs to be reported by May 15. Five years is used in proving yields and the 1976 year will be used in proving wheat yields through 1982.

Most producers have already reported wheat acres. If you want your farm eligible for proving wheat yields, be sure to remember to report by May 15.

CONSUMER WATCH-WORDS: Breakfast economy can be tricky, especially with biscuit, hotcakes or waffles.

## IT HASN'T CEASED TO BE A SIN, LADY!

Lady was recently quoted as saying, "I learn to dance when it was a sin." She was trying to facetious, but that doesn't prevent its being a serious indictment of creeds written by theologians. The time was when the majority of religious groups condemned the dance, but in conforming to modern trend, their creeds have been re-written and dancing, along with other types of "lasciviousness" ("filthy words, indecent bodily movement, unchaste handling of males and females"--Liddel's Greek Lexicon, page 79) and "revellings" (jovial feast with music and dancing"--Liddel's Greek Lexicon) is now sanctioned by many of them. The Bible has not changed. It still says, "The works of the flesh are manifest, which are these: adultery, fornication, uncleanness, lasciviousness, idolatry, witchcraft, hatred, variance, contentions, wrath, strife, seditions, heresies, enmities, murders, drunkenness, revellings, and things like of the which I tell you before, as I have told you in time past, that they which do such things shall not inherit the kingdom of God" (Gal. 5:21). The Bible still says: "Be not conformed to this world . . ." (Rom. 12:2) and, "Abstain from all appearance of evil" (1 Thess. 5:22). So you would like to tell the lady that dancing is still a sin. Those who write creeds approving things once disapproved, and those who conform to them, have fallen into the clutches of Satan!

Consider: The dance is the only place where the vilest of men can embrace the purest of women! Three-fourths of the prostitutes in America began their road to ruin on the dance floor! No young man can go through the motions of the dance without impure thoughts! Men and women are led to more evils by means of the public and private dance floor than any other form of amusement! Dancing arouses emotions and desires that can be fulfilled only in marriage. The modern dance began in a house of prostitution in Paris, France; an evil tree producing evil fruits! The fondling and embrace in dancing is not permitted in decent society without music. What is wrong without music, is wrong with music! Someone has well said, "A dancing foot and a spring knee are never found on the same leg." The dance belongs to the world over which Satan reigns (John 12:31). " . . . know ye not that the friendship of the world is enmity with God? Whoever therefore will be a friend of the world is the enemy of God (James 4:4). Dancing has not ceased to be a sin, lady!

## Former Resident Is Married

Mrs. Kate Day of Pampa and former resident of McLean wishes to announce the marriage of her daughter Marsha, recently to Mr. Mike Garcia of Pampa.

The couple will make their home in Pampa.

Mrs. Foster Burghin of Groom was a guest in the home of Mrs. Mattie Wheeler and Dick Sun.

From scratch biscuits are more economical than ready to bake or mix varieties.

But hotcake or waffle mixes cost only about two-thirds as much as homemade varieties--and frozen varieties are three times as expensive.

## New Arrivals

Mattie Wheeler was presented with two new great grand daughters recently.

Krista Gayle Burghin, daughter of Mr. and Mrs. Jimmy Burghin of Groom was born April 18, 1976 at Northwest Texas Hospital in Amarillo. She has one sister, Melinda.

La Tisha Leigh Burghin, daughter of Mr. and Mrs. Bobby Burghin of Groom was born May 4, 1976 at Groom Memorial Hospital. She has two brothers, Ricky and Gene.

Mrs. Wheeler also has a great grandson, Scott Thompson, son of Mr. and Mrs. Doug Thompson of Garland, Texas.

**CABBAGE STUFFED WITH TASTY PORK**--Pork--Stuffed Cabbage Rolls are sure to be a family favorite, says the Texas Department of Agriculture home-economist. The flavor of pork is enhanced with dill seed, onion, celery and cheese soup. Topped with cheese sauce and served with cooked carrots, the cabbage rolls make an eye-pleasing, mouthwatering dish.

## from the TAP kitchen

Commissioner John C. White-Texas Department of Agriculture

### PORK-STUFFED CABBAGE ROLLS

- |                               |  |
|-------------------------------|--|
| 1-1/2 lbs. ground pork        | 1 egg  |
| 1 medium cabbage              | 1 can (11 oz.) condensed Cheddar cheese soup |
| 1-1/2 tsp. salt               | 1 cup cooked rice                            |
| 1/2 tsp. dill seed            | 1/2 cup boiling water                        |
| 1/8 tsp. pepper               | Flour for gravy, if desired                  |
| 1/2 cup chopped onion         | Paprika, if desired                          |
| 1/4 cup finely chopped celery |  |

Remove core from cabbage, place head in saucepan containing 2 quarts boiling water and cook 3 to 4 minutes. Drain cabbage; remove and reserve 12 leaves as they become flexible. Sprinkle salt, dill seed and pepper over ground pork. Add onion, celery, egg and 1/2 cup of cheese soup. Stir lightly to combine. Stir in cooked rice and divide meat mixture into 12 equal parts. Place one portion of meat mixture in each cabbage leaf. Roll leaves and fold ends to enclose filling; place rolls, seam-side down, in large frying pan. Secure rolls with small round wooden picks if necessary. Add 1/2 cup water, cover tightly and cook 30 minutes. Add remaining cheese soup and cook, covered, 10 minutes or until cabbage and pork are done. Remove rolls to warm platter; thicken cheese sauce with flour, if desired, and serve over cabbage rolls. Sprinkle with paprika, if desired. Yield: 6 servings of 2 rolls each.

For additional pork recipes send a postcard request to Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

The Texas Department of Health Resources has embarked on an enlarged program of bringing better health to babies, small children, new and expectant mothers through proper nutrition.

The women, infants and children (WIC) program is operating in 24 locations within the state with improved nutrition and health as its goal. An additional five other local programs will be implemented soon.

The WIC program is sponsored by the United States Department of Agriculture. It is administered in Texas through Dr. Connie R. Yerwood's Maternal and Child Health Division in the Department of Health Resources.

For the current year, Texas is operating under a \$20.8 million budget with an authorized case load of 75,168 persons a month. Approximately 60 to 65 per cent of those receiving supplemental food are located in the Rio Grande Valley.

The goal of the program is to have healthier infants, mothers and children, and the nutritional aspects of health are being emphasized. Trained nutritionists counsel with all participants. Lack of physical and mental attainments of nutritionally deprived youngsters has drawn the increasing attention of public health officials in the past few years.

The WIC program works hand in hand with approved clinic through out the state. Pregnant and lactating women, infants and children under age five are eligible to participate in an authorized program if they live in a low income area served by an approved clinic, if they are receiving reduced-cost medical services and are determined by a competent professional on the staff to be at nutritional risk.

The supplemental foods include milk products, cheese eggs, iron fortified cereals, vitamin C enriched fruit and vegetable juices and iron fortified infant formula. Changes in allowable foods may be forthcoming but these changes apparently will be subject to state approval.

History of the year and a half old program indicates measurable nutritional and medical impact on participants.

A survey of Texas projects indicated greatly improved blood values of participants. It was found that those in the program were taking greater advantage of health services

both for mother and their offsprings. And, the frequency of missed appointments for clinic services had sharply dropped. A more in-depth clinic evaluation will be conducted in the future to further document the nutritional impact of the Texas program.

The program isn't designed to meet the total food requirement of those involved. It does however, supplement normal diets with nutritious, body-building foods.

### Contract Awarded For County Road

Ivan Dement Inc. of Amarillo Tuesday was awarded a \$184,765 contract by the State Highway and Public Transportation Commission to pave Farm to Market Road 3302 in Gray County.

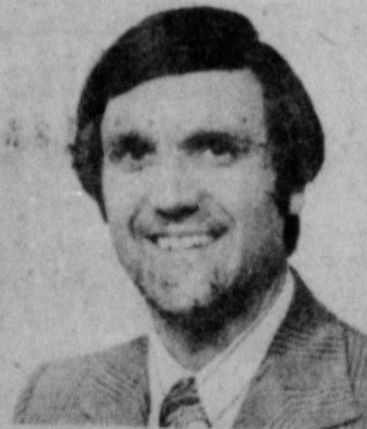

FM 3302, an unpaved, graded county road, will be surfaced from State Highway 159, 4.8 miles east of U. S. Highway 60, southward a distance of 4 miles, said A. L. McKee, Amarillo District Engineer.

Thomas R. Kelley, supervising resident engineer in Pampa for Gray County, will direct the road work that should start in about a month and require about eight months to complete.

The project was financed through both the 1973 and 1974 Texas Farm to Market Road programs.

**Tornado Season Here Again**

Hot, humid, windy weather can be a dangerous signal for Texas during the spring months. Why?

Because these weather conditions breed tornadoes, and Texas is the most tornado-prone state in the nation says Dr. Gary Nelson, agricultural safety engineer for the Texas Agricultural Extension Service.

Texas has an average of 103 tornadoes a year, with most of them occurring in April and May when there are violent winds, severe thunderstorms, and masses of cool and warm air colliding with each other.

Eight out of 10 tornadoes occur between noon and midnight, with more than 20 per cent in the two-hour span from 4 to 6 p.m.

Tornadoes, which take an average annual toll of 184 human lives in the U. S., usually travel southwest to northeast and stay on the ground about 10 minutes. Their forward speed is about 30 miles per hour, but wind speeds in the funnel of a tornado can get up to 300 miles per hour.

The National Weather Service issues a "tornado watch" when atmospheric conditions are favorable for the development of tornadoes. A "tornado warning" is issued when a tornado has actually been sighted or detected by radar.

"If you hear of a tornado watch, stay tuned to a radio or television for weather reports. If a tornado warning is issued, take cover in a basement, cellar or civil defense shelter and keep a battery-powered radio handy in case power lines are down.

The safest refuge, says Nelson, is a tornado shelter, underground excavation or reinforced concrete structure.

If you don't have a basement, stay in the central part of the lowest level of the house or get in a closet or bathroom or under heavy furniture. Open a few windows but stay away from them.

If you're in an office or factory, stay in an inside hallway on the lowest floor or go to a designated shelter.

Get out of mobile homes

**A. C. To Register During June**

Amarillo College will conduct regular registration for the first summer term June 1 in the College Union Building on the Washington Street campus.

Late registrants may report between 11:30 am and noon, while evening college students may enroll between 7 and 8 pm.

Various courses in Bible, biology, chemistry, economics, English, government, history, home economics, mathematics, men's and women's physical education, microbiology, psychology, reading, social sciences, sociology and speech will be offered by the College of Arts and Sciences.

The School of Biomedical Arts and Sciences will offer programs in child care assistant, dental assisting and hygiene, medical laboratory, medical office assistant, medical records, mental health, nursing, radiologic technology and respiratory therapy.

The School of Technology will offer courses in accounting, business administration, data processing, electronics, law enforcement, mid-management and office and business occupations.

Late registration and schedule changes may be accomplished until June 4 at the registrar's office in the Administration Building on the Washington Street campus. Complete and detailed schedules of course offerings may be picked up there.

In 1975, Texas ranked third in the nation in honey production, with 12.896 million pounds, Agriculture Commissioner John C. White has reported.

or old, poorly built buildings and stay away from any structures with free-span roofs such as gyms or auditoriums.

If you're caught in open country when a tornado hits, head for a nearby building or lie flat in a ravine or ditch. Don't stay in a car unless you can drive away from the tornado at right angles to its path.

If you sight a tornado, report it at once, but don't tie up the phone with unnecessary calls.

When cleaning up debris from a tornado, wear gloves and thick soled shoes and watch for downed electrical wires and broken gas pipes. Don't light matches or smoke in or near a building that has been hit by a tornado until you're sure there are no gas leaks.

## Golf Teams Compete At Region

A rain-soaked course at Meadowbrook Country Club proved fatal to the home town golfers April 29 and 30 at the regional meet at Lubbock. The first round scores were led by Sam Haynes with a disappointing 87 followed by Morse Hayne and Marty Duniven with a 92 and 94 respectively. Gary Danner and Dean Trew both finished the 18th hole with a 101.

Friday's action wasn't much better as Sam, Morse and Marty all finished the day with 89. Dean Trew finished the day with a 91 and Gary Danner finished with 100.

The only high spot was Sam Haynes front nine on Friday on which he came in with a one over par 37.

Ranking High school was the class A division with Memphis coming in second, qualifying both teams for the state meet in Austin.

## Student Council Sponsor Jubilee

by Beth Hambright  
 Saturday the McLean Student Council sponsored a Derby Town Jubilee. It started at 7:30 pm at the high school auditorium.

The highlight of the evening was Smitty and the Corns (Jayson Smith and the student council) singing "16 Pages" and then dedicated "You're too old to Cut the Mustard" to Smitty.

## Jr. High To Present Play

Miss Jacque Gillispie's 8th grade girl's English class presented a play Wednesday for the McLean elementary and junior high schools. The play, "Pajama Party," was written by Anne Moulter and was published by the Dramatic Publishing Company. The co-directors were Ann Skipper and Beth Smitherman.

## Helps Shrink Swelling Of Hemorrhoidal Tissues

caused by inflammation  
 Doctors have found a medication that in many cases gives prompt, temporary relief from pain and burning itch in hemorrhoidal tissues. Then it actually helps shrink swelling of these tissues caused by inflammation.

The answer is Preparation H®. No prescription is needed for Preparation H. Ointment or suppositories.

## FBLA Have Skating Party

The McLean Future Business Leaders of America met Monday night to elect officers for the 1976-77 year. The candidates for each office, who have been campaigning for the past week, each presented a speech to the members. The officers elected were as follows: Lela Skipper - pres.; Rose Dwyer-v. pres.; Natalie Morris - sec.; Cindy Sherrod - trea.; Gina Layne - historian, and Scott Haynes-Sergeant-at-Arms.

After the business meeting, the members went to a skating party at Shamrock.

## Students To Get Restricted Licenses

Upon completion of their 32 classroom hours, Mr. Cecil Reynolds' driver's education class, consisting of 28 students, took their written examination. Officer Dunlap from Pampa came today to give the class the road and sign tests. They were given an eye test and their thumbprints were taken preceding the test. The students passing the test paid a required fee and were given a temporary receipt good for 30 days or until they receive their restricted license.

The class should be finished on May 19 and they will receive a car June 1st from Harold Barrett's Ford at Pampa for the driving part of the class.

## Sophomore Class To Have Party

The sophomores of McLean High School will be going on their class party tomorrow. They will be leaving after school and going to the Castleberry place at the Trew Ranch. They will return about 10 that night.

## Rodeo Club Elect Officers

Last Friday the McLean High School rodeo club met during the activity period to elect new officers for the 1976-77 school year and plan a party in honor of the senior members.

The new officers will be president-Dale Steel; vice-pres. - Marshall Hanes; Sec. - Treas. - Robbie Turpen and reporter-Cherrie Billingsley.

## Student Council Are On TV

Last Friday five student council members went to Shamrock to advertise their jubilee on closed circuit TV.

The students making the trip were Roger Myers, Betty Holmes, Connie Cunningham, Dave Jefferson and Rose Dwyer.

## Senior Tea Is Held

The senior tea was held in the McLean country Club May 1. The Pioneer Study Club honored the seniors with the annual event.

Refreshments prepared on a bicentennial theme were served. The "Trebleaires" from Friona, sang for the program. Highlight included duets and instrumentals played on the piano, flute and saxophone.

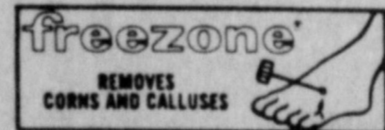

After the program the seniors and their mothers were introduced. Members of the Pioneer Study Club were also recognized.

A man's library is a sort of harem, and I observe that tender-readers have a great pendency in showing their books to a stranger.

## FREEZONE IS FOR CORNS THAT HURT.

Why fool around with painful corns, when Freezone can help you remove them. Try it. You'll see. In just days, the corn will be gone... the hurt will be gone. Painlessly. No dangerous cutting. No ugly pads or plasters. Drop on Freezone—take off corns.

**Panoma Progressive Club Meets April 26**

Members of the Panoma Progressive Club met April 26 for a luncheon in the home of Mrs. W.C. Stokes. Co-hostess for the event was Mrs. Barry Pender.

Prior to the luncheon the club members enjoyed viewing a collection of various types of quilts on display in the home of Mrs. Clyde Magee.

Members attending the luncheon were Mrs. Charles Wynn, Mrs. Les Gordin, Mrs. Gerald Hale, Mrs. Louie Bell, Mrs. Jerry Mounce, Mrs. Barry Pender and Mrs. W.C. Stokes. Mrs. Magee joined the group for the luncheon.

The door prize was awarded to Mrs. Les Gordin.

**NEWS**

\*\*\* County \*\*\*  
*Agricultural Agents*  
Texas A. & M. College  
Extension Service

BY Joe VanZandt

As additional moisture falls over the Southern Plains Area, wheat prices continue their downward decline. Improvement in the new wheat crop prospects coupled with reduced export sales worked to drop wheat values, sharply. A relative high percentage of wheat is still infarmer's hands. The question is, "At what price will farmers be willing to carryover last year's crop?" Generally, when all production costs are considered, wheat prices are way below the break-even cost.

In the U.S. April 1, stocks of all wheat at 25.5 million metric tons were 42 percent above a year earlier. Stocks of the four feed grains (corn, oats, barley, and sorghum) totaled 86.4 million metric tons, which is 25 percent above year earlier holdings. Corn in all positions increased 7 percent and sorghum is 19 percent above last year levels. It certainly looks like the U.S. is going to have adequate supplies of grain for all purposes this year.

Remember how low beef prices were in March this year? Beef production in March was 23 percent above last year's beef output. However it was not overweight cattle but just sheer numbers of cattle ready for market at one time. The average live-weight of cattle slaughtered in March was 2 pounds lighter than in 1975 and 43 pounds under the 1974 level.

**NEW BRUCELLOSIS REGULATIONS IN EFFECT**

Texas livestock producers are operating under a new set of regulations aimed at eradicating bovine brucellosis.

The regulations were adopted by the Texas Animal Health Commission at a hearing in Austin, April 15.

The regulations combine federal guidelines of the Animal and Plant Health Inspection Service of the U.S. Department of Agriculture. Federal officials were contemplating a quarantine on Texas breeding cattle if the regulations had not been accepted.

A portion of the regulations deal with the vaccination of heifer calves using the Strain-19 brucella abortus vaccine. Vaccination is recommended to increase the immunity of breeding animals in areas where brucellosis has been a

problem. Beef heifers should be officially vaccinated between the ages of 90 to 210 days and dairy heifers, 60 to 180 days.

Free vaccine for calf-hood vaccination is available in limited quantities but is to be used only in herds having problems with brucellosis. Producers wishing to start a vaccination should contact their local veterinarian.

At the recent hearing in Austin, numerous producers stressed the importance of continued research and adequate financing to improve methods for diagnosis and control of brucellosis. A copy of the new brucellosis eradication regulations will soon be available for reference at the county Extension office.

Some farmers are becoming concerned about weeds coming up in wheat fields. If what is sprayed with 2,4-D between the boot and soft dough stage, some yield reduction can occur. Therefore if the weeds in wheat need to be sprayed, I would recommend you wait until the what has reached the soft dough stage before spraying with 2,4-D.

The wheat crop is reaching the high water use stage, which occurs from the boot to milk stage of the plant. Probably the single highest water use comes during the bloom stage of development. Farmers who are short of irrigation water or that want to get the greatest return out of each inch of water applied can consider applying water during the high water use period.

**Home Economics At A Glance**

Commitment in a marriage implies the dimensions of time and continuity--time to get to know each other, share many experiences and meet challenges because of crises or long-term knowing and loving, Dorothy Taylor says.

Menswear departments are excellent sources for quality scarves in classic designs. Often menswear scarves are also less expensive than comparable scarves in women's departments, Mrs. Becky Culp, area clothing specialist with the Texas Agricultural Extension Service,

**Farm-facts**

A Weekly Report Of Agri-Business News

Compiled From Sources Of The TEXAS DEPARTMENT OF AGRICULTURE  
John C. White, Commissioner

**Wheat Harvest Underway... Grain Stocks Show Increase... Dairy Production About the Same, But Incomes Lower.**

The state's wheat harvest is now underway, and production will be about half of the 1975 record crop. The Texas wheat crop is estimated this year at about 66,000,000 bushels; last year, it was twice that amount.

The drought in the winter was primarily responsible for the downturn in the Texas crop.

The first load of wheat was cut recently in Frio County, and harvest is expected to pick up momentum as fields dry.

The first cutting was about a week to 10 days later than normal because of wet fields. Recent rains over the wheat area came too late to help the crop.

**STOCKS OF THE FOUR FEED GRAINS, corn, oats, barley and sorghum, are estimated to be 34 per cent above a month ago for the state. Stocks of all commodities except rye are above last year.**

Wheat stocks in the state stored in all positions are estimated at 51,400,000 bushels, which is 94 per cent above a year ago.

Sorghum stocks in all positions are estimated at 93,800,000 bushels. This is 33 per cent above a year ago.

Corn stocks are estimated at 44,700,000 bushels; this is up 30 per cent from 1975.

Oat stocks are estimated at 5,200,000 bushels, nearly double a year ago.

Rye stocks estimated at 27,000 bushels are down 37 per cent from last year.

Barley stocks are estimated at 270,000 bushels, up 43 per cent from a year ago.

Soybean stocks are estimated at 6,000,000 bushels, up 47 per cent from a year ago.

Nationwide, stocks of the four feed grains are 25 per cent above a year ago. Soybean stocks are 31 per cent above a year ago.

**FOR THE DAIRYMAN, it's an all too familiar story. Production is steady, income is down.**

Milk production in Texas during 1975 was about the same as the two prior years. Texas farmers received a gross income from dairy production of \$304,000,000 last year, down two per cent from 1975. Farm value of the milk was two per cent below the previous year.

The annual average number of milk cows was 335,000; this is down four per cent from a year ago. Production per cow was only about one per cent below year-ago levels.

Snob originally meant a low-born doll.

**First Application Relieves Itchy Skin Rash**

Also Helps Promote Healing

Medicated Zemo quickly relieves itching, irritated skin. Then Zemo helps nature heal and clear red, scaly skin rashes externally caused. For fast relief, get Zemo Ointment or Liquid.

**Agonizing Pain From Ingrown Toenail? Get Outgro For Fast Relief**

Outgro gives you fast temporary relief from ingrown toenail pain. Outgro toughens irritated skin, eases inflammation, reduces swelling without affecting the shape, growth, or position of the nail. Stop ingrown nail pain fast with Outgro.

in the Lions Club here in McLean. All of the members are real fine guys and because of this it has been a real pleasure to have had the privilege of associating with each of them.

I was born in Concho County, Texas about a mile and a half south of Paint Rock, Texas. Grade school and jr. high were attended in a little rural school called White Point, after graduating from high school in Paint Rock, my college work was done in Southwestern University, Georgetown, Texas where I received a B.A. and M.A. degrees. Credit for the Administrative Certificate was taken from the University of Texas at Austin, Texas and Southwest Texas Teacher's College in San Marcos, Texas. Accreditation for entry into the ministry was taken by correspondence from Perkins Theological Seminary and the Methodist Theological Seminary in Memphis, Tenn.

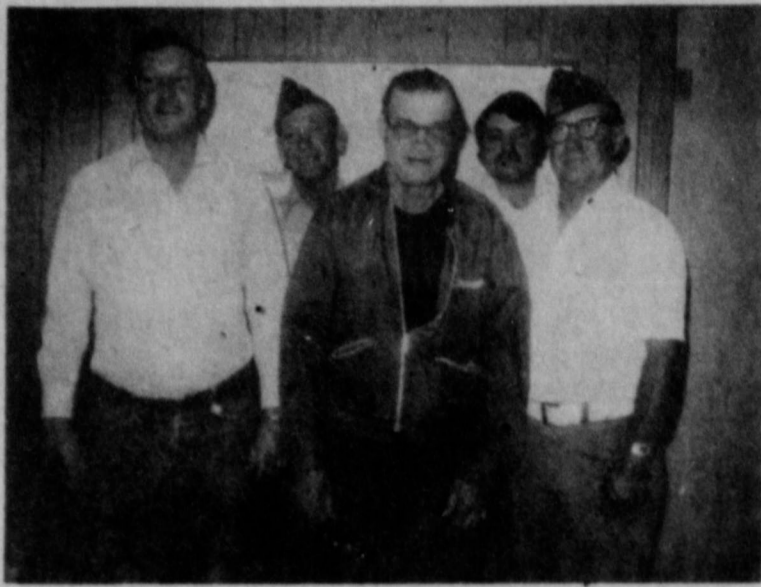

Many years were spent on the farm and ranch on my father's place before entering college during the great depression of the thirties. I worked my own way through college and have had experience in doing many kinds of work.

I spent sixteen years in the Public School System of Texas as High school principal, teacher and coach, before entering the ministry in 1953.

Avoca was my first church, then Plains, Vega, Harrah Pampa, Roby-Sylvester, Claude and McLean-Heald.

Avis and I have five children. The oldest son, his wife, daughter and son live in Lubbock. He teaches science in Monterey High School. Our second son and his family live in Ames, Iowa. He will be receiving his Ph.D. in Biology from the Iowa State University in Ames, May 29th. Our daughter and her family lives in Floydada. Her husband is manager of the Federal Land Bank. Our next son and his wife live in Lubbock and he teaches science in Coronado High School. His wife is a social worker for Texas Tec. Medical School. Our youngest son and his family also live in Lubbock. He is employed with the Texas Water Quality Board. We have eight grandchildren.

Avis and I want to thank

V.F.W. OFFICERS
