SENATOR WAYNE Morse, D-Ore., was in the news again when he said he feels there is "great doubt" about President Johnson's re-election in 1968. Morse, a strong critic of Mr. Johnson's policies, said he feels LBJ may even have trouble winning renomination by the Democrats.

NEXT WEEK IS FIRE PREVT'N WEEK OCT. 9-15

Fire Prevention Week will be observed next week in McLean Grade School, with students competing in poster and theme contests.

This week is sponsored each year by the McLean volunteer fire department and Lions Club, who contribute the prizes for the contest winners.

Awards will be presented to the winning students in a special assembly program Friday afternoon, Oct. 14, in the school gymnasium.

Winners and all first graders will take a ride through the city on the city fire trucks following the assembly program.

Powder Puff Football Game Held Monday

All McLean fans who missed the Powder Puff Football game last Monday night between the freshmen and sophomore Beauties and the junior and senior Darlings missed a real treat. Even though the Beauties played some good football, the Darlings out did them with the final score being 28-8.

The coaches for the Beauties were Raymond Baker, Lonnie Easley and Harold Calcote and coaching the Darlings were Arthur Dwyer, Bryan Parker and Randy Hess.

One of the high spots of the evening was the announcing done by Eddie Finley. He did a terrific job.

Half time entertainment, all freshmen who were not playing in the game took part in a shoe scramble.

Some real beauties were on hand to take over as cheerleaders and twirlers. They led in some yells for the two teams.

This game was sponsored by the McLean High School annual staff.

Mrs. Gatlin Dies; Burial at Clarendon

Mrs. Byrdie Lee Gatlin, former resident of the McLean area, died Saturday in Worley Hospital, in Pampa.

Funeral services were held Tuesday in Pampa First Presbyterian Church, with burial in Citizens Cemetery, Clarendon.

Mrs. Gatlin was born Nov. 6, 1887, in Collingsworth County. She was married to Charley A. Gatlin on Oct. 11, 1905, in Donley County and the couple made their home on a ranch south of McLean for 32 years before moving to a ranch south of Pampa.

Mrs. Gatlin was a member of the First Presbyterian Church in Pampa, and a past worthy matron of the McLean chapter of the Order of Eastern Star.

Surviving are her husband; two daughters, Mrs. Thelma Hopkins of Pampa and Mrs. Clara Pearl Smith of Roswell, N. M.; two grandchildren and five great-grandchildren.

Genealogy Workshop In Amarillo Saturday

A genealogy (family history) workshop will be held Saturday, Oct. 8, at 9:30 a.m. to 5 p.m. It will be held at the Mary E. Bivins Memorial Library, 10th and Polk in Amarillo.

This workshop is sponsored by the Amarillo Genealogical Society. General research will be with emphasis on German Ancestors. Books will be available.

Everyone interested in their family history is invited to attend this workshop. Parking will be available at 11th and Polk.

Junior High Team Loses to Claude

The McLean Junior High School team was overrun last week at Claude. The team lost to Claude with a score of 58-14.

The team will play host to Clarendon Thursday, Oct. 6, at Duncan Field at 7:00 p.m.

NATIONAL BIBLE WEEK OCT. 17-23

Ours is a country that furthers its aims, as well as its gains, by adhering to principles and practices that recognize the importance of the individual, his education and his freedom of thought and speech. Coming at a time when most needed by a previously troubled world is the annual All Faiths National Bible Week, which will celebrate its 26th observance the week of Oct. 17 through 23. Once again, it is being sponsored by the Laymen's National Committee, Inc. The theme of this worthy cause is "The Bible—Book of Wisdom and Truth."

Never before in the history of mankind has it been more important to return to a frequent reading of the Holy Scriptures. What is happening to religious life in America? Why this rash clamoring that God is dead? Have we allowed ourselves to become so crassly materialistic that in taking for granted the daily blessings given us by Almighty God we have sold our birthright for the proverbial mess of pottage? How can we deny God's very presence when life's beauty and wonder are forever around us? Let us keep ever before us that Book of wisdom and of truth as a basic guide for conduct between human beings.

Record Enrollment At Clarendon College

Final enrollment figures at Clarendon College showed a slight increase over last year's record enrollment, with a total of 237 students. This figure constitutes an all-time registration for the college, and represents an increase of more than 57 per cent over the enrollment three years ago.

"Records have been broken each year, with 136 students enrolling in the fall of 1963, 189 in the fall of 1964, and 228 last fall," stated Mrs. Moore, registrar at the college.

Ten of this 237 enrollment are from McLean. They are Terry Bidwell, Martha Brown, Robert Bruce, David Castle, Amanda Beth Dalton, Lynn Mays, Worth Miller, Robert McCabe, Johnny Parks and Carolyn Willoughby.

These enrollment figures include 159 men and 78 women, with students from 42 Texas high schools as well as from schools in New Mexico, Oklahoma, Kansas, Pennsylvania, Virginia and the Philippine Islands.

Funeral Rites Held For C. M. Corcoran

Funeral services for Charles M. Corcoran were held at 2:30 p.m. today (Thursday) at the Lamb Funeral Home, with Rev. J. Arnold Carlson of St. Mary's Catholic Church of Groom officiating.

Rosary was said at 7:30 p.m. Wednesday at the funeral home. Burial was in Hillcrest Cemetery.

Mr. Corcoran died Tuesday morning in Groom Memorial Hospital. He was born May 10, 1898, in Terrell. He moved here in 1945 and was a retired farmer.

Survivors include his wife, Vela; two daughters, Mrs. Betty Jean Farrar of El Paso and Mrs. Beulah Whitworth of Dallas; a son, Lewis of Tyler; nine grandchildren and two great-grandchildren.

Tech to Play TCU At Fort Worth

Texas Tech invades Fort Worth to battle Texas Christian University for the unofficial championship of West Texas Saturday night.

At stake will be a small saddle emblematic of the "title," donated by the Lubbock Avalanche-Journal and Amon Carter Jr. Texas Tech currently holds the saddle, by virtue of a see-saw 28-24 triumph at Lubbock last fall.

Texas Tech goes into the game in possibly its worst physical shape in several years. Three more men may have been lost in the A and M contest—Center Jerry Turner, Tackle Stanley Edwards and Halfback Alan Schriever, all with knee injuries.

Starting defensive Guard Mickey Merritt, who hurt a foot in the Texas contest, may miss another, as will defensive Guard Mare Bryant and probably Safety Gus Griffin. Doug Young, starting in the place of Bryant, played only sparingly against A and M because of an injury against Texas.

Texas Tech's next game will be against Florida State at Lubbock Oct. 15.

VICE PRESIDENT HUMPHREY waves from a lofty perch in the cockpit of the Lockheed mock-up of the supersonic transport during a visit to the Lockheed facility in Burbank, Calif. You can't really see him, but Gov. Pat Brown is in there, too.

Gray County Unit Of Cancer Society Names Chairmen

The announcement of committee chairmen and naming of delegates to the state convention highlighted a meeting of the Gray County Unit of the American Cancer Society Wednesday, Sept. 28 in the Coronado Inn, Pampa.

Chairmen and their committees are Mrs. Jack Foster, service; Dr. Royce Laycock, medical; Mrs. Kermit Lawson, education; Bill Power, publicity, and Ben Sturgeon, legacy.

Mrs. Lawson was elected official delegate to the annual meeting of the Texas Division. The convention was held Oct. 5 and 6 in Houston.

Also planning to attend were Mrs. Foster, who is a member of the state executive committee, and Don R. Lane, local unit president.

Band Boosters to Hold Tuesday Meet

The Band Boosters will meet at 7 p.m., Tuesday, Oct. 11. Everyone is invited to attend. The purpose of this meeting is to organize the Halloween Carnival.

"This is a very important meeting," said Band Boosters, "and we would like to have as many parents present as possible. This project is a very large one and we need everyone's help."

Texas League of Nursing to Meet In Amarillo Oct. 9-12

The 14th annual convention of Texas League for Nursing will be held Oct. 9-12 at the Herring Hotel in Amarillo.

This is the first time the Golden Spread area has been host to this group.

Individual membership in TLN is open to all persons interested in fostering the development of nursing service and education. "We believe that everyone in the high plains area with a special interest in the health care of their community will find our sessions topics relevant to many local developments," representatives said.

The officers of the Texas League of Nursing are: State president, Mrs. Eunice King, RN, M., Ed., director of nursing, Northwest Texas Hospital; Dr. Francine Jensen, director of the chronic illness control division of the City of Houston health department; Miss Virginia Lane, associate professor, University of Kentucky College of Nursing; Dr. Rena Boyle, representative from the National League of Nursing, professional consultant in nursing to surgeon general of the Army; Dr. Forrest D. Harris, Texas deputy commissioner for mental health; Dean Faye Pannell, College of Nursing at T.N.

Masons to Honor Two Area Lodges

Two Masonic lodges in this area will be honored during a workshop to be held at 7:30 p.m. Tuesday, Oct. 11, in the Memphis Lodge Building.

Clarendon Lodge 700 and Memphis Lodge 729 will receive Honor Roll Awards, which are given by the Grand Lodge of Texas in recognition of outstanding attendance at the spring series of Masonic workshop programs.

The award will be presented by Jimmy M. Wilson Jr., of Floydada, who is chairman of the 10-county Masonic Workshop Area E-3. He will also conduct the meeting.

Wilson said that Lakeview, Turkey and Hedley lodges are also particularly invited to attend the workshop.

Nearly 200 such meetings are held twice a year for officers and members of over 970 Masonic lodges in Texas. The Masonic fraternity is the state's largest fraternal group with nearly 250,000 members.

Capping Ceremony At Groom Monday

Students of the Dr. John V. London School of Vocational Nursing of Groom Memorial Hospital, Groom, will receive their caps Monday, Oct. 10, at 7:30 p.m. at the Groom Church of Christ.

Those who are receiving their caps have finished one-half of their training. From McLean are Peggy Cocherham, Maggie Johnston, Chalice Hulsey and Mollie Skinner. Those from Pampa are Meda Hudgins, Violet Bowers and Velda Huddleston.

Those from Groom receiving caps are Ivy Clark, Cleo Musser and Helen Minirik.

The public is invited to attend. There will be a reception at the Community Club House following the capping service.

McLEAN TIGERS SHUT-OUT BY WHITE DEER

The McLean Tigers were downed by the White Deer Bucks last Friday night at Duncan Field by a score of 20-0. This was the first loss of the season for the Tigers, having won their first three games.

The teams battled to a scoreless first quarter, with the Bucks challenging up eight points just before halftime.

Fullback Vernon Marlar scored in the third and fourth quarters for the White Deer Bucks.

Marlar scored on an eight yard run in the third and traveled 46 yards in the final period.

Captain Fred Hedgecock was back leading the Tigers last Friday after being in California to attend the funeral of his father.

The McLean High School Band is to be congratulated for the fine halftime program that they have been performing.

The Tigers will be host to the Groom Tigers Friday night, Oct. 7, at Duncan Field at 8 p.m.

Gray County to Get \$189,000 in Funds for Road Improvement

The Texas Highway Commission this week approved the spending of \$189,000 for improvement of the farm to market road system in Gray County during 1967. District Engineer Charles W. Smith of Amarillo said.

He said a total of 6.5 highway miles in the county will be involved. Work will be under the supervision of G. K. Reading, supervising resident engineer.

The work is part of the Highway Commission's combined 1967 farm to market road improvement and state highway safety and betterment program.

This farm to market road improvement project is on FM 749, from State 273 south of Pampa to Bowers City, a distance of 6.5 miles—widening, additional base and resurfacing.

Statewide, the program calls for the improvement of 5,587 miles at an estimated construction cost of \$39.9 million and right-of-way cost of \$161.5 thousand. Work will include 912 projects in 215 of Texas' 254 counties. Three hundred and ninety projects are on State and U. S. highways in 170 counties and 522 projects are on farm to market roads in 179 counties.

Baptist WMS Meets

The WMS of the First Baptist Church met in the church basement Tuesday morning for a prayer program led by Mrs. George Colebank.

Those present were: Mesdames Dan Beltz, Homer Abbott, Luther Petty, Frank Howard, T. A. Langham, Leo Gibson, Walter Miller, Henry Lowrance and George Colebank.

Joe Reeves and family of Abernathy visited Sunday with his parents, Mr. and Mrs. Boyd Reeves.

Andy Rhodes of Spearman spent Monday night with his mother, Mrs. Lurah Rhodes.

Milton Carpenter was elected last Tuesday at the Back store, to a five-year term as supervisor No. 3 of the Gray County Soil Conservation District. Much can be said for the fine work that Milton has done, as well as James Cliett, who represents the McLean area.

In the early planning stage of the McClellan Creek watershed, Peterson Creek was about to be overlooked as a prospective site for one of the large dams that were being planned. It was Milton who first suggested that the engineers take a close look at the Peterson Creek location. A dam placed in Peterson Creek will be of untold value to the city of McLean. The water supply of any Panhandle city will pretty well determine its growth within the next 10 to 20 years. We are finally realizing just how valuable water is to the Panhandle of Texas. The underground water supply is dropping at an alarming rate on the South Plains. Many irrigation wells have now been abandoned that once produced abundantly.

Write the Texas Water Board and get a copy of the Texas Water Plan for the year 2020 if you want to know just how serious the situation will be just a few years from now.

On our Tuesday visit we took a look at some steers James Cliett was feeding on his place north of the five-mile station. For a beginner, James is doing a very fine job. Presently the fat cattle market is depressed. This is having its effect on stocker and feeder prices as well. The entire market situation on all commodities has been most erratic.

We talked to one large cattle buying concern to the east and they reported a 35c per cwt. increase in price on most classes of stocker calves. One good general rain over the Panhandle and Great Plains area will jump prices \$2 per cwt. Buyers will be a little bulky on heavy calves this year because of the depressed market on finished cattle.

Most economists predict a modest rise in finished beef by the year's end or before.

Mr. and Mrs. R. O. Pound, Mrs. Darrel Stringfellow, Debbie and Ronnie all of Oklahoma City, visited Mr. and Mrs. E. M. Bailey and family last weekend.

FARM PONDS HAZARDOUS

Farm ponds are potentially hazardous, especially to small children. The Texas Safety Association advises parents to make sure children are supervised by an adult when swimming or playing near ponds. Farm owners who allow swimming in their ponds should post safety instructions, mark safe swimming areas, provide lifesaving devices, such as ring buoys, ropes or long poles, and, if possible, enclose the pond with a fence children can't climb.

FFA NEWS

By Johnnie Mann, Reporter

The McLean FFA chapter was represented recently at Spearman for the Top of Texas District.

Those attending were: Brad Dalton, Johnnie Mann, Clinton Corbin, James Harkins, Richard Moore, David Gull, Eddy Finley, Norman Jones and David Brown.

The meeting was called to order by District President Eddy Finley. The officers were then elected. Those receiving offices were: President, Bill Skaggs, Pampa; vice president, Mark Trostle, Shamrock; secretary, Mike Murrell, Granger; treasurer, Brad Dalton, McLean; reporter, Craig Larance, Perryton; sentinel, James Harkins, McLean; and parliamentarian, Jeardl Harris, Follett.

It was decided that James Harkins and Norman Jones would be sent to Kansas City to attend the National FFA Convention.

The monthly FFA meeting was held Sept. 29 at the FFA-Ag. building. The sweetheart was chosen until a later date.

Richard Moore made a special report about the FFA. Members of the faculty who attended were: Mr. Germer, Mr. Hunt, Mr. Green, Mrs. Porter, Mrs. Raines, Mr. and Mrs. Dwyer and their two daughters.

Mrs. Dwyer, Mrs. Raines and Mr. Germer gave talks. After the meeting, Mr. Hunt served everyone with watermelon.

STING, STING, STING

The honeybee can sting only once, and usually dies within a few minutes after stinging. However, World Book Encyclopedia points out, the bumblebee can sting again and again—and so can its relatives, the wasp, the hornet and the yellow jacket.

THE SCHOOL LUNCH PROGRAM

Twenty years ago this month the United States launched a national program of the greatest significance to the growing children of our nation. It was the National School Lunch Program.

Long before that, concerned physicians and public health workers, as well as educators, had realized that poor nutrition in children was not only a danger to their health but a detriment to their learning capacity.

Many local efforts were made to meet the challenge. The distribution of milk at the morning recess time was one of the first. Pediatricians objected to this on the ground that it interfered with appetite for lunch.

School Milk Begun

Teachers and public health nurses observed that many children came to school without breakfast, for a variety of reasons, including just plain shiftlessness of parents in some instances. Distribution of milk was therefore undertaken, in many areas, just before the opening of school in the morning.

As school and home became more and more distant, and more and more parents worked all day, it became evident that more than just milk was required. Many children brought lunches which were woefully inadequate nutritionally, though often appetizing enough. Educators and public health workers deplored the lack of educational impact in the mere distribution of milk, despite the fact that this partially filled a serious deficiency.

So was born the National School Lunch Program, administered through the U.S. Department of Agriculture and State departments of education. Federal funds reimburse the local

communities for part of the cost of the food, most of which is purchased locally. Some foods are purchased by the Department of Agriculture, and some surplus foods are also distributed from this source.

All schools, private as well as public, are eligible, provided they operate on a nonprofit basis. The school lunch, too, must be operated on this basis. The lunch must conform to the established standard, providing one third of the day's nutritional needs for a 9 to 12-year-old boy. This means:

- One-half pint fluid whole milk as a beverage;
- Two ounces of lean meat, poultry or fish; or
- Two ounces of cheese, or one egg, or 1/2 cup cooked dry beans or peas, or four tablespoons of peanut butter, or
- An equivalent quantity of any combination of the above-listed foods served in a main dish;
- A 1/4-cup serving of two or more vegetables or fruits or both, or full-strength fruit or vegetable juice may be substituted for 1/4 of this requirement.

With increasing numbers of children taking their noon meal at the school, the importance of such a lunch is obvious. Even more important, perhaps, is the educational opportunity presented and the nutrition habits formed when children experience the pleasure of good eating and improvement in their health.

National School Lunch week, observed each October by Presidential Proclamation, is a significant recognition of a monumental contribution to the nation's health through its greatest wealth—its children.

A Little Voice Goes a Long Way

There was a time, long ago, when it took real lung-power to make yourself heard on the telephone. And you had to listen closely to make out what the other party said. The problem was transmission—getting your voice from here to there. Today, it's easy to hear and be heard. In fact, tots and telephones get along fine, whether it's a

Long Distance call from grandmother across the country or just a chat with a youngster down the street. That's because a little voice goes a long way—clearly and distinctly. Continual improvement in the transmission of your voice is one way Southwestern Bell makes your telephone service—already the world's best—even better.

NEWS OF
CONSERVATION

By VAN C. MILLS

Dick Pugh has completed a pond on his ranch south of Pampa. Ralph Britten plans to level about 25 acres of land on his irrigated farm northeast of Groom.

A topography map was made for Don Walberg on the irrigated farm he operates northeast of Pampa. This topography map will be used to plan a conservation irrigation system. It will be used to plan such things as row direction and land that needs to be leveled.

Frank Daugherty and Dean Burger are in the process of putting in some underground irrigation pipeline.

Homer Abbott has established about 43 acres to a dead litter for seeding grass in. Homer drilled the field to sorghum and then mowed it to prevent the cover crop from seeding out. The grass will be seeded next spring.

Curtis Lancaster has established a 24 acre field to a dead litter cover on his farm east of Laketon. He plans to sow this field to a mixture of sidecoats grama and mixed bluestem in 1967.

VETERANS INFORMATION

Q—I have been told that I am not eligible for treatment at a VA hospital for my non-service-connected disability because my military service was in a so-called peacetime period and was not considered wartime service. Is this correct?

A—If you were separated with other than a dishonorable discharge any time after Jan. 31, 1955, you are eligible for all medical, hospital and domiciliary benefits to which veterans with war-time service are entitled, and on the same priority with war-time veterans.

Q—My son enlisted in the Air Force in 1955. Shortly after he was in they did away with the G. I. Bill. When he was discharged after four years he decided to go to college and with our help, and working himself he graduated in 1965. It was a struggle. Now the G. I. Bill is back. What he would like to know is can he get a loan on the bill to start him in business? Two or three thousand dollars would help him a great deal.

A—Loans may be made only for the purchase of homes; to make alterations, repairs or improvements in homes already owned and occupied; to purchase farms or farm supplies or equipment; to obtain farm working capital; or to refinance delinquent indebtedness on property to be used or occupied by the veteran as a home or for farming purposes. The post-Korean G. I. Bill does not authorize business loans.

Q—Several people have told me that my husband, a World War II veteran now deceased, is entitled to a marker on his grave site stating he was a veteran. Could you give me any information on this matter?

A—Headstones or grave markers are available for any deceased veteran of wartime or peacetime service whose last period of service was terminated honorably by death or discharge. If you desire a headstone or grave marker you may contact the nearest VA office, which will provide an application and assistance in filing. If you mean a marker in which the service organizations place flags on Memorial and Veterans Day, contact the service organization to which your husband belonged.

**ZIP Code Cards
To Be Mailed Oct. 10**

Beginning Oct. 10, letter carriers throughout the McLean area will deliver a card to every residence, Postmaster Frank Simpson said.

Each card will have spaces for addresses the householder wishes ZIPPED.

After placing their uncoded addresses on the cards, preferably printed legibly, they may be dropped into any letter box or returned to their letter carrier. The McLean Post Office will add the appropriate ZIP Codes and return the cards to the mailer.

"No postage is needed," Simpson said.

The project is part of Postmaster General Lawrence F. O'Brien's program to make ZIP Codes more accessible to the mailing public.

In addition to the cards for addresses, a special notice advising each resident of his local ZIP Code number will be delivered.

The cards will carry a message from Postmaster General O'Brien advising that ZIP Coded mail helps provide better service.

In completing the cards, only the street address and city and state are required. Individual names should not be listed.

Postmaster Simpson emphasized the importance of including a return address on the front of the cards so they may be returned after addresses have been checked.

**Clarendon High to
Observe Homecoming**

Clarendon High School Ex-Students will observe Homecoming Friday and Saturday, Oct. 14 and 15. The football game Friday night is preliminary. The Bronchos will play Canadian, game time 8 p.m., followed by visitation at the Canteen.

Activities will get underway Saturday morning with registration at the high school from 10 a.m. until 2 p.m. The business session will be held in the college auditorium at 2 p.m. Up for discussion will be whether to continue or not continue Homecoming on an annual basis.

A 7:30 p.m. banquet is planned. Advanced tickets only will be sold at \$1.50 per person. All tickets must have been purchased by noon Saturday, Oct. 15. There will be dancing at the old gymnasium after the banquet, admission \$1 per person.

**Miss Mays Named
Gray County HDA**

Miss Geraldine Mays has been appointed Gray County Home Demonstration agent, according to an announcement by county commissioners.

Miss Mays will assume duties on Nov. 1. She will be filling the vacancy in the office of home demonstration agent created with the retirement of Miss Lou Ella Patterson.

Miss Mays has been home demonstration agent for Hutchinson County for the past 13 years. Prior to going to Hutchinson, she served Greer County, Okla., in this capacity for seven years. She was graduated from Oklahoma State University with a bachelor of science degree in home economics.

County commissioners also announced the resignation of Jerry Harland, assistant county agent, effective Nov. 1. Harland will become county agent for Dallam County.

On Feb. 11, 1854, the Texas Legislature appropriated \$17,500 for the erection of a suitable residence and out-buildings for the governor. The present Governor's Mansion was completed in 1855.

**Cotton Research
Is Recommended**

Establishment of a proposed research and promotion order for Upland cotton was recommended this week by the U. S. Department of Agriculture.

Officials of USDA's Consumer and Marketing Service said this recommendation is based on evidence developed at a two-week public hearing beginning Aug. 22 in Memphis, Tenn., Dallas, Texas, Phoenix, Ariz., and Atlanta, Ga. Interested persons were allowed until Sept. 14 to file written briefs, and these were considered in arriving at the recommended decision.

The order had been proposed by the National Cotton Council. The legislation authorizing the order was designed to enable cotton producers to engage in a comprehensive self-help program to strengthen cotton's competitive position and to maintain and expand domestic and foreign markets and uses for U. S. cotton.

C & M S officials explained that after considering any comments which may be submitted on the recommended decision, USDA will issue a final decision. If it is concluded that an order should be issued, USDA will then announce a referendum among cotton producers.

The proposed program would be administered by a cotton board composed of members nominated by cotton producing organizations and selected by the Secretary of Agriculture.

The program would be financed through assessments of \$1 per bale from Upland cotton producers, to be collected by cotton handlers designated by the cotton board. Collection from any producer who did not wish to contribute would be refunded upon written application. Assessment would start at the beginning of the ginning season for the 1967 crop.

Contracts for research and promotion projects would be made by the cotton board with a representative organization of cotton producers after approval by the Secretary of Agriculture.

USDA's recommended decision on the proposed order appeared in the Federal Register Oct. 5, and anyone interested may submit comments until Oct. 14. Four copies should be sent to the hearing clerk, Room 112-A, U. S. Department of Agriculture, Washington, D. C. 20250. Comments will be available for public inspection.

Copies of the recommended decision may be obtained from the Cotton Division, Consumer and Marketing Service, U. S. Department of Agriculture, Washington, D. C. 20250.

SIZE OF FUSES

Never use a bigger fuse than the electrical system in your home calls for. The proper size provides a safety valve that breaks the circuit before an overload can start a fire.
