VOLUME 73

McLEAN, GRAY COUNTY, TEXAS - THURSDAY, OCTOBER 7, 1976

NUMBER 41

Highway Paving Approved

The contract for construction of the "gap" section on Farm to Market Road 3143 in Collingsworth County has been let announced Lewis White, Childress district engineer for the State Department of Highways and Public Transportation.

A contract was awarded to Cooper and Woodruff, Inc. of Amarillo. Low bid was \$347,467.

"We are extremely pleased to have this section of road under contract," said White, "as completion of the project will provide a Farm-to-Market route from U.S. 83, thru Cozier, to McLean."

Construction will extend from the Donley County Line, in the northwestern corner of Collingsworth County, East and South 6.2 miles, with each end of the project connecting to previously completed sections of F.M. 3143. The work will be under the supervision of O. V. Johnson, supervising resident engineer in Wellington.

The project, which will require an estimated 150 working days, is for grading, structures, base, and surfacing.

The Department offered an opportunity for a public hearing but no requests were received.

Preliminary studies revealed that construction of the project would create no adverse effect on the social, economic, or environmental quality of the area.

Lions To Hold Broom Sale

The McLean Lions will be selling brooms and accessories door-to-door October 12th. Also, these items will be on display for purchase at the old Jewel Box Fashions Building (next to the variety store) Oct. 12th through 15th (Tues. through Friday). The Lions strongly appreciate your support. Proceeds go to the blind. Hours will be approximately mid-morning till dark.

NOTICE!

Thursday, Sept. 30 will be the last day that bills for the Southwestern Bell Telephone Company may be paid at the McLean News office.

You will have to make other arrangements to pay your bills.

SVA Mid-term Registration Is Scheduled Oct. 4

Mid-term registration for full-term students will begin at 8 a.m. Oct. 4 at the Amarillo College West campus School of Vocational Arts.

Students may enroll in five different trade areas which are air conditioning/refrigeration, automotive mechanics, commercial electronics, diesel mechanics, and welding.

The vocational programs are 18 months long and students satisfactorily completing requirements will receive both the associate in applied science degree and certificate of completion, said SVA Dean Nat Neal.

Persons interested in the programs may register in the Administration Building, 6222 W. 9th, between the hours of 8 a.m. and 10 p.m. Monday.

Jefferson Awarded Lion Plaque

In recent ceremonies at the McLean Lions Club Mr. Homer Jefferson was presented the Lion President's Plaque for the year 1976-77. The following Lions were awarded special 100% attendance pins: S. A. Cousins, Dale Glass, Jim Hathaway, John C. Haynes, Sam Haynes, William McElroy, Boyd Meador, Darryel Herndon, Casper Smith, Homer Jefferson, W. W. Boyd, Bryan Parker and Thacker Haynes.

Darryel Herndon, current Lions President, presided over the ceremonies.

Blood Pressure Clinic Friday

There will be a blood pressure clinic Friday, Oct. 8 from 2 to 5 p.m. at the Young At Heart senior citizens building on Main Street.

Everyone is invited to come by and have their blood pressure checked.

The Old Timer

INTERNAL REVENUE SERVICE

"Many a taxpayer feels he's being fined for reckless thriving."

Construction On I-40 Approved

The State Highway and Transportation Commission has approved construction of a section of Interstate Highway 40 near Groom in Carson and Gray counties.

The project will close a gap in IH 40 from 2.0 miles west of Groom to 2.0 miles east of Groom, a distance of approximately 5.4 miles.

Estimated cost of providing for an expressway facility is \$4,250,000.

Research News Report

Farmers interested in observing fertilizer and weed control research in alfalfa are invited to the Les Darsey farm on October 14. The mini-tour will start at 10 a.m. according to Dr. G. B. Thompson, Director of Research for the Texas Agricultural Experiment Station at Amarillo-Bushland. The research plots are located in a field 5 miles north of Alanreed on state highway 291. After arriving at the field, tour participants must take a field road 0.5 mile east and 0.25 north to see the research plots. Mr. Darsey sprinkle irrigates alfalfa on sandy soil and sells most of the crop to feedlots. Farmers in Wheeler, Hall, Donley, and Collingsworth counties produce alfalfa under similar conditions.

Results from two years of fertility research will be discussed by Dr. Don Goss, Soil Scientist from the USDA Agricultural Research Service Center at Bushland. In his experiment, manure and commercial fertilizer were compared as a source of phosphate.

Weed control research was conducted by Dr. Allen Wiese and Wayne Chenault, Texas Agricultural Experiment Station Scientists. Both experimental herbicides and products already labeled for weed control in alfalfa were applied in October, November and February, 1975. Some of the products did the job and others did not according to Wiese.

Joe VanZandt, County Agricultural Agent in Gray County assisted with tour plans and arranged for a pocket gopher control demonstration by Lloyd Cheatham, District Field Supervisor for the Rodent Control.

(Continued on Page 3)

Prairie Chickens On Upswing

Increase in prairie chicken populations from 21 percent to 29 percent have been recorded in the 12 counties hosting the two-day hunt this October 16 and 17.

The four counties including Cochran, Hockley, Terry and Yoakum located near the state line west of Lubbock, showed the biggest gain with a 726 bird or 29 percent increase on the booming ground count conducted by Texas Parks and Wildlife Department personnel last spring.

The estimated prairie chicken population is one bird for every 66.2 acres or 15,360 birds scattered across 163,840 acres of prime bird habitat.

The eight counties of Ochiltree, Lipscomb, Roberts, Hemphill, Gray, Wheeler, Donley and Collingsworth in the eastern Texas Panhandle recorded a 21 percent increase on the spring booming ground count.

Total estimated prairie chicken habitat for the Panhandle counties is over 848,000 acres with over 15,500 chickens or one bird for every 64 acres.

The daily bag limit of two birds during the two-day season hunt should furnish upland hunters with plenty of shooting opportunities.

Pass shooting these birds as they fly into the grain fields or water tanks seems to be the most popular method of harvest but some hunters like to use their dogs and hunt the large expanses of grasslands and jump-shoot the birds.

Check stations will not be setup at all the former locations, but P&WD personnel will check hunters at several strategic spots for valuable harvest data.

No special permit is elusize pinnated grouse or prairie chicken but a quick check on current Texas hunting license requirements should be made before you head for the field.

Shooting hours are one-half hour before sunrise to one-half hour after sunset daily with shotguns and long bows and arrows meeting the legal firearm requirements.

Reports from the field indicate some of the grain fields will be cut before the season opening and hunters are reminded to get permission from the landowners before hunting on private property including the pasturelands.

DAVID DORMAN

Airman Dorman Selected For Technical Training

Airman David L. Dorman, son of Belva L. Dorman of 701 N. Walnut in McLean, has been selected for technical training at Keesler AFB Miss., in the Air Force communications electronics systems field.

The airman recently completed basic training at Lackland AFB, Tex., and studied the Air Force mission, organization and customs and received special instruction in human relations.

Airman Dorman is a 1976 graduate of McLean High School.

Wheeler Co. To Have Pig Sale

The first annual Wheeler County Show Pig Sale will be held Saturday, October 9 at 8:00 p.m. The sale, sponsored by the Wheeler County Livestock Show Association will take place in the Wheeler County Agricultural Center, 1/2 mile North of Wheeler, Texas on Highway 83.

Over 130 barrows and 35 gilts, some registered, have been consigned to the sale. Consignors include Fred Vandenberg, Pampa; Glen Gaines, Wheeler; Weldon Walser, Canadian; Leon Coopridge, Mayfield, Oklahoma; Gene Harrison, Mobeetie; John P. Coutts, Pampa; Jimmy Maddox, Briscoe; Jim Verden, Wheeler; Sam Piel, Darrouzett. Also, Melton Mann, Clarendon; Wayne Pierce, Shamrock; Norman Burton, Canadian; Tony Hefley, Wheeler; McEntire Bros., Sweetwater, Oklahoma; and Troy and Ran Dean Sites, Mayfield, Oklahoma.

This sale will provide a good opportunity for 4-H and FFA members to purchase their pigs for the spring shows. There is a wide range of ages. The farrowing

Tigers Go To Miami Friday

Texline took advantage of six Tiger turnovers and came up with several big plays to down McLean, 41-14 and yards rushing, 176-160. However, Texline gained 120 yards through the air to take the lead in total offense, 280-225.

Texline jumped to an early 7-0 lead when Terry McGrabb went off tackle from the Tiger six yard line and John Bleiker added the extra point. Texline rolled up a commanding 27-0 lead before the Tigers could get on the board in the fourth quarter.

The game's leading rusher was McLean's Curtis Simpson, who gained 118 yards on 29 carries. Simpson scored McLean's first touchdown on a one yard run. Tommy Eck threw a six yard pass to Chuck Pierce for the second touchdown. Simpson ran the ball in for a two point conversion.

McLean will travel to Miami Friday.

Jr. High Cubs To Play Wheeler

by Teresa Bybee

The McLean Junior High football team played Claude there last Thursday night and were defeated with a 28-0 score.

McLean Junior High will play Wheeler here tonight at 6:00. This will be the end of the First Round Robin.

A.C. Plans Photo Workshop

The Amarillo College photography department is sponsoring a photo workshop from 7 to 10 p.m. Oct. 14 in the Oak Room of the College Union Building.

Ernst Wildi, a representative of the Braun North American Company which manufactures Hassleblad cameras, will be the speaker for the workshop.

"Wildi will give a slide presentation and speak on photography in general. He will probably stress shooting rather than dark room techniques though," said Ken Pirtle, chairman of AC photography department.

Pirtle said, "The public is invited to attend free of charge."

dates range from June-September.

News From ALAN REED

Visiting Mr. and Mrs. H. Davis were Mr. Mrs. Herman Tipton of Fort Worth, Mr. Mrs. Willis May Panhandle, and Mr. Mrs. E. L. Hechler and son, Larry, of San Antonio.

Attending Mrs. Hattie Terbush's 92nd birthday dinner at Groom were 62 people, consisting of her children, Mr. Mrs. W. H. Davis, Alanreed; Mr. and Mrs. Roy Terbush, Amarillo; Mr. and Mrs. Herman Tipton, Fort Worth; Mr. and Mrs. Bill Smith, Pampa; Mr. and Mrs. J. Wetsel, Stinnett; Mrs. Helen Stapp, Mr. and Mrs. H. Terbush, Mr. and Mrs. Bob Corbin, all of Pampa; also several grandchildren, great-grandchildren and great-great-grandchildren were present.

Brad and Cecila Dalton and their friend, Lane spent the weekend at Carter's Orchard with Brad's mother, Mrs. Virginia Dalton of McLean.

Mr. and Mrs. Johnny Lowe of Pampa and Mr. and Mrs. Ova Winegart of Lefors visited the Carter Orchard Sunday. Miss Cynthia Price and Mr. and Mrs. Lawrence Hauck spent the weekend at Fort Worth visiting the Hauck's children.

Mr. and Mrs. P. M. Gibson visited the John James family.

Joe VanZandt, Gray County Agent, looks at weeds and alfalfa on Les Darsey farm near Alanreed, site of research mini-tour on October 14.

RESEARCH NEWS (Continued From Page 1)

Control Service. Gophers do a lot of digging that hurts alfalfa stands almost as much as weeds according to the county agent.

After discussions of research and the gopher control demonstration, tour participants will have a first hand look at the combined effects of good fertility and weed control programs. With proper management, alfalfa yield and protein content are greatly increased. Herbicides applied in the winter controlled winter annual grass weeds allowing vigorous well fertilized alfalfa to shade out summer annual grass and weeds.

The mini-tour is sponsored by the Texas Agricultural Experiment Station, USDA Agricultural Research Service and the Texas Agricultural Extension Service.

Contour sheets will go on the mattress more easily if you put the diagonally opposite corners on first.

Shannon-Whitmer Vows Are Exchanged

Don Shannon and Vicki Lynn Whitmer, both of La Mesa, Calif., were united in marriage at the McLean Methodist Chapel on Sept. 23.

Rev. Merrill read their wedding vows. The bride is the daughter of Mr. and Mrs. Edward L. Whitmer of La Mesa and is a graduate of Grossmont College, La Mesa.

The groom is the son of Chuck and Margie Shannon of San Diego, Calif., and the grandson of Mr. and Mrs. Ernie Morrow of McLean.

The couple will make their home in McLean.

Bible-Parkinson Marriage Vows Are Exchanged

Mr. and Mrs. John V. Bible of McLean and Mr. and Mrs. R. B. Parkinson of Amarillo announce the marriage of their children, Jane Mae and John David. The couple were united in marriage on October 7 at 6:00 p.m. in the home of Ms. Janis Shirley at 2320 Larry in Amarillo. The ceremony was performed by Rev. Norman Cobb of the First United Methodist Church of Sunray.

The bride is the daughter of Mr. and Mrs. John V. Bible of McLean. Jane is a 1970 graduate of McLean High School and continued her studies at Amarillo College. She is a 1973 graduate of N.W.T.H. School of Nursing. Jane is presently working as a Registered Nurse for Dr. Weinberger in Amarillo.

The groom is the son of Mr. and Mrs. R. B. Parkinson of Amarillo. John is a 1969 graduate of Amarillo High School and continued his studies at Amarillo College and Texas Tech, majoring in music. He is presently employed in surgery at Northwest Texas Hospital in Amarillo.

Choir, prior to Linkletter's address.

An art exhibit is being arranged by The Pampa Fine Arts Association for viewing before and after the program.

Tickets may be secured by writing or calling the Pampa Chamber of Commerce, P.O. Box 1942, Pampa 79065, telephone number 806-669-3241.

Market Report

"Apple-eating" quality quality will improve in about two weeks--as new-crop Jonathan and Golden and Red Delicious apples now in Texas grocery stores develop more sugar and less starchiness, Mrs. Gwendolyn Clyatt predicts.

Also, raisins are plentiful--with an 18 per cent increase over last seasons's supply.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

At grape counters, Red Tokay grapes currently offer the best value, pricewise. However, seedless-grape costs are trending up a bit as the fruit comes from storage. Also, the grapes often are wrapped to

prevent shattering. Other fruits warrant careful selection for top quality.

They include bananas, oranges, prunes, nectarines, plums, cantaloupe and watermelon.

In vegetable buying, good choices -- from standpoints of cost and nutritive value -- are cabbage, carrots and potatoes.

Generally, prices are attractive on all hard-shell varieties of squash, such as Hubbard, Acorn and Butternut squash.

Also, among other more economical vegetables are cucumbers, dry onions and green peppers.

Beef prices are generally stable--and some retail prices continue on the moderate to low side.

Special prices appear on some broiling steaks, chuck roasts and steaks, round steaks, ground beef and liver.

CONSUMER WATCH-WORDS: Think twice before by-passing boneless meat because of its higher price.

With no excess fat or bone, every bit of meat adds up to more servings from each pound.

4-H Helps Youth To Grow

National 4-H Week Oct. 3-9 will provide a challenge for youngsters across the United States to fulfill this year's theme, "4-H--Room To Grow."

With a 7.8 per cent increase in membership nationwide, this year's enrollment includes 5.6 million young people between the ages of 9 and 19 who will try to increase the membership and leadership during the weeklong observance.

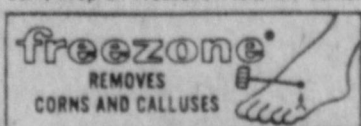

"National 4-H Week is scheduled annually by the Cooperative Extension Service to bring public attention to the values of 4-H as an informal, youth educational program that stresses development of practical skills, leadership and citizenship," points out Dr. John T. Pelham, state 4-H and youth leader for the Texas Agricultural Extension Service.

Some 120,000 4-H youngsters across Texas will also be participating in different countywide activities, notes Pelham. Texas enrollment includes about 3,000 youth under nine years of age, 45,000 in the pre-teens (9-11), 46,000 in their early teens (12-14) and 24,000 between the ages of 15 and 19.

A little over half of the Texas young people enrolled in 4-H live in towns with populations over 10,000. The rest of the youngsters live in the ever-increasing suburbs and on farms.

The 14 Extension Service districts in Texas will have different activities planned during National 4-H Week in an attempt to attract new members as well as to encourage current members to expand their involvement in 4-H and thereby increase their learning experiences," adds Pelham.

Freezone is for corns that hurt. Absolutely painless. No dangerous cutting, no ugly pads or plasters. In days, Freezone eases the hurt...safely helps ease off the corn. Drop on Freezone--take off corns.

EARLY FIRE WARNING CAN SAVE LIVES--- Homeowners should consider installing an early warning system as a fire safety measure, says an agricultural safety engineer with the Texas Agricultural Extension Service. Early warning systems are receiving special emphasis during National Fire Prevention Week which is Oct. 3-9. Since a high percentage of fire deaths takes place while people are asleep, an early warning system can be a life saver. Smoke detectors. Most units cost about \$50 each. A smoke detector should be installed outside the bedroom area on the ceiling or wall.

STATE FEEDER PIG SHOW---The fifth annual Texas State Championship Feeder Pig Show will be Nov. 5-6 at Athens. All Texas producers may enter, with the entry deadline being Oct. 22. An entry consists of a pen of eight pigs, with each pig weighing an average of 40 to 70 pounds. Entry forms are available from the Texas State Championship Feeder Pig Show, P.O. Box 1418, Athens, Tex. 75751.

Early American colonists used the milk in which blueberries had been boiled to paint their houses gray, not blue.

Skip Morgan of Pampa was seriously injured last week when he was kicked by a horse. He suffered some broken ribs and a collapsed lung and was taken to a Amarillo Hospital. He was released from the hospital on Wednesday morning of this week. He is the son of Mr. and Mrs. Charlie Morgan and the son-in-law of Mr. and Mrs. Jimmy Shelton of McLean.

"Be Merciful Unto Me"

"And the publican, standing afar off, would not lift up so much as his eyes unto heaven, but smote upon his breast, saying, God be merciful to me a sinner" (Lk. 18:13).

How much we need the mercy of God! Certainly we want others to have his mercy, too; but we especially want it for ourselves because we know more of our own need for his mercy than we do about the needs of others. Past experiences teach us that we have been guilty of sins, and that we will have sin in our lives in the future. Without the mercy of God we cannot have the forgiveness of our sins. Thus, in the words of the publican, WE say, "Be merciful to me."

Realization of our own need for the mercy of God will generate within us mercy for others. There is no one who does not in some way offend others. Hence, among men there is the constant need for mercy so that forgiveness may be extended and received from man to men. He who does not exercise mercy and forbearance manifests a lack of proper understanding of his own need for the mercy of God.

Agricultural Agents
 Texas A. & M. College
 Extension Service

By Joe Vanzandth

A short alfalfa program will be held on the Les Darsey farm located 5 miles north of Alanreed Thursday, Oct. 14 at 10 a.m. Be sure and mark this date on your calendar.

The program will feature discussion on phosphate fertilization from manure and commercial fertilizer by Dr. Don Goss, Soil Scientist from the USDA agricultural Research Service Center at Bushland.

Dr. Allen Wiese and Wayne Chenault, Weed Control Scientists, will discuss herbicides for weed and grass control in alfalfa.

Following these discussions, Lloyd Cheatham, District Field Supervisor with the Rodent Control Service, will discuss and demonstrate pocket gopher control.

Everyone interested in alfalfa production will see the results from some very interesting research on alfalfa production practices.

Cattlemen who have been watching the commercial slaughter and productions of red meat now have statistics from August. Production during August totaled 3.4 billion pounds, which was 17 percent more than a year ago and 7 percent above August 1974. Total red meat production for January-August 1976 was up 7 percent from 1975 with beef production up 11 percent; veal, up 3 percent; pork, unchanged and lamb and mutton down 10 percent.

August beef production was up 14 percent above the last two previous years. Cattle kill totaled 3,765,200 head, 6 percent above last year and 16 percent above August 1974. Live weight per head averaged 1,017 pounds, 36 pounds more than August 1975, but 11 pounds less than August 1974.

These statistics continue to show us how many cattle are being slaughtered and helps explain our very depressed beef markets we are currently undergoing.

We had some very interesting sessions at our stocker cattle short course last week. If you did not attend, you

missed two good programs.

Wheat farmers have been blessed with good moisture to get next year's crops planted around our area. Our very dry soil has been fairly well replenished with the September rains. I have been a little surprised at how long it has taken the area around Pampa to get dried out enough so that planting can be finished. Those fields are ready for the weather to warm up and dry out these fields. Corn harvest will get started in a big way I believe as soon as conditions get dry enough.

This is National 4-H Club Week and locally the highlight will be the Gray County 4-H Achievement Banquet, Saturday night, October 9 at 7 p.m. in the First Christian Church Fellowship Hall. All 4-H families are invited to bring a covered dish supper.

In addition to being 4-H Week, this is also National Fire Prevention Week. Homeowners should consider installing an early warning system as a fire safety measure. Early warning systems are receiving special emphasis during National Fire-Prevention Week which is Oct. 3-9. Since a high percentage of fire deaths takes place while people are asleep an early warning system can be a life saver. Smoke detectors. Most units cost about \$50 each. A smoke detector should be installed outside the bedroom area on the ceiling or wall.

A little tarragon vinegar stirred into butter makes a good sauce for mushrooms and artichokes.

EMBARRASSING, BURNING Itching?

ZEMO relieves itching fast because its special 'anti-itch' medication soothes inflamed surface tissues. Get relief with the first application of soothing, medicated ZEMO—Ointment or Liquid.

Easy-to-swallow pill helps bring effective relief from constipation.

If your laxative is bad tasting or hard to swallow, take Carter's Little Pills. Taking a laxative should not be a problem, so Carter's Little Pills are made tiny and easy to swallow. No messy liquids to take, nothing to clean up after.

But don't let the tiny size fool you. Carter's Little Pills concentrate two ingredients to help bring you gentle, effective overnight relief.

And these amazing tiny pills are specially coated to pass through your stomach. Carter's Little Pills release their laxative action only in your lower tract.

When you want gentle temporary relief from irregularity, don't let it be an unpleasant experience. Take tiny Carter's Little Pills.

See if they don't bring you rewarding relief.

DOWN MEMORY LANE

10 YEARS AGO

1/Lt. and Mrs. Ray F. Hupp are the parents of a son, named Ray Forest.

Carlin D'Spain, son of Mr. and Mrs. Thomas D'Spain, is a junior of Abilene Christian College, majoring in chemistry.

20 YEARS AGO

Marriage vows for Laura Nell Brown, daughter of Mr. and Mrs. R. L. Brown of McLean, and Wayne Morris, son of Mr. and Mrs. Craig Morris of Clarendon, were read Saturday evening, October 6 at 8 p.m. in the home of the bride's parents.

Nancy Tate, along with four other District 1 dress review winners, modeled her dress in the state dress review Friday morning.

McLean Tiger football fans got to see their most exciting game of the season last Friday night at White Deer when the Bucks edged out a 25-18 defeat against the Tigers.

30 YEARS AGO

Four and .20 inches of moisture registered on the official gauge in McLean last weekend.

Born Sept. 27 to Mr. and Mrs. T. J. Coffey, Jr., of Amarillo, an 8 pound 1 ounce girl named Sally Jane.

The Tigers won over the Lakeview Eagles at Tiger Field last Friday with a score of 12 to 0.

40 YEARS AGO

Most people are saying too much rain this week. A cold northern brought rain with it Tuesday and rain has fallen almost steadily since.

Celebrating her twelfth birthday, Miss Dorothy Helen Bailey entertained at a party Tuesday afternoon.

Everything is set for the big Jericho gap celebration and barbecue, Friday afternoon of this week.

Mrs. J. E. Kirby entertained the 1934 Sewing Club last Friday with a covered dish luncheon at noon.

50 YEARS AGO

The Tigers lost to Wellington Friday, by a score of 27 to 0.

Quite a bit of excitement was caused Tuesday morning when a gasoline pressure tank exploded at the McLean Vulcanizing Shop.

John Mertel has installed a new short display show case.

A birthday party was given Saturday afternoon in honor of the eleventh birthday of Miss Winnie Mae McClaskey.

YOUTH PLAN 4 - H WEEK ACTIVITIES---

Youth across Texas are thinking up new and better ways to promote 4-H, and they are all set to go with National 4-H Week, Oct. 3-9. 4-H members in every county have planned special activities to promote their clubs, to tell about 4-H and to attract new members. There will be poster contests, speakers, bureaus, programs to civic organizations, special newspaper articles and supplements, awards programs and banquets, parades, shopping mall displays, and radio and television programs, to name a few.

Helps Shrink Swelling Of Hemorrhoidal Tissues

caused by inflammation

Doctors have found a medication that in many cases gives prompt, temporary relief from pain and burning itch in hemorrhoidal tissues. Then it actually helps shrink swelling of these tissues caused by inflammation.

The answer is Preparation H®. No prescription is needed for Preparation H. Ointment or suppositories.

Editorial

by Maridale Glass

How dedicated are you to your school? Can your loyalty be measured in so many miles? Does your support quit after the first 50 miles? Is this dedication to your school and your organization?

To put it mildly, the student turnout at Texline was poor. Why didn't you go?

Was it because you felt you shouldn't have to ride the bus? It has always been school policy—not a teacher's, pep squad leader's, or principal's policy—but a school policy. Students have never been allowed to take their own car to an out of town trip or game before, so why should this one be an exception. The reason is because the school is responsible for you every minute of a school sponsored trip, so they have to know where you are and what you're doing. Organization and school leaders such as pep squad leaders, band leaders, seniors should especially keep this in mind because they set the example, not the exception. They are the pattern for others to follow.

Did you not go because the trip to Texline was long, and took a whole day?

Is that so much to ask? Even truly dedicated students may not be overjoyed at a 360 mile trip, but they don't consider not going. Convenience doesn't matter to them, more than school pride.

Only you can make the effort to improve school spirit and pride. Why not begin now and support your school and activities 110%. It's a matter of pride and character.

"We make our fortunes, and we call them fate."
Benjamin Disraeli

AROUND TOWN

"MIND NAGGING ME A LITTLE? I'M STARTING TO FALL ASLEEP."

Rodeo Club Goes To Wheeler

by Kenneth Parker

Last weekend, members of the McLean High School Rodeo Club traveled to Wheeler to participate in the Wheeler High School Rodeo.

Local members entered in the rodeo were Dale Steel, Greg Henley, Van Horn, Bobby Pulliam, Rita Jefferson, Darlene Pulliam, Tammy McLain, David Tolleson, Rex Morris and Kelly Moore.

This weekend, October 8-10, the rodeoers will travel to the Borger High School Rodeo.

Government Class Plans Convention

by Peggy Van Huss

The government class, which is composed of seniors, is planning a political convention for October 16. There will be three different parties with eight members each. During the next week, party names, platforms, and candidates will be chosen. Offices to be filled will be president, vice-president, senator, representative, governor, Lt. governor and other state officials.

Posters will be made, speeches will be given, bribing will be taking place, but the candidates will not know who is going to vote until the day of the convention.

Harvest Candidates Are Selected

by Teresa Cheatham

Monday, students from McLean High School had class meetings to elect Harvest Queen and King candidates for 1976. Freshmen king and queen were Joe Mercer and Robin Stubbs. Sophomore candidates were David Tolleson and Kelly Moore; juniors were Brian Stokes and Melinda Hunt; and seniors were Chris Moore and Cindy Sherrod.

The classes also discussed money raising projects for the Halloween Carnival.

Visiting the Ohmer Smulcers Sunday were Mr. and Mrs. Jack Hiatt of Shamrock, Mr. and Mrs. Marvin Tibbets of Lefors. They visited Oscar Tibbets in the Groom Hospital on Sunday afternoon.

Seniors Present Bell To School

by Donna Winegeart

The McLean High School seniors presented the student body with a victory bell as a gift. Through the years the bell will always be the responsibility of the seniors.

The bell is gold; McLean Tigers is written on the front and Senior '77 is on the back. It is approximately twenty-four inches in diameter.

As far as we know this is the first bell McLean has ever had, and we hope it will always be appreciated.

The Liberty Bell was rung when the East and West were linked by railroad in 1869.

FBLA Members To Meet Monday

by Brian Stokes.

The McLean Future Business Leaders of America will meet Monday, October 9 at 7:00 p.m. at the high school. All members must be present to receive points toward the trip.

Freshmen Have Bake Sale

by Verna Tidwell

The freshman class of McLean High School had a bake sale last Wednesday. All the freshmen who didn't bring something to the bake sale need to bring their money to Mrs. Johnson by Friday.

Ruth Boles proudly announces the birth of her granddaughter, Kelly Melissa King, weighing 7 lbs., 1 oz. on September 30, Kelly has one brother, Jason Daniel. Her parents are Mr. and Mrs. Douglas Kirk of Amarillo and she is the great-granddaughter of Mrs. Mafter H. of McLean.

AN OPEN LETTER TO THE VOTERS OF THE 13th CONGRESSIONAL DISTRICT FROM CONGRESSMAN JACK HIGHTOWER

Two years ago I was elected to Congress by an overwhelming margin against an incumbent Congressman. During the 1974 campaign I refrained from any personal attacks on my opponent.

At that time I made it a point with my volunteers and my staff that they should treat anyone who opposed me with the utmost respect.

I thank all of my friends, supporters and staff for keeping the 1974 campaign on the highest level possible.

Responsiveness of government was a key issue. Our government does a poor job when it compounds our problems with red tape and burdensome regulations. Bureaucratic brush-offs of legitimate requests are very frustrating. I decided to organize my staff in such a way that people could deal at the local level with the bureaucratic maze of the federal agencies.

I promised two years ago that you would be able to call a number in the district and get an answer. When I took office I immediately established district offices in Amarillo, Vernon, and Wichita Falls—staffed by personnel who have been instructed personally to be responsive to the wishes and needs of my constituents. I am pleased that many people have told me they appreciate the work and attitude of my assistants. This is the only way I know to have a responsive Congressional office and I assure you I intend to try to improve this service constantly.

The Postal Service has been a bigger mess than ever since the Nixon Administration reorganized it. This is one reason I have chosen not to flood the mails with political propaganda such as newsletters. My alternative has been to communicate through the news media and to come home to the district at every opportunity for personal contact with constituents. All you ever heard about Washington having an artificial atmosphere is true. It has been my experience that the worst Congressmen are those who rarely come home. I am not going to let that happen to me. My policy is to talk with the people at home to see what they are thinking, and return to Washington and vote their philosophy and interests. I live in the district and commute to Washington.

As many of you know, I am being attacked, broadside, by my opponent in this 1976 campaign. His allegations and innuendos are based upon a misrepresentation of the record. I have voted in my two committees—Agriculture and Small Business—and on the floor in exactly the way I have reported to you and as I promised. My record is conservative by any measure. It is also independent of domination either by the Democratic leadership of the House or the Republican White House. I am neither an obstructionist nor a rubber stamp.

As this Congress adjourns, its overall record is mixed. This Congress has done some things it should not have done and left undone some things it should have done—such as enacting a "sunset" bill to cut down on federal bureaucracies or formulating an effective energy plan. We have been able to enact a bill to provide for prompt payment for the cattleman. We were able to pass a bill to provide for some relief on the estate tax problem which should benefit everyone who wants his or her property to remain in the family. These steps are not enough but they are movement in the right direction.

All of us feel sometimes that our views are not reflected properly in Washington. I would prefer a Congress that holds a tighter rein on spending, but I do not choose the other 434 members of the House. I work with them and try to influence them, but I cannot dictate their votes. I feel my job is to represent you—the people of the 13th District—and I pledge to do my best to represent you well.

Sincerely,

JACK HIGHTOWER

PUBLIC NOTICE

**NOTICE OF AVAILA-
 BILITY OF DRAFT EN-
 VIRONMENTAL IM-
 PACT STATEMENT**

The State Department of
 Highways and Public
 Transportation has pre-
 pared a Draft Environ-
 mental Impact Statement
 covering the proposed
 construction of Inter-
 state Highway 40 in Gray
 County from the Wheel-
 er County Line, West
 to 0.25 miles West of
 the West City Limits of
 Alanreed.

The draft environmen-
 tal impact statement may
 be inspected and review-
 ed at the State Depart-
 ment of Highways and
 Public Transportation
 District Office located
 at 5715 Canyon Drive in
 Amarillo, Texas 79105
 (P.O. Box 2708) Tele-
 phone (806) 355-5671. A
 copy of the statement is
 also available at the
 Lovett Memorial Lib-
 rary in McLean.

Copies may be obtain-
 ed for the cost of actual
 reproduction. Comments
 should be sent to the
 above address within 30
 days of the date of this
 notice. 41-ltc

**Automotive Brake
 Clinic At A. C.**

An automotive brake
 clinic for independent
 garagemen and dealers
 will be conducted Oct.
 7 at Amarillo College
 West campus.

The clinic is from 7:
 30 to 9:30 p.m. in Room
 113 of Building B at the
 School of Vocational
 Arts, 6222 W. 9th.

The Automotive Inc.,
 2nd and Tyler is respon-
 sible for initiating the
 clinic which will be con-
 ducted by various per-
 sonnel from Raybestos
 a national manufacturer
 and distributor of brake
 equipment and parts.

The material will be of
 special interest to those
 planning on taking the
 national certification
 test for brake mechan-
 icu conducted by the Ed-
 ucational Testing Ser-
 vice of Princeton, New
 Jersey.

Additional informa-
 tion may be obtained by
 calling Milton Horst at
 AC School of Vocation-
 al Arts or Bud Womack
 at Automotive Inc.

**Hightower Favors
 Assistance For
 Wheat Producers**

Congressman Jack
 Hightower sent a tele-
 gram to President Ford
 urging that he take fav-
 orable action on a let-
 ter he and 17 other Con-
 gressmen sent to him
 three weeks ago request-
 ing assistance for the
 nation's wheat produc-
 ers.

Hightower drafted the
 telegram and in less
 than two hours obtained
 signatures of Senators
 John Tower and Lloyd
 Bentsen and 27 mem-
 bers of the House, in-
 cluding 19 Democrats
 and 8 Republicans.

The Congressman told
 the President that the
 White House Congress-
 ional Liaison Office had
 responded to his letter
 by saying that his re-
 quest would be called to
 the personal attention
 of the President and his
 agricultural policy ad-
 visers and that it would
 be carefully considered.

"The time for consid-
 eration has expired,"
 Hightower said, "and we
 must have an immediate
 remedy for the contin-
 uing drastic decline in
 wheat prices."

In the telegram Hight-
 tower said that Thurs-
 day's wheat market was
 \$2.53 a bushel, far be-
 low the cost of produc-
 tion, 40 percent below
 prices of a year ago
 only three cents above
 the loan level recom-
 mended in the Emergen-
 cy Farm Bill you vetoed
 last year.

Hightower said that
 farmers, grain eleva-
 tor operators and bank-
 ers had been calling his
 office with increasing
 frequency expressing
 only one thought--that
 the situation was des-
 perate.

"Desperate situations
 require immediate ac-
 tion, Mr. President,"
 Hightower wrote, "and
 you can provide it."

He urged the President
 to instruct Secretary
 Butz to adjust the loan
 level to at least \$2.50 to
 enable farmers to fi-
 nance next year's crops
 and assure lower food
 costs to the nation's con-
 sumers.

**WORMS CAN
 KILL YOUR PET.**

Large roundworms (Ascarids) can
 kill your cat or dog. And he can
 pick them up any time—even be-
 fore he is born. What can be
 done about the "worry of worms"?
