BROOM SALE SET OCT. 18

Want to buy a broom? If you do—don't. At least not yet. The McLean Lions Club has slated its annual broom sale for Tuesday, Oct. 18, and the club will be selling brooms and other household items to raise funds for civic projects.

Typical items for sale will include little brooms, big brooms, whisk brooms, mops, dust mops, dishcloths, teflon scratchers, ironing board covers and other household goods.

Look for the big Caravan for the Blind van, which will be parked near the City Hall, beginning at 8 a.m.

Texas Tech to Host Florida State

Texas Tech should be hard-pressed to retain its superiority over non-conference grid foes when Florida State in Jones Stadium, Lubbock, at 7:30 p.m. Saturday. Coach J. T. King's Raiders will be seeking their 12th straight win over a regular season non-Southwest Conference foe. But the Seminoles, despite a 1-2 mark, loom as possibly the strongest threat yet to the streak that began in 1962.

Florida State's losses have been to unbeaten Houston 21-13 and to 10th-ranked Florida 22-19, as Norm Spurrier was forced to come from behind with a fourth period pass. The win was over Miami 23-20.

Singing Sunday at Pentecostal Church

The Third Sunday Singing will be held Sunday, Oct. 16, at 2 p.m. at the Pentecostal Church.

It was originally scheduled to be held at the Assembly of God Church, but because a number of singers from Memphis and Shamrock are planning to attend, the meeting place has been changed to the larger church.

All singers and interested persons in the community are invited and urged to come.

Junior Tiger Club Elects Officers

The Junior Tiger Club met in the fifth grade. The following officers were elected for the second six weeks:

President, Dickie Bradley; vice president, Kathy Bailey; secretary, Carla Dwyer; treasurer, Leland Myers.

Joe Billy Sherrill was appointed program chairman. He chose as his helper, Kelton Thornton.

Terry Smith was appointed social chairman. He chose Milton Best as his helper.

We have a new pupil in our room. His name is Dickie Bradley.

Former Resident Stars in Game

A news story was recently brought to the News office concerning a former resident, Dennis Sutton, son of Mr. and Mrs. Leroy Sutton, Mesa, Calif. Mr. Sutton was a barber here in McLean for many years.

Excerpts from the clipping are: "A sophomore usually does not play varsity football, but Dennis Sutton does and he wreaked havoc as Grossmont High ripped Kearney, 35-0 before 6,000 fans.

"Sutton, weighing 160 pounds, used it to the utmost as he snaked through the Kearney line 18 times for 90 yards.

"In the fourth quarter Sutton's team put on another sustained touchdown march, going 63 yards in 13 plays, with Sutton hitting the final 13 behind vicious blocking."

Many people of McLean will recognize the Suttons, and this story will be of interest to them.

U. S. Rep. George H. Mahon of Lubbock, left, and Dee Miller, Democratic candidate for U. S. Representative from the 18th Congressional District, got together recently to discuss realignment of the 19th Congressional District. Realignment of Mahon's district has moved two counties—Lamb and Bailey—into the 18th Congressional District which Miller hopes to serve as U. S. representative. Mahon is chairman of the powerful House Appropriations Committee. Both men are former district attorneys.

Wesleyan Guild Meets at Church

The Wesleyan Service Guild met in the parlor of the Methodist Church for their regular monthly meeting Monday, Oct. 10.

The meeting was called to order by Bonnie Fabian, president, and a short business meeting followed.

Sue Cubine gave a short devotional, "Rest a While." Fern Boyd led the program on study of "Affluence and Poverty." The meeting was closed with the Guild prayer.

Refreshments were served by the hostesses, Maybell Nash and June Allen, to the following members: Sue Cubine, Fern Boyd, Mary Powell, Grace Glenn, Sinclair Armstrong, Lou Getling, Dorothy Beck, Johnnie Rodgers, Bonnie Fabian and Ruth Whaley.

D. Crockett Injured In Football Practice At Southwestern

Dickie Crockett, Southwestern State College, Weatherford, Okla., halfback from McLean, probably will be sidelined for the remainder of the 1966 football season.

Bulldog Coach Otis T. Delaporte said Crockett injured his knee in workouts early last week, and probably will require surgery.

The youth, son of Mr. and Mrs. Emory Crockett of McLean, had sustained a knee injury in a pre-season scrimmage, but recovered sufficiently to return to practice.

On his first day back in uniform, Crockett was injured again.

An outstanding football player at McLean High School, Crockett drew praise from the Southwestern coaching staff as a freshman in the 1965 season with the Bulldogs.

He had been tabbed as a potential starter this fall, but the early injury has prevented him from playing in a game.

Crockett's best performance in the Bulldogs' 1965 season was against Tarleton State College. In that game, the final of the fall for Southwestern, he scored two touchdowns—one on an 87-yard run, the other on a yard plunge.

Homecoming at Southwestern Oct. 29

Southwestern State College Homecoming festivities, using the theme, "This Cherished Land," are scheduled in Weatherford, Okla., Saturday, Oct. 29, and plans are already being finalized.

The traditional Homecoming parade through downtown Weatherford begins at 10:30 a.m. Saturday, and changes made this year are expected to increase the number of floats entered.

Floats will be grouped in seven categories: professional group I; professional group II; classes (freshmen, sophomore, junior and senior); honorary, service and athletic organizations; religious organizations; social organizations, and public schools.

In addition, there will be categories for clowns and bicycles. The Weatherford Chamber of Commerce will present the winner in each float division \$40, with a \$20 award to each second-place float. Prize money for clowns and bicycles will be \$3 for first, \$2 for second and \$1 for third.

The 1966 Homecoming queen is to be elected by the student body. The candidate receiving the most votes will be crowned queen, with the next four serving as her attendants.

Presentation of the royalty is scheduled at half-time of the Southwestern Bulldogs and Panther A and M College football game, beginning at 2:30 p.m.

Several activities and luncheons for alumni are on tap during the day, with the spotlight on an experimental joint luncheon meeting of the Former Students Association and Thirty-Year Club.

The luncheon is set for noon Saturday at the Student Center. A Homecoming dance in the Student Center winds up the day's events.

Mr. and Mrs. T. E. Crisp visited Sunday and Monday with Mrs. Guy Farrington in Pampa.

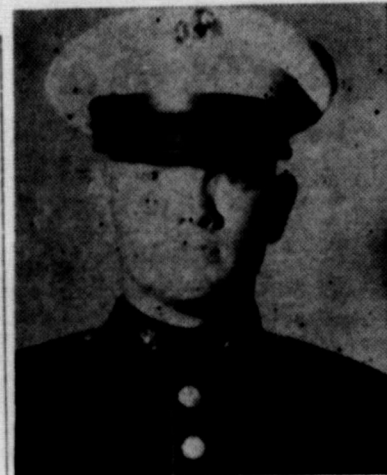

McLean Edge By Groom; Conference Game Friday

Last week's football game between the McLean and Groom Tigers was a very close game, as many had expected.

McLean is back on the winning side after suffering their first loss of the season game before last with the White Deer Bucks with a score of 20-0. McLean outscored the Groom Tigers by two points, with a final score of 8-6.

Groom made the first touchdown during the first quarter as Kyle Black went across from the 2-yard line. They failed on their kick try for the conversion, but led 6-0 at the end of the first period.

McLean Tigers scored their only touchdown late in the second quarter when they marched 60 yards with Fullback Raymond Baker go-

Under the supervision of veteran noncommissioned officer drill instructors, he learned small arms marksmanship, bayonet fighting and methods of self-protection. He also received instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He will now undergo four weeks of individual combat training and four weeks of basic specialist training in his military job field before being assigned to a permanent unit.

Pep Rally, Bonfire At 7:15 Tonight

There will be a bonfire pep rally held Thursday (tonight), Oct. 13, just west of the football field. It will be held at 7:15 p.m.

This pep rally is sponsored by the McLean High School Pep Club and the Tiger Band.

All students and Tiger fans are invited and urged to come.

ing over from the 6-yard line for a touchdown. Baker then ran over the conversion kick for an 8-6 lead.

It was a battle all the way, with McLean never going past Groom's 30-yard line except for the touchdown.

McLean made 14 first downs, received four penalties and fumbled two times.

Groom made three first downs, received one penalty and recovered two fumbles.

The football stadium was filled to capacity with Tiger fans last Friday night. The game this Friday night with Claude is a conference game and will start at 7:30 p.m. instead of the usual 8. So, fans, don't forget the starting time will be 30 minutes earlier than usual.

Miller, Mahon Have Common Grounds

Dee Miller, the Democratic candidate for U. S. Representative from the 18th Congressional District, and U. S. Rep. George H. Mahon of Lubbock found in a recent meeting that they had much in common.

Miller resigned the post of 47th District Attorney in Amarillo to seek election to Congress.

Mahon was serving as 32nd District Attorney at the time of his election to the 74th Congress in 1964.

Mahon, who has been re-elected to Congress each year since, is chairman of the powerful House Appropriations Committee. All money bills, under the United States Constitution, originate in the House.

Mahon was named chairman of the Appropriations Committee in 1964.

Another subject of serious discussion between the two men was re-alignment of Congressional Districts which has seen two counties—Lamb and Bailey—moved from Mahon's district to the 18th Congressional District which Miller seeks to represent.

Mr. and Mrs. Kid McCoy attended the Gatlin funeral at Pampa last week.

BIRTHS

L/L and Mrs. Ray F. Hupp are the parents of a son, named Ray Forrest. He was born Oct. 4 in Northwest Texas Hospital, Amarillo, weighing 7 lbs. and 8 1/2 oz.

The grandparents are Mr. and Mrs. Forrest Hupp, McLean, and Mr. and Mrs. Burt Harrington of Shamrock.

Mr. and Mrs. Keith Goodman of Lubbock are the parents of a baby boy, born Oct. 10. He weighed 9 lbs. and 10 oz., and is named Mark Allen.

The grandparents are Mr. and Mrs. C. O. Goodman and Mr. and Mrs. L. F. Hauck, McLean.

March of Dimes Meet Attended by Gray County Men

Significant progress in diagnosing and treating birth defects, especially those caused when something goes wrong with body chemistry, was reported at a regional March of Dimes meeting in Dallas last week.

The meeting was attended by volunteer leaders of the Gray County March of Dimes against birth defects. They included Jay Thompson, McLean chairman, and Jimmie Don Morris, county chairman.

Dr. Virginia Appgar, director of the division of Congenital Malformations of the National Foundation-March of Dimes, said that many chemical defects which often cause severe mental and physical disability can now frequently be treated by special diets and other means to prevent permanent damage.

It was pointed out that nearly one-and-a-half million American children under the age of six are birth defect victims, spending approximately six million days in hospitals each year at a cost of more than \$180,000,000. More children are hospitalized for birth defects than for all infectious diseases combined.

The March of Dimes is fighting birth defects on three fronts: medical care, research and professional education.

In medical care, March of Dimes funds support 77 birth defects centers. At these centers, teams of medical specialists are available to treat all the many complications associated with serious defects and many are also conducting research.

In research the March of Dimes is using the same formula that proved so successful in the conquest of polio. Eminent scientists are conducting studies not only of conditions directly related to birth defects, but also are seeking to learn the secrets of basic life processes which, if understood, might shed light on what causes defective births.

The March of Dimes professional education program aids the struggle against birth defects through medical conferences, publications, symposia, teaching films and exhibits that channel the latest technical information to treatment specialists and scientific researchers alike.

The March of Dimes is also conducting a prenatal care educational program. In many local chapters, volunteers are organizing programs aimed at urging pregnant women to seek medical attention in the important early months of the pregnancies.

The Texas Department of Public Health was established in 1903.

Former Resident Is Buried Here

Graveside services were held at Hillcrest Cemetery Tuesday afternoon for Mrs. Josie Stewart, a former McLean resident.

Mrs. Stewart, 83, died Sunday at St. Anthony's Hospital in Amarillo. She had made her home in Amarillo for the past 16 years.

Funeral services were conducted at Blackburn-Shaw Chapel in Amarillo at 2 p.m. Tuesday.

Survivors include two sons, Earl N. Stewart of Amarillo and Bruce E. Stewart of El Paso; one daughter, Mrs. Pauline Harris of Amarillo; four grandchildren, 10 great-grandchildren and one great-great-grandchild.

Two McLean Men Honored at Dinner By Phillips Co.

Four hundred eighty-two employees from 29 states and five foreign countries are being honored by Phillips Petroleum Co. this year in recognition of their 25-year service anniversaries with the company and its subsidiaries.

Approximately half of the service awardees were guests at a dinner Thursday night, Oct. 6, in the Adams building auditorium at Bartlesville, Okla. The evening event climaxed a program including tours of the company's headquarters facilities, informal departmental gatherings, group pictures, reception, social hour and special dinner entertainment.

Those from McLean to receive recognition at the Oct. 6 dinner were R. N. Rhoten and G. W. Terry.

A Friday morning tour of Woolaroc Museum, located on the Frank Phillips Ranch southwest of the city, also was arranged.

Roy Lyn McMullen At Oklahoma Tech

Roy Lyn McMullen from McLean is enrolled at Oklahoma State, Tech, Okmulgee, for the fall term in auto mechanics.

Enrollment at the vocational-technical college has shown an increase of 70 per cent from September, 1961, to September, 1966. Current enrollment is 2,406.

Departments with the largest enrollment in the post-high school program are: automotive, 541; diesel, 368; commerce, 363; electronics and electricity, 216; and drafting, 259.

Electronic data processing, which is being offered for the first time this semester, has an enrollment of 34 students.

The residential school, a branch of Oklahoma State University, is celebrating its 20th anniversary. Since its establishment, Tech has trained 25,000 persons in crafts and technical courses and has increased the occupations offered to 32 different fields. Students learn both theory and hand skills on instructional equipment valued at six and one-half million dollars.

Hess Judge at Tulsa Hereford Show

The stands and the arena were packed with spectators for the Sunday afternoon judging of the Herefords at the Tulsa, Okla., State Fair on Oct. 2. Nearly 200 head were paraded for the inspection of F. Jake Hess of McLean, judge.

Political Information Book Now Available

When's the birthday of your Congressman? How many votes did President Johnson get in Loving County in 1964? What are the names of all 22 state officials? How many registered voters are in Ochiltree County?

The answers to these political questions and to thousands of others can be found in a handsome, 84-page book published by the State Democratic Executive Committee as a souvenir program for the recent state convention.

The books are now available to the public at \$2.50 each. Orders should be sent to SDEC, Brown Building, Austin, Texas.

The book has pictures and biographies of all 22 state officials and the Democratic members and nominees of the Texas Delegation in Washington.

All candidates — both Democrats and Republicans — for the Texas Senate and the House of Representatives are listed by districts, along with their home addresses and telephone numbers.

Perhaps most useful to the general public is the section on the voting habits of each county for key races in 1964 and 1966. The guide gives the votes and percentages for the presidential, gubernatorial and senatorial races of 1964; the registered voters and population for 1966 and the total turnout in the two spring primary races.

The book also has maps showing district boundaries of Congressmen, State Senators and State Representatives.

A Hint to Hunters

George Newberry, local manager for Southwestern Bell Telephone Company, is hoping all area hunters bag their limits this season, but he is urging they be careful not to hit telephone lines when shooting.

"One careless shot can knock out local and long distance service for a wide area," he says, adding: "Please remember, there's no open season on telephone lines."

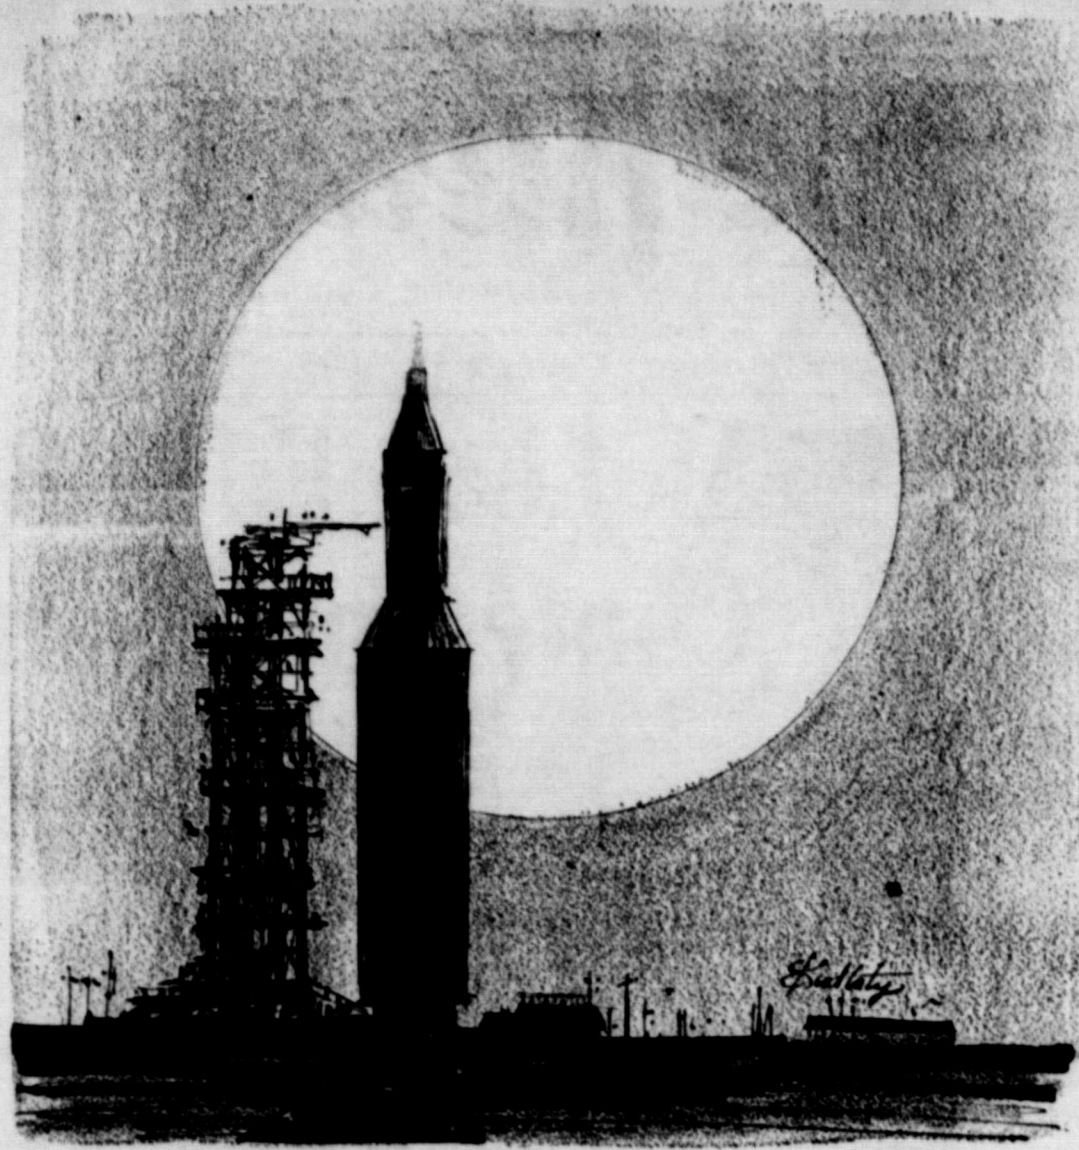

VETERANS' LAND BOARD SALE

The Veterans' Land Board will receive sealed bids at the General Land Office, Austin, Texas, until 10:00 o'clock A.M., November 15, 1966, for the sale of 104 tracts of land. 93 tracts offered to eligible Texas Veterans only in Briscoe, Brown, Caldwell, Cameron, Culberson, Deaf Smith, Denton, Dimmit, Gaines, Hidalgo, Hunt, Jasper, Kimble, Lamar, Limestone, Maverick, McCulloch, Medina, Montgomery, Nacogdoches, Newton, Orange, Parker, Reeves, Runnels, Smith, Ward, Webb, Williamson, Winkler, Uvalde & Zavala Counties. 11 tracts offered to non-veterans and eligible Texas Veterans in Erath, Hidalgo, Maverick, Uvalde & Zavala Counties.

Tracts may be financed through the Veterans' Land Program. For information and listing of tracts write to:

A Season to Enjoy

Throughout the United States, fall is one of the most pleasant times of the year. It is the time of Indian Summer—a period of calm before the coming of winter.

Fall is also the time of red hats and hunters. Thanks to state game laws, and the conservation efforts of many agencies, from the federal level down to the individual wood lot owner, there is plenty of game, and millions of acres of forests, plains and mountains for hunters to roam.

The game and the beauty of the countryside will be with us in perpetuity, if hunters and recreationists will be content to enjoy, but not abuse the natural assets placed at their disposal. Courtesy, common sense, care and willing-

ness to abide by the rules—don't be a game hog or a careless camper—will insure good hunting and a pleasant time for all.

County Agricultural Agent Texas A & M. College Extension Service

By FOSTER WHALEY

Our predictions of \$28 and \$30 calves came true. The trouble was they didn't stay at this figure for long. We have visited with a number of producers that turned down offers on this level and higher. Many regret they didn't let them go. I saw a cartoon under a banker's desk that pretty well describes today's situation.

There were two ranchers sitting on the fence and a truck was pulling away loaded with cattle. The captions read "There goes those steers I was offered 32c for that I held for 34c and sold for 26c."

Much of the price drop can be attributed to gloomy tight money talk. Clifford Allison hit the nail on the head when he said if bankers and others would just quit talking about how tight money is this would correct most of the situation. Prices of feeder cattle have placed a very tight squeeze on cattle feeders for the past several months. There was bound to be some adjustments forthcoming.

Based on today's loture market on live beef cattle there is an excellent profit opportunity for a person that wants to buy feeders and hedge by selling future contracts.

In my opinion there has been a severe over-adjustment on the feeder finished price squeeze.

Finished cattle prices have not taken any severe price drops. They have remained relatively stable.

If you will buy me a cup of coffee I'll prove this to you. A two inch rain over the Great Plains area will jump light weight stocks \$3 per cwt.

The names of former mayors Cornelius Tripe and John Beer have been dropped from the list in a plan to choose names of streets in honor of former mayors of Plymouth, England.

Moving Story

Joseph Mourat, of London, England, became riled at the sight of an abandoned car left undisturbed outside of his house for six months. He retaliated, towing the vehicle to the steps of the office of Transport Minister Mrs. Barbara Castle. He painted a message on the vehicle: "Dear Mrs. Castle, this wreck has been outside my house. Now you have it outside yours. Compliments from Joseph Mourat."

On Target

A gunman elbowing his way out of an El Paso, Tex., bar with \$100 in stolen money dropped part of the loot and bent over to pick it up. Nadine Freeman, 25, a barmaid, kicked him in the seat of his pants, knocking him to the floor. A soldier helped hold the bandit for police.

Texas Ranks Second In Angus Cattle

Texas farmers and ranchers who raise registered Angus beef cattle helped their breed climb to new records during the past 12 months, according to a recent announcement from Glen Bratcher, secretary of the American Angus Association, St. Joseph, Mo. Texas breeders recorded a total of 34,851 calves during the past year to retain their ranking as the number two Angus state. The new total was an increase of 984 over a year ago. Texas also ranked second in

Angus sales as cattlemen in the Lone Star State transferred the ownership of 27,721 head. In addition, 539 Texans joined the national Angus organization as life members and 172 farm and ranch youngsters in the state became junior members during the past year.

Sales of registered bulls, cows and calves also set new records for Angus breeders in every state. The association's staff processed transfers of ownership of 324,397 purebreds in the past year. This new record represents a gain of 33,078 sales (11.3%) over last year and is 26,540 more than the combined transfer total reported for the next two leading beef breed groups. New life memberships issued during the association's 1966 fiscal year numbered 5,390. New junior

A farm pond was staked for Frank Dougherty on his place north-east of Pampa.

Two diversion terraces and two standard terraces were laid out for H. L. Henderson on his farm east of Pampa.

Mrs. Vera Dial Dickey has completed a system of terraces on one of her fields south of Lefors.

Fred Vanderburg has completed a diversion terrace on his place south of Pampa.

Olin J. Weldon has completed a water storage facility on his live-stock farm southwest of McLean.

Milton Carpenter was reelected as supervisor of the Gray County SCD. Milton has just completed a five year term. He is now serving as chairman of the SCD board. Milton has been a very active member of the board and has spent a lot of time and effort in getting the McClellan Creek Watershed approved.

Benchlevelling and contouring of sloping land are being compared as to yield, water usage and returns at the High Plains Research Foundation at Halfway. A five year study comparing benchlevelling to rows directly down a 1% to 3% slope definitely showed benchlevelling to be superior.

Benchlevelling increased grain sorghum yields 1.25 pounds per acre and returned \$25.49 per acre more with 7.1 inches per acre less irrigation water. Cotton yields were increased 55 pounds of lint per acre and returns increased \$24.11 per acre when benchlevelled.

Recent visitors of Mr. and Mrs. Legon Burris and Pete Rice were Mr. and Mrs. Roy Rice of Salina, Kans., Mrs. Louise McCormick of St. Louis, Mo., and Mrs. Ruby Dahl of Walnut Creek, Calif. Mrs. Dahl remained for a longer visit.

TAX SAM SEZ:

Every year the Internal Revenue Service calls in thousands of taxpayers for tax audits. A large part of these taxpayers get into a discussion of their tax affairs through their failure to keep good records. Keeping good records is not an easy task but it is an important family chore that is profitable. You can prepare a much better tax return and you may save yourself a lot of tax dollars if you take the trouble to keep a simple set of records. You will find that your records are not only helpful for preparing your tax return, but they may also solve a lot of other problems for you.

State Capital NEWS

By Vern Sanford

Shape of Gov. John Connally's major legislation goals is beginning to emerge.

He gives high priority to his proposal for a constitutional convention to rewrite the state's basic laws.

Modernization of local governments is essential to state progress and effective management of local affairs. "Functional government by federal guidelines" is the likely alternative to a "renaissance of local responsibility," Connally has warned.

The governor outlined a tough, seven-point traffic safety program including driver education for all youngsters, severe penalties for violations of driving laws and a minimum licensing age of 16.

"Without question," he acknowledged, "the 60th Legislature is looking at a raise in our state taxes, but it is impossible to tell exactly how large or how small."

He also ticked off these subjects from his list of legislative "essentials":

Revision of the penal code and code of criminal procedure; additional sources of revenue for growing cities; substantial salary raises for state employees; continuation of progress in education, tourist and industrial development, community services for the mentally ill and mentally retarded, and park system development and improvement.

In discussing streamlining of local government with county officials, the governor declared:

"We cannot progress on a pre-conceived notion that modernization is politically impossible."

SCHOOL STRETCHOUT URGED

—Texas children ought to start to school younger and stay in school longer. So concludes the State Board of Education in its 16-point legislative program.

Board proposes schooling for five-year-olds, state-supported summer school for all grades, a study of feasibility of a 10-months school year and seven-hour day, and higher salaries for teachers.

COURTS SPEAK—Texas Court

of Criminal Appeals has ordered a new trial for Jack Ruby, who faced a death sentence for the murder of Lee Harvey Oswald, the man the Warren Commission said assassinated President John F. Kennedy on Nov. 22, 1963.

Court said Ruby must be tried elsewhere than Dallas, scene of the crime, and concluded that testimony of a police officer concerning statements indicating premeditation were improperly admitted at Ruby's first trial.

Supreme Court handed down a record 137 orders. Among its decisions were:

Nov. 30 date was set for arguments on Humble Oil and Refining Company's suit to recover 73,302 in franchise taxes paid under protest.

State Board of Insurance rule requiring insurance companies to charge at least six per cent on installment premium payments was thrown out.

Transfer of two small sections of land from Frenship Rural High School District to Shallowater Independent School District of Lubbock County was upheld.

Court will review dispute of Rio Grande Valley residents over possession of half of a winning \$34,000 Mexican lottery ticket.

AG OPINIONS—Atty. Gen. Waggoner Carr has held that a county may provide ambulance service for its citizens under the authority given counties to spend public money on public health services.

In another opinion, Carr said that the Department of Mental Health and Mental Retardation may join forces contractually with the Texas Education Agency to initiate and supervise "half-way houses" to help restore mental retardates to society.

Carr also said that children with only a language skill deficiency do not legally qualify as "exceptional children," so no special classrooms may be set up for them.

EPIDEMIC CONTAINED—Texas' screwworm epidemic is still present in the Southwestern and South Central part of the state. However, Dr. S. B. Walker, director of the Texas Animal Health Commission, says the end may be in sight.

Texas' worse infestation since the screwworm eradication program began reached its height two weeks ago. Number of cases leveled off last week. Federal, state and private resources are being used to battle the worm.

MOTION FILED—Attorneys General Carr of Texas and Boston Witt of New Mexico for alleged violations of Rio Grande Compact providing for releases of water to the two states to the south. Proposed complaint says Colorado has withheld 939,900-acre-feet of water, as of Dec. 31, 1965.

Attorneys General asked the Supreme Court to require Colorado to deliver the agreed upon amounts of water at the Colorado-New Mexico state line, and to eliminate Colorado's accrued debt under the compact.

DIET FOR DIABETICS

Nutrition can be discussed in general terms for normal people. For those with illnesses or metabolic deficiencies, the diet must be "tailored" to each individual, just as a well-fitted garment must be. Diet for diabetes falls into this class. One can, of course, give certain general principles, but the details must be:

- advised by the attending physician after physical examination, history of illness, and laboratory tests;
- closely supervised at intervals varying with the severity of the condition; and
- modified from time to time as conditions change.

Nature of Diabetes

Diabetes is an inability of the body to cope with the chemical handling (metabolism) of sugars in the body. It is due to deficiency in a secretion produced by specialized cells in the pancreas, called after their discoverer, the islands of Langerhans. The secretion is called insulin.

While diabetes is a deficiency in sugar metabolism, it involves other classes of foods. Starches are quickly converted into sugar; proteins in excess of needs are also changed into sugar. The handling of fats is impaired by the deficiency in sugar chemistry. It is obvious that the entire diet must be controlled.

- These controls usually involve:
- reduction in total calories, except where body weights are normal or below (many diabetics are overweight);
 - elimination of all sugar as such;

- restriction of starchy foods;
- adjustment of fat intake to dietary needs.

In addition to dietary controls, diabetics may require injections of insulin, or in the case of older and milder cases, one of the pills which help metabolize sugar. These pills are not insulin. Insulin must be injected.

Must Have Adequate Diet

Diabetics, like everyone else, must have an adequate diet in order to maintain health and strength. The diabetic diet, in addition to its emphasis on strict quantity control and sugar elimination, stresses the adequacy of protein intake. It also demands ample vitamin and mineral supplies, derived from vegetables and fruits relatively low in sugar.

A few of the useful books for diabetics are listed here:

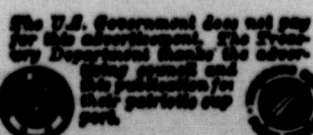

- Diabetic Manual, Elliot P. Joslin, Lea & Febiger, 10th ed.
 - Your Diabetes and How to Live with It, Rogers, Leverton, and Hervert, Univ. of Nebraska Press, 1961.
 - Diabetes, a Way of Life, T. S. Danowski, Coward-McCann, 1964.
 - Diabetics Handbook, A. M. Sindoni, Ronald Press, 1959.
 - Diabetic menus, meals, recipes, Betty M. West, Doubleday, 1959.
 - Cookbook for Diabetics, American Diabetes Ass'n, 1 East 45th Street, New York 10017, 1959.
 - How to Live With Diabetes, Henry Dolger and Bernard Seeman, W. W. Norton, 1959.
- Any of these books is obtainable through any book store.

Coast Guard Taking Applications for Academy Cadets

Eligible young men are reminded that Dec. 15, 1966, is the deadline for submitting applications to compete for appointment as Cadet, U. S. Coast Guard.

The 91st annual competition for admission to the U. S. Coast Guard Academy at New London, Conn., will begin with the Dec. 3, 1966, administration of the College Entrance Examination Board Tests. Appointments are made solely on a competitive basis, with no Congressional appointments or geographical quotas. Application deadline for the tests is Nov. 1, 1966.

An applicant must be an unmarried high school senior or graduate who has reached his 17th but not his 22nd birthday by July 1, 1967. Applicants must have earned 15 units by June 30, 1967, including the following units: Three in English, two in algebra, and one in plane geometry. Applicants must be in excellent physical condition, between 64 and 78 inches in height, with proportionate weight and have at least 20/30 in each eye correctable to 20/20.

Those appointed will receive a four year course of training and education leading to a bachelor of science degree and a commission as ensign.

Additional information and application forms can be obtained from high school guidance counselors or by writing to the Director of Admissions U. S. Coast Guard Academy New London Conn. 06320.

Lefors Man Receives Army Promotion

Charles M. Dickerson, 25, whose parents, Mr. and Mrs. Albert M. Dickerson, and wife, Doris, live at Lefors, received an early promotion to Army pay grade private E-2 on completion of basic combat training at Ft. Bliss, Sept. 17.

He was awarded the promotion two months earlier than is customary because of his accuracy in firing the M-14 rifle, high score on the physical combat proficiency test and his military bearing and leadership abilities.

The early promotion program is an Army policy providing incentive for outstanding trainees.

Dickerson was graduated from Lefors High School in 1969 and attended Baptist Bible College at Springfield, Mo.

Mrs. Corinne Trimble visited her son, Norman Trimble, last week.

THE FAMILY LAWYER

LOUDER THAN WORDS

Suppose you walk into a coffee shop, point to the doughnut tray, and hold up two fingers. And suppose, after being served, you decide that you aren't hungry after all—and refuse the doughnuts. Could the proprietor make you pay anyhow?

Theoretically, he could indeed. Even though you haven't uttered a word, you have entered into a binding legal contract.

As a rule, contracts are created by oral or written language. But the law recognizes that actions may speak louder than words. If the situation is right, just a nod of the head may mean anything from "I do" to "I bid \$100 for that oriental rug."

You can not only enter into a contract but even commit an assault, merely by gesture. The law will weigh the surrounding circumstances to decide how much menace the gesture conveyed.

For example: It was held not an assault for a man to shake an angry finger at his hostess, since she was safely seated eight feet away. And it was held not an assault for a motorist to make a leering grimace at a pretty girl, walking at a considerable distance from his car.

But it was held an assault for a landlord to brandish a stick ominously over the head of his tenant. And it was held an assault for a man, known to be trigger happy, to reach suddenly for his hip pocket.

Can defamation of character too, be committed by acts instead of by words? It is possible, wrote Jonathan Swift, to

"Convey a libel in a frown, And wink a reputation down."

In one case, a man charged that his character had been blemished—wordlessly—by two clumsy detectives. It seems they had followed him constantly for several days and nights, making no effort to hide what they were doing.

The detectives denied that this amounted to defamation. But the court agreed with the plaintiff, because the detectives had shadowed him so openly. The judge said their actions, proclaiming to one and all that this man needed watching, spoke more insultingly than words.

FILLERS

Not Suicidal

Studies made in Europe and the United States at widely different periods of time all show that virtually no children below the age of 15 commit suicide.

Berserk Vikings

Viking warriors originated the word berserk. Those who fought with frenzied abandon were known as "berserkers," a name which referred to their bear coats (ber serkr).

Niagara's Age

Niagara Falls was formed after the last great ice sheet withdrew from this region and scientists believe that the falls cannot be more than 20,000 years old.

Oldest Trees?

The bristlecone pines in California's Inyo National Forest are regarded as the world's oldest living things. These twisted trees have been found to be some 4,500 years old, thus antedating the giant sequoias growing elsewhere in California.

A finch in the Galapagos Islands has been observed to use a cactus thorn held in its beak to dig insects out of crevices in a tree trunk.

SS Disability Amendments Told

According to Travis C. Briggs, manager of the Amarillo Social Security office, an important change concerning the disability provisions was made in the 1965 amendments to the Social Security Act.

He advised that so much information has been published about "Medicare" that many people are unaware that other important changes have taken place.

Before the amendments a person had to have an illness or injury which was expected to continue indefinitely or result in death. Now, a worker can meet this requirement if he has a severe impairment which has lasted, or is expected to last, for as little as 12 continuous months. This is the first change in the definition of disability in the 11 year history of the disability program.

Anyone who has previously filed for disability and was denied because his condition was expected to improve in the near future, should re-contact his social security office. He may now be eligible for payments under this change.

Briggs emphasized that many claimants for disability benefits are turned down because they have not worked long enough in employment where they paid social security taxes. The work requirement has not changed. In addition to meeting the disability requirement, a person still must have worked and paid in to the social security program for above five years during the 10-year period before he became disabled.

Mr. and Mrs. Luther Petty visited in Plainview Thursday until Saturday with Mrs. Petty's twin brother and his wife, Mr. and Mrs. Roger Francis. They also visited with Mr. and Mrs. Leroy Francis and sons, Dr. and Mrs. Ernest James and daughters and Mr. and Mrs. Anson Lee.

STRICTLY FRESH

Modern television proves that people would rather look at anything than each other.

Leader of a flock of geese to a bird following: "Stop that infernal honking! If you want to pass, pass!"

Women were made without a sense of humor so that they could love men instead of laugh at them.

An Illinois man was sentenced to polish fire trucks for three months, which is a shining example of what can happen when you turn in a false alarm.

It isn't until he outgrows his kid days that a man stands up to take what's coming to him instead of leaning over.

The average man owes his wife a lot especially if he married her for money.

PEAR SPICE CAKE

- 3 to 4 fresh Bartlett pears
- 2 cups all-purpose flour, unsifted
- 2 cups sugar
- 1/2 teaspoon baking powder
- 1/2 teaspoon soda
- 1 1/2 teaspoons salt
- 1/2 teaspoon cinnamon
- 1/4 teaspoon nutmeg
- 1/2 cup shortening
- 1/2 cup water
- 2 eggs
- 1 cup dates, chopped
- 1/4 cup brown sugar
- 2 tablespoons lemon juice

Pare, halve, core and dice enough pears to make 2 cups. Save remaining pears for topping. Combine in mixing bowl flour, sugar, baking powder, soda, salt, cinnamon and nutmeg. Add shortening, water and diced pears. Beat 2 minutes or until smooth. Add eggs; beat 2 minutes more. Pour in dates. Pour into greased and floured 13 x 9-inch pan. Bake in 350-degree (moderate) oven 45 to 50 minutes. Serve warm or cold. Before serving, halve, core and slice remaining pears. Arrange on top of cake. Sprinkle with brown sugar and lemon juice. Makes 12 servings.

Mr. and Mrs. L. S. Wilson of Abernathy are visiting with their daughter, Mrs. Roy Sons, and family this week.

**Mrs. Barker Hosts
Swa-Pa-Hobi Club**

The Swa-Pa-Hobi Club met Monday afternoon in the home of Loree Barker.

Roll call was answered with a helpful hint. The members present enjoyed singing and conversation. Attending were Mesdames Freda Bailey, Marie Brown, Ramah Lou Lankford, Sophia Hutchison, the hostess, and two new members, Mesdames Bea Lester and Lena Bailey.

The next meeting of the club will be Oct. 24 at the home of Freda Bailey.

Here's the Answer

Scuba divers searching the whirlpools at the foot of river rapids in Canada have recovered many relics of fur traders lost when their canoes foundered.

MORE FIRES IN WINTER
The winter months the worst for fire losses. Although other factors are involved, this mainly is the result of heating hazards.

**Cotton Producers
Urged to Keep
Moisture Content Low**

Close cooperation between the producer and ginner is required to achieve the highest bale value, preserve fiber properties, and insure the best gin operation.

For this part, the grower should not harvest cotton containing more than 10% seed cotton moisture or 8% lint moisture. Cotton containing excessive moisture or green leaf should be delivered immediately to the gin and the ginner notified of its condition.

The ginner should check the moisture content of each trailer load and group those which require about the same amount of drying and cleaning. This will allow him to select gin machinery and drying temperatures so that he can properly process cotton at different moisture levels, the National Cotton Council points out.

Lint moisture should be kept between 6 1/2-8% at the gin stand and only enough cleaning machinery used to obtain maximum bale value, not just the highest grade. Total bale value is the product of price times weight. Price is based on grade, staple, fineness and area reputation or strength and length uniformity. Weight includes moisture and trash as well as lint.

Ginnings at low moisture levels is the primary cause of fiber breakage—the major damage sustained by fibers during the ginning process. The drier the cot-

ton, the greater the damage. However, regardless of moisture content, the more cotton is worked mechanically, the greater the amount of fiber breakage.

Specific harvesting and ginning recommendations for local areas may be obtained from extension services and USDA ginning laboratories.

To make tempting barbecued ham, you need canned ham of desired weight, creamy French dressing, charcoal-flavored seasoning.

Slice ham 1/4-inch thick; marinate in French dressing for at least 30 minutes. Grill, turning often and basting slices with French dressing; meanwhile, sprinkle with seasoning. Ham is ready to eat when golden brown.
