Viola Boyd Hospitalized In Kentucky

A Spearman woman is in a Kentucky hospital with injuries received in a one-car accident Monday morning near Elizabethtown, Ky.

Mrs. Viola Boyd is in Memorial Hospital with a damaged vertebra and possibly a broken back, according to her brother Floyd Hill.

Two other passengers in the car, Mrs. C. W. Hill, sustained a cut lip and nose and Mrs. D. O. Reynolds a cut on the cheek, Hill said. Mrs. Carol Boyd and Douglas Reynolds were not injured.

Hill said the group was en route to New York City on a vacation. The accident occurred when a blow-out on the front tire sent the car out of control. It hit a soft shoulder, then went into an embankment and back into a culvert. Hill said it would be 10 days to two weeks before Mrs. Boyd can be moved.

FIVE NEW TEACHERS COMPLETE FACULTY

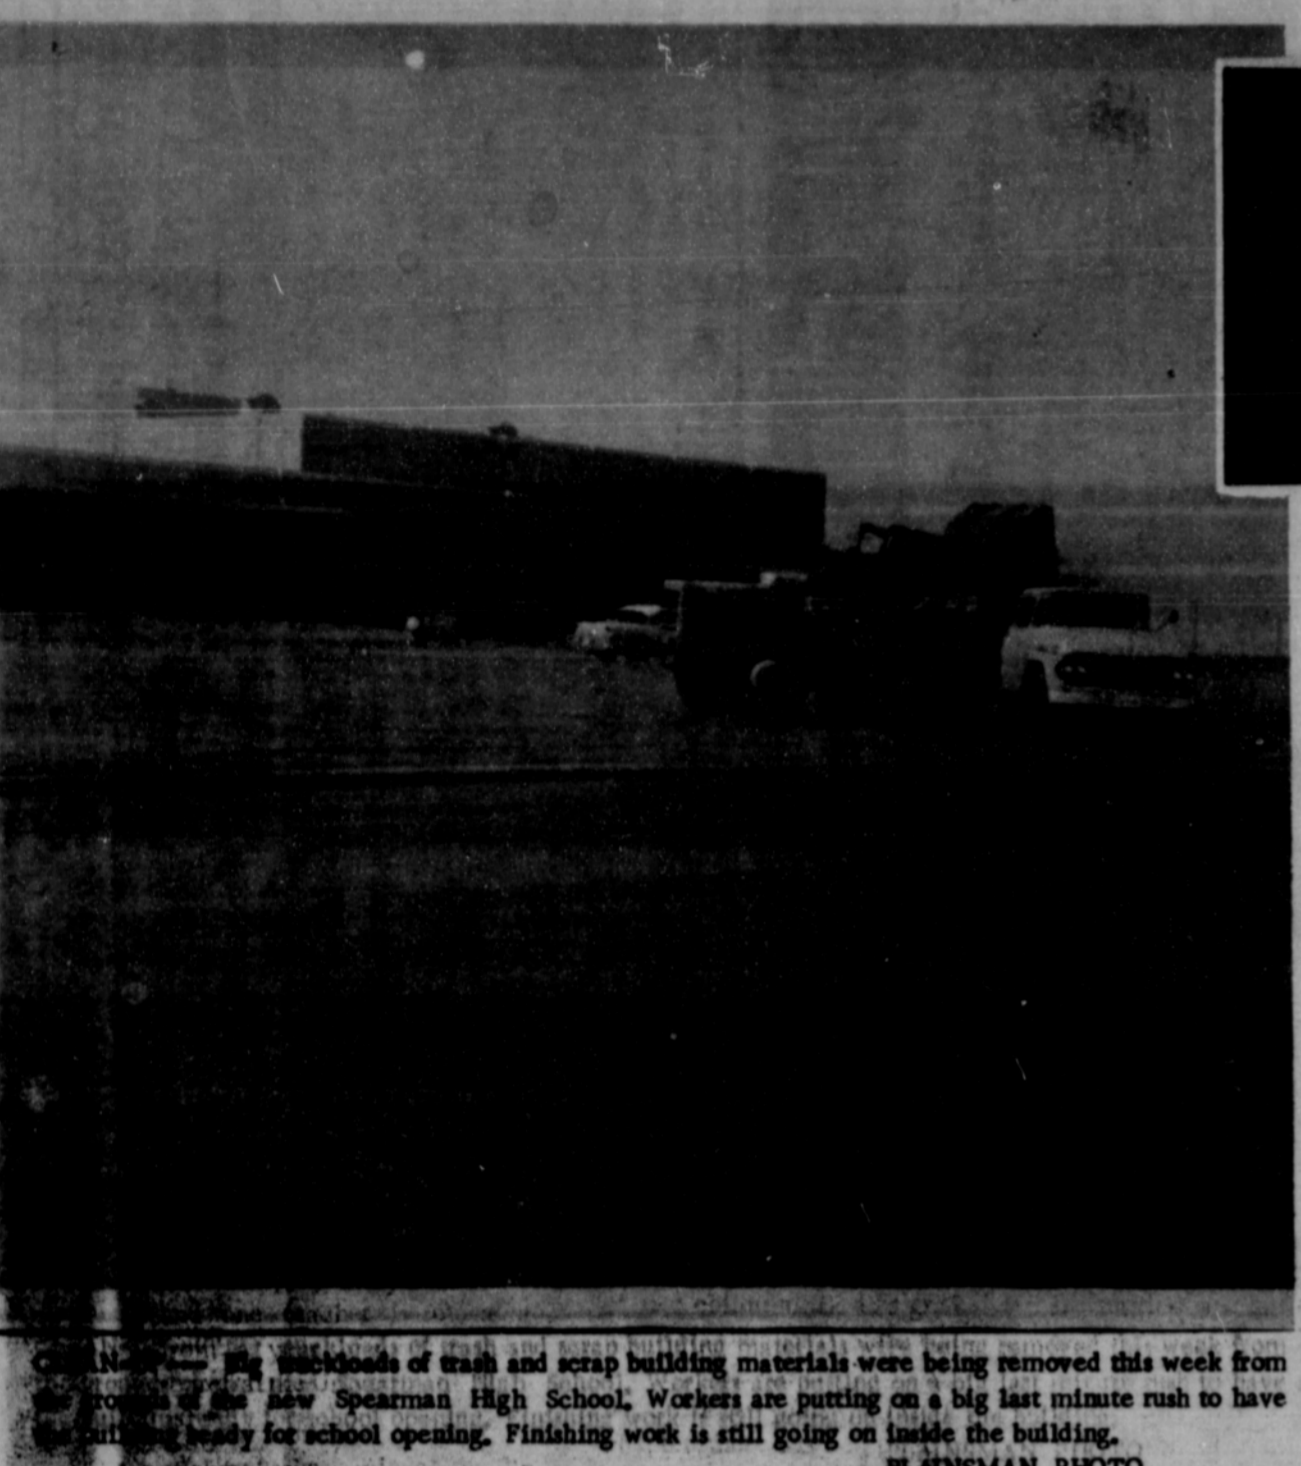

Spearman Public Schools have a complete faculty for the opening of school Sept. 3; Supt. James Bramlett said this week. Five more new teachers have been employed by the school and one teacher is returning from a year of study and research at the University of Texas.

Robert Barker, science teacher in the Spearman schools for 11 years, has notified the school that he will be back for the 1963-64 school year. Barker has been doing advance study and research in chemistry at the University of Texas. His year of work was financed by a government science scholarship. Texas Education Agency has approved the second vocational

agriculture teacher for Spearman, David Laurie of Mobeetie accepted the post earlier and will be moving here soon. Laurie, a native of Darrouzett, is 26, married and the father of two children. He is a graduate of Oklahoma State University. He has taught in Mobeetie for two years and his FFA chapter there has compiled an outstanding record in FFA contests. Another male instructor has been hired as the seventh and eighth grade math teacher. Kenneth Thomas of Cushing, has accepted the post. Thomas will also coach seventh grade sports for boys. He is currently doing advance mathematic study at Howard Payne College in Brownwood on a government scholarship. Tho-

mas was assistant high school coach and high school math teacher at Richland Springs for two years. Thomas is a graduate of Stephen F. Austin State College, is married and has two children. Enoch Charles Estep of Oklahoma City has been hired as public school music teacher. He received his bachelor of music from Oklahoma State University where he was president of the OSU band for three years. Estep just completed work on his master of music degree at the University of Michigan, one of the outstanding music schools in the nation. He attended Michigan on a scholarship and while there toured Europe with the school band

and music staff. He will teach public school music and coach the school club and high school band. High school band members are interested. His wife is employed as a teacher and has a music license. He has two sons and two daughters. He is a member of OSU and has studied with both instrumental and vocal music. He is also a secondary education major and has taught first grade. The school's music staff was organized last year. The hiring of Jerry Taylor of Stamford as fifth and sixth grade science teacher and assistant high school coach. Taylor was a physical education and science major at Texas Western University at El Paso. He is taking additional science courses at TWU this summer. Taylor was a starting guard for the TWU Mines for four years. The coach staff this year is Perry Coursey, sixth grade and Jr. High teacher; Thomas for seventh grade; James Pendergraft, eighth grade and Jr. High Teacher; high school assistant coaches; Taylor; Fred DeWitt and Larry DeWitt who will also be boys' physical education teachers in high school, Jr. High and Elementary school; Dean Wease; social science teacher and boys' and girls' varsity basketball coach; and Don Seymour, athletic director and head football coach.

Workers are putting on a big last minute rush to have the new Spearman High School ready for school opening. Finishing work is still going on inside the building. PLAINSMAN PHOTO

Morse Employs New School Superintendent

Morse's Independent School District has a new Superintendent hired and on the job, it was learned this week. John C. Brumley, former high school principal and girls' basketball coach, has accepted the post and moved his family to Morse.

The new Superintendent is a graduate of Hedley High School and received his Bachelor of Science and Master of Education degrees at West Texas State College.

His undergraduate work was in secondary education and physical education. His graduate work was in school administration and supervision. Brumley was selected to study counseling and guidance at Austin College under the National Defense Education Act in 1961.

Before teaching and coaching at Happy, Brumley was a teacher, coach and principal

in Lakeview. Brumley was director of the guidance and testing program in the Happy school, Vice President of the Swisher County Teachers Association in 1962 and president in 1963, member of the PTA advisory committee, member of the Texas State Teachers Association and NEA, member of the Panhandle School leaders association and was guest lecturer at Wayland College Basketball Coaches Clinic in 1961-62.

During the five years he has coached high school girls basketball his teams have won five district championships, four bi-district titles and second and third in Regional play-offs.

Among honors and recognitions, he received the All-South Plains Assistant Football Coach award, was a member of the school evaluation team under Dr. Thomas MacOwen while doing graduate study, member of FFA livestock judging team in high school, received high school public speaking award and the State Lone Star Farmer degree in 1962.

Spearman Night Planned Soon

The Spearman Chamber of Commerce is sponsoring a "Spearman Night" Aug. 9, at the Amarillo-Gold Sox game in Amarillo. This effort is being made to show Baker-Taylor the town's appreciation for advertising Spearman on the baseball broadcasts this year.

Chamber of Commerce President Charles Gilliam, manager Earl Blankinship, Mayor Bob Vaughn and City Manager Ken Courty will head the delegation. Plans are still being made for the trip.

Farm Bureau Reviving County Queen Contest

After a lapse of several years, Hansford County Farm Bureau will again select a County Farm Bureau Queen. The contest will be held Aug. 23 in the Gruver School Auditorium. Rules for the contest are: A girl must be a daughter or a sister of a Farm Bureau Mem-

ber actively engaged in agriculture. Membership must be in Hansford County. The entry must be single, 16-22 years of age. She must be 16 by Sept. 1, 1963 and not over 22 by the same date. All Farm Bureau employees and previous state winners are not eligible. There will be appropriate awards for the county contest. District winners and an attendant will receive an expense paid trip to the state convention. The district winner will also receive a watch. The state winner and matron escort are allowed \$500 expenses to the American Farm Bureau Federation convention in Chicago in December. Persons interested in entering the contest should contact Mrs. Barton Riley or Mrs. Zack Fisher in Spearman. In Gruver prospective entries should contact Mrs. Carl Cooper or Mrs. Charles Erickson.

Drive Starts At Breakfast

A breakfast this morning at 7 a.m. officially started the fund drive to buy new Christmas decorations for downtown Spearman. The drive is sponsored by the Retail Merchant's Committee. Chairman Jimmie Shieldknight said a goal of \$2,000 must be reached by Aug. 1, if the "storyland figures" are to be replaced. The new decorations will be strings of lighted garland.

Auto Damaged By Fire Tuesday

The engine and hood of a late model car was heavily damaged Tuesday morning by fire. The car was driven by Mrs. Bobby Archer of Spearman. It apparently started around the carburetor.

STRONG FOUNDATION-- Workers pour the foundation for the new First Presbyterian Church of Spearman. The church will be on Cotter Drive in the Blodgett & Linn Addition. The brick building will have a sanctuary, six classrooms, a kitchen, a nursery and pastor's office. PLAINSMAN PHOTO

Judge Hears Guilty Pleas

District Judge Max Boyer sentenced two men to prison terms after they entered guilty pleas to forgery charges in District Court Tuesday. Kenneth Martin was sentenced to three years in the Texas Department of Corrections in Huntsville. Winfred Canady received seven years for a subsequent conviction on a forgery charge. Two other men, Jack Ketchum and W. T. Bledsoe, appeared before the judge for parole violation, but were released by Judge Boyer.

Martin was charged with forgery here after he passed some L&L Construction Co. checks he allegedly took from the company office in Perryton. He faces trial in Ochiltree and Gray counties, Texas County, Okla., has a hold request for him after he completes his sentences in Texas. Canady entered a plea of guilty to the forgery charge for forging the name of Mack Dortch of Gruver to a check. Canady first was convicted of forging a check on Ed Vernon in 1949. A Crowell man paid a \$50 fine and court costs for passing a worthless check. It was a misdemeanor charge. Dee Clayton Simmons was picked up as a fugitive from Pampa where he faces a car theft charge. Officers also apprehended a female run-away from Tulsa, one drunk and one probation violator.

Presbyterians Install Pastor; Begin Church Construction

Spearman's Presbyterian Church installed a new pastor and started construction on the first unit of their church plant in the Blodgett-Linn addition this week. The Rev. Everett H. Cain, Jr., was installed as pastor of the Church Sunday in services held in the Home Demonstration Club Room. The Rev. Donald Hauck of Pampa was in charge of the installation service. He was assisted by Dr. R. C. Burrus of Perryton, Dr. Lyman B. Hankin of Amarillo, the Rev. James Glenn of Borger and Ceril Batton of Spearman. Not-Tex Construction Co., of Borger began work this week on the first unit of the church plant. The new building will have a small sanctuary, six Sunday School classrooms, a kitchen, nursery and pastor's office.

Scheduled completion date for the building is Oct. 15. When a larger sanctuary is needed it will be built and this first unit will become a Sunday School Building and Fellowship Hall. The church owns a 700 foot front on Cotter Drive. The Rev. Cain and his family live in the Presbyterian manse at 1100 S. Barkley.

REV. EVERETT H. CAIN

Agent Resigns HD Position

The Hansford County Home Demonstration Agent, Mrs. Barbara F. Kenney is resigning her position in Hansford County, Aug. 23.

Mrs. Kenney said Wednesday her resignation will be effective on that date, to end six years and two months work in the county as Home Demonstration Agent.

Barbara Fain Kenney assumed duties as the Hansford County HD Agent on July 1, 1957. She had been Agent in Armstrong County for 20 months and an agent in training at Farwell for one month before moving to Spearman. Mrs. Kenney is a native of Felt, Okla. She attended PAMC at Goodwell, Okla., for one year, then completed her work at Oklahoma State University.

Ask Salesman For Identification

All residents when called on by door-to-door salesman are asked to request the salesman to show his approval card from the Chamber of Commerce. The Chamber has a screening program for all transit salesmen and if residents of Spearman will cooperate with the chamber, the fly-by-night and high pressure solicitors for disreputable organizations can be controlled.

Palmer Asks For Station

Application has been made with the Federal Communications Commission in Washington to move radio station KBM-FM from Pampa to Spearman. The station is owned by Coy C. Palmer and will be operated by Palmer and his son Bruce. Palmer was in Spearman several weeks ago to meet with City, County, Chamber of Commerce officials, and businessmen.

Chamber manager Earl Blankinship said this week that an option has been taken on 15 acres of land and if the application is approved by the FCC, Palmer and his family will move to Spearman. The station will not be heard on regular AM radios, but will require FM receivers.

THE LAST BRICKS-- Workers put the last bricks on the outside of the new Hansford Farm Bureau building on Clark Street in Spearman. The modern office building is to be completed in October. It will house the Farm Bureau, Chamber of Commerce and an accountant. PLAINSMAN PHOTO

More Asking for Water

Recently the city of Crowell asked the member towns of the Greenbelt Water Association working to build a dam on the Salt Fork of Red River for membership in the organization.

The dam site is north of Hedley. Crowell is more than 100 road miles from the dam, but is willing to pay the cost of pipelines to have an adequate supply of water.

Crowell is not a growing place. It is noted for one thing, football, and that does not require much water. However, even though it is just a little place, the people realize they must have water. Since the town is old and has depended on wells all these years, the supply is becoming scarce and the people are hunting water.

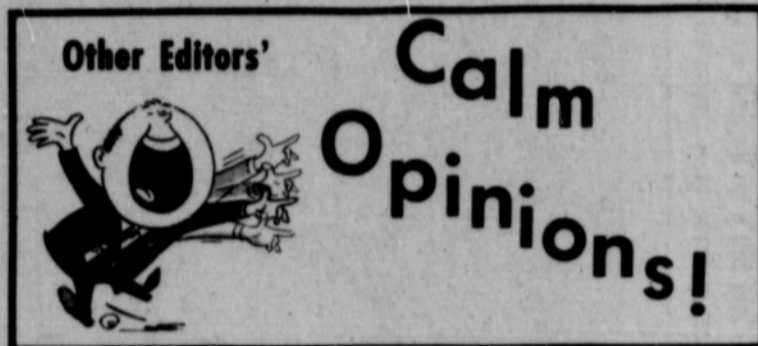

Crowell is just one of the vast horde of towns and cities looking for a sure source of water. Today water is our most important and natural resource. Almost everywhere you travel today there are multitudes of new dams being built as large and small towns and cities try to keep the fresh water that falls in their areas.

Many of these towns and small cities are not experiencing a big growth rate, some, like Crowell, are just holding their own, or losing a little population. However, the people in these towns realize that it does not matter how many people that are in a town, these people are going to have to have water to support life.

In Hansford County we have an almost God given lake, all it needs is a plug in one end and the water supply for Spearman, Gruver and Perryton would be assured for many years.

Many oppose this project because of taxes. With the oil and gas properties paying over 60 percent of the taxes in the county more than half of the dam cost would be a gift, also. Should the oil and gas industry begin to fade in 10 to 15 years, the industry still would have paid a large portion of the cost.

Let us not wait until we have pumped our underground sources dry before we start making preparations for the future. We may find that rain falling on Hansford County belongs to people farther down the creek who looked ahead.

Vandalism in Diboll

Constable Fred Simpson is to be commended for his action last week which resulted in the fining of four boys whom he caught breaking out windows.

We do not even know the identity of the boys, nor do we wish to. What is important is the constable's readiness to see to the punishment of those among our youth who have no regard for the property of others.

Diboll has been plagued in recent years by all sorts of vandalism - some of it petty, and some of it quite serious. It is high time the law took steps to put an end to these juvenile acts of violence against our local society.

None among us wants to see young boys mistreated. We don't want to see the law ride herd on them so close that they can't

have a friendly argument without feat of their little fracas making newspaper headlines. But there is a difference in horseplay and vandalism.

Defining and limiting actions which result in damage to the property of others is the job of law enforcement officials. Citizenry should demand prompt justice in matters of vandalism. If they demand it, they will get it. And when they get it, they should commend the law for doing its duty.

Wonders Never Cease

Even at a time when the electric toothbrush people are making a bid for the tooth brushing market, along comes something that could eliminate their entire product.

A brushless toothpaste now is hitting the market, in tablet form. The tablets are about a half-inch in diameter and sealed individually in aluminum foil strips. You chew up the tablet and it produces an effervescent, min-flavored form which you swish through your mouth.

Then you spit it out or swallow it, either way you like it. This even beats the toothpaste for those who can't brush after every meal. Wonders never cease in this scientific age of ours.

Mr. and Mrs. Tommy M. Lovett

Miss Mary Frances Archer Is Wed to Tommy Lovett

Fifty two cathedral tapers in spiral and branched candelabras and baskets of white gladioli and stock formed the setting Thursday, July 11 for the wedding of Miss Mary Frances Archer and Tommy Michael Lovett.

The bride is the daughter of Mr. and Mrs. Carl M. Archer, 404 S. Townsend and the bridegroom's parents are Mr. and Mrs. Jack Lovett, 1026 S. Townsend.

Impressive double ring vows were directed by the Rev. Luther Berry, pastor, in the sanctuary of the First Baptist Church. Arrangements of white gladioli and greenery highlighted with white satin bows marked the bridal aisle.

Traditional wedding selections were presented by Mrs. Rue Sanders, organist, who also accompanied Miss Lynn Garnett as she sang "I Love You Truly" and "Hawaiian Wedding Song."

Candles were lighted by Misses Kathy Archer of Spearman and Danna Kay Archer of Perryton, both cousins of the bride. They wore Nile green dresses of silk organza over taffeta and matching hats.

Escorted to the altar and given in marriage by her father, the bride wore a gown of white silk organza over silk styled with a scoop neckline and long tapered sleeves ending at points over the wrists. The fitted bodice was detailed at the waistline with a self cummerbund appliqued with lace medallions ending at the

back with designer roses. The bouffant bell-shaped skirt swept to a full chapel train. Her fingertip veil of French illusion fell from a lace cap set with seed pearls and for something old and borrowed she wore a gold lapel watch which was a gift from her Grandfather Archer to his bride 53 years ago.

Miss Carla Archer attended her sister as maid of honor and bridesmaids were Misses Mattie Lou Archer of Dalhart, cousin of the bride, Judabeth Lovett, sister of the bridegroom, Ann Garnett and Dianne Renner. The bride's attendants wore identical dresses of Nile green silk organza over taffeta designed with bell shaped skirts and fitted bodices. Their hats were circlets of Nile green organza with tiny veils and each carried a single long stem white rosebud.

Charles Lovett of Guymon served as his brother's best man and groomsmen and ushers were Danny Witt of Perryton, Freddie Jackson, Jerry Sheets and Bobby Archer.

Mrs. Archer chose for her daughter's wedding, a dress of Nile green cotton voile with hemstitched detailing on the bodice and full pleated skirt. She wore green accessories and a corsage of yellow rosebuds.

Mrs. Lovett, the bridegroom's mother, wore a mocha embroidered eyelet dress with beige accessories and a yellow rosebud corsage.

Following the ceremony, the bride's parents were hosts at

Bridal Shower Honors Mrs. Howard S. Garnett

A bridal shower, Tuesday, July 23 in the hospitality room of the bank honored Mrs. Howard Stanley Garnett of Jacksonville, Florida. The honoree is the daughter-in-law of Mr. and Mrs. Stanley Garnett of Spearman.

The serving table was covered with a green net over a darker green cloth. The centerpiece was an arrangement of yellow rosebuds holding a white parasol topped with a lovebird holding a tiny gold wedding band. Yellow candles in metallic holders flanked

the reception in fellowship hall of the church. The bride's table was laid with white net over satin and was caught up at intervals with clusters of green grapes, carrying out the Nile green and white color scheme the bride had chosen.

The four tiered wedding confection was decorated with wedding bells and colonades and was topped with a miniature wedding couple.

Mint green punch, nuts and mints were served from the table which was appointed in crystal and silver.

Miss Donna Nelson and Mrs. Wilburn McGuire presided at the bride's table.

At the bridegroom's table, where Mrs. Jerry Sheets, sister of the bridegroom, and Mrs. David Floyd presided, the table was covered with a beige linen cloth, featuring brown grape decorations and brown candles. A chocolate cake decorated with chocolate roses was served with pale beige mints, nuts and coffee.

Mrs. Freddie Jackson registered guests at the reception. When the couple left on a wedding trip to Carlsbad and Ruidosa, N. M., the bride wore a Kelly green silk suit with grey accessories and a corsage of white rosebuds from her bridal bouquet.

The bride is a 1963 graduate of Spearman High School and the bridegroom graduated here in 1962 also. He attended Panhandle A&M.

The couple is at home in Spearman where they will live until September when they enter college.

Mr. and Mrs. Lovett, the bridegroom's parents, were hosts for the rehearsal dinner on the evening preceding the wedding in the home demonstration club room.

Attending were Mrs. and Mrs. Carl Archer, Charles Lovett of Guymon, Freddie Jackson, Bobby Archer, Jerry Sheets, and Danny Witt, Perryton, Misses Carla Archer, Ann Garnett, Dianne Renner, Mattie Lou Archer, Dalhart, Judabeth Lovett, Kathy Archer, Danna Kay Archer, Perryton, Lynn Garnett, Miss Mary Frances Archer, Tommy Lovett, and Mr. and Mrs. Jack Lovett.

the arrangement and silver and crystal appointments completed the setting. White cake squares decorated with yellow rosebuds, yellow punch and dainty mints were served.

Miss Lynna Garnett registered guests in a white bride's book and Misses Linda Vanderburg and Sharon Simmons presided at the serving table.

The honoree was presented a corsage of yellow rosebuds and Mrs. Stanley Garnett was presented a corsage of white daisies.

Hostess for the courtesy were Mrs. Andy Snowden, Hazel Simmons, O. B. Umphrees, Jack McWhirter, C. E. Blackburn, H. H. Chevalier, Everett Vanderburg, L. S. McLain, Bud King, Ray Moore, Pete Vernon, Ray Devers, Carl Archer, Dee Jackson and Bill Massie.

Approximately 40 persons called or sent gifts.

Breakfast Held In Schnell Home

The social committee of Rho Chapter of Beta Sigma Phi entertained members of the group Wednesday morning with a come-as-you-are breakfast in the home of Barbara Schnell social chairman.

The serving table was laid with a white cloth and centered with artificial fruits, tomato juice, melon balls and fruit, sweet rolls and coffee were served.

Members attending were Charlotte Harris, Mona Beth Windom, Dody Beedy, Joan Crawford, Betty Brown, Pat Dear, Joyce Lackey, Beth Fox, Marilyn Niemeyer, Genevieve Field, Donna Conroy, Mary Lou Wysong, Day McClellan, and Barbara Schnell.

Shower Honors Teresa Sparks

A baby shower was given July 16 for Teresa Kim Sparks, new daughter of Mr. and Mrs. Bill Sparks in the home of Mrs. Harold Boyd. Hostesses were Mrs. Boyd, Ervin Boys, Bernice Boyd, Dale McCallie, Bob Barnes, Pete Perryman, and Miss Peggy Robinson.

The serving table was laid with an ecru lace cloth over pink linen. A bouquet of summer flowers was the centerpiece. White decorated cake and pink punch, nuts and mints were served.

Mrs. Sparks was presented a corsage fashioned of multi-colored baby sox with pink and white ribbon.

Leatherman - Tolle Vows Read in Gruver Church

Wedding vows were exchanged Friday, July 12 in the First Baptist Church of Gruver by Miss Phyllis Arlene Leatherman and Jack H. Tolle. Parents of the bride are Mr. and Mrs. True Leatherman of Gruver and the bridegroom's parents are Mr. and Mrs. Raymond Tolle of San Antonio.

Traditional wedding selections were presented by Mrs. Jack Gullick, sister of the bridegroom who also accompanied Raymond Wallin of Tucumcari, N. M., as he sang "I Love You Truly," "Because" and "The Wedding Prayer".

Double ring vows were read before basket arrangements of white gladioli and orchid colored daisies highlighting spiral and branched candelabras entwined with greenery and holding white cathedral tapers. The Rev. A. G. Purvis, pastor of the church, directed the exchange of vows.

Candles were lighted by Jerry and Gary Leatherman, twin brothers of the bride.

Escorted to the altar and given in marriage by her father, the bride wore a formal gown of chantilly lace and tulle over taffeta. The scalloped lace neckline was encrusted with pearls and sequins and long tapered sleeves ended at points over the wrists where she wore white lace gloves. The fitted bodice was attached with cording to the bouffant skirt and overskirt of lace edged with scallops and highlighted with sequins.

Her elbow length veil of silk illusion fell from a crown fash-

ioned of seed pearls and she carried a single white orchid in a bouquet of stephanotis and white satin streamers.

Ruby Coates of Amarillo was maid of honor and bridesmaids were Ruby Leatherman of Perryton, cousin of the bride, and Catha Wells of Gruver. They wore dresses of orchid designed with pleated skirts and fitted bodices. Each attendant wore a pillbox hat and white gloves and carried a bouquet of white carnations highlighted with lace and orchid ribbons. Little Miss Linna Gullick, niece of the bridegroom, was flower girl and was dressed similarly to the other feminine attendants.

Raymond Tolle served his son as best man and groomsmen were Jack Gullick, brother-in-law of the bridegroom, and Wayne Leatherman, brother of the bride, Larry Leatherman of Perryton, Richard Cowan, Boyd, Okla., both cousins of the bride, Ruel Holt, cousin of the bridegroom, and Gene Leatherman, brother of the bride, were ushers.

The rings were carried by Rusty Bayless, cousin of the bride and Susan Gullick, niece of the bridegroom.

Mrs. Leatherman wore a dress of pink and matching accessories and a corsage of white carnations. Mrs. Tolle wore a dress of blue lace with white accessories and a corsage of pink carnations.

The reception was held in fellowship hall of the church following the ceremony. White

County Agent's Report

by Robert Adamson

Definition of a New York City beatnik: Someone who has eliminated the job, but kept the coffee break.

4-H MEMBERS TO ATTEND ELECTRIC CAMP

Seven Hansford County 4-H members, three boys and four girls, one leader and the County agent will attend the District 4-H Electric Camp, which will be held at Camp Scott Able, near Cloudcraft, N. M., July 29-August 2, 1963.

The group who will attend this camp are: Judy Gillispie, Elaine Kelly, Sylvia Parks, Suzanne Dixon, David Johnson, Allen McCloy, Lynn Stedje, Mrs. Wilson McCloy, and myself.

This camp is sponsored by Southwestern Public Service Company who will act as host and teachers for 4-H members, leader, and Agents, from the 22 counties in District I.

The group will leave on chartered buses at 9 a. m., July 29 from the Commercial Exhibition Building, Tri-State Fairgrounds.

USING WATER FAST

W. W. Bastings of the Geological Survey says that on the average about 30 inches of rain falls yearly across the nation. This is our gross natural supply. Of this gross, 21 inches or about 70% returns to the atmosphere by evaporation and transpiration. The remaining 9 inches constitute the net sup-

ply for man's use.

By 1980 the population of the US will probably be more than 230 million and our nation will need no less than 600 billion gallons of water daily, nearly twice as much as is being used today.

NITROGEN FOR WHEAT

Approximately 1.7 pounds of nitrogen is removed from the soil in the production of one bushel of wheat through both the grain and straw. The efficiency at which the applied nitrogen is utilized by the crop ranges between 30 to 70 percent. Therefore, to produce a 40 bushel wheat crop, 113 pounds of nitrogen would be needed. Portions of the required nitrogen may be obtained from the soil, from sods and residues, and from manure. Most of the nitrogen in the soils is found in organic matter. After this amount is determined by soil test and subtracted from the total requirement, the amount of fertilizer nitrogen that should be applied may be determined.

There is a large selection of nitrogen fertilizers available:

Ammonium nitrate - manufactured by passing ammonia gas into nitric acid; contains 33.5 percent nitrogen; one-half in the ammonium form and the other half in the nitrate form; one of the quickest-acting nitrogenous fertilizers.

Urea - manufactured by com-

bining liquid ammonia and liquid carbon dioxide at very high temperatures and pressures; contains 45 percent nitrogen.

Ammonium sulfate - comes primarily from a by-product of the coke ovens; also manufactured from synthetic ammonia by treating it with sulfuric acid; contains 20.5 percent nitrogen.

Anhydrous ammonia - formed by uniting nitrogen gas from the air and hydrogen gas from natural gas. It is dry ammonia gas.

Nitrogen solutions - made from various combinations of ammonia sulfate, ammonium nitrate, urea, aqua ammonia, and water. The actual nitrogen content will vary from 20 to 41 percent nitrogen.

What source of nitrogen should be used? Any of those listed are good. Approximately equal results should be obtained from the application of equivalent amounts of nitrogen from any of the sources listed. Other considerations in selecting a source of nitrogen are:

Availability of materials in the area.

Method by which it must be applied.

Cost per pound of nitrogen in the fertilizer material.

LAST LINE

A smart old Frenchman named Jean Baptiste Colbert, who managed his nation's finances for 22 years during the reign of Louis XIV, defined taxation as "the art of plucking the goose in such a way as to produce the largest amount of feathers with the least possible squawking."

THE WAY I SEE IT

by Robert Cordes

'A Word About Gripping'

The habit of gripping seems to have become a favorite indoor sport. All of us like to "blow off steam" once in a while, and perhaps and occasional indulgence in this habit can be condoned as a necessary thing for our emotions.

Unfortunately, those who have the habit of blowing off steam frequently become so thorough at the job that they have no steam left to do anything constructive about the thing concerning which they were "blowing". Having diverted all of their steam to the whistle, they have none left to push the piston which sets the wheels in motion.

The habit of gripping can become a very deliberate thing. Take a view of your life. You may have a bone to pick with the boss, a score to settle with the neighbor or their kids, a grievance to air with the way the city is run, a protest to lodge against the farm program or the way the government is spending money, taking over our local powers, or "goofing" in so many areas. But gripping will never settle the matter.

The fact is, gripping may mer-

ICE CREAM SUPPER HELD

Mr. and Mrs. Wesley Jenkins recently were hosts to a ice cream supper. Attending were: Mmes. Mattie Ruth Richardson and Mabel Edwards, Mr. and Mrs. Wayman Edwards and family of Spearman, Mr. and Mrs. Sam Van Cleave and family of Bell, Calif., Mr. and Mrs. Bill Weant and family of Gruver, Lee Jenkins, Walter Callaway, Jimmy and Steve Richards of Dallas.

Mmes. Bertha Jenkins and Maude Rosson were Sunday afternoon callers of Mrs. Anne Harris and Lorene Williams at Morse.

ely serve to darken your mood, to multiply your grievances, and to make you progressively less fit for any constructive contribution to the problems you lament.

How many times do I hear complaints—but these same people never come with constructive advice. They may never write to a senator, sit in on a PTA planning session, or visit with the neighbor on how their differences may be resolved.

Constructive criticism, yes! By all means! But at the proper time and at the proper place and in the proper manner. Meanwhile, let's declare a moratorium on the destructive habit of gripping just for the sake of gripping.

20 MULE TEAM BINDWEED

KILLERS

NEW LIQUID TRITAC-D®

Is your lowest cost weed killer for noxious perennial weeds such as: field bindweed, Canada thistle, leafy spurge, bur ragweed, Russian knapweed, etc. Why? Because only 4 to 8 gallons will effectively treat an entire acre of non-cropped land. TRITAC-D contains the added weed killing ingredient 2, 4-D, thus offering you triple killing action: 1. effective deep-root destruction, 2. quick foliage top kill; 3. prevents seeds from developing. TRITAC-D is nonselective, yet safe to handle for easy spray application. Available in 1, 5 and 30 gallon containers.

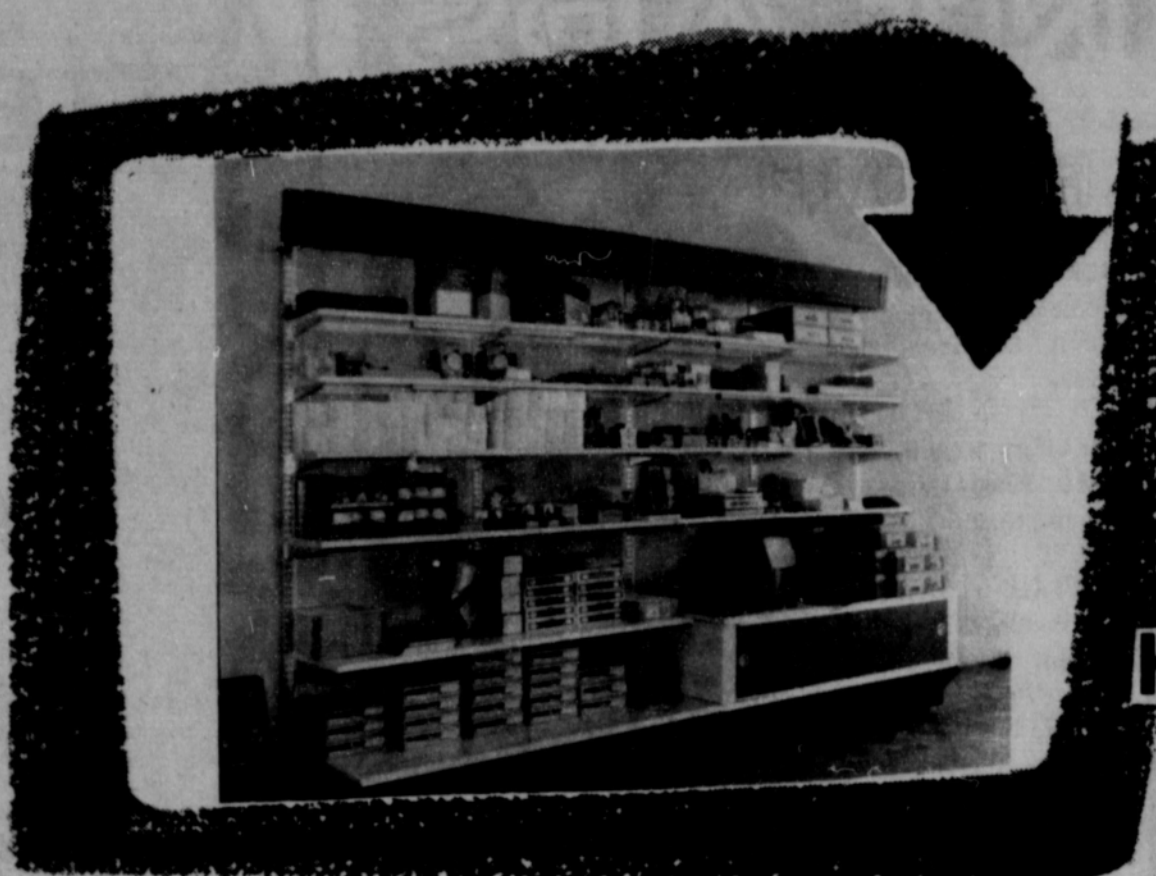

DRY GRANULAR BENZABOR®

Is the most effective, nonselective weed killer to use where spray equipment or water are not available. Or where accuracy of rate of application is essential on small scattered patches of these same noxious weeds. Reason: You apply BENZABOR in its dry granular form—straight from sack to soil. The handy PCB Spreader lets you treat up to 1/4 of an acre of non-cropped land in 10 minutes. It also controls a wide range of woody vines and shrubs. And it is non-poisonous, noncorrosive and nonflammable when used as directed.
