Lutherans To Build New Church

Construction of the new Faith Lutheran Church at 11th and Bernice streets is planned to begin early in September.

This modern brick structure will have the church auditorium, pastor's study and educational department. The church will have enough land at the site for a larger auditorium in later years. This first building will then be made into a larger educational department.

The Rev. Robert Cordes is pastor of this church as well as the Oslo Lutheran Church.

Seating capacity in the new auditorium will be approximately 200.

Lutherans in Spearman and Oslo started the Faith Lutheran Church here as a mission in Feb. 1964. The church is presently holding services in the Farm Bureau meeting room.

There are presently 55 members in the church. The Rev. Cordes says charter memberships in the church will remain open until the new building is dedicated about Christmas time.

The Rev. Cordes will continue as pastor of the church until it can call its own pastor.

Bids for construction of the new church will be taken during August, Cordes said.

Police Arrest Six, Clear Several Crimes

A series of crimes ranging from burglary to throwing cherry syrup on cars was cleared Friday when city police arrested six juveniles ranging in ages from 10 to 16.

The youths were taken before Judge Johnnie Lee, County Juvenile Officer. He placed them on probation and released the boys into the custody of their parents.

Officers recovered fishing tackle taken from Virgil Mathews and R. E. Bradford, eight baseball bats taken last fall from the Little League.

The six also admitted breaking into the concession stand at the Little League baseball park twice, besides breaking into the equipment building.

Six thefts of parts from cars were also solved. The boys had five turn-signal indicator handles. All had been taken from Mercury cars.

A small engine taken from a hay loader owned by J. R. Patterson was also recovered.

Several cars were splashed with cherry syrup last week. Some of the sticky, staining goo was thrown inside the cars. Under questioning the boys said they did not know whose cars they were throwing the syrup on, just any car that was around.

The told officers they thought they were caught the night they were throwing the syrup. They got some on the car they were driving and went to the car wash to get it off.

While there a car that had been hit by the syrup was brought to the wash rack by the boys driving it. The juveniles thought the boys knew they had thrown the syrup, so they left in a hurry.

Four of the six were spotted

Thursday night when they were seen by patrolman John Fisher at the highway construction site east of town trying to break the warning lights.

Fisher tried to catch the car, but it got away. He found it minutes later parked on Third street. There was no one in it.

Friday morning when a boy came to get the car, he was arrested by the police.

At the police station the boys told officers they had jumped out of the car and all climbed a near-by tree to hid. They watched the police officer search the car and look for them.

After the officer left, they all got out of the tree and went home on foot.

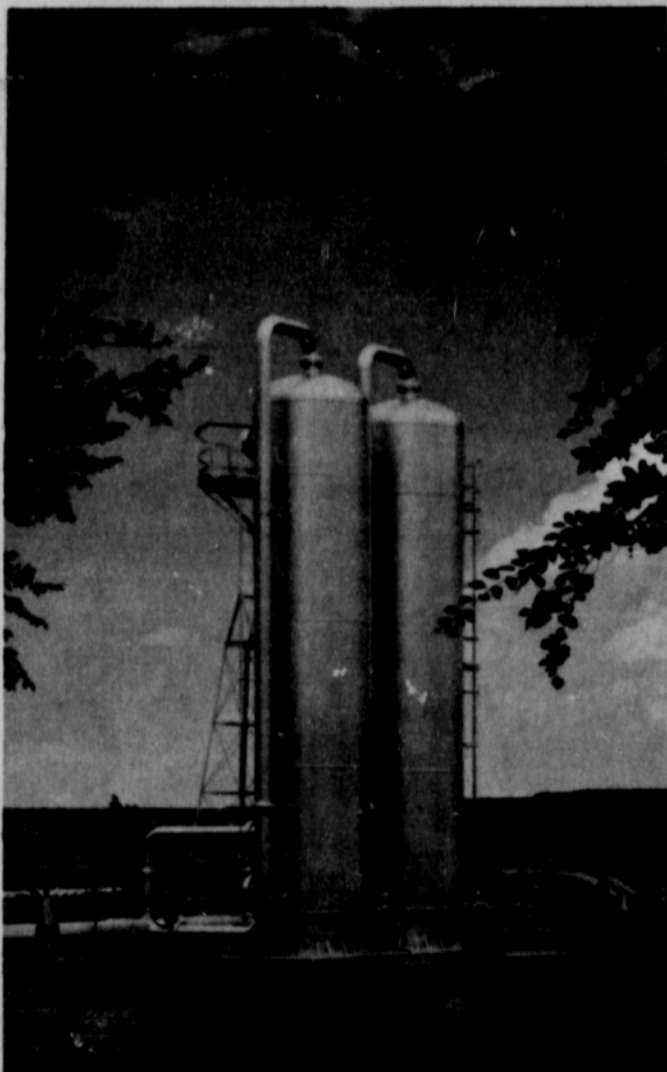

Statements by the individuals as they were arrested led to further arrests until all six boys were picked up Friday.

Crazy Daze Planned Here

Spearman merchants voted Friday night to have a Crazy Daze promotion in Spearman the first Saturday in October. This will be Saturday, Oct. 2.

All cooperating merchants and their employees will dress in costumes of their own imagination, stores will be decorated and sales will be put on by all merchants who want to offer an inducement to attract customers to their stores.

Chamber of Commerce Manager Don Floyd and a committee will work on final plans for the day and other events to be held in conjunction with the sales day.

PANHANDLE EASTERN'S LARGEST HYDRATOR

Largest Hydrator on Line

The largest natural gas dehydrator on the Panhandle-Eastern Pipeline system went into operation at the Hansford Plant at New Hope. Plant Superintendent E. F. Wright said the dehydrator is now handling about 200 million cubic feet of gas per day.

The Panhandle Eastern information letter said the equipment was capable of handling

250 million feet of gas per day.

According to the letter the dewpoint on the Texas Line at the Liberal Station decreased from a plus 37 to a plus eight and water vapor content from 11 pounds per mmmcf to 3.7 pounds per mmmcf.

The contractor for the dehydrator was just finishing the clean-up work around the towers this week.

No Acreage, No Payments

Farmers wanting to take part in the feed grain program have until Wednesday, Aug. 11, to make their initial report of feed grain acreage and diverted acres.

The local ASC office says farmers not making this initial report will not receive any ASC feed grain payments.

Farmers in Hansford County have until Aug. 20 to nominate candidates for the ASC community committeemen positions. The candidates must be nominated by petition.

Each petition for a candidate must be signed by six qualified voters.

There are four communities in Hansford County. Incumbents in Community A are Dayton Barkley, Clifford Stedje and Rober Ferguson. Community B has Bill Logsdon, Donnie Thoreson and Jodie Knudson. Community C has Marcus Larson, Don Allen and Ray Martin. Community D has Chesta Lieb, Pat Holt and Tommy Joe Bergin.

Rainfall Totals .65 for Week

Spearman has received .65 of an inch of rain in the last seven days.

The biggest rain fell last Saturday. Mrs. Pat Cates measured .41 of an inch from that rain. A small cloud Thursday afternoon produced .23 of an inch. The sun was shining on all sides of the small hard-working cloud.

Friday, a big, black cloud rolled in from the northwest and threatened, but produced only .01 in Spearman. The rainfall to the north was probably much heavier.

Post-Nuptial Shower Is Given for Mrs. Crawford

Mrs. Johnnie Crawford, nee Hester Sue Beck, was honored Wednesday afternoon with a bridal shower in the Fellowship Hall of the First Christian

Church. Guests called between the hours of 3 and 5 and were registered by Miss Janie Beck, sister of the honoree.

A white carnation corsage with blue highlights was presented by the hostesses to Mrs. Crawford. White carnation corsages were presented to Mrs. F. O. Crawford, Mrs. Charles A. Beck, Mrs. Sid Beck, Sr. and Mrs. E. R. Hester.

The serving table was covered with a blue cloth and centered with an arrangement of white asters and white chrysanthemums accented by a miniature blue umbrella. Appointments of crystal and silver completed the setting.

The guests were served punch, cake, mints and assorted nuts by Miss Robbie Ownbey and Miss Johnny Jo Vernon.

Hostesses for the courtesy were Mmes. Jimmy Hester, George Buzzard, Deta Blodgett, Billy Miller, Wayne Hutchison, J. P. Vernon, Bill Sheets, Bob Archer, L. T. Dossett, J. E. Womble, Granville Boyd, Paul Hazelwood, E. D. Clements and Allen Pierce.

Mrs. Jackson Is Honored At Shower

Mrs. Freddie Jackson was honored Friday night with a pink and blue shower in the Hospitality Room of the First State Bank.

The hostesses presented the honoree with a corsage made from assorted colored baby socks.

The serving table was covered with a green cloth over white and was centered with an arrangement of yellow dahlias, mint green punch and individual cakes topped with white icing and decorated with baby booties were served to the guests. Mrs. David Floyd from Stillwater, Okla. served the cake and Mrs. Curtis Francis served the punch.

Guests were registered by Mrs. Jack McWhirter.

Hostesses for the courtesy were Mmes. Garland Head, Curtis Francis, Dee Allen, Don DeArmond, M. D. McLaughlin, Marcus Larson and J. T. McWhirter.

Eastern Star

Plans Bake Sale

The Eastern Stars are going to have a bake sale, Wednesday, August 1, at Cut Rate Grocery. The sale will start at 9:00 a.m. Proceeds will go to necessary furnishings for the new lodge hall.

Mrs. David Floyd from Stillwater, Oklahoma, is visiting here this weekend with her parents, Mr. and Mrs. J. T. McWhirter.

Luttrell-Beck Nuptials Are Read in Bride's Home

Miss Audene Luttrell and Verlin Beck exchanged wedding vows Saturday, June 26, 1965.

The double ring ceremony, performed by the Rev. J. J. Allison of Amarillo, was held in the home of the bride's parents Mr. and Mrs. C. C. Luttrell of Claude.

The bride, given in marriage by her father, wore a street length lace dress with white accessories and carried a bouquet of white roses.

The attendants were Janis Rutherford, of Claude, matron of honor, and Larry Beck, brother of the groom, was

best man.

Janis wore a pink silk suit with a pink crown matching the bride's white crown.

Baskets of pink glads were used to carry out the bride's selected colors.

A reception immediately following the ceremony was served by Suz Howard, June Stinsman and Kay Stinsman of Memphis, nieces of the bride. Registering the guest was Betty Eaves of Amarillo. Zella Vee Wilson of Amarillo played several wedding selections on the piano.

Showers given in honor of the bride preceding the wedding were a house party and a miscellaneous shower in Amarillo and a personal shower and a miscellaneous shower given in Claude.

The bride is a graduate of Claude High School and has been employed by the First National Bank in Amarillo. The groom attended Spearman High School and is engaged in farming at Spearman.

The couple is making their home at 300 Brown Street in Stinnett.

J. D. Helms Is Speaker For Dahlia Flower Club

The Dahlia Flower Club met in the Hospitality Room of the First State Bank on Monday, August 2, at 3:00 p.m. The hostess was Mrs. A. F.

Invitation

Mr. and Mrs. John Wilde invite their friends to the wedding of their daughter Vicki to Charles Adkison Saturday, Aug. 14, 3 p.m., at the First Baptist Church.

Among the Spearman High School graduates attending college preparatory sessions at WTSU in Canyon Monday through Wednesday of last week were Leroy Callaway, Mike Shedeck and John Hutchison.

Mr. and Mrs. Dick Kilgore recently returned home after spending several weeks near Taos, New Mexico.

Mr. and Mrs. James Pendergraft, Bradley, Stanley, Stacy and Kevin spent several days last week camping in Colorado.

Loftin and Mrs. Ervin Hester was leader. J. D. Helms gave a very interesting talk on Wills and Birth Certificates. Punch and cookies were served at a table covered with a lace tablecloth, and which had a centerpiece of dahlias.

The next meeting will be August 30 in the home of Mrs. Major Lackey.

Those attending were: guests Mmes. Hall, Kiff White, Bert Briley, Ott Crawford, Ollie Allen; honorary member Mrs. R. W. Morton; members Mmes. James W. Walker, H. M. Shedeck, Garrett Allen, Major Lackey, Bob Bailey, Jesse Womble, Earl Riley, Ervin Hester and A. F. Loftin.

Office Open For Pre-Enrollment

Allen Alford, elementary principal, announced that his office will be open beginning August 16 for enrollment of children for grades 1 thru 4 that have moved into the district this summer.

He urges all parents to pre-enroll these children.

Fort Davis Is Historic Site

"Look-see" history and family fun can be combined in a visit to old Fort Davis and Davis Mountains State Park. The Mays Massacre, con-

quest of the Apaches, fights with the Comanches, stage-coaches on the San Antonio-El Paso road -- these are all part of the old Fort Davis story.

Fort Davis National Historic Site was established as part of the National Park System in 1963. The Fort is located on the northern edge of the town of Fort Davis, Texas, and can be reached from U.S. Highway 290 on the north, 90 on the south, and then by paved Texas Roads 17 and 118.

Mrs. H. M. Shedeck and Mrs. David Floyd will leave tonight for Stillwater, Okla. Mrs. Shedeck will leave Oklahoma City on Wednesday with her sister to visit friends in Wisconsin.

Mr. and Mrs. Everett Vandenberg visited in Amarillo Friday with Mr. and Mrs. John Sanderson.

Mr. and Mrs. D. D. Stalder and Bro. and Mrs. Wes Daniels accompanied Penny Sanders, Thelma Daniels, Sue Sloan, Tony Hudson, Ronnie Howerter, Randy Collard, Tom Glibner, Sue Stubblefield, Ronnie Willis, Larry Williams, D'Dee Collard, and Lloyd McWhirter on the MYF retreat Tuesday through Friday in Cimarron Canyon.

duty. It must be one which the speaker has a legitimate interest in making, and the hearer a legitimate interest in hearing.

A court found no such interest, under the following circumstances: A meddling woman heard a report, later proved false, that a certain prospective bridegroom was an ex-convict. Although she was not a relative of the bride, or even a close friend, the woman took it upon herself to pass along this tidbit.

Sued later for defamation, she was held liable for having been too quick to soil an innocent man's good name. The court saw no reason to wrap the mantle of privilege around something so close to plain and simple gossip. A public service feature of the American Bar Association and the State Bar of Texas. PAIN
the early warning system

Pain functions as the body's early warning system. When an external injury occurs, the brain receives the pain "alarm". Blood is routed to the main internal organs. This happens at once, but pain often lingers on. Because of this, modern medicine is continuing its fight against prolonged pain.

Mrs. Archer Has Program For Jonquil Flower Club

Mrs. Kathleen Sutton and Mrs. Virginia Trindle won the arrangement and specimen awards at the Aug. 6 meeting

of the Jonquil Flower Club. Mrs. Sutton had the best arrangement using pink zinnias and Mrs. Trindle's winning specimen was a gladolia.

Six members answered the roll call with a cooking tip. The members were Peggy Archer, Eloise Renner, Kathleen Sutton, Dixie Tracy, Effie Hackley and Virginia Trindle.

Mrs. Archer presented the program on growing "Citrus Indoors."

The club will meet Wednesday at 8:30 a.m. at the flower plot to work.

Tips to Teenage Job Hunters :

DEAR KID: Today you asked me for a job. From the look of your shoulders as you walked out, I suspect you've been turned down before, and maybe you believe by now that kids out of high school can't find work.

But, I hired a teen-ager today. You saw him. He was the one with polished shoes and a necktie. What was so special about him? No experience, neither of you had any. It was his attitude that put him on the payroll instead of you. Attitude, son. ATTITUDE. He wanted the job badly enough to get a haircut, dress up, and find out what areas we operate in. He did his best to impress me. That's where he edged you out.

You see, Kid, people who hire people aren't "with" a lot of things. We know more about Bing than about Ringo, and we have some Stone-Age ideas about who owes whom a living. Maybe that makes us prehistoric, but there's nothing wrong with the checks we sign, and if you want one you'd better turn to our wave length.

Ever hear of 'empathy'? It's the trick of seeing the other fellow's side of things. I couldn't have cared less that you're behind in your car payments. That's your problem, and President Johnson's. What I needed was someone who'd go out in the field, keep his eyes open, and work for me like he'd work for himself. If you have even the vaguest idea of what I'm trying to say, let it show the next time you ask for a job. You'll be head and shoulders over the rest.

Look kid: The only time jobs grew on trees was while most of the manpower was wearing G. I.'s and pulling K. P. For all the rest of history you've had to get a job like you get a girl. "Case" the situation, wear a clean shirt, and try to appear reasonably willing.

Maybe jobs aren't as plentiful right now, but a lot of us can remember when master craftsmen walked the streets. By comparison you don't know the meaning of "scarce."

You may not believe it, but all around you employers are looking for young men smart enough to go after a job in the old-fashioned way. When they find one, they can't wait to unload some of their worries on him.

For both our sakes, get eager, will you?

HIGH PLAINS RESEARCH SAYS

Grain Sorghum in Bloom May Be Damaged By Midge

Grain sorghum now in bloom over the High Plains is a reminder for farmers to be on guard against the sorghum midge. Past research at the High Plains Research Foundation shows that grain sorghum blooming after the first week in August may be in danger of severe damage by the sorghum midge.

Over-wintering of the sorghum midge can be reduced by leaving grain sorghum residue above the surface of the soil until about February. Two years' results show over-

wintering was significantly controlled in 1963 and 1964. Even though a farmer followed the recommendation of the Foundation in over-wintering control, migration from neighboring farms may cause a build-up and warrant control with insecticides.

In a recent publication, University of New Mexico scientist, Stanley Coppock, recommends the same procedures developed by the Foundation in control of overwintering midge through proper

residue management.

Loyd Langford, Associate Agronomist for the Foundation stated that normally an insecticide is needed that has the ability to kill in a short period of time and also a relatively long residual effect. Indications are that Trithion, Ethion, and Diazinon will be more effective against high infestations of the midge. A long residual insecticide, such as Endrin, looks promising for control of low population. DDT has shown to be superior to other insecticides, but can be used only on seed production blocks and is not approved for commercial grain sorghum.

Two applications generally are necessary for good control. Applications should be spaced from 4 to 7 days apart. The adult sorghum midge is a tiny flying insect about the size of a gnat. It can be

Annual Field Day Set For Thursday, September 9

The High Plains Research Foundation has set the date

for the 9th Annual Field Day for Thursday, September 9. Activities for the day will begin at 1:00 p.m. with field tours of the farm to show the visitors the latest research done at Halfway. Guests will be able to ride over the plots on trucks equipped with benches for the comfort of those wishing to view the results.

The evening activities will begin with a free barbeque at 5:30 p.m. and the guest speaker will high light the program with the major address of the evening.

identified by its bright orange color. The female lives for only about 24 hours but can lay as many as 100 eggs, so rapid identification of the situation and immediate control are essential.

TORNADO MEASURE

Ordinary wind-measuring devices are smashed by tornadic winds moving 400 or more miles an hour. But a new type of radar called the Doppler system will soon enable research scientists to measure for the first time the fantastic speed of particles caught up in the funnels of the storms.

The shrimp has passed salmon and tuna in recent years to become the most valuable seafood in the United States.

Any one interested in agriculture, or in the future of the economy of the High Plains is invited to attend. One reminder to the ladies, you are invited also.

Vaccine Loses Effect

At least 100 million Americans have been vaccinated for smallpox at some time, but public health officials estimate that at least 70 per cent have lost effective immunity by failing to be revaccinated at regular intervals.

Bleach Rubber Mats

To remove grime and stains from rubber sink or bathmats, soak them in a weak bleach solution for two hours.

Wheat Thirsty Crop

It takes an average of 500 pounds of water to produce a pound of mature wheat.

First Exchange Student

To Arrive Here August 14

Spearman High School's Exchange Student, Geir Berge Overland, will arrive here Aug. 14, his foster parents for this year, Mr. and Mrs. Jack McWhirter, have been notified.

Overland of Steinkjer, Norway was selected earlier this

year by the American Field Service as the first exchange student for the Spearman School system.

The senior is sponsored by the Student Council of the school. They have been working over two years raising funds to sponsor the student.

His father is a minister and the young man has tentative plans to follow his father into the ministry.

He speaks, beside Norwegian, English, German and French.

Police Catch Defrauder;

Borger Needed Him Too

City police arrested a man for defrauding a local innkeeper and also caught the man for swindling with a worthless check over \$50 in Borger.

Samuel Hale was arrested Tuesday for defrauding an innkeeper. He was then turned over to Hutchinson County authorities and charged with swindling with a worthless check.

The man allegedly bought a car in Borger and gave two \$500 checks to pay for the car. When the car dealer questioned the checks on a California bank, the man allegedly called someone in California to vouch for the checks. Hale is alleged to have done the talking and the car

dealer heard only one side of the conversation.

After City police arrested him here, they advised Hutchinson officers to check on the checks. The man had about \$20 in the bank.

City officers this week also arrested Norman L. Cannady on a felony DWI charge, third offense. His trial date has not been set.

Pennies Decorate Gift

Bright, new pennies attached to a child's gift will delight a youngster. Form a row of them across the top of a brightly-wrapped box or around the center of it. Space pennies evenly and cover with transparent tape.

PREVENT DUST

To keep picture frames from leaving dust marks, place a thumbtack in each corner on the back of the frame. This provides air space between the frame and wall to prevent dust from collecting.
