Tornado Safety Program Set Thursday

Shake hands with a tornado! Many have...with injurious to terminal effect! This was because they had not been briefed on how to recognize the culprit when it moves in.

At 7 p.m., Thursday in the Spearman High School auditorium, representatives of the National Weather Service will conduct a two-hour tornado-storm "get-acquainted" session for the general public.

IMPORTANT NOTE: First announcement published of this program billed it as a recruiting effort for weather watchers. NOT SO!

This is an effort to educate the general public to recognize the cloud warnings and other atmospheric signals that herald the strong possibility of a damaging, life-threatening storm.

IT MAY BE THE MOST PROFITABLE TWO HOURS OF YOUR LIFE!

You will learn the difference between a tornado and a "twister" and the clouds that spawn them.

You will learn that ground-to-cloud lightning goes UP and does not strike downward.

You will get to know the clouds that breed violent storms and those that produce "just a storm."

The importance of learning such things is told in the statistics on tornadoes for a 20-year period between 1953 - 1973.

In 1953, the first full year the present warning system was in use, 422 tornadoes were reported resulting in 515 deaths and uncounted injuries inflicted.

On 208 days of 1973, there were 1,109 tornadoes. Some 2,481 persons were injured and property losses exceeded \$500-million. Only 87 lives were lost. It is believed the tremendous drop in life loss was due to improving the reporting and warning system and greater public awareness and participation.

Still, one life lost to violent weather is one too many. That is why the National Weather Service stages these programs and why the general public is urged to take advantage of them.

These who have devoted their lives to weather safety feel your taking two hours to get acquainted with the various potentials in a threatening storm system will be more enlightening and enjoyable than a sudden, unavoidable handshake with a tornado.

YMCA-ROTARY AUCTION

APRIL 12

The Annual YMCA-Rotary Auction day has been set for Sunday, April 12, 1981 at 2:00 p.m. The auction will be held at the YMCA, 501 South Hazelwood, Spearman.

Robert Elliott and Dick Elbert have been appointed as co-chairmen from the Rotary Club and YMCA. They will be carrying on a tradition started a number of years ago by the Rotary Club. That tradition was to hold an auction, the proceeds from which would help the YMCA and youth organizations in Hansford County. The first auctions were earmarked as a

fund to start the YMCA. In 1979 both organizations, the YMCA and the Spearman Rotary Club, joined together in a combined auction. The proceeds from the event were split between the two. The Rotary Club, with its share, helps youth organizations in Hansford County, together with other support as the Rotary Board and members allocate the funds.

Every person in Hansford County can participate in the Auction by donating merchandise and/or coming by on April 12 and purchasing some needed item. Be sure to mark your calendar for Sunday, April 12-2:00 p.m. at the YMCA for the Annual YMCA-Rotary Auction.

John Wilde is candidate here

JOHN WILDE

John Wilde, has authorized the Reporter-Plainsman, to announce his candidacy for election to the Board of Trustees of the Spearman Independent School District.

I am 57 years of age, married to the same wife for 37 years, have two lovely daughters, both of whom excelled in basketball here in Spearman. Most of all they were honor students and still participated in sports and other activities of school and church.

I can remember when I was a

young lad in school. The Church-Home-& School was the focus of every community. Today the social life of many of our people does not focus on these three institutions.

My reasons for running for School board are as follows:

1. The place I'm running for does not have an Incumbent.
2. I would like to see a larger effort put forth to see that our young people are prepared for college, especially more emphasis on reading, writing, & arithmetic.
3. I think we need to tighten our belts in some places and loosen them in other places.
4. Our football, basketball, track, Band, Choir, Ag. Art, and all other departments have reached great heights in the past, but it is time our programs become more balanced and stop feuding. Each department is important but not to the extent of placing scholastics at a lower level.
5. We need a closer relationship with the homes. Good communications and cooperation can bring this about.
6. We have a good board and they are working to improve the system. I would like to help.
7. There is no one except God that I belong too. No special group backing my candidacy, therefore there is no prejudices.

If you think I can help the cause for a better school system then I would appreciate your vote. However if you do not agree then vote for one of my opponents.

Most important of all is Vote, you might not be able to tomorrow.

John Wilde

City workers get pay raise

Action moved apace at the regular meeting of the Spearman city council, Tuesday, including new roofs, city employee pay raises, a step closer to animal shelter resolution, and water and gas utilities for the Crawford addition.

Following opening rituals and consideration of the minutes of the March 10 regular meeting, the council—with only one member absent—approved extension of water and gas service lines 400 feet into the Crawford Addition.

At the last regular session of the council, the matter of upgrading the animal shelter was tabled for a second time pending study. That study was done and it develops that any significant work on the shelter would place it in the cost area where the city must consider bids—as much as bids are possible for such a project.

In this latter respect, City Manager Jim Murray explained that by nature and by statute such an undertaking was not a bidable matter further than the standard architectural practice of a percentage of the total final cost of the project and the engineer standards of hourly fee service.

Murray noted that two architectural firms and two engineering firms—including the city's present regular consulting firm of McMurries and Burns had responded and it seems the latter, because of the nature of the existing agreement between the two, would be less expensive to use.

Members of the council approved authorizing McMurries and Burns to proceed with a feasibility study and plan presentation including costs.

The panel approved to pay raise recommendations. The first was an across-the-board five percent cost of living increase for regular salaried employees of the municipality. This increase would become effective with the first full pay period in April.

A six percent merit increase was approved for Spearman Police Chief Ron Robinson to become effective the first full pay period in May.

The council members then turned to a duly posted addendum to the agenda dealing with the roofs of three city-owned structures that are presently topped with a plastic foam material that has a high deterioration rate. When a council

member inquired if the roofs were presently leaking, Spearman Mayor Ralph Blodgett wryly answered:

"...Leaking what?"

—A humorous comment on the drought that plagues the area and a relaxed lead-in to consideration of the problem.

The city had received a bid from Doug Barnes to re-seal the roofs of three structures in the swimming pool area: the boiler room, dressing room and concession stand. A rubber-based material would be used with a warranted life beyond that of the present poly-foam. The total cost for the three structures would be \$2,473.

This would be some \$1,300 more than a re-covering job with the material presently in use but the council apparently felt the prospective results in durability and protection were worth the difference and approved the project.

A part of the council meeting was an official resolution expressing gratitude to Baker and Taylor Drilling Co. for its presentation of a "Jaws of Life" unit to the city's volunteer fire department.

Councilman Ed Garner—a Baker-Taylor executive—ex-

pressed the company's pleasure at the acknowledgement and noted that it was always a grim possibility that employees of the firm might be the first to benefit from the life-saving advantage the unit provides.

It is a motor-powered system to pry open doors, hoods, crushed tops of vehicles at accident scenes so ambulance personnel can extract injured victims. A technician of the Hurst firm that markets the units was in Spearman, Sunday, March 15 for about a three-hour demonstration of the with instructions to firefighters present.

A more exhaustive training program will be staged at the factory site later in the Spring and the council expressed its intention of sending appropriate city personnel to undergo this training program.

City Manager Murray noted the elections upcoming April 4 and members of the council scheduled a called meeting for April 7 to canvass the ballots.

Regular meetings for April will be April 14 and April 28. They are open to the public and begin at 7:30 p.m.

More than one hundred twenty area women are right up there when it comes to Spring 1981 fashions and fashion accessories following a delightful session Tuesday night at the Catholic Parish Hall in Spearman -- the 1981 Sew Fair!

Tricks of the trade and fashion hunts by area fashionnaires brought applause and appreciation from the goodly number of women who gathered at 7:00 p.m. for the event. Coming from Amarillo to share sewing hints were Becky Saunders and Gayle Bratcher.

Becky Saunders, Area Clothing Specialist for the Texas Agricultural Extension Service, gave a concise and well-presented demonstration on sewing notions to buy or make. Many are helpful time savers, but only if they are organized and easily located!

Bringing oh's and ah's from the assembled seamstresses was Gayle Bratcher of the Bernina Sewing Studio in Amarillo. She beautifully demonstrated what one can do with stitches -- magic almost were her whirls of embroideries, monogramming and stitching intricacies.

Concluding the program was a presentation by Spearman's Fashionaire, Judy Nelson, co-owner of J.G.'s 'Ladies Ready To Wear', which was an entree to Spring 1981. Judy showed how twelve basic pieces can be coordinated into a wardrobe of at least 36 different looks as Kim Nelson, Leslie Platt, and Sharon Cook modeled beautiful fashions and accessories in the new Spring colors.

Mrs. Peggy Winegarner, Hansford County Extension Agent was the commentator for the evening's production. She was assisted by Mrs. Jan Holt, Family Living Committee Chairman, Virginia Trindle, E-lene Greene and other committee members who devoted time in preparation for the event.

Cookies and cider were served by Mrs. Byrnicce Callaway and Mrs. Lil Turner.

Providing excitement and fun during the evening was the drawing of door prizes. Those who were fortunate in having their names drawn for prizes from The Gift Box, Gordon's Drug, Spearman Rexall Drug, Massad's, Kaleidoscope, Cate's Men & Boy's Wear, T.G.&Y., The Bunkhouse, Sacks Third Avenue, Sandy's Beauty Salon, Bull's Inn, J.G.'s and Callaway's House of Flowers included Janie Kunselman, Meli Floyd, Sheri McWhirter, Jan King, Garland Hopper, Jane Meek, Eddie Largent, Jeanie Pearcey, Ruth Hill, Donetta Greene, Patty Spoonemore, Claudine Clark, Doris Wilde and Maranda Loomis.

A special word of appreciation goes to the exhibitors who had wonderful displays around the building for all those attending to enjoy both before and after the program. Included were the Bernina Sewing Studio of Amarillo; Main Street of Gruver; Kaleidoscope Fabric Shop, Boyd's Shoe Store, J.G.'s Ladies Ready To Wear, all of Spearman and the Texas Agricultural Extension Service.

Sponsored by the Hansford County Program Building Committee, the Family Living Subcommittee and the Texas Agricultural Extension Service; the 1981 Sew Fair could be considered a great success "so" much for "so" many.

Charlotte Bergin of Main Street in Gruver displayed spring fashions at the Sew Fair.

HAPPY TRIO--From left, Dick Smith, Monte Beck and Mark Allen of the Hansford 4-H Club. Smith was second high-scoring individual and Beck third in recent stock show competition. Allen joined them to make up the third place overall high scoring team plus finishing in the top ten of both sheep and beef teams. Smith and Beck were also high scoring individuals in sheep competition. Complete story in Reporter.

8th Lynx Win 3rd

The 8th grade Lynx, along with the Jr. Varsity, 7th grade, and the Varsity Lynx, traveled to Gruver to compete in the Gruver Relays this past March 14, 1981. There were 11 8th grade teams, including the 8th Lynx, and the 8th Lynx did a TREMENDOUS job and came home with 3rd Place.

The 8th Lynx did not place in 4 of the 13 events—with great success in the events that they did place!!

The SHOT PUT was an event that had a New Record—made by Cunningham of Fritch with a "throw" of 44'9". Steve Burke came in 2nd with a "throw" of 40' 6". McCloud of Sunray came in 3rd with a "throw" of 39' 8". Bentley of Panhandle with a "throw" of 38' 3" was 4th; Ringo of Dalhart was 5th with a "throw" of 38' 2"; Pierce of Perryton came in 6th with a "throw" of 37' 10"; and Wise, of White Deer, came in 7th with a throw of 37'.

The DISCUS was the 2nd Event to have the Old Record beaten. This time it was Steve Burke, 8th Lynx, who did another great job, but won the event this time, with a "toss" of 135'. Cunningham, who had beaten Steve in the Shot Put event found out what it means not to pick on an "8th grade Lynx". He "tossed" the Discus 127', good enough to get 2nd Place. Sunray had 2 tracksters to come in 3rd and 4th in the Discus—Buse and McCloud. Buse was 3rd with a "toss" of 117.8 and McCloud was 4th with a "toss" of 111.9. Trinidad of Dalhart came in 5th with a "toss" of 112' and Smith of Perryton came in 6th with a "toss" of 107.6.

The LONG JUMP Event was the first of the four Events that an 8th Lynx would not place in. This event was won by Thompson of Dalhart with a jump of 18.1½; Thompson's teammate, Sharp, was 2nd with a jump of 17.9; Fryrear of Panhandle was 3rd with a jump of 17.0; Sheller also of Panhandle was 4th with a jump of 16.4+; Thomas of Fritch was 5th with a jump of 16.6; and Powers of Panhandle was 6th with a jump of 16.4+.

The HIGH JUMP Event had 3 Hansford County Players. The High Jump Event was won by the 8th Lynx' Mark Pearson. Mark jumped 5' 4" and beat Thompson of Dalhart, who naturally, was second jumping also 5' 4". Fryrear of Panhandle was 3rd with a jump of 5' 2". Steve Burke, a Lynx Superstar, was 4th with a jump of 5' 2". Dalhart had 2 players coming 5th and 6th—Sharp who jumped 5' and Yancey who jumped 5'. Wesley Wood, the Gruver 8th Greyhound, was the 3rd Hansford County player, that placed in this event. Wesley jumped 5'.

The POLE VAULT was the third event that had had its old record beaten, this time by the Host teams' player. This Event, by the way, had ¼ Hansford Players placing!! The winner was Wesley Wood, 8th Greyhound, with a clearance of 11'. Mark Pearson, a 8th Lynx, came in 2nd by clearing 9' 6". C. Barkley and Jack Rodman, both 8th Greyhounds, placed 3rd and 4th, respectively. Barkley cleared 9' and beat his teammate Rodman, who also cleared 9'. 5th Place was won by Gastineau of Perryton with a clearance of 8' 6"; and McDonald of Texline was 6th by clearing 8' 6".

The 400 METER RELAY was the 4th Event to have its old record fall! Both Hansford County Teams placed in this event. Dalhart relay team won the event and put new numbers in the record book with a time of 48.7. Panhandle came in 2nd with a time of 49.4. Spearman 8th Lynx came in 3rd with a time of 50.6; while the Gruver 8th Greyhounds came in 4th with a time of 51.0. White Deer came in 5th with a time of 51.4 and Sunray came in 6th, an accurate time was not marked.

The 60 METER HIGH HURDLES was a real FAST Event. Cooper of Sunray won the event with a time of 9.6; C. Cooper, Greyhound, was 2nd with a time of 9.6. Mark Pearson, 8th Lynx trackster, was 3rd with a time of 9.7; Rick of Fritch was close behind and came in 4th with a time of 9.7; Taylor of Sunray was 5th with a time of 9.8 and Baker of Stratford was 6th with a time of 9.8. In this event—the 60 Meter High Hurdles—there were two Hansford County Players that placed.

The 800 METER RUN was won by Sharp of Dalhart with a time of 2.16.7; Payne of Fritch was 2nd with a time of 2.20.2;

Skidmore of Panhandle was 3rd with a time of 2.21.2; Gomez of Sunray was 4th with a time of 2.21.3; and Gruver owned the last two places—Barkley was 5th with a time of 2.24.3 and Rodman was 6th with a time of 2.24.9.

The 100 METER DASH had 2 Hansford County players placing. This event was won by Fryrear of Panhandle with a time of 12.3; Gonzales of Dalhart was 2nd with a time of 12.4; White Deer had 2 to come in 3rd and 4th—Fritch with a time of 12.7 was 3rd and Bichel of Gruver was 5th with a time of 13.0; and Brian Williams, Lynx trackster, was 6th with a time of 13.2.

The 400 METER RUN had 3 Hansford County Players Placing. Wood, 8th Greyhound runner, won the event with a time of 57.8; Rudy Saldivar, 8th Lynx Trackster, was 2nd with a time of 58.9; Russell of Panhandle was 3rd with a time of 59.9; Hunt, Gruver 8th Greyhound, was 4th with a time of 60.3; Sheets of Texline was 5th with a time of 61.5 and Yansey of Dalhart was 6th with a time of 62.0.

The 200 METER LOW HURDLES was a New Event, eventually this Event would have a New Record. The New Record belongs to Been, from the host team—the Gruver 8th Greyhounds. Been won the event with a time of 29.4; Cooper of Sunray was 2nd with a time of 29.5; Stevens of Fritch was 3rd with a time of 29.5; Thomas, also from Fritch, was 4th with a time of 30.1; Mark Pearson, 8th Lynx Trackster, was 5th with a time of 30.2; and Jack Rodman, 8th Greyhound Trackster, was 6th with a time of 30.3.

The 200 METER DASH was the 6th Event that had New Numbers be put in the Record Book. Thompson of Dalhart won the Event with a time of 24.4; Gonzales, another Dalhart trackster, was 2nd with a time of 25.9; Scheller of Panhandle was 3rd with a time of 26.1; Mireles of Sunray was 4th with a time of 26.2; Bichsel of White Deer was 5th with a time of 20.2; and another White Deer Native—West—was 6th with a time of 27.0.

The 1200 METER RUN, the 7th Event that had a New Record was won by Payne of Fritch with a time of 3.53.4; Hatfield, another Fritch player, was 2nd with a time of 3.58.4; The 3rd and 4th places were won by two Greyhound players, Scott Duncan was 3rd with a time of 3.58.5 and Pittman was 4th with a time of 4.00.3; Martinez of Stratford was 5th with a time of 4.09.8; and Calhoun of Phillips was 6th with a time of 4.12.5.

The Dalhart 8th Wolves won the Track Meet with 90½ points; The Gruver 8th Greyhounds were 2nd with a total of 76½ points; the Spearman 8th Lynx were 3rd with a total of 68 points. Panhandle had 65 points, good enough for 4th place; Fritch won 5th with 60 points; Sunray with 46 points was 6th; White Deer had 17 points and 7th Place; Texline had 3½ points and was in 8th position; Perryton had 3½ points and came in 9th—out of 11 places; Stratford had a total of 3 points and was 10th and Phillips had a total of 1 point and won 11th Place.

The 8th Lynx ARE NOW COMPETING IN THE ANNUAL SPEARMAN LYNX / LYNKETTAS RELAYS. The 8th GREYHOUNDS ARE ALSO COMPETING IN THIS TRACK MEET. THE TRACK MEET BEGAN TODAY, FRIDAY--MARCH 27, AND WILL CONCLUDE ON SATURDAY, MARCH 28. GO ON OUT TO LYNX STADIUM AND CHEER ON ALL THE LYNX TEAMS, LYNKETTAS TEAMS, GREYHOUND TEAMS, LADY GREYHOUND TEAMS!! Who knows, maybe the 8th Lynx will come in 1st Place and the 8th Greyhounds 2nd Place or Vice Versa—the 8th Greyhounds 1st and the 8th Lynx 2nd.

Fire Prevention Demonstration at Jr.Hi

Students of Spearman Jr. High will have an opportunity to see for themselves how fire can be man's best friend or his worst enemy by observing a graphically animated fire prevention demonstration to be presented at 2:37 p.m. on Thursday, April 2, G.W. Robinson, Jr. High Principal, announced today.

Mr. Ben Bullard, Assistant Safety Director for the Texas Farm Bureau, Waco, will make the seven part presentation. Mr. Bullard will discuss the three elements which are neces-

sary to have fire, fire prevention, and fire control. His animated demonstration will involve actual flames of all classes of fire with an explanation of the recommended control of each fire.

The TFB Safety Department Personnel have presented this very educational fire prevention program over 1,632 times for some 385,266 people in 228 or more different Texas counties. This program is being brought to Spearman Jr. High under the sponsorship of the Farm Bureau of Hansford County. The public is invited to attend.

The First Presbyterian Church will host an open house on Sunday, March 29, from 2:00 until 4:00 o'clock, to honor their retiring minister, Ed Freeman and Mrs. Freeman. The Freemans are leaving Spearman on April 1 for Dimmitt, where Mr. Freeman will be a part-time pastor at the First Presbyterian Church.
The Freemans have been active in community life in Spearman and the Church cordially invites the public to attend.

Every GTE consultant comes with these four special features:

When you call one of our business consultants to help plan a phone system, they put a full team on the field. If needed, they'll call in their *Building Industry Consultants* (1) for their expertise in industrial applications. Or they'll bring in *new equipment trainers* (2) to show your staff how to use the new system. If you're putting up a new structure, their *equipment engineer* (3) will be there to help.

And then, of course, there will be the *installer/repairman* (4) to make sure everything goes in right and keeps working right.

In other words, when you talk to our Communications Consultant, you're talking to a whole team. Call them today and make an appointment for a comprehensive survey of your business telephone needs.

We keep you talking.

Golden Spread Center

Golden Spread Center is at 14 S. Haney and is open Monday through Friday from 9:00 a.m. to 5:00 p.m. Pearl Pierce is the genial fulltime director. This week's schedule includes the following:

An afternoon of table games will be enjoyed by all who come on Monday, March 30, from 2:00 to 5:00 p.m.

Those interested in painting classes are encouraged to come on Monday, March 30 from 2:00 to 5:00 p.m.

Cindy Schneider is conducting a popular exercise class on Tuesday and Thursday mornings at 10:00 a.m. This is helping to reduce some of the bulges. It is open to anyone

fifty-five years of age or older. Come in comfortable clothes. There will be a Stew Supper on Tuesday, March 31 at 6:30 p.m. and an evening of table games.

Mary Hendricks is teaching arts and crafts on Thursday, April 2 from 10:30 a.m. to 5:00 p.m. There is a break at noon for a delicious, sumptuous, gourmet luncheon.

There is another afternoon of table games on Friday, April 3 from 2:00 to 5:00 p.m.

Golden Spread Center is a community focal point on aging where all persons who are fifty-five years of age or older as individuals or in groups come together for services and activities which enhance their dignity, support their independence and encourage their involvement in and with the community. As part of a com-

prehensive community strategy to meet the needs of older persons, Golden Spread Center's programs take place within and emanate from its building at 14 S. Haney. These programs consist of a variety of services and activities in such areas as education, creative arts, recreation, advocacy, leadership development, employment, health, nutrition, social work and other supportive services. Golden Spread Center also serves as a community resource for information on aging, for training professional and lay leadership and for developing new approaches to aging programs.

Ruby Larr will be driving the Golden Spread Center's van bus on Wednesday, April 1 from 9:30 a.m. to noon picking up the sixty-plus bunch and taking them shopping, on err-

ands, and to meet appointments. This service is furnished free to all persons who are sixty years of age or older. Anyone needing transportation should call the Golden Spread Center (659-3571) on Tuesday and get your name on the list.

Happy 30th BIRTHDAY FROM CHAD, STUART, AND SUMMER

American Agriculture Movement News

Congressman Kent Hance of Lubbock was the speaker at an American Agriculture meeting in Muleshoe on March 21. He is working to improve the new farm bill that will be passed later this year. The 1977 farm bill was written after the testimony of the people was heard. The same will be true of the new bill but different people are testifying. After three years of work by the American Agriculture Movement, farmers all across America are being heard concerning what should be included in the legislation. Local farmers can testify at hearings in April in Abilene, Lubbock, and Amarillo.

Hance is hopeful that the budget cuts in the Department of Agriculture will not hurt too much. Many of the cuts are not directly related to actual production, and he is working to minimize the ones that are. The way the budgets have to be set up in advance makes it necessary for a new President to work with the former President's budget. Therefore, the cuts will apply to former President Carter's proposed 1982 budget. It is predicted that food stamps be cut 15%, child nutrition 36%, storage facilities 67%, food for peace 6%, and the special milk program 81%. Emergency disaster and FHA are proposed to be cut 20%. Also targeted to be cut is \$550 million allocated for fuel alcohol development.

Secretary Block is a strong supporter for strong loan programs, but he has an uphill battle because both Budget director Stockman and Secretary Haig are opposed. Secretary Haig wants the farm program to be limited so that he can control agriculture for the benefit of his foreign policy dealings. According to Hance, Haig is responsible for keeping the embargo in effect. Hance believes that instead of limiting the grain to Russia, we should ship them so much that they are entirely dependent on us for food, then our food will be as powerful a tool for us as oil is for OPEC. With our embargo, Russia bought the grain anyway, much to the delight of the Australian and Argentina farmers who profited from our (my) loss.

Hance is working on an Immigration bill similar to the old Bracero program. Texas will get three new congressmen rather than two because the aliens were counted on the census. (We need three more like Hance.)

Hance believes that the federal crop insurance will in just 2 years, cost 3 times as much as the disaster programs. Eight hundred new employees will be hired to run the insurance program.

He pointed out that one reason we need to be friendly with China is that we are both opposed to Russia. Russia has 25% of its military on the China border. We need to watch our exports, and not let another country stockpile our crops and then get into war with us. He is in favor of re-doing the tariff schedule on imports and exports. Japan has a 50% tariff on our wheat, but we have a sixteen dollar tariff on a Toyota. Hance also advocates putting the windfall profit tax on imported oil and exempting domestic oil. That way our small royalty owners and independents would be protected, and the international oil companies would pay the tax. We have it backwards now.

After listening to Hance, it is easy to understand why two farmers from Texas cast their nominations for him for President at the Democratic National Convention last August.

Ted Godfrey of Spearman, American Agriculture delegate from Texas' District I reported to the meeting. The best news is that Wayne Cryts, the farmer in Missouri who took his soybeans from the elevator (with the help of about 2000 friends), was not-billed by the grand jury.

Godfrey reported for Marvin Meek, who was unable to be in attendance. Meek has completed his twentieth meeting with Agriculture Secretaries Block and Lyng. He is still telling the same thing. They have asked to input for the new farm bill. Meek keeps giving them the same input with some additional along the way. He is trying to get parity indexed into the bill. This would give us a basis to work from.

The House and Senate both want to retain the alcohol funds for fuel development. The Inspector General said that the operating loans to farmers under FHA were too low. He suggests cutting the industrial loans that are coming out of the Farmers Home Administration budget.

Meek reported that Senators Jepson and Hegadorn have met with Secretary Haig to ask him to encourage President Reagan to keep his campaign promises. Meek is asking that we write letters asking for support on the farm bill and against foreign ownership of land.

Wilma Allred of Wildorado reported from a trip just completed to Austin. We still need letters to Austin concerning the foreign ownership of Texas. House Speaker Billy Clayton has introduced a bill recommending a 5% road use tax on gasoline and exempting the tax from fuel alcohol. This sounds like a very good piece of legislation. It is HR 2277.

JV Lynx Place 4th

The JV Lynx competed in the Greyhound Relays on March 14. They came in 4th out of 9 teams that competed!

The Shot Put was won by Lonnie Burnam of Gruver, with a "throw" of 41.2'-this was also a New Record. Barris Aryes, also of Gruver, was 2nd with a "throw" of 39.1'-starting out 1 1/2 in a Track Meet might give a lot of confidence to a team. Collums of Perryton was 3rd with a "throw" of 37.11'+; Grimes of Dalhart was 4th with a "throw" of 37.8'+; Flowers of Perryton was 5th with a "throw" of 37.2'+; and Mark Guthrie, a Lynx Freshman, was 6th with a "throw" of 35.5'.

The Discus Event was won by Grimes of Dalhart with a "toss" of 118' 5"-this being a New Record. Estes of Phillips was 2nd with a "toss" of 117' 0"; Lavato of Dalhart was 3rd with a "toss" of 111' 1"; Lonnie Burnam, a JV Greyhound, was 4th with a "toss" of 103' 5"; Mark Guthrie, Lynx Freshman, was 5th with a "toss" of 98' 5"; Barris Aryes, Greyhound, was 6th with a "toss" of 98' 5"; and Collums of Perryton was 7th with a "toss" of 93' 10".

The Long Jump Event was won by Flowers of Perryton with a jump of 19.1'; Martinez of Dalhart was 2nd with a jump of 18.10'+; Day, also of Dalhart, was 3rd with a jump of 18.5'; Zimmerman, the 3rd Wolf that placed in a row, was in 4th place with a jump of 18.3'; Reames of Perryton was 5th with a jump of 17.9'; and Gainey of Sunray was 7th with a jump of 17.9'.

The High Jump Event was won by Flowers of Perryton with a jump of 5'4"; Spurlock of Stratford was 2nd with a jump of 5'4"; Byron Sutterfield, another Lynx Freshman, was 3rd with a jump of 5'4"; Gainey of Sunray was 4th with a jump of 5'4"; Martinez of Dalhart was 5th with a jump of 5'2"; Dillard of Phillips was 6th with a jump of 5'0"; Harris of Boise City was 7th with a jump of 5'0".

The Pole Vault was won by Wright of Boise City by clearing 9'6"; Spurlock of Stratford was 2nd by clearing 9'; Will Jarvis, Lynx Trackster, was 3rd with a clearance of 9'; Buddy Pool, a Lynx Freshman, was 4th by clearing 8'6"; and Folkerts of Dalhart was 5th by clearing 8'6".

The 400 Meter Relay was a very close Relay. TORNADO SAFETY RULES

TO KNOW WHAT TO DO WHEN A TORNADO IS APPROACHING
MAY MEAN THE DIFFERENCE BETWEEN LIFE AND DEATH!

1. IF YOU ARE NEAR A TORNADO CELLAR:

When time permits, go to a tornado cellar, cave or underground excavation which should have an air outlet to help equalize the air pressure. It should be kept fit for use, free from water, gas or debris; and preferably equipped with pick and shovel. THERE IS NO UNIVERSAL PROTECTION AGAINST TORNADOES EXCEPT UNDERGROUND EXCAVATIONS.

2. IF YOU ARE IN OPEN COUNTRY:

1. Move at right angles to the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles per hour.
2. If there is no time to escape, lie flat in the nearest depression such as a ditch or ravine.

3. IF IN A TOWN OR CITY:

1. Seek inside shelter, preferably in a strongly reinforced building. STAY AWAY FROM WINDOWS!
2. In homes: The corner of the basement toward the tornado usually offers greatest safety, particularly in frame houses. People in houses without basements can sometimes be protected by taking cover under heavy furniture against inside walls. Doors and windows on the sides of the house away from the tornado may be opened to help reduce damage to the building.
3. Standing against the inside wall or on a lower floor of an office building offers some protection.

4. IF IN SCHOOLS:

1. In city areas: If school building is of strongly reinforced construction, stay inside, away from windows, remain near an inside wall on the lower floors when possible. AVOID AUDITORIUMS AND GYMNASIUMS with large, poorly-supported roofs!
2. In rural schools that do not have strongly reinforced construction, remove children and teachers to a ravine or ditch if storm shelter is not available.

5. IF IN FACTORIES AND INDUSTRIAL PLANTS:

On receiving a tornado warning, a lookout should be posted to keep safety officials advised of the tornado's approach. Advance preparation should be made for moving workers to sections of the plant offering the greatest protection.

6. Keep calm. It will not help to get excited. People have been killed by running out into streets and by turning back into the path of a tornado. Even though a warning is issued, chances of a tornado striking one's home or location are very slight. Tornadoes cover such a small zone, as a rule, that relatively only a few places in a warned area are directly affected. You should know about tornadoes though, "just in case."

7. Keep tuned to your radio or television station for latest tornado advisory information. Do not call the Weather Bureau, except to report a tornado, as your individual request may tie up telephone lines urgently needed to receive special reports or to relay advisories to radio and television stations for dissemination to thousands in the critical area.

STORM ALERT

Hansford county and Spearman

Despite the wonders of radar, there is only one instrument that can reliably detect a tornado or dangerous tornado breeding clouds:

The human eye.

The Hansford County Sheriff's Department is in charge of the storm watch system that involves department members and volunteer individuals and families who contribute to the safety of the community in a storm by "keeping an eye out."

Chief of Police Ron Robinson, also heading up the disaster committee, and his staff are concerned with the safety of the city and communications regarding conditions during a storm alert.

Specified shelters within the city of Spearman are the high school, the court house and the court house and the court house annex.

Persons too far away, such as out in the county residents, who do not have a storm shelter are advised to get in the bathtub pulling a mattress over it for protection from glass and other debris.

In addition, these rules should be followed—not because they are official pronouncements but—because they have been proved in year after year of experience in storm situations.

First, keep calm. There have been almost as many injuries from panic as from storm violence.

Have shelter options already spotted according to the time you have. Going to a public shelter, remember that others will be doing the same. Park your car out of the way so it will not tie up traffic.

In seeking information prior to taking shelter, DO NOT call the police department or the sheriff's department. What they have up to the moment is the very same thing you get on radio or television. A call will only tie up a line that might block further information.

The cable television information channel will also carry this up-to-date information. Chief Robinson said more sophisticated equipment will be installed in the near future but even then... it must be a MUST: do not call the police or sheriff's department.

Sheriff's department lines must be kept open for report from SKY WARN observers.

So, remember:
A WATCH means conditions are ripe for a storm.

A WARNING means an actual storm system has been sighted.

In summing up, nothing more can be said than to be prepared, be calm and be thoughtful of others.

They are in the same boat.
