Matadors Prepare For Winning Season

Editor's Note: This article is taken in part from *The Lubbock Avalanche Journal*

The Motley County Matadors prepare for a winning season in afternoon practice session, Tuesday. The team has made progress since last year and they plan on a hot season.

SUPPORT THE MATADORS!

The Motley County Matadors lost Friday night's game against the Whiteface Antelopes, 21-18.

Whiteface's David Waltrip's 3-yard scoring pass to tailback Nathan Demel with just 3:20 remaining in the game.

The score capped a remarkable comeback by Whiteface, which trailed 18-0 late in the third quarter.

Demel, who scored all three Antelope touchdowns and rushed for 161 yards on 21 carries, went to work after Motley County's Brent Marshall breezed 60 yards for a score with 4:33 left in the third quarter to give the Matadors the 18-point lead.

Motley County had taken a 12-0 halftime lead on a pair of 17-yard scoring runs by quarterback David Alexander. Marshall paced the Motley County attack with 140 yards rushing on 17 carries.

Cochair Marks stated in an interview late Tuesday afternoon that his team lost Friday night because they didn't play the last half of the game like they played the first half. "When we get a team on the ropes like we did in the first half, we are going to need to keep them there."

He explained he didn't know if they got over confident or gave out, but they should have won. He is working this week on stopping the players off tackles, his defense tackles are going to have to work harder and his inside pluggers stopping off-tackle players.

"We've got a real good team and no one in the district can keep us from scoring because we are going to move the ball." "We've just got to get the second half game together."

The Motley County Matadors will play Ropesville, there at 8:00 p.m.

Hospital Board Meeting Report

The Motley County Hospital Board met Tuesday, September 6 at 6:30 a.m. in the Dream Cafe in Roaring Springs with Larry Hoyle, James Stanley, Darrell Cruse, Caldwell Smith attending, Lillie Crouch was not present.

With the reading of the minutes and the bills approved they had little business to attend to this day.

The August bills were \$5400.43, leaving a balance of \$27,437.74. They also had deposits from the State of Texas for the franchise tax that was collected this

last quarter.

Hoyle announced SPEMS is having a teaching conference this month in Lubbock and four of the Motley County EMS members would like to go. This was approved and Hoyle also stated that Tony Rose would like to go on and get certified as an instructor. This also was approved.

Hoyle also reported that SPEMS had been down and checked and adjusted the radio tower repeater. This had been keeping them from talking to Lubbock.

They asked for closed session at this time.

Vandalism Reported In Cemetery

It was reported this week by Johnny Jackson, President of the East Mound Cemetery Association and caretakers, that

they are finding evidence of littering and vandalism in the cemetery interior and they have alerted the Sheriff's Office.

Anyone caught will be fined.

This cemetery is cared for by family and friends of the deceased and they want to continue to have it as a place to comfort the bereaved and not cause more sadness at the destruction of the cemetery markers, etc.

Lions Club Report

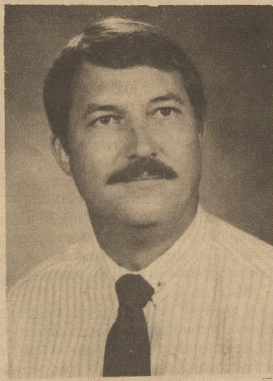

The Matador Lions Club met Tuesday September 6 for a delicious meal prepared by Lion Walter Jones for 20 Lions and 3 guests.

Boss Lion Jesse Turner reported on the Directors meeting and handed out the Committees for the Ballgame gate-keepers and chain-gang for the home games. Announced that the next meeting will

be September 27 for the annual Ladies Night Banquet.

Lion Billy Donaldson introduced Max Smith of the Lubbock Area Football Officials Association to talk to the Lions about the new rule changes for this Football season and how glad he was that they had a new group of first and second year officials.

Motley County ISD Has New Elementary Principal

Oran Hamilton

and High School Principal.

Hamilton chose to apply for a principal position again because he didn't feel he was accomplishing his goals and being challenged. He also felt he needed to be involved with the children again to be used to his full potential.

Hamilton is married and has two children. His wife Margaret, is currently a third grade teacher in the Spur School system and his daughter, Krista is a Senior and his son, Craig is an eighth grader.

Hamilton served in the Army for two years, received his B.S. from West Texas State University and Med. degree from Sul Ross State University. He also received from Sol Ross University a Mid-Management Administrator Certificate, a Professional Superintendent Certificate and is also certified in Secondary Education: Counseling, History, Speech, and Drivers Education.

Oran is the son of Mr. and Mrs. Johnny Hamilton, Sr. of Jayton.

Mr. Hamilton looks forward to a good year and has really enjoyed the beginning of this new school year. Hamilton and his family plan to move to Matador next summer.

The new Elementary Principal is E. Oran Hamilton who graduated from Seminole High School in 1963. Oran has been employed the past two years by Rolling Plains Special Education Coop and before that he was Elementary Principal for three years at Ralls and three years at Spur, then two years as Jr. High

Roaring Springs Audit shows possible Conflict of Interest with use of Grant funds

The Roaring Springs City Council met Tuesday, September 6 at the City Hall, at 7:30 p.m. with Mayor Eugene Watson and Councilwoman Devonne Dillard, Councilmen, Gene Brannon, Bill Moose and Charlie Long; City Secretary Anna Wilson and Water Superintendent James May. Councilman Joey Thacker was not present.

Mayor Watson called the meeting to order. The minutes were read and approved, a discussion on the to dated cost of the purchase of the backhoe and repairs are \$3,300.00. The Council re-

viewed the financial statement.

Fred Thayer CPA, of Gary, Thayer & Bowers of Floydada, was introduced to give the review of the audit as it is today. He explained it was not complete as he still did not have all forms and receipts from all parties. His audit report covers the years from July 1984 to June 1988.

He explained items that were documented properly and those that were not. He stated he has already reported to TDCA (Texas Department of Commerce Associations) that expenses of \$8,000.00 and \$3,000.00 were spent to, for, and by

Ronnie Thacker and Annie Alvarado during the grant application. There are no receipts to document these expenditures. Another question he had to report was the sale of the cafe building and equipment by Joey and Ronnie Thacker to the City Council at the time Ronnie Thacker was serving on the Council. He stated this could be considered a conflict of interests. These reports are now being reviewed by TDCA and Thayer is waiting on this report to complete the audit.

Pearl Palmer came to tell the council that JoAnn Burkes had called for the

water to be turned off in April at her house in Roaring Springs. When they went to check it, it was on and the water had run in the house and ruined the floor and she wanted the city to reimburse her for the damage.

Regan Holley was called in Paducah and he reported that he had turned the water off. Pearl said it was on and running last week.

Mayor Watson stated that the city is not responsible for plumbing inside a house.

GETTING MORE FIBER IN YOUR DIET

For the sake of a healthier diet, Americans are being urged to eat more fiber. The advantages of adding fiber are clear. Research indicates that certain types of fiber may help lower blood cholesterol levels and help regulate blood sugar levels. High fiber consumption may also help protect against cancer of the colon and rectum and even promote weight loss.

There's no specific recommended dietary allowance (RDA) for fiber, but health experts generally advise 15 grams for every 1000 calories. For most people, that's about 20-35 grams a day.

Most Americans eat about half that amount - 8 to 14 grams of fiber each day.

Try these few changes in your eating habits to improve fiber intake:

- * Eat more vegetables. Vegetables are the leading source of fiber in our diets. You don't have to stick with the obviously "high-fiber" vegetables like celery either. Peas, for example, are known for tenderness, yet they contain four times the fiber, ounce for ounce, than celery.
- * Eat more legumes. If you like chili with beans, baked beans or bean soup you're in luck. The humble dried bean has a high fiber content. Yet only 13 percent of the population eats beans on any given day.
- * Switch from white bread to whole grain breads. The dark breads, like whole wheat, cracked wheat, rye and others are a richer source of fiber than white bread. But only about 22 percent of the population eats whole grain breads daily.
- * Eat more fruit. Apples, pears, peaches, oranges and almost any other fruit you can think of make quick, inexpensive and nutritious snacks. However, only 58 percent of the population eats fruit on a daily basis.
- These changes aren't difficult to make and can help you put more fiber - and healthy eating - in your diet.

Rolling Plains 4-H Leaders Hold Training Meeting

Volunteer 4-H Leaders from across the Rolling Plains District will meet for a training meeting on Saturday, September 10, at 9:30 a.m. in the Guthrie Community Center for a leader training program. The training meeting will include ideas to strengthen the local 4-H program and encourage more participation in 4-H Record Books and Method Demonstration. A panel of leaders who have conducted 4-H Exchange Programs will discuss the benefits of an Exchange Program.

Dr. Judy Flynn, District Extension Director from Amarillo, will provide training on new 4-H project materials developed to build self-esteem in youth. The purpose of the 4-H Volunteer

Leader Association is to conduct Adult Leader Training programs to strengthen the 4-H Youth Program in the Rolling Plains District. Each county in the district has representatives who meet together each year to receive training and plan ways to support 4-H activities. Executive officers of the District Volunteer Leaders Association include: Tony Whitfill, Chairman; Evelyn Sursa, First Vice-Chairman; Jane Ann Roby, Second Vice-Chairman; Diane Everson, Secretary-Treasurer; and Jerry and Nelda Hanson, Linda Osborn, and Billie Willmon, V-LAT Representatives. Any 4-H leader interested may attend and are encouraged to call Billie Willmon for more information.

Ten Free Trees From National Arbor Day Foundation

Ten free trees will be given to each person who joins The National Arbor Day Foundation during September, 1988. The free trees are part of the nonprofit Foundation's efforts to encourage tree planting throughout America. The ten trees are the Colorado Blue Spruce, White Flowering Dogwood, Pin Oak, White Pine, Red Maple, Birch, American Redbud, Silver Maple, Red Oak, and Sugar Maple.

"These trees were selected to provide benefits every season of the year: lovely spring flowers, cool summer shade, spectacular autumn colors, and winter berries

and nesting sites for songbirds," John Rosenow, the Foundation's executive director, said. The trees will be shipped postpaid at the right time for planting between October 15 and December 10 with enclosed planting instructions. The six to twelve inch trees are guaranteed to grow or they will be replaced free of charge. To become a member of the Foundation and to receive the free trees, send a \$10 membership contribution to TEN TREES, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by September 30, 1988.

Accent ON HEALTH

BUCKLE UP FOR BACK-TO-SCHOOL

Parents who "buckle up" themselves and their children could save much more than a price discount during back-to-school activities this fall. Back-to-school means new tennis shoes and notebooks and more cars on the road. Driving through mounting bottle-necks and snarled traffic with the number of vehicles exceeding holiday loads requires every precaution. "Buckling up before driving to the next shopping center or sale can be a major defense against being injured or killed," said Carla Baker, statewide coordinator for the Safe Riders Program at the Texas Department of Health. The proper use of child safety seats is especially important during this poten-

tially dangerous driving time. "Most accidents happen close to home in town, during peak traffic," said Baker. Although use of child safety restraints has increased slightly since last year, the 1988 figures are still below 1986, according to the latest Texas Transportation Institute survey. After reaching a peak of nearly 60 percent in 1986, the rate of compliance with the state's 1984 child safety seat law declined to 49.9 percent in 1987 and has risen to 51.9 percent for 1988. "Many parents see that their children have new clothes and books but then neglect them when they ride in a car or truck," said Baker. "School-age children should be buckled up securely even if the destination is a shoe store only three blocks away. And little brothers and sisters - state law requires all children under age 2 to ride in a safety seat. Because young children are more apt to be seriously injured in an accident, it's best for them to ride in a safety seat until age 4," Baker said. A growing list of statistics continues to prove the wisdom of older children and adults using safety belts. Almost four out of five occupants who escaped serious injury in accidents on Texas roads in 1987 were wearing seat belts, according to the Texas Department of Public Safety. There were three times more fatalities in accidents where occupants did not wear safety belts. Information on safety belt and safety seat use and on locations where low-income parents may borrow a safety seat is available from the Safe Riders Program. For information from Safe Riders, call toll-free, 1-800-252-8255.

 present his plans to build an all steel building next to Carolyn's Corner on Broadway. The city stated that sometime in the past there had been an ordinance that a building on Broadway had to have a masonry front. Mr. Stafford stated that he would like to build something nice. He showed and explained his plans. The building is planned to be used for auto repairs and service. He will keep the area clean and look nice. The Council was delighted and asked him to go ahead with the building. Mr. Stafford stated that it would be October before the building will be started. There was a discussion and report on the Chlorine level in the water. Jamie Johnson of Ober J. Engineering had Anna Wilson to get three water samples to be tested for hardness and total dissolved solids. These samples were taken from the Dutchman well, the downtown well and the Matador well. The Dutchman well tested as the best water and it was suggested to have new wiring done and a new pump on both wells. Mr. Johnson sent word it could be two years before the new well could be completed. The Council decided that Charlie Long would see that it is done. The Council elected for Don Wilson to start on the Dutchman Well. Anna Wilson read the minutes of the regular meeting in August and two other meetings. The minutes were accepted. Mr. Long asked James May to report on his job. James reported that he is happy and satisfied with the job. Right now it is mostly trial and error and he wants to get it right and learn all he can. He has plans for home study courses in water in November and a course on waste water soon after. He stated that Mr. Brantly had been a big help and that he could ask him questions, but he was learning and

One of the pleasant aftermaths of the Old Settlers weekend was the presentation of a beautiful edition of FRONTIER FORTS OF TEXAS covering Forts Belknap, Bliss, Brown, Clark, Concho, Davis, Mason and Sam Houston. Joe Bruce King of Austin left the book with the Thackers, and Mrs. Lillian Thacker brought it to us last week and promised to try to secure his address so we could send a note of thanks. We hope to get the book ready for circulation this week as we have already had a request for it. I believe I read in the Roaring Springs news that Joe Bruce was there for a family reunion instead of the Old Settlers Reunion. Among the films we have in the Library now to be seen here or rented are ANIMULES, MOLE AND THE CHEWING GYM, MONGREL DOG, THE SHOEMAKER AND THE ELVES, SKTIKKI TIKKI TEMBO, TOES TELL for the younger children. BACKPACKING, MANY FACES OF MEXICO, THE OREGON TRAIL, RED, WHITE, AND BLUEGRASS, ROBERT FROST'S NEW ENGLAND, SKI FLYING, TOTAL FITNESS IN THIRTY MINUTES A WEEK, WAR DANCE, THE WAR OF THE EGGS, and WHERE THE WILD THINGS ARE should be of interest to a wide range of ages. Would you like to bring a brown bag lunch and spend thirty or forty minutes of your lunch hour seeing a film during your lunch break? Let us know when and we will set it up for you. We would like to have volunteer to learn to run our projector and show films for the after school crowd on a regular schedule. Call 2717 if you would be interested.

There will be a meeting at the Library on Wednesday evening, September 28, at 8:00 p.m. to determine if there is interest in establishing a Trauma Support Group for persons who have suffered a loss due to death, divorce, or financial or health difficulties. Mrs. DeWayne (Dolores) Martin has graciously consented to be the coordinator and hostess for this group. Ms. Anita Hunter, a Clinical Practitioner of Individual and Family Psychotherapy in Lubbock will be here to explain how a support group can work, explain the stages of grief, and try to answer questions. Anyone who feels they might profit from such a group is welcome to attend. Burdens shared have a way of seeming lighter, and sometimes it helps just to know you really are not the only one who has experienced the feelings with which you are trying to deal.

Editor To Be Honored In Paducah

Tommy J. Boley, author, educator and Cottle County native, will be honored with an autograph party Sunday, September 11, from 2-4:30 p.m. at the Bicentennial Library in Paducah.

Boley edited the book entitled *ELLA ELGAR BIRD DUMONT An Autobiography of a West Texas Pioneer*. In addition to the Dumont memoriors, it is also a history of Cottle, King, Dickens and Motley Counties. Published by the University of Texas Press, the book is part of the Barker Texas History Center Series, No. 6.

A graduate of Paducah High School in 1952, Boley received a B.A. from North Texas State University in Denton and

M.B.A. from the University of Texas at Austin, where the Dumont papers were used for his thesis. It was at this time he received the copyright to the memoirs.

Boley continued his education in Austin at the University of Texas where he received his Ph.D. in English. Presently director of English Education at the University of Texas at El Paso, Boley is also a consultant for a major textbook publisher. His book, available at the Paducah Post, may also be purchased at the Library during the party.

Special guest of honor will be J. Verne Dumont, Paducah resident and grandson of Ella Elgar Bird Dumont.

Kenny Holt Named Store Director

Kenny Holt

Kenny Holt, formerly assistant store manager at the Brookshire's store on Youce Drive in Shreveport, has been promoted to store director at one of the company's stores in Monroe.

Holt has worked as a stocker, perishable manager, grocery manager and assistant store manager at Brookshire's stores in Longview, Tyler and Shreveport.

"Kenny is an excellent leader and will do a great job in Monroe," said Gary Thiemann, Brookshire's division manager. "He has proven that he is very capable of managing a store and will continue to provide great service to customers in his store."

Holt is a graduate of Motley County High School in Matador, Texas, and attended South Plains College in Levelland, Texas. He and his wife, Marcia, have one daughter. He is the son of Mr. and Mrs. W.L. "Trigger" Holt of Matador.

Shannon Campbell, Andrew Gardiner Are Married in Recent Ceremony

Mrs. Andrew Gardiner (nee Shannon Campbell)

First United Methodist Church in Matador was the setting for the marriage of Shannon Campbell and Andrew Maxwell Gardiner at 7:30 o'clock in the evening, Saturday, August 20. Clyde Freeman, Church of Christ Minister from Paducah officiated the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Guy Campbell of Matador. Dr. and Mrs. Maxwell Gardiner of Paducah are parents of the bridegroom.

White candelabras on each side of the altar were decorated with fresh flowers of white carnations, daisy chrysanthemums and gladioli. Greenery was smylax

with white satin bows. Two white wicker baskets held white gladioli, carnations, chrysanthemums and daisy chrysanthemums, enhanced with satin bows. A garland of smylax and leather leaf accented with white daisies decorated the kneeling rail.

Pews along the bridal aisle were marked with cascading greenery of smylax, pitsporium and white satin bows.

Mrs. Vann Francis, organist, played wedding selections and the traditional wedding marches. Vocalists, Kathy Shorter of Flomot and Billy Wayne Dennison of Matador sang, "Just You and I," and "To Me," before the cere-

mony, and after rings were exchanged they sang, "Endless Love."

Given in marriage by her father, the bride wore a formal gown of white satin with embroidered schiffli lace. The bodice of the gown was detailed with beaded pearl clusters accenting intricate works of lace with a sabrina neckline. The victorian sleeves were long, with shirred shoulder pouff and extended to the wrist into a lace petitpoint. The back of the gown featured illusion and embroidered schiffli lace with tiny satin buttons leading to a dropped waist satin bow. The full, ballroom skirt flowed into a lace-edged hemline that extended into a chapel train, accented by satin bows with beaded centers.

The bride's headpiece was of illusion, edged in tiny seed pearls attached to white silk flowers and seed pearls which extended into a side drape. She carried a contemporary design cascade bouquet of sonia roses, stephanotis and gypsophia, entwined with leaves of pitsporium and laurel.

For "something old" the bride wore a wedding band belonging to the bridegroom's great-grandmother and a wedding band belonging to her maternal grandmother. "Something new" was a battenburg lace handkerchief from Amsterdam, given to her by her paternal grandmother. "Something borrowed" were pearl earrings from her mother, and a sixpence for her shoe was furnished by an aunt.

Attending the bride as maid of honor was her sister, Shawna Campbell of Stephenville. Bridesmaids were Marianne Zarate, April Vandiver and Shanna Lancaster, all of Matador.

The maid of honor and other attendants were identically attired in full-length gowns of peach taffeta. Wide ruffles accented the V-shaped front and back necklines. Each carried a clutch bouquet of peach renanthera orchids and white roses amidst a cluster of white gypsophia with trailing garlands of white picot ribbon and pearls.

Flower girl was Jennifer Howard of Denver City, cousin of the bride. She wore a long, peach taffeta dress and carried a white basket of peach and white flowers.

Doug McCord of Rockwall, brother-in-law of the bridegroom was best man. Groomsmen were Dirk Hibler, Scott Swanzey and Malcolm Sager, all of Stephenville. Ushers were John Ward and David Loveless, also from Stephenville.

Candlelighters were Stephanie Gunn of Stephenville, cousin of the bride, and Heath Campbell of Matador, the bride's

brother. Ringbearers were Brady and Tye Gunn of Stephenville, cousins of the bride. They and the bridegroom's attendants each wore a silver gray tuxedo with peach colored tie and cummerbund. The bridegroom also was attired in a silver gray tuxedo. Natalie Burkes register guests in the foyer of the church.

RECEPTION IS HELD

Immediately following the wedding ceremony a reception was held in the Fellowship Hall of the church.

The bride's bouquet centered the table which featured the bride's three-tiered cake decorated with clusters of peach flowers and topped with wedding bells, peach colored wedding bell mints and peach punch. The cake was served by Paka Barton, and Leigh Barton presided at the punch bowl.

At the bridegroom's table a German chocolate cake decorated with a horse-shoe and cowboy boots was served with a fruit cascade and cowboy boot mints. Serving the refreshments were the bridegroom's sister, Fiona McCord of Rockwall and a cousin, Roberta Chandler of Dallas.

Members of the house party were Faye Slover, Opal Johnson, Polly Gwinn, JoAnn Burkes, Natalie Burkes and Sandra Francis of Matador; JoAnn Davis, Mildred Hamrick, and Betty Laney of Paducah and Betty Whitson of Pampa.

After a wedding trip to Florida the newlyweds are at home at Stephenville, where both Mr. and Mrs. Gardiner are students at Tarleton State University. He is a senior, majoring in Horse Production and she is a freshman, majoring in computer.

REHEARSAL DINNER

Dr. and Mrs. Gardiner were hosts for the rehearsal dinner on Friday night at the Fellowship Hall of the First Christian Church in Paducah. The dinner featured a western theme in table decorations.

BRIDAL COURTESIES

Courtesies for the couple included a bridal shower in Matador in the home of Mrs. Roy Hobbs and a bridal shower in

Paducah in the home of Mrs. Charles Wilkinson. Mrs. Harold Campbell, grandmother of the bride and Mrs. J.E. Edwards, great-aunt of the bride gave her a rice and spice party.

A wedding brunch was given the bride by Lindy Stafford, Donna Barton and Olivia Barton in the home of Mrs. Stafford.

Edwards' Return From Caribbean Cruise

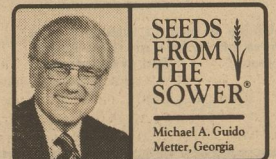

Caribbean Cruise: (l-r) Jake, Tom, Marge and Gaylan Edwards

Mr. and Mrs. J.E. Edwards have just returned from a seven day Caribbean Cruise aboard the Royal Caribbean line's Song of America. The cruise was a 50 year Wedding Anniversary gift from the

Edwards' son and his wife, Mr. and Mrs. Tom Edwards of Houston, who accompanied them on the trip. Ports of call included Cozumel, Mexico; Georgetown,

Grand Cayman; Ocho Rios, Jamaica, and Labadee, the Royal Caribbeans private resort on Haiti.

"Super Chicken" lived up to his name by crowing eighty-five times in thirty minutes. He won Oregon's rooster crowing contest.

But it didn't take eighty-five crows to convict Peter of his sin.

When he was accused of being with Jesus, he swore saying, "I don't even know Him." Immediately the rooster crowed. Then Peter remembered what Jesus had said, "Before the rooster crows, you'll deny Me three times." And Peter went away, crying bitterly.

Have you, like Peter, denied the Lord? Confess it and He'll forgive you. As you trust Him with your heart, He'll give you the courage to confess Him with your mouth.

Social Security Tips

By Terry J. Clements

Although the Social Security cash benefits programs and the supplemental security income (SSI) program are administered by the Social Security Administration, the sources of funds required to finance the programs are entirely different.

The Social Security insurance programs are financed almost exclusively by a payroll tax levied against the earnings for workers in Social Security-covered employment, their employers, and the self-employed. The taxes collected are intended to approximate Social Security expenditures; any excess is kept in trust funds and serve as a reserve. By law, these funds can be invested only in Federal securities.

The Social Security cash benefits programs, retirement and survivors insurance, and disability insurance have their own trust funds.

SSI provides benefits to needy people 65 and over or blind or disabled with low income and few resources. Unlike Social Security, eligibility for SSI is based on financial need. The program is financed through general revenue funds.

SSI provides nationally uniform, standard benefit amount for individuals and couples; however, the amount actually paid varies in relation to any other income they may have, including Social Security benefits, and their living arrangements.

West Texas Utilities Ask For Fuel Increase

West Texas Utilities Co. has asked for permission to increase fuel factors effective on January 1989 bills. In the request filed today with the Public Utility Commission the company stated that the primary reason for the increase is the expiration of a 20-year gas supply contract at the Rio Pecos Power Station.

"This contract was essentially a fixed price contract which let us buy fuel at pre-1973 Oil Embargo prices," said WTU local manager, Jesse Turner. "Compared to the average cost of fuel during the last 20 years, this 22 cents per million BTU gas will have saved our customers almost \$350 million by the time the contract expires in late December 1988," he said. That includes the period in the early 1980s when average fuel prices had reached \$4 per million BTUs before declining to \$1.95 in 1987.

The company will continue to operate its system in a way that will minimize fuel cost and is presently studying gas supply proposals. However, WTU expects to pay eight to ten times more for replacement gas than the cost of the expiring contract.

The local manager emphasized that this change is tied primarily to expiration of one contract. Since 1985 WTU has lowered the factor five times, and had six refunds totaling almost \$50 million as a result of other contract changes.

WTU filed the request four months before the effective date of the factors to allow the commission time to review the request and process it through necessary channels.

Under the request a typical residential customer using 635 kilowatt-hours a month would see an increase of \$2.97 or 5.7 percent per month on the electric bill.

Fuel factors cover the cost of boiler fuel used to make electricity. All other costs essentially are covered in base rates and can only be changed through a lengthy rate case proceeding. The company's last rate increase went into effect in January of this year. WTU officials do not anticipate the need for a rate increase in the foreseeable future although there could be some changes in the fuel factor as prices change.

VA News Feature

Q - I understand that there have been some changes in the Veterans Administration's Home Loan Guaranty Program. Did the amount of the maximum VA-guaranty on a conventional home loan change?

A - The Veterans' Home Loan Program Improvements and Property Rehabilitation Act revised calculations for determining the percentage of the loan guaranteed by the VA. Previously, the maximum VA-guaranty on a conventional home loan was \$27,500. Under the new law, for loans of \$45,000 or less, 50 percent of the loan is guaranteed. For

loans above \$45,000, 40 percent of the loan is guaranteed, up to a maximum of \$36,000, but not less than \$22,500.

Q - Why is it necessary to have a property appraised under the VA home loan guaranty program?

A - The law requires that the amount of a VA guaranteed loan may not exceed the reasonable value of the property, construction, alterations, improvements, or repairs, as determined by the VA. In order to make this determination, the VA requires an appraisal of the property by a designated appraiser.

U.S. Navy Blue Angels Fly At Reese

The U.S. Navy's Blue Angels Flight Demonstration Team will be the featured aerial performers during Reese AFB's annual Commander's Day Open House Sunday, October 16, 1988. (U.S. Navy photo)

REESE AIR FORCE BASE, Texas -- Wing has designated Sunday, October 16, 1988 as "Commanders Day" Open House.

The base will be open to the public from 10 a.m. to 5 p.m. The featured flying attraction will be

the U.S. Navy's Blue angels Flight Demonstration team. They will be making their first visit to Reese in 20 years and will be flying their A/F-18 Hornet jet fighters.

More than 30, and possibly as many as 50 aircraft from all the military services will be on static (ground) display on the flightline when the gates open. The display will include fighters, bombers, reconnaissance, transports, helicopters and training aircraft.

A number of the latest military aircraft are expected to fly-by and give a demonstration of their flying maneuver capability. Reese's T-37 and T-38 training jets will fly-by in formation prior to the Blue Angels show.

A number of exhibits and displays will be available for viewing. The Reese fire department will show the capability of their crash-rescue trucks and demonstrate a simulated extraction from a disabled aircraft. The Reese Honor Guard Drill Team and Color Guard will perform throughout the day.

There will be plenty of food, drink and parking available.

The Reese AFB appearance will mark the only Blue angels flight demonstration in the West Texas, Oklahoma, New Mexico area between now and the end of their 1988 show season in November.

School has started again and the students are working hard in the classrooms. We would like to welcome the new teachers to Motley County. Many things will be taking place at the beginning of the school year such as pictures, pep rallies, and ballgames.

The Motley County Matadors have a very promising team this year. They have the potential to win many games and with everyone's support they will. Last Friday they traveled to Whiteface. This week they will travel to Ropesville. Come out and support them.

It is time for the Seniors to be thinking about Sr. pictures and the other classes to think about class pictures. This is a big

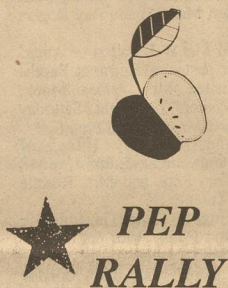

time for the class of '89, thinking about college has already began for them. People are beginning to ask us, "Where are you going to college?" The answer usually is, "I have not decided yet." It is hard to believe that we are Seniors and have to make our minds up on where we are going and what we are going to do after high school.

The Jrs. will be taking tests for college entrance this year and will be getting their Sr. rings before to long. They are just getting a "taste" of what it will be like next year.

I would like to wish everyone a good year in school and good luck on the upcoming ballgames!

The contract for aerial spraying in the 1988 High Plains Boll Weevil Control Program has been awarded to Kimmel Aviation of Greenwood, Mississippi.

Kimmel submitted a bid of \$5.94 per gallon of insecticide, the lowest of three sealed bids opened September 1 by program officials at the offices of Plains Cotton Growers, Inc., Lubbock. Forty aerial applicators were invited to bid on the contract. PCG, father of the 25-year-old weevil suppression effort, conducts the program through its Boll Weevil Steering committee, currently chaired by Borden County farmer Jarrell Edwards of Route 1, O'Donnell.

Edwards was unavailable for comment, but PCG's weevil program manager Johnny Anderson said he considered the bid satisfactory on all counts. The contract in 1987 went to Perryton Aviation of Perryton, Texas, at \$5.09 per gallon.

"Obviously we would have preferred to hold the line on price," Anderson said, "but Kimmel's bid was almost a dollar a gallon below the next lowest, and we have confidence in his ability to perform, so all in all we're pretty well pleased."

The contract calls for applying an estimated 50,000 to 60,000 gallons of insecticide, ultra low volume malathion, at the rate of 12 pounces per acre. Each gallon therefore will cover 10.67 acres, giving a per-acre application cost of about 56 cents. Infested fields, selected from weekly survey data, are to be sprayed on a 10 to 14 day schedule as needed. Almost 4,000 fields covering a half million acres in 15 counties are mapped for survey and possible spraying in the con-

trol zone, which lies along the eastern rim of the Caprock. It begins on the north in Briscoe County and curls around the south end to parts of Andrews County.

Surveying for this year started August 29 and the first malathion application is slated for September 19. Program officials are requiring that the contractor's plans report on September 15 to allow for inspection and correction of any defects. Kimmel expects to use some of his own planes, but says a majority of the work will be sublet to pilots and aircrafts from the High Plains area. Twelve planes are to report to the Spur Airport for the initial work, and will be supplemented by four more planes at a later date if necessary.

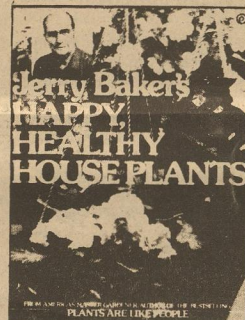

While the early estimate of aggregate acreage needing treatment this year, about 600,000, would be covered by the 60,000 gallon contract figure, Anderson says a recent surge of in-migration from east and south of the control zone make an estimate of 750,000 acres more realistic. If reached, that acreage would compare to the 615,000 acres of 1987 and would be the largest since 1977 when 1,250,000 acres were sprayed.

By exterminating a high percentage of control zone weevils before they reach hibernation sites, the program since 1963 has prevented the dreaded pest from spreading into the concentrated acreage above the Caprock and on into New Mexico and points west. The program is jointly funded by High Plains cotton producers, Texas and U.S. Departments of Agriculture. Producers, with a small contribution from TDA, furnish 70 percent of the total.

I will start off this time with a repeat of last year, "The most beautiful sight pulled up in my yard last Thursday, the school bus after a long summer."

We took the boys to Carlsbad Caverns last week. It was their first time and they really enjoyed it. It was our third and LAST time. We were really feeling our age when we got out. We took the blue tour with no guide and when you look around and see no one in sight but the four of us was not my idea of a thrill especially when they tell you the lights seldom ever go out but it has happened. We also visited in Roswell with our aunt, Keitha Carothers, a former resident of Dickens County.

Ila Brown and Lillie Dove have been dismissed from the hospital and home now. Ray Bateman is still a patient at Crosbyton Hospital.

Patton Springs School got off to a start with 100 students enrolled so far.

Eudelle Hughes is a patient at Methodist Hospital. We hope she will be home soon.

Visiting in the home of John and Estelle Stokes last weekend were Kenneth and Cathie Barnett and son of Denton and Mario and Connie Greeley and son of Denton and Ronnie and Helen Stokes of Abilene.

While visiting in Roswell last week I was given a Mountain Recipes book from our Aunt Keitha which I am really enjoying, so if anyone wants to know how to cook Possum, Coon, fried cucumbers, honey dew biscuits or make their own homemade soup (Iye) give me a call.

CLASSIFIED ADVERTISING POLICY

EFFECTIVE SEPT. 1, 1988:

All Classified ads placed in this paper will be cash in advance. There will be a \$3.50 minimum charge for all classified ads over 30 words and will be billed at an additional .10 cents per word. Classifieds placed by phone or out of town accounts or charged and billed at the end of the month will be charged an additional .50 cents. All cards of thanks will be billed \$5.00 per first 50 words or \$10.00 for over 50 words up to 100 words, after that, .10 cents per word will be added. All \$5.00 charges (birthdays, wedding, anniversary greeting, and pictures) will be paid at the end of the month. A .50 cent charge will be added. This policy change has been forced upon the Motley County Tribune by postal and statement printing cost. Thank you for your cooperation.

Announcements

CARWASH

The Patton Springs Senior Class is having a carwash, Friday, Sept. 9 from 4:00 - 8:00 p.m. at the Dickens County Courthouse.

PATTON SPRINGS FOOTBALL

The Patton Springs Rangers will play Alamo Catholic School of Amarillo at 2:00 p.m. in Amarillo, Saturday, Sept. 10.

The Homer Biddy Field in Paducah will be the setting for a comical baseball game on Saturday, September 10th at 7:00 p.m. Special musical appearances will be made by two former Paducah residents and Coretta Rinn and Rowway Smitty.

Admission will be by donation and all proceeds will go to benefit the Muscular Dystrophy Association.

RALLS FALL FANTASY

The 6th Annual Ralls Fall Fantasy, an arts and crafts festival and sale, will be held November 5th at the Ralls Elementary Cafetorium, announced Terri Bevel, chairman for the event.

The affair is sponsored by the Women's Division of the Ralls Chamber of Commerce and Agriculture.

Applications for participation, open to area artists who have original work in any media, are now being accepted. A selection committee will screen slides and photographs submitted of artist's work.

Entry deadline is October 31.

The event which has earned a wonderful reputation from around the area will attract visitors from throughout Texas and parts of New Mexico.

A limited number of spaces are available. For applications or for more information, area artists are urged to contact Terri Bevel by calling 806/253-2518 or 806/253-2696.

PAPER DRIVE

Papers will be picked up Sunday, September 11. Please have them so they can be seen from the road. Please contact a Senior to pick them up. Thank you. Proceeds to go toward a Senior trip. This is not related to school in anyway.

LEGAL NOTICES

NOTICE OF OPPORTUNITY

Notice is hereby given that the CAPROCK COMMUNITY ACTION ASSOCIATION INC. is seeking financial assistance from the Section 3 and Section 18 UTMA grant program. Grant funds will be used to continue providing Rural Public transportation on "Demand-Response" and "Fixed-Scheduled" to the residents of Crosby, Dickens, Floyd, Hale, King, and Motley Counties. Section 3 grant funds will be used to renovate and construct office facilities at 224 S. Berkshire Crosbyton, Texas, and construct a preventive maintenance shop at 228 and 230 S. Berkshire Crosbyton, Texas. Funds are also requested to purchase: one (1), mini-bus wheel chair lift equipped, two (2), 15 passenger standard vans, one (1), twelve passenger standard van, and two (2) seven passenger mini-vans. Facilities will be handicapped accessible.

Copies of the grant proposal are available for inspection by the public at 224 S. Berkshire, Crosbyton, Texas, Monday through Friday from 8:00 a.m. to 5:00 p.m.

Any person wishing to request a public hearing on the proposed project must submit that request in writing to 224 S. Berkshire, Crosbyton, Texas 79322 prior to September 19, 1988.
